that Act, or impose the surtax on vacant land, and for that purpose comply with the rules provided for in the following paragraphs the effect of which, among other things, is to allow rates to be fixed that differ according to the sectors.

Rate and surtax.

As regards a sector in which the general property tax was imposed for the fiscal year 2001 with such a specific rate or a sector in which the surtax was imposed for that fiscal year, the city is required, for each of the fiscal years from 2002 to 2006, to impose that tax or surtax, subject to any provision of an Act or order determining the fiscal year until which the city may impose the surtax. If the city imposes the general property tax with such a specific rate, the rate it fixes for that sector must be equal to the maximum provided for in section 244.49 of the Act respecting municipal taxation; if the city imposes the surtax under subsection 3 of section 486 of the Cities and Towns Act (R.S.Q., chapter C-19), the amount of the surtax for each immovable concerned in the sector must be equal to the maximum provided for in that subsection.

Maximum amounts.

As regards a sector in which the general property tax was not imposed for the fiscal year 2001 with a rate specific to the category referred to in section 244.36 of the Act respecting municipal taxation, and in which the surtax on vacant land was not imposed for that fiscal year:

(1) notwithstanding section 244.49 of that Act, the maximum applicable in respect of the particular rate fixed under the second paragraph for the sector is equal to the result of the increase in the basic rate provided for in section 244.38 of that Act that is applicable for the sector, that increase resulting in the maximum being increased by equal annual segments, from 2002 to 2006, to twice that basic rate; and

(2) the amount of the surtax fixed in subsection 1 of section 486 of the Cities and Towns Act or, as the case may be, the maximum of that amount provided for in subsection 3 of that section is not applicable for the sector and is replaced by a maximum applicable in respect of the rate of surtax fixed under the second paragraph for the sector, that maximum being equal to the maximum that would be established under subparagraph 1 if the expression “basic rate” were to mean the general property tax rate, and if only the portion of the increased rate that corresponds to the increase were taken into consideration.”

of that Act, if it does not do so for the whole of its territory, separately for any of the sectors in which that tax was imposed with such a rate for the fiscal year 2001.

Conditions.

In such a case,

(1) the only other specific rate of the general property tax that may be fixed separately for the sector is the basic rate provided for in section 244.38 of the Act respecting municipal taxation;

(2) notwithstanding section 151.4, the coefficient referred to in section 244.47 of the Act respecting municipal taxation is the coefficient established for the fiscal year 2001 in respect of the municipality referred to in section 5 whose territory constitutes the sector.”

CIVIL PROTECTION ACT

[Assented to 20 December 2001]

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS:

CHAPTER I

PURPOSE AND SCOPE

- Purpose. 1. The purpose of this Act is the protection of persons and property against disasters, through mitigation measures, emergency response planning, response operations in actual or imminent disaster situations and recovery operations.
- Interpretation : 2. For the purposes of this Act,
- “major disaster” ; (1) “major disaster” means an event caused by a natural phenomenon, a technological failure or an accident, whether or not resulting from human intervention, that causes serious harm to persons or substantial damage to property and requires unusual action on the part of the affected community, such as a flood, earthquake, ground movement, explosion, toxic emission or pandemic ;
- “minor disaster” ; (2) “minor disaster” means an exceptional event of a nature similar to a major disaster, but which only affects the safety of one or of a few persons ;
- “civil protection authorities” ; (3) “civil protection authorities” means local municipalities, authorities to which local municipalities have delegated their responsibility for civil protection and authorities which by law are responsible for civil protection in all or part of their territory ; and
- “government bodies”. (4) “government bodies” means bodies a majority of whose members are appointed by the Government or a minister, whose personnel is by law appointed in accordance with the Public Service Act (R.S.Q., chapter F-3.1.1) or whose capital forms part of the domain of the State.
- Obligations and powers. 3. This Act shall not operate to limit obligations imposed or powers granted by or under other Acts as regards civil protection.
- Government. 4. This Act is binding on the Government, government departments and bodies that are mandataries of the State.

CHAPTER II**PERSONS**

- Prudence and foresight. 5. All persons must exercise prudence and foresight with regard to major or minor disaster risks they know to be present in their environment.
- Special restrictions. 6. Any person who settles on a site where occupation of the land is commonly known to be subject to special restrictions by reason of a major or minor disaster risk without abiding by such restrictions is presumed to accept the risk involved.
- Presumption. However, such presumption may not be invoked against a person by a public authority if the public authority authorized the person to settle on the site without informing the person of the risk.
- Applicability. This section does not apply with respect to structures and uses existing on 20 December 2001, unless the destination of an immovable is changed after that date, which shall be considered a new settlement for the purposes of this section.
- Disaster risk. 7. Where the competent regulatory authority has reasonable cause to believe that a site described in section 6 poses such a disaster risk that the carrying out of work or the use of immovables on the site ought to be prohibited or made subject to stricter authorization conditions than those prescribed by law, any application for authorization to carry on such activities, even if received before the discovery of the risk, must be refused.
- Exception. However, an application that meets the legal requirements but is refused for the reason set out in the first paragraph must be granted if the prohibition or the additional authorization conditions, as the case may be, is or are not rendered effective within six months after the date of the application.

CHAPTER III**PERSONS WHOSE ACTIVITIES OR PROPERTY GENERATE A MAJOR DISASTER RISK**

- Reporting of risks. 8. Every person whose activities or property generate a major disaster risk is required to report the risk to the local municipality where the source of the risk is located. In unorganized territory as well as in the case where reports must be made in more than one locality, the person may report the risk either to each competent regional authority or to the Minister of Public Security.
- Reporting of risks. The report must describe the risk-generating activity or property and specify the nature and location of the source of the risk, the foreseeable consequences of a major disaster and the area that could be affected. The report must also set out the measures implemented by and the other means at the disposal of the risk reporter to reduce the probability or mitigate the consequences of a major disaster.

- Regulation. A regulation of the Government shall define the activities and property that generate a major disaster risk within the meaning of this Act. The regulation shall fix the time within which the report must be made, which shall not be less than three months, and may provide for the possibility of additional time, not exceeding half the initial time, being granted, for valid reason, by the authority to which the report is made. The regulation shall determine how the information required is to be provided.
- Changes. 9. If substantial changes occur in the situation described in the report, the risk reporter is required to make the necessary corrections.
- Notice. Upon ceasing the activity or disposing of the property, the risk reporter is bound to give notice to that effect to the authority to which the risk was reported, together with a statement describing the manner in which the risk-generating property or components has or have been disposed of.
- Reporting of risks. 10. The reporting of risks under other Acts shall stand in lieu of the reporting required by this Act, provided the reporting is to the same authority and meets the requirements of this Act.
- Reporting of risks. The same applies to correction notices and notices reporting the cessation of risk-generating activities or the disposal of risk-generating property.
- Copies. 11. Copies of risk reports, corrections and notices must be transmitted, within 30 days of receipt, by the authority to which the documents are addressed to the local municipalities whose territories are exposed to the risk, to the regional authorities concerned and to the authorities responsible for civil protection in such territories.
- Documents. The documents must be kept at the disposal of the Minister at all times.
- Monitoring procedure. 12. Where the foreseeable consequences of a potential disaster extend beyond the site of the risk-generating activity or property, the person required to report the risk must, in conjunction with and within the time fixed by the authorities responsible for civil protection in the area exposed to the risk, establish and maintain a monitoring procedure and a procedure for warning the authorities. Before the procedure is established, the person must, as soon as practicable, agree with the authorities on a provisional warning procedure.
- Safety measures. The Government or a local municipality may, by regulation or by by-law, require the person to establish and maintain other safety measures.
- Measures. Measures implemented under this section must be compatible with the measures established by the civil protection authorities. For each measure, the name and coordinates of the person and substitutes in charge of implementing the measure must be specified.
- Information. 13. Every authority responsible for civil protection in an area exposed to a risk described in section 12 may require that the person required to report the

risk, the operator or the custodian of the property or site of the activity, or their representatives, provide any information necessary for the development or implementation of its own safety measures.

Emergency response capabilities.

14. Every person required to report a risk must inform the civil protection authorities without delay of any risk-related incident that is likely to exceed the person's emergency response capabilities.

Information.

The person must, in addition, within three months of such an incident, inform the civil protection authorities of the date, time, place, nature, probable cause and circumstances of the incident and the response operations conducted. However, any information whose disclosure would in all likelihood affect judicial proceedings in which the person has an interest may be reported only once the judgment in the case has become *res judicata*.

Regulatory provisions.

15. Regulatory provisions made under this chapter may vary according to the type of activity or property, the nature of the risk, the location of its source and the probability or foreseeable consequences of a disaster. The provisions may exempt persons subject to similar obligations under another Act or meeting other conditions determined in the regulatory provisions from any of the prescribed obligations.

Approval.

Municipal by-laws made under section 12 must be submitted to the Government for approval.

CHAPTER IV

— make an agreement with other municipalities that are also not part of a regional authority for the purpose of establishing a common civil protection plan. In the latter case, the agreement must designate one of the municipalities to act as a regional authority for the purposes of this division.

- Establishment. 17. All or part of the civil protection plan of a regional authority may be established jointly with other regional authorities, either to identify the major disaster risks to which their territories or the territories of local municipalities are exposed as well as the resources available, or to envisage an association of civil protection authorities.
- Description. 18. The civil protection plan shall include a summary description of the physical, natural, human, social and economic features of the territory. The civil protection plan shall identify the nature of the major disaster risks to which the territory is exposed, including the risks reported pursuant to section 8, specifying for each risk the location of its source, the foreseeable consequences of a major disaster related to the risk and the area that could be affected. The plan shall also mention existing safety measures and the human, physical and informational resources at the disposal of local or regional authorities and civil protection authorities.
- Degree of vulnerability. Based on that information, the civil protection plan shall assess the degree of vulnerability of local municipalities to each risk or class of risks identified.
- Safety objectives. In order to reduce vulnerability, the civil protection plan shall then determine, for the risks or classes of risks it specifies or all or part of the territory, achievable safety objectives in view of planned measures and available resources.
- Actions and criteria. In addition, the civil protection plan shall specify the actions and the criteria for their implementation adopted by the local municipalities and, where applicable, the regional authority, to achieve the determined objectives.
- Assessment procedure. Lastly, the civil protection plan shall include a procedure for the periodic assessment of the actions taken pursuant to the plan and the degree to which the determined objectives have been achieved.
- Fire safety cover plan. 19. The civil protection plan may include all or part of the fire safety cover plan established pursuant to the Fire Safety Act (2000, chapter 20).
- Procedure. 20. The civil protection plan must be established in accordance with the procedure set out in the following sections.
- Information. 21. Local municipalities must provide the regional authority with the information needed for the drawing up of the civil protection plan.
- Safety objectives. 22. Based on the information received and following an assessment of the vulnerability of the municipalities, the regional authority shall propose safety objectives to them with respect to the risks, classes of risks or all or part of the territory it specifies.

- Strategies. The regional authority shall also propose strategies for achieving the objectives, such as the pooling of resources, the training of personnel, the adoption of regulatory standards, the separate management of a risk or class of risks or cooperation between community organizations or civil protection associations and the private sector.
- Proposals. 23. The municipalities shall give their views to the regional authority concerning its proposals.
- Exchange of views. Once the exchange of views is completed, the regional authority shall fix the objectives and determine the actions needed at the regional or local level or in part of the territory to achieve the objectives.
- Actions and criteria. 24. Each municipality concerned and, where applicable, the regional authority shall then adopt the specific actions they must take and the conditions for their implementation, specifying, in particular, the implementation schedule for actions that are not applicable immediately. In the case of an intermunicipal board, the actions shall be adopted jointly by the municipalities concerned.
- Compliance. 25. Before incorporating the specific actions and the related implementation criteria into the civil protection plan, the regional authority shall verify that they are in compliance with the objectives and actions determined in the plan.
- Assessment procedure. The regional authority shall establish a procedure for the periodic assessment of the specific actions and the degree to which objectives have been achieved.
- Consultation. 26. The draft civil protection plan shall be submitted for consultation to the inhabitants of the territory of the regional authority at one or more public meetings held by the authority, to the contiguous regional authorities and to the local municipalities whose territories are not included in that of the authority having developed the plan but which, according to the plan, are exposed to a risk identified in the plan.
- Changes. 27. Changes may be made to the civil protection plan and, if appropriate, to the specific actions and the related implementation criteria, so as to reflect the results of consultations.
- Compliance. 28. The draft civil protection plan shall then be submitted to the Minister for verification of its compliance with the ministerial policies determined under section 64.
- Required information. The draft plan must be submitted together with
- (1) the opinion of each local municipality having taken part in its development; and
 - (2) a report on the consultations, the results of the consultations and the reasons for any disagreement expressed.

Time limit.	The draft plan must be submitted within two years from the day on which the regional authority became subject to the obligation to establish a civil protection plan. Additional time may be granted by the Minister if applied for at least 120 days before the deadline.
Certificate of compliance.	29. Within 120 days of receipt of all the documents, the Minister shall issue a certificate of compliance to the regional authority or propose that changes he or she considers necessary be made to the civil protection plan, within the time indicated, to remedy any deficiency or to harmonize the civil protection plans applicable in an area determined by the Minister.
Changes.	30. The changes proposed by the Minister may be made by the regional authority or, in the case of changes to specific actions or the related implementation criteria, by the authority concerned, without being submitted for consultation.
Adoption.	31. Once the certificate of compliance has been issued, the civil protection plan is adopted as it stands.
Adoption.	Only the council of the regional authority may adopt the civil protection plan. On pain of nullity, such adoption must be preceded by a notice of meeting sent together with a copy of the draft plan.
Coming into force.	32. The civil protection plan comes into force on the day the regional authority publishes a notice to that effect in a newspaper circulated in its territory, on any later date specified in the notice or, at the latest, on the sixtieth day after the issue of the certificate of compliance.
Plan in force.	33. Once in force, the civil protection plan is binding on the regional authority and the local municipalities concerned.
Certified copy and summary.	34. As soon as possible after its coming into force, a certified copy and a summary of the civil protection plan shall be sent to the local municipalities concerned, to those whose territories, according to the plan, are exposed to a risk identified in the plan, to the contiguous regional authorities and to the Minister.
Changes.	The same applies any time a change is made to the plan.
Changes.	35. Changes may be made to the civil protection plan, once it is in force, so as to reflect technological changes, a change in territorial limits or an increase in a major disaster risk, or for any other valid reason, provided that compliance with ministerial policies is maintained.
Compliance.	The plan must be adapted to bring it into compliance with any new ministerial policies. The necessary changes must be made within 12 months of the communication of the new policies.

- Revision. 36. In addition, the civil protection plan must be revised during the sixth year following the date of its coming into force or the date of its most recent certificate of compliance.
- Changes. 37. Any change made to the civil protection plan to bring it into compliance with ministerial policies or to modify safety objectives, curtail actions or extend deadlines, and any revision of the civil protection plan, must be effected according to the procedure set out for the development of the plan.
- Compliance. 38. The civil protection plan, and any change thereto having received a certificate of compliance from the Minister, is deemed to be in compliance with ministerial policies, and the specific actions and the related implementation criteria, once adopted in accordance with the procedure set out in this division, are deemed to be in compliance with the objectives determined in the plan.
- Emergency preparedness plan. 39. The organization of mitigation, emergency preparedness, emergency response and recovery operations involved in the actions determined in the civil protection plan that is in force shall be provided for in a document called an “emergency preparedness plan”.
- Disaster response operations. In the case of operations essential to disaster response, the name and coordinates of the person and substitutes in charge of the operations shall be specified.
- Certified copy. A certified copy of each such plan and of any subsequent change to the plan must be forwarded to the regional authority and to each local municipality in the territory concerned.
- Plans. Such plans must be kept up to date and at the disposal of the Minister at all times.
- Documents. 40. So that citizens may be informed, every local municipality must keep all documents forwarded to it pursuant to section 34, 39 or 82 in its offices, for the purposes of consultation and reproduction in accordance with the applicable legislative provisions.
- Summary. To the same end, the regional authority must distribute a summary of the civil protection plan throughout its territory, as soon as possible after its adoption, together with information on how it may be consulted and reproduced.
- Failure. 41. Any local or regional authority or civil protection authority that failed to participate in the establishment of a civil protection plan or to establish safety measures as required, or failed to implement the established safety measures although they were clearly required by the situation, may be required to reimburse all or part of the expenses incurred, for its benefit, by other public authorities or government bodies and made necessary by its inaction.

Expenses and payment. The amount of the expenses and the terms and conditions of payment shall be determined by the Minister after giving the delinquent authority an opportunity to present observations.

DIVISION II

DECLARATION OF A LOCAL STATE OF EMERGENCY

Disaster situation. 42. A local municipality may declare a state of emergency in all or part of its territory where, in an actual or imminent major disaster situation, immediate action is required to protect human life, health or physical integrity which, in its opinion, it is unable to take within the scope of its normal operating rules or of any applicable emergency preparedness plan.

Effective period. 43. A state of emergency declared by a municipal council is effective for a maximum period of five days at the expiry of which it may be extended on the authorization of the Minister, as many times as necessary, for a maximum period of five days.

Maximum period. If the municipal council is unable to meet immediately, the mayor or, if the mayor is absent or unable to act, the acting mayor may declare a state of emergency for a maximum period of 48 hours.

Declaration. 44. When a state of emergency is declared, the nature of the disaster, the territory concerned, and the circumstances warranting and the effective period of the state of emergency must be specified and the mayor, the acting mayor, an officer of the municipality or a civil protection authority in the territory concerned may be authorized to exercise one or more of the powers set out in section 47.

Meeting. 46. For the purpose of declaring a state of emergency and while the state of emergency is in effect, the municipal council may, if necessary, meet at any place, even outside the territory under its jurisdiction, and depart from the rules relating to council meetings, except those pertaining to their public nature, the question period, the quorum, voting and the calling notice. However, a meeting may be called by means of a notice of 12 hours or more transmitted using the most efficient means of communication available. In such circumstances, the members of the council may deliberate and vote by means of telephone or other communications equipment enabling all members to simultaneously take part in the meeting.

- Applicability. This section also applies, while the state of emergency is in effect, to the council of an authority responsible for civil protection in the territory concerned and to its members.
- Powers. 47. While the state of emergency is in effect, notwithstanding any provision to the contrary, subject to any measure ordered under section 93, the municipality or any person empowered to act on its behalf upon the declaration of the state of emergency may, without delay and without formality, to protect human life, health or physical integrity,
- (1) control access to or enforce special rules on or within the roads or the territory concerned ;
 - (2) grant authorizations or exemptions in areas under the jurisdiction of the municipality, for the time it considers necessary for the rapid and efficient conduct of emergency response operations ;
 - (3) where there is no safe alternative, order the evacuation of the inhabitants of all or part of the territory concerned or, on the advice of public health authorities, order their confinement and, where no other resources are available, make arrangements for adequate shelter facilities, the provision of food and clothing and the maintenance of security ;
 - (4) require the assistance of any citizen capable of assisting the personnel deployed ;
 - (5) requisition rescue services and private shelter facilities within its territory other than the services and shelter facilities requisitioned for the implementation of an emergency preparedness plan adopted under this chapter or a civil protection plan adopted under Chapter VI; and
 - (6) make any expenditure or contract it considers necessary.
- Immunity. The municipality, the members of the council or a person empowered to act upon the declaration of the state of emergency may not be prosecuted for any act in good faith done in the exercise of such powers.
- Compensation. 48. Where the municipality requisitioned the assistance or the facilities of a person under subparagraph 4 or 5 of the first paragraph of section 47, the municipality must, within three months of receipt of an application filed by the person concerned, compensate the person on the basis of the current rental price for services or facilities of the same type as it stood immediately before the disaster. The municipality is also required to compensate the person for any damage caused to the requisitioned facilities by the municipality, except damage that clearly would have resulted from the disaster in any case.
- Prescription. Entitlement to such compensation is prescribed one year after the end of the state of emergency.

- Lifting of state of emergency. 49. The municipal council may lift the state of emergency as soon as it considers that it is no longer necessary.
- Notice. Notice of the end of the state of emergency must be given promptly to the civil protection authorities in the territory concerned and to the Minister, and must be published and disseminated by the most efficient means available to ensure that the inhabitants of the territory concerned are rapidly informed.

Notice of the end of the state of emergency must be given promptly to the civil protection authorities in the territory concerned and to the municipality, and must be published and disseminated by the most efficient means available to ensure that the inhabitants of the territory concerned are rapidly informed.
- Reasoned report. 51. Every person empowered to act upon the declaration of a state of emergency shall make, not later than at the first municipal council meeting held 30 days or more after the end of the state of emergency, a reasoned report to the council.
- Emergency situation report. 52. Within six months after the end of the state of emergency, the municipal council must submit an emergency situation report to the regional authority setting out the date, time, site, nature, probable causes and circumstances of the actual or apprehended disaster, the date and time of the declaration of the state of emergency and its duration, the response and recovery operations conducted and the powers exercised under section 47.
- Reporting of information. However, any information whose disclosure would in all likelihood affect judicial proceedings in which the municipality, a member of the municipal council or a person empowered to act upon the declaration of a state of emergency has an interest may be reported only once the judgment in the case has become *res judicata*.

DIVISION III

OTHER RESPONSIBILITIES AND MUTUAL ASSISTANCE

- Responsibilities. 53. Every local municipality is responsible for the carrying out, in its territory, of the provisions of Chapter III concerning persons whose activities or property generate a major disaster risk.
- Inspectors' powers. For that purpose, the inspectors of the municipality or of any authority to which the municipality delegates such responsibility may

- Major disaster situation. 54. Where human life, health or physical integrity is threatened by an actual or imminent major disaster situation, any person designated for that purpose by a civil protection authority may
- (1) require, within the area of jurisdiction of the authority, any expert, person required to report a risk or person whose activities or property are threatened or affected by the disaster and constitute a potential source of disaster aggravation to provide scientific, technical or other information, and gain access to the location of the activities or property or to the disaster site in order to assess how the risk is or could be affected by the disaster or, in the case of the disaster site, to ascertain the causes, development and potential effects of the disaster; and
- (2) disclose to the persons concerned the information obtained that is necessary for their safety.
- Immunity. A civil protection authority or a person designated by such an authority may not be prosecuted by reason of any act in good faith done in the exercise of such functions.
- Information. 55. Local and regional authorities must take part in information efforts so that citizens may become involved in the pursuit of the objectives of this Act, in particular by disseminating advice on the safety measures they may take in relation to major or minor disaster risks present in their environment, by taking part in committees or information sessions organized in conjunction with businesses or citizens and by publicizing the safety measures taken by civil protection authorities.
- Civil protection service. 56. A local municipality may, by by-law, establish a civil protection service in charge of protecting human life and property against disasters.
- Request for intervention or assistance. 57. If an actual or imminent major or minor disaster in the territory of a local municipality or in the area of jurisdiction of its civil protection service exceeds its emergency response capabilities, those of its civil protection

service and those of the resources secured by the municipality by way of an agreement pursuant to the civil protection plan, the local municipality may, through its mayor or, if the mayor is absent or unable to act, through the acting mayor or two other members of the municipal council, or through any municipal officer designated for that purpose by by-law of the municipality, address a request to their counterparts for the intervention or assistance of another municipality or of its civil protection service.

Report. 58. Any civil protection authority in whose area of jurisdiction a major or minor disaster occurred or was apprehended requiring response operations under the authority's responsibility according to the civil protection plan must, within six months following the emergency, report to the regional authority the date, time, site, nature, probable causes and circumstances of the event and the emergency response and recovery operations conducted.

Reporting of information. However, any information whose disclosure would in all likelihood affect judicial proceedings in which the authority, any of the members of its council or a person designated under section 54 has an interest may be reported only once the judgment in the case has become *res judicata*.

Report. 59. Within three months after the end of its fiscal year, every regional authority must adopt by resolution, and submit to the Minister, a report on the actions taken pursuant to its civil protection plan and the degree to which the determined objectives have been achieved, along with its civil protection projects for the coming year. The report must be submitted together with

(1) a document identifying the authorities that failed to take the actions for which they are responsible under the civil protection plan ; and

(2) any emergency situation reports submitted to the authority pursuant to section 52 or 58.

Major or minor disaster.

72. Where human life, health or physical integrity is threatened by an actual or imminent major or minor disaster, the Minister or any person designated by the Minister for that purpose may

(1) require any expert, person required to report a risk or person whose activities or property are threatened or affected by the disaster and constitute a potential source of disaster aggravation to provide scientific, technical or other information, and gain access to the location of the activities or property or to the disaster site in order to assess how the risk is or could be affected by the disaster or, in the case of the disaster site, to ascertain the causes, development and potential effects of the disaster; and

Inquiry. 78. The Minister or a person designated by the Minister for that purpose may inquire into any matter under the purview of this Act.

Conclusions of inquiry. The Minister may transmit the conclusions of the inquiry to the persons concerned.

Corrective measures. Immunity. 79. The Minister, persons designated under section 72, inspectors and investigators may not be prosecuted by reason of any act in good faith done in the exercise of their functions.

DIVISION II

QUÉBEC'S NATIONAL CIVIL PROTECTION PLAN

Establishment. 80. The Minister of Public Security shall establish and maintain, in conjunction with the other ministers and heads of government bodies enlisted by the Minister, a national civil protection plan for Québec designed to

(1) provide support to civil protection authorities and government departments and government bodies where the magnitude of a major disaster risk or of an actual or imminent major disaster exceeds their capacity for action in the areas under their jurisdiction;

(2) reduce the vulnerability of society to the major disaster risks determined by the Minister having foreseeable consequences on a Québec-wide scale, in particular through disaster mitigation, emergency response planning, emergency response or recovery measures, or through separate risk management at the appropriate level, in collaboration with other governments or regional or local authorities concerned; and

(3) ensure that government departments and government bodies collaborate in specified areas of activity in view of their impact on civil protection matters.

Actions. 81. Québec's national civil protection plan shall determine, in keeping with the respective jurisdictions of governments departments and government bodies, the specific actions that each of them must be prepared to take to achieve the objectives of the plan.

- Certified true copy. **82.** As soon as possible after the coming into force of the plan, the Minister shall send a certified true copy of the plan to civil protection authorities and a summary of the plan to local municipalities.
- Corrections. The same applies to any subsequent change to the plan if it entails corrections to the documents sent under the first paragraph.

DIVISION III

- Financial assistance programs. **100.** The Government may establish the following general financial assistance programs and fix the applicable eligibility requirements, scales and terms and conditions of payment:
- (1) programs in respect of actual or imminent disasters or other events that compromise human safety, designed to

(3) programs designed to provide compensation for the extra costs incurred during a state of emergency by civil protection authorities, local municipalities, community organizations or civil protection associations in the exercise of powers under section 47 or 93.

Special compensation or financial assistance programs.

101. The Government may establish special compensation or financial assistance programs to meet specific needs arising from a particular disaster, from another event that compromises human safety or from the imminence of such a disaster or event, and fix the applicable eligibility requirements, scales and terms and conditions of payment.

Establishment.

102. Financial assistance and compensation programs shall be established on the basis of the following principles:

(1) the programs must provide primary assistance as regards extra housing, food and clothing costs;

(2) as regards other forms of financial assistance, the programs must, as far as possible, take into consideration any existing programs under other Acts, any existing programs of the federal government, public bodies, community organizations or non-profit associations, and the damage insurance available on the Québec market and generally carried within the territory concerned.

Damage.

103. Damage excluded from the application of sections 48 and 95 is considered to be damage caused by a disaster for the purposes of financial assistance and compensation programs.

Eligibility.

104. Persons having accepted a risk, persons who, without valid reason, failed to take the mitigation measures prescribed by law or ordered by a competent public authority in respect of a risk, and the persons who are responsible for their losses, are not eligible under any financial assistance program for the repair of damage caused to property by a disaster.

- Eligibility. 105. Regional or local authorities or civil protection authorities that did not take part in the development of a civil protection plan or establish safety measures although they were required to do so or that did not implement the established safety measures although they were clearly required by the situation, that did not take the measures ordered under section 77 or 78 or that did not fulfil other civil protection obligations imposed on them by law are not eligible under any financial assistance program in respect of disasters.
- Eligibility. Authorities having authorized a settlement on a site, subsequently threatened or affected by a disaster, where occupation of the land was commonly known to be subject to special restrictions by reason of the risk of such a disaster, without imposing such restrictions, are not eligible under any financial assistance program in respect of disasters.
- Applicability. However, this section does not apply to financial assistance programs designed to facilitate the implementation of mitigation and emergency response planning measures. The second paragraph does not apply with respect to structures and uses existing on 20 December 2001, unless the destination of an immovable is changed after that date, which shall be considered a new settlement for the purposes of this section.
- Damage. 106. Where damage is caused by a disaster to property located on a site where the occupation of the land was commonly known to be subject to special restrictions by reason of the risk of such a disaster, financial assistance may be conditional upon the implementation of impact mitigation measures, the relocation of the property or the relocation of the occupants.
- Publication. 107. All programs shall be published in the *Gazette officielle du Québec* and widely publicized.
- Administration of programs. 108. The Minister is responsible for the administration of the programs established under this division, subject to the designation of another minister or to a joint designation by the Government made in the order establishing a program.
- Delegation. To facilitate the implementation of a program, the granting of benefits and all other acts of administration under the program may be delegated by the minister responsible, subject to specified conditions, to a municipality, an organization or a person for the implementation period or for the period defined in the instrument of delegation.
- Information. Any information relating to the administration of a program that is not under the responsibility of the Minister of Public Security must be communicated to the Minister on request.
- Decision. 109. The decision to implement, in respect of a specific risk or event, a general program described in section 100 established before the discovery of the risk or the occurrence of the event is incumbent upon the minister responsible for the administration of the program or a person empowered to

act under subparagraph 14 of the first paragraph of section 93. The decision shall specify the nature of the risk or event, the territory concerned and the implementation period.

- Implementation. Any program described in section 101 established after the discovery of the risk or the occurrence of the event that is the specific subject of the program must specify the same information, and shall be implemented upon its publication in the *Gazette officielle du Québec* or on any later date indicated therein.
- Minister's powers. The minister responsible for the administration of a program may, as appropriate, extend the territory to which it applies, prolong the implementation period or, if it has not expired, shorten the implementation period, but in the latter case, the expiry date may not be earlier than the date of publication in the *Gazette officielle du Québec* of the decision to shorten the implementation period.
- Publication. Any decision under this section shall be published in the *Gazette officielle du Québec*, and shall be published and disseminated by the most efficient means available to ensure that the persons concerned are rapidly informed.
- Benefits. 110. To claim benefits under a program, a person must apply to the authority responsible for the administration of the program, supply any information or document required by that authority for that purpose and allow the authority to examine the premises or property concerned as soon as practicable. The applicant must also inform the authority of any change in the applicant's situation that may affect the applicant's eligibility or the amount of the assistance or of the indemnity granted under the program.
- Assistance. 111. The authority responsible for the administration of a program shall lend assistance to any person who so requests so as to facilitate the person's understanding of the program and, where appropriate, the person's filing of an application.
- Prescription. 112. Entitlement to financial assistance or compensation under a program established under this division is prescribed one year after its implementation date or, if a decision is made to extend the territory to which it applies, one year after the date of the decision as far as the additional territory is concerned. If the damage appears progressively or tardily, the prescription period runs from the day the damage first appears, provided this first appearance does not occur more than five years after the implementation of the program or the decision to extend the territory, as the case may be.
- Application. Any application filed more than three months after the beginning of the prescription period must, on pain of refusal, have been preceded by a notice filed by the applicant within those three months specifying the nature of the application to be filed, unless the applicant shows that it was impossible to act sooner.

- Exceptional cases. 113. In exceptional cases, the minister responsible for the administration of a program established under this division may decide, for humanitarian reasons, that a person who otherwise would be excluded from the program is entitled to the benefits determined by the Minister.
- Financial assistance. 114. Financial assistance granted under this division must be used exclusively for the purposes for which it is granted.
- Financial assistance. 115. Entitlement to financial assistance under this division is a personal right, subject to the following.
- Principal residence. The right to financial assistance relating to a principal residence or to the essential belongings in a principal residence may, if the person entitled to the assistance dies or, because of physical disability, is unable to maintain the domicile, be exercised by the persons who were living with that person at the time of the event that is the subject of the program and who inherit the property or maintain the domicile.
- Property essential to family business. The right to financial assistance relating to the property essential to a family business which is the livelihood of a person or that person's family may, if the person dies or is unable to carry on his or her activities, be exercised by a member of the family who carries on the business after the event that is the subject of the program.
- Unassignable right. 116. Entitlement to financial assistance or to compensation may not be assigned.
- Unseizable financial assistance. 117. Financial assistance granted to a recipient may not be seized.
- Subrogation. 118. The Government is subrogated by operation of law in the rights of any person having received benefits under a financial assistance or a compensation program, up to the amounts paid, against any third party responsible for the damage or the event that is the subject of the program.
- Repayment. 119. The recipient of financial assistance or compensation must repay to the Minister any amount received without due cause, unless it was paid as a result of an administrative error which the recipient could not reasonably have discovered.
- Recovery. The amount may be recovered within three years of the payment or, in case of bad faith, within three years of the discovery of the fact, but in no case more than 15 years after the payment.
- Hypothec. 120. Any amount due under a subrogation or a claim for overpayment is secured by a legal hypothec on the property of the debtor.
- Review. 121. The person directly concerned by a decision regarding eligibility or the amount of assistance or compensation granted under a program, a condition imposed under section 106 or a claim for overpayment may, within two

months of the date on which the person is notified of the decision, apply in writing for a review, except in the case of a decision under section 113.

Refusal. The application for a review may not be refused on the ground that the time limit has expired if the applicant proves that it was impossible to act earlier.

Review. The decision shall be reviewed by a person designated for such purpose by the minister responsible for the implementation of the program concerned.

Review. An application for a review does not suspend the carrying out of the decision, unless the person designated for the purpose of the review decides otherwise.

Consolidated revenue fund. **122.** The sums required for the administration of the programs established under this division, including extra administrative costs incurred during a disaster situation or other event that compromises human safety and during the recovery period, shall be taken out of the consolidated revenue fund.

Consolidated revenue fund. Amounts recovered under section 118 or 119 shall be paid into the consolidated revenue fund.

DIVISION III

REGULATORY POWERS

Regulations. **123.** In addition to its other regulatory powers under this Act, the Government may, to the extent that in so doing it does not encroach upon the jurisdiction of other regulatory authorities of the Administration, make regulations

(1) prescribing standards for the monitoring of activities, property or natural phenomena that generate major or minor disaster risks;

(2) prescribing safety standards designed to eliminate or reduce major and minor disaster risks, or to mitigate the impact of a major or minor disaster;

(3) prescribing standards applicable to civil protection equipment, the use thereof and the identification of rescue workers and equipment;

(4) making the standards developed by another government or a standards organization mandatory and specifying that, in such a case, references to the texts setting out the standards include any subsequent changes to those texts;

(5) making specified uses of an immovable and types of work subject to the production of a study showing that the projected use or work does not constitute a substantial major or minor disaster risk or does not reduce existing safety conditions, and prescribing rules for such studies, including rules pertaining to content and to the qualifications of the person who is to conduct the study; and

(6) determining the manner in which and the time within which the standards prescribed under this paragraph may be made applicable to existing activities or property.

Powers.

The Government may also

(1) establish methods and criteria applicable to the determination of the vulnerability of a community to major disaster risks in its environment ;

(2) determine the honours and citations that may be awarded, the cases in which they may be awarded, the awarding procedure and the classes of persons or organizations eligible for such honours and citations ; and

(3) determine the provisions of a regulation made under the first paragraph whose violation constitutes an offence, and indicate, for each offence, the fines to which an offender is liable, which may not exceed \$10,000.

CHAPTER VIII

PRESUMPTIONS, RIGHTS AND IMMUNITY

Superior force.

124. Any person obeying an order given under section 47 or 93 is deemed to be confronted by superior force.

Agent or servant.

125. A person mobilised pursuant to measures established under this Act or whose intervention is required or expressly accepted under this Act is, for the purposes of third-party liability, deemed to be an agent or servant of the authority under whose command the person is placed, for the duration of the person's intervention. However, a person mobilised pursuant to section 83 is deemed to be an agent or servant of the delinquent civil protection authority and a person mobilised outside Québec for the implementation of cooperative measures referred to in section 68 is deemed to be an agent or servant of the Government.

Presumption.

The same presumption applies, with the necessary modifications, to training periods, measure assessment exercises and preparatory exercises.

Presumption.

The presumption does not apply, however, to agents or servants of the State or of legal persons established in the public interest who do not cease to act in the exercise of their functions for the sole reason that they are placed temporarily under the command of another authority.

Relief from liability.

126. Any person referred to in section 125 who takes part in response operations in an actual or imminent disaster situation or other event to which this Act applies is relieved from liability for any damage resulting from his or her intervention, unless the damage is caused by the person's intentional or gross fault.

- Relief from liability. Such relief from liability extends to the authority under whose command the person is placed, the authority whose agent or servant the person is deemed to be and the authority conducting or having requested the response operations, except, in the case of a major disaster, if the authority did not take part in the establishment of a civil protection plan or did not adopt safety measures as required, or if the measures provided for in the applicable emergency preparedness plan and related to the alleged acts were not taken or carried out in accordance with the established procedure.
- Representation or defence. 127. The authority whose agent or servant a person is deemed to be pursuant to section 125 is bound to assume the representation or defence of the person at a coroner's inquiry or a fire investigation commissioner's inquiry concerning the event during which the person intervened, or in proceedings before a court or body exercising adjudicative functions concerning an act done by the person in the performance of the tasks entrusted to the person.
- Agreement. The authority may, instead of fulfilling such obligation, make an agreement with the person for reimbursement of any reasonable costs incurred by the person or the person's representative.
- Relief from obligation. The authority is relieved from such obligation if
- (1) the person specifically consents thereto in writing ;
 - (2) the authority is itself the plaintiff in the proceedings ;
 - (3) the act constitutes a gross or intentional fault ; or
 - (4) the person is convicted of an offence or an indictable offence, and had no reasonable grounds to believe that his or her conduct was in compliance with the law.

CHAPTER IX

PENALTIES AND REMEDIES

- Offence and penalty. 128. The following persons are guilty of an offence and are liable to a fine of \$1,000 to \$5,000 in the case of a natural person and \$3,000 to \$15,000 in the case of a legal person :

entitled to give, to communicate the information or documents they are entitled to require or, without valid reason, to provide the help or assistance they are entitled to require, or who conceals or destroys documents or other things relevant to the exercise of their functions; and

(3) every person who reports or provides false, incomplete or misleading information or a document that is incomplete or contains false or misleading information in order to deceive the person entitled to the information.

- Prescription. Penal proceedings for an offence under subparagraph 3 of the first paragraph are prescribed one year after the prosecutor is apprised of the commission of the offence. However, proceedings may not be instituted more than five years after the commission of the offence.
- Offence and penalty. 129. Every employer is guilty of an offence and liable to a fine of \$200 to \$1,000 who, without good cause shown, by discriminatory measures, reprisals, a change in employment conditions, transfer, suspension or dismissal or any other sanction, prevents an employee from acting or aims to punish an employee for having acted under the command of a civil protection authority, a government department or body involved in civil protection or a municipality that declared a state of emergency when the employee is mobilised or his or her intervention is required under this Act, provided the person informed the employer that he or she had to leave work precipitously or could not report for work.
- Remedy. In addition, a person who feels aggrieved by a measure referred to in the first paragraph may exercise a remedy before a labour commissioner as if it were a recourse related to the exercise of a right under the Labour Code (R.S.Q., chapter C-27). Sections 15 to 20, 118 to 137, 139, 139.1, 140, 146.1 and 150 to 152 of the said Code apply, with the necessary modifications.
- Offence and penalty. 130. Every director or senior executive of a legal person who takes part in, consents to, orders, advises or authorizes the commission of an offence is guilty of an offence and is liable to the penalty prescribed for that offence.
- Second or subsequent offence. 131. In the case of a second or subsequent offence, the minimum and maximum fines prescribed in this Act or in a regulation under section 123 are doubled.
- Judge. 132. A judge may order an offender to remedy any contravention of which the offender was found guilty.
- Prior notice. Prior notice of the application for the order must be given by the prosecutor to the offender unless the offender is in the presence of the judge.
- Penal proceedings. 133. Penal proceedings for an offence under section 8, 9, 12, 13 or 14 enforceable by a local municipality may be instituted by the municipality.

- Municipal court. The municipality may bring the proceedings before the competent municipal court.
- Fine. The fine belongs to the municipality, where it instituted the proceedings.
- Costs. The costs relating to proceedings instituted before a municipal court belong to the municipality under the jurisdiction of that court, except the part of the costs remitted to another prosecuting party by the collector under article 366 of the Code of Penal Procedure (R.S.Q., chapter C-25.1) and the costs remitted to the defendant or imposed on the prosecuting municipality under article 223 of the said Code.

The information may in such case be communicated to any person exposed to the danger or that person’s representative, and to any person who can come to that person’s aid. The information may be communicated only by a person or a person belonging to a class of persons authorized by the director of professional services or, failing such a director, by the executive director of the institution. The persons so authorized may only communicate such information as is necessary to achieve the purposes for which the information is communicated. Exception.

Such obligation, however, shall not apply when the notary is expressly or implicitly relieved therefrom by the person who made such confidences or where so ordered by law.

Communication.

A notary may, in addition, communicate information that is protected by professional secrecy, in order to prevent an act of violence, including a suicide, where the notary has reasonable cause to believe that there is an imminent danger of death or serious bodily injury to a person or an identifiable group of persons. However, the notary may only communicate the information to a person exposed to the danger or that person’s representative, and to persons who can come to that person’s aid. The notary may only communicate such information as is necessary to achieve the purposes for which the information is communicated.”

Regulatory provisions.

17. The Bureau of a professional order must, within a year following the date of coming into force of this section, adopt and transmit to the Office des

professions du Québec the regulatory provisions provided for in the second paragraph of section 87 of the Professional Code. If the Bureau fails to adopt and transmit the regulatory provisions within the prescribed time, the Office must recommend that the Government adopt the provisions in the place and stead of the Bureau.

Code of ethics.

The fact that the code of ethics of an order does not include provisions, setting out the terms and conditions applicable to the communication of information established pursuant to the second paragraph of section 87 of the Professional Code does not exempt a professional entered on the roll of that order from communicating the information.

Directive.

18. The fact that no directive has been issued by a department or a body to determine the terms and conditions according to which confidential information may be communicated pursuant to section 59.1 of the Act respecting Access to documents held by public bodies and the Protection of personal information, section 72.8 of the Youth Protection Act, section 19.0.1 of the Act respecting health services and social services and the second paragraph of section 7 of the Act respecting health services and social services for Cree Native persons does not dispense a person from communicating such information where the conditions for such a communication exist.

Coming into force.

19. This Act comes into force on 20 December 2001, except section 16, which shall come into force on the date fixed by the Government.

	Provisions relating to the structure of credit unions and federations
	1. The new provisions relating to the structure of credit unions and federations whose fiscal period ended before 1 February 1997, and that therefore have eight months in which to hold their annual meeting, apply thereto from the time at which their respective annual meeting is held. In such case, the new provisions relating to structure apply thereto only from the time at which the annual meeting is held. Credit unions and federations that do not take advantage of that extended time period may postpone until a later special meeting, held before 1 October 1997, the election of the members of their board of directors and board of audit and ethics, in which case the new provisions relating to structure will apply thereto only from the time at which that meeting is held.

Chapter 80

AN ACT RESPECTING ASSOCIATES MORTGAGE CORPORATION AND AVCO FINANCIAL SERVICES QUÉBEC LIMITED

[Assented to 21 June 2001]

Preamble.

WHEREAS Avco Financial Services Québec Limited, a legal person constituted on 23 August 1965 and governed by the Companies Act (R.S.Q., chapter C-38), has been dissolved since 1 September 2000;

Whereas by agreement signed at London, Ontario on 28 September 1999, Associates Mortgage Corporation has acquired all the rights, titles, interests of any nature and all the assets and accounts receivable of Avco Financial Services Québec Limited, and whereas since that date, Associates Mortgage Corporation has acted as holder of all claims and accounts receivable and as owner of all the assets of Avco Financial Services Québec Limited;

Whereas since 28 September 1999, all borrowing clients have been notified of that assignment and consequently have been repaying their debts to Associates Mortgage Corporation;

Whereas more than 1,325 hypothecs have been granted to Avco Financial Services Québec Limited in several registration divisions of Québec and whereas those hypothecs have different terms;

Whereas in the normal course of business, consumers may also repay their debts before the due date, which then gives them the right to an acquittance and a release;

Whereas the provisions of Book Nine of the Civil Code respecting publication in the land register do not allow for publication in the land register of the agreement reached on 28 September 1999 so as to make the transfer of the hypothecary claims conveyed by Avco Financial Services Québec Limited to Associates Mortgage Corporation effective against third persons;

Whereas the provisions of the Act respecting the legal publicity of sole proprietorships, partnerships and legal persons (R.S.Q., chapter P-45) do not allow for Avco Financial Services Québec Limited to revive;

Whereas, consequently, the acquittance and release of the security, following the repayment of a claim by a borrowing client, and the transfer of the immovable property acquired through the realization on securities created to guarantee the payment of debts, cannot be published in the land register in the name of Associates Mortgage Corporation;

Whereas the passage by the National Assembly of an Act authorizing the name “Associates Mortgage Corporation” to be substituted for the name “Avco Financial Services Québec Limited” is in the interest of persons having relations with those two companies, and more particularly the borrowing clients, and whereas the object of the passage of such an Act is to clearly establish their rights and obligations ;

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS :

- Substitution. 1. From the date of 28 September 1999, Associates Mortgage Corporation is substituted *de pleno jure* for Avco Financial Services Québec Limited everywhere and with respect to any situation where Avco Financial Services Québec Limited is appointed, notwithstanding by what document, instrument, proceeding or judgment Avco Financial Services Québec Limited was appointed and whatever title was used to appoint it and, more particularly but without limiting the generality of the foregoing, with respect to any situation where Avco Financial Services Québec Limited is designated as the owner of a movable or immovable property and as creditor under a loan contract guaranteed or not by movable or immovable security.
- Movables or immovables. The fact that some of the movables or immovables referred to in this section are situate outside Québec does not prevent such substitution.
- Name. 2. Subject to section 5, where a notarial act or private writing, a judgment or any other instrument imposes any obligations or confers any rights on Avco Financial Services Québec Limited in relation to any situation described in section 1, the name “Associates Mortgage Corporation” is substituted for the name “Avco Financial Services Québec Limited”.
- Substitution. 3. From the date of 28 September 1999, Associates Mortgage Corporation is substituted *de pleno jure* for Avco Financial Services Québec Limited in all rights related to property, corporeal or incorporeal, movable or immovable, vested in it in relation to any situation described in section 1, whether in the form in which it was originally acquired by Avco Financial Services Québec Limited or otherwise, and such substitution is effective without any need of publication or deposit of this Act or any other document indicating such substitution in a registry office in Québec or in the register of personal and movable real rights for Québec.
- Proceedings. 4. Subject to section 5, no proceeding which is exercised or which may have been exercised by or against Avco Financial Services Québec Limited in relation to any situation described in section 1, before any court or administrative tribunal or any government agency in Québec, shall be suspended or terminated as a result of the coming into force of this Act; however, such proceedings may be continued in the name of Associates Mortgage Corporation, which shall have the same rights and obligations as if they had been commenced in its name or against it, upon a simple written notice served to all parties and deposited in the record of such proceedings.

- Claims. 5. Nothing in this Act affects the rights of a person having any claim against Avco Financial Services Québec Limited in relation to any situation described in section 1 nor lessens, changes or affects the liability of the company towards such a person regarding events that occurred before 28 September 1999.
- Payments. 6. Any person under an obligation to make payments to Avco Financial Services Québec Limited in relation to any situation described in section 1 shall continue to make such payments to Associates Mortgage Corporation.
- Publication. 7. For the publication, in the land register or the register of personal and movable real rights, of any cancellation, release, acquittance or any other real right and the publication of any cadastral amendment, and for the registration of a right or power of Avco Financial Services Québec Limited, the document transmitted to the registry office for the registration division concerned or to the register of personal and movable real rights shall mention that Associates Mortgage Corporation acts in the rights of Avco Financial Services Québec Limited pursuant to the substitution operated by this Act and shall refer to this Act.
- Rights and obligations. 8. This Act does not change or otherwise affect the rights and obligations of Associates Mortgage Corporation as assignee of all the rights of Avco Financial Services Québec Limited.
- Applicability. 9. This Act applies where Services Financiers Avco Québec Limitée is designated under the English version of its name, Avco Financial Services Québec Limited, and where Les Associés, Corporation de Prêts Hypothécaires is designated under the English version of its name, Associates Mortgage Corporation.
- Coming into force. 10. This Act comes into force on 21 June 2001.

WHEREAS the original owners of a part of lot 1542 of the cadastre of the city of Montréal (Saint-Antoine ward), described more fully in the schedule, have performed no act of possession in respect of that immovable since 1871 ;

Whereas genuine efforts have been made to locate the heirs or successors of the original owners of that immovable and those efforts have proved unsuccessful ;

Whereas the immovable has never been considered by Ville de Montréal as forming part of the public domain ;

Whereas for the purpose of the carrying out of a project know as the “Cité du commerce électronique”, the Société de développement de Montréal, the constitution of which as a legal person has been requested by Ville de Montréal under its charter, has become the owner of most of the lands contiguous to the lane and will shortly become the owner of the others ;

Whereas the Société de développement de Montréal intends to integrate the immovable into the Cité du commerce électronique ;

Whereas the impossibility of locating the owners of the immovable constitutes an obstacle to the carrying out of the Cité du commerce électronique project ;

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS :

Owner of land.

1. The Société de développement de Montréal is hereby declared to be the owner of the land of a known irregular shape, designated as forming part of lot 1542 of the cadastre of the city of Montréal (Saint-Antoine ward), that part of the lot being more fully described in the schedule.

If any natural or legal person, or partnership that, but for section 1, could have claimed any right of ownership in the immovable or any part thereof referred to in that section, the claim shall be converted into a personal claim against the Société de développement de Montréal for an amount equal to the value of the right of ownership determined on 21 June 2001.

- Prescription. Any such claim will be prescribed on the same day as the claim to the right of ownership it replaces would have been had the claim not been so converted, and shall not constitute a real right, charge or hypothec in respect of that immovable or any part thereof.
- Act not applicable. 3. The Act respecting duties on transfers of immovables (R.S.Q., chapter D-15.1) does not apply to the transfer effected under section 1.

Chapter 82

AN ACT RESPECTING CERTAIN IMMOVABLES OF THE CADASTRE OF THE TOWNSHIP OF MÉTABETCHOUAN

[Assented to 21 June 2001]

Preamble.

WHEREAS on 30 November 2000, Groupe Lactel Limited Partnership, constituted under the provisions of article 2186 and following of the Civil Code of Québec and registered with the Inspector General of Financial Institutions under No. 3344703056, sold its assets relating to the carrying on of its enterprise consisting in the production, manufacture and marketing of dairy products to Agropur Coopérative, a cooperative registered with the Inspector General of Financial Institutions under No. 1143183813 ;

Whereas among the assets thereby sold, Groupe Lactel Limited Partnership, among other things, sold to Agropur Coopérative the immovables described in the schedule, the whole as it appears in the notarial deed of sale made on 6 December 2000 between Groupe Lactel Limited Partnership and Agropur Coopérative and published at the registry office of the registration division of Lac-Saint-Jean-Ouest on 14 December 2000, under No. 315551 ;

Whereas Agropur Coopérative, Groupe Lactel Limited Partnership and their predecessors have for at least thirty years occupied the immovables described in the schedule in a public, peaceful, unequivocal and continuous manner, in particular by erecting and operating a dairy plant thereon ;

Whereas despite that public and peaceful occupancy, the following defects affect the titles of ownership of Agropur Coopérative in the immovables described in the schedule, namely :

— the precarious holding of the titles of ownership of a predecessor of Agropur Coopérative, J. A. Bonneau & Fils Ltée, in parts of lots 1, 2, 3 and 4, range two (Rg 2) south, eastern section and part of lot 1, range two (Rg 2) south, western section, in part of the lot being Block 9 and part of the former Kénogami road, all of the cadastre of the township of Métabetchouan, resulting from the nullity of the proceedings and instruments by which that predecessor acquired the titles, in particular (i) the sale by sheriff's auction held on 13 July 1967 pursuant to writ No. 33114 dated 11 May 1967 of the Superior Court, district of Roberval, in the case of J. A. Bonneau & Fils Ltée against the Registrar of the Bankruptcy Court of the district of Roberval, in the rights of J. Paul Sauvé, trustee in the property of Desmeules & Frères Ltée in bankruptcy, (ii) the seizure made against the Registrar of the Bankruptcy Court of the district of Roberval in that record and (iii) the certificate of sale under private writing by Léon Maurice Lavoie, sheriff of the district of Roberval, on 17 July

1967, that seizure and certificate of sale having been published under Nos. 12-F and 111978, respectively, at the registry office of the registration division of Lac-Saint-Jean-Ouest, when the proceedings should have been brought against Desmeules & Frères Ltée or against J. Paul Sauvé, trustee in the property of Desmeules & Frères Ltée in bankruptcy ;

— the occupancy without title by the predecessors of Agropur Coopérative of part of lot one (Pt 1), range three (Rg 3) south, western section, and of parts of lots 1, 2 and 3, range two (Rg 2) south, eastern section, all of the cadastre of the township of Métabetchouan, those parts of lots having been omitted or withdrawn from the titles of the predecessors despite the occupancy of those parts by the predecessors ;

— the occupancy without title by the predecessors of Agropur Coopérative of immovables without cadastral designation shown in the original cadastre as streets and roads (including the former Kénogami road), that had been reserved in 1884 by predecessor E. J. Price Brothers and Co. for street and road purposes, that were transferred to Johnny Demeule and Nazaire Demeules by an instrument signed on 15 July 1907 and published under No. 6216 and confirmed by an instrument signed on 24 October 1914 and published under No. 11725, which do not appear to have been transferred to the municipality of Chambord, certain of which have never been used as a public road, whereas some of such immovables that were formerly part of the said public roads, in particular the former Kénogami road replaced by Desmeules highway, have since been relocated or are now unused for any other reason, whereas the immovables without cadastral designation appearing on the cadastral plan in the nature of a public road, do not appear to have been the subject of a street and road closing by-law of the municipality of Chambord, whereas the title of ownership in those immovables is indeterminable, and whereas since the instrument of confirmation published under No. 11725, they have always, through repeated error and despite the occupancy, been withdrawn from the titles of ownership of the predecessors of Agropur Coopérative ;

— the error in the measures and areas of the parts of lots 1, 2 and 3, range three (Rg 3) south, eastern section, of the cadastre of the township of Métabetchouan mentioned in the gift by Nazaire Desmeules to Azarias Desmeules, his son, under the terms of a notarial deed signed on 29 June 1913 and published at the registry office of the registration division of Lac-Saint-Jean-Ouest, under No. 10838, that error being repeated, despite the occupancy, in the instruments that later transferred or evidenced the transfer of ownership in those immovables ;

— the error in the measures and area of the part of lot 4, range two (Rg 2) south, eastern section, of the cadastre of the township of Métabetchouan mentioned in the titles of ownership of the predecessors of Agropur Coopérative, arising from the fact that the measures and area are not consistent with the occupancy by reason, in particular, of an excess of land, an error in the cadastre and a relocation of Desmeules highway ;

— the occupancy of parts of lots 1, 2, 3 and 4, range two (Rg 2) south, western section, of the cadastre of the township of Métabetchouan, registration division of Lac-Saint-Jean-Ouest, of a part of land that was formerly part of the former Kénogami road, of Block 9 of the same cadastre (corresponding to a former part of lot 1, range one (Rg 1) south, eastern section, to a former part of lot 1, range one (Rg 1) south, western section, to a former part of lot 1, range two (Rg 2) south, eastern section, to a former part of lot 1, range two (Rg 2) south, western section, to a former part of lot 2, range two (Rg 2) south, western section, of the same cadastre and to another part of land also formerly part of the former Kénogami road) and parts of lots 1, 2, 3 and 4, range two (Rg 2), south, eastern section of the same cadastre, despite irregularities in the titles and in the descriptions of the lands that are not individually distinguished, in particular in the deeds of sale published at the registry office of the registration division of Lac-Saint-Jean-Ouest under No. 140835 or No. 141349;

— the fact that, in the instruments that transferred the ownership of the parcels described in the schedule or that evidenced the transfer of ownership of those parcels, the parcels are not always individually distinguished or described by their metes and bounds and that, even where they are so distinguished or described, the designation does not always contain the elements necessary to situate the relative position of the immovable;

Whereas Groupe Lactel Limited Partnership made a commitment to Agropur Coopérative to correct the defects in the titles so that Agropur Coopérative may hold good, valid and incontestable titles of ownership in the immovables described in the schedule;

Whereas it is impossible to obtain voluntary renunciations or a judgment recognizing the extinction of rights by prescription necessary for the correction of the defects in the titles, which is the object of this Act, because of the incapacity of Groupe Lactel Limited Partnership to identify and contact the holders of rights related to or at the source of the defects because of their great number, the length of time for which the defects have existed and their numerous repetitions, and whereas the municipality of Chambord has been notified of this Act;

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS:

Ownership.

1. Agropur Coopérative is hereby declared the owner of the parts of lots 1, 2, 3 and 4, range two (Rg 2) south, eastern section, of the cadastre of the township of Métabetchouan described in the schedule as being parcels 24, 25, 26 and 27, of a part of the former Kénogami road that is now part of parcel 23 described in the schedule and that is referred to in the certificate of sale under private writing published at the registry office of the registration division of Lac-Saint-Jean-Ouest under No. 111978 and of the part of Block 9 (described in the schedule as being parcel 81) corresponding to a former part of lot 1, range two (Rg 2) south, western section, of the same cadastre and to another part of the former Kénogami road, that part of lot and that part of former public road also being referred to in the same certificate of sale and the title of ownership of Agropur Coopérative in those parcels, as they are described in

the schedule, cannot be contested by reason of the nullity of the proceedings of seizure and sale of the property of the bankrupt Desmeules & Frères Ltée, brought erroneously against the Registrar of the Bankruptcy Court of the district of Roberval in the rights of J. Paul Sauvé, trustee, when the proceedings should have been brought against Desmeules & Frères Ltée or against J. Paul Sauvé, trustee in the property of Desmeules & Frères Ltée in bankruptcy.

Ownership.

2. Agropur Coopérative is hereby declared the owner of the part of lot one (Pt 1), range three (Rg 3) south, western section, of the cadastre of the township of Métabetchouan described in the schedule as being parcel 52 and the parts of lots 1, 2 and 3, range two (Rg 2) south, eastern section, of the same cadastre described in the schedule as being parcels 24, 25 and 26 and the title of ownership of Agropur Coopérative in those parcels, as they are described in the schedule, cannot be contested by reason of the occupancy without title of those immovables by the predecessors of Agropur Coopérative and by reason of the fact that those parts of lots were omitted or withdrawn from the titles despite their occupancy.

Ownership.

3. Agropur Coopérative is hereby declared the owner of the immovables without cadastral designation shown in the original cadastre as streets and roads, in particular the former Kénogami road, and that are described in the schedule as being parcels 8, 23, 28, 29, 30, 40, 69, 70 and 81 (for the part of the former Kénogami road that is now part of Block 9), that have never been transferred to nor by the municipality of Chambord, certain of which have never been used as a public road, whereas the public roads that had one of those immovables as a right of way, in particular the former Kénogami road replaced by Desmeules highway, have since been relocated or are now unused for any other reason, despite the fact that the title of ownership in the immovables is indeterminable, and whereas since the instrument published under No. 11725, the immovables have always, by repeated error and despite the occupancy, been withdrawn from the titles of ownership of the predecessors of Agropur Coopérative.

Title of ownership.

The title of ownership of Agropur Coopérative in parcels 8, 23, 28, 29, 30, 40, 69, 70 and 81, as they are described in the schedule, cannot be contested by reason of that occupancy without title and the absence of transfers, by reason of the fact that the immovables or parts of those immovables are shown on the cadastral plan as streets and roads, by reason of the fact that they were not the subject of a municipal closing by-law or transfer since the deed of transfer by E. J. Price Brothers and Co. to Johnny Demeule and Nazaire Demeules by an instrument signed on 15 July 1907 and published under No. 6216, that instrument confirmed by an instrument signed on 24 October 1914 and published under No. 11725.

Rights or servitudes.

Any right or servitude of right of way in or on those parcels that could result from the fact that the original cadastral plan or the instruments published at the registry office in respect of contiguous immovables confer on them the nature of a street or public road is extinguished as of 21 June 2001, despite the fact that the municipality of Chambord, in the territory in which those parcels

are situated, never adopted a by-law closing the streets and public roads established on those parcels according to the cadastral plan.

Ownership.

4. Agropur Coopérative is hereby declared the owner of the parts of lots 1, 2 and 3, range three (Rg 3) south, eastern section, of the cadastre of the township of Métabetchouan, described in the schedule as being parcels 54, 55 and 56, and the title of ownership of Agropur Coopérative in those parcels cannot be contested by reason of the fact that the titles, despite the occupancy, failed to describe all the different parts of the lots concerned and that the measures and areas mentioned in the titles are erroneous, errors contained in the gift by Nazaire Desmeules to Azarias Desmeules, his son, under the terms of a notarial deed signed on 29 June 1913 and published at the registry office of the registration division of Lac-Saint-Jean-Ouest, under No. 10838, those errors being repeated in most of the instruments that later transferred or evidenced the transfer of ownership in those immovables.

Ownership.

5. Agropur Coopérative is hereby declared the owner of the part of lot four (Pt 4), range two (Rg 2) south, eastern section, of the cadastre of the township of Métabetchouan, described in the schedule as being parcel 27, and the title of ownership of Agropur Coopérative in that parcel cannot be contested by reason of the fact that the measures and area mentioned in the titles are erroneous and not consistent with the occupancy by reason, in particular, of an excess of land, an error in the cadastre and a relocation of Desmeules highway.

Title of ownership.

6. The title of ownership of Agropur Coopérative in the parts of lots 1, 2, 3 and 4, range two (Rg 2) south, western section, of the cadastre of the township of Métabetchouan respectively described in the schedule as being parcels 22, 21, 20 and 19, in a part of land that was formerly part of the former Kénogami road and described in the schedule as being parcel 23, in Block 9 of the same cadastre (described in the schedule as being parcel 81 and corresponding to a former part of lot 1, range one (Rg 1) south, eastern section, to a former part of lot 1, range one (Rg 1) south, western section, to a former part of lot 1, range two (Rg 2) south, eastern section, to a former part of lot 1, range two (Rg 2) south, western section, to a former part of lot 2, range two (Rg 2) south, western section, all of the same cadastre and to another part of land that was also formerly part of the former Kénogami road) and in the parts of lots 1, 2, 3 and 4, range two (Rg 2) south, eastern section, all of the same cadastre, described in the schedule as being parcels 24, 25, 26 and 27 cannot be contested by reason of irregularities in the designations of the immovables that are not individually distinguished or described by their metes and bounds in the case of parts of lots, in particular in the deeds of sale published at the registry office of the registration division of Lac-Saint-Jean-Ouest under No. 140835 or No. 141349 and in the instruments published subsequently that transferred or evidenced the transfer of ownership in those immovables in which the immovables were so distinguished or described.

Former Kénogami road.

The parts of the former Kénogami road described in the deeds of sale published at the registry office of the registration division of Lac-Saint-Jean-Ouest under No. 140835 or No. 141349 and in the instruments published

subsequently at the same registry office that transferred or evidenced the transfer of ownership in those immovables and in which the same description was used are deemed to be wholly situated within parcel 23 or parcel 81 described in the schedule.

- Contestation. 7. The title of ownership of Agropur Coopérative in the various immovables described in the schedule cannot be contested by reason of the fact that, in several instruments that transferred or evidenced the transfer of ownership in those immovables to their predecessors, parts of lots are not individually distinguished or described by metes and bounds or that, where they are so distinguished or described, the designation does not contain the elements necessary to situate the relative position of the immovable.
- Claim. 8. If a natural or legal person or a partnership could have, in the absence of sections 1 to 7, claimed a right of ownership or servitude of right of way or other similar rights and servitudes, in all or part of the immovables described in the schedule, the claim is converted into a personal claim against Groupe Lactel Limited Partnership for an amount equal to the value of such right of ownership or servitude of right of way or other similar rights and servitudes, computed on 21 June 2001.
- Prescription. Any such claim is prescribed on the same day as the claim to right of ownership or to a servitude of right of way or other similar rights and servitudes it replaces would have been, had it not been so converted, and shall not constitute a real right or a charge or hypothec on the immovables described in the schedule or on any of their parts.
- Publication of rights 9. Publication of the rights granted by this Act is effected by registration in the land register of a certified copy of the Act.
- Coming into force. 10. This Act comes into force on 21 June 2001.

AN ACT RESPECTING MUNICIPALITÉ DE SAINT-ISIDORE-DE-CLIFTON

[Assented to 20 December 2001]

Preamble.

WHEREAS Municipalité de Saint-Isidore-de-Clifton results from the amalgamation of Municipalité de Saint-Isidore-d'Auckland and Partie est du Canton de Clifton under Order in Council 1606-97 dated 10 December 1997;

Whereas on 12 December 1998, Municipalité de Saint-Malo annexed part of the territory of Municipalité de Saint-Isidore-de-Clifton, deriving from the territory of Partie est du Canton de Clifton;

Whereas under section 2 of the agreement on the apportionment of the assets and liabilities made on 23 November 1998 in respect of that annexation, Municipalité de Saint-Isidore-de-Clifton paid a sum of \$17,500 to Municipalité de Saint-Malo;

Whereas that section 2 does not indicate clearly that the sum was to be paid out of the surplus accumulated by Partie est du Canton de Clifton, despite the intent expressed during the negotiations that lead to the conclusion of the agreement;

Whereas section 12 of Order in Council 1606-97 dated 10 December 1997 concerns the allocation of the accumulated surplus;

Whereas the Act respecting municipal territorial organization (R.S.Q., chapter O-9) does not provide for the amendment of an order, except in the case of an error in writing or an obvious omission;

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS:

Surplus.

1. Notwithstanding section 12 of Order in Council 1606-97 dated 10 December 1997,

(1) a sum of \$17,500 shall be taken out of the surplus accumulated in the name of Partie est du Canton de Clifton to be paid into the general fund of Municipalité de Saint-Isidore-de-Clifton;

(2) any balance of such accumulated surplus shall be used exclusively for road maintenance and repair work in the sector consisting of the former territory of Partie est du Canton de Clifton, excluding the part annexed by Municipalité de Saint-Malo on 12 December 1998.

Pending cases.

2. This Act shall not affect any case pending on 5 June 2000.

Coming into force.

3. This Act comes into force on 20 December 2001.

AN ACT RESPECTING VILLE DE COATICOOK

[Assented to 20 December 2001]

Preamble. WHEREAS Ville de Coaticook results from the amalgamation of Ville de Coaticook and the townships of Barford and Barnston under Order in Council 1527-98 made on 16 December 1998;

Whereas the new city considers that amendments to the amalgamation order are necessary to lower the tax rate in certain sectors;

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS :

AN ACT RESPECTING VILLE DE MONT-TREMBLANT

[Assented to 20 December 2001]

Preamble. WHEREAS it is in the interest of Ville de Mont-Tremblant that it be granted certain powers and that certain deeds be validated;

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS :

Requisite condition. 1. Ville de Mont-Tremblant may prescribe in the zoning or subdivision by-law, as the case may be, as a requisite condition for the issue of a building permit or for the approval of a plan relating to a cadastral operation, that the owner undertake to gratuitously create a real servitude in favour of the city for the purposes referred to in section 117.1 of the Act respecting land use planning and development (R.S.Q., chapter A-19.1).

Interpretation. For the purposes of sections 117.1 to 117.15 of that Act :

(1) a corridor for recreational and sports activities is considered to be a park;

(2) the development of a parcel of land includes the construction of works related to pedestrian and vehicular traffic in a corridor referred to in subparagraph 1; and

(3) a servitude created in favour of the city is considered to be a parcel of land transferred to the city.

Transfer of immovable. 2. Notwithstanding section 117.15 of the said Act, the city may transfer gratuitously to the social trust referred to in section 4 an immovable acquired for the purposes of establishing or enlarging a park or playground or for the preservation of a natural area. The fund referred to in that section may be used to grant a subsidy to the trust.

Authorization. Every decision of the council having as its object the transfer of an immovable or the payment of a subsidy referred to in the first paragraph requires the authorization of the Minister of Municipal Affairs and Greater Montréal.

Use of fund. The city may also use the fund for the purposes mentioned in section 117.15 in relation to immovables in respect of which an agreement has been made with a school board, a regional county municipality, the Government or any of its ministers or bodies.

- Resolution. 3. Resolution 2001-1027 of Ville de Mont-Tremblant passed on 10 December 2001 approving the lease of a parcel of land and ratifying the contracts granted and expenses incurred, may not be invalidated on the grounds that
- (1) work was carried out on a parcel of land which did not belong to the city;
 - (2) a contract was not awarded in accordance with section 573.1 of the Cities and Towns Act (R.S.Q., chapter C-19);
 - (3) the making of the contract was not authorized by the council;
 - (4) the resolution was not passed in accordance with section 2 of the Municipal Works Act (R.S.Q., chapter T-14); or
 - (5) the lease to which Resolution 2001-1027 refers has effect as of 1 April 2001.
- Trust deed. 4. The trust deed creating the Domaine Saint-Bernard social trust, executed on 20 November 2000 before François Rainville, notary, under number 10960 of his minutes and published on 22 November 2000 at the registry office of the registration division of Terrebonne under registration number 1243992, may not be invalidated on the ground that the former Municipalité de Mont-Tremblant constituted a trust patrimony and transferred to that distinct patrimony all its rights of ownership attached to Domaine Saint-Bernard.
- Acts. 5. An act whereby a servitude was created as of 1 January 1992 in favour of the former Municipalité de Mont-Tremblant or Ville de Mont-Tremblant for the purposes referred to in section 117.1 of the Act respecting land use planning and development, and the acts performed by those municipalities to achieve those purposes, may not be invalidated on the ground that the law did not enable them to require the creation of the servitude.
- Acts. No illegality or irregularity may result from the fact that the municipalities spent moneys taken out of the fund referred to in section 117.15 of the Act respecting land use planning and development on the site of such a servitude.
- Effect. 6. Section 2 has effect from 22 November 2000.
- Coming into force. 7. This Act comes into force on 20 December 2001.

Tax credit. 1. Ville de Fleurimont may, by by-law, adopt a program for the purpose of granting a tax credit related to the setting up or enlarging of high technology establishments in the territory described in the schedule, subject to the terms and conditions determined in the by-law.

Period of eligibility. A by-law adopted under this section may not provide for a tax credit for a period exceeding five years ; the period of eligibility for the program may not extend beyond 31 December 2005.

Effect. The effect of the tax credit shall be to offset any increase in property taxes that may result from a reassessment of the immovables after completion of the work. For the fiscal year in which the work is completed and for the next two fiscal years, the amount of the tax credit shall be the difference between the amount of the property taxes that would be payable had the assessment of the immovables not been changed and the amount of the property taxes actually payable. For the next two fiscal years, the amount of the tax credit shall be, respectively, 80 per cent and 60 per cent of the amount of the tax credit for the first fiscal year.
