(1) that was paid in the year by the individual to a person who, at the time of the payment, is neither the individual's spouse nor under 18 years of age, on account of attendant care provided in Canada to the individual to enable the individual to perform the duties of an office or employment, to carry on a business either alone or as a partner actively engaged in the business, to carry on research or any similar work in respect of which the individual received a grant, or to attend an educational institution referred to in section 358.0.2, or a secondary school, at which the individual is enrolled in an educational program, and

(2) that is not included in computing a deduction under sections 752.0.11 to 752.0.13.0.1 for any taxation year, and

(b) B is the aggregate of all amounts each of which is an amount determined under subparagraph 1 of subparagraph ii of subparagraph *a*; and

Proof of payment  
required.

However, an amount that is referred to in subparagraph i of subparagraph *a* of the second paragraph and that was paid by the individual may be included in computing a deduction under the first paragraph only if the payment is proven by filing with the Minister one or more receipts each of which was issued by the payee and contains, where the payee is an individual, the individual's Social Insurance Number."

## “CHAPTER X

### “QUALIFYING DISPOSITION

Interpretation.

**“692.5.** In this chapter, “qualifying disposition” means a disposition of property by a person or partnership, in this section referred to as the “contributor”, as a result of a transfer of the property to a particular trust where

(a) the disposition does not result in a change in the beneficial ownership of the property;

(b) the proceeds of disposition would, but for sections 422 to 424, 454 to 462.0.1 and this chapter, not be determined under any provisions of this Part;

(c) if the particular trust is not resident in Canada, the disposition is not

i. by a person resident in Canada or by a partnership, other than a partnership each member of which is a person not resident in Canada, or

ii. a transfer of taxable Canadian property from a person not resident in Canada who was resident in Canada in any of the ten calendar years preceding the transfer;

(d) the contributor is not a partnership, if the disposition is part of a series of transactions or events that begin after 17 December 1999 that includes the cessation of the partnership’s existence and a subsequent distribution from a personal trust to a former member of the partnership in circumstances to which section 688 applies;

(e) unless the contributor is a trust, there is immediately after the disposition no absolute or contingent right of a person or partnership, other than the contributor or, where the property is co-owned, each of the joint contributors, as a beneficiary, determined with reference to section 646.1, under the particular trust;

(f) the contributor is not an individual, other than a trust described in any of subparagraphs *a* to *d* of the third paragraph of section 647, if the particular trust is described in any of those subparagraphs;

(g) the disposition is not part of a series of transactions or events

i. that begins after 17 December 1999 and that includes the subsequent acquisition, for a particular consideration given to a personal trust, of a capital interest or an income interest in the trust,

ii. that begins after 17 December 1999 and that includes the disposition of all or part of a capital interest or an income interest in a personal trust, other than a disposition solely as a consequence of a distribution from a trust to a person or partnership as consideration for all or part of that interest, or

iii. that begins after 5 June 2000 and that includes the transfer to the particular trust of property as consideration for the acquisition of a capital interest in the particular trust, if the property can reasonably be considered to have been received by the particular trust in order to fund a distribution, other than a distribution that is proceeds of disposition of a capital interest in the particular trust;

(h) the disposition is not, and is not part of, a transaction that occurs after 17 December 1999 and that includes the giving to the contributor, for the disposition, of any consideration, other than consideration that is an interest of the contributor as a beneficiary under the particular trust or that is the assumption by the particular trust of debt for which the property can, at the time of the disposition, reasonably be considered to be security;

(i) section 454 does not apply to the disposition and would not apply to the disposition if no election had been made under that section and if sections 454 and 462.0.1 were read without reference to section 454.2; and

(j) if the contributor is an amateur athlete trust, a cemetery care trust, an employee trust, an *inter vivos* trust deemed by section 851.25 to exist in respect of a congregation that is a constituent part of a religious organization, a segregated fund trust within the meaning of section 851.2, a trust described in paragraph c.4 of section 998 or a trust governed by an eligible funeral arrangement, a profit sharing plan, a registered education savings plan or a registered supplementary unemployment benefit plan, the particular trust is the same type of trust.

Rules applicable.

**“692.6.** For the purposes of paragraph *a* of section 692.5, the following rules apply:

(a) except where paragraph *b* applies, where a trust, in this paragraph and in section 692.7 referred to as the “transferor trust”, in a period that does not exceed one day, disposes of one or more properties in the period to one or more other trusts, there is deemed to be no resulting change in the beneficial ownership of those properties if

i. the transferor trust receives no consideration for the disposition, and

ii. as a consequence of the disposition, the value of each beneficiary's beneficial ownership at the beginning of the period under the transferor trust in each particular property of the transferor trust, or group of two or more properties of the transferor trust that are identical to each other, is the same as the value of the beneficiary's beneficial ownership at the end of the period under the transferor trust and the other trust or trusts in each particular property, or in property that was immediately before the disposition included in the group of identical properties referred to above; and

(b) where a trust, in this paragraph referred to as the "transferor", governed by a registered retirement savings plan or a registered retirement income fund transfers a property to a trust, in this paragraph referred to as the "transferee", governed by a registered retirement savings plan or a registered retirement income fund, the transfer is deemed not to result in a change in the beneficial ownership of the property if the annuitant of the plan or fund that governs the transferor is also the annuitant of the plan or fund that governs the transferee.

Fractional interest.

**"692.7.** For the purpose of applying paragraph *a* of section 692.6 in respect of a transfer by a transferor trust of property that includes a share and money, the other trust or trusts referred to in that section may receive, in lieu of a transfer of a fractional interest in a share that would otherwise be required, a disproportionate amount of money or interest in the share, the value of which does not exceed the lesser of \$200 and the fair market value of the fractional interest.

Disposition of property.

**"692.8.** Where at a particular time there is a disposition of property by a person or partnership, in this section referred to as the "transferor", to a trust, in this section referred to as the "transferee trust", the following rules apply:

(a) the transferor's proceeds of disposition of the property are deemed to be

i. where the transferor so elects by notifying the Minister in writing on or before the transferor's filing-due date for its taxation year that includes the particular time, or at any later time that is acceptable to the Minister, the amount specified in the election that is not less than the cost amount to the transferor of the property immediately before the particular time and not more than the fair market value of the property at that time, and

ii. in any other case, the cost amount to the transferor of the property immediately before the particular time;

(b) the transferee trust's cost of the property is deemed to be the amount by which the amount determined under subparagraph *a* in respect of the qualifying disposition exceeds the amount by which the transferor's loss otherwise determined from the qualifying disposition would be reduced by reason of section 638.1, the third and fourth paragraphs of section 686 or sections 741 to 744.2, if the amount determined under subparagraph *a* were equal to the fair market value of the property at the particular time;

(c) for the purposes of sections 93 to 104, Chapter III of Title III and any regulations made under paragraph *a* of section 130 or under section 130.1, if the property was depreciable property of a prescribed class of the transferor and its capital cost to the transferor exceeds the cost at which the transferee trust is deemed by this section to have acquired the property, the following rules apply :

i. the capital cost of the property to the transferee trust is deemed to be the amount that was the capital cost of the property to the transferor, and

ii. the excess is deemed to have been allowed as depreciation to the transferee trust in respect of the property for taxation years that ended before the particular time ;

(d) if the property was intangible capital property of the transferor in respect of a business of the transferor, the following rules apply :

i. for the purposes of Division III of Chapter II of Title III, Chapter III of Title III and sections 188 and 189, where the intangible capital amount of the transferor in respect of the property exceeds the cost at which the transferee trust is deemed by this section to have acquired the property, the following rules apply :

(1) the intangible capital amount of the transferee trust in respect of the property is deemed to be the amount that was the intangible capital amount of the transferor in respect of the property, and

(2)  $\frac{3}{4}$  of the excess is deemed to have been deducted under paragraph *b* of section 130 by the transferee trust in respect of the property in computing its income for taxation years that ended before the particular time and after the adjustment time, within the meaning of section 107.1, of the transferee trust in respect of the business, and

ii. for the purpose of determining after the particular time the amount required by paragraph *b* of section 105 to be included in computing the transferee trust's income in respect of any subsequent disposition of the property of the business, there shall be added to the amount otherwise determined under subparagraph ii of subparagraph *a* of the second paragraph of section 107, the proportion of the amount determined under that subparagraph ii in respect of the business of the transferor immediately before the particular time that the fair market value of the intangible capital property immediately before the particular time is of the fair market value immediately before the particular time of all intangible capital property of the transferor in respect of the business ;

(e) if the property was deemed to be taxable Canadian property of the transferor by this subparagraph, subparagraph *d* of the first paragraph of section 301, any of sections 521, 538 and 554, subparagraph *c* of the second paragraph of section 614 or subparagraph *d.1* of the first paragraph of

section 688, the property is deemed to be taxable Canadian property of the transferee trust;

(f) where the transferor is a segregated fund trust, within the meaning of section 851.2, the following rules apply:

i. section 851.14 does not apply in respect of a disposition of interest in the transferor that occurs in connection with the qualifying disposition, and

ii. for the purpose of computing the amount referred to in section 851.14 in respect of a subsequent disposition of an interest in the transferee trust where the interest is deemed to exist in connection with a life insurance policy, the acquisition fee, within the meaning of section 851.17, in respect of the policy shall be determined as if each amount referred to in sections 851.17 and 851.18 in respect of the policyholder's interest in the transferor had been determined in respect of the policyholder's interest in the transferee trust;

(g) if the transferor is a trust to which property was transferred by an individual, other than a trust, where section 454 applied in respect of the property so transferred and it is reasonable to consider that the property was so transferred in anticipation of the individual ceasing to be resident in Canada, for the application of subparagraph *a.3* of the first paragraph of section 653 and this subparagraph to a disposition by the transferee trust after the particular time, the transferee trust is deemed after the particular time to be a trust to which the individual had transferred property in anticipation of the individual ceasing to reside in Canada and in circumstances to which section 454 applied;

(h) if the transferor is a trust, other than a personal trust or a trust prescribed for the purposes of section 688, the transferee trust is deemed to be neither a personal trust nor a trust prescribed for the purposes of section 688;

(i) if the transferor is a trust and a taxpayer disposes of all or part of a capital interest in the transferor because of the qualifying disposition and, as a consequence, acquires a capital interest or part of it in the transferee trust, the following rules apply:

i. the taxpayer is deemed to dispose of the capital interest or part of it in the transferor for proceeds equal to the cost amount to the taxpayer of that interest or part of it immediately before the particular time, and

ii. the taxpayer is deemed to acquire the capital interest or part of it in the transferee trust at a cost equal to the amount by which the cost amount referred to in subparagraph i exceeds the amount by which the taxpayer's loss otherwise determined from the disposition referred to in subparagraph i would be reduced by reason of the third and fourth paragraphs of section 686, if the proceeds under that subparagraph were equal to the fair market value of the capital interest or part of it in the transferor immediately before the particular time;

(j) where the transferor is a trust, a taxpayer's beneficial ownership in the property ceases to be derived from the taxpayer's capital interest in the transferor because of the qualifying disposition and no part of the taxpayer's capital interest in the transferor was disposed of because of the qualifying disposition, there shall, immediately after the particular time, be added to the cost otherwise determined of the taxpayer's capital interest in the transferee trust, the amount determined by the formula

$$A \times [(B - C) / B] - D;$$

(k) where subparagraph *j* applies to the qualifying disposition in respect of a taxpayer, the amount that would be determined under that subparagraph in respect of the qualifying disposition if the amount determined under subparagraph *d* of the second paragraph were nil shall, immediately after the particular time, be deducted in computing the cost otherwise determined of the taxpayer's capital interest in the transferor;

(l) where subparagraphs *i* and *j* do not apply in respect of the qualifying disposition, the transferor is deemed to acquire the capital interest or part of it in the transferee trust that is acquired as a consequence of the qualifying disposition

- i. where the transferee trust is a personal trust, at a cost equal to nil, and
- ii. in any other case, at a cost equal to the excess referred to in subparagraph *b* in respect of the qualifying disposition; and

(m) for the purposes of section 684, where the transferor is a trust and a taxpayer disposes of all or part of an income interest in the transferor because of the qualifying disposition and, as a consequence, acquires an income interest or a part of an income interest in the transferee trust, the taxpayer is deemed not to dispose of any part of the income interest in the transferor at the particular time.

Interpretation.

In the formula provided for in subparagraph *j* of the first paragraph,

(a) *A* is the cost amount to the taxpayer of the taxpayer's capital interest in the transferor immediately before the particular time;

(b) *B* is the fair market value immediately before the particular time of the taxpayer's capital interest in the transferor;

(c) *C* is the fair market value at the particular time of the taxpayer's capital interest in the transferor, determined as if the only property disposed of at the particular time were the particular property; and

(d) *D* is the lesser of

i. the amount by which the cost amount to the taxpayer of the taxpayer's capital interest in the transferor immediately before the particular time exceeds the fair market value of the taxpayer's capital interest in the transferor immediately before the particular time, and

ii. the maximum amount by which the taxpayer's loss from a disposition of a capital interest otherwise determined would be reduced by reason of the third and fourth paragraphs of section 686 if the taxpayer's capital interest in the transferor had been disposed of immediately before the particular time.

Supply for less than fair market value.

**“350.23.6.** For the purpose of determining a particular person’s shipping revenue percentage or an amount under any of sections 350.23.2 to 350.23.5 in respect of finished inventory of a particular person or customers’ goods in respect of a particular person, the following rules apply if a supply between the particular person and another person with whom the particular person is not dealing at arm’s length is made for no consideration or for less than fair market value and any consideration for the supply would be included in determining the income from a business of the particular person for a year :

(1) the supply is deemed to have been made for consideration equal to fair market value ; and

(2) that consideration is deemed to be included in determining that income.

Shipping distribution centre certificate.

(3) the person has requested in writing that the authorization be revoked as of that day.

Deemed revocation.

**“350.23.11.** Subject to section 350.23.10, an authorization granted to a person under section 350.23.7 is deemed to have been revoked effective on the day after the last day of a fiscal year of the person, if

(1) the person engaged in the substantial alteration of property in that fiscal year;

(2) the person's percentage value added attributable to non-basic services in respect of customers' goods for the fiscal year exceeds 10% and the person's percentage total value added in respect of customers' goods for the fiscal year exceeds 20%; or

(3) the person's shipping revenue percentage for the fiscal year is less than 80%.

Effect.

**“350.23.12.** An authorization granted under section 350.23.7 to a person ceases to have effect immediately before the earlier of

(1) the day on which a revocation of the authorization becomes effective; and

(2) the day that is three years after the day on which the authorization became effective.

Authorization following revocation.

**“350.23.13.** The Minister may not grant to a person, if an authorization granted to the person under section 350.23.7 is revoked effective on a day, another authorization under that section that becomes effective before,

(1) if the authorization was revoked in circumstances described in paragraph 1 of section 350.23.10, the day that is two years after the day of the revocation; and

(2) in any other case, the first day of the second fiscal year of the person that begins after the day of the revocation.”

**349.** (1) The said Act is amended by inserting the following sections after section 457.3:

Unauthorized use of shipping certificate.

**“457.4.** Where a registrant has received a supply of property, except a zero-rated supply, other than the zero-rated supply included in section 179.1, from a supplier to whom the registrant has provided a shipping certificate, within the meaning of section 427.3, for the purposes of that supply and an authorization of the registrant to use the certificate was not in effect at the time the supply was made or the registrant did not ship the property outside Québec in the circumstances described in paragraphs 2 to 4 of section 179, the registrant shall, in determining the net tax for the reporting period of the registrant that includes the earliest day on which tax in respect of the supply became payable or would have become payable if the supply were not a zero-rated supply, add an amount equal to interest, at the rate prescribed under section 28 of the Act respecting the Ministère du Revenu (chapter M-31) plus 4% per year compounded daily, on the total amount of tax in respect of the supply that was payable or would have been payable if the supply were not a zero-rated supply, computed for the period beginning on that earliest day and ending on the day on or before which the return under section 468 for that reporting period is required to be filed.

Deemed revocation of authorization.

**“457.5.** Where an authorization granted to a registrant to use a shipping certificate, within the meaning of section 427.3, is deemed to have been revoked under section 427.7 from the day after the last day of a fiscal year of the registrant, the registrant shall, in determining the net tax for the first reporting period of the registrant following that year, add the amount determined by the formula

$$A \times B/12.$$

Interpretation.

For the purposes of the formula,

(1) A is the product obtained when 7.5% is multiplied by the total of all amounts each of which is consideration paid or payable by the registrant for a supply made in Québec of an item of inventory acquired by the registrant in the year that is a zero-rated supply only because it is referred to in section

179.1, other than a supply in respect of which the registrant is required under section 457.4 to add an amount in determining net tax for any reporting period; and

(2) B is the total of 4% and the rate of interest prescribed under section 28 of the Act respecting the Ministère du Revenu (chapter M-31), expressed as a percentage per year, that is in effect on the last day of that first reporting period.

Unauthorized use of shipping distribution centre certificate.

**“457.6.** Where a registrant has received a supply of property, except a zero-rated supply, other than the zero-rated supply included in section 179.2, from a supplier to whom the registrant has provided a shipping distribution centre certificate, as defined in section 350.23.7, for the purposes of that supply and an authorization of the registrant to use the certificate was not in effect at the time the supply was made or the property was not acquired by the registrant for use or supply as domestic inventory or as added property, as those expressions are defined in section 350.23.1, in the course of commercial activities of the registrant, the registrant shall, in determining the net tax for the reporting period of the registrant that includes the earliest day on which tax in respect of the supply became payable or would have become payable if the supply were not a zero-rated supply, add an amount equal to interest, at the rate prescribed under section 28 of the Act respecting the Ministère du Revenu (chapter M-31) plus 4% per year compounded daily, on the total amount of tax in respect of the supply that was payable or that would have been payable in respect of the supply if the supply were not a zero-rated supply, computed for the period beginning on that earliest day and ending on the day on or before which the return under section 468 for that reporting period is required to be filed.

Conditions unmet.

**“457.7.** Where an authorization granted to a registrant under section 350.23.7 is in effect at any time in a fiscal year of the registrant and the shipping revenue percentage of the registrant, as defined in section 350.23.1, for that year is less than 90% or the circumstances described in paragraph 1 or 2 of section 350.23.11 exist in respect of the year, the registrant shall, in determining the net tax for the first reporting period of the registrant following the year, add the amount determined by the formula

$$A \times B/12.$$

Interpretation.

For the purposes of the formula,

(1) A is the product obtained when 7.5% is multiplied by the total of all amounts each of which is consideration paid or payable by the registrant for a supply made in Québec of property acquired by the registrant in the year that is a zero-rated supply only because it is referred to in section 179.2, other than a supply in respect of which the registrant is required under section 457.6 to add an amount in determining net tax for any reporting period; and

(2) B is the total of 4% and the rate of interest prescribed under section 28 of the Act respecting the Ministère du Revenu (chapter M-31), expressed as a

percentage per year, that is in effect on the last day of that first reporting period.”

The terms and conditions for the payment of these sums shall be set by the Société.

Difference between sums paid and costs borne.

Where the total of the sums paid to the Société by the Government, municipalities and Native communities under the first paragraph over the course of one year is lower than the costs borne by the Société for the purposes of section 194 over the course of the same year, the difference is carried forward to the following year for payment. #### CODE OF PENAL PROCEDURE

c. C-25.1, a. 14, am.

**16.** Article 14 of the Code of Penal Procedure (R.S.Q., chapter C-25.1) is amended by replacing “another Act” in the second paragraph by “with respect to a specific provision, the law” and by replacing “the Act” in that paragraph by “the law”.

c. C-25.1, Div. I, heading, added.

**17.** The said Code is amended by inserting the following after the heading of Chapter XIII and before article 315:

#### “DIVISION I

#### “GENERAL PROVISIONS”.

c. C-25.1, a. 333, am.

**18.** Article 333 of the said Code is amended by replacing “he may offer the defendant the option of paying the sums due by means of compensatory work, depending in particular on the availability of compensatory work programs” in the fourth, fifth and sixth lines by “the collector must offer the defendant the option of paying the sums due by means of compensatory work, to the extent that compensatory work programs are available”.

c. C-25.1, aa. 345.1-345.3 and Div. II, heading, added.

**19.** The said Code is amended by inserting the following after article 345:

Payment of costs.

**“345.1.** Where a sentence in the form of a fine has been imposed on the defendant and the defendant makes payment of a sum due, carries out compensatory work or serves a term of imprisonment in default of payment, the sum, work or term of imprisonment is applied first to payment of the costs related to the fine.

Agreement.

When an agreement is made with the defendant, the collector shall, in respect of the judgments to be executed by the collector, see to it that the sums

remitted and the work the defendant undertakes to perform serve to satisfy the judgment most likely to be the subject of an application for the issue of a warrant of committal against the defendant.

Payment to prosecutor.

**“345.2.** The collector shall, on the conditions prescribed by regulation, remit part of the costs recovered under this chapter to the prosecuting party referred to in paragraph 3 of article 9 who disbursed sums of money to prosecute.

#### “DIVISION II

#### “PROVISIONS RELATING TO IMPRISONMENT IN DEFAULT OF PAYMENT OF SUMS DUE

Application.

**“345.3.** This division applies to the recovery of sums due pursuant to this Code, except sums to which Division III applies.”

c. C-25.1, a. 363,

c. C-25.1, a. 364,  
replaced.

**21.** Article 364 of the said Code is replaced by the following article :

Notice of default.

**“364.** Where a defendant has not paid the sum due at the expiration of the time provided for in article 322 or agreed under article 327 or 328, or where, at the expiration of such time, although the defendant had agreed to do compensatory work, the defendant has failed to honour the agreement, the collector shall notify the Société de l’assurance automobile du Québec of that fact so that the Société may, in accordance with the Highway Safety Code,

(1) suspend the defendant’s learner’s licence, probationary licence or driver’s licence or, if the defendant is not a licence holder, suspend the defendant’s right to obtain any such licence ;

(2) prohibit any road vehicle registered in the defendant’s name from being put into operation or put back into operation ;

(3) prohibit any road vehicle registered in the defendant’s name from being discarded ;

(4) refuse to register any road vehicle in the defendant’s name ;

(5) refuse, on the transfer of the right of ownership of a road vehicle registered in the defendant's name, to effect a new registration in the name of the transferee or his or her successors.

Other recovery measures.

The fact that the collector gives the notice does not prevent the collector from using other recovery measures provided for in this chapter."

c. C-25.1, a. 365, am.

**22.** Article 365 of the said Code is amended by striking out "or has served the term of imprisonment ordered in default of payment of a sum due" in the fourth and fifth lines.

c. C-25.1, a. 366, replaced.

**23.** Article 366 of the said Code is replaced by the following article :

Non-payment of sums due.

**"366.** Any person who deliberately attempts to avoid payment of the sums the person owes, in particular by refusing the various terms and conditions offered for payment of the sums due, by failing to honour the person's agreement to appear before the collector, by refusing or neglecting to carry out compensatory work or by rendering himself or herself insolvent, is guilty of an offence and is liable to imprisonment for a period not exceeding two years less one day.

Proceedings.

Proceedings under this article may be instituted only by the Attorney General before the Court of Québec or a municipal court.

Prescription.

Proceedings under this article are prescribed one year from the date the commission of the offence becomes known to the prosecutor. However, no proceedings may be instituted if more than five years have elapsed since the date the offence was committed.

Defendant not discharged.

The sentence imposed for this offence does not discharge the defendant from payment of the sums due. Payment of the sums due does not discharge the defendant from the requirement to serve the sentence of imprisonment.

Presumption.

The collector is deemed, for the purposes of this article, to be a person entrusted with the enforcement of any Act within the meaning of article 62."

c. C-25.1, aa. 366.1 and 366.2, added.

**24.** The said Code is amended by inserting the following articles after article 366 :

(a) in respect of any period in the year throughout which the individual was resident in Canada, the amount deductible under section 776.41.5 must be computed as though that period were a whole taxation year and the amount that would have been deductible under section 776.41.5, if the individual had been resident in Canada throughout the year, were replaced by an amount equal to the proportion of the amount that the number of days in that period is of the number of days in the year; and

(b) in respect of a period in the year that is not referred to in subparagraph a, the amount deductible under section 776.41.5 must be computed as though that period were a whole taxation year.

Instalment day.

**“1027.2.** An amount that, because of subparagraph *a* of the first paragraph of section 1027, would otherwise become payable on an eligible instalment day by a qualified corporation for a taxation year of the qualified corporation that ends after 30 September 2001 and before 1 January 2003, becomes payable, not on that day, but

(a) on the last day of the period that ends six months after the eligible instalment day,

i. where the taxation year of the qualified corporation ends in February 2002 and the eligible instalment day is a day in October 2001,

ii. where the taxation year of the qualified corporation ends in March 2002 and the eligible instalment day is a day in October 2001 or a day in November 2001, and

iii. where the taxation year of the qualified corporation ends after 31 March 2002 and before 1 January 2003 ; and

$$B \times C \times D;$$

(c) if the particular recognized business is a business of the purchaser, the purchaser is deemed

i. to have paid in respect of the purchaser's base period, in relation to the particular recognized business, to employees referred to in subparagraph 2 of subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.0.3.61, in subparagraph 2 of subparagraph i of subparagraph *a* of the first paragraph of section 1029.8.36.0.3.62 or in subparagraph ii of paragraph *a* of section 1029.8.36.0.3.63, the amount that is the proportion of the aggregate, in subparagraph ii referred to as the "particular aggregate", of all amounts each of which is the salary or wages paid by the purchaser to an employee in respect of a period within the particular calendar year for which the employee is an eligible employee, in relation to the particular recognized business, to the extent that the salary or wages may reasonably be considered to relate to the carrying on by the employee of the part of the activities that began or increased at the particular time, that 365 is of the number of days in the particular calendar year during which the purchaser carried on those activities,

ii. to have paid to employees in respect of a period within the particular calendar year for which the employees are eligible employees, in relation to the particular recognized business, the amount by which the amount determined pursuant to subparagraph i, in relation to the particular recognized business, exceeds the amount of the particular aggregate determined in relation to the particular recognized business,

(*d*) if the purchaser does not carry on a recognized business after the particular time and the particular recognized business is a business of a corporation that is associated with the purchaser at the end of the particular calendar year, the purchaser is deemed to have paid

the extent that the salary or wages may reasonably be considered to relate to the carrying on by the employee of the part of the activities that began or increased at the particular time that 365 is of the number of days in the particular calendar year during which the purchaser carried on those activities, except if an amount is included, in respect of the employee, in relation to the purchaser, in computing an amount determined under this subparagraph, in relation to another recognized business, and

ii. in respect of the particular calendar year, the amount by which the amount determined pursuant to subparagraph i, in relation to the particular recognized business, exceeds the amount of the particular aggregate, in relation to the particular recognized business.

Interpretation.

In the formulas provided for in subparagraphs *a* and *b* of the first paragraph,

(*a*) *A* is the aggregate of all amounts each of which is the salary or wages of an employee who reports for work at an establishment of the vendor situated in a designated site, other than an excluded employee of the vendor, that the vendor paid in respect of a period within the vendor's base period, in relation to the particular recognized business, throughout which the employee spends, when at work, at least 90% of the time in undertaking, supervising or supporting, in the course of carrying on the business in an establishment of the vendor situated in the designated site or elsewhere, but in connection with the mandates attributable to such an establishment situated in that site, work that is directly related to activities of the vendor that are described in any of paragraphs *a* to *c* of the definition of "recognized business" in the first paragraph of section 1029.8.36.0.3.60;

(*b*) *B* is the aggregate of all amounts each of which is the salary or wages of an employee who reports for work at an establishment of the vendor situated in Québec, other than an excluded employee of the vendor, that the vendor paid in respect of a period within the base period, in relation to the particular recognized business, throughout which the employee spends, when at work, at least 90% of the time in undertaking, supervising or supporting, in an establishment of the vendor situated in Québec or elsewhere, but in connection with the mandates attributable to such an establishment situated in Québec, work that is directly related to activities of the vendor that are described in any of paragraphs *a* to *c* of the definition of "recognized business" in the first paragraph of section 1029.8.36.0.3.60, except if an amount is included, in respect of the employee, in relation to the vendor, in computing an amount determined under this subparagraph, in relation to another recognized business;

(*c*) *C* is the proportion that the number of the vendor's employees referred to in subparagraph *a* or *b*, as the case may be, who were assigned to the carrying on of part of the activities that diminished or ceased at the particular time is of the number of the vendor's employees assigned to those activities immediately before the particular time; and

(d) D, where this section applies for the purpose of determining the amount that a corporation is deemed to have paid to the Minister under this division in respect of the particular calendar year, is the proportion that the number of days in the particular calendar year following the particular time is of 365 and, in any other case, 1.

Exception.

Where a particular corporation is, at any time in a calendar year, a purchaser in relation to activities carried on by a person or partnership and, at a subsequent time in the same calendar year, the particular corporation is a vendor in relation to all of those activities, this section does not apply to the particular corporation either as vendor or as purchaser in respect of the activities and, for the purpose of determining the amount that a corporation is deemed to have paid to the Minister under this division, the particular corporation is deemed to have paid, from that time to the subsequent time, no portion of the salaries or wages that may reasonably be considered to relate to the employees of the corporation assigned to the carrying on of the activities that ceased after the subsequent time.

Exception.

Where a particular corporation is, at a particular time in a calendar year, a purchaser in relation to activities carried on by a person or partnership and, at a subsequent time in the same calendar year, the particular corporation is a vendor in relation to part of those activities, for the purpose of determining the amount that a corporation is deemed to have paid to the Minister under this division, the particular corporation is deemed not to have paid to its employees the portion of the salaries or wages that may reasonably be considered to have been paid to the employees of the corporation assigned to the part of the activities that the particular corporation ceases to carry on after the subsequent time.

Assistance, benefit or advantage deemed nil.

**“1029.8.36.0.3.70.** For the purposes of this division, where a corporation has received, is entitled to receive or may reasonably expect to receive non-government assistance, or where a person or a partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, whether in the form of a reimbursement, compensation, guarantee, in the form of proceeds of disposition of property which exceed the fair market value of the property, or in any other form or manner, in respect of a taxation year or a fiscal period in which the base period of a particular corporation ends, in relation to a recognized business it carries on, and it may reasonably be considered that the main reason for the assistance or the benefit or advantage is to reduce, in accordance with subparagraph i or iii of subparagraph *a* or *b* of the first paragraph of section 1029.8.36.0.3.65, as the case may be, the amount of the salaries or wages paid by the particular corporation or a corporation that is associated with the particular corporation, in respect of the base period, in relation to the recognized business, so as to cause the particular corporation to be deemed to have paid an amount to the Minister under this division for a taxation year or to increase an amount that the particular corporation is deemed to have paid to the Minister under this division for a taxation year, the amount of the assistance or of the benefit or advantage is deemed to be equal to zero.

Corporations deemed to be associated.

**“1029.8.36.0.3.71.** Where it may reasonably be considered that one of the main reasons for the separate existence of two or more corporations in a calendar year is to cause a qualified corporation to be deemed to have paid an amount to the Minister under this division in respect of that year or to increase an amount that a qualified corporation is deemed to have paid to the Minister under this division in respect of that year, those corporations are deemed, for the purposes of this division, to be associated with each other at the end of the year.”

(d) if the purchaser does not carry on a recognized business after the particular time and the particular recognized business is a business of a corporation that is associated with the purchaser at the end of the particular calendar year, the purchaser is deemed to have paid

i. in respect of the base period, in relation to the particular recognized business, the amount that is the proportion of the aggregate, in subparagraph ii referred to as the "particular aggregate", of all amounts each of which is the salary or wages of an employee who reports for work at an establishment of the purchaser situated in Québec that the purchaser paid, after the particular time, in respect of a period of the particular calendar year for which the employee would be an eligible employee of the purchaser if the establishment where the employee reported for work had been situated in the Saguenay–Lac-Saint-Jean area, to the extent that the salary or wages may reasonably be considered to relate to the carrying on by the employee of the part of the activities that began or increased at the particular time and except if an amount is included, in respect of the employee, in relation to the purchaser, in computing an amount determined under this subparagraph, in relation to another recognized business, that 365 is of the number of days in the particular calendar year during which the purchaser carried on those activities, and

ii. in respect of the particular calendar year, the amount by which the amount determined pursuant to subparagraph i, in relation to the particular recognized business, exceeds the amount of the particular aggregate, in relation to the particular recognized business.

Interpretation.

In the formulas provided for in subparagraphs *a* and *b* of the first paragraph,

(b) B is the aggregate of all amounts each of which is the salary or wages of an employee who reports for work at an establishment of the vendor situated in Québec that the vendor paid in respect of a period within the base period, in relation to the particular recognized business, for which the employee would be an eligible employee of the vendor if the establishment where the employee

reported for work had been situated in the Saguenay–Lac-Saint-Jean area, except if an amount is included, in respect of the employee, in relation to the vendor, in computing an amount determined under this subparagraph, in relation to another recognized business;

(c) C is the proportion that the number of the vendor’s employees referred to in subparagraph *a* or *b*, as the case may be, who were assigned to the carrying on of part of the activities that diminished or ceased at the particular time is of the number of the vendor’s employees assigned to those activities immediately before the particular time; and

(d) D, where this section applies for the purpose of determining the amount that a corporation is deemed to have paid to the Minister under this division in respect of the particular calendar year, is the proportion that the number of days in the particular calendar year following the particular time is of 365 and, in any other case, 1.”;

(2) by replacing the fourth paragraph by the following paragraph:

Exception.

“Where a particular corporation is, at a particular time in a calendar year, a purchaser in relation to activities carried on by a person or partnership and, at a subsequent time in the same calendar year, the particular corporation is a vendor in relation to part of those activities, for the purpose of determining the amount that a corporation is deemed to have paid to the Minister under this division, the particular corporation is deemed not to have paid to its employees the portion of the salaries or wages that may reasonably be considered to have been paid to the employees of the corporation assigned to the part of the activities that the particular corporation ceases to carry on after the subsequent time.”

(*c*) *C* is the proportion that the number of the vendor’s employees referred to in subparagraph *a* or *b*, as the case may be, who were assigned to the carrying on of part of the activities that diminished or ceased at the particular time is of the number of the vendor’s employees assigned to those activities immediately before the particular time ; and

ii. in respect of the particular calendar year, the amount by which the amount determined in accordance with subparagraph i, in relation to the particular recognized business, exceeds the particular aggregate, in relation to the particular recognized business.

Interpretation.

In the formulas provided for in subparagraphs *a* and *b* of the first paragraph,

(a) A is the aggregate of all amounts each of which is the salary or wages of an employee who reports for work at an establishment of the vendor situated in an eligible site, other than an excluded employee of the vendor, that the vendor paid in respect of a period within the vendor's base period, in relation to the particular recognized business, throughout which the employee spends,

when at work, at least 90% of the time in undertaking, supervising or supporting, in the course of carrying on the business in an establishment of the vendor situated in the eligible site or elsewhere, but in connection with the mandates attributable to such an establishment situated in that site, work that is directly related to activities of the vendor that are described in any of paragraphs *a* to *e* of the definition of “recognized business” in the first paragraph of section 1029.8.36.72.83 ;

(*b*) *B* is the aggregate of all amounts each of which is the salary or wages of an employee who reports for work at an establishment of the vendor situated in Québec, other than an excluded employee of the vendor, that the vendor paid in respect of a period within the base period, in relation to the particular recognized business, throughout which the employee spends, when at work, at least 90% of the time in undertaking, supervising or supporting, in an establishment of the vendor situated in Québec or elsewhere, but in connection with the mandates attributable to such an establishment situated in Québec, work that is directly related to activities of the vendor that are described in any of paragraphs *a* to *e* of the definition of “recognized business” in the first paragraph of section 1029.8.36.72.83, except if an amount is included, in respect of the employee, in relation to the vendor, in computing an amount determined under this subparagraph, in relation to another recognized business ;

(*c*) *C* is the proportion that the number of the vendor’s employees referred to in subparagraph *a* or *b*, as the case may be, who were assigned to the carrying on of part of the activities that diminished or ceased at the particular time is of the number of the vendor’s employees assigned to those activities immediately before the particular time ; and

(*d*) *D*, where this section applies for the purpose of determining the amount that a corporation is deemed to have paid to the Minister under this division in respect of the particular calendar year, is the proportion that the number of days in the particular calendar year following the particular time is of 365, and, in any other case, 1.

Exception.

Where a particular corporation is, at any time in a calendar year, a purchaser in relation to activities carried on by a person or partnership and, at a subsequent time in the same calendar year, the particular corporation is a vendor in relation to all of those activities, this section does not apply to the particular corporation either as vendor or as purchaser in respect of the activities and, for the purpose of determining the amount that a corporation is deemed to have paid to the Minister under this division, the particular corporation is deemed to have paid, from that time to the subsequent time, no portion of the salaries or wages that may reasonably be considered to relate to the employees of the corporation assigned to the carrying on of the activities that ceased after the subsequent time.

Exception.

Where a particular corporation is, at a particular time in a calendar year, a purchaser in relation to activities carried on by a person or partnership and, at a subsequent time in the same calendar year, the particular corporation is a vendor in relation to part of those activities, for the purpose of determining the

amount that a corporation is deemed to have paid to the Minister under this division, the particular corporation is deemed not to have paid to its employees the portion of the salaries or wages that may reasonably be considered to have been paid to the employees of the corporation assigned to the part of the activities that the particular corporation ceases to carry on after the subsequent time.

### AN ACT RESPECTING THE CONSULTATION OF CITIZENS WITH RESPECT TO THE TERRITORIAL REORGANIZATION OF CERTAIN MUNICIPALITIES

[Assented to 18 December 2003]

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS :

#### CHAPTER I

##### OBJECT AND INTERPRETATION

- Object. **1.** The object of this Act is to grant the citizens of certain municipalities the right to express their opinion on the changes imposed since 2000 in municipal territorial organization.
- Options. That right will allow citizens to opt for the preservation of their municipality and its territory or the reconstitution of their municipality with the territory it had before ceasing to exist or, in the case of a sector detached from the territory of a municipality that has not ceased to exist, the return of the sector to that territory.
- Sharing of powers. Except where the territory of the municipality is formed of parts of the territories of two or more existing municipalities, the option whereby a municipality is reconstituted will result in the application of the rules set out in Chapter IV on the sharing of powers.
- Interpretation: **2.** In this Act,
- “former municipality”; (1) “former municipality” means any local municipality that ceased to exist upon the constitution of a city ;
- “central municipality”; (2) “central municipality” means the local municipality resulting from the reorganization of a city and that is
- (a) the city whose territory is reduced following the reorganization, except in the cases set out in subparagraphs *b* and *c* ;
- (b) the reconstituted municipality designated by the Government, if the Government considers that the city referred to in subparagraph *a* is not able to assume the responsibilities entrusted to a central municipality by this Act; or
- (c) if the city no longer exists following the reorganization, the reconstituted municipality whose territory corresponds to the territory of the former

municipality with the largest population among the municipalities that ceased to exist upon the constitution of the city, except where the reorganization concerns Ville de Gatineau or Ville de Cookshire-Eaton, in which case the former municipality to be taken into account is Ville de Hull or Ville de Cookshire;

“reconstituted municipality”;

(3) “reconstituted municipality” means a municipality constituted following a referendum poll held under Division IV of Chapter II;

“body”;

(4) “body”, in a provision specifying that it is a body of a local municipality, means any mandatory body of the municipality, within the meaning of section 18 of the Act respecting the Pension Plan of Elected Municipal Officers (R.S.Q., chapter R-9.3), any other body otherwise under the authority of the municipality, or any supramunicipal body, within the meaning of that section, whose territory includes the territory of the municipality;

“reorganization”;

(5) “reorganization”, in respect of a city, means all the acts provided for in an Act or statutory instrument, such as the constitution of a reconstituted municipality, the transfer of part of a territory to the territory of another municipality that has not ceased to exist, and changes to the territory of the city, to give effect to the results of the referendum polls held in that territory under Division IV of Chapter II;

“city”.

(6) “city” means any municipality constituted by the Act to reform the municipal territorial organization of the metropolitan regions of Montréal, Québec and the Outaouais (2000, chapter 56), Ville de Mont-Tremblant, constituted by Order in Council 1294-2000 dated 8 November 2000, and any municipality constituted by an order under the Act respecting municipal territorial organization (R.S.Q., chapter O-9) following

(a) an authorization under section 125.2 of that Act in respect of a territory corresponding to all or any part of the territory of the municipality; or

(b) a study by the Commission municipale du Québec under the first paragraph of section 125.5 of that Act in respect of a territory corresponding to all or any part of the territory of the municipality.

Related municipalities.

The central municipality and any other local municipality resulting from the reorganization of a city are related municipalities where, immediately before the reorganization, their territories were situated entirely within the territory of the city.

**CHAPTER II****CONSULTATION OF QUALIFIED VOTERS****DIVISION I****GENERAL AND INTERPRETATIVE PROVISIONS**

“Act”. **3.** Except in the name of an Act, the word “Act” in a provision of this chapter means the Act respecting elections and referendums in municipalities (R.S.Q., chapter E-2.2).

Provisions applicable. **4.** The registration process and the referendum poll to be held under Divisions II and IV are governed by the provisions of Title II of the Act and by any other related provision of that Act, with the necessary modifications including those resulting from this Act.

Sector concerned. **5.** For the purposes of this chapter and the provisions referred to in section 4, the sector concerned is

(1) any part of the territory of the city that corresponds to the whole territory of a former municipality;

(2) the combination of parts of the territory of the city and of any other existing municipality that corresponds to the whole territory of a former municipality; or

(3) any part of the territory of the city that was transferred to that territory from the territory of another existing municipality by the Act or order having constituted the city.

**DIVISION II****REGISTRATION PROCESS**

Registration process. **6.** Every city shall hold a registration process for each sector concerned that is included in whole or in part in its territory.

Objective. The objective of the process is to allow qualified voters whose names are entered on the referendum list of the sector concerned to request that a referendum poll be held on the subject of the consultation.

Date of reference. For the purposes of the process, 1 March 2004 is the date of reference that is referred to in the provisions to which section 4 refers and that is used to identify those who are qualified voters.

Presumption. For those purposes, every natural person who is not a qualified voter solely because the person is not of full age on that date, but who will be of full age on 2 May 2004, is deemed to be a qualified voter.

- Referendum list. **7.** The referendum list of the sector concerned shall be drawn up and revised and shall come into force for the purposes of the registration process.
- Exception. Notwithstanding the second paragraph of section 526.1 of the Act, if a qualified voter entitled to be entered on the referendum list of the sector concerned as the sole owner of an immovable or the sole occupant of a business establishment is a natural person, the qualified voter may exercise that right even if the city has not received the writing required under that paragraph.
- Non-valid application. Notwithstanding the third paragraph of that section, an application by a legal person for entry on another referendum list is not valid for the referendum list provided for in the first paragraph.
- Public notice. The public notice provided for in section 527 of the Act must contain no mention of the entry of a person referred to in the second paragraph and must set out the content of the third paragraph.
- Provisions applicable. **8.** In order for the referendum list of the sector concerned to be drawn up and revised and to come into force for the purposes of the registration process,
- (1) the fourth paragraph of section 526.1, the first paragraph of section 527, the fifth paragraph of section 528, section 529 and the first paragraph of section 560 of the Act, as well as the provisions of the Act referred to in the first paragraph of section 561 of the Act, apply as if the date set for the referendum poll were 2 May 2004;
- (2) the first paragraph of section 560 of the Act applies as if the day on which the date of the referendum poll is determined were 8 March 2004, and the second paragraph of that section does not apply;
- (3) not later than 8 March 2004, the chief electoral officer shall send the clerk or the secretary-treasurer of the city the list of electors whose names are entered on the permanent list of electors for the sector concerned on 1 March 2004, as if the chief electoral officer had received a request under section 100 of the Act by virtue of the reference in section 561 of the Act.
- Costs and particulars. Notwithstanding the fourth paragraph of that section 100, the chief electoral officer assumes the costs of producing the list. The list must also contain the particulars relating to the persons referred to in the fourth paragraph of section 6 of this Act whose names would be entered on the permanent list of electors on 1 March 2004 for the sector concerned if they were of full age on that date.
- Changes to referendum list. **9.** In addition to changes made to the referendum list to reflect the situation on 1 March 2004, changes may be made during the revision of the list, for the purposes of the registration process, to ensure that the names of persons are not entered on the list if, under the first paragraph of section 523 of the Act, those persons cannot request the holding of a referendum poll because at the time of making such a request, they no longer meet the requirements that

would qualify them as voters entitled to have their names entered on the referendum list of the sector concerned.

Other change.

In addition, a change may be made during the revision to take into account the fact that a person who qualifies as a voter under the first paragraph

(1) has, since 1 March 2004, changed domiciles in the sector concerned ; or

(2) has, where the person is a qualified voter in two or more capacities, experienced a change, since 1 March 2004, in the capacity in which, under section 531 of the Act, the person must be entered on the list.

Application to strike off or correct.

In addition to the object set out in sections 127 to 130 of the Act by virtue of the reference in section 561 of the Act, the object of an application for striking off or correction may be to pursue the objective mentioned in either of the first and second paragraphs. That object must be mentioned in the public notice and in every document required under sections 125 and 126 of the Act by virtue of the reference in section 561.

Other relevant facts.

On the basis of the changes made to the permanent list of electors, the chief electoral officer may advise the clerk or the secretary-treasurer of the city, in due time, of the fact that a person mentioned in a document sent to the clerk or the secretary-treasurer under section 100 or 100.1 of the Act by virtue of the reference in section 561 of the Act has died or been placed under curatorship. That information shall be processed, for revision purposes, as if it were referred to in that section 100.1. The chief electoral officer may also, on the basis of the changes made to the permanent list of electors, advise the clerk or the secretary-treasurer, in due time, of any other fact relevant to the pursuit of the objectives mentioned in the first two paragraphs ; that information may be used for the purposes of section 127 of the Act.

Condition.

The board of revisors shall not strike out or refuse to enter the name of a person for the reason set out in the first paragraph unless it is satisfied that the person will not be qualified to request the holding of a referendum poll at any time during the period during which the register is to be open for the sector concerned, as determined at the time the board makes its decision.

Free copies.

**10.** For the purpose of exercising the right to receive copies of the referendum list and of the abstract of changes, free of charge, section 564 of the Act applies even where the referendum question has not yet been defined. In such a situation, the qualified voters who are in favour of the reorganization of the city and those who are opposed constitute the two groups referred to in that section.

Representative.

An application under the second paragraph of that section to have a representative designated for either of the two groups may be made at any time after 8 March 2004.

Support required.

To be valid, the application must be supported by a minimum number of qualified voters entitled to have their names entered on the referendum list of

the sector concerned. That number is either 100 or the number that corresponds to 10% of the population of the former municipality whose territory constitutes that sector, whichever is lower. If the number has a decimal fraction, the decimal fraction is disregarded and the number is increased by 1.

- Particulars. To support the application, a person must enter his or her name, address and capacity on the writing by which the application is made and affix his or her signature under those particulars. The second paragraph of section 533 of the Act applies to the entry of the address.
- Appointment. If two or more valid applications are made for the same group, the clerk or secretary-treasurer shall appoint the persons proposed as representatives of the group and each of them has the right set out in section 564 of the Act.
- Rules. Any person who receives a copy of the referendum list or of the abstract of changes under that section must undertake, in a writing given to the clerk or the secretary-treasurer, to comply with the rules set out in sections 659 and 659.1 of the Act concerning the use and communication of the information contained in such a document.
- Certificate. **11.** As soon as practicable after the coming into force of the referendum list of the sector concerned, the clerk or the secretary-treasurer of the city shall certify in writing the number of qualified voters whose names are entered on the list and send a copy of the certificate to the Minister of Municipal Affairs, Sports and Recreation and the chief electoral officer.
- Place. **12.** The register shall be open in each sector concerned in a spacious, easily accessible place.
- Directives. The chief electoral officer shall issue directives for determining the number and location of places where the register is to be open, based on the number of qualified voters entered on the referendum list of the sector concerned or on the size of that sector. The directives must take into account the fact that the register is to be open during five days rather than only one. This obligation does not limit the scope of the powers conferred on the chief electoral officer by section 516.1 of the Act.
- Exceptions. The chief electoral officer may permit the register to be open elsewhere than in the sector concerned if, in the opinion of the chief electoral officer, there is no appropriate place to open the register in the sector concerned. The chief electoral officer may also authorize a departure from any of the directives issued if, in the opinion of the chief electoral officer, it is impossible to comply with it.
- Period. **13.** The register shall be open for five consecutive days, including at least one Saturday or one Sunday.
- First day. The Government shall fix the date of the first day. It may fix a different day for each city. The date fixed must be between 2 May and 15 June 2004;

however, the Government may fix a date later than 15 June 2004 if the situation demands it.

- Referendum question. The Government shall define the question that will be submitted to voters if a referendum poll is held in the sector concerned.
- Written notice. Not later than the twentieth day before the first day the register is open, the Minister shall advise the city and the chief electoral officer, in writing, of the date fixed and of the text of the question as defined.
- Public notice. **14.** The public notice prescribed by section 539 of the Act must be addressed to the qualified persons whose names are entered on the referendum list of each sector concerned and must contain the following particulars in respect of each such sector:
- (1) the text of the referendum question;
  - (2) the right of the persons for whom it is intended to request that a referendum poll be held by entering their name, address and capacity, together with their signature, in a register open for that purpose;
  - (3) the number of requests required for a referendum poll to be held;
  - (4) where and when the register will be open for registration; and
  - (5) where and when the results of the registration process will be announced.
- Provisions not applicable. The third, fourth and fifth paragraphs of that section do not apply to the notice.
- French and English. **15.** Where the sector concerned is the territory of a former municipality that was recognized under section 29.1 of the Charter of the French language (R.S.Q., chapter C-11), the text of the referendum question that is to accompany the register and be posted up under section 543 of the Act must be in French and English.
- Provisions applicable. **16.** In addition to the first paragraph of section 523 of the Act, the second and third paragraphs of that section and section 219 of the Act apply, with the necessary modifications, to the right of a qualified voter to request the holding of a referendum poll as if that right were the right to vote.
- Requirements. The requirements set out in either of the second and third paragraphs of section 523 of the Act are deemed to be mentioned, in the same manner as the requirements set out in the first paragraph of that section, in the third paragraph of section 545, and in the first and second paragraphs of section 547 of the Act.
- Identity verification panel. **17.** An identity verification panel, as provided for in section 545.1 of the Act, must be established in each place where the register is open for registration.

Provisions not applicable.

**18.** Sections 546 and 546.1 of the Act do not apply.

Persons present.

**19.** The only persons who may be present at the place where the register is open are

(1) the clerk or the secretary-treasurer of the city, any representative of the chief electoral officer, and the secretary of the borough concerned, if any, as well as any other person responsible for the register or any person assisting that person ;

(2) the members of the identity verification panel ;

(3) any person whose services are required by the clerk or the secretary-treasurer of the city by virtue of the person's powers in matters of maintaining order in that place ;

(4) any person who comes to enter the required personal particulars in the register, for the time required to enter them ; and

(5) any person who comes to have his or her identity verified and any person accompanying the person to attest to the person's identity, for the time required for the verification.

Copy of certificates forwarded.

**20.** As soon as practicable after the certificates required under section 555 of the Act have been drawn up for all the sectors concerned included in whole or in part in the territory of the city, the clerk or the secretary-treasurer shall forward a copy of the certificates to the Minister and to the chief electoral officer.

Required number of requests.

**21.** Notwithstanding section 553 of the Act, a referendum poll must be held in a sector concerned if the number of requests reaches 10% of the qualified voters whose names are entered on the referendum list of that sector.

Exceptions.

However, in the case of a sector concerned that corresponds to the territory of either of the former municipalities of Ville de L'Île-Dorval and Municipalité de Lac-Tremblant-Nord, a poll must be held if the number of requests reaches the number applicable under subparagraph 1 or 2 of the first paragraph of that section.

Voters not counted.

For the purposes of the first two paragraphs, a qualified voter who was allowed to make a request although his or her name was not entered on the referendum list is not counted among the qualified voters whose names are entered on the list, notwithstanding the third paragraph of section 523 of the Act.

Cooperation.

**22.** Where the territory of the city includes one or more boroughs, the clerk or the secretary-treasurer of the city, in cooperation with the secretary of any borough included in whole or in part in the sector concerned, must exercise the functions incumbent upon the clerk or the secretary-treasurer in organizing

and holding the registration process for that sector, including the establishment, revision and coming into force of the referendum list.

- Minimum required. That cooperation shall consist at the very least in the clerk or the secretary-treasurer consulting the borough secretary before performing an act provided for in the Act in the exercise of his or her functions. The clerk or the secretary-treasurer may determine how they will cooperate beyond that minimum.
- Provisions applicable. **23.** Sections 70.1 and 71 of the Act apply, with the necessary modifications, in respect of acts to be performed by the clerk or the secretary-treasurer of the city in exercising the functions incumbent upon the clerk or the secretary-treasurer in organizing and holding the registration process, including the establishment, revision and coming into force of the referendum list.

### DIVISION III

#### IMPACT STUDY AND CITIZEN INFORMATION

- Impact study. **24.** The Minister may commission a study pertaining to the consequences and the estimated costs of what forms the subject of the consultation for any city before the registration process. The study must make distinctions for each sector concerned included in whole or in part in the territory of the city.
- Provisions applicable. The second and third paragraphs of section 25 and sections 27 to 29 apply to such a study.
- One study per sector or city. **25.** The Minister shall, in respect of every sector concerned where a referendum poll is to be held, commission a study on the consequences and estimated costs of what forms the subject of the referendum. If a referendum poll is to be held in more than one sector concerned included in whole or in part in the territory of the same city, a single study shall be conducted in respect of that city and shall make distinctions for each sector.
- Object. The study shall pertain to any aspect of the reorganization that affects the sector, as determined by the Minister.
- Content. If the subject of the referendum is the constitution of a municipality, the study shall include an estimate of the physical, human and financial resources necessary to enable the reconstituted municipality to exercise its powers with due regard for the framework established in either of Chapters IV and V if applicable. The study shall also contain an estimate of the transition costs and of the impact of the new municipal administration on tax accounts in the reconstituted municipality.
- Exception. The obligation to commission a study in respect of a sector after the registration process does not apply if a study on the same subjects was conducted for that sector before the registration process and is considered sufficient by the Minister.

Designation and deadline.	<b>26.</b> As soon as practicable after receipt of the copy of the certificate forwarded under section 20 in respect of the sector concerned, the Minister shall designate the person responsible for the study in accordance with the Public Administration Act (R.S.Q., chapter A-6.01). The study must be completed within 60 days after the person is designated.
Additional time.	The Minister may grant additional time if the person shows that the study cannot be completed within the time allotted.
Previous study.	Notwithstanding sections 58 to 61 of the Public Administration Act, the Minister may make the person who conducted a study on the same subjects in respect of the same sector before the registration process responsible for the study, without any competitive bidding.
Information or documents.	<p><b>27.</b> Insofar as the person responsible for the study considers it useful for the purposes of his or her mandate, the person may require any local municipality having jurisdiction in all or part of the sector concerned or any body thereof to furnish any information or document belonging to them concerning</p> <p style="margin-left: 40px;">(1) the financial situation of the municipality or body ; or</p> <p style="margin-left: 40px;">(2) the staff or any person in the employ of the municipality or body.</p>
Pension plan.	The first paragraph also applies in respect of information and documents relating to a pension plan held by any administrator of such a plan or by any public body exercising a responsibility under the law in respect of such a plan.
Cooperation.	<b>28.</b> Every council member, officer or employee of a municipality or of any body thereof or of a person referred to in the second paragraph of section 27 shall cooperate with the person responsible for the study.
Prohibition.	No person may prohibit its officers or employees from cooperating in the study with the person responsible for the study, or take or threaten to take any disciplinary measure against them for having cooperated with that person.
Provision applicable.	Section 123 of the Act respecting labour standards (R.S.Q., chapter N-1.1) applies, with the necessary modifications, to any officer or employee who believes he or she has been the victim of an act prohibited by the second paragraph.
Provisions applicable.	<b>29.</b> Sections 27 and 28 apply notwithstanding the Act respecting Access to documents held by public bodies and the Protection of personal information (R.S.Q., chapter A-2.1).
Confidentiality.	The person responsible for the study and his or her employees are required to ensure the confidentiality of the information obtained under those sections.

Publication. **30.** Not later than the thirtieth day before the date on which the referendum poll is to be held, the Minister shall make the contents of the study available by any mode of publication the Minister determines.

Date. As far as practicable, the Minister shall make the contents of all the studies available on the same date.

#### DIVISION IV

#### REFERENDUM POLL

Date. **31.** The Government shall fix the date of the referendum poll.

Same date. The same date shall be fixed for all referendum polls unless circumstances require the Government to fix another date for a particular referendum poll. Where that is the case, if a referendum poll is to be held in two or more sectors concerned included in whole or in part in the territory of the same city, the same date shall be fixed for all such sectors.

Written notice. The Minister shall inform the city and the chief electoral officer in writing of the date fixed.

Sunday. **32.** The date fixed for the referendum poll must be a Sunday occurring in the period beginning 30 days after the day on which the date is fixed by the Government.

Date of reference. **33.** For the purposes of the referendum poll, 1 March 2004 is the date of reference that is referred to in the provisions to which section 4 refers, no new referendum list of the sector concerned shall be drawn up and, unless the chief electoral officer considers that the length of the period between the registration process and the poll does not justify it, the list that was used for the registration process shall again be revised.

Applicability. Section 560 of the Act does not apply and, if there is a second revision, the reference in the first paragraph of section 561 of the Act applies only to the provisions relating to the revision and coming into force of the list of electors.

Public notices. The public notices provided for in sections 527 and 529 of the Act shall not be given again.

Exception. **34.** During the second revision, a qualified voter who is a natural person and who is entitled to have his or her name entered on the referendum list of the sector concerned as the sole owner of an immovable or the sole occupant of a business establishment may exercise that right, notwithstanding the second paragraph of section 526.1 of the Act, even if the city has not received the writing required under that paragraph.

Non-valid application. Notwithstanding the third paragraph of that section, an application by a legal person for entry on another referendum list is not valid for the purposes of the second revision.

- Presumption. For those purposes, every natural person who is not a qualified voter solely because the person is not of full age on 1 March 2004, but who will be of full age on the day set for the poll, is deemed to be a qualified voter.
- Provision applicable. **35.** Section 9 applies, with the necessary modifications, in respect of the second revision.
- Interpretation. Among those modifications, a reference to a voter's not being qualified to request the holding of a referendum poll means the voter cannot vote, and a reference to the period during which the register is open means the period consisting of the days fixed for the advance poll and the poll.
- Different representative. **36.** The representative of a group of qualified voters who, under section 564 of the Act, is entitled to receive, free of charge, copies of the referendum list and of the abstract of changes resulting from the second revision is not the one designated under section 10 of this Act.
- Entitlement. Only the person, if any, named under the regulation provided for in section 149 of this Act may be so entitled. The same applies to the right to make an application under section 570 of the Act to have a representative of the group designated in each polling station or a poll runner designated in each voting place where there is a polling station.
- Provision applicable. The sixth paragraph of section 10 of this Act applies to the person so named.
- Advance poll. **37.** An advance poll shall be held on the seventh day preceding the date of the referendum poll.
- Chief electoral officer. **38.** The chief electoral officer is responsible for the organization and holding of the referendum poll. The chief electoral officer has the powers and duties assigned to a municipality or its clerk or secretary-treasurer by Title II of the Act.
- Delegation. The chief electoral officer may direct the clerk or the secretary-treasurer of the city to perform, under the authority of the chief electoral officer, any act that comes under the first paragraph.
- Agreement not applicable. **39.** No agreement under section 659.2 of the Act pertaining to the testing of new methods of voting can be applied to the referendum poll.
- Certificate. **40.** As soon as practicable after the coming into force of the referendum list of the sector concerned, the chief electoral officer shall certify in writing the number of qualified voters whose names are entered on the list and send a copy of the certificate to the Minister.
- Referendum question. **41.** For the purposes of paragraph 1 of section 575 of the Act, the referendum question to be printed on each ballot paper is the question defined by the Government under the third paragraph of section 13.

French and English.	Where the sector concerned is the territory of a former municipality that was recognized under section 29.1 of the Charter of the French language (R.S.Q., chapter C-11), the particulars which are to appear on the obverse (front) of the ballot paper under section 575 of the Act must be in French and English.
Public notice.	<p><b>42.</b> The public notice provided for in section 572 of the Act shall contain the following particulars :</p> <p>(1) when the polling station or stations will be open for the advance poll and for the referendum poll ;</p> <p>(2) the text of the referendum question ;</p> <p>(3) the minimum number of affirmative votes required to reach the number corresponding to 35% of the number of qualified voters whose names are entered on the referendum list ;</p> <p>(4) where the polling station or stations will be located for the advance poll and for the referendum poll and, if there is to be more than one polling station, indications to determine in which polling station a person whose name is entered on the referendum list may vote ; and</p> <p>(5) when the addition of votes will begin and where it will take place.</p>
Provisions not applicable.	The third, fifth and sixth paragraphs of that section do not apply to the notice.
Answer deemed affirmative.	<b>43.</b> The answer given to the referendum question by qualified voters is deemed to be affirmative where the poll results show that the number of affirmative votes is greater than the number of negative votes and is equal to or greater than 35% of the number of qualified voters whose names are entered on the referendum list of the sector concerned.
Voters not counted.	For the purposes of the first paragraph, a qualified voter who was allowed to vote although his or her name was not entered on the referendum list is not counted among the qualified voters whose names are entered on the list, notwithstanding the third paragraph of section 523 of the Act.
Provision not applicable.	<b>44.</b> Section 577 of the Act does not apply.
Addition of votes.	<b>45.</b> The addition of votes shall begin during the evening of or on the day following the day of the referendum poll.
Communication of results.	The chief electoral officer shall communicate the results of the addition of votes, as soon as they are known, to the Minister, to the city and, where the sector concerned is described in paragraph 2 of section 5, to any other municipality referred to in that paragraph.

- Same day. The chief electoral officer shall make sure that the results are communicated to all parties concerned on the same day.
- Tie. **46.** The chief electoral officer is not required to request a summary counting of votes in case of a tie, under sections 567 and 254 of the Act, unless such a counting is reasonably likely to so change the results of the addition of the votes that the majority defined in section 43 of this Act may be achieved.
- Statement of final results. **47.** The chief electoral officer shall draw up a statement of the final results of the referendum poll as prescribed by section 578 of the Act.
- Copy. In addition to or in lieu of tabling the statement as prescribed in that section, the chief electoral officer shall forward a copy to the Minister, to the city and, where the sector concerned is described in paragraph 2 of section 5, to any other municipality referred to in that paragraph.
- Same day. The chief electoral officer shall make sure that all parties concerned receive their copy of the statement on the same day.

##### DIVISION I

##### ADVANCE GENERAL ELECTION

- Advance general election. **48.** In the case of a city whose territory includes, in whole or in part, at least one sector concerned where the answer given to the referendum question is deemed to be affirmative, the first general election following the referendum poll shall be held, in anticipation of the reorganization of the city, in every local municipality that is to continue to exist with a different territory or that is to be constituted.
- Polling date. **49.** The Government may fix the polling date for the advance general election.
- Statutory date. Otherwise, the poll shall be held on 6 November 2005.
- Rules. **50.** With regard to the advance general election, the Government may establish rules on any matter governed by the Act respecting elections and referendums in municipalities (R.S.Q., chapter E-2.2) or on any other matter related to an election that is the subject of provisions in the constituting Act or the charter of the city or the other existing municipality concerned.
- Consultation. The Minister shall consult the chief electoral officer before recommending the making of an order under the first paragraph.

## DIVISION II

### TRANSITION COMMITTEE

Establishment. **51.** The Government may establish a transition committee in respect of any city whose territory includes, in whole or in part, one or more sectors concerned where the answer given to the referendum question is deemed to be affirmative. The number of members of the transition committee, including a chair, shall be determined in the order.

More than one committee. If the territory of the city includes, in whole or in part, more than one sector that meets the condition set out in the first paragraph, the Government may establish more than one transition committee.

Exception. **53.** The powers exercised by the transition committee as regards contract and physical resources management are not subject to sections 58 to 61 of the Public Administration Act (R.S.Q., chapter A-6.01).

Chair and members. **54.** The chair and the other members of the transition committee shall be designated by the Minister.

Conditions of employment. The Minister shall fix the remuneration, allowances and other conditions of employment of the chair and the other members.

Ineligibility. **55.** No person may be a member of the transition committee who

(1) holds a position with the council of a local municipality whose territory either includes all or part of the sector concerned that is within the purview of the transition committee or is to be enlarged by the transfer of that sector following the referendum poll; or

(2) is a candidate for a position referred to in subparagraph 1.

- Disqualification for general election. No person who was a member of the transition committee may be elected in the general election held, in anticipation of the reorganization, in the city or reconstituted municipality whose territory corresponds to the sector concerned that was within the purview of the transition committee.
- Applicability. Where following the referendum poll, the sector concerned that was within the purview of the transition committee is transferred from the territory of the city to the territory of another existing local municipality, the second paragraph applies as if the existing local municipality were a reconstituted municipality.
- By-election. The disqualification of a person as a candidate in a general election also applies to a by-election, held in the same municipality, during the two-year period that follows the end of the person's term as a member of the transition committee.
- Prohibition. Such a person may not be hired by the municipality to hold a position referred to in the second paragraph of section 71 of the Cities and Towns Act (R.S.Q., chapter C-19) or the first paragraph of article 267.0.1 of the Municipal Code of Québec (R.S.Q., chapter C-27.1) before the expiry of that period.

- Facsimile. The transition committee may allow, subject to the conditions and on the documents it determines in its internal management by-laws, that a signature be affixed by means of an automatic device or that a facsimile of a signature be engraved, lithographed or printed. However, the facsimile has the same force as the signature itself only if the document is countersigned by a person authorized by the chair.
- Minutes, documents and copies. **58.** The minutes of a meeting of the transition committee, approved by the committee and certified by the chair or a member of the committee's personnel so authorized by the internal management by-laws, are authentic, as are documents and copies emanating from the committee or forming part of its records if signed or certified by any such person.
- Secretary. **59.** The Minister shall appoint the secretary of the transition committee and determine the secretary's remuneration and other conditions of employment.
- Duties. The secretary shall attend the meetings of the transition committee. The secretary shall keep the registers and have custody of the documents of the committee. The secretary shall exercise any other responsibility that the committee determines.
- Access to documents. The secretary is responsible for access to the transition committee's documents.

- Immunity. **61.** No judicial proceedings may be brought against the members or employees of the transition committee by reason of an official act done in good faith in the exercise of their functions.
- Provisions applicable. Sections 604.6 to 604.10 of the Cities and Towns Act (R.S.Q., chapter C-19) apply, with the necessary modifications, in respect of the members and employees of the transition committee as if the Government were the municipality referred to in those sections.
- Provisions applicable. The first two paragraphs also apply in respect of the other transition committee representatives, particularly the persons referred to in the second paragraph of section 68 and in section 73.
- Sums required. **62.** The Government may, on the terms and conditions it determines, grant the transition committee any sum of money it considers necessary for its operation.
- Loan. A decision by the transition committee to take out a loan must be approved by the Minister. Any such loan is contracted at the interest rate and under the other terms mentioned in the approval.
- Municipal body. **63.** The transition committee is a municipal body for the purposes of the Act respecting Access to documents held by public bodies and the Protection of personal information (R.S.Q., chapter A-2.1).
- End of mandate. **64.** The mandate of the transition committee ends on the date that precedes the date of the reorganization, unless another date is set by the Government.
- Dissolution. At the end of its mandate, the transition committee shall be dissolved and its assets and liabilities treated in the same manner as those of the city that are related to the exercise of a power referred to in Division II of Chapter IV.
- Mission. **65.** The mission of the transition committee is to participate, together with the administrators and employees of the city or any other existing municipality and with any persons elected in advance in the reconstituted municipality, in the establishment of the conditions most conducive to facilitating the transition between the successive municipal administrations in the sector concerned that is within the purview of the transition committee.

- Members. A person who is not a member of the committee may be designated as a member of a sub-committee.
- Delegations of functions. **69.** The chair of the transition committee may entrust to one or more members of the committee or, where applicable, of a sub-committee the exercise of certain functions or the examination of any matter the chair indicates.
- Information or documents required. **70.** To the extent that the transition committee considers it expedient within the scope of its mandate, it may require any local municipality having jurisdiction in all or part of the sector concerned that is within the purview of the committee, or a body of that municipality, to furnish any information or documents belonging to the municipality or the body concerning
- (1) the financial situation of the municipality or the body;
  - (2) the staff or any person in the employ of the municipality or the body.

The committee may designate the officer or employee whose services are necessary. The committee and the employer shall agree on the amounts to be paid by the committee for the use of the services. However, the employer shall place the designated officer or employee at the disposal of the committee as of the time indicated by the committee, notwithstanding the absence of an agreement on the amounts to be paid.
- Conciliator. Failing an agreement, the Minister may designate a conciliator at the request of the committee or the employer to assist the parties in reaching an agreement. The conciliator shall act as if he or she had been designated under section 468.53 of the Cities and Towns Act (R.S.Q., chapter C-19), and section 469 of that Act applies, if appropriate, with the necessary modifications.
- Conditions of employment. The officers and employees seconded to the committee remain in the employ of the municipality or the body, as the case may be, are remunerated by their employer and are governed by the same conditions of employment during the secondment.
- Election officers. **74.** The transition committee shall hire and remunerate the election officers prescribed by the rules made under or the provisions referred to in section 50 for the purposes of the general election to be held under section 48 in any local municipality whose territory, following the reorganization of the city, is to correspond to the sector concerned that is within the purview of the committee.

### DIVISION III

#### COST SHARING

- Registration process expenses. **79.** The Government shall reimburse the city for all expenses incurred to organize and hold the registration process, including those incurred to draw up and revise the referendum list for the purposes of that process.
- Payment to central municipality. If the expenses were not reimbursed before the reorganization of the city, the Government shall pay to the central municipality resulting from the reorganization an amount corresponding to those expenses. The said amount must be used exclusively for the financing of expenditures relating to the exercise of a power referred to in Division II of Chapter IV.
- Costs borne by Government. **80.** The costs related to acts carried out under Division III of Chapter II shall be borne by the Government.
- Referendum poll expenses. **81.** A reconstituted municipality whose territory corresponds to a sector concerned all or part of which was included in the territory of the city immediately before the constitution of the municipality shall reimburse the city and the Government for all expenses incurred by the city and the chief electoral officer, respectively, to organize and hold the referendum poll in that sector, including those incurred for the second revision of the referendum list for the purposes of the poll.
- Enlarged territory. An existing local municipality whose territory was enlarged by the transfer of the sector concerned following a referendum poll is required to reimburse the city and the Government pursuant to the first paragraph.

Payment to central municipality.

If the city no longer exists following a reorganization, each municipality that would otherwise have been required to reimburse the expenses referred to in the first paragraph to the city, with the exception of the central municipality, shall pay to the central municipality an amount corresponding to those expenses. The said amount must be used exclusively for the financing of expenditures relating to the exercise of a power referred to in Division II of Chapter IV.

Financing of expenditure.

The expenditure by a municipality referred to in the second paragraph to make the reimbursement or the payment, as the case may be, shall be financed by revenues derived exclusively from the sector concerned in which the poll was held.

Negative result.

**82.** The expenses incurred by the city to organize and hold a referendum poll whose outcome was negative, including those incurred for the second revision of the referendum list, shall be financed by revenues derived exclusively from the sector concerned in which the referendum poll was held.

Apportioning of expenses.

If one part of the sector is in the territory of the city and another is in the territory of another local municipality, the expenses shall be apportioned between the two parts of the sector in proportion to the number of requests for the holding of the referendum poll that were received during the registration process from each part of the sector. The aliquot share relating to the part of the sector that is in the territory of the other municipality shall be paid to the city by that municipality.

Referendum poll expenses.

**83.** The city shall reimburse the Government for all expenses incurred by the chief electoral officer to organize and hold a referendum poll whose outcome was negative, including those incurred for the second revision of the referendum list.

Provision applicable.

Section 82 applies, with the necessary modifications, to the financing of that reimbursement.

Sums allocated to transition committee.

**84.** A reconstituted municipality shall reimburse the Government for the sums of money allocated to the transition committee established in respect of the sector concerned and those allocated for the carrying out of its mandate.

Two or more sectors concerned.

If the transition committee was established in respect of two or more sectors concerned to which the territories of two or more reconstituted municipalities correspond, the sums referred to in the first paragraph shall be apportioned between those municipalities on the basis of their respective standardized property values for the first full fiscal year after they come into existence.

Enlarged territory.

An existing local municipality whose territory was enlarged by the transfer of the sector concerned following a referendum poll is required to reimburse the Government pursuant to the first paragraph. Section 82 applies, with the necessary modifications, to the financing of the reimbursement.

- Demand for payment. **85.** The Minister shall send each municipality that is required to reimburse the Government under either of sections 81, 83 or 84 a demand for payment containing a statement of the expenses to be reimbursed.
- Arbitration. **86.** The Minister may, with the agreement of any municipality that is party to a dispute arising from the cost sharing provided for in this division, submit the matter to the Commission municipale du Québec for arbitration.
- Mediation. Prior to arbitration, the Commission may proceed pursuant to Division III.1 of the Act respecting the Commission municipale (R.S.Q., chapter C-35).

#### DIVISION IV

##### CONTROLS REGARDING THE ADMINISTRATION OF CERTAIN SECTORS

- Provisions applicable. **87.** Sections 88 and 89 shall apply to any sector concerned where the answer given to the referendum question is deemed to be affirmative.
- Effective date. They shall apply as of the day following the day on which results of the addition of votes showing a number of affirmative votes greater than the number of negative votes and equal to or greater than 35% of the number of qualified voters whose names are entered on the referendum list of the sector are communicated to the local municipality having jurisdiction over all or part of the sector. If, however, such a majority is not reached according to the addition of votes but is reached according to the statement of the final results of the referendum poll, they shall apply as of the day on which the municipality receives a copy of that statement.
- End of applicability. They shall cease to apply on the day on which
- (1) in keeping with the final results of the referendum poll, jurisdiction over all or part of the sector is transferred to the reconstituted municipality whose territory corresponds to the sector or to the other local municipality into whose territory the sector is transferred; or
- (2) the municipality referred to in the second paragraph receives a copy of the statement of the final results of the referendum poll showing a number of affirmative votes equal to or less than the number of negative votes, or less than 35% of the number of qualified voters whose names are entered on the referendum list of the sector.
- Minister's approval. **88.** Any decision of the municipality referred to in the second paragraph of section 87 or a body of that municipality giving rise to an expense chargeable to the ratepayers of the sector must, to come into force, be approved by the Minister.

- Transition committee's approval. Where a transition committee is established in respect of the sector, the Minister's power of approval is exercised by the transition committee for the duration of its term.
- Exception. Approval is not required where the share of the expense chargeable to the ratepayers of the sector is under 25%.
- Authorization to alienate. **89.** The municipality referred to in the second paragraph of section 87 or a body of that municipality shall not, without the Minister's authorization, alienate an immovable located in the sector or a movable worth over \$10,000 that is principally used by the residents or ratepayers of the sector or for the administration of the sector.
- Opinion. The Minister may, before approving or rejecting an application for authorization, request the opinion of the competent transition committee.

## CHAPTER IV

### SHARING OF POWERS

#### DIVISION I

##### OBJECT AND INTERPRETATION

- Rules. **90.** Divisions II and IV state rules for the sharing of powers among related municipalities. Such rules may be prescribed by legislation to reorganize a city or any statutory instrument under that legislation.
- Principles. Division III states principles to be used as the basis for establishing rules for the exercise of certain powers by a related municipality. Such rules may be prescribed by the legislation referred to in the first paragraph or any statutory instrument under that legislation.
- "municipal body". **91.** For the purposes of those divisions, "municipal body" has the meaning assigned by section 307 of the Act respecting elections and referendums in municipalities (R.S.Q., chapter E-2.2).

#### DIVISION II

##### URBAN AGGLOMERATION POWERS

###### §1. — *General provisions*

- Urban agglomeration powers. **92.** The matters and subjects referred to in this division concern all the related municipalities resulting from the reorganization of a city. Powers pertaining to these matters and subjects may be designated as "urban agglomeration powers".
- Exclusive jurisdiction. Only the central municipality, to the exclusion of the other related municipalities, may act on these matters and subjects.

Territory.	For the purposes of the acts that may be performed with respect to these matters and subjects, the central municipality has jurisdiction over its own territory and over the territories of all the other related municipalities.
Presumption.	If a provision of an Act or a statutory instrument under that Act concerning such a matter or subject refers to the population of a municipality, the population of the central municipality is deemed to be the total population of all the related municipalities for the purposes of the provision.
Infrastructures and equipment.	<b>93.</b> If the infrastructures and equipment that form a system consist both of infrastructures and equipment over which the central municipality has exclusive jurisdiction under this division and infrastructures and equipment over which a related municipality has jurisdiction under other legislative provisions, the central municipality may, by by-law and subject to section 104, establish rules so that the exercise of jurisdiction over the latter infrastructures and equipment does not affect the former infrastructures and equipment in such a way as to significantly reduce the leeway of the central municipality in exercising its jurisdiction over them.
Rules.	Every related municipality must comply with the rules established in such a by-law that is in force.
Applicability.	The power conferred in the first paragraph applies in particular to residual materials, water supply, water purification and thoroughfares.
Presumption.	This power is deemed part of the central municipality's exclusive jurisdiction over the matter to which the infrastructures and equipment concerned are related.
	<b>§2. — <i>Matters concerning all the related municipalities</i></b>
Matters of collective interest.	<b>94.</b> The following matters concern all the related municipalities : <ul style="list-style-type: none"> <li>(1) property assessment ;</li> <li>(2) municipal watercourses ;</li> <li>(3) the components of public security, namely, <ul style="list-style-type: none"> <li>(a) civil protection, fire protection and police services unless immediately before the reorganization, police services are provided to the city by the Sûreté du Québec ;</li> <li>(b) the 9-1-1 emergency centre ;</li> <li>(c) the development, adoption and implementation of the civil protection plan and the fire safety cover plan ;</li> </ul> </li> <li>(4) the municipal court ;</li> </ul>

(10) the components of economic development, namely,

(a) the promotion of the territory of a related municipality, including the promotion of tourism, when it is done outside the territory and does not fall under the jurisdiction of a metropolitan community ;

(b) tourist services in the territory of a related municipality ;

(c) local development centres, conference centres, ports and airports, to the extent specified in section 99 ;

(d) industrial parks and railway sidings, to the extent specified in sections 100 and 101 ;

(11) premises or facilities for the dumping of snow removed from the territory of two or more related municipalities ;

(12) arts councils whose creation is expressly provided for or permitted by the charter or constituting act of a related municipality ; and

(13) if the city succeeded a regional county municipality or an urban community, any other matter over which the regional county municipality or urban community exercised jurisdiction under a legislative provision.

Social housing.

**95.** The central municipality's exclusive jurisdiction over social housing applies, subject to the power of a regional county municipality to provide for certain aspects of social housing financing under article 681.2 of the Municipal Code of Québec (R.S.Q., chapter C-27.1) or the obligation of the Communauté métropolitaine de Montréal to do so under section 153 of the Act respecting the Communauté métropolitaine de Montréal (R.S.Q., chapter C-37.01).

- Water. **96.** If the population of a city immediately before the reorganization is equal to or greater than 100,000, the central municipality's exclusive jurisdiction over water supply and water purification does not apply to the truly local mains of the city's waterworks or sewer system.
- Rules. The central municipality shall, by by-law and subject to section 104, establish the rules to be used to identify those mains.
- Presumption. This power is deemed part of the central municipality's exclusive jurisdiction over water supply and water purification.
- Limited exclusive jurisdiction. **97.** If the population of a city immediately before the reorganization is less than 100,000, the central municipality's exclusive jurisdiction over water supply and water purification exists only if, immediately before the city was constituted, jurisdiction over this matter was exercised under an agreement between former municipalities. The central municipality's exclusive jurisdiction applies only to infrastructures and equipment covered by such an agreement and those replacing them.
- No exclusive jurisdiction. If none of the territories of the former municipalities party to the agreement are included in the central municipality's territory, the central municipality does not have exclusive jurisdiction over water supply and water purification.
- Pooling. For the purposes of the first and second paragraphs, a pooling of infrastructures and equipment through the assumption of a power by a regional county municipality is considered to be a pooling of infrastructures and equipment under an agreement.
- Arterial road system. **98.** The central municipality shall, by by-law and subject to section 104, set the rules to be used to identify which thoroughfares form the arterial road system of the related municipalities.
- Presumption. This power is deemed part of the central municipality's exclusive jurisdiction over the management of those thoroughfares.
- Local development centres. **99.** Where the central municipality's exclusive jurisdiction over local development centres includes the power to determine the number of such centres in all the territories of related municipalities and to define the territory in which each centre has jurisdiction, the central municipality exercises this power by by-law, subject to section 104.
- Ports or airports. The central municipality's exclusive jurisdiction over a port or airport applies only if the main vocation of the port or airport is neither to serve recreational craft nor to provide access to an immovable for the owner of the immovable, a person residing or working in or on that immovable or a visitor or client.
- Industrial parks. **100.** An industrial park is any group of immovables forming an identifiable whole on the territory of a municipality and consisting of

(1) land acquired under the Act respecting municipal industrial immovables (R.S.Q., chapter I-0.1), another Act or a statutory instrument under an Act whose object is to allow a municipality or a body thereof to provide businesses with immovables for industrial, para-industrial or research purposes, including technology ;

(2) any improvements to the land referred to in subparagraph 1 ; and

(3) buildings or other structures on the land referred to in subparagraph 1.

Financing of expenditures.

The central municipality's exclusive jurisdiction over an industrial park includes, depending on whether or not the park is in the central municipality's territory, the obligation to use or the right to obtain a sum determined under the third paragraph to finance expenditures related to the exercise of a power referred to in this division.

Calculation of sum.

The sum is the balance of the revenue derived from the presence of the industrial park for a fiscal year, except revenue from a tax or other method of financing imposed by the central municipality to finance expenditures related to the exercise of a power referred to in this division, once the following have been excluded :

(1) that which must by law be used, for the fiscal year, to discharge commitments made in respect of the park ; and

(2) that which is taken into consideration in establishing the aggregate taxation rate of a municipality.

Alienation or leasing of immovables.

The decision to alienate or lease an immovable included in an industrial park, in the exercise of the central municipality's exclusive jurisdiction over the park, shall be made by by-law, subject to section 104.

Exception.

**101.** The central municipality may prescribe, by by-law and subject to section 104, that the management of an existing industrial park not be part of its exclusive jurisdiction over industrial parks.

Presumption.

This power is deemed part of that jurisdiction.

Assistance for a business.

**102.** The central municipality's exclusive jurisdiction over assistance intended specifically for a business applies in the manner specified in the second and third paragraphs as regards a tax credit.

Credit.

The central municipality may grant a credit reducing the amount of any tax it levies to finance expenditures resulting from the exercise of a power referred to in this division.

Prohibition.

No related municipality, including the central municipality, may grant a credit reducing the amount of another tax.

Powers.	<p><b>103.</b> The central municipality may, by by-law and subject to section 104,</p> <p>(1) specify what constitutes and what does not constitute assistance intended specifically for a business;</p> <p>(2) prescribe that a type of assistance it specifies not be part of its exclusive jurisdiction as provided in this division, even if the type of assistance specified is intended specifically for a business.</p>
Presumption.	<p>This power is deemed part of the central municipality's exclusive jurisdiction over assistance intended specifically for a business.</p>
Certified copy.	<p><b>104.</b> As soon as practicable after the adoption of a by-law referred to in the first paragraph of section 93, the second paragraph of section 96, section 98, the first paragraph of section 99, the fourth paragraph of section 100, or section 101 or 103, a certified copy of the by-law shall be sent to the Minister.</p>
Objection.	<p>A related municipality may inform the Minister of its objection to the by-law within 30 days after its adoption. A certified copy of the resolution setting out the objection shall be sent simultaneously to the Minister and every other related municipality within the 30-day period.</p>
Publication.	<p>Once the 30-day period has expired, if no objection has been filed with the Minister, the by-law may be published to meet the publication requirement for its coming into force. If an objection has been filed, the by-law must be approved by the Minister.</p>
Resolution.	<p>A by-law provided for in section 101 may be published or approved, as the case may be, only once a resolution expressing the concerned municipality's agreement has been adopted by the council that would have the authority to make decisions concerning the management of the industrial park referred to in the by-law should the by-law come into force.</p> <p>§3. — <i>Equipment, infrastructures and activities of collective interest</i></p>
Subjects of collective interest.	<p><b>105.</b> In the case of the reorganization of a city named in column A of the schedule and in respect of the equipment listed in column B of the schedule opposite the name of the city, the subjects referred to in the second paragraph concern all the related municipalities.</p>
Power to establish rules.	<p>The power to establish rules on such subjects as the management of equipment, the financing of related expenditures and the sharing of related revenue is part of the central municipality's exclusive jurisdiction. Related revenue must be shared equitably on the basis of the respective participation of the related municipalities in financing these expenditures.</p>
Power to amend schedule.	<p>The Minister may amend the schedule by order. However, the Minister's power to do this with respect to a city ceases as of the reorganization of the city.</p>

Power to amend list.	<b>106.</b> The central municipality may amend the list pertaining to it in keeping with the conditions prescribed in the second paragraph. This power is deemed part of its exclusive jurisdiction over the subjects referred to in this subdivision.
Conditions.	<p>Equipment may be included in the list if the following three conditions are met :</p> <p>(1) the equipment belongs to a related municipality or a body thereof ;</p> <p>(2) it is appropriate that the related expenditures be financed jointly or the related revenue be shared by at least two related municipalities ; and</p> <p>(3) the equipment is not referred to in a by-law in force under section 681.1 of the Municipal Code of Québec (R.S.Q., chapter C-27.1), an agreement or order in force under Division IV.1 of the Act respecting the Commission municipale (R.S.Q., chapter C-35) or Schedule V to the Act respecting the Communauté métropolitaine de Montréal (R.S.Q., chapter C-37.01), or a by-law in force under Division V of Chapter I of that Act or Division VI of Chapter III of the Act respecting the Communauté métropolitaine de Québec (R.S.Q., chapter C-37.02).</p>
Criteria.	The condition prescribed in subparagraph 2 of the second paragraph is met when the equipment is relatively well-known, unique in all the related municipalities or widely used by citizens or ratepayers of a related municipality although not situated in its territory.
Designation of equipment.	The central municipality resulting from the reorganization of a city that is not named in the schedule may, in keeping with the conditions prescribed in the second paragraph, designate any equipment for which it intends to avail itself of the power under the second paragraph of section 105. That designation is considered to be the amendment provided for in the first paragraph of this section, and any equipment so designated is deemed to be included in a list in the schedule opposite the name of the city.
Transitional terms and conditions.	<b>107.</b> The resolution by which the central municipality may amend the list must prescribe appropriate transitional terms and conditions regarding any subject referred to in section 105 in relation to equipment added to or removed from the list.
Minister's approval.	To come into force, the resolution must be approved by the Minister.
Resolution.	If equipment is removed from the list, the Minister's approval may be given only once a resolution expressing the concerned municipality's agreement has been adopted by the council that would have the authority to make decisions concerning a subject referred to in this subdivision in relation to that equipment should the resolution of the central municipality come into force.

Provisions applicable. **108.** Sections 105 to 107 apply, with the necessary modifications, to an infrastructure or activity, particularly to the provision of assistance for the purpose of carrying out a project.

Applicability. The activity of a municipality or body thereof may be covered by those sections even without the thing in relation to which the activity is carried on necessarily being the municipality’s or body’s project.

**DIVISION III**

**EXERCISE OF URBAN AGGLOMERATION POWERS**

Additional deliberative body. **109.** For the purpose of exercising a power referred to in Division II, the central municipality shall have an additional deliberative body.

Composition. This deliberative body shall be a joint council of representatives from all the related municipalities, including the central municipality.

“urban agglomeration council”. It may be designated as the “urban agglomeration council”.

Proportional representation. **110.** The number of representatives of a related municipality on the joint council shall be in approximately the same proportion to the total number of members as the population of the related municipality is to the total population of all the related municipalities.

Right to representation. Every related municipality is entitled to have a representative on the joint council even if not warranted by its relative demographic weight under the first paragraph.

Additional votes. If, because of the application of the second paragraph, one or more related municipalities are entitled to significantly greater representation on the joint council than warranted by their respective relative demographic weight, additional votes and fractions of votes shall be assigned to any representative of a related municipality with significantly less representation than warranted by its relative demographic weight. In this way, the proportionality between the population of the municipality and the say of the municipality’s representatives in the decision-making process shall be achieved through a combination of the number of representatives and the number of votes they are assigned.

Mayor. **111.** The mayor of a related municipality is by virtue of office the representative or one of the representatives of the municipality on the joint council.

Additional representatives. If the municipality is entitled to one or more additional representatives, the mayor shall designate them from among the members of the municipal council.

Powers. **112.** Any power of the central municipality referred to in Division II that requires an act by a deliberative body shall be exercised by the joint council.

Decisions and objections.

For a decision to be made by the joint council, a majority of the votes cast on a proposal must be in favour of it and no objection to the proposal must be made by the central municipality's representatives. An objection to a proposal is considered to have been made

(1) when a municipality has only one representative and that representative votes against the proposal ; and

(2) when a municipality has more than one representative and, depending on whether the mayor votes against the proposal or not, the votes cast by the representatives of the municipality are tied or a majority of these votes are against the proposal.

Decision-making power or obligation.

Despite any legislative provision, the executive committee of the central municipality has no power or obligation of a decision-making nature with respect to the exercise of a power referred to in Division II. Such a power shall be exercised and such an obligation fulfilled by the joint council in the place of the executive committee.

Power to levy tax.

**113.** To finance expenditures related to the exercise of a power referred to in Division II, the joint council may levy any tax or impose any method of financing that may be levied or imposed by a local municipality.

Remuneration.

Those expenditures include those related to the remuneration of joint council members or, in the case of joint council members who are also on the regular council of the central municipality, to that portion of their remuneration attributable to the exercise of such a power.

By-law.

The joint council's decision to levy a tax or impose a method of financing shall be made by a by-law to which section 104 applies.

Division of documents.

**114.** Documents of the central municipality that contain both matters requiring a decision by the joint council and matters requiring a decision by the regular council of the municipality, particularly the budget and the program of capital expenditures, must be divided accordingly.

Information given at meetings.

**115.** At a meeting of the council of any related municipality, including the regular council of the central municipality, the mayor

(1) shall inform the council of the matters that are to be considered at a future meeting of the joint council ;

(2) shall set out the positions the mayor intends to take on the matters mentioned in subparagraph 1 and discuss those positions with the other members present ; and

(3) shall report on the decisions made by the joint council at previous meetings.

**DIVISION IV**

**MISCELLANEOUS PROVISIONS RESPECTING URBAN AGGLOMERATION POWERS**

Municipalities not bound to exercise powers.

**116.** The sole fact that a municipality is granted a power under Division II does not bind the municipality to exercise that power or to exercise that power itself.

Regional county municipality.

The sole fact that a municipality is granted a power under Division II does not prevent a regional county municipality from assuming that power.

Agreement maintained.

**117.** If, immediately before the reorganization, a power referred to in Division II was exercised by a municipal body other than the city under an agreement entered into by the city, the agreement shall be maintained as if all the related municipalities were party to it, the central municipality shall succeed to the rights and obligations of the city that were stipulated in the agreement and the acts the central municipality performs by virtue of this succession shall be deemed performed in the exercise of the power referred to in Division II.

Permanent or irrevocable powers.

**118.** The central municipality shall not exercise a power referred to in Division II if, immediately before the reorganization, a municipal body other than the city exercised the power in respect of the city and the power is neither temporary nor revocable.

Revocable powers.

A power is deemed revocable if it is exercised by a body established by the city which may be dissolved by order or at the sole request of the city.

Exception.

The first paragraph shall not apply during the period in which, under the law as it stood immediately before the reorganization, the city and the other municipal body simultaneously exercise jurisdiction over the same matter, particularly the land use planning and development plan.

Acts inherent in or accessory to a power.

**119.** Decision-making related to the performance of acts inherent in or accessory to the exercise of a power is deemed part of the power.

List.

Such acts include :

- (1) the making of an agreement or any other form of contract ;
  - (2) the imposition of a method of financing and the inclusion of an item in the budget or in the program of capital expenditures ;
  - (3) the allocation of human or physical resources ;
  - (4) the taking of other administrative measures or the setting of standards ;
- and

(5) the response to the assumption of a power by a regional county municipality.

## CHAPTER V

### EFFECT OF CITY REORGANIZATION ON PERSONNEL, AND SHARING OF ASSETS AND LIABILITIES

#### DIVISION I

##### OBJECT AND INTERPRETATION

Principles.

**120.** Divisions II and III state principles to be used as the basis for establishing the rules both for dealing with the effect of the reorganization of a city on personnel and for sharing the assets and liabilities of the city. Such rules may be prescribed by legislation on city reorganization or any statutory instrument under that legislation.

Departure from a principle.

A rule may depart from a principle, however, when it is impossible to respect the principle or when respecting the principle would result in an inappropriate rule.

Both taken into account.

A person who has to recommend the adoption of a rule referred to in the first paragraph or who is called upon to anticipate its effects, particularly a transition committee or the person responsible for a study on the consequences and estimated costs of reorganization, must take into account both the principle on which the rule should normally be based and the possibility of departing from the principle as provided for in the second paragraph.

Applicability.

**121.** Even if Divisions II and III expressly refer only to cases in which a new local municipality resulting from the reorganization of the city is a reconstituted municipality whose territory is entirely situated within that of the city before reorganization, the principles put forward also apply, with the necessary modifications, to cases where

(1) a new local municipality is a reconstituted municipality whose territory is formed of parts of the territory of the city and of another local municipality that existed before the reorganization ;

(2) a part of the territory of the city is transferred to the territory of another local municipality that existed before the reorganization.

#### DIVISION II

##### EFFECT OF CITY REORGANIZATION ON PERSONNEL

Officers or employees.

**122.** An officer or employee of the city remains or becomes, as the case may be, an officer or employee of the central municipality.

Transfer.	However, such a person may be transferred to a related municipality other than the central municipality, in keeping with the rules set out in this division.
Prohibition.	<b>123.</b> No officer or employee of the city may suffer a salary reduction, be laid off or dismissed simply as a result of the reorganization of the city.
Prohibition.	No officer or employee of the city who is transferred to a related municipality other than the central municipality may suffer a salary reduction simply as a result of the transfer.
Conditions.	A person referred to in the first or second paragraph does not lose seniority or any employment benefits. The person also continues to be a member of the same pension plan as before the reorganization.
Alienation of an undertaking.	<b>124.</b> For city personnel, the reorganization is deemed to constitute the alienation of an undertaking in favour of the central or the related municipality, as the case may be.
Expiry of a collective agreement.	However, a collective agreement transferred to the new employer shall expire on its expiry date or six months after the reorganization, whichever comes first.
Provision not applicable.	The second paragraph does not apply to a collective agreement transferred to the central municipality if the central municipality is not a reconstituted municipality.
Transfer rules and procedure.	<b>125.</b> Within the time set by the Minister, the transition committee, in conjunction with the city and any association of employees certified under the Labour Code (R.S.Q., chapter C-27), must establish the rules and procedure for transferring employees represented by the association to a related municipality other than the central municipality.
Incidental conditions of employment.	The committee, the city and the association may also agree on conditions of employment incidental to the transfer.
Additional time.	The Minister may grant additional time at the request of the committee, the city or a certified association.
No transition committee.	If no transition committee has jurisdiction over the sector concerned that constitutes the territory of the related municipality other than the central municipality, the duties and powers of such a committee are assigned to a person designated by the Minister for that purpose.
Consultation.	Where applicable, the persons elected in advance in a related municipality other than the central municipality must be consulted on the matters referred to in the first two paragraphs.
No higher costs.	<b>126.</b> An agreement reached under section 125 cannot provide for conditions of employment that entail for a related municipality other than the central

municipality higher costs than those entailed by the conditions of employment applicable before the transfer.

- Rules and procedure. The rules and procedure referred to in that section are provisions on the application of the reassignment process provided for in the applicable conditions of employment or, if there is no such process, provisions that allow employees to be assigned a position or a place of employment.
- No agreement. **127.** If an agreement is not reached on all the matters referred to in section 125 within the time set by the Minister, the Minister shall inform the Minister of Labour.
- Steps taken by Minister of Labour. **128.** The Minister of Labour shall refer the disagreement to a mediator-arbitrator, set a time within which the disagreement must be settled, and notify the parties.
- Mediator-arbitrator. The Minister may, if necessary, appoint a mediator-arbitrator for each disagreement or set of disagreements.
- Attempt to reach agreement. **129.** Before proceeding with arbitration, the mediator-arbitrator must attempt to bring the parties to agree on the matters referred to in section 125 on which no agreement has been reached.
- Arbitration. The mediator-arbitrator must proceed with arbitration on the matters on which no agreement was reached before or during mediation if, in the mediator-arbitrator's opinion, there is no likelihood of the parties reaching an agreement within a reasonable time. In such a case, the mediator-arbitrator shall inform the parties and the Minister of Labour.
- Provisions applicable. **130.** Subject to sections 128, 129, 131 and 133 to 135 of this Act, sections 76 and 77, the first paragraph of sections 79 and 80 and sections 81 to 89, 91, 91.1, 93, 139 and 140 of the Labour Code (R.S.Q., chapter C-27) apply to the arbitration, with the necessary modifications.
- Examination of record. **131.** The mediator-arbitrator shall proceed with arbitration upon examination of the record.
- Hearings. The mediator-arbitrator may, if necessary, hold arbitration hearings.
- Agreement possible at any time. **132.** The parties may at any time agree on a matter on which there has been disagreement.
- Record of agreement. The agreement is recorded in the arbitration award, which may not amend it.
- Transfer rules and procedure. **133.** The mediator-arbitrator shall set the rules and procedure for the transfer of employees represented by a certified association to a related municipality other than the central municipality. The mediator-arbitrator shall

also determine the rights of recourse of an employee who believes he or she has been wronged by the application of the rules or procedure.

Incidental conditions of employment.

The mediator-arbitrator may also rule on any condition of employment that the mediator-arbitrator believes is incidental to the transfer of the employee.

No higher costs.

The award may not provide conditions of employment that entail for the related municipality other than the central municipality higher costs than those entailed by the conditions of employment applicable before the transfer.

Time limit.

**134.** The mediator-arbitrator must render the award within the time set by the Minister of Labour.

Extension.

If it is warranted by exceptional circumstances, the Minister may determine and grant an extension at the request of the mediator-arbitrator.

Parties bound.

**135.** The arbitration award is binding on the city, the central municipality, the other related municipality and the associations certified to represent any of their employees, as well as on the transition committee or the person designated under the fourth paragraph of section 125.

Collective agreement amended.

If a collective agreement is in force, the award operates to amend it. If the renewal of the collective agreement is being negotiated, the provisions of the award are deemed to form part of the last collective agreement, as of the date on which the award takes effect. If a first collective agreement is being negotiated, the provisions of the award amend the applicable conditions of employment.

Transfer plan for other personnel.

**136.** The transition committee or the person designated under the fourth paragraph of section 125 shall draw up a plan for the transfer of officers and employees who are not represented by a certified association to a related municipality other than the central municipality, as well as the procedure relating to the rights of and remedies available to an officer or employee who believes he or she has been wronged by the application of the transfer plan.

Minister's approval.

The committee or the person must send the Minister of Municipal Affairs, Sports and Recreation any plan drawn up under the first paragraph for approval. The Minister may approve the plan with or without changes.

Applicability.

Once approved, a plan applies to the city, the central municipality and the other related municipality.

Consultation.

**137.** The transition committee or the person designated under the fourth paragraph of section 125 must consult any association created to defend and promote the rights and interests of the officers and employees of the city who are not represented by a certified association on the transfer plan and the procedure relating to the rights and remedies referred to in section 136.

**DIVISION III****SHARING OF ASSETS AND LIABILITIES**§1. — *Interpretation*

“debt” and “surplus”. **138.** For the purpose of this division, the words “debt” and “surplus” also mean whatever the city’s constituting act or charter equates with a debt, particularly in the expression “expenditures related to a debt”, or with a surplus.

§2. — *Debts*

Debts contracted by a former municipality. **139.** The debts of the city that existed immediately before the reorganization and that were contracted by a former municipality whose territory corresponds to that of a reconstituted municipality become the debts of the latter. The expenditures related to those debts shall continue to be financed by revenues derived exclusively from that territory or a part of it, as the case may be.

Same financing rules. However, if the financing rules applicable to such a debt immediately before the reorganization state that the expenditures related to the debt are financed by revenues derived from the territory of several former municipalities, the debt remains or becomes a debt of the central municipality, as the case may be. The joint council of the central municipality shall establish the share of the expenditures payable by each related municipality concerned, so that the financing rules continue to apply until the debt expires.

Area of jurisdiction referred to in Chap. IV, Div. II. **140.** The debts of the city that existed immediately before the reorganization, that were not contracted by a former municipality, and that are related to property, services or activities within an area of jurisdiction referred to in Division II of Chapter IV remain or become the debts of the central municipality, as the case may be.

Same financing rules. The joint council of the central municipality shall establish the share of the expenditures related to those debts payable by each related municipality concerned, so that the financing rules applicable to each debt immediately before the reorganization continue to apply.

Power to change rules. The joint council may change the rules.

Area of jurisdiction not referred to in Chap. IV, Div. II. **141.** The debts of the city that existed immediately before the reorganization, that were not contracted by a former municipality, and that are related to property, services or activities within an area of jurisdiction that is not referred to in Division II of Chapter IV remain or become the debts of the central municipality, as the case may be.

Contribution. The expenditures related to such a debt are financed by a contribution from the related municipality that benefits from the property, service or activity from which the debt derives. That municipality may be determined on the

basis of the territory on which the property is located or used, the service is provided or the activity is carried on.

Proportional contribution.

If a number of municipalities benefit, each one must contribute to the financing of the expenditures related to the debt, in proportion to the benefit it receives.

Same financing rules.

If it is not possible to determine which municipality benefits, the financing rules applicable to the debt immediately before the reorganization are used to establish the share payable by each related municipality.

### §3. — *Assets*

Property.

**142.** Any property the city owns immediately before the reorganization that is related to the exercise of a power over a matter referred to in subdivision 2 of Division II of Chapter IV remains or becomes the property of the central municipality, as the case may be.

Proportional sharing of proceeds.

If the central municipality alienates the property, the proceeds of the alienation or, where applicable, the part of the proceeds that exceeds the amount of the debt related to that property is shared among the related municipalities in proportion to the participation of each in the financing of the expenditures related to that debt.

Other property.

**143.** Any property the city owns immediately before the reorganization that is related to the exercise of a power that is not referred to in Division II of Chapter IV remains or becomes, as the case may be, the property of the related municipality

(1) on whose territory the property is located, if the property is an immovable;

(2) whose territory, before the reorganization, received a service for which the property was used, if the property is a movable.

Special situations.

However, in determining to which municipality a property belongs after the reorganization, special situations that existed before the city was constituted must be taken into account, such as:

(1) an immovable that was located on the territory of a former municipality other than the municipality to which it belonged;

(2) a vehicle that belonged to a former municipality other than the one whose territory it served before the reorganization.

Conditions for compensatory amount.

**144.** A compensatory amount is calculated for a reconstituted municipality if all the following conditions are filled:

(1) before the reorganization, the city alienated property that belonged to the former municipality whose territory has become the territory of the reconstituted municipality ;

(2) the alienated property was related to the exercise of a power that is not referred to in Division II of Chapter IV, or was the immovable that housed the office of the former municipality ;

(3) a debt related to the alienated property existed at the time the city was constituted and still exists at the time of the reorganization, and the expenditures related to it were financed, immediately before the reorganization, by revenues derived exclusively from the territory of the former municipality or a part of it ;

(4) the proceeds of the alienation

(a) were not used to finance expenditures related to the debt on the alienated property ;

(b) were not used directly to improve infrastructures or equipment located on the territory of the former municipality and related to the exercise of a power that is not referred to in Division II of Chapter IV ; and

(c) were not added to the former municipality's accumulated surplus for the exclusive benefit of the residents and ratepayers of the territory of that municipality.

Calculation.

The compensatory amount is equal to the lesser of the proceeds of the alienation and the balance of the debt.

Shared costs.

Each related municipality, including the reconstituted municipality for which the compensation is established, shall pay part of the compensatory amount. The part to be paid by each is based on the standardized real estate value of each related municipality.

§4. — *Deficits, surpluses and other amounts available or receivable*

Deficit.

**145.** The unpaid balance, as it existed immediately before the reorganization, of a deficit whose related expenditures must be financed by revenues derived exclusively from the territory of a former municipality or a part of that territory becomes a deficit of the reconstituted municipality whose territory corresponds to that of the former municipality.

Surplus.

The unspent balance, as it existed immediately before the reorganization, of a surplus that is for the exclusive benefit of the residents and ratepayers of the territory of a former municipality or a part of that territory becomes a surplus of the reconstituted municipality whose territory corresponds to that of the former municipality.

Other deficit or surplus.

**146.** A deficit or surplus of the city that is not referred to in section 145 and that existed immediately before the reorganization remains or becomes a deficit or surplus of the central municipality, as the case may be.

Use.

The central municipality shall cover the deficit or use the surplus in the exercise of its powers under Division II of Chapter IV.

Pre-existing fund.

**147.** Section 146 applies, with the necessary modifications, to any fund of the city that existed immediately before the reorganization.

Specific fund.

However, a fund created specifically for the exercise of a power that is not referred to in Division II of Chapter IV preserves its original purpose.

Transfer of monies.

When such a fund is made up of revenues derived exclusively from the territory that will become the territory of a reconstituted municipality, the monies that were in the fund immediately before the reorganization and have not yet been appropriated become that municipality's monies.

Sharing of monies.

If the revenues used to create such a fund derive exclusively from the territory of former municipalities at least one of which is to become the territory of a reconstituted municipality, particularly when the fund was created by the council of a borough made up of such territories, such a reconstituted municipality is entitled to part of the monies referred to in the third paragraph. That part is equal to the fraction of the total standardized real estate value of the territories concerned that is attributable to that municipality's territory.

Entitlement.

**148.** An amount to which a city is entitled under a government program designed to encourage amalgamations, and that is to be paid after the reorganization, shall be paid to the central municipality.

Use.

The central municipality shall use this amount in the exercise of its powers under Division II of Chapter IV.

## CHAPTER VI

### REGULATIONS

Rules.

**149.** The Government may, in respect of a consultation under Chapter II, make regulations establishing rules relating to all or some of the matters forming the subject of Chapter XIII and Chapter XIV of Title I of the Act respecting elections and referendums in municipalities (R.S.Q., chapter E-2.2), concerning the financing and control of expenses and the disclosure of contributions.

Penal or other provisions.

Such a regulation may also contain penal or other provisions with respect to acts such as those to which the provisions of Titles III and IV of that Act apply.

Draft regulation. The Minister shall present a draft of such a regulation to the Government after receiving a recommendation in that regard from the chief electoral officer.

### CHAPTER VIII

#### MISCELLANEOUS, TRANSITIONAL AND FINAL PROVISIONS

Services related to consultation.

**170.** Notwithstanding the provisions of an Act or statutory instrument or a clause of a contract whereby a person employed by a former municipality or by a regional county municipality or an urban community that ceased to exist upon the constitution of a city cannot, during a certain period, be employed by a city or otherwise enter into a contract with a city to provide services to the city, the person may be hired to provide during that period services related to the consultation to be held under Chapter II in the territory of the city.

Recognition under c. C-11.

**171.** A reconstituted municipality, whose territory corresponds to that of a former municipality that was recognized under section 29.1 of the Charter of the French language (R.S.Q., chapter C-11), is deemed so recognized until the Government withdraws such recognition, at its request, in application of this section.

Inclusion of territory.

**172.** The territory of a reconstituted municipality remains included, if applicable, in that of a regional county municipality or a metropolitan community.

Extension.

**173.** The period during which the provisions of any order referred to in the second paragraph that require or authorize a municipality resulting from an amalgamation to comply with rules ensuring the transition towards standardized taxation throughout its territory and providing that during the transition period, the terms of various methods of financing, in particular the rate of the general property tax, are to vary according to the territories of the municipalities that ceased to exist at the time of the amalgamation, is extended to cover the first 20 fiscal years during which the municipality exists.

Applicability.

The first paragraph applies to every original or amending order made under the Act respecting municipal territorial organization (R.S.Q., chapter O-9) following an authorization or study provided for in section 125.2 or 125.5 of that Act.

Amendment of order.

The Government may amend an order so as to formalize an implicit amendment resulting from the application of the first two paragraphs.

Standardized taxation.

**174.** Any municipality to which an extension provided for in section 173 or resulting from any of sections 151 to 155 applies must ensure that the transition towards standardized taxation throughout its territory is carried out in a regular, progressive manner.

- Reduction of differences. To that end, if the municipality intends to avail itself of the entire period of the extension, it must spread the reduction of the differences that exist, according to the territories of the municipalities that ceased to exist upon the amalgamation, in the terms of various methods of financing, in particular the rate of the general property tax, proportionately among the fiscal years remaining in that period.
- Validity of acts. **175.** Every act performed under a provision repealed by section 160, 167 or 169 remains valid and, if applicable, continues to produce its effects.
- Termination of studies. Notwithstanding the first paragraph, any study under section 125.5 of the Act respecting municipal territorial organization (R.S.Q., chapter O-9) that is in progress on 18 December 2003 shall end on that date.
- Power. **176.** The Government retains the power granted it by the second paragraph of section 125.30 of the Act respecting municipal territorial organization (R.S.Q., chapter O-9) as it read before 18 December 2003 as if section 125.27 of that Act had not been repealed.
- Minister responsible. **177.** The Minister of Municipal Affairs, Sports and Recreation is responsible for the administration of this Act.
- Coming into force. **178.** This Act comes into force on 18 December 2003.

#### SPECIAL PROVISIONS APPLICABLE TO FOREST MANAGEMENT ACTIVITIES PRIOR TO 1 APRIL 2006

Forest reserves.

**63.** As of 18 December 2003, the parts of the common areas located north of the northern limit set by the Minister of Natural Resources and made public on 19 December 2002 are deemed to be forest reserves and no longer part of the common areas.

Decision-making and  
dispute resolution  
mechanism.

**64.** Agreement holders whose timber supply and forest management agreements or forest management agreements apply to the same common area must send the Minister of Natural Resources, Wildlife and Parks no later than 1 March 2004 a decision-making and dispute resolution mechanism for use when drawing up and implementing the 2004-2005 and 2005-2006 annual forest management plans.

Failure to comply.

Should the agreement holders fail to send the Minister a decision-making and dispute resolution mechanism for use when drawing up and implementing the 2004-2005 and 2005-2006 annual forest management plans by that date, the Minister may impose one on them as of that date.

Coming into force.

The decision-making and dispute resolution mechanism shall come into force on 1 March 2004 or, in the case referred to in the second paragraph, at any later date set by the Minister.

Effect.

**65.** Decisions made using the decision-making and dispute resolution mechanism have the same effect as stipulations agreed upon between the parties on the subject of the dispute.

Drop in forest production.

**66.** For the year 2005-2006, if the results of the calculation of the annual allowable cut based on the new management units obtained when the 2006-2011 general forest management plans were drawn up show a drop in forest production compared with the volumes allocated, the Minister of Natural Resources, Wildlife and Parks must reduce, in the management permits for that year, the volumes of timber the timber supply and forest management agreement holders and forest management agreement holders were authorized to harvest under their agreement and the Forest Act, in order to take the results of that calculation into account beginning that year.

New annual allowable cut.

To that end, the Minister shall set a new annual allowable cut for the year 2005-2006, by species or group of species, for each common area, by adding up the results of the calculation of the annual allowable cuts for forest management units or parts of forest management units located in the common area concerned; the annual allowable cut for a part of a forest management unit is based on the area of that part as a percentage of the total area of the unit.

Reduction.

If the result of the calculation of the new annual allowable cut in the common area shows a decrease in forest production, the Minister shall determine the reduction applicable to the common area, by species or group of species, and distribute the reduction for the species or group of species among the agreement holders in the common area in proportion to the volumes allocated to each. However, the Minister may vary the reduction in volumes made among the agreement holders depending on the impact the distribution of the reductions among them could have on regional or local economic activity.

Distribution of total allowable cut.

**67.** Insofar as possible and taking the forest composition of the territory into account, the 2005-2006 annual forest management plan for a common area must distribute the total allowable cut throughout the common area, taking into account the volume reductions calculated for each of the forest management units or parts of forest management units in the common area.

#### FINAL PROVISIONS

Delimitation.

**68.** The delimitation for management units determined and made public by the Minister of Natural Resources on 19 December 2002, and the delimitation established in accordance with the Agreement referred to in section 95.6 of the Forest Act (R.S.Q., chapter F-4.1) and made public on 13 June 2003 are deemed, for the purposes of the Forest Act, to be the delimitation referred to in section 35.2 of that Act, enacted by section 30 of chapter 6 of the statutes of 2001.

Provision applicable.

**71.** Section 1 of this Act is applicable to sugar bush management permits valid at the time it comes into force.

Reference.

**72.** For the purposes of the second paragraph of section 25.1 and sections 86.1 and 86.2 of the Forest Act, introduced by sections 7, 22 and 23 of this Act respectively, in respect of forest management activities prior to 1 April 2006, a reference to a management unit is a reference to a common area and a reference to an annual management plan is a reference to a management permit.

Arbitration proceedings.

**73.** Sections 14, 15, 64 and 65 of this Act do not operate to end arbitration proceedings begun prior to 1 March 2004.

Annual management plans.

**74.** Section 28 of this Act applies to annual management plans submitted to the Minister for approval after 18 December 2003.
