EXPLANATORY NOTES

This Act replaces the Act respecting tourist accommodation establishments. It establishes new rules applicable to tourist accommodation establishments, in particular by requiring them to be registered and to communicate information regarding their accommodation offering and the related activities and other related services. They are also required to renew their registration at the time of the annual update of the information relating to their accommodation offering.

The Act confers on the Minister of Tourism the power to recognize a body responsible for the registration mechanism under an agreement that sets out the conditions the body must comply with and the responsibilities the body must assume.

The Act also grants the Minister the power to refuse to register a tourist accommodation establishment or to suspend or revoke such a registration and, for those purposes, to take into account certain entries in the judicial record of the person operating the establishment. It also allows the Minister to suspend or cancel a registration at the request of a municipality in the cases provided for by regulation.

The Act provides that the Minister communicates information to municipalities about the tourist accommodation establishments established in their territory and that is necessary, in particular for taxation purposes.

The Act renders inapplicable, except in certain circumstances, any provision of a municipal by-law made under the Act respecting land use planning and development that would operate to prohibit the operation, in a principal residence, of a tourist accommodation establishment that complies with the conditions set out by law.

The Act allows the Minister to implement pilot projects with a view to studying, improving or defining standards applicable to tourist accommodation or to experiment or innovate in that area.

The Act also confers on the Minister the power to recognize bodies that provide a quality assessment service for accommodation offerings.

The Act establishes penal provisions and entrusts their enforcement to the Minister of Revenue.

The Act respecting the Ministère du Tourisme is amended to entrust the Minister of Tourism with the power to grant an accreditation to a government department or to certain bodies for the tourist information services they provide as well as to suspend or cancel such an accreditation.

Lastly, the Act contains various transitional and consequential provisions necessary for its application.

Bill 100

TOURIST ACCOMMODATION ACT

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS:

DIVISION I

OBJECTS AND DEFINITIONS

1. This Act provides for the registration of tourist accommodation establishments as well as the communication of the information regarding their accommodation offering and the related activities and other related services for the purposes of the Act respecting the Ministère du Tourisme (chapter M-31.2), in particular for promoting and developing strategic knowledge on tourism.

2. In this Act and the regulations, unless the context indicates otherwise,

“person” means a natural person, legal person, partnership or trust;

“principal residence” means the residence where a natural person usually lives and centers their family and social activities and whose address is the one the person gives to most government departments and bodies;

“tourist” means a person who takes a leisure or business trip, or a trip to carry out remunerated work, of not less than one night outside their principal residence; and

“tourist accommodation establishment” means an establishment in which at least one accommodation unit, such as a bed, room, suite, apartment, house, cottage, ready-to-camp unit or campsite, is offered for rent to tourists, in return for payment, for a period not exceeding 31 days.

3. This Act is binding on the Government and its departments and bodies, except to the extent provided for by government regulation.

DIVISION II

REGISTRATION OF A TOURIST ACCOMMODATION ESTABLISHMENT

4. The operation of a tourist accommodation establishment is subject to the registration of that establishment with the Minister.

5. A tourist accommodation establishment must be registered by means of an application for registration accompanied by a declaration of its accommodation offering and of the related activities and other related services, containing the information and documents prescribed by government regulation as well as a document issued by a competent authority establishing that the operation of the tourist accommodation establishment concerned does not contravene the planning by-laws relating to uses made under the Act respecting land use planning and development (chapter A-19.1).

The registration, including its renewal at the time of the annual update required under section 20, is made on payment of the fees determined by government regulation, which may vary in particular according to the number of accommodation units and the class of establishment determined by such a regulation.

The regulation may, subject to the terms and conditions it determines, exempt a class of tourist accommodation establishments or certain establishments of a given class or, as applicable, the person who operates such an establishment, from the application of this Act or the regulations or some of their provisions.

6. The registration of a tourist accommodation establishment, including its renewal, may be made by a body recognized by the Minister for that purpose, under an agreement that sets out the conditions the body must comply with and the responsibilities the body must assume.

7. No person may transfer the registration of a tourist accommodation establishment.

DIVISION III

REFUSAL, SUSPENSION OR CANCELLATION OF REGISTRATION

8. The Minister refuses to register a tourist accommodation establishment if the person who intends to operate it or operates it, as applicable, does not meet the conditions prescribed by this Act or the regulations.

9. The Minister may refuse to register a tourist accommodation establishment if the person who intends to operate it has, in the three years preceding the application for registration, been found guilty

(1) of an offence under this Act or the regulations; or

(2) of an offence under a provision of an Act or a regulation that, in the Minister's opinion, is related to the operation of a tourist accommodation establishment, in particular an offence under the Building Act (chapter B-1.1), the Act respecting the conservation and development of wildlife (chapter C-61.1), the Consumer Protection Act (chapter P-40.1) or the Environment Quality Act (chapter Q-2), or under any regulation made under any of those Acts.

The Minister may also refuse to register a tourist accommodation establishment if, in the last three years, the Minister cancelled the establishment's registration under the second paragraph of section 12 while the person referred to in the first paragraph was the establishment's operator.

10. The Minister suspends or cancels the registration of a tourist accommodation establishment if the person operating the establishment no longer meets the conditions prescribed by this Act or the regulations.

11. The Minister may suspend or cancel the registration of a tourist accommodation establishment if the person operating the establishment has been found guilty of an offence referred to in section 9.

That person is required to inform the Minister without delay of any offence referred to in section 9 of which the person has been found guilty.

12. At the request of a municipality, the Minister may, in the cases provided for by government regulation and in accordance with the second paragraph, suspend or cancel the registration of a tourist accommodation establishment.

If the request is well-founded, the Minister

(1) suspends the registration for a period of two months;

(2) suspends the registration for a period of six months if the establishment's registration has already been suspended under subparagraph 1; or

(3) cancels the registration if it has already been suspended under subparagraph 2.

For the purposes of the first paragraph, the cases determined by regulation must, in particular, take into account offences under any municipal by-law regarding nuisances, sanitation or safety.

13. The Minister must, before refusing to register a tourist accommodation establishment or suspending or cancelling a registration, notify in writing to the person who intends to operate the establishment or operates it, as applicable, the prior notice prescribed by section 5 of the Act respecting administrative justice (chapter J-3) and grant the person at least 10 days to submit observations.

14. The Minister's decision must include reasons and be notified in writing to the person concerned.

15. The suspension or cancellation of the registration of a tourist accommodation establishment has effect from the date of notification of the Minister's decision.

16. The Minister may delegate the exercise of the powers provided for in sections 8 and 10 to any person the Minister designates.

17. A decision refusing to register a tourist accommodation establishment or suspending or cancelling the registration of such an establishment may, within 30 days of its notification, be contested before the Administrative Tribunal of Québec.

DIVISION IV

UPDATING OF INFORMATION AND DOCUMENTS AND OTHER OBLIGATIONS

18. A person who operates a tourist accommodation establishment must update the information and documents regarding the establishment as well as the information and documents relating to its accommodation offering and the related activities and other related services by filing an updating declaration with the Minister within 30 days following the date on which a change occurs.

19. Where an update concerns the type of accommodation units offered within the tourist accommodation establishment or the number of units for each type of unit, the person who operates the establishment must send to the Minister a document issued by a competent authority establishing that the operation of the tourist accommodation establishment concerned does not contravene the planning by-laws relating to uses made under the Act respecting land use planning and development as well as the information and other documents prescribed by government regulation.

20. A person who operates a tourist accommodation establishment must also, once a year and during the period determined by government regulation, send an application for registration renewal accompanied by an updating declaration in which the person indicates that the information and documents regarding the establishment as well as the information and documents relating to its accommodation offering and the related activities and other related services are accurate or, if such is not the case, the changes that must be made.

This obligation begins the year following the year in which the tourist accommodation establishment is first registered.

21. The Government may determine by regulation any other condition the operator of a tourist accommodation establishment is required to comply with, including a condition regarding the display of the establishment's registration number in any medium and on any platform that promotes tourist accommodation establishments or allows such establishments to be reserved.

DIVISION V

COMMUNICATION OF INFORMATION

22. The Minister communicates to a municipality, subject to the terms and conditions determined by government regulation, the information determined by that regulation regarding tourist accommodation establishments established in its territory that it requires for taxation purposes or for the application of a by-law made under the Act respecting land use planning and development or the Municipal Powers Act (chapter C-47.1).

DIVISION VI

MUNICIPAL BY-LAWS

23. No provision of a municipal by-law adopted under the Act respecting land use planning and development may operate to prohibit the operation of a tourist accommodation establishment in which accommodation in the principal residence of the natural person operating the establishment is offered, by means of a single reservation, to one person or one group of related persons at a time and not including any meals served on the premises.

The first paragraph does not apply to a provision of a zoning by-law or of a conditional use by-law introduced by a by-law amending the by-law concerned and made in accordance with the provisions of Division V of Chapter IV of Title I of the Act respecting land use planning and development, with the following modifications:

(1) any provision contained in the second draft by-law is deemed to have been the subject of a valid application from any zone from which such an application may originate under section 130 of that Act, and sections 131 to 133 of that Act do not apply; and

(2) for the purpose of determining if a referendum poll must be held regarding that by-law, the number of applications that must be reached under the first paragraph of section 553 of the Act respecting elections and referendums in municipalities (chapter E-2.2) is reduced by 50%, rounded up to the nearest whole number.

DIVISION VII

PILOT PROJECT

24. The Minister may, by order, develop and implement a pilot project relating to any area within the scope of this Act or the regulations with a view to studying, improving or defining standards applicable to those areas or to experiment or innovate in those areas.

The Minister determines the standards and obligations applicable under a pilot project, which may differ from the standards and obligations provided for by this Act or the regulations. The Minister also determines the monitoring and reporting mechanisms applicable under a pilot project, and the information that is necessary for the purposes of those mechanisms and that must be sent to the Minister by any person.

A pilot project is established for a period of up to three years, which the Minister may, if the Minister considers it necessary, extend by up to two years. The Minister may modify or terminate a pilot project at any time. The Minister may also determine the provisions of an order made under this section whose violation constitutes an offence and set the minimum and maximum amounts to which an offender is liable. That amount may not be less than \$200 or greater than \$3,000.

DIVISION VIII

QUALITY ASSESSMENT OF ACCOMMODATION OFFERING

25. Any body recognized under section 6, any body recognized under section 7 of the Act respecting tourist accommodation establishments (chapter E-14.2) on the date preceding the date of coming into force of this section and any body or group of bodies recognized under section 6 or section 6.1 of the Act respecting the Ministère du Tourisme may, if it provides a quality assessment service for tourist accommodation establishments' accommodation offering and the related activities and other related services, apply to the Minister to be recognized in that regard.

The Minister grants such recognition if the Minister considers that the assessment services are, among other things, provided in an objective and thorough manner.

DIVISION IX

30. The minimum and maximum fines prescribed by this Act are doubled for a second offence and tripled for any subsequent offence.

31. If an offence under this Act or the regulations is committed by a director or officer of a legal person, a partnership or an association without legal personality, the minimum and maximum fines are those prescribed for a legal person for that offence.

32. Anyone who, by an act or omission, helps or, by encouragement, advice, consent, authorization or order, induces a person to commit an offence under this Act or the regulations commits an offence and is liable to the same penalty as that prescribed for the offence they helped or induced the person to commit.

33. In any penal proceedings relating to an offence under this Act or the regulations, proof that the offence was committed with regard to an immovable belonging to the defendant is sufficient to establish that it was committed by the defendant, unless the defendant establishes that they exercised due diligence, taking all necessary precautions to prevent the offence.

34. In any penal proceedings relating to an offence under this Act or the regulations, proof that the offence was committed by a mandatary or employee of anyone who is subject to this Act is sufficient to establish that it was committed by that person, unless the person establishes that they exercised due diligence, taking all necessary precautions to prevent the offence.

For the purposes of this section, in the case of a partnership, all partners, except special partners, are presumed to be directors of the partnership unless there is evidence to the contrary appointing one or more of them, or a third person, to manage the affairs of the partnership.
