The special meetings of the council shall be convened by the secretary at the request of the chair of the Community, the executive committee or a committee of the council, or at the request of at least five members of the council. | Opinion. | The executive committee gives the council its opinion on any matter, where required to do so under a provision in the by-laws, at the request of the council or on its own initiative. |
| Opinion. | The opinion of the executive committee does not bind the council. Failure to submit an opinion required under the internal management by-laws or by the council does not restrict the council's power to consider and vote on the matter. |

- Delegation. 38. The council may, in the internal management by-laws, determine any act within its jurisdiction and which it has the power or the duty to perform, that it delegates to the executive committee, and prescribe the terms and conditions of the delegation.

- (1) the power to adopt a budget, a three-year capital expenditure program or a document under the Act respecting land use planning and development (R.S.Q., chapter A-19.1) ;
 - (2) the power to designate a person to a position that may only be held by a member of the council ;
 - (3) the authority to exercise the powers mentioned in sections 61 and 62.
- Opinion. The internal management by-laws may also prescribe the conditions on which a member of the council may request the executive committee to report to the council on any matter within the jurisdiction of the executive committee.
- Internal management by-law. 39. The executive committee may adopt an internal management by-law concerning its meetings and the conduct of its affairs. The by-law may also, if permitted by the internal management by-laws of the Community, enable the executive committee to delegate to any employee of the Community the power to authorize expenditure and enter into contracts on behalf of the Community, on the conditions determined by the executive committee and in accordance with the rules and restrictions applicable to the Community.
- Decision on powers. 40. A decision by the council to delegate a power to or withdraw a power from the executive committee must be supported by a majority of two-thirds of the votes of the members of the council.

In such a case the committee makes the recommendations it considers appropriate to the executive committee rather than to the council. |
| Meetings. | 47. The meetings of a committee are public and section 20 applies, with the necessary modifications, to a meeting held by a committee. However, the council may, in the internal management by-laws, determine the cases in which the meetings of a committee are closed to the public. |

Effect. The by-law may have effect retroactively to 1 January preceding its coming into force.

Failure to attend. 56. The council may, in the by-law adopted under section 55, prescribe the conditions on which the failure of a member of the council to attend a meeting of the council, the executive committee or any other committee on which the member sits as a member of the council entails a reduction in the member's remuneration or allowance, and prescribe the rules for computing the reduction.

Expenses. 57. The expenses actually incurred by any member of the council on behalf of the Community, the executive committee or any other committee on which the member sits must, in each case, be previously authorized by the council. The council shall approve payment upon receipt of a statement and supporting documents.

Tariff. 58. The council may establish a tariff applicable to cases where expenses are incurred by any of its members on behalf of the Community, the executive committee or any other committee on which the member sits as a member of the council.

Approval of payment. Payment of an amount provided for in the tariff for an expense referred to in the first paragraph shall be approved by the council, executive committee or council committee, as the case may be, upon receipt of a statement and the supporting document required by the council.

Appropriations. 59. The council may provide sufficient appropriations in the budget of the Community for the reimbursement of a class of expenses which the members may incur on behalf of the Community, the executive committee or any other committee on which they sit as a member of the council during the fiscal year, whether such expenses are actually incurred or provided for in the tariff.

- Authorization not required. The council is not required to give prior authorization for an expense included in such a class, if the expense does not exceed the balance of the appropriations, after subtracting the sums already used or set aside to reimburse previous expenses.
- Unforeseen expenses. If all the appropriations for a fiscal year have been used, the council may appropriate, for the purposes provided for in this section, all or part of the balance of the sums provided for in the budget to cover unforeseen administrative expenses.
- Application. 60. Sections 57 to 59 apply in respect of acts performed or expenses incurred while the member is representing the Community, the executive committee or any other committee, otherwise than in the course of the work of those bodies, or while the member is participating in any convention, seminar or other event held for the purpose of providing information or training relevant to the performance of a member's duties.
- Application. Those sections also apply in respect of acts performed or expenses incurred, for meals, in connection with a meeting of the council, the executive committee or any other committee, or in connection with any meeting held for the purposes of such a meeting, provided that no member was excluded from the meeting for any reason other than the member's disqualification.

DIVISION IV

six months or has held, within the Community, a position the holder of which is not an employee within the meaning of that Code.

(2) the suspension, whatever its duration, occurs within 12 months after the expiry of a suspension without pay for more than 20 working days.

- Conflict of interest. 69. No employee may, on pain of forfeiture of office, have any direct or indirect interest in an enterprise causing the employee's personal interest to conflict with the duties of the employee's department or function.
- Conflict of interest. If such an interest devolves by succession or gift, the employee must renounce or dispose of it with all possible dispatch.
- Permanent employment. 70. No member of the council of a municipality whose territory is situated within the territory of the Community may hold regular or permanent employment with the Community, under pain of forfeiture of office.
- Temporary employment. Such a member who holds temporary or casual employment cannot sit on the council.
- Personnel. 71. The director general shall direct the personnel of the Community.
- Director general. The director general has authority over the employees of the Community. With respect to an employee whose duties are provided for by law, the authority of the director general is exercised only within the framework of the director general's duty to manage the human, material and financial resources of the Community and may in no case hinder the carrying out of duties provided for by law.
- Director general. The director general may suspend an employee. The director general shall immediately report the suspension to the council. The council shall decide the case of the suspended employee, after making an inquiry.
- Administration of Community. 72. The director general is responsible for the administration of the Community and, for that purpose, plans, organizes, directs and supervises its activities.
- Director general. 73. For the purposes of sections 71 and 72, the director general shall, in particular,

DIVISION V

BY-LAWS, RESOLUTIONS, MINUTES AND OTHER DOCUMENTS OF THE COMMUNITY

Approval. 77. Where the various matters dealt with in a single by-law require approval before coming into force, approval need not be given separately for each matter, but may be given to the by-law as a whole.

- Approval. 78. Where any provision of this schedule or of an Act provides that a by-law must receive approval, the by-law may not be published or come into force until it has received that approval.
- Certificate. In such a case, a certificate signed by the chair of the Community and the secretary, attesting the date of each approval given, must accompany and forms part of the original of such by-law.
- Effect. 79. The approval of a by-law or other proceeding of the council by the Government or the Minister, body or person whose approval is required has no other effect than that of rendering such by-law or proceeding executory from its coming into force. Authorization may be given in place of approval.
- Partial approval. Approval may be partial or qualified.
- Book of by-laws. 80. The original of every by-law in its entirety shall be registered in a special book entitled “Book of the by-laws of the Communauté métropolitaine de Québec”.

Every by-law shall be published, after being passed or receiving final approval in the case where it has been submitted for one or more approvals, by a public notice, signed by the secretary, posted up at the office of the Community and by insertion in a newspaper circulated in the territory of the Community, mentioning the object of the by-law, the date on which it was passed, and the place where communication thereof may be had.
- Mention in notice. If the by-law has received one or more approvals, the notice of publication shall mention the date and the fact of each approval.
- Public law. 84. Every by-law passed by the Community is considered to be a public law and it shall not be necessary to allege it specially.

- Copies. A copy of a minute or other official document is authentic when certified by the secretary or by the person responsible for access to the documents of the Community.
- Facsimile of signature. 87. The facsimile of the signature of the director general, the secretary or the treasurer of the Community on a document that such a person is authorized to sign has the same effect as the signature itself, if the use of a facsimile is authorized by the council.
- Exception. The first paragraph does not apply to the certification of a by-law or a resolution passed by the council or, as the case may be, by the executive committee.
- Access to documents. 88. The books, registers and documents forming part of the records of the Community may be consulted, during regular working hours, by any person requesting to do so.

CHAPTER II

POWERS OF THE COMMUNITY

- Agreements. 90. The Community may, subject to the applicable legislative provisions, make agreements respecting the exercise of its jurisdiction with a person, a government, a government department, an international organization, an agency of a government or international organization, or any other public body. It may then carry out such agreements and exercise the rights and fulfil the obligations arising therefrom, even outside its territory.
- Procedure. However, to make an agreement with a municipality of Québec, the Community shall proceed in accordance with sections 114 to 116.
- Agreement. 91. The Community may make an agreement with the Government under which certain responsibilities, defined in the agreement, that are assigned by an Act or regulation to the Government, to a Minister or to a government body, are transferred to the Community on an experimental basis.
- Conditions. The agreement shall set out the conditions governing the exercise of the responsibility to which it applies, including the duration thereof, and, where

applicable, provide for the renewal of the agreement and determine the rules relating to the financing required for its implementation.

- Agreement. 92. The Community may join with any municipality or any other community for the purposes of an agreement with the Government under section 91.
- Agreement. 93. An agreement under section 91 shall prevail over any inconsistent provision of a general law or special Act or of any regulation thereunder.
- Expropriation. 94. The Community may acquire by expropriation any immovable, within or without its territory, which it may require for the attainment of its objects.
- Presumption. 95. For the purposes of the Act respecting municipal taxation (R.S.Q., chapter F-2.1), an immovable is deemed to belong to the Community upon the Community's taking possession of it in accordance with the Expropriation Act (R.S.Q., chapter E-24).
- Resolution. 96. When the council of the Community adopts a resolution stating its intention to expropriate an immovable or establish a reserve for public purposes on an immovable, the secretary of the Community shall send forthwith to the local municipality concerned a true copy of the resolution.
- Issue of permit prohibited. After receiving the resolution and for a period of six months following the adoption of the resolution, the municipality shall not, except where urgent repairs are required, issue a permit or certificate for a structure, alteration or repair in respect of the immovable.
- Indemnity. 97. No indemnity may be granted for buildings erected on or improvements or repairs, other than authorized urgent repairs, made to the immovable, for the duration of the prohibition. However, the Administrative Tribunal of Québec may grant an indemnity in the manner provided in Title III of the Expropriation Act (R.S.Q., chapter E-24).
- Notice. 98. The secretary shall publish every month, in a newspaper circulated in the territory of the Community, a notice describing each property of a value greater than \$10,000 that was alienated by the Community during the preceding month otherwise than by auction or by public tender. The notice shall mention the price of alienation and the identity of the purchaser.
- Contracts. 99. Any contract involving an expenditure of more than \$20,000 must be awarded by the Community in accordance with the applicable provisions of sections 100 and 101, in particular,
- (1) insurance contracts ;
 - (2) contracts for the performance of work ;
 - (3) contracts for the supply of materials or equipment, including contracts for the lease of equipment with an option to purchase ;

(4) contracts for the providing of services other than professional services, subject to the second paragraph of section 101.

Applicability.

The first paragraph does not apply to a contract

(1) whose object is the supply of materials or equipment or the providing of services for which a tariff is fixed or approved by the Government of Canada or of Québec or by a minister or body thereof;

(2) whose object is the supply of materials or equipment or the providing of services and which is entered into with a municipal body within the meaning of the Act respecting Access to documents held by public bodies and the Protection of personal information (R.S.Q., chapter A-2.1);

(3) whose purpose is to obtain energy savings for the Community and whose object is both the providing of professional services and the performance of work or the supply of materials, equipment or non-professional services;

(4) whose object is the performance of work to remove, move or reconstruct mains or installations for waterworks, sewers, electricity, gas, steam, telecommunications, oil or other fluids and which is entered into with the owner of the mains or installations, with a municipal body within the meaning of the Act respecting Access to documents held by public bodies and the Protection of personal information or with a public utility for a price corresponding to the price usually charged by an undertaking generally performing such work;

(5) whose object is the supply of software or the performance of service or maintenance work on computer or telecommunication systems, and which is entered into with an undertaking generally operating in the field, for a price usually charged by such an undertaking for such software or such work;

(6) whose object is the providing of services by a single supplier or by a supplier in a monopoly position in the field of communications, electricity or gas;

(7) whose object is the maintenance of specialized equipment which must be carried out by the manufacturer or his representative;

(8) whose object is the supply of bulk trucking services, entered into through the holder of a brokerage permit issued under the Transport Act (R.S.Q., chapter T-12).

Interpretation.

A contract which, as a result of an exception provided for in subparagraph 2 or 3 of the third paragraph of section 101, is not a supply contract or a services contract for the purposes of the second paragraph of that section, is not a contract for the supply of equipment or materials or for the supply of services, as the case may be, for the purposes of subparagraphs 3 and 4 of the first paragraph of this section.

- Contracts. 100. Any contract involving an expenditure of less than \$100,000, from among the contracts to which the first paragraph of section 99 applies, may be awarded only after a call for tenders, by way of written invitation, to at least two insurers, contractors or suppliers, as the case may be.
- Contracts. 101. Any contract involving an expenditure of \$100,000 or more, from among the contracts to which the first paragraph of section 99 applies, may be awarded only after a call for tenders by way of an advertisement published in a newspaper circulated in the territory of the Community.
- Publication. In the case of a construction, supply or services contract, the call for public tenders must be published by means of an electronic tendering system accessible both to contractors and suppliers having an establishment in Québec and to contractors and suppliers having an establishment in a province or territory covered by an intergovernmental agreement on the opening of public procurement applicable to the Community and in a newspaper that is circulated in the territory of the Community or, if it is not circulated therein, that is a publication specialized in the field and sold mainly in Québec. In the case of a supply or services contract, the electronic tendering system to be used for the publication of the call for public tenders shall be the system approved by the Government.
- Interpretation : For the purposes of the second paragraph,
- “construction contract”; (1) “construction contract” means a contract regarding the construction, reconstruction, demolition, repair or renovation of a building, structure or other civil engineering work, including site preparation, excavation, drilling, seismic investigation, the supply of products and materials, equipment and machinery if these are included in and incidental to a construction contract, as well as the installation and repair of fixtures of a building, structure or other civil engineering work;
- “supply contract”; (2) “supply contract” means a contract for the purchase, lease or rental of movable property that may include the cost of installing, operating and maintaining property, except a contract in respect of property related to artistic or cultural fields as well as computer software for educational purposes, and subscriptions;
- “services contract”; (3) “services contract” means a contract for supplying services that may include the supply of parts or materials required to supply the services, except a contract in respect of services related to artistic or cultural fields that can, under an Act or a regulation, be provided only by a physician, dentist, nurse, pharmacist, veterinary surgeon, engineer, land surveyor, architect, chartered accountant, advocate or notary.
- Time limit. The time limit for receipt of tenders must not be less than eight days. However, in the case of tenders in relation to a contract referred to in the second paragraph, the time limit for the receipt of tenders must not be less than 15 days.

- Restriction. A call for public tenders in relation to a contract referred to in the second paragraph may stipulate that only tenders submitted by contractors or suppliers, in addition to contractors or suppliers having an establishment in Québec, who have an establishment in a province or territory covered by an intergovernmental agreement on the opening of public procurement applicable to the Community will be considered. Such a call for tenders may also stipulate that the goods concerned must be produced in a territory comprising Québec and any such province or territory.
- Restriction. Tenders may not be called for nor may the contracts resulting therefrom be awarded except on a fixed price or unit price basis.
- Opening of tenders. All tenders must be opened publicly in the presence of at least two witnesses, on the date and at the time and place mentioned in the call for tenders. All tenderers may be present at the opening of the tenders. The names of the tenderers and their respective prices must be declared aloud on the opening of the tenders.
- Awarding of contract. Subject to section 102, the Community may not, without the prior authorization of the Minister, award the contract to any person other than the person who submitted the lowest tender within the prescribed time. However, where it is necessary, to comply with the conditions for a government grant, that the contract be awarded to a person other than the person who submitted the lowest tender within the prescribed time, the Community may, without the authorization of the Minister, award the contract to the person whose tender is the lowest among the tenders submitted within the prescribed time that fulfil the conditions for the grant.
- Bid weighting system. 102. The Community may choose to use a system of bid weighting and evaluating whereby each bid obtains a number of points based on the price as well as on the quality or quantity of goods, services or work, the delivery procedure, servicing, the experience and financial capacity required of the insurer, supplier or contractor or on any other criteria directly related to the procurement.
- Call for tenders. Where the Community chooses to use such a system, the call for tenders or any document to which it refers shall mention all the requirements and all criteria that will be used for evaluating the bids, as well as the weighting and evaluation methods based on those criteria.
- Awarding of contract. In such a case, the Community shall not award the contract to a person other than the person whose bid was received within the time fixed and obtained the highest score.
- Lowest tender. For the purposes of the last sentence of the eighth paragraph of section 101, the bid having obtained the highest score shall be considered to be the lowest tender.

- Qualification process. 103. The Community may establish a qualification process which shall not discriminate on the basis of the province or country of origin of the goods, services, insurers, suppliers or contractors.
- Discrimination. However, where the Community establishes a qualification process solely for the purpose of awarding a contract referred to in the second paragraph of section 101, the process may discriminate as permitted in the case of a call for public tenders in relation to such a contract under the fifth paragraph of section 101.
- Notice. The Community shall invite the interested parties to obtain their qualification or the qualification of their goods or services, by causing the secretary to publish a notice to that effect in accordance with the rules set out in the second paragraph of section 101.
- Certification. 104. A call for tenders may stipulate that the goods, services, insurers, suppliers or contractors concerned by or able to satisfy the call for tenders must first be certified, qualified or registered by an organization accredited by the Standards Council of Canada or first be certified or qualified under the process provided for in section 103.
- Exception. The first paragraph does not apply where, under the process provided for in section 103, only one insurer, supplier or contractor has become qualified.
- Discrimination. 105. Subject to the fifth and eighth paragraphs of section 101, no call for public tenders or document to which it refers shall discriminate on the basis of the province or country of origin of the goods, services, insurers, suppliers or contractors.
- Awarding of contracts. 106. The Minister may, on the conditions determined by the Minister, allow the Community to award a contract without calling for tenders, or allow the Community to award a contract after a call for tenders made by written invitation rather than by advertisement in a newspaper.
- Intergovernmental agreement. The first paragraph does not apply where, pursuant to the terms of an intergovernmental agreement on the opening of public procurement applicable to the Community, the tenders must be public tenders.
- Movable property and services. 107. The Community may obtain any movable property from or through the General Purchasing Director designated under section 3 of the Act respecting the Service des achats du gouvernement (R.S.Q., chapter S-4). The Community may also obtain any service through the General Purchasing Director acting within a mandate entrusted to the General Purchasing Director by the Government under section 4.1 of that Act.
- Applicability. To the extent that the terms of any intergovernmental agreement on the opening of public procurement applicable to the Community are observed, section 99 does not apply to contracts entered into by the Community with or

through the General Purchasing Director in accordance with the regulations under the Financial Administration Act (R.S.Q., chapter A-6).

- Expenditures. 108. Notwithstanding section 99, the chair of the council or, if the chair is absent or unable to act, the director general may, in a case of irresistible force which might endanger the life or health of the population or seriously damage or seriously interfere with the operation of the equipment of the Community, order such expenditure as the chair or the director general considers necessary and award any contract necessary to remedy the situation.
- Report. The chair, the director general or head of the department, as the case may be, shall table a report giving the reasons for the expenditure or contract at the next meeting of the council.
- Insurance contract. 109. Notwithstanding section 99, the council may, without being required to call for tenders, renew any insurance contract awarded following a call for tenders, provided that the total of the period covered by the original contract and the period covered by the renewal and, where applicable, by any previous renewal, does not exceed five years.
- Premiums. The premiums stipulated in the original contract may be modified for the period covered by any renewal referred to in the first paragraph.
- Leasing contract. 110. The Community may enter into a leasing contract in respect of movable property that must be acquired by tender in accordance with section 99, provided it discloses in the call for tenders that it has the option to enter into a leasing contract in respect of the property.
- Notice. Where the Community opts to enter into a leasing contract, it must give notice thereof in writing to the successful tenderer. Upon receipt of the notice, the tenderer must enter into a contract for the movable property with the lessor, which the Community shall designate in the notice, on the conditions under which the tender was accepted.
- Joint call for tenders. 111. Notwithstanding any inconsistent provision of a general law or special Act, the Community and any municipality or other supramunicipal body whose territory is situated within the territory of the Community may make a joint call for public tenders for the purpose of awarding an insurance contract or a contract for the supply of equipment or materials or the providing of services other than professional services.
- Leasing of equipment. For the purposes of the first paragraph, a contract for the supply of equipment includes a contract for the lease of equipment with an option to purchase.
- Public tenders. The call for public tenders is made by the Community.
- Provision applicable. Section 101 applies to the call for public tenders, except that it is not necessary that the contract involve an expenditure of \$100,000 or more.

Restriction. Where a municipality or a body is a party to the call for public tenders, it may not make a call for tenders or award a contract in respect of the object of the call unless the Community decides not to give effect to the call.

Acceptance binding. Acceptance of a tender by the Community also binds, as regards the successful tenderer, each municipality or body that is a party to the call for tenders.

- Budget. 157. The executive committee shall draw up the budget of the Community. The executive committee shall file the budget in the office of the secretary of the Community with its recommendations not later than 1 October of the fiscal year preceding the fiscal year for which the budget is to apply. The secretary shall forward a copy of each document so filed to each municipality whose territory is situated within the territory of the Community and to every member of the council not later than the following 15 October.
- Appropriations. Not later than 15 September each year, the treasurer shall determine in a certificate the appropriations the treasurer considers necessary for the next fiscal year for payment of the interest on securities issued or to be issued by the Community, for repayment or redemption of such securities and for the requirements of their sinking funds and any other charge related to the debt of the Community, except however, the amounts required in principal, interest and accessories in relation to the issue of treasury bills, loans contracted in anticipation of revenue and renewable loans falling due during the fiscal year covered by the budget. The treasurer shall also determine in the certificate the appropriations necessary to meet, during the next fiscal year, the obligations undertaken by the Community during previous fiscal years. The treasurer may amend the certificate until 31 December preceding the fiscal year to which it applies if the appropriations mentioned therein have not been adopted by the council. The treasurer shall file the certificate and any amendment in the office of the secretary. The secretary shall notify the council of the filing at the first sitting held after the filing.
- Financial obligations. The treasurer shall also include in the certificate referred to in the second paragraph the appropriations necessary during the next fiscal year to pay the obligations of the Community under collective agreements or its by-laws or under legislative or regulatory provisions adopted by the Government of Québec or the Government of Canada or any of its ministers or bodies.
- Amounts included. The amounts shown in the certificate shall be included in the budget of the Community for the fiscal year covered by the budget.
- Unforeseen expenses. The budget shall also appropriate an amount of at least 1% of the expenses of the Community to cover expenditures not provided for in its budget, the settlement of claims and the payment entailed by court sentences.
- Budget. 158. The budget of the Community shall be submitted to the council not later than 15 November, at a special meeting convened for that purpose.

- Adoption. The meeting shall be adjourned as often as necessary and shall not be closed until the budget has been adopted. If there is no quorum, the meeting shall be automatically adjourned to 8:00 p.m. on the following juridical day.
- Amendment. The council may, on its own initiative, amend the budget.
- Separate adoption. The council is not bound to adopt simultaneously all the appropriations of the budget or of a part of the budget and thus may adopt an appropriation separately.
- Fractions. The council may also, before 1 January, adopt temporarily, for a period of three months, one-quarter of an appropriation provided for in the budget or in a part of the budget. The same applies before each period beginning on 1 April, 1 July and 1 October. The council may thus adopt at the same time
- (1) three-quarters of an appropriation if it does so before 1 April; and
 - (2) two-quarters of an appropriation, if it does so before 1 July.
- Presumption. If, on 1 January, the budget of the Community or a part of the budget has not been adopted, one-quarter of each appropriation provided for in the budget of the preceding fiscal year or in the corresponding part of that budget, with the exception of the appropriations mentioned in the seventh paragraph, is deemed to be adopted and shall come into force. The same rule applies on 1 April, 1 July and 1 October if on each of those dates the budget or the part has not been adopted.
- Exception. The presumption of adoption and the coming into force provided for in the sixth paragraph do not apply to the appropriations provided for in the budget of the preceding fiscal year or in the corresponding part of that budget, which correspond
- (1) to those mentioned in the certificate of the treasurer referred to in section 157;
 - (2) to those then adopted separately under the fourth paragraph; and
 - (3) to those one-quarter of which have then been adopted under the fifth paragraph for the same period of three months.
- Presumption. In the hypothesis mentioned in the sixth paragraph, the appropriations mentioned in the certificate of the treasurer referred to in section 157 and included in the budget under study are deemed to be adopted on 1 January and shall then come into force.
- Retroactive effect. The adoption, after 1 January, of the budget, a part of the budget or one of its appropriations in accordance with the fourth paragraph is retroactive to that date. The same rule applies to the by-laws and resolutions arising therefrom.

| Copy to the Minister. | A certified true copy of the budget of the Community shall be transmitted to the Minister within 30 days of its adoption. |
| Form. | The Minister may order that the budget be transmitted by means of a form furnished by the Minister for that purpose. |
| Management of budgets. | 159. The head of each department shall be responsible for the management of the budget of that department, according to the provisions of this schedule, under the supervision of the council. |
| Authorization of payment. | The council shall authorize the payment of any amounts owed by the Community. |
| Supplementary budget. | 160. During a fiscal year, the Community may adopt a supplementary budget. |
| Rules. | The supplementary budget shall be prepared, filed and forwarded according to the rules, modified as necessary, applicable to the annual budget. A copy of the budget must be sent to the municipalities and the members of the council not less than 15 days before it is submitted to the council. |
| Special meeting. | The supplementary budget shall be submitted to the council at a special meeting convened for that purpose. The meeting may close without the budget being adopted. |
| Amendment. | The council may, on its own initiative, amend the supplementary budget. |
| Presumption. | If the supplementary budget is not adopted within 15 days from the day it is submitted, the appropriations mentioned in the certificate of the treasurer referred to in section 157 and included in the budget are nevertheless deemed to be adopted and shall come into force on the expiry of that period. |
| Approval of transfers. | 161. Every transfer of an appropriation within the budget requires the approval of the council. |
| Previous certificate. | 162. No by-law or resolution providing for the expenditure of moneys shall have effect before the filing of a certificate of the treasurer attesting that there are sufficient appropriations for the purposes for which the expenditure is proposed. |
| Separate certificates. | Where the proposed expenditure covers several fiscal years, a separate certificate attesting to the available appropriations must be issued for each fiscal year. |
| Applicability. | The first two paragraphs do not apply in respect of a by-law or resolution that allocates to the proposed expenditure an amount of money from a source other than the general fund. |

- Delegation of powers. 163. The council may, by by-law, delegate to the chair or to an employee of the Community, on the conditions it determines, the power to authorize or pay expenditures and to enter into contracts on behalf of the Community.
- Content of by-law. The by-law must, in particular, indicate the field of competence to which the delegation applies, the maximum amount of the expenditures that the chair or employee may authorize or pay and the other conditions to which the delegation is subject.
- Restriction. Neither the chair nor the employee may authorize an expenditure that entails a financial commitment by the Community for a period extending beyond the current fiscal year. For the purposes of section 162, the authorization is considered to be a resolution providing for the expenditure.
- Authorization. If, pursuant to section 101, the authorization of the Minister must be obtained to allow the chair or employee to award a contract to a person other than the person who submitted the lowest tender, the authorization must be applied for by the council.
- Appropriated funds to remain available. 164. The funds appropriated by a budget during a fiscal year for specified work shall remain available during the ensuing fiscal year for the carrying out of such work, whether it has commenced or not.
- Estimated budget surplus. 165. During a fiscal year, the Community on report of the treasurer may appropriate an estimated budget surplus for the current fiscal year, or a surplus for the preceding fiscal year, to expenditures for the current fiscal year or for a subsequent fiscal year it shall determine.
- Budget amended. The appropriation of a surplus to expenditures for a fiscal year amends the budget for that fiscal year accordingly.
- Surplus or deficit. Any surplus that has not been appropriated to a specific purpose, or any deficit for a fiscal year shall be entered in the revenues or expenditures for the fiscal year following that in which the auditor makes a report for the first mentioned fiscal year.
- Treasurer. 166. The treasurer shall be personally responsible for all moneys paid out by the treasurer and which, to the treasurer's knowledge, exceed the amount appropriated for such purpose.
- Cheques. The treasurer or any person authorized by a resolution of the council shall sign the cheques issued by the Community. The facsimile of the treasurer's or person's signature shall have the same effect as if the signature itself had been affixed thereto.
- Guarantee. 167. The payment of the expenses of the Community, including the payment of interest on and amortization of its loans, is guaranteed by its general fund.

- Expenses. 168. Subject to the third and fourth paragraphs, the expenses of the Community, including those resulting from payment of interest on and accessories and amortization of its loans, shall be charged to the municipalities whose territories are situated within the territory of the Community.
- Apportionment. Except the expenses relating to a service governed by a special tariff or those otherwise governed by this schedule or by other Acts, those expenses shall be apportioned among the municipalities in proportion to their respective fiscal potentials, within the meaning of section 261.5 of the Act respecting municipal taxation (R.S.Q., chapter F-2.1).
- By-laws. However, the Community may, by by-law, provide
- (1) that all or part of its expenditures are to be apportioned on the basis of another criterion ;
 - (2) that a municipality does not contribute to the payment of part of its expenditures.
- Exemption. A municipality whose representative is not qualified to take part in the deliberations and vote of the council of the Community shall not contribute to the payment of the expenditures related to the exercise of the functions that are the subject of the deliberations and vote.
- Terms and conditions. 169. The Community shall prescribe, by by-law, the terms and conditions for determining the aliquot shares of the expenses of the Community and payment thereof by the municipalities.
- Content of by-law. The by-law may, in particular, prescribe for each situation set out in section 158 or 160,
- (1) the date on which the data used to provisionally or finally establish the basis of apportionment of the expenses of the Community are to be considered ;
 - (2) the time limit for determining each aliquot share and for informing each municipality of it ;
 - (3) the obligation of a municipality to pay its aliquot share in a single payment or its right to pay it in a certain number of instalments ;
 - (4) the time limit within which each instalment must be paid ;
 - (5) the rate of interest payable on an outstanding instalment ;
 - (6) the adjustments that may result from the deferred coming into force of all or part of the budget of the Community or from the successive use of provisional and final data in determining the basis of apportionment of the expenses of the Community.

- Rate of interest. Instead of fixing the rate of interest payable on an outstanding instalment, the by-law may provide that such rate shall be fixed by resolution when the budget of the Community is adopted.
- Applicability of rate. The Community may, in the by-law, prescribe that the rate of interest it fixes in the by-law or in the resolution provided for in the third paragraph applies to every amount payable to the Community that is or becomes payable.
- Establishment of program. 170. Not later than one year after the coming into force of the regulation of the Government made under section 206, the Community shall, by by-law, establish a program to share the growth in its tax base in accordance with the rules determined in the regulation.
- Rules. The program must, in particular, include rules to determine the amount that the Community must pay into the fund established under section 171.
- Adoption of by-law. The by-law of the Community referred to in the first paragraph shall be adopted by a two-thirds majority of the votes cast; the majority must include a majority of the votes cast by the representatives of Ville de Lévis and a majority of all the representatives of the regional county municipalities referred to in paragraphs 3 to 5 of section 4.
- Fund. 171. The Community may, by by-law, establish a fund to provide financial support for the development projects it determines, in particular, among the projects submitted by municipalities whose territories are situated within its territory.
- Content of by-law. The by-law must indicate the nature of the development projects that are to be financed by the fund and the costs that may be charged to the fund.
- Amount. The fund is comprised of the amount determined in accordance with the second paragraph of section 170 and the interest it generates.
- Contestation. 172. Contestation by a municipality of a sum claimed by the Community does not exempt the municipality from paying the amount while the contestation is pending.
- Petition. If there is no payment within 90 days after the receipt of a formal notice, the Commission municipale du Québec may, at the request of the Community, file a petition to have the said municipality declared in default in accordance with Division VI of the Act respecting the Commission municipale (R.S.Q., chapter C-35).
- Special property tax. 173. For the purpose of paying its aliquot share under this schedule of the expenses of the Community or its contribution to the program established under section 170, a municipality may, in addition to its power to use a mode of tariffing under section 244.1 of the Act respecting municipal taxation (R.S.Q., chapter F-2.1), levy a special property tax based on the assessment of the taxable immovables in its territory.

Subject to the regulation of the Government made under paragraph 8.2 of section 262 of the Act respecting municipal taxation (R.S.Q., chapter F-2.1), the Community may, by by-law, provide that all or part of the property, services or activities of the Community shall be financed by means of a tariff involving a fixed amount, exigible on an <i>ad hoc</i> basis, in the form of a subscription or under terms similar to those of a subscription, for the use of a property or service or in respect of a benefit derived from an activity. |
| Provisions applicable. | Sections 244.3 to 244.6 and the first and third paragraphs of section 244.8 of the Act respecting municipal taxation apply, with the necessary modifications, to the tariff referred to in the first paragraph. |
| Capital expenditures program. | 175. The Community shall adopt each year, for the next three fiscal years, a program of capital expenditures. |
| Categories. | The program shall consist of as many parts as there are categories of functions exercised by the Community. A category is the aggregate of the functions in respect of which the representatives of the same municipalities are qualified to take part in the deliberations and to vote according to an identical decision-making rule. |
| Content. | The program shall be divided into annual phases. It shall describe, in respect of the period coincident therewith, the object, the amount and the mode of financing of the capital expenditures that the Community plans to make or to incur and for which the financing period exceeds 12 months. The program shall also mention the capital expenditures that the Community plans to make beyond the period covered by the program, if those expenditures result from commitments made during that period. |
| Provisions applicable. | To the extent that they are consistent with this section, the provisions applicable to the procedure prior to the adoption of the budget of the Community also apply, with the necessary modifications, to the procedure prior to the adoption of the program of capital expenditures. |
| Amendments. | 176. The Community may amend its program of capital expenditures. Section 175, with the necessary modifications, applies to such an amendment. |
| Loans. | 177. The Community may, with the approval of the Minister, order, by by-law, a loan for a purpose within its jurisdiction, and contract it on the terms and conditions approved by the Minister. In no case may the term of such a loan exceed 20 years. |
| Repayment. | 178. Part of the loan, not exceeding 5% of the amount of the expenditure authorized by the loan by-law in force, may be reserved for repayment to the general fund of the Community of all or part of the sums expended, before the passage of the loan by-law, in connection with the object of the by-law. |
| By-law. | That part of the loan must be specified in the by-law. |

- Working fund. 179. The Community may, by a by-law requiring the approval of the Minister, constitute a working fund the purpose, constitution and administration of which must be consistent with the following rules :
- Borrowings. (1) To constitute the working fund, the Community may borrow, through the issue and sale of treasury bills, notes or other securities, the amounts which the treasurer considers necessary, provided the nominal value of such treasury bills, notes or other securities does not at any time exceed 10% of the appropriations provided for in its budget.
- Allocations. The Community may also establish the fund or contribute to an existing fund by allocating to it all or part of the accumulated surplus of its general fund. The total amount so allocated and the nominal value of the treasury bills, notes or other securities referred to in the first paragraph may not exceed 10% of the appropriations provided for in its budget.
- Conditions. (2) Such treasury bills, notes or other securities may bear no nominal interest rate, shall be payable to bearer, and shall mature no more than 365 days after the date of their issue. They may bear the mention that they are redeemable in advance and must indicate that they are issued for the purposes of the working fund.
- Sale of securities. (3) The sale of the treasury bills, notes or other securities shall be carried out by agreement or by tender. Sale by agreement shall be made on behalf of the Community by the treasurer with the approval of the Community.
- Sale by tender. In the case of sale by tender, the tenders shall not be subject to section 99, but they shall be addressed to and opened by the treasurer in the presence of the chair, the secretary and the treasurer, or their assistants. The treasurer, on behalf of the Community, shall make the sale to the tenderer or tenderers who submitted the tender which the treasurer considers the most advantageous to the Community, although the treasurer is not bound to accept any tender.
- Term of loans. (4) A loan may be granted from such working fund only for a term not to exceed five years

- Investments. (5) Moneys out of the working fund may be invested in treasury bills or in other short-term bonds or securities provided for in paragraphs 2, 3 and 4 of article 1339 of the Civil Code. Such moneys may also be invested on a short-term basis in a chartered bank or other financial institution authorized to receive deposits.

| | |
|----------------------|--|
| Surplus or deficit. | (6) At the end of a fiscal year of the Community, any operating surplus of the working fund shall be transferred to the general fund of the Community, and any deficit shall be made good out of such fund if need be. |
| Financial reserve. | 180. The Community may, by by-law, establish a financial reserve for any purpose within its jurisdiction to finance expenditures other than capital expenditures. |
| Content of by-law. | The by-law must set out <ol style="list-style-type: none"> (1) the purpose for which the reserve is established ; (2) the projected amount of the reserve ; (3) the mode of financing of the reserve ; (4) in the case of a reserve of specified duration, the duration of existence of the reserve ; (5) the allocation of the amount, if any, by which revenue exceeds expenditures at the end of the existence of the reserve. |

| Financial reserve. | 181. A financial reserve shall be made up of the sums allocated to it each year and interest earned on the sums. |
| Restriction. | The sums allocated to the reserve may derive only from the amounts taken out of the part of the general fund of the Community allocated to that purpose by the council or from the excess amount referred to in section 244.4 of the Act respecting municipal taxation (R.S.Q., chapter F-2.1), derived from a tariff established by the Community under section 174. |
| Approval of by-law. | 182. A by-law establishing a financial reserve must be approved by the Minister. |
| Expenditures. | 183. All expenditures necessary for the carrying out of the purpose for which the reserve was established must have been made on or before the date on which the reserve ceases to exist. |
| Filing of statement. | The treasurer must file, not later than at the last meeting of the council before that time, a statement of the revenue and expenditures of the reserve. |
| Excess amount. | The council shall allocate the amount, if any, by which the reserve's revenue exceeds its expenditures in accordance with the provisions of the by-law under which the reserve was established. If there is no such provision, any amount in excess shall be paid into the general fund. |

| | |
|-------------------------------|--|
| Restriction. | 184. A by-law establishing a financial reserve may not provide for a projected amount that, if added to the projected amounts of reserves already established by by-law and still in existence, results in an amount exceeding 15% of the other appropriations provided for in the budget of the fiscal year during which the by-law establishing the reserve is adopted. |
| Investment. | 185. The sums allocated to a financial reserve established under section 180 must be invested in accordance with section 192. |
| Temporary loans. | 186. The Community may, by resolution, order temporary loans for the payment of current administration expenses and contract them on the conditions and for the term it determines. |
| Temporary loans. | The Community may also contract loans under the first paragraph for the payment of the expenses made under a loan by-law. |
| Rate of interest. | 187. The Community may fix the rate of interest on its loans and the dates on which they become due, determine the other conditions of the bonds, inscribed stock, treasury bills or other negotiable securities issued or to be issued, designate any place inside or outside the country where a register may be kept for the registration or transfer of the securities enumerated above and the persons authorized to keep such register, and determine the conditions for their issue and sale. |
| Bonds, notes, securities. | The Community, with the authorization of the Minister, may issue and sell, in its own name, bonds, notes or other securities either for its own account or for that of one or more municipalities whose territories are situated within its territory, or in part for its own account and in part for that of one or more of the municipalities. |
| Obligations of the Community. | Bonds, notes or other securities issued by the Community constitute, for their holders, direct and general obligations of the Community. Moreover, bonds, notes or other securities issued by the Community for the account of a municipality, or, as the case may be, any part thereof issued for the account of the latter, constitute, for their holders, direct and general obligations of that municipality. |
| Provisions applicable. | 188. Sections 7 and 8 and Divisions V to X and XII of the Act respecting municipal debts and loans (R.S.Q., chapter D-7) apply to the Community. |
| Currency. | 189. Where a loan by-law provides that the Community may contract a loan in Canadian dollars or in any other currency, the total loan amount authorized is the amount expressed in Canadian dollars. |
| Conversion. | In establishing the amount in Canadian dollars of a loan contracted in another currency, depending on whether or not the proceeds of the loan are converted into Canadian dollars before being paid to the Community, the value used is the prevailing value of the unit of the other currency in relation |

to the Canadian dollar either at the time of the conversion or at noon on the day of payment.

Renewal of loan.

Where all or part of the proceeds of a loan are used to renew a loan previously contracted by the Community, for all or part of the unexpired term of the latter loan, the amount used for the renewal is not subtracted from the balance of the loan amount authorized by the by-law, irrespective of the value of the unit of the currency in which the loan is contracted.

Soundness.

190. The securities issued by the Community are investments presumed sound as if they were mentioned in paragraph 2 of article 1339 of the Civil Code.

Ranking.

The commitments included in the securities issued by the Community constitute direct and general obligations of the Community and of the municipalities whose territories are situated within the territory of the Community, and rank concurrently and *pari passu* with all other general obligations of the Community and of the municipalities.

Liability.

191. The municipalities whose territories are situated within the territory of the Community are solidarily liable towards the holders of bonds, notes or other securities issued by the Community for the account of the Community, for the repayment of such bonds, notes and other securities, in principal, interest, costs and other accessories, and for all other obligations contracted by the Community towards such holders.

Liability.

The municipality for the account of which the Community issued bonds, notes or other securities is alone liable towards the Community for the repayment of such bonds, notes and other securities or any part thereof issued for its account, in principal, interest, costs and other accessories, and for all other obligations contracted by the Community towards such holders for the account of the municipality if the Community makes the repayment to the holders and executes its other obligations towards them. Any amount owing to the Community by the municipality under this paragraph is added to and forms part of its share of the expenses.

Mutual funds.

192. The Community may invest the moneys belonging to it by purchasing shares in a mutual fund referred to in the third paragraph of section 99 of the Cities and Towns Act (R.S.Q., chapter C-19).

The certificate of the Minister or of the authorized person, mentioned in section 12 of the Act respecting municipal debts and loans (R.S.Q., chapter D-7), may be affixed to the bonds issued by the Community under the facsimile of the signature of the Minister or of the authorized person. However, the presumption of validity provided for in that section applies only if the bonds also bear the handwritten signature of the chair, the treasurer or a financial officer who is a mandatary of the Community.
- Signature. Although a person whose signature or a facsimile thereof has been affixed to a bond, a note, another security of the Community or a coupon in that person's capacity as chair, vice-chair or treasurer of the Community or as person designated for such purpose by the council, has ceased to act in such capacity before the bond, note, security or coupon is issued and delivered, the signature shall nevertheless be valid and shall bind the Community in the same manner as if such person had continued to act in such capacity on the date of the issue and delivery, and the signature or facsimile of the signature of the persons acting in such capacity on the date on which the signature or facsimile was affixed to a bond, note, coupon or other security of the Community shall bind the Community even though the person was not acting in such capacity on the date of such bond, coupon, note or security.
- Financial report. 194. At the end of the fiscal year, the treasurer shall draw up the financial report for the past fiscal year, and certify that it is accurate.

- Auditor. 199. During the period extending from 1 December to 1 May, the Community shall appoint an auditor for the fiscal year beginning during that period. The Community may provide that the appointment is also valid for the following fiscal year or for the two following fiscal years.
- Auditor. If the auditor appointed for a fiscal year is not the auditor in office for the preceding fiscal year, the secretary of the Community shall inform the Minister of the name of the new auditor as soon as possible after the appointment.
- Vacancy. 200. If the office of auditor becomes vacant before the expiry of the auditor's term, the Community shall fill the vacancy at the first meeting of the council held after the vacancy occurred.

- Appointment by the Minister. 205. The Minister may, if necessary, order the appointment of an auditor other than the auditor appointed under section 199 and require the auditor to make a report.

Power of Government. 213. If the Community fails to pass a resolution or by-law within the time prescribed by this schedule, the by-law or resolution may be adopted by the Government and shall be binding upon the Community.

- Approval required. A resolution or by-law so adopted by the Government may be repealed or amended only with the approval of the Minister.
- Interpretation. 214. Nothing in this schedule shall be construed as preventing the Community from passing a resolution or by-law after the time prescribed by this schedule, but before such resolution or by-law is adopted by the Government.
- Registration of declaration of transfer. 215. The Community shall, as soon as possible after a by-law has been passed under this schedule transferring to it the ownership of any immovable in a municipality, register in the office of the registration division concerned a declaration signed by the director general and secretary stating that the Community is now the owner of the immovable described therein following the passing of a by-law of which the number, date of coming into force and reference to the provisions of this schedule authorizing the passing thereof must be mentioned in the declaration.

Chapter 72

AN ACT RESPECTING VILLE DE VERDUN

[Assented to 16 June 2000]

Preamble.

WHEREAS on 28 March 1985, Ville de Verdun passed By-law 1553 establishing a program of subsidies for building facade renovation and for the establishment of new types of business ;

Whereas on 26 November 1996, Ville de Verdun inadvertently revoked By-law 1553 ;

Whereas the city continued to offer or pay subsidies on the assumption that By-law 1553 was still in force ;

Whereas on 25 January 2000, Ville de Verdun passed By-law 1682 which reinstated the provisions of former By-law 1553, and whereas By-law 1682 came into force on 6 February 2000 ;

Whereas Ville de Verdun is also seeking to ratify certain acts entered into and certain loan by-laws passed by the city ;

Whereas Ville de Verdun is seeking the power to impose special taxes based on the value of the immovables, in the whole or any part of its territory, to provide for the financing of certain municipal subsidy programs ;

Whereas it is in the interest of Ville de Verdun that certain other powers be granted to the city ;

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS :

Special tax.

1. In exercising the powers of Ville de Verdun in the areas of revitalization, building demolition or home ownership assistance and the granting of subsidies for those purposes, the council of the city may impose, to provide for the payment of the subsidies, a special tax based on the value of the immovables in the whole of the territory of the municipality or in such part of the territory as the council may determine.

Contestation of title.

2. The title of 2436-6452 Québec inc. or its successors conferred by the act dated 27 August 1996 and published in the registry office of the registration division of Montréal under No. 4877119, concerning former lots 6759 and 6800 of the official cadastre of the parish municipality of Montréal, registration division of Montréal, may not be contested on the ground that, by the act, Ville de Verdun transferred immovables that had been given to the city

subject to the condition that they be used by the city as streets or lanes and not be alienated by the city, as set out in an act dated 28 June 1920 and published in the registry office of the registration division of Montréal under No. 116531.

- Alienation of lot. 3. Ville de Verdun is authorized to alienate lot 4680-500 of the official cadastre of the parish municipality of Montréal, registration division of Montréal, that the city acquired on 27 September 1930 by the act of transfer published in the registry office of the registration division of Montréal under No. 238111, despite the fact that the lot transferred to the city was to be maintained and used as a lane.
- Loan by-law. 4. A by-law listed in the Schedule pertaining to the financing of certain municipal subsidy programs and ordering a loan for that purpose may not be declared invalid on the ground that the tax ordered by the by-law is imposed on the basis of the value of the immovables in part of the territory of the municipality only.
- Offer of subsidy. 5. No offer of a subsidy under By-law 1553 may be declared invalid on the ground that the by-law had ceased to have effect between 26 November 1996 and 6 February 2000. The same applies in respect of any payment of a subsidy under the same by-law.
- Lots. 6. Lots 1,153,497 and 2,077,487 of the cadastre of Québec, registration division of Montréal, form part of the territory of Ville de Verdun.
- Title to lot. The title of Ville de Verdun to lot 1,153,497 of the cadastre of Québec, registration division of Montréal, conferred by the act dated 7 October 1996 published in the registry office of the registration division of Montréal under No. 4885307 may not be contested on the ground that by that act, Ville de Verdun acquired an immovable outside its territory.
- Restaurants. 7. The city may prescribe, by by-law, for the whole or any part of its territory, the maximum number of restaurants or other establishments in which alcoholic beverages may be sold for consumption on the premises, the minimum distance between such establishments or between such an establishment and an immovable or part of an immovable used for residential or public occupancy.
- Categories of establishments. The by-law may contain provisions that vary according to the categories of establishments authorized by the Régie des alcools, des courses et des jeux, the various areas of the territory of the municipality, or the public purposes for which certain immovables are occupied.
- Coming into force. 8. This Act comes into force on 16 June 2000.
