## **EXPLANATORY NOTES**

*This Act amends the Act respecting the Régie de l'assurance maladie du Québec so that a person may, at any time after applying to be registered with the Régie de l'assurance maladie du Québec ("the Board"), authorize in writing, on a form provided by the Board, the post-mortem removal of organs or tissues for transplant. The information the Board collects on the consent form is specified, as is the information that must be included on the form or in an accompanying notice for the person's benefit.*

*In addition, the Board must establish and update a consent registry for post-mortem organ and tissue removal. The Board must, on request, send the information collected using the consent form to organizations that coordinate organ or tissue donations and are designated for that purpose by the Minister of Health and Social Services.*

*The Act respecting labour standards is amended so that persons who are absent from work to make an organ or tissue donation for transplant retain their employment status.*

**1.** Section 2 of the Act respecting the Régie de l'assurance maladie du Québec (R.S.Q., chapter R-5), amended by section 20 of chapter 8 of the statutes of 2008, is again amended by inserting the following paragraph after the third paragraph:

“The Board shall establish and update a consent registry for the post-mortem removal of organs and tissues, for use by organizations that coordinate organ or tissue donations and are designated by the Minister of Health and Social Services under section 2.0.11.”

**2.** The Act is amended by inserting the following sections after section 2.0.7:

**“2.0.8.** For the purposes of the fourth paragraph of section 2, a person may, at any time after applying to be registered with the Board under section 9 of the Health Insurance Act (chapter A-29), authorize in writing, on a consent form provided by the Board for that purpose, the post-mortem removal of the person's organs or tissues for transplant, as permitted under article 43 of the Civil Code of Québec.

Consent may be revoked at any time, in writing, using the form provided by the Board for that purpose.

**“2.0.9.** The consent form authorizing the removal of organs or tissues, or the accompanying notice, must inform the person concerned

(1) that consent will be acted upon for the purposes of a transplant;

(2) that the information appearing on the consent form may be sent, on request, to an organization that coordinates organ or tissue donations and is designated on the list drawn up by the Minister and published on the Board's website;

(3) that consent may be revoked at any time, in writing, using the form provided by the Board for that purpose; and

(4) that the Board will not solicit the person's consent again if the person has already given it.

(1) the person's freely given consent to the post-mortem removal of organs or tissues;

(2) the signature of the person concerned and, if the person is under 14 years of age, the signature of the holder of parental authority or tutor authorizing the person to give consent;

The Board shall enter the information collected using the consent form in the registry established under the fourth paragraph of section 2.

For the purposes of this section, the Board may use the identification information obtained for the carrying out of the Health Insurance Act (chapter A-29), despite the second paragraph of section 67 of that Act.
