## NOTE

This volume contains the text of Acts assented to in 2005.

It also contains information that enables the reader to locate an Act, to trace the stages of its consideration in the National Assembly and to determine its effects on existing legislation.

Each Act is preceded by an introductory page indicating, in addition to the chapter number and title of the Act, the corresponding bill number, the name of the Member who introduced the bill, the date of each stage of consideration in the National Assembly, the date of assent, the date or dates of coming into force if known on 1 March 2006, and a list of the Acts, regulations and orders in council amended by the Act.

The table of amendments is a cumulative listing of all amendments made to the Revised Statutes of Québec, 1977 and other public Acts, including amendments made by the Acts passed in 2005. It is followed by a table of general amendments and a table of corrections made for updating purposes since 1979 pursuant to the Act respecting the consolidation of the statutes and regulations (R.S.Q., chapter R-3).

A table of concordance lists the chapter number in the Revised Statutes of Québec assigned to Acts adopted between 1 January 2005 and 1 January 2006.

A table, compiled since 1964, shows the dates on which public legislative provisions came into force by proclamation or order in council. The next table enumerates legislative provisions which have yet to be brought into force by proclamation or order in council. Other tables contain information relating to letters patent, supplementary letters patent, orders, proclamations and orders in council required by law to be published.

Two more tables of concordance list, opposite each other, the bill number of each Act and its chapter number in the annual volume of statutes.

Most of the information described above can be found in the yellow pages of the volume. An index is provided at the end of the volume.

Repayment of assistance by a partnership.

**“1029.8.36.59.17.** Where a partnership pays, in a fiscal period, in this section referred to as the “fiscal period of repayment”, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph *i* of subparagraph *b* of the first paragraph of section 1029.8.36.59.15, a corporation’s share of the eligible expenses of the partnership for a particular fiscal period, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.59.14, in respect of the share, for its taxation year in which the particular fiscal period ended, the corporation is deemed, subject to the second paragraph, to have paid to the Minister on the corporation’s balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year

under this Part, if the corporation is a member of the partnership at the end of the fiscal period of repayment and if it encloses the prescribed form containing the prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the particular amount that the corporation would be deemed, subject to the third paragraph, to have paid to the Minister under section 1029.8.36.59.14 for its taxation year in which the particular fiscal period ends, in respect of the share, exceeds the aggregate of

(a) the amount that the corporation would be deemed to have paid to the Minister under section 1029.8.36.59.14, for its taxation year in which the particular fiscal period ends, in respect of the eligible expenses of the partnership, if the corporation's share of the income or loss of the partnership for the particular fiscal period had been the same as the corporation's share for the fiscal period of repayment; and

(b) any amount that the corporation would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of that assistance repaid by the partnership, if the corporation's share of the income or loss of the partnership for the particular fiscal period had been the same as the corporation's share for the fiscal period of repayment.

Computation of payments.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

Computation of amount.

The particular amount to which the first paragraph refers shall be computed as if

(a) any amount of assistance repaid at or before the end of the fiscal period of repayment had reduced, for the particular fiscal period, the amount of any government assistance or non-government assistance referred to in subparagraph *i* of subparagraph *b* of the first paragraph of section 1029.8.36.59.15; and

(b) the corporation's share of the income or loss of the partnership for the particular fiscal period had been the same as the corporation's share for the fiscal period of repayment.

Repayment of assistance by a corporation that is a member of a partnership.

**“1029.8.36.59.18.** Where a corporation is a member of a partnership at the end of a fiscal period of the partnership, in this section referred to as the “fiscal period of repayment”, and pays, in the fiscal period of repayment, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance that reduced, because of subparagraph ii of subparagraph *b* of the first paragraph of section 1029.8.36.59.15, its share of the eligible expenses of the partnership for a particular fiscal period, for the purpose of computing the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.59.14, in respect of the share, for its taxation year in which the particular fiscal period ended, the corporation is deemed, subject to the second paragraph, to have paid to the Minister on the corporation's balance-due day for its taxation year in which the fiscal period of repayment ends, on account of its tax payable for that year under this Part, if it encloses the prescribed form containing the prescribed information with the fiscal return it is required to file for the year under section 1000, an amount equal to the amount by which the particular amount that the corporation would be deemed, subject to the third paragraph, to have paid to the Minister under section 1029.8.36.59.14 for its taxation year in which the particular fiscal period ends, in respect of the share, exceeds the aggregate of

(a) the amount that the corporation would be deemed to have paid to the Minister under section 1029.8.36.59.14 for its taxation year in which the particular fiscal period ends, in respect of the share, if the corporation's share of the income or loss of the partnership for the particular fiscal period had been the same as the corporation's share for the fiscal period of repayment; and

(b) any amount that the corporation would be deemed to have paid to the Minister under this section for a taxation year preceding the taxation year in which the fiscal period of repayment ends, in respect of an amount of that assistance repaid by the corporation, if the corporation's share of the income or loss of the partnership for the particular fiscal period had been the same as the corporation's share for the fiscal period of repayment.

Computation of payments.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

Computation of amount.

The particular amount to which the first paragraph refers shall be computed as if

(a) any amount of assistance repaid at or before the end of the fiscal period of repayment had reduced, for the particular fiscal period, the amount of any government assistance or non-government assistance referred to in subparagraph ii of subparagraph *b* of the first paragraph of section 1029.8.36.59.15; and

(b) the corporation's share of the income or loss of the partnership for the particular fiscal period had been the same as the corporation's share for the fiscal period of repayment.

Deemed repayment of assistance.

**“1029.8.36.59.19.** For the purposes of sections 1029.8.36.59.16 to 1029.8.36.59.18, an amount of assistance is deemed to be repaid, at a particular time, by a corporation or partnership, pursuant to a legal obligation, where that amount

(a) reduced, because of section 1029.8.36.59.15, eligible expenses or the share of such expenses of a corporation that is a member of the partnership, for the purpose of computing the amount that the corporation or the corporation that is a member of the partnership is deemed to have paid to the Minister for a taxation year under section 1029.8.36.59.13 or 1029.8.36.59.14;

(b) was not received by the corporation or partnership; and

(c) ceased at the particular time to be an amount that the corporation or partnership may reasonably expect to receive.

Reduction of eligible expenses.

**“1029.8.36.59.20.** Where, in respect of eligible expenses of a qualified corporation or a qualified partnership, a person or a partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, other than a benefit or advantage that may reasonably be attributed to eligible work relating to the eligible expenses, whether in the form of a reimbursement, compensation, guarantee, in the form of proceeds of disposition of property which exceed the fair market value of the property, or in any other form or manner, the following rules apply:

(a) for the purpose of computing the amount that the qualified corporation is deemed to have paid to the Minister for a taxation year under

section 1029.8.36.59.13, the amount of the eligible expenses referred to in the first paragraph of section 1029.8.36.59.13 shall be reduced by the amount of the benefit or advantage relating to the eligible expenses that the person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain on or before the filing-due date of the qualified corporation for the taxation year; and

(b) for the purpose of computing the amount that is deemed to have been paid to the Minister for a taxation year under section 1029.8.36.59.14 by a qualified corporation that is a member of the qualified partnership referred to in that section, the share, referred to in the first paragraph of section 1029.8.36.59.14, of the qualified corporation, for a fiscal period of the partnership that ends in the taxation year, of the amount of the eligible expenses, shall be reduced

i. by its share, for the fiscal period, of the amount of the benefit or advantage relating to the eligible expenses that the person or partnership, other than a person referred to in subparagraph ii, has obtained, is entitled to obtain or may reasonably expect to obtain on or before the day that is six months after the end of the fiscal period, and

ii. by the amount of the benefit or advantage relating to the eligible expenses that the qualified corporation or a person with which it does not deal at arm's length has obtained, is entitled to obtain or may reasonably expect to obtain on or before the day that is six months after the end of the fiscal period.

Qualified corporation's share.

For the purposes of subparagraph i of subparagraph b of the first paragraph, the share, for a fiscal period of a qualified partnership, of a qualified corporation that is a member of the partnership of the amount of the benefit or advantage that the partnership, or a person referred to in subparagraph i, has obtained, is entitled to obtain or may reasonably expect to obtain, is equal to the proportion of the amount that the corporation's share of the income or loss of the partnership for the fiscal period is of the income or loss of the partnership for the fiscal period, on the assumption that, if the income and loss of the partnership for the fiscal period are nil, the partnership's income for the fiscal period is equal to \$1,000,000.

Taxpayer's share.

For the purposes of the first paragraph, a taxpayer's share of an amount incurred by a partnership in a fiscal period is equal to the proportion of the amount that the taxpayer's share of the income or loss of the partnership for the fiscal period is of the income or loss of that partnership for the fiscal period, on the assumption that, if the income and loss of the partnership for that fiscal period are nil, the partnership's income for that fiscal period is equal to \$1,000,000.

assistance repaid by the partnership, if the taxpayer's share of the income or loss of the partnership for the particular fiscal period had been the same as the taxpayer's share for the fiscal period of repayment.

Computation of payments.

For the purpose of computing the payments that a taxpayer referred to in the first paragraph is required to make under section 1025 or 1026, subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, for the taxpayer's taxation year in which the fiscal period of repayment ends, the taxpayer is deemed to have paid to the Minister, on account of the aggregate of the taxpayer's tax payable for the year under this Part and of the taxpayer's tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

(b) except for the purposes of section 1029.8.36.59.26, the taxpayer's share of the income or loss of the partnership for the particular fiscal period had been the same as the taxpayer's share for the fiscal period of repayment.

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of the amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the

(a) C is,

i. if the individual is, at the beginning of the particular month, an eligible individual in respect of a single eligible dependent child, \$2,000, or

ii. if the individual is, at the beginning of the particular month, an eligible individual in respect of more than one eligible dependent child, the aggregate of

(1) \$2,000 for the first eligible dependent child,

(2) \$1,000 for each of the second and third eligible dependent children, and

(3) \$1,500 for the fourth eligible dependent child and for each subsequent eligible dependent child;

(b) D is an amount of \$700, where the individual has no cohabiting spouse at the beginning of the particular month;

(c) E is the individual's family income for the base year in relation to the particular month;

(d) F is,

i. if the individual has a cohabiting spouse at the beginning of the particular month, \$42,800, and

ii. in any other case, \$31,600;

(e) G is,

i. if the individual is, at the beginning of the particular month, an eligible individual in respect of a single eligible dependent child, \$553, or

ii. if the individual is, at the beginning of the particular month, an eligible individual in respect of more than one eligible dependent child, the aggregate of

(1) \$553 for the first eligible dependent child, and

(2) \$510 for the second eligible dependent child and for each subsequent eligible dependent child; and

(f) H is an amount of \$276, where the individual has no cohabiting spouse at the beginning of the particular month.

Restriction.

Where, at the beginning of a particular month, more than one eligible dependent child would, but for this paragraph, give entitlement to an amount in respect of a child assistance payment, as a consequence of the application of subparagraphs *a* and *e* of the third paragraph, only one of those eligible dependent children is deemed to give entitlement to such an amount.

Supplement for  
handicapped children.

**“1029.8.61.19.** An eligible dependent child to whom subparagraph *b* of the second paragraph of section 1029.8.61.18 refers is a child who, according to the prescribed rules, has an impairment or a developmental disability that substantially limits the child in the activities of daily living during a foreseeable period of at least one year.

Application.

For the purpose of considering an amount in respect of the supplement for handicapped children under subparagraph *b* of the second paragraph of section 1029.8.61.18, an application must be filed with the Board and be accompanied by an expert's report assessing the child's condition.

Assessment of the  
child's condition.

Where divergent opinions exist concerning the assessment of the child's condition, the Board may require that the child be examined by the physician it designates or by any other expert. If valid grounds are presented to oppose the choice of the physician or expert, the Board shall designate another physician or expert.

Amounts adjusted annually.

**“1029.8.61.20.** Each of the amounts referred to in the third paragraph shall, where it is to be used for a taxation year subsequent to the taxation year 2004, be adjusted annually in such a manner that the amount used for that taxation year is equal to the total of the amount used for the preceding taxation year and the product obtained by multiplying that amount so used by the factor determined by the formula

$$(A / B) - 1.$$

Interpretation.

In the formula provided for in the first paragraph,

(a) A is the overall average Québec consumer price index without alcoholic beverages and tobacco products for the 12-month period that ended on 30 September of the taxation year preceding that for which an amount is to be adjusted; and

(b) B is the overall average Québec consumer price index without alcoholic beverages and tobacco products for the 12-month period that ended on 30 September of the taxation year next before the year preceding that for which the amount is to be adjusted.

Amounts.

The amounts to which the first and fourth paragraphs refer are

(a) the amount of \$119.22 mentioned in subparagraph *b* of the second paragraph of section 1029.8.61.18;

(b) the amounts of \$2,000, \$1,000 and \$1,500, wherever they are mentioned in subparagraph *a* of the third paragraph of section 1029.8.61.18;

(c) the amount of \$700 mentioned in subparagraph *b* of the third paragraph of section 1029.8.61.18;

(d) the amounts of \$553 and \$510, wherever they are mentioned in subparagraph *e* of the third paragraph of section 1029.8.61.18; and

(e) the amount of \$276 mentioned in subparagraph *f* of the third paragraph of section 1029.8.61.18.

Presumption.

For the purposes of the first paragraph in respect of an amount that is to be used for the taxation year 2005, each of the amounts referred to in the third paragraph is deemed to be the amount used for the taxation year 2004.

Amounts adjusted.

**“1029.8.61.21.** Where the amount that results from the adjustment provided for in section 1029.8.61.20 is not a multiple of \$1, it shall be rounded to the nearest multiple of \$1 or, if it is equidistant from two such multiples, to the higher thereof.

Formula for adjustment.

“**1029.8.61.22.** Where the amounts of \$42,800 and \$31,600 referred to in subparagraph *d* of the third paragraph of section 1029.8.61.18 are to be used for the purpose of computing an amount in respect of a child assistance payment for a particular month included in a taxation year subsequent to the taxation year 2005, each of those amounts shall be replaced by the amount determined by the formula

$$A(B - C) + B.$$

Interpretation.

In the formula provided for in the first paragraph,

(a) A is 2.5 where the formula is applied to determine the amount that is to replace the amount provided for in subparagraph i of subparagraph *d* of the third paragraph of section 1029.8.61.18, and 3 where it is applied to determine the amount that is to replace the amount provided for in subparagraph ii of that subparagraph *d*;

(b) B is

i. the amount determined for the year in replacement of the amount provided for in subparagraph ii of subparagraph *c* of the second paragraph of section 1029.8.116.5, where the formula is applied to determine the amount that is to replace the amount provided for in subparagraph i of subparagraph *d* of the third paragraph of section 1029.8.61.18, or

ii. the amount determined for the year in replacement of the amount provided for in subparagraph i of subparagraph *c* of the second paragraph of section 1029.8.116.5, where the formula is applied to determine the amount that is to replace the amount provided for in subparagraph ii of subparagraph *d* of the third paragraph of section 1029.8.61.18; and

(c) C is \$3,600 where the formula is applied to determine the amount that is to replace the amount provided for in subparagraph i of subparagraph *d* of the third paragraph of section 1029.8.61.18, and \$2,400 where it is applied to determine the amount that is to replace the amount provided for in subparagraph ii of that subparagraph *d*.

Documents to be filed.

“**1029.8.61.23.** The document to which the first paragraph of section 1029.8.61.18 refers is

(a) where the individual is resident in Québec on 31 December of the base year and in Canada throughout that year, the fiscal return the individual is required to file under section 1000 for that year;

(b) where the individual is not resident in Québec on 31 December of the base year but is resident in Canada throughout that year, the fiscal return the individual is required to file under Part I of the Income Tax Act (Revised Statutes of Canada, 1985, chapter 1, 5th Supplement) for that year or a statement of income for that year; and

(c) in any other case, a statement of income for the base year.

- Eligible individuals.      “**1029.8.61.24.** An individual may be considered to be an eligible individual, in respect of an eligible dependent child, at the beginning of a particular month only if the individual files an application, in respect of that eligible dependent child, with the Board no later than 11 months after the end of the particular month.
- Extension.                The Board may, at any time, extend the time for filing the application referred to in the first paragraph.
- Presumption.            An individual is deemed to have filed an application, in respect of an eligible dependent child, with the Board within the time prescribed in the first paragraph if the individual filed, within the time prescribed, a notice with the Minister of National Revenue in accordance with subsection 1 of section 122.62 of the Income Tax Act (Revised Statutes of Canada, 1985, chapter 1, 5th Supplement).
- Exemption.              There is an exemption from filing a new application, in respect of an eligible dependent child, where, no later than 12 months after the cessation of the entitlement to receive an amount in respect of a child assistance payment by reason of non-compliance with the conditions relating to the contribution referred to in paragraph *b* of the definition of “eligible dependent child” in section 1029.8.61.8 in respect of the child who is lodged or sheltered pursuant to the law, the Board is informed that the child is no longer lodged or sheltered or that those conditions are satisfied.
- Individual who ceases to be an eligible individual in respect of an eligible dependent child.      “**1029.8.61.25.** An individual who ceases to be an eligible individual, in respect of an eligible dependent child, in a particular month, otherwise than because the child has reached 18 years of age, shall notify the Board thereof before the end of the first month that follows the particular month.
- Change in circumstances.      “**1029.8.61.26.** An eligible individual, in respect of an eligible dependent child, at the beginning of a particular month shall notify the Board of any change in circumstances that may affect the individual’s entitlement to receive an amount in respect of a child assistance payment.
- Time limit.                The individual shall notify the Board before the end of the month that follows the month in which the change in circumstances occurs.
- Communication of information.      The Board may, where information is communicated by the Minister with respect to an individual who receives an amount in respect of a child assistance payment or by the Minister of National Revenue with respect to an individual who receives a child tax benefit under the Income Tax Act (Revised Statutes of Canada, 1985, chapter 1, 5th Supplement), consider that a change in circumstances has been communicated to it.

Notice of payment.

**“1029.8.61.27.** The Board shall notify the eligible individual of the amount fixed for each 12-month period that begins on 1 July of each calendar year in respect of a child assistance payment.

New notice of payment.

The amount fixed under the first paragraph shall be revised during the year when a change in circumstances has the effect of changing the amount and a new notice shall be sent by the Board to the eligible individual.

*“§3. — Payment and recovery by the Board*

Quarterly payments.

**“1029.8.61.28.** The Board shall pay to an eligible individual, in respect of an eligible dependent child, in the first 15 days of January, April, July and October of a taxation year, the amounts determined in respect of a child assistance payment for each month in that year, according to the following terms and conditions:

(a) the payment made in January shall include the amounts determined in respect of a child assistance payment for January, February and March of that year;

(b) the payment made in April shall include the amounts determined in respect of a child assistance payment for April, May and June of that year;

(c) the payment made in July shall include the amounts determined in respect of a child assistance payment for July, August and September of that year; and

(d) the payment made in October shall include the amounts determined in respect of a child assistance payment for October, November and December of that year.

Monthly payments.

Despite the first paragraph, the Board may, on application, pay an amount as or on account of a child assistance payment in the first 15 days of each month in a taxation year and such a payment shall include only the amount determined in respect of a child assistance payment for the month of that payment.

Deduction.

**“1029.8.61.29.** At the request of the Minister of Employment, Social Solidarity and Family Welfare, the Board shall deduct from the amount to be paid as or on account of a child assistance payment the amount repayable under section 102 of the Act respecting income support, employment assistance and social solidarity (chapter S-32.001) and shall remit the amount so deducted to the Minister of Employment, Social Solidarity and Family Welfare.

Provisions not applicable.

**“1029.8.61.30.** Sections 1051 and 1052 and sections 28 and 30.1 of the Act respecting the Ministère du Revenu (chapter M-31) do not apply in respect of an amount paid as or on account of a child assistance payment under section 1029.8.61.28.

- Restriction. Despite section 31 of the Act respecting the Ministère du Revenu, where a person is a debtor under a fiscal law or about to become so, or is in debt to the State under an Act other than a fiscal law and referred to in a regulation made under the second paragraph of that section, the Minister may not allocate to the payment of the debt of that person any amount to be paid to the person by the Board under section 1029.8.61.28.
- Prescription. **“1029.8.61.31.** The claim of an individual in respect of the payment of an amount in respect of a child assistance payment is prescribed by three years.
- Interruption of prescription. However, the prescription does not run where the payment made by the Board results from a new computation of the income taken into account in determining an amount in respect of a child assistance payment.
- Reception of payment without entitlement. **“1029.8.61.32.** An individual who receives an amount in respect of a child assistance payment without entitlement must notify the Board with dispatch.
- Repayment. **“1029.8.61.33.** An individual who receives an amount in respect of a child assistance payment without entitlement must repay such an amount to the Board, except if the amount was paid as a result of an administrative error that the individual could not reasonably have noticed.
- Repayment. **“1029.8.61.34.** An amount owing to the Board by an individual must be repaid to the Board in full from the date of the formal notice that the Board sends to the individual.
- Formal notice. The formal notice shall state the grounds for the demand for repayment, the amount to be repaid and the right to apply for a review of the decision within the time limit provided for in section 1029.8.61.39.
- Prescription. The claim of the Board is prescribed by three years from the date on which the amount was paid without entitlement or, in the case of bad faith on the part of the individual who received the amount without entitlement, from the date on which the Board became aware of the fact that that amount had been paid without entitlement.
- Solidary liability. **“1029.8.61.35.** Where, for a particular month, the Board has paid to an individual, as or on account of a child assistance payment an amount, to which the individual was not entitled and that individual is the cohabiting spouse of an eligible individual, in respect of the eligible dependent child in respect of whom the amount has been paid, the eligible individual and the eligible individual’s cohabiting spouse are solidarily liable in respect of the payment to the Board of that amount, to the extent that it may reasonably be considered that that amount relates to the application of section 1029.8.61.18 and that the individual was the eligible individual’s cohabiting spouse at the time the payment was made.

Allocation.	<p><b>“1029.8.61.36.</b> The Board may allocate any amount to be paid to an individual as or on account of a child assistance payment for a particular month to the payment of any amount of which the individual is a debtor as a consequence of the application of the following provisions, and give the individual notice thereof:</p> <p>(a) the provisions of this division;</p> <p>(b) the provisions of the Act respecting family benefits (chapter P-19.1), as they applied in respect of the debtor; and</p> <p>(c) the provisions of the Act respecting family assistance allowances (chapter A-17), as they applied in respect of the debtor.</p>
Last resort financial assistance.	<p>Where applicable, the allocation shall be made taking into account the fact that an individual receives a benefit under a last resort financial assistance program provided for in the Act respecting income support, employment assistance and social solidarity (chapter S-32.001).</p>
Provisions not applicable.	<p><b>“1029.8.61.37.</b> Section 1037 and sections 12.1, 13, 15, 15.2, 28, 31.1.1 and 32 of the Act respecting the Ministère du Revenu (chapter M-31) do not apply in respect of an amount owed by an individual under section 1029.8.61.34.</p>
Restriction.	<p>In addition, the Minister may not institute proceedings before a court or register a legal hypothec in respect of that amount.</p>
Notice.	<p><b>“1029.8.61.38.</b> The Board shall notify the Minister where an amount owed by an individual under section 1029.8.61.34 has, after the expiration of the period in which that amount could be or was the subject of a review or of a contestation before the Administrative Tribunal of Québec, become uncollectible by the Board.</p> <p><i>“§4. — Review and contestation proceedings</i></p>
Review.	<p><b>“1029.8.61.39.</b> The Board may, on application, review any decision it has made.</p>
Application for review.	<p>An application for review must be made within 90 days of notification of the decision, unless the Board grants an extension.</p>
Grounds for review.	<p>The application must set out briefly the grounds for review.</p>
Review.	<p><b>“1029.8.61.40.</b> The Board shall make a decision with dispatch and inform the individual concerned of the individual’s right to contest the decision in the manner set out in section 1029.8.61.41.</p>
Reasons.	<p>Any unfavourable decision of the Board must include reasons.</p>

- Contestation.                   “**1029.8.61.41.** Any review decision may be contested before the Administrative Tribunal of Québec within 60 days of notification.
- Contestation.                   “**1029.8.61.42.** Any contestation in respect of the accuracy of information communicated to the Board by the Minister that relates to the computation of income, for the purpose of establishing the entitlement of an individual to the payment of an amount in respect of a child assistance payment, must be brought under the Act respecting the Ministère du Revenu (chapter M-31).
- “§5. — *Recovery by the Minister*
- Notice concerning amount payable.                   “**1029.8.61.43.** Where the Board notifies the Minister in accordance with section 1029.8.61.38, the Minister shall send the individual a notice stating that the amount owing to the Board by the individual is payable without delay to the Minister upon the sending of the notice.
- Amount payable.                   “**1029.8.61.44.** Section 1029.8.61.37 does not apply in respect of an amount payable to the Minister under section 1029.8.61.43.
- Solidary liability in respect of a child assistance payment.                   “**1029.8.61.45.** Where, for a taxation year, the Board has paid an amount as or on account of a child assistance payment to an individual or has allocated an amount to another of the individual’s liabilities, and that amount is greater than the amount that should have been paid or allocated, the individual and the person who, at the end of the year, is the individual’s cohabiting spouse are solidarily liable in respect of the payment to the Minister of that excess amount, to the extent that it may reasonably be considered that the excess amount relates to the application of section 1029.8.61.18 and that the person was the individual’s cohabiting spouse at the time the payment was made.
- Liability not limited.                   However, nothing in this section limits the liability of the individual or of the individual’s cohabiting spouse for the year, where applicable, under any other provision of this Act.
- Assessment.                   “**1029.8.61.46.** The Minister may at any time assess the cohabiting spouse of an individual in respect of an amount payable under section 1029.8.61.45, and Book IX applies, with the necessary modifications, to that assessment as if it had been made under Title II of that Book IX.
- Rules applicable in case of solidary liability.                   “**1029.8.61.47.** Where an individual and the individual’s cohabiting spouse are, under section 1029.8.61.45, solidarily liable in respect of all or part of a liability of the individual, a payment by the individual affects the solidary liability of the cohabiting spouse only to the extent that the payment operates to reduce the individual’s liability to an amount less than the amount in respect of which the cohabiting spouse is solidarily liable under section 1029.8.61.45.

“§6. — *Penal provision*

“total income”;

“total income” of an eligible individual for a taxation year means the aggregate of the income for the year of the eligible individual, the income for the year of the eligible individual’s eligible spouse for the year and the amount by which the income for the year of the dependant of the eligible individual

whom the eligible individual designates for the year in prescribed form for the purposes of subparagraph *a* of the second paragraph of section 1029.8.116.5 exceeds \$6,275;

“work income”.

“work income” of an individual for a taxation year means the aggregate of

(*a*) the individual’s income for the year from an office or employment, computed before deducting any amount as depreciation under sections 64 and 78.4 and before deducting any amount under paragraph *c* of section 70, other than such an income that is deductible in computing the individual’s taxable income under paragraph *e* of section 725; and

Individual’s share.

For the purposes of the first paragraph, an individual’s share of an amount deducted by the partnership under section 130 or 130.1 is equal to the proportion of that amount that the individual’s share of the income or loss of the partnership for the fiscal period of the partnership ending in the individual’s taxation year is of the income or loss of the partnership for that fiscal period, on the assumption that, if the income and loss of the partnership for that fiscal period are nil, the partnership’s income for that fiscal period is equal to \$1,000,000.

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

ii. where this section applies for the purpose of replacing the amount of \$14,800 for the year,

(1) \$14,800, if this section applies for the purpose of computing the amount deemed to be paid under section 1029.8.116.5 for the taxation year 2006, or

2003, c. 16, s. 64, replaced. **11.** Section 64 of the Act is replaced by the following section:

Decision-making and dispute resolution mechanism. **“64.** Holders of a timber supply and forest management agreement or a forest management agreement who carry on their activities in the same common area must come to an agreement on a decision-making and dispute resolution mechanism for use when drawing up and implementing five-year forest management plans and annual forest management plans for forest management activities prior to 1 April 2008.

Dispute. If a dispute arises on any of the matters referred to in section 55 of the Forest Act (R.S.Q., chapter F-4.1), an agreement holder may request the Minister of Natural Resources and Wildlife to impose on all the agreement holders concerned a decision-making and dispute resolution mechanism for use when drawing up and implementing a plan referred to in the first paragraph, to the extent that no such mechanism has been agreed on pursuant to the first paragraph for the plan that is the subject of the dispute.

Role of Minister. Once the Minister has ascertained the absence of any decision-making and dispute resolution mechanism defined by the agreement holders for use when drawing up and implementing the plan that is the subject of the dispute, the Minister may impose such a mechanism on all the agreement holders concerned. The decision-making and dispute resolution mechanism comes into force on the date indicated by the Minister.”

2003, c. 16, ss. 66 and 67, replaced.

Annual allowable cut for FSPL group.

**12.** Sections 66 and 67 of the Act are replaced by the following sections:

**“66.** From 1 April 2005 until 31 March 2008, the annual allowable cut for species in the fir, spruce, grey pine and larch (FSPL) group in the common areas not listed in Schedule 1 is reduced by 20%; for the common areas listed in that schedule, the annual allowable cut for species in the FSPL group is reduced during that period by the percentage indicated.

Annual allowable cut for other species.

From 1 April 2005 until 31 March 2008, the annual allowable cut for species in each common area other than those referred to in the first paragraph is reduced by 5%.

Reduction.

**“67.** For the years 2005-2006, 2006-2007 and 2007-2008, the Minister of Natural Resources and Wildlife must reduce the volumes of timber in the management permits for those years that the holders of timber supply and forest management agreements and forest management agreements would otherwise have been authorized to harvest under their agreement, if, with the application of the reduction under the first or second paragraph of section 66, the new annual allowable cut for the common area concerned is less than the sum of the volumes of timber indicated in the holders’ agreement that are allocated to them in that common area for the species in the FSPL group or the other species concerned.

Calculation.

In that case, the Minister shall subtract the new forest production from the sum of the volumes of timber allocated, and distribute the difference for the species in the FSPL group or the other species concerned among the agreement holders in the common area in proportion to the volume allocated to each. However, the Minister may vary the amount of the reduction in volume from one agreement holder to another, depending on the impact the reduction could have on regional or local economic activity.

Presumed reduction.

**“67.1.** With regard to the common areas located in part in the territory referred to in section 95.7 of the Forest Act, the Minister of Natural Resources and Wildlife must presume, solely for the purposes of the spatial distribution of the timber cuts in those common areas, that the annual allowable cut for species in the FSPL group is reduced by 25%, so that the maximum amount of those species that can be authorized for harvesting in the part of the common area located in the territory referred to in section 95.7 of that Act may in no case exceed the presumed forest production.

Annual forest management plans.

In addition, to the extent possible given the forest composition of the common area, the Minister must ensure that the annual forest management plans for 2005-2006, 2006-2007 and 2007-2008 operate to distribute the total cut over the entire surface area of the common area, so that the percentage of surface area for projected cuts in the part of the common area located in the territory referred to in section 95.7 of the Forest Act does not significantly exceed the percentage represented by the ratio between the surface area of that part of the territory and the total surface area of the common area.

- Modifications.           **“67.2.** For the purposes of section 67.1, the Minister may require agreement holders who carry on their activities in a common area referred to in that section to submit modifications to the 2005-2006 annual forest management plan to the Minister within the time specified by the latter.
- Modifications to five-year plan.           Similarly and for the same purposes, the Minister may require those agreement holders to submit modifications to the five-year forest management plan to the Minister within the time specified by the latter. In that case, sections 164 to 166 of chapter 6 of the statutes of 2001 do not apply to the modifications required of the agreement holders insofar as the sole purpose of the modifications is to allow the rules set out in section 67.1 to be applied.
- Prohibition.               **“67.3.** Despite section 92.0.1 of the Forest Act, after 31 March 2005, agreement holders may not harvest any volumes of unharvested timber that accumulated during the years prior to 1 April 2005.
- Reference.                 For the purpose of applying section 92.0.1 of that Act to the years 2005-2006, 2006-2007 and 2007-2008, a reference in that section to the volume of timber allocated under a holder’s agreement is a reference to the volume of timber that an agreement holder is authorized to harvest according to section 67 of this Act.
- Advance harvesting.       **“67.4.** Despite the Forest Act and sections 66 and 67 of this Act, an agreement holder who carries on forest management activities in a common area that is not located entirely or partially in the territory referred to in section 95.7 of the Forest Act may, with the authorization of the Minister of Natural Resources and Wildlife, harvest in advance, during the years 2005-2006 and 2006-2007, an additional volume of timber not exceeding, during those two years, 10% of the annual volume of timber the agreement holder is authorized to harvest under section 67 of this Act.
- Adjustment.                In 2007-2008, the Minister must, if applicable, adjust the forest management permit for that year to ensure that, for a period of three years, the average annual volume harvested by the agreement holder does not exceed the allocations determined under sections 66 and 67.”
- 2003, c. 16, s. 70, am.   **13.** Section 70 of the Act is amended by replacing “1 April 2006” in subparagraph 2 of the first paragraph by “1 April 2008”.
- 2003, c. 16, s. 72, am.   **14.** Section 72 of the Act is amended by replacing “1 April 2006” by “1 April 2008”.
- 2003, c. 16, s. 75, am.   **15.** Section 75 of the Act is amended by replacing “31 March 2006” in the second sentence by “31 March 2008”.
- 2003, c. 16, s. 76, am.   **16.** Section 76 of the Act is amended by replacing “1 April 2006” by “1 April 2008”.
- 2003, c. 16, s. 77, am.   **17.** Section 77 of the Act is amended

- (1) by replacing “31 March 2005” in paragraph 2 by “31 March 2007”;
- (2) by replacing “1 April 2006” in paragraph 3 by “1 April 2008”.

2003, c. 16, Sched. 1,

## Chapter 5

### AN ACT TO AMEND THE SUPPLEMENTAL PENSION PLANS ACT

[Assented to 28 April 2005]

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS:

c. R-15.1, s. 146.5, am. **1.** Section 146.5 of the Supplemental Pension Plans Act (R.S.Q., chapter R-15.1) is amended by replacing subparagraph 3 of the first paragraph by the following:

“(3) of active members not referred to in subparagraph 1 or 2 and of non-active members and beneficiaries;

“(4) in the case of a multi-employer pension plan, even not considered as such under section 11, of all the employers party to the plan on the date on which the proposal is made.

### MUNICIPAL POWERS ACT

[Assented to 24 May 2005]

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS:

#### TITLE I

##### SCOPE AND INTERPRETATION

- Scope. **1.** This Act applies to local municipalities and regional county municipalities but not to Northern, Cree or Naskapi villages.
- Powers. **2.** Under this Act, municipalities are granted powers enabling them to respond to various changing municipal needs in the interest of their citizens. The provisions of the Act are not to be interpreted in a literal or restrictive manner.
- Inconsistent provisions. **3.** A provision of a municipal by-law adopted under this Act that is inconsistent with a provision of an Act or regulation of the Government or one of its ministers is inoperative.

#### TITLE II

##### POWERS OF A LOCAL MUNICIPALITY

#### CHAPTER I

##### GENERAL PROVISIONS

- Fields of jurisdiction. **4.** In addition to the areas of jurisdiction conferred on it by other Acts, a local municipality has jurisdiction in the following fields:
- (1) culture, recreation, community activities and parks;
  - (2) local economic development, to the extent set out in Chapter III;
  - (3) power development and community telecommunications systems;
  - (4) the environment;
  - (5) sanitation;
  - (6) nuisances;

- (7) safety; and
- (8) transportation.
- Limited delegation. A local municipality may adopt non-regulatory measures in the fields listed in the first paragraph and as regards childcare. However, a local municipality may not delegate a power in those fields except to the extent set out in this Act.
- General by-laws. **5.** Under this Act and to the extent provided for in it, a local municipality adopts a by-law when it wishes to make a rule of a general and impersonal nature mandatory.
- Regulatory powers. **6.** In exercising a regulatory power under this Act, a local municipality may, in particular,
- (1) prescribe prohibitions;
- (2) specify the cases where a permit is required, limit the number of permits and prescribe the cost, conditions and terms of issue and the rules governing the suspension or revocation of a permit;
- (3) provide that one or more provisions of a by-law apply to part or all of its territory;
- (4) create classes and make specific rules for each of them;
- (5) prescribe the obligation to furnish security to ensure that premises are restored to their original state when a person carries on an activity or carries out work in the public domain; and
- (6) prescribe rules that refer to standards made or approved by a third person. These rules may provide that changes made to the standards form part of the standards as if they had been adopted by the local municipality. Such changes come into force on the date set by the municipality under a resolution the adoption of which must be the subject of a public notice in accordance with the Act governing that municipality.
- Itinerant merchant permit. When a local municipality requires an itinerant merchant to obtain a permit under subparagraph 2 of the first paragraph, that permit may only be issued to a person who provides proof of having first obtained a permit in accordance with the Consumer Protection Act (R.S.Q., chapter P-40.1).

## CHAPTER II

### CULTURE, RECREATION, COMMUNITY ACTIVITIES AND PARKS

- Services and parks. **7.** A local municipality may make by-laws governing the cultural, recreational and community services it offers and the use of its parks.

Cultural, recreational or community facility. **8.** In cooperation with a non-profit body, a school board or an educational institution, a local municipality may establish or operate a cultural, recreational or community facility in its territory or, after notifying the municipality concerned, outside its territory.

Assistance. It may also grant assistance to a person outside its territory for the establishment and operation of facilities and public places intended for cultural, recreational or community activities.

### CHAPTER III

#### LOCAL ECONOMIC DEVELOPMENT

Establishment and operation of facilities. **9.** In order to promote its economic development, a local municipality may establish and operate

- (1) a convention centre or an exhibition centre;

- (3) a railway siding; and
- (4) a tourist information office.

Delegation. It may entrust a person with the operation of a centre referred to in subparagraph 1 of the first paragraph.

Power to regulate. **10.** A local municipality may, by by-law, regulate

- (1) the use of the services offered in the facilities listed in the first paragraph of section 9;
- (2) economic activities; and
- (3) the exhibiting, carrying or distribution of printed matter or other objects on a public road or a private immovable.

Non-profit body. **11.** A local municipality may establish a non-profit body whose purpose is to provide technical support to an enterprise situated in its territory.

Annual contribution. **12.** A local municipality whose territory is included in that of a regional county municipality must make an annual contribution in support of the local development centre by paying a sum the amount of which is determined by by-law of the regional county municipality or according to rules prescribed in the by-law.

- Absence of by-law. In the absence of a by-law referred to in the first paragraph when the budget of the regional county municipality is adopted for a fiscal year, the amount to be paid by each local municipality for the fiscal year is determined in accordance with the regulation under the third paragraph.
- Regulation to prescribe rules. The Government may, by regulation, prescribe the rules for determining the amount that each local municipality is required to pay in the circumstance described in the second paragraph. The regulation may prescribe separate rules that vary from one regional county municipality to another.
- Sum payable. The sum is integrated into the share that the local municipality is required to pay to the regional county municipality under section 205.1 of the Act respecting land use planning and development (R.S.Q., chapter A-19.1).
- Applicability. **13.** Section 12 applies, with the necessary modifications, to a local municipality whose territory is not included in that of a regional county municipality.
- Ville de Montréal. In the case of Ville de Montréal, if two or more local development centres carry on their activities in the territory of the municipality, the by-law provided for in the first paragraph of section 12 must prescribe rules for the apportionment of the sum among those centres.
- Ville de Laval. The second and third paragraphs of section 12 do not apply to Ville de Laval.

## CHAPTER IV

### POWER AND TELECOMMUNICATIONS

- Use of power. **14.** A local municipality may, by by-law, regulate the use of the power it develops.
- Sale of power. **15.** A local municipality may entrust a person with selling the power produced by a residual materials disposal facility or water purification works.
- Wires. **16.** A local municipality may make by-laws on the placing of wires, including wire burial.
- Shared use. It may also prescribe, by by-law, that poles and other supportive facilities must be used in common by any persons operating a telecommunications or electric company or any other service of the same nature.
- Hydro-Québec. **17.** A local municipality may form a limited partnership with Hydro-Québec for the purpose, among other things, of producing electricity.
- Contribution to common stock. Hydro-Québec must at all times provide at least half of the contribution to the common stock of the limited partnership, and must be the partnership's general partner.

###### §1. — *General provisions*

Damage to immovable.

**21.** The municipality is not liable for damage caused to an immovable or its contents if the owner of the immovable neglects or omits to install an apparatus intended to reduce the risk of malfunction of a water supply system or sewer system in accordance with the by-law adopted under section 19. Such a by-law may apply to an immovable already erected if it prescribes a minimum period of one year to allow the owner to comply with that obligation.

Delegation of construction and operation.

**22.** A local municipality may entrust a person with the construction and operation of its waterworks system, sewer system or other water supply or water purification works, for a maximum term of 25 years. It may also entrust a person with the operation of those systems or works for such a term.

Resolution.

The resolution authorizing a contract made under the first paragraph must be submitted for approval to the qualified voters and the Government.

High water consumption.

**23.** Despite its by-laws governing the water supply, a local municipality may enter into agreements with a person whose activities require an unusually high water consumption.

Work on private road.

**24.** In exercising its powers as regards water supply, sewers and water purification, a local municipality may carry out work on a private road and is not bound to pay any compensation for the use of that road to carry out the work.

Intermunicipal agreement.

The by-laws adopted under section 19 apply to the owner or occupant of an immovable outside its territory served by the municipality under an intermunicipal agreement.

§2. — *Water supply*

Suspension conditions.

**27.** The municipality may suspend the supply of water only

(1) if a person makes abusive use of the water or controls equipment that causes water to be wasted or the quality of the water to deteriorate, and fails to take the required corrective measures within 10 days after the municipality sends a notice exposing the problem, indicating the corrective measures to be taken and informing the person that the water supply could be suspended. The suspension continues until corrective measures are taken;

(2) if a person refuses to admit the municipal employees responsible for ensuring the proper functioning of the water supply system or the application of a by-law adopted under a provision of this chapter. The supply of water is suspended so long as the refusal continues;

(3) if a person operating an enterprise fails to pay for the water supply and has not remedied the situation within 30 days of a notice to that effect sent by the municipality.

Sum payable.

The sum required for the water supply, except to the extent that it is related to actual consumption, remains payable throughout the period in which the service is suspended under the first paragraph.

Quantity.

**28.** A local municipality is not bound to guarantee the quantity of water to be supplied.

Refusal to pay.

No person may refuse to pay the water rate on account of a lack of water.

§3. — *Sewers and water purification*

**29.** A local municipality may enter into an agreement with the Minister under which it is authorized to negotiate a turn-key contract in exercising its powers as regards waste water purification.

The remuneration and eligible expenses of the designated person are specified in the instrument of designation.

Written request to resolve disagreements.

**36.** The owner of land situated in the agricultural zone of a local municipality within the meaning of subparagraph 17 of the first paragraph of section 1 of the Act respecting the preservation of agricultural land and agricultural activities (R.S.Q., chapter P-41.1), the owner of land situated outside that zone and who carries on an agricultural activity within the meaning of subparagraph 0.1 of the first paragraph of section 1 of that Act on that land, or the owner of land who carries on forest activities on that land may, regarding that land, request the designated person in writing to examine a matter and try to resolve a disagreement relating to

(1) the construction, repair or maintenance of a common fence or common ditch under article 1002 of the Civil Code;

The application must describe the nature, extent and expected cost of the proposed work and provide an estimate of the contribution the interested owners must make.

Adjacent owner.

The owner of land adjacent to land referred to in the first paragraph may exercise the rights set out in that paragraph regarding that land, even if the owner does not meet the criteria specified in the paragraph.

Mandate maintained.

The designated person does not lose his or her mandate simply because

(1) there is a maximum discrepancy of 10% in the evaluation of the drained area; or

(2) the application also concerns land situated in the territory of another local municipality.

Notice and first visit.

**37.** After serving a three-day notice on the interested owners, to which is attached a copy of the application, the designated person goes to the premises to examine the situation and endeavour to bring the owners to an agreement.

Conclusions and order.	<b>40.</b> After giving all the interested owners an opportunity to submit observations, the designated person may communicate his or her conclusions to them, endeavour to bring them to an agreement, and, if applicable, order the carrying out of work, specifying the place, nature and extent of the work, the time limit for carrying it out, the contribution to be made by the interested parties, and the nature of their contribution.
Local municipality.	The designated person may also order that all or part of the work be carried out by the local municipality, at the expense of the interested parties.
Determination of contribution.	If there is a disagreement relating to drainage work, the contribution of an interested owner is determined according to the area of the owner's land that drains into the drainage ditch, or, if it is impossible to determine it according to that criterion, according to the number of interested owners.
Shared liability for remuneration and expenses.	<b>41.</b> The designated person's remuneration and expenses are borne by the interested owners proportionally to their share of the work.
Applicant liable.	In the case of an application that is not followed by an agreement or an order for the carrying out of work, the owner who made the application must pay the remuneration and expenses of the designated person.
Failure to carry out work.	<b>42.</b> If an interested owner fails to carry out his or her share of the work within the time stipulated in the order, the local municipality is authorized to do it at the expense of that owner.

Original and copies.	<b>44.</b> The original of the decision is filed in the archives of the local municipality where the application to do the work was made and a copy of the decision is sent to any other local municipality concerned.
Authority.	<b>45.</b> If land situated in the territory of more than one local municipality benefits from the work, any work not done by an interested owner is carried out under the authority of the council of the local municipality in whose territory the application to do the work was made under section 36.

- Inspection. **46.** The work is carried out according to the decision of the designated person and is inspected by the latter while being carried out and after being completed to ensure that the decision is complied with.
- Report. **47.** Once the work is completed, the designated person sends the inspection report to the local municipality where the application to do the work was made.
- Collection of contributions. **48.** The local municipality where the application to do the work was made collects the contribution payable by an owner according to the decision of the person designated or because of the owner's failure under section 42.
- Payment of amount owed. An amount owed by the owner of property situated in the territory of a neighbouring local municipality is paid by the latter on receipt, after the work is completed, of a copy of the inspection report by the designated person and a claim accompanied by vouchers sent to the neighbouring local municipality by the local municipality where the application to do the work was made. Section 96 applies to the recovery of the amount disbursed by the neighbouring local municipality.

- Identification. On request, the designated person must provide identification and produce proof of appointment signed by the clerk or the secretary-treasurer.
- Immunity. **50.** A person designated under section 35 may not be prosecuted for acts performed in good faith in the exercise of the functions of office.

- Time limit. The motion must be made and served on the other interested owners within 20 days of receipt of the decision of the designated person. However, on reasonable grounds, the Court may relieve the applicant from failure to act within that time limit.
- Suspension. The filing of the motion with the office of the Court suspends the execution of the designated person's decision until the judge has rendered a decision.
- Powers. The Court may render any decision the person designated under section 40 could have rendered, and make any order designed to protect the rights of the parties. It may decide on every matter of fact or of law.
- Final decision in writing. The decision is communicated in writing and includes reasons. It may not be appealed.

**DIVISION V****OTHER PROVISIONS**

- Manure, sludge or residues. **52.** A local municipality may, by by-law, prohibit the spreading of manure, sludge or residues from pulp and paper mills for up to 12 days, the dates of which are determined by the municipality so that the prohibition applies after 31 May and before 1 October and for not more than three consecutive days.
- By-law deadline. In order for the prohibition to apply in the course of a year, the by-law establishing it must be adopted by the last day of February and published by the last day of March of that year.
- Special authorization. The clerk or the secretary-treasurer may, in writing and on request, authorize a person to carry out spreading prohibited by the by-law. Where it has rained for three consecutive days, the clerk or the secretary-treasurer must grant the authorization.
- Extended period. The by-law may prescribe maximum numbers of days that are greater than the numbers set out in the first paragraph if an agreement to that effect is entered into beforehand between the municipality and the regional federation that is affiliated with the association certified in accordance with section 8 of the Farm Producers Act (R.S.Q., chapter P-28) and whose territory includes the greatest part of the municipality's territory.
- Syndicate. If most of the farm producers in the territory of the municipality are members of a syndicate, as defined in paragraph *e* of section 1 of the Farm Producers Act, affiliated with the regional federation referred to in the fourth paragraph, the agreement may be made with that syndicate.
- Pesticides. **53.** A local municipality may apply pesticides on an immovable, with the consent of the owner.
- Plants. **54.** A local municipality may plant and maintain plants on an immovable, with the consent of the owner.

**CHAPTER VI****SANITATION**

- Restriction. Despite any provision of a special Act, a by-law under the first paragraph may not pertain to matters covered by the Food Products Act (R.S.Q., chapter P-29).
- Order to abate. **56.** If the owner or occupant of an immovable is convicted of an offence against a sanitation by-law, a judge, in addition to imposing any other penalty, may order the offender to abate the unsanitary condition within the time the

judge prescribes or to have the necessary work carried out to prevent its recurrence. If the person fails to comply within the prescribed time, the unsanitary condition may be abated by the municipality at the expense of that person.

Prior notice.

Prior notice of the application for an order must be given by the prosecutor to the person, who could be compelled, under such an order, to abate the unsanitary condition, except if the parties are in the presence of the judge.

Formal notice.

**57.** If the municipality notes unsanitary conditions in connection with an immovable, it may send a formal notice to the owner or occupant of the immovable requiring the owner or occupant, within the time the municipality prescribes, to abate them or do the necessary work to prevent their recurrence.

Order of Court.

**58.** If the formal notice sent under section 57 is not acted upon within the time mentioned, a judge of the Superior Court sitting in the district where the immovable is situated may, upon a motion presented even during the suit, require the owner or occupant of the immovable to take the steps required to abate the unsanitary condition within the time the judge determines or to prevent its recurrence, and order that, on failure to do so, the municipality may itself take the required steps at the expense of the owner or occupant.

Owner unknown.

When the owner and occupant of the immovable are unknown, unconfirmed or cannot be found, the judge may authorize the municipality to take immediate steps to remedy the situation and eventually claim the cost from the owner or occupant.

## CHAPTER VII

### NUISANCES

Provisions applicable.

**60.** Section 56 applies, with the necessary modifications, to an offence against a by-law adopted under section 59.

- Enforcement. The municipality may also enter into an agreement to authorize a person to enforce a by-law concerning animals. The person with whom the municipality enters into an agreement and the person's employees have the powers of employees of the municipality for the purposes of the enforcement of the municipal by-law.
- Applicability. This section applies despite any inconsistent provision of the Agricultural Abuses Act (R.S.Q., chapter A-2).
- Fire prevention. **64.** A local municipality may entrust a person with the organization and management of its fire prevention department.

Act not applicable. The Municipal Works Act (R.S.Q., chapter T-14) does not apply to work carried out under a contract entered into in accordance with the first paragraph.

- Filing of description. A copy of the description, certified by a land surveyor, must be filed with the office of the municipality.
- Notification. The municipality sends a notice to any owner of the land concerned and any holder of another real right in the land, by any means providing evidence that it was sent,
- (1) identifying the land to which the resolution provided for in the first paragraph applies, using the name of the public road concerned wherever possible;

Prescription.

The right to the indemnity under the second paragraph is prescribed three years after the notice is sent in accordance with section 73.

**75.** When a public road is divided by the boundary of two local municipalities in such a way that a single municipality must be responsible for managing that road, the municipalities concerned must enter into an intermunicipal agreement.

Arbitration.

**76.** If the municipalities fail to enter into an agreement under section 75, either one may request that the Minister appoint an arbitrator to rule on whether the management of the parts of the public road concerned need be the responsibility of a single municipality, decide, if necessary, which municipality is to be responsible and prescribe rules for the sharing of expenses.

Copy of resolution.

As soon as possible after the adoption of the resolution setting out the request, the municipality making the request must forward a certified copy of it to the other municipality.

Ruling.

The arbitrator appointed under the first paragraph may, after hearing the parties, either rule that there is no need for a single municipality to be responsible for the management of the parts of the public road concerned or rule that uniform management is necessary, decide which municipality is to be responsible and prescribe rules for the sharing of expenses. The arbitrator may issue any other order necessary to preserve the rights of the parties.

Cessation of effect.

By-laws.

“**148.0.2.** The council of a municipality may, by by-law,

(1) prohibit the demolition of an immovable or an immovable that includes one or more dwellings unless the owner has obtained authorization from the committee referred to in section 148.0.3;

(2) prescribe the procedure to be followed in applying for an authorization; and

(3) provide that, for certain categories of immovables that it shall specify, the public notice provided for in section 148.0.5 is not required.

- Committee.                   **“148.0.3.** A council that has adopted a by-law under section 148.0.2 must establish a committee to authorize applications for demolition and to exercise any other powers conferred on it by this chapter.
- Composition.                This committee shall be composed of three council members designated by the council for one year. Their term is renewable.
- Functions.                   By the by-law adopted under section 148.0.2, the council may assign itself the functions conferred on the committee by this chapter, in which case sections 148.0.1, 148.0.2, 148.0.4 to 148.0.18 and 148.0.21 to 148.0.24 apply to the council, with the necessary modifications.
- Utilization of vacated land.       **“148.0.4.** The by-law referred to in section 148.0.2 may prescribe that, before an application for authorization is considered, the owner submit to the committee, for approval, a preliminary program for the utilization of the vacated land. The by-law may also prescribe that, if the program is approved, the owner must provide the municipality, prior to the issuance of an authorization certificate, with a monetary guarantee of execution of the program in an amount not exceeding the value on the assessment roll of the immovable to be demolished.
- Approval of program.       That program may only be approved if it is in conformity with the municipal by-laws. To determine conformity, the committee must consider the by-laws in force at the time the program is submitted to it, except when the issuance of a building permit for the proposed program is suspended by reason of a notice of motion. When the issuance of permits is suspended, the committee may not approve the program before the suspension expires or the amending by-law that was the subject of the notice of motion comes into force, if such coming into force occurs before the suspension expires; the decision of the committee is then rendered having regard to the by-laws in force at the time of the decision.
- Posting of notice.         **“148.0.5.** On being seized of an application for authorization to demolish, the committee must have a notice of the application, easily visible to passers-by, posted on the immovable referred to in the application. Furthermore, it must immediately have a public notice of the application published, except in the cases provided for in the by-law adopted under section 148.0.2.
- Content.                     Every notice referred to in this section must reproduce the first paragraph of section 148.0.7.
- Notice to lessees.         **“148.0.6.** The applicant must send a notice of the application to each of the lessees of the immovable, where applicable.
- Opposition to demolition.       **“148.0.7.** A person wishing to oppose the demolition must do so by writing to the clerk or secretary-treasurer of the municipality, giving the reasons for objecting, within 10 days of publication of the public notice or, failing such notice, within 10 days following the posting of the notice on the immovable concerned.

- Decision. Before rendering its decision, the committee must consider the objections received. Its sittings are public.
- Public hearing. The committee may also hold a public hearing if it considers it advisable.
- Request for time to negotiate. **“148.0.8.** When the immovable that is the subject of the application includes one or more dwellings, a person wishing to acquire that immovable and preserve it as rental housing may, as long as the committee has not rendered its decision, intervene in writing with the clerk or the secretary-treasurer to ask for time to undertake or pursue negotiations to acquire the immovable.
- Postponement of decision. **“148.0.9.** The committee shall postpone its decision if it believes that the circumstances justify it, and shall grant the intervener a period of not more than two months from the end of the hearing to terminate the negotiations. The committee may not postpone its decision for that reason more than once.
- Authorization to demolish. **“148.0.10.** The committee shall grant the authorization if it is convinced of the advisability of the demolition, taking into account the public interest and the interest of the parties.
- Basis for decision. Before deciding an application for authorization to demolish, the committee must consider the condition of the immovable that is the subject of the application, the deterioration of the architectural appearance or aesthetic character of the neighbourhood or of the quality of life in the neighbourhood, the cost of restoration, the intended use of the vacated land and any other pertinent criterion, in particular, when the immovable includes one or more dwellings, the prejudice caused to lessees, the housing needs in the area and the possibility of relocating the lessees.
- Rejection of application. **“148.0.11.** In addition, the committee must reject the application for authorization if the preliminary program for the utilization of the vacated land has not been approved or if the exigible fees have not been paid.
- Conditions. **“148.0.12.** If the committee grants the authorization, it may impose conditions for the demolition of the immovable or the utilization of the vacated land. It may, in particular, determine the conditions on which a lessee may be relocated, when the immovable includes one or more dwellings.
- Eviction. **“148.0.13.** The lessor to whom authorization to demolish has been granted may evict a lessee to demolish a dwelling.
- Restriction. However, no lessee may be compelled to leave a dwelling before the term of the lease or before the expiry of three months from the issuance of the authorization certificate, whichever is later.
- Indemnity. **“148.0.14.** The lessor must pay an indemnity equal to three months’ rent and moving expenses to a lessee evicted from a dwelling. If the damages

resulting from the prejudice caused to the lessee exceed that sum, the lessee may apply to the Régie du logement to set the amount of the damages.

Payment. The indemnity is payable when the lessee leaves the dwelling, and the moving expenses, on presentation of the vouchers.

Demolition schedule. **“148.0.15.** If the committee grants the authorization, it may set the time within which the demolition work must be undertaken and completed.

Change. It may, for reasonable cause, change the time set, provided that the application for the change is made before the time has expired.

Expiry of authorization. **“148.0.16.** If the demolition work is not undertaken before the expiry of the time set by the committee, the authorization is without effect.

Lease extended. If a lessee continues to occupy a dwelling on the expiry date, the lease is extended of right and the lessor may, within one month, apply to the Régie du logement to set the rent.

Demolition costs. **“148.0.17.** If the work is not completed within the time set, the council may have it carried out and recover the costs of the work from the owner. The costs constitute a prior claim on the land where the immovable was situated, of the same nature and with the same rank as the claims described in paragraph 5 of article 2651 of the Civil Code of Québec; the costs are secured by a legal hypothec on the land.

Notice of decision. **“148.0.18.** The committee’s decision concerning the demolition must be substantiated and immediately sent to every party concerned by registered or certified mail.

Appeal. **“148.0.19.** Within 30 days of a decision of the committee, a person may appeal the decision to the council.

Hearing. Every member of the council, including a member of the committee, may sit on the council to hear an appeal made under the first paragraph.

Decision on appeal. **“148.0.20.** The council may confirm a decision of the committee or make the decision that the committee should have made.

Waiting period for authorization. **“148.0.21.** No certificate authorizing demolition may be issued by the person designated under paragraph 7 of section 119 before the expiry of 30 days as provided in section 148.0.19 or, if there has been an appeal under that section, before the council has rendered a decision authorizing the demolition.

Fine. **“148.0.22.** A person who demolishes an immovable or has it demolished without the committee’s authorization or in contravention of the conditions of the authorization is liable to a fine of not less than \$5,000 and not more than \$25,000.

Restoration of immovable.

In addition, the by-law referred to in section 148.0.2 may require that person to restore the immovable so demolished to its former condition. If the offender fails to restore the immovable in accordance with the by-law, the council may have the work carried out and recover the costs from the offender, in which case section 148.0.17 applies, with the necessary modifications.

Inspection by officer.

**“148.0.23.** Throughout the demolition work, a copy of the authorization certificate must be in the possession of a person in authority on the premises. A municipal officer designated by the council may enter the premises where the work is being carried out at any reasonable time to ascertain whether the demolition is in conformity with the committee’s decision. On request, the officer must provide identification and produce a certificate issued by the municipality attesting the authority vested in the officer.

Fine.

A person who

(1) refuses to allow a municipal officer on the premises where the demolition work is being carried out; or

(2) is the person in authority responsible for the demolition work and who, on the premises where the demolition work is to take place, refuses to show a municipal officer a copy of the authorization certificate

is liable to a fine not exceeding \$500.

Replacement of member.

**“148.0.24.** A member of the council who ceases to be a member of the committee before the end of that member’s term of office, is unable to act, or has a direct or indirect personal interest in a matter of which the committee is seized, is replaced by another member of the council designated by the council for the unexpired portion of the term, for the duration of the inability or for the duration of the hearing of the matter in which the member has an interest, as the case may be.

Subsidy.

**“148.0.25.** Despite the Municipal Aid Prohibition Act (chapter I-15), the municipality may, by by-law, on the conditions and in the sectors of the territory of the municipality it determines, order that a subsidy be granted for the demolition of buildings beyond repair, unsuited to their purpose or incompatible with their environment, or for landscaping or repairing immovables following a demolition project.

Amount.

The maximum amount of a subsidy must not exceed the actual cost of the work.

Subsidy conditions.

**“148.0.26.** The municipality may establish classes of immovables and classes of work, and combine them, for the purposes mentioned in section 148.0.25. It may establish different conditions for different classes and combinations of classes and order that a subsidy be granted only for one or some of them.

Exercise of powers. The municipality may have recourse to the first paragraph in a different manner for different sectors of its territory that it determines.”

- Negotiation with permit holder.   The municipality must negotiate with the permit holder again within 30 days after the opening of tenders, having notified all the tenderers in writing, and make a contract with the permit holder if the latter agrees to execute it at or below the price of the lowest tender.
- Changes prohibited.         No changes may be made to the specifications for the purposes of the call for tenders or the negotiation.
- Amendment or revocation of permit.   **“48.22.** After receiving a copy of the contract made by the municipality to organize a public transit service other than shared transportation by taxi, and despite section 40, the Commission shall amend or, if necessary, revoke any bus transport permit of the class determined by the regulations under section 48.20 authorizing its holder to operate, in the territory of the municipality, a service that would compete with the service provided under the contract. The permit may be amended or revoked only to the extent necessary to eliminate competing services.
- Applicability.                This section applies even when the permit holder is a party to the contract. It does not apply when the municipality organizes a public transit service for the first time and the contract is for a period of less than six months.
- Notice.                        Before amending or revoking a permit under the first paragraph, the Commission must notify the permit holder in writing as prescribed by section 5 of the Act respecting administrative justice (R.S.Q., chapter J-3) and allow the permit holder at least 10 days to submit observations.

- Copies of contract.      **“48.23.** Upon making a contract, a local municipality must send a copy to the Minister and to the Commission.
- Content.                      When the contract provides that the remuneration of the carrier is to be based, in whole or for the greater part, on the number of passengers carried, it must indicate, on an annual basis, the number of passengers projected by the parties and contain a clause whereby the municipality undertakes to make up any insufficiency of receipts attributable to a smaller number of passengers than the number projected in the contract.
- Fares.                         **“48.24.** The municipality shall, by resolution, set the various passenger fares for the classes of users it determines.
- Service changes.            The municipality may make changes in the service; the changes are made by by-law, except schedule changes, which may be made by resolution.
- Publication in newspaper.      A certified copy of any resolution concerning fares or schedules must be published in a newspaper in the territory of the municipality and be posted in every vehicle. No fare or schedule change may come into force before the expiry of 30 days after the date of publication and posting.
- Adjustment clauses.            The carrier must collect fares and provide the new service. The contract must contain clauses for adjusting the contract price to take account of changes in the service.
- Draft by-law.                 **“48.25.** A member of the council who proposes that a by-law be adopted to make a change in the service must table a draft by-law. A summary of the draft must be published in a newspaper in the territory of the municipality and be posted in the carrier’s vehicles at least 30 days before the adoption of the by-law.
- Copy of by-law.               **“48.26.** A copy of a by-law making a change in the service must be sent to the Minister.
- Links outside territory.       **“48.27.** When a local municipality makes a by-law under section 48.18 or 48.24 by which it provides for the establishment of links to points outside the territory of the municipality or for changes in those links, the Minister may, within 30 days after receiving a copy of the by-law, disallow it as regards such links. The Minister shall then notify the municipality and cause the decision to be published in the *Gazette officielle du Québec*.
- Information from Minister.      However, the Minister may inform the municipality before the 30 days expires that the by-law will not be disallowed.
- Draft by-law.                 **“48.28.** A draft by-law of a council providing for the establishment of links to points within the territory of a public body providing public transit, or for changes in those links, must be sent to the body and to each local municipality whose territory is included in that of the body and is concerned by the proposed route at least 30 days before the date set for the adoption of the by-law.

- Copy of notices.      “**48.29.** In the cases provided for in section 48.28, a local municipality, when sending its by-law to the Minister, must attach a copy of the notices it has received from the public body providing public transit and from the municipalities to which the draft by-law has been sent.
- Temporary transit service.      “**48.30.** On the occasion of a special event, a local municipality may make a contract by resolution with a carrier referred to in section 48.19 to provide a temporary public transit service in the territory of the municipality that does not compete with the service provided by the holder of a permit pursuant to that permit.
- Powers of municipality.      “**48.31.** A local municipality may lease or acquire property for the purpose of organizing a public transit service, and entrust the property to the carrier under contract with it. It may also make service contracts.
- Jurisdiction of Commission.      “**48.32.** Transport supplied under sections 48.18 to 48.31 is not under the jurisdiction of the Commission.
- Prior authorization of municipality.      “**48.33.** The Commission may not issue a bus transport permit or alter the service that the holder of a bus transport permit is authorized to supply in the territory of a municipality, a group of municipalities or an intermunicipal board that organizes a public transit service, without the prior authorization of the municipality, the municipality that is the mandatary of the group of municipalities or the intermunicipal board.
- Deemed authorization.      If the municipality or the intermunicipal board does not indicate its refusal to the Commission within 60 days after the Commission’s application for authorization, it is deemed to have given its authorization.
- Applicability.      This section does not apply in the case of a cancellation or reduction of service or in the case of the establishment of a new service that does not compete with the public transit service organized by the municipality, the municipality that is the mandatary of the group of municipalities or the intermunicipal board.
- Meaning of service.      “**48.34.** For the purposes of this division, unless the context indicates another meaning, the service consists of the routes, frequency and schedule of trips.
- Support services.      “**48.35.** A local municipality may take any appropriate measure to promote the organization and operation of public transit services it does not organize itself and to provide support services to the users and organizers of those services.
- Subsidy.      “**48.36.** A local municipality, by resolution, may grant a subsidy to the holder of a bus transport permit that serves the territory of the municipality or maintains a route in the territory.

- Order. The order shall indicate, in respect of each designated jurisdiction, the date from which this Act applies and specify any applicable conditions. Filing of order.	<b>9.</b> On receiving a certified copy of an order issued in a designated jurisdiction, the Minister of Justice shall file it in the court records of the Superior Court in the district in which the claimant resides, if the order provides for the payment of support or revises a support order that was enforceable in Québec.
Effect.	From the date it is filed in the court records, the order is equivalent to a judgment rendered by a court in Québec and has the effects thereof.
Copy.	In all cases, the Minister of Justice shall transmit a copy of the order to the claimant by registered or certified mail.

## DIVISION II

### APPLICATIONS ORIGINATING IN A DESIGNATED JURISDICTION

Application.	<b>10.</b> The competent authority of a designated jurisdiction may send an application to the Minister of Justice requesting the issue in Québec of a support order or of an order reviewing a support order if either party resides in Québec.
Filiation.	If the filiation of a child for whom support is claimed has not been established, the claimant may request the court to rule on the child's biological filiation.
Content of application.	<p><b>11.</b> The application must include</p> <ol style="list-style-type: none"> <li>(1) the claimant's name and address;</li> <li>(2) the defendant's name and any other information known to the claimant that can be used to locate or identify the defendant;</li> <li>(3) the defendant's financial circumstances, to the extent known by the claimant;</li> <li>(4) the name of the person for whom support is or was claimed, the person's date of birth and details of the person's relationship with the claimant and the defendant;</li> <li>(5) the amount and nature of the support at issue, and the date on which it becomes due;</li> </ol>

- (6) the juridical basis for the application;
- (7) the grounds on which the application is based, including the needs of the person for whom support is claimed and the person's financial and other circumstances, and the evidence available to the claimant to establish filiation, where applicable; and
- (8) any other information or document required by the Minister of Justice.
- Oath. **12.** The application must be made under oath and be accompanied by supporting documents. A certified French translation of the application and accompanying documents must be attached if the original language is neither French nor English.
- Sworn statement. The application shall stand in lieu of the claimant's sworn statement required under article 827.5 of the Code of Civil Procedure (R.S.Q., chapter C-25).
- Information required. **13.** Where support is claimed for a child, the application must also contain the information required pursuant to the rules for the determination of child support payments adopted under the Code of Civil Procedure and, in particular, information concerning the claimant's income, the custody arrangements and the expenses relating to the child.
- Form. The application shall stand in lieu of the form prescribed under article 825.9 of that Code in respect of the claimant.
- Filing of application. **14.** On receiving the application, the Minister of Justice shall file it and the accompanying documents in the court records of the Superior Court in the district in which the defendant resides.
- Service on defendant. The Minister of Justice shall serve a copy on the defendant, together with a notice indicating the date of presentation of the application to the Superior Court and requiring the defendant to provide the information and documents required by law.
- Defendant not resident in Québec. **15.** If the defendant does not reside in Québec, but resides elsewhere in Canada, the Minister of Justice may, rather than returning the application to the originating jurisdiction, send it to the competent authority of the designated jurisdiction in which the defendant resides. In that case, the Minister of Justice shall so notify the competent authority of the originating jurisdiction.
- Additional information. **16.** At any stage of the proceeding, the court may require additional information or documents from the claimant. The Minister of Justice shall send the request to the competent authority of the originating designated jurisdiction and the proceeding shall be suspended.
- Dismissal of application. **17.** If the court does not receive the information or documents within six months after requesting them, it may dismiss the application.

- Filiation. **18.** If the filiation of a child for whom support is claimed has not been established, the court may rule on the child's biological filiation and may, to that end, order the analysis of a sample of a bodily substance so that the genetic profile of a person involved in the application may be established, in accordance with article 535.1 of the Civil Code. In that case, the defence is presented orally.
- Effects of decision. The decision of the court produces effects only for the purposes of the issue and enforcement of support orders and ceases to have effect if the filiation of the child is subsequently established in respect of a person other than the defendant.
- Court's decision. **19.** The court may grant the application for support, in whole or in part, or dismiss it. The decision must, in all cases, contain reasons.
- Certified copy. **20.** The clerk shall send a certified copy of the decision to the defendant and the Minister of Justice. The Minister of Justice shall also send a certified copy by registered or certified mail to the competent authority of the originating designated jurisdiction.
- Appeal. **21.** The time limit for appealing an order issued pursuant to this division is 90 days from the date of the order.
- Extension of time limit. The court may extend that time limit if special circumstances so warrant.

### INDIVIDUAL AND FAMILY ASSISTANCE ACT

[Assented to 17 June 2005]

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS:

#### TITLE I

PURPOSE, MEASURES, PROGRAMS AND SERVICES

#### CHAPTER I

GENERAL PRINCIPLES AND POWERS

- Purpose of Act. **1.** Within the framework of the principles and policy directions set out in the Act to combat poverty and social exclusion (R.S.Q., chapter L-7), the purpose of this Act is to implement measures, programs and services designed to foster the economic and social self-sufficiency of persons and families.
- Purpose of Act. A further purpose of this Act is to encourage persons to engage in activities that promote their social integration, their entry on the labour market and their active participation in society.
- Economic and social self-sufficiency. **2.** The measures, programs and services implemented under this Act are established to support persons in their efforts to achieve and maintain economic and social self-sufficiency, as they are the first to act to improve their situation and that of their families.
- Services. **3.** To those ends, the Minister of Employment and Social Solidarity offers reception, assessment and referral services. The Minister may also offer employment-assistance and social assistance and support measures, programs and services, and administer the financial assistance programs established under Title II.
- Focus. **4.** These employment-assistance measures, programs and services focus on the components of an active labour market policy, that is, job preparation, integration and retention as well as job stabilization and job creation.
- Powers of Minister, employment assistance. **5.** Within the scope of the employment-assistance measures, programs and services, the Minister may, among other things,
- (1) collect and disseminate labour market information;
  - (2) offer placement services;

- (3) provide funding for courses, training programs or professional services;
- (4) support bodies that provide employment-assistance services;

(5) offer means to facilitate the participation of handicapped persons in employment-assistance measures, programs and services, in order to foster their entry on the labour market and their job retention, whether in a regular work environment or in an adapted enterprise;

(6) assist employers, employee or employer associations, community bodies and regional or local communities in developing and implementing strategies for dealing with changes in the labour force and meeting manpower requirements;

(7) help improve labour market efficiency and minimize the impact of labour market restructuring;

(8) promote the development of labour market policy instruments and management tools; and

(9) support research and innovation in order to identify better ways of helping persons obtain or keep employment.

Entering or remaining on labour market.

**6.** The Minister may also assist persons in their efforts to enter, re-enter or remain on the labour market, in particular by helping them obtain skills for employment, ranging from basic to specific skills, by encouraging them to accept employment and by providing them with employment opportunities.

Powers of Minister, social assistance and support.

**7.** Within the scope of the social assistance and support measures, programs and services, the Minister may, in particular,

(1) offer personalized support to help persons in their efforts to achieve social and professional integration and self-sufficiency;

(2) refer persons to specialized external resources for interventions adapted to their needs; and

(3) favour local and regional initiatives designed for groups of persons facing common or special difficulties.

Specific projects.

**8.** The Minister may enter into agreements, in particular within the scope of pilot projects, with any person, association, partnership or body to promote specific projects fostering the social and community integration of persons and families.

Standards applicable.

After analysis, the Minister determines the standards applicable to the pilot projects. The Minister may at any time modify a pilot project or terminate it after advising the person, association, partnership or body concerned.

Personalized program.	<b>9.</b> The Minister may assess a person's circumstances and offer measures, programs and services appropriate to the person's needs.
Individualized Integration, Training and Employment Plan.	The Minister may also propose that a person engage in certain activities, in particular as part of an "Individualized Integration, Training and Employment Plan".
Agreement.	<b>10.</b> As regards certain employment activities a person engages in within the framework of a measure or a program, the Minister may sign a written agreement with the person and, where applicable, with the person for whom the work is performed. The Minister may include conditions of employment in the agreement. The agreement may also, for the purposes determined by the Minister, require the person for whom the work is performed to consult, before the work begins, the association of employees legally recognized to represent the members of the bargaining unit concerned.
Financial assistance to the employer.	In this agreement, the Minister may also provide for the payment of financial assistance to the employer, in the form of wage subsidies, for instance.
Provisions applicable.	<b>11.</b> Except in the cases and to the extent determined by regulation, the provisions of Chapter III of the Public Administration Act (R.S.Q., chapter A-6.01), the Labour Code (R.S.Q., chapter C-27), the Act respecting collective agreement decrees (R.S.Q., chapter D-2), the Public Service Act (R.S.Q., chapter F-3.1.1) and the Act respecting labour standards (R.S.Q., chapter N-1.1) apply to an employment activity engaged in within the framework of a measure or a program established by the Minister.
Financial assistance.	<b>12.</b> Within the framework of employment-assistance and social assistance and support measures, programs and services, the Minister may grant financial assistance, subject to the conditions set out in this Act or, if there are no such conditions, subject to those determined by the Minister.
Financial assistance, employment.	<b>13.</b> Within the framework of employment-assistance measures, programs and services, the Minister may offer a person financial assistance, in particular to <ol style="list-style-type: none"> <li>(1) allow the person to complete training or acquire vocational qualifications;</li> <li>(2) allow the person to acquire work skills and experience, thereby improving the person's employment prospects; and</li> <li>(3) assist the person in efforts to enter, re-enter or remain on the labour market.</li> </ol>
Form of assistance.	<b>14.</b> Financial assistance granted to a person participating in an employment-assistance measure or program may be paid, for instance, in the form of an employment-assistance allowance or the reimbursement of additional expenses.

- Amount. If the person is a recipient under a financial assistance program provided for in Title II, the amount granted as an employment-assistance allowance may not be less than the amount prescribed by regulation.
- Special help. **15.** In the cases and under the conditions determined by the Minister, the Minister may establish a Social Assistance and Support Program for recipients under the Social Assistance Program or the Social Solidarity Program who require special help and support in view of their socio-professional profile.
- Agreement with body. To that end, the Minister may enter into an agreement with a body under which the body offers that help and support in order to assist those persons in taking steps toward an active participation in society and to provide them with adequate preparation to participate in an employment-assistance measure or program and improve their prospects of entering the labour market.
- Objectives. That assistance may in particular contribute to
- (1) reinforcing their interest in moving forward;
  - (2) identifying their needs;
  - (3) developing or maintaining certain skills, attitudes or behaviours; and
  - (4) finding ways to remove the obstacles to their socio-professional development.
- Financial assistance to recipient. **16.** In the cases and under the conditions determined by the Minister, the Minister may grant financial assistance, in particular in the form of a support allowance, to a person participating in a Social Assistance and Support Program or measure.
- Support allowance. If the person is a recipient under the Social Assistance Program or the Social Solidarity Program, the support allowance is determined by regulation and added to the basic benefit amount applicable to the person. As part of an agreement entered into with a body to implement the program, the Minister may also provide for the payment of financial assistance to that body.
- Financial assistance as allowance. **17.** Subject to the conditions the Minister determines, the Minister may recognize as an employment-assistance allowance or a support allowance financial assistance paid to a recipient under the Social Assistance Program or the Social Solidarity Program by a person, an association, a partnership or a body with which that recipient engages in activities of the same nature as those for which such allowances are granted.
- Native persons. For the purposes of this Act, financial assistance granted as an employment-assistance allowance to a Native person under a manpower and employment agreement entered into with the Government of Canada and determined by regulation is financial assistance recognized by the Minister as an employment-assistance allowance.

- 18.** In the cases and under the conditions prescribed by regulation, financial assistance granted by the Minister as an employment-assistance allowance, or financial assistance recognized as an employment-assistance allowance or a support allowance, is excluded from the calculation of the benefit granted under the Social Assistance Program or the Social Solidarity Program, up to the amount prescribed by regulation for each allowance.
- 19.** Except in the cases and under the conditions prescribed by regulation, a person may not concurrently receive
- (1) an employment-assistance allowance and a support allowance, whether granted by the Minister or paid by a third person and recognized by the Minister;
  - (2) an employment-assistance allowance granted by the Minister and financial assistance the Minister recognizes as an employment-assistance allowance; or
  - (3) a support allowance granted by the Minister and financial assistance the Minister recognizes as a support allowance.
- 20.** Financial assistance granted under this Act to a natural person who is not an employer is unassignable and unseizable, with the exception of the part of an employment-assistance allowance exceeding an amount determined by regulation, up to 50% of which may be seized for non-payment of support.
- 21.** The powers of the Minister in matters of manpower and employment under this Title are exercised in agreement with the provisions of the Act respecting the Ministère de l'Emploi et de la Solidarité sociale and establishing the Commission des partenaires du marché du travail (R.S.Q., chapter M-15.001), particularly as concerns the functions and powers of the Commission des partenaires du marché du travail and of the regional councils of labour market partners.
- As provided in that Act, the provincial, regional and local implementation and management of the manpower and employment measures and programs under the responsibility of the Minister and the provision of public employment services are entrusted to Emploi-Québec.

Agreement with body.	<b>35.</b> In particular within the framework of pilot projects, the Minister may enter into an agreement with a body under which the body offers information, conciliation and support services to persons who are eligible under a financial assistance program provided for in Title II and whose housing situation is precarious or who have difficulty paying their rent.
Restriction.	Such an agreement may not, however, provide for a benefit to be administered by the body or by a third person.
Notice of change.	<b>36.</b> Except in the cases prescribed by regulation, persons receiving financial assistance must give prompt notice to the Minister of any change in their circumstances or the circumstances of their family that may affect their eligibility or continued eligibility for the measure, program or service, or the financial assistance granted.
Statement.	Such persons must also file a short form statement in the cases prescribed by regulation, and a complete statement whenever the Minister considers it necessary, but not more often than once per 12-month period, to ascertain the persons' eligibility or the eligibility of their family under a financial assistance program provided for in Title II or to determine the amount of the assistance to be granted. The statements must be filed in the manner determined by the Minister.
Statement not filed.	The Minister may cease to pay financial assistance if a statement is not filed within the prescribed time limit, unless the recipient proves that timely filing was impossible.
Prior notice of reduction.	<b>37.</b> At least 10 days before reducing or ceasing to pay an amount granted under this Act on the ground that a person did not declare his or her real circumstances, the Minister must give the person a written notice, with reasons.
Observations.	The person may submit observations before the effective date of the Minister's decision and, if need be, produce documents to complete the file.
Quality of services.	<b>38.</b> The Minister must take the necessary measures to ensure the quality of the services offered and establish a complaint processing procedure for matters governed by this Act.

Information.	A person may apply to the Minister for information on any matter within the scope of this Act, or for assistance in safeguarding that person's rights.
Minister's obligations.	<b>39.</b> The Minister must also <ol style="list-style-type: none"><li>(1) monitor the level of satisfaction of persons and families having taken advantage of the measures, programs or services offered;</li><li>(2) take the appropriate measures to remedy or prevent the re-occurrence of prejudicial situations and prevent the occurrence of similar situations; and</li><li>(3) give due consideration to the opinions and observations expressed by persons and families having taken advantage of measures, programs or services.</li></ol>
Separate administrative unit.	<b>40.</b> An administrative unit separate from the units responsible for providing the services or implementing the measures or programs provided for in this Act must be designated by the Minister to provide information on any matter governed by this Act and to process complaints.
Requests and complaints.	<b>41.</b> Requests received by the administrative unit must be processed promptly and complaints must be examined and analyzed, unless they are clearly unfounded, for instance, if they do not pertain to one of the matters governed by this Act.
Information to complainant.	<b>42.</b> The complainant must be informed of the results of the examination of the complaint, as well as of any applicable remedy procedures.
Restriction.	Confidential information may not be disclosed under the first paragraph.
Annual report.	<b>43.</b> The administrative unit designated by the Minister under section 40 must prepare an annual activity report.
Content.	The report must contain the information required by the Minister and indicate the number of complaints received, the follow-up given to the complaints, and the level of satisfaction of persons having applied to the unit as well as any recommendation concerning the services it provides.
Submission.	The report is submitted to the Minister. It is included in the annual management report of the Ministère de l'Emploi et de la Solidarité sociale.

**TITLE II****FINANCIAL ASSISTANCE PROGRAMS****CHAPTER I****SOCIAL ASSISTANCE PROGRAM****DIVISION I****PURPOSE AND ELIGIBILITY**

Purpose.	<b>44.</b> The purpose of the Social Assistance Program is to grant last resort financial assistance to persons whose capacity for employment is not severely limited. A further purpose is to encourage such persons to engage in activities promoting their entry on the labour market or their social and community participation.
Assistance offered.	<b>45.</b> To foster the objectives of the Social Assistance Program, the Minister may, in accordance with Title I, offer employment-assistance and social assistance and support measures, programs and services to persons eligible under the program and, where applicable, adapt those measures, programs and services to meet the needs of persons with particular difficulties.
Mechanisms.	<b>46.</b> The Minister implements mechanisms facilitating coordinated action with the other departments and bodies concerned, in order to offer continuous, integrated services to persons and families eligible under the program.
Restrictions.	<b>47.</b> An independent adult or a family may not receive a benefit under the Social Assistance Program if the adult or an adult member of the family is eligible under the Social Solidarity Program.
Eligibility.	<b>48.</b> To receive a benefit under the program, independent adults or families must establish that, according to the rules set out in Division II of this chapter, their resources fall short of the amount that is necessary to provide for their needs, given the basic benefit amount applicable to them combined with the amount of any applicable allowances or adjustments for adults, any support allowance granted by the Minister under Chapter I of Title I, any adjustments for dependent children and any applicable special benefits.
Restriction.	However, adults or families who, at the time of the application, own liquid assets in excess of the amount determined by regulation are not eligible under the program. Such adults or families are ineligible from the date of application to the last day of the month.
Exception.	<b>49.</b> The Minister may grant a benefit to an independent adult or a family that is not eligible under the program for a reason other than the reason set out in paragraph 1 of section 27, or not entitled to a benefit although eligible under the program, if, in the Minister's opinion, the adult or the members of the family would, without that benefit, be in circumstances that could endanger their health or safety or lead to complete destitution.

Exception.	<b>50.</b> In the cases and under the conditions determined by regulation, the Minister may grant a benefit to an independent adult or a family that is no longer eligible under the program.
Statement of benefits.	<b>51.</b> The Minister includes a statement of the benefits granted under section 49 and the reasons for which they were granted in the annual report required under section 15 of the Act respecting the Ministère de l'Emploi et de la Solidarité sociale and establishing the Commission des partenaires du marché du travail (R.S.Q., chapter M-15.001).
Information not public.	Despite subparagraph 4 of the first paragraph of section 57 of the Act respecting Access to documents held by public bodies and the Protection of personal information (R.S.Q., chapter A-2.1), the names and addresses of recipients of such a benefit are not public information.

## DIVISION II

### ESTABLISHMENT AND PAYMENT OF BENEFIT

Social assistance benefit.	<b>52.</b> The benefit granted to an independent adult or a family under the Social Assistance Program takes the form of a social assistance benefit.
Basic benefit.	It is established using the basic benefit applicable to that adult or family and taking into consideration the amount, the cases and the conditions provided for by regulation.
Temporarily limited capacity allowance.	<p><b>53.</b> A temporarily limited capacity allowance is added to the basic benefit when an independent adult or an adult member of a family</p> <p>(1) produces a medical report establishing that, due to the adult's physical or mental condition, the adult will be unable, for a period of at least one month, to engage in a job preparation, integration or retention activity;</p> <p>(2) is at least 20 weeks pregnant or gave birth less than five weeks previously, and applies for the allowance; the application must be filed together with a medical certificate that may be replaced by a written report attesting the pregnancy, signed by a midwife and indicating the adult's name and date of birth, the number of weeks of pregnancy, if applicable, and the expected or actual date of delivery;</p> <p>(3) provides childcare to a dependent child of the adult in the cases and under the conditions determined by regulation or to such a child who is handicapped within the meaning of subparagraph <i>b</i> of the second paragraph of section 1029.8.61.18 of the Taxation Act (R.S.Q., chapter I-3);</p> <p>(4) reaches the age determined by regulation and applies for the allowance;</p> <p>(5) provides constant care to an adult whose autonomy is significantly reduced because of a physical or mental condition;</p>

(6) is responsible for a family-type resource recognized under the Act respecting health services and social services (R.S.Q., chapter S-4.2);

(7) is placed in a foster home within the meaning of the Act respecting health services and social services, or is taken in charge by an intermediate resource within the meaning of that Act;

(8) is responsible for a foster home under a service contract with the Minister of Public Security and must act in consequence with respect to a person required to live there; or

(9) is a victim of violence who takes refuge in a shelter or other similar place for a maximum of three consecutive months from the date of admission.

Temporarily limited capacity allowance.

A temporarily limited capacity allowance is added to the basic benefit in the other cases and under the other conditions provided for by regulation.

Concurrent allowances prohibited.

**54.** An adult may not receive a temporarily limited capacity allowance concurrently with an employment-assistance allowance or a support allowance, even if they are granted or recognized as an employment-assistance allowance or a support allowance by the Minister.

Computation of benefit.

**55.** The benefit granted an independent adult or a family is established, for each month, on the basis of the circumstances of the adult or family on the last day of the preceding month. The benefit is equal to the deficit in resources to meet needs, calculated by

(1) determining the amount of the applicable basic benefit and, in keeping with the regulation, adding to it any temporarily limited capacity allowance, any adjustments for adults, any support allowance granted under Chapter I of Title I, any adjustments for dependent children and any special benefits; and

(2) subtracting the following amounts, except insofar as they are excluded by regulation, from the amount obtained under paragraph 1:

(a) the income from employment and from property earned, in the preceding month, by the independent adult or by members of the family, and any earnings or other benefits received by them;

(b) the benefits not yet received for the period prescribed by regulation, to which the independent adult or adult members of the family are entitled under the Employment Insurance Act (Statutes of Canada, 1996, chapter 23) because of an interruption of work, or that they have chosen to receive under the Act respecting parental insurance (2001, chapter 9);

(c) if the independent adult or adult members of the family lost an employment because of a work stoppage attributable to a labour dispute and, for that reason, could not or did not qualify for unemployment benefits, any

work income that could otherwise have been earned by them in the preceding month, until such time as they could qualify for benefits under the Employment Insurance Act;

(d) the liquid assets, within the meaning of the regulation, that the independent adult or members of the family owned on the last day of the preceding month;

(e) the amount obtained by applying the percentage prescribed by regulation to the value, determined according to the method prescribed by regulation, of the property owned by the independent adult or the members of the family on the last day of the preceding month, excluding any property that cannot be alienated due to a legal impediment beyond their control;

(f) the parental contribution determined according to the method prescribed by regulation, for the three years following the first of the following dates:

i. the date on which the adult who is deemed to receive a parental contribution received a first benefit under a last resort financial assistance program or the Youth Alternative Program; and

ii. the date on which the adult would have been declared eligible but for the net incomes of the adult's father and mother taken into account in determining the contribution.

Presumption.

**56.** For the purposes of subparagraph *a* of paragraph 2 of section 55, an independent adult or an adult member of the family is deemed to earn the income from employment that would have been received had the adult not taken advantage of the work time reduction measures or leave without pay available under the conditions of employment applicable to the adult.

Restriction.

The first paragraph does not apply if the decision to reduce work time or take leave without pay was made for a serious reason, in particular because of the state of health of that adult or a member of the family, or if the adult is receiving benefits granted under the Act respecting parental insurance (2001, chapter 9) or of section 22 or 23 of the Employment Insurance Act (Statutes of Canada, 1996, chapter 23).

Presumption as to parental contribution.

**57.** An adult is deemed to receive a parental contribution unless

(1) the adult has provided for his or her own needs and resided elsewhere than at the place of residence of his or her father or mother for at least two years, excluding any period during which the adult attended an educational institution on a full-time basis;

(2) the adult has, for at least two years, held remunerated full-time employment, received benefits under the Employment Insurance Act (Statutes of Canada, 1996, chapter 23) for such employment, or received benefits under the Act respecting parental insurance (2001, chapter 9);

(3) the adult is or was married or in a civil union;

(4) the adult has been living with another person of the opposite or the same sex in a de facto union and has, at one time, cohabited with that person for a period of not less than one year;

(5) the adult has or has had a dependent child;

(6) the adult holds a bachelor's degree;

(7) the adult is at least 20 weeks' pregnant, and her condition has been attested by a medical report; the medical report may be replaced by a written report attesting the pregnancy, signed by a midwife and indicating the name and date of birth of the adult, the number of weeks of pregnancy and the expected date of delivery; or

(8) the adult has not been a full-time student for at least seven years since ceasing to be subject to compulsory school attendance.

Restriction.

However, an adult who establishes that his or her father and mother are untraceable, that they have refused to help provide for his or her needs or that they have committed acts of violence against him or her is not deemed to be receiving a parental contribution.

Particular requirements.

**58.** For certain special benefits, the Minister may set particular eligibility requirements other than those provided for in the regulation.

Benefit not paid.

If the Minister has entered into an agreement with a person, an association, a partnership or a body to have the need for which a special benefit is required filled in another manner, the Minister may decide not to pay the amount of that benefit.

Varying conditions.

The conditions for applying this section may vary according to the person's situation and the availability in the person's locality or region of the goods or services required.

Full benefit.

**59.** The benefit granted an independent adult or a family may not be reduced for failure to take steps with a view to entering the labour market, in particular for refusing to take a job or leaving or losing a job.

Property and assets.

**60.** In the cases and under the conditions determined by regulation, an independent adult or a family may own certain property or liquid assets in order to facilitate actions enabling them to regain economic self-sufficiency.

Payment period.

**61.** A benefit is granted from the month following the month of the application. However, a benefit may be granted for the month in which the application is made. In that case, it is established according to the method prescribed by regulation, which may take into account such factors as the liquid assets the adult or family owns on the date of the application.

- Monthly joint payment. **62.** A benefit is paid on a monthly basis subject to the conditions determined by regulation. The benefit is paid to the spouses jointly or, at their request, to one of them.
- Obligation to exercise rights. **63.** An independent adult or the members of a family must exercise their rights or take advantage of other statutory benefits when the exercise of such rights or the receipt of such benefits would affect the adult's or the family's eligibility for a financial assistance program, or reduce the amount of assistance.
- Subrogation. In the case of an adult who is not deemed to receive a parental contribution under the second paragraph of section 57, the Minister is subrogated by operation of law in the rights of the adult to have support payments fixed or varied, unless the adult has elected to exercise his or her remedy for support. The Minister may also exercise the rights of any other creditor of support to have support payments fixed or varied if the Minister is of the opinion that the creditor's circumstances place the exercise of such rights in jeopardy.
- Volunteer activities. The fact that an adult or a member of the adult's family engages in activities as a volunteer with a non-profit organization does not constitute failure to fulfil the obligations imposed by the first paragraph.
- Judicial proceeding. **64.** When an adult, or a member of the adult's family, is a creditor of support, the adult must inform the Minister, in the manner prescribed by regulation, of any judicial proceeding concerning the obligation of support at least five days before the date the application is presented to the court. The adult must also inform the Minister of the submission or receipt of an application regarding support under the Act respecting the reciprocal issue and enforcement of support orders (2005, chapter 12), at least five days before the submission or not later than five days after the receipt of such an application, as the case may be.
- Agreement. The adult must, however, inform the Minister of the content of an agreement concerning the obligation of support at least 10 days before it is presented to the court, or, in the case of a joint procedure for the dissolution of a civil union, at least 10 days before the date on which the agreement is to be executed before a notary.
- Effect. An agreement between the parties concerning the fixing or variation of support payments has no effect against the Minister.
- Powers regarding support payments. In any proceeding for the fixation or variation of support payments, the court may, of its own motion, implead the Minister, or the Minister may, *ex officio* and without notice, intervene at any time and take part in the proof and hearing.
- Conditions. **65.** In the two years preceding an application for or the payment of financial assistance, an independent adult or the members of a family must not have waived their rights, disposed of property or liquid assets without adequate

consideration or squandered them in order to become eligible or render their family eligible under the program or to be granted a greater amount than would otherwise have been the case.

Failure to fulfil obligation.

**66.** When there is failure to fulfil any of the obligations imposed by sections 30, 31, 36, 63 and 64, the Minister may refuse or cease to pay financial assistance or reduce it.

Failure to fulfil obligation.

The Minister may also refuse or cease to pay financial assistance or reduce it when there is failure to fulfil the obligation under section 65, in the cases and under the conditions prescribed by regulation.

Decisions.

Decisions made by the Minister under this section must include reasons and be communicated in writing to the person concerned.

## CHAPTER II

### SOCIAL SOLIDARITY PROGRAM

Purpose.

**67.** The purpose of the Social Solidarity Program is to grant last resort financial assistance to persons whose capacity for employment is severely limited.

Purpose.

A further purpose of the program is to foster the inclusion and social participation of such persons and their active contribution to society, by providing all the help and support they require.

Assistance offered.

**68.** In order to foster the achievement of the objectives of the Social Solidarity Program, the Minister may, in accordance with Title I, offer employment-assistance and social assistance and support measures, programs and services to persons eligible under the program and, where applicable, adapt them to meet the particular needs of the persons concerned. The Minister may, in particular, contribute to the adaptation of jobs or foster social and community participation activities developed within the framework of local social integration strategies.

Mechanisms.

**69.** The Minister implements mechanisms facilitating coordinated action with the other departments and bodies concerned, in order to offer continuous, integrated services to persons requiring psychosocial support services.

Eligibility.

**70.** An independent adult or a family is eligible under the program if the adult or an adult member of the family produces a medical report establishing that the adult's physical or mental condition is significantly and in all likelihood permanently or indefinitely deficient or impaired and that, for that reason and in view of the adult's socio-professional profile, the adult's capacity for employment is severely limited.

Exception.

In exceptional circumstances, however, the Minister may exempt a person from the obligation to produce a medical report.

- Basic benefit. **71.** The amount of the basic benefit granted under the program is determined by regulation. It takes the form of a social solidarity allowance.
- Flexible rules. **72.** The Government may make regulations prescribing more flexible rules applicable to recipients under the program as regards
- (1) ownership of property, amounts paid into a pension plan or assets received by succession;
  - (2) the eligibility requirements for certain special benefits.
- Provisions applicable. **73.** The provisions of this Act and of the regulations regarding the Social Assistance Program apply to this program, with the necessary modifications, except the provisions relating to the parental contribution and the temporarily limited capacity allowance.

### CHAPTER III

#### YOUTH ALTERNATIVE PROGRAM

- Purpose. **74.** The purpose of the Youth Alternative Program is to provide young adults who require financial assistance to meet their basic needs with support, on a voluntary basis, in order to encourage them to engage in activities enabling them to acquire or regain personal, social and vocational self-sufficiency.
- Standards. The Minister determines the standards for implementing this program, if they are not otherwise provided for in this Act.
- Assistance offered. **75.** In order to foster the achievement of the objectives of the Youth Alternative Program, the Minister may, in accordance with Title I, offer employment-assistance and social assistance and support measures, programs and services to persons eligible under the program and, where applicable, adapt them to their needs.
- Objectives. Such measures, programs and services may, for instance,
- (1) allow young people to complete their studies or go back to school;
  - (2) foster the job integration and retention of young people; and
  - (3) encourage their social and community participation.
- Mechanisms. **76.** The Minister implements mechanisms for coordinated action with the other departments and bodies concerned, to foster the continuity and integration of youth services.
- Objectives. Such action must be undertaken, in particular, to facilitate the transition from one program, measure or governmental service to another, improve their complementarity and make them more accessible.

- Target population. **77.** The Minister may propose the Youth Alternative Program to an adult under 25 years of age who is eligible for the Social Assistance Program or the Social Solidarity Program.
- Exception. The Minister may, however, owing to exceptional circumstances, offer the Youth Alternative Program to a person under 25 years of age who does not meet the other requirements.
- Financial assistance. **78.** Financial assistance within the framework of the program is determined by the Minister in the cases and under the conditions determined by the Minister. It takes the form, in particular, of a youth allowance.
- Amount. The financial assistance may vary according to the circumstances of the adult or the adult's family and according to the nature and duration of the activity engaged in. However, the adult and, if applicable, the members of the adult's family may take advantage of the Social Assistance Program or the Social Solidarity Program if that financial assistance is less than the assistance that would be granted under either of those programs, to the extent that they are also eligible under those programs.

#### CHAPTER IV SPECIFIC PROGRAMS

- Particular difficulties. **79.** The Minister may establish specific financial assistance programs to help persons and families with particular difficulties, and determine the standards for implementing them.
- Eligibility requirements. In exceptional circumstances, the Minister may set eligibility requirements for a specific program that are different from those set out in sections 26 and 27.
- Purpose. **80.** The purpose of specific programs may be, for instance, to foster the development of potential, to improve a person's economic and social situation, to preserve self-sufficiency and to take account of temporary economic difficulties.
- Choice of program. **81.** Within the framework of specific programs and in the cases and under the conditions the Minister determines, the Minister may grant financial assistance to a person who decides, on a voluntary basis, to take advantage of one of those programs. However, persons eligible under those programs may take advantage of the Social Assistance Program or the Social Solidarity Program if the financial assistance granted under a specific program is less than the assistance they would be granted under either of those last resort financial assistance programs, to the extent that they are also eligible under those last resort programs.

Access. **82.** The Minister provides information on the existence of the specific programs and, on their coming into force, makes available the standards for implementing those programs and the manner of gaining access to them.

Annual report. **83.** The Minister must prepare an annual report on the implementation of specific programs. The report is included in the annual management report of the Ministère de l'Emploi et de la Solidarité sociale.

List of specific programs. In the month of April each year, the Minister must also publish in the *Gazette officielle du Québec* a list of the specific programs established during the preceding fiscal year.

### TITLE III

#### ADMINISTRATIVE PROVISIONS

#### CHAPTER I

#### AGREEMENTS

Collection of information. **84.** Subject to the second paragraph, the Minister may enter into an agreement with a department or body of the Government of Québec or of another government, a person or an enterprise whose name appears on the list drawn up by the Government and published in the *Gazette officielle du Québec*, in order to collect or communicate nominative information that is necessary for the application of this Act and the regulations, in particular in order to

(1) verify the eligibility of a person or a person's family for an amount granted under this Act and establish that amount;

(2) identify, by cross-matching or other means, circumstances not declared by a person that may affect the amount that is or was granted to the person under this Act;

(3) verify the solvency of a person who is required to repay an amount under Chapter II of this Title or identify the person's place of residence; and

(4) verify the occurrence of an event or the existence of a right referred to in section 90, as well as the date and particulars of the realization of the right.

Departments and bodies.

The Minister may also enter into such an agreement with the Department of Human Resources and Skills Development of Canada as well as with the following departments and bodies of the Government of Québec: the Ministère de l'Éducation, du Loisir et du Sport, the Ministère de la Justice, the Ministère de l'Immigration et des Communautés culturelles, the Ministère du Revenu, the Ministère de la Sécurité publique, the Commission de la santé et de la sécurité du travail, the Régie de l'assurance maladie du Québec, the Régie des rentes du Québec and the Société de l'assurance automobile du Québec.

Communication of information.	To identify a person for the purposes of an agreement made under this section, the Minister may communicate the person's name, date of birth, sex, address, health insurance number, social insurance number and file number. A department, body, person or enterprise that receives such information must, unless legally entitled to the information, destroy it once the purpose for which it was communicated has been fulfilled.
Act applicable.	Such information must be exchanged in accordance with the Act respecting Access to documents held by public bodies and the Protection of personal information (R.S.Q., chapter A-2.1).
Confidentiality.	<b>85.</b> Any nominative information, within the meaning of the Act respecting Access to documents held by public bodies and the Protection of personal information (R.S.Q., chapter A-2.1), obtained in the administration of this Act is confidential. Public servants of the Ministère de l'Emploi et de la Solidarité sociale are prohibited from using any such information for purposes other than the administration of this Act.
Prohibition.	Public servants of the department are also prohibited from communicating or allowing the communication of information obtained in the administration of this Act to a person not legally entitled to it under the Act respecting Access to documents held by public bodies and the Protection of personal information or from allowing such a person to examine a document containing such information or to have access to it.

## CHAPTER II

### RECOVERY

Repayment to Minister.	<b>86.</b> A person must repay to the Minister any amount granted under this Act that should not have been granted to the person or the person's family, except an amount prescribed by regulation or an amount granted following an administrative error that the person could not reasonably have noticed.
Agreement.	A person, association, partnership or body must also repay any amount granted under an agreement entered into with the Minister under this Act, in the cases and under the conditions determined in the agreement.
Exception.	A person to whom section 57 applies is not required to repay an amount granted following an erroneous declaration by the person's mother or father. The amount is recoverable by the Minister from the parent who made the declaration, in accordance with the provisions of this chapter.
Reason for repayment.	<b>87.</b> A person must also repay to the Minister the amounts granted under a last resort financial assistance program, except those prescribed by regulation upon the cessation of a legal impediment to the alienation of a property and up to the amount of the net profit from the proceeds of the disposition or, in the other cases and according to the conditions determined by regulation, the amount that would not have been granted to the person or the person's family

if the property had been considered in calculating the benefit, up to the amount of the value of the property.

- Reason for repayment. **88.** Except in the cases determined by regulation and as soon as the reduction ceases, a person must also repay to the Minister, up to the amount of the reduction, the amounts received under a last resort financial assistance program while the allowances or benefits granted to that person or to that person's family under another Act in force in Québec or elsewhere were reduced to compensate an overpayment.
- Solidary liability. **89.** Spouses are solidarily liable for the repayment of an amount granted under a last resort financial assistance program and recoverable under section 86, 87 or 88, whether the amount was granted to an independent adult or to a family that included one or two adults.
- Exception. However, the spouse of a person to whom a benefit was granted is not liable for the repayment if the spouse proves that the notice provided for in section 97 was not received or that the claim is based on an act or omission by the person that the spouse could not reasonably have been aware of.
- Exception. A spouse is not liable for the repayment if the spouse proves that the spouse's real circumstances could not be declared because of the violent behaviour of the other spouse toward the spouse or the spouse's dependent child.
- Sole liability. In the cases described in the second and third paragraphs, the other spouse is solely liable for the entire debt.
- Reason for repayment. **90.** A person must repay to the Minister an amount granted under a last resort financial assistance program following an event giving rise to the exercise of a right by the person or the person's dependent child by judicial proceedings or any other means, whether or not the right is a personal right, and whether or not the amount had been granted to the person or the person's family at the time of the event.
- Time and amount of repayment. The amount of the repayment is due from the realization and up to the value of the right; the amount is established by applying the rules for the calculation of resources set out in sections 55 and 61.
- Seizure. If a person did not declare the prospective realization of a right to the Minister and the amount the right represents should, according to the law, have been paid to the Minister, the amount can be seized by the Minister despite any provision of law to the contrary. The same applies to property acquired with the amount derived from the realization of the right.
- Foreign national. **91.** A person having subscribed an undertaking under the Act respecting immigration to Québec (R.S.Q., chapter I-0.2) promising to help a foreign national, and any dependants who accompany the foreign national, to settle in Québec must repay the amount granted under a last resort financial assistance

program to the foreign national and those dependants during the period covered by the undertaking, when the undertaking so provides. The amount is determined under the conditions and calculation rules determined by regulation and is recoverable by the Minister in accordance with the provisions of this chapter.

- Subrogation. **92.** When the debt owed to a person is for non-payment of support determined by judgment or by a transaction and a joint declaration of dissolution of a civil union executed before a notary, the Minister is subrogated by operation of law in the rights of the creditor for all support payments that are due at the time the person or the person's family becomes eligible for a benefit under a last resort financial assistance program and for all payments that become due during the period for which the benefit is granted.
- Notice to Minister of Revenue. The Minister must send a notice to the Minister of Revenue, together with the information required for the purposes of the Act to facilitate the payment of support (R.S.Q., chapter P-2.2).
- Excess amount. The Minister remits to the creditor the amount by which the sums collected exceed the amount recoverable under section 90.
- Variance. **93.** When a court decision retroactively varies a support payment received by the creditor of support for a period in which the creditor received a benefit under a last resort financial assistance program, the Minister may, on an application by that creditor of support or on a request by the Minister of Revenue under the Act to facilitate the payment of support (R.S.Q., chapter P-2.2), recalculate the benefit granted for the months covered by such a variance.
- Excess amount. If, as a result, a benefit is owed to the creditor of support and the amount exceeds the amount owed to the Minister under section 92, the Minister remits the excess amount to the creditor of support or the Minister of Revenue, as the case may be.
- Application or request. For the purposes of this section, the application or request must be submitted to the Minister within a reasonable time after the judgment is rendered. The Minister may require new statements for the months covered by such a variance, which must be filed within the next 30 days.
- Payment by debtor. **94.** In the case of a debt to which section 90 applies, except non-payment of support determined by judgment or by a transaction and a joint declaration of dissolution of a civil union executed before a notary, the debtor of a person who or whose family has received or is receiving an amount under a last resort financial assistance program, and any person who is to become the debtor of such a person must, upon a written notice of the Minister, remit to the Minister the amount owed, up to the amount recoverable.
- Presumption. The remittance of the amount to the Minister is deemed to be a payment validly made to the creditor; if the debtor fails to so remit the amount, the debtor is bound to pay an equivalent amount to the Minister.

Recovery.	The amount is recoverable by the Minister in accordance with the provisions of this chapter.
Income tax.	<b>95.</b> A person is not required to repay an amount equivalent to the income tax the person must pay on the amount derived from the realization of a right referred to in section 90. Once the income tax to be paid has been determined, the Minister may, at the person's request, reduce the amount payable by an amount equivalent to that income tax or, if the amount payable has already been repaid to the Minister, return the excess repayment.
Applicability.	This section applies when the tax payable on the amount received by the person operates to reduce the amount below the amount repayable to the Minister.
Amounts not repayable.	<b>96.</b> An amount granted is not repayable to the Minister under section 90 if the realized right <ol style="list-style-type: none"><li>(1) arises from a succession;</li><li>(2) is compensation under section 73 of the Automobile Insurance Act (R.S.Q., chapter A-25);</li><li>(3) is compensation under section 83 of the Act respecting industrial accidents and occupational diseases (R.S.Q., chapter A-3.001); or</li><li>(4) is compensation for non-pecuniary damage received following physical or mental impairment, other than compensation under the Acts referred to in paragraphs 2 and 3.</li></ol>
Formal notice.	<b>97.</b> The Minister sends a formal notice to the debtor of an amount recoverable under this Act, indicating the amount of the debt, the reasons for which the debt is due and the debtor's right to apply for a review. The notice must also contain information on the recovery procedure, in particular on the issue and effects of the certificate.
Interruption of prescription.	A formal notice under this section interrupts prescription.
Repayment.	<b>98.</b> The debtor must repay any amount owed according to the conditions determined by regulation, unless otherwise agreed between the debtor and the Minister.
Realized right.	However, an amount owed under section 90 must be repaid in full to the Minister upon the realization of the right. The amount is exigible only from the creditor of the realized right or from the adult of whom the child who is the creditor of the realized right is a dependant.
Interest.	The debtor of an amount owed is required to pay interest in the cases and under the conditions determined and at the rate prescribed by regulation.

- Recovery charge. **99.** The debtor is required to pay a recovery charge in the cases and under the conditions determined and in the amount prescribed by regulation.
- Failure to pay. **100.** At the expiry of the time for applying for a review of the decision requiring payment or for contesting the review decision before the Administrative Tribunal of Québec and, where applicable, at the expiry of 30 days after a decision of that Tribunal confirming all or part of the Minister's decision or on the date of the formal notice, if a debt is not paid and if, in the Minister's opinion, the debtor is attempting to elude payment, the Minister may issue a certificate setting out the debtor's name and address and the amount of the debt.
- Withholding of amount. **101.** After issuing the certificate, the Minister may withhold part of any amount granted under this Act to the debtor and, where applicable, to the debtor's family, up to the amount prescribed by regulation, and apply the amount withheld to the repayment of the debt. A refund owed to the debtor by the Minister of Revenue under section 31 of the Act respecting the Ministère du Revenu (R.S.Q., chapter M-31) may also be withheld, for the same purpose, after the issue of the certificate.
- Interruption of prescription. **A withholding under the first paragraph interrupts prescription.**
- Reduction of amount. **102.** An amount granted to the debtor or the debtor's family under a financial assistance program provided for in Title II may not be reduced below an amount established according to the calculation rules prescribed by regulation when the Minister withholds an amount under section 101.
- Effect of decision. **103.** Upon the filing of the certificate at the office of the competent court, together with a copy of the final decision establishing the debt, the decision becomes executory as if it were a final judgment of that court, not subject to appeal, and has all the effects of such a judgment.
- Suspension of recovery. **104.** In exceptional circumstances, subject to the conditions determined by the Minister, the Minister may suspend in whole or in part the recovery of an amount owed or grant a full or partial discharge to a debtor, even after the filing of the certificate.
- Prescription. **105.** The recovery of an amount owed under this Act is prescribed five years after the date it becomes due. If there has been misrepresentation, recovery is prescribed five years after the date on which the Minister became aware of the fact that the amount was due, but not more than 15 years after the date it became due.
- Misrepresentation. **106.** There is misrepresentation if an amount is granted to a person following failure to file a statement or return, following the filing of a statement or return containing false information, or following the transmission of a document in which information is omitted or false information is given with a view to

rendering the person or the person's family eligible for financial assistance or to receiving or having the person's family receive a greater amount than would otherwise have been the case.

### CHAPTER III

#### REMEDIES

- Review. **107.** A person to whom a decision of the Minister under this Act applies may apply in writing for a review of the decision within 90 days of the date on which the person was advised of the decision.
- Exceptions. However, decisions under Title I, except a decision under Chapter II in relation to a last resort financial assistance program, are not subject to review. Nor are decisions under section 49, 58 or 104 subject to review.
- Special benefit or claim. The second paragraph does not limit the right to apply for a review of a decision pertaining to a refusal to grant a special benefit or a decision pertaining to a claim for an amount granted under this Act in accordance with Chapter II of Title III.
- Reconsideration. **108.** A decision under Chapter III or Chapter IV of Title II is not subject to review, but the person to whom such a decision applies may apply in writing, within 30 days, for a reconsideration of the decision by a competent authority. The decision rendered following reconsideration is final and may not be appealed.
- Reviewers. **109.** Decisions are reviewed by a person designated by the Minister for the term specified in the instrument of designation. The reviewers form part of the same administrative unit within the Ministère de l'Emploi et de la Solidarité sociale.
- Review by a physician. **110.** Decisions concerning an application for a temporarily limited capacity allowance for the reason set out in subparagraph 1 of the first paragraph of section 53 must be reviewed by a physician.
- Review by two members. Decisions concerning an application under the Social Solidarity Program must be reviewed by two members, one of whom must be a physician and the other a professional working in the social sector.
- Assistance in applying. **111.** The Minister must assist any person who requests help in making an application for the review of a decision.
- Deadline. **112.** An application for review may not be refused on the ground that it was received after the deadline if the applicant establishes that it was impossible to act sooner.
- Contestation. If the application is refused on that ground, the decision may be contested before the Administrative Tribunal of Québec within 15 days after the date on

which the applicant is advised of the decision. If the Tribunal quashes the decision, the file is returned to the person or persons who made the decision.

Observations.

**113.** A person who applies for the review of a decision must be given the opportunity to submit observations and, if need be, to produce documents to complete the file.

Execution of decision.

**114.** An application for review does not suspend execution of the decision.

Reinstatement of benefit.

However, a benefit, other than a special benefit, granted under a last resort financial assistance program that is reduced by more than half by a decision subject to review is reinstated until the date of the review decision if the decision is not made within 10 working days of

(1) the day the person is ready to submit observations in support of the application or, if need be, to produce documents to complete the file, when the person has asked for time to do so; or

(2) in other cases, the day of receipt of the application for review or the day the decision takes effect, whichever is later.

Processing of application.

**115.** An application for review must be processed promptly and the review decision must be made within 30 days of receipt of the application or, in a case described in the second paragraph of section 112, within 30 days of the decision of the Administrative Tribunal of Québec returning the file for review. If a person has asked for time to submit observations or to produce documents, the review decision must be made within 30 days of the submission of observations or the production of the documents.

Interest.

**116.** After the expiry of the 30-day period, interest on an amount owed by a debtor that is the subject of a review ceases to accrue until the date of the review decision.

Review decision.

**117.** The review decision must be in writing and drafted in clear and concise terms, contain reasons and be notified to the applicant. It must state that the decision may be contested before the Administrative Tribunal of Québec.

Contestation.

**118.** A person who feels wronged by a review decision may contest it before the Administrative Tribunal of Québec within 60 days of notification of the decision.

Interest.

**119.** If a review decision or a decision of the Administrative Tribunal of Québec recognizes that an adult or a family is entitled to an amount initially refused, or increases the amount initially granted, the Minister is required to pay interest in the cases and according to the conditions and at the rate determined by regulation.

**CHAPTER IV****INSPECTION AND INVESTIGATION**

- Powers of inspector. **120.** A person specially or generally authorized by the Minister to act as an inspector may, for the purposes of this Act, require, examine and make a copy of any information or document. Moreover, the inspector may require information or documents by fax or by electronic means when a person may be so contacted.
- Immunity. **121.** No proceedings may be brought against an inspector for acts performed in good faith in the exercise of the functions of office.
- Investigation. **122.** The Minister or a person designated as an investigator by the Minister may investigate any matter under the Minister's authority with respect to the administration of this Act.

- Identification. **124.** On request, an inspector or an investigator produces proof of identity and a certificate of authorization signed by the Minister.
- Hindering prohibited. **125.** No person may hinder an inspector in the exercise of the functions of office, mislead or attempt to mislead an inspector by misrepresentation or deceptive statements, refuse to produce documents required by the inspector or omit or refuse, without good cause, to answer any question that may lawfully be asked.

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS:

c. I-13.3, ss. 22.1 and 22.2, added.

**1.** The Education Act (R.S.Q., chapter I-13.3) is amended by inserting the following sections after the heading of Division III of Chapter II:

**2.** The Act is amended by striking out the heading of subdivision 1 of Division III of Chapter II and section 24.

c. I-13.3, Chap. II, Div. III, subdiv. 2, heading, replaced.

**3.** The Act is amended by replacing the heading of subdivision 2 of Division III of Chapter II by the following:

“§1. — *Conditions relating to an application for a teaching licence*

Judicial record declaration.

“**25.1.** An applicant for a teaching licence must satisfy the requirements that the Minister prescribes by regulation and send the Minister an application and a declaration concerning the applicant’s judicial record. That declaration must mention

(1) any conviction for a criminal or penal offence committed in Canada or elsewhere, unless a pardon has been obtained for that offence;

(2) any charge still pending for a criminal or penal offence committed in Canada or elsewhere; and

(3) any court order subsisting against the applicant in Canada or elsewhere.

Form.

The declaration form established by the Minister must mention that the Minister may verify the declaration or have it verified, in particular by a Québec police force, and communicate and receive any information needed for the purposes of the verification.

New application.

**“25.2.** If a teaching licence has been revoked because of a conviction which, in the Minister’s opinion, is relevant to the practice of the teaching profession, or because of a serious fault committed in the exercise of the teacher’s functions or an act derogatory to the honour or dignity of the teaching profession, the person who held the teaching licence may not submit a new application to the Minister for a decision unless

(1) the person has obtained a pardon for the criminal or penal offence that was the reason for the revocation; or

(2) two years have passed since the date of the revocation and the person’s behaviour has been above reproach during that time.

*“§2. — Declarations of a person holding a teaching licence*

Judicial record declaration.

**“25.3.** If the Minister has reasonable grounds to believe that a person holding a teaching licence has a judicial record, the person may be required to send the Minister a declaration concerning the person’s judicial record. That declaration must mention

(1) any conviction for a criminal or penal offence committed in Canada or elsewhere, unless a pardon has been obtained for that offence;

Change.

**“25.4.** Within 10 days of being notified of a change in the judicial record referred to in section 25.3, a person holding a teaching licence must inform the Minister of the change, regardless of whether the person has already filed a declaration concerning the person’s judicial record.

*“§3. — Serious fault or derogatory act committed by a person holding a teaching licence”.*

c. I-13.3, s. 26, am.

**4.** Section 26 of the Act is amended by inserting the following paragraph after the first paragraph:

Conviction.

“An information stating that a teacher has had a conviction is not considered a complaint for the purposes of this subdivision.”

c. I-13.3, ss. 34-34.3,

“**34.** The Minister shall issue or renew a teaching licence if the applicant respects the required conditions.

Offence.

“**34.1.** The Minister may not issue a teaching licence if the applicant has been convicted of a criminal or penal offence committed in Canada or elsewhere which, in the Minister’s opinion, is relevant to the practice of the teaching profession, unless a pardon has been obtained for that offence.

Charge pending.

“**34.2.** If a charge for a criminal or penal offence is still pending in Canada or elsewhere against the applicant for the issue of a teaching licence, or if the applicant is under a court order in Canada or elsewhere, the Minister shall defer the examination of the application if of the opinion that the offence or order is relevant to the practice of the teaching profession.

Refusal.

“**34.3.** The Minister may refuse to renew a teaching licence, or may suspend or revoke it or attach conditions to it if the licence holder

(1) has been convicted of a criminal or penal offence committed in Canada or elsewhere which, in the Minister’s opinion, is relevant to the practice of the teaching profession, unless a pardon has been obtained for that offence;

(2) fails to provide a declaration concerning his judicial record or makes false statements on such a declaration;

Revocation.

In addition, the Minister may revoke a teaching licence if the licence holder has failed to respect the conditions attached to it by the Minister.

Charge pending.

“**34.4.** If a charge is still pending against a person holding a teaching licence for a criminal or penal offence committed in Canada or elsewhere which, in the Minister’s opinion, is relevant to the practice of the teaching profession, the Minister shall submit the case to the inquiry committee so that it may establish whether, in its opinion, the teacher has committed a serious fault in the exercise of the teacher’s functions, or an act derogatory to the honour or dignity of the teaching profession. Sections 29 to 33 apply in such a case, with the necessary modifications.

- Court order. The same applies if the person holding a teaching licence is under a court order in Canada or elsewhere which, in the Minister's opinion, is relevant to the practice of the teaching profession.

- Decision and notice. The Minister must also notify the applicant or the licence holder in writing of the decision, giving the reasons for it, and inform the applicant or licence holder of the right to contest the decision before the Administrative Tribunal of Québec, and of the applicable time limit.
- Contestation. **“34.7.** A decision of the Minister referred to in section 34.1, 34.2 or 34.3 may be contested before the Administrative Tribunal of Québec within 60 days of notification of the decision.
- Proceeding. A proceeding brought before the Tribunal suspends the execution of the Minister's decision, unless the Tribunal, on a motion heard and decided by preference, orders otherwise owing to the serious risk to the quality of educational services or the safety of the students.
- Written notice. **“34.8.** If applicable, the Minister shall give the school board that employs the person holding the teaching licence and the person who filed the complaint that gave rise to the decision a written notice of the decision not to renew the licence, to suspend or revoke it or to attach conditions to it, and include the reasons for the decision.”

c. C-8.3, s. 4, am.

**I.** (1) Section 4 of the Act respecting international financial centres (R.S.Q., chapter C-8.3), amended by section 5 of chapter 21 of the statutes of 2004 and by section 90 of chapter 37 of the statutes of 2004, is again amended

(1) by inserting the following definition in alphabetical order:

“specified  
shareholder”.

““specified shareholder” has the meaning assigned by sections 21.17 and 21.18 of the Taxation Act;”;

(2) by striking out “(chapitre I-3)” in the definition of “année d’imposition” in the French text;

(3) by inserting the following definition in alphabetical order:

“ultimate beneficiary”.

““ultimate beneficiary”, at any time, in respect of a corporation or partnership operating an international financial centre as an adviser, means a person or any member of a group of persons, if, directly or indirectly, in any manner whatsoever, the person or group of persons has, at that time, an interest of more than 10% in the securities the corporation or partnership manages in the course of the operations of the international financial centre or in respect of which the corporation or partnership provides advice in the course of those operations;”;

(4) by replacing the definition of “financial corporation” by the following definition:

“financial  
corporation”.

““financial corporation” means

(1) a bank, a savings and credit union, a trust company, a corporation dealing in securities, an insurance corporation or any other similar financial or insurance institution, that is liable for tax under Part IV or VI of the Taxation Act or that would be liable for such tax if it had an establishment in Québec, within the meaning of sections 12 to 16.2 of that Act, or carried on a business in Québec; or

(2) a corporation all the issued capital stock of which, except directors' qualifying shares, belongs to one or more entities referred to in paragraph 1;";

(5) by inserting the following definition in alphabetical order:

"designated financial corporation".

““designated financial corporation”, at a particular time, means a corporation or partnership that is operating an international financial centre as an adviser at that time and in respect of which

(1) each ultimate beneficiary in respect of the corporation or partnership, at any given time in the taxation year or fiscal period of the corporation or partnership that includes the particular time, is dealing at arm's length with the corporation or partnership at that given time; or

(2) the following conditions are satisfied:

(a) no ultimate beneficiary in respect of the corporation or partnership, at any given time in the taxation year or fiscal period of the corporation or partnership that includes the particular time, is an individual who is an employee of the corporation or partnership in respect of whom a certificate has been issued, for a period including that given time, to the corporation or partnership in accordance with section 19 or 20 in relation to the international financial centre or in respect of whom it may reasonably be expected that such a certificate will be issued,

(b) in the case of the corporation, no ultimate beneficiary in respect of the corporation, at any given time in the taxation year of the corporation that includes the particular time, and no group of persons referred to in the definition of “ultimate beneficiary” and of which such an ultimate beneficiary is a member at that given time, has, directly or indirectly, in any manner whatsoever, an interest as a specified shareholder of the corporation at that given time,

(c) in the case of the partnership, no ultimate beneficiary in respect of the partnership, at any given time in the fiscal period of the partnership that includes the particular time, and no group of persons referred to in the definition of “ultimate beneficiary” and of which such an ultimate beneficiary is a member at that given time, has, directly or indirectly, in any manner whatsoever, an interest as a member of the partnership having, alone or with any other member of the partnership with whom the member is not dealing at arm's length, an interest of at least 10% in the income or loss of the partnership for that fiscal period, and

(d) each ultimate beneficiary in respect of the corporation or partnership, at any given time in the taxation year or fiscal period of the corporation or partnership that includes the particular time, is, at that given time, dealing at arm's length with an individual described in subparagraph *a* in relation to that given time or with a person having an interest as a specified shareholder, that is referred to in subparagraph *b*, or with a person, or each of the members of a

group of members of the partnership, having an interest as a member of the partnership, that is referred to in subparagraph *c*, as the case may be;”.

(2) Paragraphs 1 to 3 and 5 of subsection 1 have effect from 31 March 2004.

(3) Paragraph 4 of subsection 1 has effect from 30 March 2004. However, when the definition of “financial corporation” in section 4 of the Act applies after 29 March 2004 and before 23 December 2004, paragraph 1 of that definition reads as if “a loan corporation,” was inserted after “a savings and credit union,”.

**2.** (1) Section 5 of the Act is amended by adding the following paragraph after paragraph 2:

“(3) a person or partnership is considered not to be dealing at arm’s length with another person or partnership where the person or partnership is considered as such for the purposes of Part I of the Taxation Act, and a person or partnership is considered to be a person or partnership dealing at arm’s length with the other person or partnership in all other cases.”

Application of  
s. 1029.6.0.1.

“**1029.6.0.1.2.1.** For the purposes of paragraphs *a* and *b* of section 1029.6.0.1, a particular expenditure or particular costs, in respect of which a particular amount is or may be deemed under any of Divisions II to II.6.0.1.6, II.6.0.3 to II.6.2, II.6.5, II.6.5.3, II.6.5.4 and II.6.8 to II.6.15 to have

Consideration in respect of a contract payment.

**“1029.6.0.1.2.2.** The rule set out in the second paragraph applies if

(a) any of the following conditions is met in relation to an expenditure, in this section referred to as the “initial expenditure”, incurred in whole or in part after 12 December 2003:

i. by reason of paragraph *b* of section 1029.6.0.1, no amount may, in respect of all or part of a cost, an expenditure or costs that constitute only a portion of the initial expenditure, in this section referred to as the “portion not qualifying for a tax credit”, be deemed under any of Divisions II to II.6.0.1.6, II.6.0.3 to II.6.2, II.6.5, II.6.5.3, II.6.5.4 and II.6.8 to II.6.15 to have been paid to the Minister by a taxpayer for a taxation year, or be deemed under section 34.1.9 of the Act respecting the Régie de l'assurance maladie du Québec (chapter R-5) to have been an overpayment to the Minister by the taxpayer, or

ii. a contract payment, within the meaning of the first paragraph of section 1029.8.36.0.17 or 1029.8.36.4, must be taken into account in computing the amount used as a basis for computing, in respect of the portion of the initial expenditure that, where applicable, exceeds the portion not qualifying for a tax credit thereof, the amount that is deemed under Division II.6.0.3 or II.6.2 to have been paid to the Minister by a taxpayer for a taxation year;

(b) but for this section and section 1029.6.0.1.2.3, a particular amount would be, in respect of the portion of the initial expenditure, in subparagraph *c* and the second paragraph referred to as the “portion qualifying for a tax credit”, that, where applicable, exceeds the portion not qualifying for a tax credit thereof, deemed under any of Divisions II to II.6.0.1.6, II.6.0.3 to II.6.2, II.6.5, II.6.5.3, II.6.5.4 and II.6.8 to II.6.15 to have been paid to the Minister by the taxpayer for the year, or deemed under section 34.1.9 of the Act respecting the Régie de l'assurance maladie du Québec to have been an overpayment to the Minister by the taxpayer; and

(c) the portion qualifying for a tax credit of the initial expenditure is an expenditure in respect of which a particular maximum amount, which would correspond to a particular limit, in dollars, established on an annual, weekly or hourly basis, or which, where applicable, would be obtained by multiplying, before the application of section 1029.6.0.1.2.3, that particular limit by a proportion or, successively, by more than one proportion, would be provided for by the division referred to in subparagraph *b* or by Division II.6.0.1.6, for the purpose of determining the amount used as a basis for computing the particular amount referred to in that subparagraph *b*.

Rule applicable.

The amount that, in respect of the portion qualifying for a tax credit of the initial expenditure, may be deemed under the division referred to in subparagraph *b* of the first paragraph to have been paid to the Minister by the taxpayer for the year, or deemed under section 34.1.9 of the Act respecting the Régie de l'assurance maladie du Québec to have been an overpayment to the Minister by the taxpayer, must be determined as if, subject to section 1029.6.0.1.2.3, the maximum amount then applicable was equal to the product obtained by multiplying the particular maximum amount referred to in subparagraph *c* of the first paragraph for the purposes, in respect of the portion qualifying for a tax credit of the initial expenditure, of that division or Division II.6.0.1.6, by the proportion that the part of the period covered by the initial expenditure that may reasonably be attributed to the portion of the initial expenditure that exceeds the aggregate, relating to the portion of the initial expenditure that was incurred after 12 December 2003, of the portion not qualifying for a tax credit of the initial expenditure and any contract payment, within the meaning of the first paragraph of section 1029.8.36.0.17 or 1029.8.36.4, taken into account in computing the amount used as a basis for computing, in respect of the portion qualifying for a tax credit of the initial expenditure, the particular amount referred to in subparagraph *b* of the first paragraph, is of the period covered by the initial expenditure.

Expenditure entitling to more than one tax credit.

**“1029.6.0.1.2.3.** In this section, an expenditure entitling a taxpayer to more than one tax credit for a taxation year means a particular expenditure or particular costs that

(a) were incurred in whole or in part after 12 December 2003;

(b) relate to an activity that is eligible, for the purposes, for the year, of any of Divisions II to II.6.0.1.6, II.6.0.3 to II.6.2, II.6.5, II.6.5.3, II.6.5.4 and II.6.8 to II.6.15 in respect of the taxpayer, such division being in this section referred to as the “applicable division”, and for the purposes, for any taxation year, of one or more other divisions among those divisions, each division then applicable, if any, being in this section referred to as the “applicable division”, or of any of Divisions II.6.0.1.7 and II.6.6.1 to II.6.6.7, in respect of the taxpayer;

(c) are attributable to the period corresponding to the aggregate of all the periods in the year, or relating to the year, during which they relate to the activity referred to in subparagraph *b*; and

(d) relate to an activity that is eligible for the purposes, for at least a part of the period referred to in subparagraph *c*, of both the first applicable division mentioned in subparagraph *b* and at least one of the other divisions referred to in that subparagraph *b*.

Rules applicable.

If, for the purposes, in respect of an expenditure entitling a taxpayer to more than one tax credit for a taxation year, of the applicable divisions relating to the expenditure, the taxpayer allocates among those applicable divisions all or part of the period to which that expenditure is attributable, the following rules apply, except for the purposes of paragraph *b* of section 1029.6.0.1, for the

purpose of establishing, in respect of that expenditure, the particular amount deemed under an applicable division relating to the expenditure to have been paid to the Minister by the taxpayer for the year, or deemed under section 34.1.9 of the Act respecting the Régie de l'assurance maladie du Québec (chapter R-5) to have been an overpayment to the Minister by the taxpayer:

(a) if a period is attributed for the purposes, in respect of the expenditure entitling to more than one tax credit, of that applicable division or Division II.6.0.1.6, the portion of that expenditure that does not relate to that period is not to be taken into account;

(b) if no period is attributed for the purposes, in respect of the expenditure entitling to more than one tax credit, of that applicable division or Division II.6.0.1.6, no portion of that expenditure is to be taken into account; and

(c) if, for the purpose of establishing the amount used as a basis for computing the particular amount, a maximum amount that corresponds to a particular limit, in dollars, established on an annual, weekly or hourly basis, or that, where applicable, is obtained by multiplying that particular limit by a proportion or, successively, by more than one proportion is to be taken into account, that maximum amount is deemed to be equal to

i. if the second paragraph of section 1029.6.0.1.2.2 applies for the purposes, in respect of the expenditure entitling to more than one tax credit or of part of that expenditure, of that applicable division or Division II.6.0.1.6, the product obtained by multiplying the maximum amount then determined under that second paragraph in relation to that division by the proportion, not exceeding 1, that the period that is attributed for the purposes, in respect of the expenditure entitling to more than one tax credit, of that division is of the part of the period to which the expenditure entitling to more than one tax credit is attributable that was considered as a numerator in the proportion referred to in that second paragraph in relation to that division, and

ii. if subparagraph i does not apply, the product obtained by multiplying that maximum amount, otherwise determined, by the proportion that the period attributed for the purposes, in respect of the expenditure entitling to more than one tax credit, of that applicable division or Division II.6.0.1.6, is of the part of the period to which the expenditure entitling to more than one tax credit is attributable that may reasonably be considered, for the purposes of that division, as having been devoted to the activity referred to in subparagraph *b* of the first paragraph in relation to that expenditure.

Rules governing allocation.

For the purpose of making the allocation provided for in the second paragraph, the following rules apply:

(a) the period attributed for the purposes of a particular applicable division must be included entirely in the part of the period to which the expenditure entitling to more than one tax credit is attributable that may reasonably be

considered, for the purposes of that applicable division, as having been devoted to the activity referred to in subparagraph *b* of the first paragraph in relation to that expenditure;

(*b*) the period attributed for the purposes of a particular applicable division must not include any part of the period attributed for the purposes of another applicable division in respect of the expenditure entitling to more than one tax credit; and

(*c*) the taxpayer may attribute, for the purposes of any of the applicable divisions, no part of the period to which the expenditure entitling to more than one tax credit is attributable.

Rules applicable.

**“1029.6.0.1.2.4.** For the purposes of Divisions II.6.0.1.7 and II.6.6.1 to II.6.6.7, the following rules apply:

(*a*) an expenditure, in respect of which no amount may, because of paragraph *b* of section 1029.6.0.1, be deemed under any of Divisions II to II.6.0.1.6, II.6.0.3 to II.6.2, II.6.5, II.6.5.3, II.6.5.4 and II.6.8 to II.6.15 to have been paid to the Minister by a corporation for a taxation year, must, where it is a salary or wages paid by the corporation, be considered to be included in computing an expenditure in respect of which the corporation is deemed to have paid an amount to the Minister under this chapter for any taxation year; and

(*b*) the portion of the salaries or wages that may reasonably be considered, for the purposes of a particular provision of any of those divisions, to be included in computing an expenditure in respect of which a corporation is deemed to have paid an amount to the Minister under this chapter for any taxation year corresponds, in relation to a particular amount deemed to have been paid to the Minister by the corporation under this chapter, to the aggregate of the salaries or wages that were taken into account in computing the amount used as a basis for computing the particular amount less, to the extent that it otherwise reduces in that particular provision the amount of the salaries or wages paid by the corporation, the portion of that aggregate that is equal to the amount of any government assistance or non-government assistance that was taken into account in computing the amount used as a basis for computing the particular amount.”

(2) Subsection 1, when it enacts section 1029.6.0.1.2.1 of the Act, applies in respect of an expenditure or costs incurred after 12 December 2003.

(3) Subsection 1, when it enacts sections 1029.6.0.1.2.2 and 1029.6.0.1.2.3 of the Act, applies to a taxation year that ends after 12 December 2003. However,

(1) when section 1029.6.0.1.2.2 applies before 12 March 2003, it reads without reference to “, II.6.5.3, II.6.5.4” in subparagraph *i* of subparagraph *a* and subparagraph *b* of the first paragraph; and

(2) when section 1029.6.0.1.2.3 applies

(a) before 12 March 2003, it reads without reference to “, II.6.5.3, II.6.5.4” in subparagraph *b* of the first paragraph, or

(b) to a taxation year that includes 12 December 2003 in relation to an expenditure entitling a taxpayer to more than one tax credit for that taxation year that was incurred in part before 13 December 2003 and in part after 12 December 2003,

i. the second paragraph of that section reads as follows:

“If, for the purposes, in respect of the portion incurred after 12 December 2003 of an expenditure entitling a taxpayer to more than one tax credit for a taxation year, of the applicable divisions relating to the expenditure, the taxpayer allocates among those applicable divisions all or part of the period to which that portion, in this section referred to as the “expenditure subsequent to 12 December 2003”, of the expenditure entitling to more than one tax credit is attributable, the following rules apply, except for the purposes of paragraph *b* of section 1029.6.0.1, for the purpose of establishing, in respect of the expenditure entitling to more than one tax credit, the particular amount deemed under an applicable division relating to the expenditure to have been paid to the Minister by the taxpayer for the year, or deemed under section 34.1.9 of the Act respecting the Régie de l’assurance maladie du Québec (chapter R-5) to have been an overpayment to the Minister by the taxpayer:

(a) if a period is attributed for the purposes, in respect of the expenditure subsequent to 12 December 2003, of that applicable division or Division II.6.0.1.6, the portion of the expenditure subsequent to 12 December 2003 that does not relate to that period is not to be taken into account;

(b) if no period is attributed for the purposes, in respect of the expenditure subsequent to 12 December 2003, of that applicable division or Division II.6.0.1.6, no portion of the expenditure subsequent to 12 December 2003 is to be taken into account; and

(c) if, for the purpose of establishing the amount used as a basis for computing the particular amount, a maximum amount that corresponds to a particular limit, in dollars, established on an annual, weekly or hourly basis, or that, where applicable, is obtained by multiplying that particular limit by a proportion or, successively, by more than one proportion, is to be taken into account,

i. that maximum amount must, for the purposes of that applicable division or Division II.6.0.1.6, in respect of the portion of the expenditure entitling to more than one tax credit that was incurred before 13 December 2003, be computed as if the part of the year before that date was a distinct taxation year, and

ii. that maximum amount is deemed to be equal to, for the purposes of that applicable division or Division II.6.0.1.6, in respect of the expenditure subsequent to 12 December 2003,

(1) if the second paragraph of section 1029.6.0.1.2.2 applies for the purposes, in respect of the expenditure entitling to more than one tax credit or of part of that expenditure, of that applicable division or Division II.6.0.1.6, the product obtained by multiplying the maximum amount then determined under that second paragraph in relation to that division by the proportion, not exceeding 1, that the period that is attributed for the purposes, in respect of the expenditure subsequent to 12 December 2003, of that division is of the part of the period to which the expenditure entitling to more than one tax credit is attributable that was considered as a numerator in the proportion referred to in that second paragraph in relation to that division, and

(2) if subparagraph 1 does not apply, the product obtained by multiplying that maximum amount, otherwise determined, by the proportion that the period attributed for the purposes, in respect of the expenditure subsequent to 12 December 2003, of that applicable division or Division II.6.0.1.6, is of the part of the period to which the expenditure entitling to more than one tax credit is attributable that may reasonably be considered, for the purposes of that division, as having been devoted to the activity referred to in subparagraph *b* of the first paragraph in relation to the expenditure entitling to more than one tax credit.”, and

ii. the third paragraph of that section reads as if “expenditure entitling to more than one tax credit” wherever it appears was replaced by “expenditure subsequent to 12 December 2003”.

(4) Subsection 1, when it enacts section 1029.6.0.1.2.4 of the Act, applies in respect of an expenditure incurred after 31 December 2003.

(b) if the particular corporation is a corporation with which the vendor was associated at the end of the particular calendar year, the amount that is the aggregate referred to in subparagraph 2 of subparagraph ii of subparagraph *a* of the first paragraph of section 1029.8.36.72.82.15 or in subparagraph ii of paragraph *c* of section 1029.8.36.72.82.16, determined in respect of the vendor, is deemed to be equal to the amount by which the amount determined without reference to this subparagraph exceeds the amount determined by the formula

$B \times C \times D$ ;

(c) if the particular corporation is the purchaser, the purchaser is deemed

i. to have a base amount equal to the aggregate of

(1) the purchaser's base amount otherwise determined, and

(2) the amount that is the proportion of the aggregate, in subparagraph 2 of subparagraph ii referred to as the "particular aggregate", of all amounts each of which is the salary or wages of an employee who reports for work at an establishment of the purchaser situated in Québec but outside an eligible region, that the purchaser paid after the particular time, in respect of a pay period, within the particular calendar year, throughout which the employee spends, when at work, at least 75% of the time in undertaking, supervising or supporting, in an establishment of the purchaser situated in Québec or elsewhere, but in connection with the mandates attributable to such an establishment, work that is directly related to activities of the purchaser that are described in a qualification certificate issued to the purchaser, for the purposes of this division, for the year in respect of a recognized business, to the extent that the salary or wages may reasonably be considered to relate to the carrying on by the employee of the part of the activities that began or increased at the particular time, that 365 is of the number of days in the particular calendar year during which the purchaser carried on those activities, except if an amount is included, in respect of the employee, in relation to the purchaser, in computing an amount determined under this subparagraph 2, in relation to another recognized business, and

ii. to have an eligible amount for the particular calendar year equal to the aggregate of

(1) the purchaser's eligible amount otherwise determined for the particular calendar year, and

(2) the amount by which the amount determined pursuant to subparagraph 2 of subparagraph i exceeds the amount of the particular aggregate; and

(d) if the particular corporation is a corporation that is associated with the purchaser at the end of the particular calendar year, the purchaser is deemed,

for the purposes of subparagraph ii of subparagraph *a* of the first paragraph of section 1029.8.36.72.82.15 or paragraph *c* of section 1029.8.36.72.82.16, to have paid to employees referred to therein

i. in respect of a pay period within the particular corporation's base period, the amount that is the proportion of the aggregate, in subparagraph ii referred to as the "particular aggregate", of all amounts each of which is the salary or wages of an employee who reports for work at an establishment of the purchaser situated in Québec, that the purchaser paid after the particular time in respect of a pay period, within the particular calendar year, throughout which the employee spends, when at work, at least 75% of the time in undertaking, supervising or supporting, in an establishment of the purchaser situated in Québec or elsewhere, but in connection with the mandates attributable to such an establishment, work that is directly related to activities that are described in a qualification certificate issued, for the purposes of this division, to the particular corporation, in relation to the particular calendar year, in respect of a recognized business, to the extent that the salary or wages may reasonably be considered to relate to the carrying on by the employee of the part of the activities that began or increased at the particular time and except if an amount is included, in respect of the employee, in relation to the purchaser, in computing an amount determined under this subparagraph, in relation to a recognized business carried on by a corporation other than the particular corporation, that 365 is of the number of days in the particular calendar year during which the purchaser carried on those activities, and

ii. in respect of a pay period within the particular calendar year, the amount by which the amount determined pursuant to subparagraph i exceeds the amount of the particular aggregate.

Interpretation.

In the formulas in subparagraphs *a* and *b* of the first paragraph,

(*a*) A is the aggregate of all amounts each of which is the salary or wages of an employee who reports for work at an establishment of the vendor situated in Québec but outside an eligible region, paid by the vendor in respect of a pay period, within the vendor's base period, throughout which the employee spends, when at work, at least 75% of the time in undertaking, supervising or supporting, in an establishment of the vendor situated in Québec or elsewhere, but in connection with the mandates attributable to such an establishment, work that is directly related to activities of the vendor that are described in a qualification certificate issued, for the purposes of this division, to the vendor for the year in respect of a recognized business;

(*b*) B is the aggregate of all amounts each of which is the salary or wages of an employee who reports for work at an establishment of the vendor situated in Québec, paid by the vendor in respect of a pay period, within the particular corporation's base period, throughout which the employee spends, when at work, at least 75% of the time in undertaking, supervising or supporting, in an establishment of the vendor situated in Québec or elsewhere, but in connection with the mandates attributable to such an establishment, work that is directly

related to activities of the vendor that are described in a qualification certificate issued, for the purposes of this division, to the particular corporation for the year in respect of a recognized business, except if an amount is included, in respect of the employee, in relation to the vendor, in computing an amount determined under this subparagraph, in relation to another corporation that carries on a recognized business;

(c) C is the proportion that the number of the vendor's employees referred to in subparagraph *a* or *b*, who were assigned to the carrying on of part of the activities that diminished or ceased at the particular time is of the number of the vendor's employees assigned to those activities immediately before the particular time; and

(d) D is, where this section applies for the purpose of determining the amount that a corporation is deemed to have paid to the Minister under this division in respect of the particular calendar year, the proportion that the number of days in the particular calendar year following the particular time is of 365 and, in any other case, 1.

Decrease in or  
cessation of activities.

**“1029.8.36.72.82.23.** Subject to sections 1029.8.36.72.82.20 and 1029.8.36.72.82.21, if, at a particular time in a particular calendar year, the activities carried on by a person or partnership, in this section referred to as the “vendor”, in relation to a recognized business or a business that could qualify as a recognized business if it were carried on in an eligible region, diminish or cease and it may reasonably be considered that, as a result, another person or partnership, in this section referred to as the “purchaser”, that is associated with the vendor at the particular time, begins, after the particular time, to carry on similar activities in the course of carrying on such a business, or increases, after the particular time, the scope of similar activities carried on in the course of carrying on such a business, the following rules apply for the purpose of determining the amount that a particular corporation is deemed to have paid to the Minister under this division for the taxation year in which the particular calendar year ends and for the taxation year in which a subsequent calendar year ends:

(a) if the particular corporation is the vendor,

i. the base amount of the vendor is deemed to be equal to the amount by which that amount otherwise determined exceeds the amount determined by the formula

$A \times D$ , and

ii. the eligible amount of the vendor for the particular calendar year is deemed to be equal to the amount by which that amount otherwise determined exceeds the amount determined by the formula

$B \times D$ ;

(b) if the particular corporation is a corporation with which the vendor was associated at the end of the particular calendar year, the following rules apply:

i. the amount that is the aggregate referred to in subparagraph 2 of subparagraph ii of subparagraph *a* of the first paragraph of section 1029.8.36.72.82.15 or in subparagraph ii of paragraph *c* of section 1029.8.36.72.82.16, determined in respect of the vendor, is deemed to be equal to the amount by which that amount determined without reference to this subparagraph exceeds the amount determined by the formula

$C \times D$ , and

ii. the amount that is the second aggregate mentioned in the portion of subparagraph ii of subparagraph *a* of the first paragraph of section 1029.8.36.72.82.15 before subparagraph 1 or in the portion of paragraph *c* of section 1029.8.36.72.82.16 before subparagraph i, determined in respect of the vendor for the particular calendar year, is deemed to be equal to the amount by which that amount determined without reference to this subparagraph exceeds the amount that would be determined for the particular calendar year by the formula in subparagraph i if subparagraph *c* of the second paragraph were read with “paid by the vendor in respect of a pay period, within the vendor’s base period” replaced by “paid by the vendor, before the particular time, in respect of a pay period, within the particular calendar year”;

(c) if the particular corporation is the purchaser, the purchaser is deemed

i. to have a base amount equal to the aggregate of

(1) the purchaser’s base amount otherwise determined, and

(2) the amount determined by the formula

$A \times D$ , and

ii. to have an eligible amount for the particular calendar year equal to the aggregate of

(1) the purchaser’s eligible amount otherwise determined for the particular calendar year, and

(2) the amount determined by the formula

$B \times D$ ; and

(d) if the particular corporation is a corporation that is associated with the purchaser at the end of the particular calendar year, the following rules apply:

i. the amount that is the aggregate referred to in subparagraph 2 of subparagraph ii of subparagraph *a* of the first paragraph of

section 1029.8.36.72.82.15 or in subparagraph ii of paragraph *c* of section 1029.8.36.72.82.16, determined in respect of the purchaser, is deemed to be equal to the aggregate of

(1) the amount of that aggregate determined without reference to this subparagraph i, and

(2) the amount determined by the formula

$C \times D$ , and

ii. the amount that is the second aggregate mentioned in the portion of subparagraph ii of subparagraph *a* of the first paragraph of section 1029.8.36.72.82.15 before subparagraph 1 or in the portion of paragraph *c* of section 1029.8.36.72.82.16 before subparagraph i, determined in respect of the purchaser for the particular calendar year, is deemed to be equal to the aggregate of

(1) the amount of that aggregate determined without reference to this subparagraph ii for the particular calendar year, and

(2) the amount that would be determined for the particular calendar year, in respect of the purchaser, by the formula in subparagraph 2 of subparagraph i if subparagraph *c* of the second paragraph were read with “paid by the vendor in respect of a pay period, within the vendor’s base period” replaced by “paid by the vendor, before the particular time, in respect of a pay period, within the particular calendar year”.

Interpretation.

In the formulas in subparagraphs *a* to *d* of the first paragraph,

(*a*) *A* is the aggregate of all amounts each of which is the salary or wages of an employee who reports for work at an establishment of the vendor situated in Québec but outside an eligible region, paid by the vendor in respect of a pay period, within the vendor’s base period, throughout which the employee spends, when at work, at least 75% of the time in undertaking, supervising or supporting, in an establishment of the vendor situated in Québec or elsewhere, but in connection with the mandates attributable to such an establishment, work that is directly related to activities of the vendor that are described in a qualification certificate issued, for the purposes of this division, to the vendor for the year in respect of a recognized business;

(*b*) *B* is the aggregate of all amounts each of which is

i. the salary or wages paid by the vendor to an employee, before the particular time, in respect of a pay period, within the particular calendar year, for which the employee is an eligible employee, or

ii. the salary or wages of an employee who reports for work at an establishment of the vendor situated in Québec, other than an employee

referred to in subparagraph i, paid by the vendor, before the particular time, in respect of a pay period, within the particular calendar year, throughout which the employee spends, when at work, at least 75% of the time in undertaking, supervising or supporting, in an establishment of the vendor situated in Québec or elsewhere, but in connection with the mandates attributable to such an establishment, work that is directly related to activities of the vendor that are described in a qualification certificate issued, for the purposes of this division, to the vendor for the year in respect of a recognized business;

(c) C is the aggregate of all amounts each of which is the salary or wages of an employee who reports for work at an establishment of the vendor situated in Québec, paid by the vendor in respect of a pay period, within the vendor's base period, throughout which the employee spends, when at work, at least 75% of the time in undertaking, supervising or supporting, in an establishment of the vendor situated in Québec or elsewhere, but in connection with the mandates attributable to such an establishment, work that is directly related to activities of the vendor that are described in a qualification certificate issued, for the purposes of this division, to the particular corporation for the year in respect of a recognized business, except if an amount is included, in respect of the employee, in relation to the vendor, in computing an amount determined under this subparagraph, in relation to another corporation that carries on a recognized business; and

(d) D is the proportion that the number of the vendor's employees referred to in any of subparagraphs *a* to *c*, as the case may be, who were assigned to the carrying on of part of the activities that diminished or ceased at the particular time is of the number of the vendor's employees assigned to those activities immediately before the particular time.

Associated persons.

**“1029.8.36.72.82.24.** For the purposes of sections 1029.8.36.72.82.22 and 1029.8.36.72.82.23, to determine whether a vendor is associated with a purchaser at a particular time, the following rules apply:

(a) if the vendor or purchaser is an individual, other than a trust, the individual is deemed to be a corporation all the voting shares in the capital stock of which are owned at the particular time by the individual;

(b) if the vendor or purchaser is a partnership, the partnership is deemed to be a corporation whose taxation year is its fiscal period and all the voting shares in the capital stock of which are owned at the particular time by each member of the partnership in a proportion equal to the proportion that the member's share of the income or loss of the partnership for its fiscal period that includes the particular time is of the income or loss of the partnership for that fiscal period, on the assumption that, if the income and loss of the partnership for that fiscal period are nil, the partnership's income for that fiscal period is equal to \$1,000,000; and

(c) if the vendor or purchaser is a trust, the trust is deemed to be a corporation all the voting shares in the capital stock of which

i. in the case of a testamentary trust under which one or more beneficiaries are entitled to receive all of the income of the trust that arose before the date of death of one or the last surviving of those beneficiaries, in this paragraph referred to as the “distribution date”, and under which no other person can, before the distribution date, receive or otherwise obtain the enjoyment of any of the income or capital of the trust,

(1) if such a beneficiary’s share of the income or capital of the trust depends on the exercise by any person of, or the failure by any person to exercise, a power to appoint, and if the particular time occurs before the distribution date, are owned at that time by the beneficiary, or

(2) if subparagraph 1 does not apply and the particular time occurs before the distribution date, are owned at that time by such a beneficiary in a proportion equal to the proportion that the fair market value of the beneficial interest in the trust of the beneficiary is of the fair market value of the beneficial interests in the trust of all the beneficiaries,

ii. if a beneficiary’s share of the accumulating income or capital of the trust depends on the exercise by any person of, or the failure by any person to exercise, a power to appoint, are owned at the particular time by the beneficiary, unless subparagraph i applies and that time occurs before the distribution date,

iii. in any case where subparagraph ii does not apply, are owned at the particular time by the beneficiary in a proportion equal to the proportion that the fair market value of the beneficial interest in the trust of the beneficiary is of the fair market value of all beneficial interests in the trust, unless subparagraph i applies and that time occurs before the distribution date, and

iv. in the case of a trust referred to in section 467, are owned at the particular time by the person referred to in that section from whom property of the trust or property for which it was substituted was directly or indirectly received.

Assistance, benefit or advantage deemed nil.

**“1029.8.36.72.82.25.** For the purposes of this division, if a corporation has received, is entitled to receive or may reasonably expect to receive non-government assistance, or if a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, whether in the form of a reimbursement, compensation, guarantee, in the form of proceeds of disposition of property which exceed the fair market value of the property, or in any other form or manner, in respect of a taxation year or fiscal period in which the base period of a particular corporation ends, and if it may reasonably be considered that the main reason for the assistance or the benefit or advantage is to reduce, in accordance with subparagraph i or iii of subparagraph *a* or *b* of the first paragraph of section 1029.8.36.72.82.18, the amount of the salaries or wages paid by the particular corporation or a corporation that is associated with the particular corporation, in respect of the base period of the particular corporation, so as to cause the particular corporation to be deemed to have paid an amount to the Minister under this division for a

taxation year or to increase an amount that the particular corporation is deemed to have paid to the Minister under this division for a taxation year, the amount of the assistance or of the benefit or advantage is deemed to be equal to zero.

Corporations deemed associated.

**“1029.8.36.72.82.26.** If it may reasonably be considered that one of the main reasons for the separate existence of two or more corporations in a calendar year is to cause a qualified corporation to be deemed to have paid an amount to the Minister under this division in respect of that year or to increase an amount that a qualified corporation is deemed to have paid to the Minister under this division in respect of that year, those corporations are deemed, for the purposes of this division, to be associated with each other at the end of the year.”

(b) unless subparagraph *c* applies, the amount determined by the following formula in respect of an immovable subject to tax that is included in the system of the operator and of which the operator is the lessee at any time in the particular fiscal period:

Reduction of the net value of the assets.

**“1175.37.** For the purpose of determining the net value of the assets of an operator for a fiscal period, an immovable subject to tax that is sold by the operator before the end of the fiscal period is deemed to be an immovable subject to tax of the operator at the end of the fiscal period if the Minister is of the opinion that the sale is part of an operation or transaction, or a series of operations or transactions, one of the purposes of which is to reduce the net value of the assets of the operator for that fiscal period.

## Chapter 25

### AN ACT RESPECTING THE FUNDING OF CERTAIN PENSION PLANS

*[Assented to 17 June 2005]*

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS:

- Applicability. **1.** This Act applies to pension plans governed by Chapter X of the Supplemental Pension Plans Act (R.S.Q., chapter R-15.1).
- Actuarial valuation. **2.** A pension committee that requests an actuary to carry out the first complete actuarial valuation of a pension plan to be undertaken after 30 December 2004 must notify every employer participating in the plan of the fact, in writing, within 10 days following the request.
- Amounts eliminated. **3.** Within 30 days of notification, the employer—or, in the case of a multi-employer pension plan, even not considered as such under section 11 of the Supplemental Pension Plans Act, the participating employers jointly—may send the pension committee a writing instructing it not to take into account the amounts referred to in subparagraph 3 of the second paragraph of section 137 of that Act for the purpose of determining a technical actuarial deficiency or an amount determined under subparagraph 4 of the second paragraph of that section at the time of the valuation. Those amounts are eliminated for such purposes.
- Earlier valuation date. The employer, or the employers jointly, may also, in the same writing, require that the valuation be carried out at a date it sets that is earlier than the date set by the committee. However, that date may not be more than 90 days before the date of the writing, except if necessary to comply with the obligation under paragraph 3 of section 118 of the Supplemental Pension Plans Act.
- Operations included. If an amendment to the pension plan is made after 5 May 2005 and was not considered for the purposes of a valuation of the pension plan carried out in accordance with section 130 of the Supplemental Pension Plans Act at a date before the date of the valuation referred to in section 2, the carrying out of the instructions provided for in the first paragraph includes, if applicable, the following operations:
- (1) determining an amount under subparagraph 4 of the second paragraph of section 137 of the Supplemental Pension Plans Act without reference to that amendment; and then
  - (2) determining an unfunded actuarial liability pertaining to that amendment and another amount determined under subparagraph 4 of the second paragraph

of section 137 of the Supplemental Pension Plans Act, taking into account the amount referred to in subparagraph 1 and the amendment.

Valuation date.

**4.** If an employer has not received a notice under section 2, the employer may at all times send the pension committee a writing instructing it to have the valuation referred to in that section carried out at the date it sets and in keeping with the instructions provided for in section 3.

Restriction.

The date set by the employer cannot be more than 90 days before the date of the writing sent under the first paragraph, except if necessary to comply with the obligation under paragraph 3 of section 118 of the Supplemental Pension Plans Act.

Joint instructions.

In the case of a multi-employer pension plan, even not considered as such under section 11 of that Act, the instructions provided for in this section must be given by the participating employers jointly; they may not be given, however, if all the employers have received the pension committee's notice.

Amortization.

**5.** In the following cases, an employer that sends the pension committee a writing under section 3 or 4 may also give instructions to have an amount determined at the time of the valuation under subparagraph 4 of the second paragraph of section 137 of the Supplemental Pension Plans Act, other than the amount determined under subparagraph 2 of the third paragraph of section 3, amortized according to the procedures set out in section 8:

(1) the employer is a municipality, a body referred to in section 18 of the Act respecting the Pension Plan of Elected Municipal Officers (R.S.Q., chapter R-9.3), or an educational institution at the university level referred to in any of paragraphs 1 to 11 of section 1 of the Act respecting educational institutions at the university level (R.S.Q., chapter E-14.1);

(2) the employer provides the pension committee with a guarantee, such as a letter of credit, established in accordance with the regulations; and

(3) the plan members and beneficiaries give their consent in accordance with section 7.

Joint instructions.

**6.** In the case of a multi-employer pension plan, even not considered as such under section 11 of the Supplemental Pension Plans Act, the instructions provided for in section 5 must be given by the participating employers jointly. They may not be given unless each of the employers is referred to in paragraph 1 or 2 of section 5, or, if an employer is not referred to in those provisions, unless the members and beneficiaries bound to that employer as well as those affected by the earlier withdrawal of an employer who are not bound to an employer participating in the plan have consented, in accordance with section 7, to the application of the procedures set out in section 8.

Members and beneficiaries bound to an employer.

For the purposes of the first paragraph, the following are bound to an employer:

(1) the active members in the employ of the employer on the date the notice under the first paragraph of section 7 is sent;

(2) the non-active members on that date whose active membership ended while they were in the employ of the employer; and

(3) the beneficiaries on that date of a pension benefit that derives from the benefit of a member whose active membership ended while the member was in the employ of the employer.

Personal notice.

**7.** To verify whether the plan members and beneficiaries whose consent is required agree to the application of the procedures set out in section 8, the pension committee must send each of them a notice containing the information prescribed by regulation, informing them that they may notify the pension committee in writing of their opposition within 30 days after the notice is sent or after the notice provided for in the second paragraph is published, whichever is later.

Public notice.

Unless all plan members and beneficiaries whose consent is required have been personally notified, the pension committee must also publish a notice of the measure being considered in a daily newspaper in the region of Québec where the greatest number of active members affected reside. The notice must invite those persons who have not received a personal notice and who believe they are a member or beneficiary whose consent is required, to declare their status to the pension committee within 30 days after the publication, and, if they are able to establish that status, to inform the committee in writing of their opposition.

Presumption of consent.

Upon expiry of the time for expressing opposition, the members and beneficiaries are deemed to have consented to the application of the procedures set out in section 8, unless 30% or more of the active members or 30% or more of the non-active members and the beneficiaries whose consent is required have opposed it. The pension committee must immediately inform the employer concerned of the result of the consultation.

Certified association.

If all the active members whose consent is required are represented by at least one certified association, those members are deemed to have consented to the application of the procedures set out in section 8 if every certified association that represents them has agreed to it. In such a case, the pension committee need not implement the information and consultation process provided for in this section for those members.

Amortization procedures.

**8.** When instructions are given in accordance with section 5 or 6, the following procedures apply to the amortization of an amount determined under subparagraph 4 of the second paragraph of section 137 of the Supplemental Pension Plans Act, other than the amount determined in

accordance with subparagraph 2 of the third paragraph of section 3, at the time of the valuation referred to in section 2:

(1) the amortization amounts required during the fiscal years or parts of a fiscal year of the pension plan included in the five-year period following the date of valuation are established as if the amortization period were 10 years; and

(2) the balance of that amount on the date the five-year period provided for in paragraph 1 ends is amortized as if it were an amount determined under subparagraph 4 of the second paragraph of section 137 of the Supplemental Pension Plans Act at the time of a complete actuarial valuation of the plan.

Amortization amounts.

**9.** For the purposes of sections 133 and 134 of the Supplemental Pension Plans Act, the amortization amounts to be paid with respect to the balance referred to in paragraph 2 of section 8 are considered as the continuation of the amortization amounts determined under paragraph 1 of that section. Moreover, as regards the amortization amounts to be paid until the end of the fifth year following the date of the actuarial valuation, the reduction provided for in section 134 of the Supplemental Pension Plans Act must first be applied to the amounts relating to the balance referred to in paragraph 2 of section 8.

Reduction of amortization amounts.

In the case of a reduction of the amortization amounts relating to that balance, the latter must be redetermined so as to be equal to the discounted value of the amortization amounts thus reduced. The amortization period of the balance thus determined runs from the date of the actuarial valuation determining it or the date that is five years after the date of the actuarial valuation referred to in section 2, whichever is later. It ends not later than 10 years after the date of the actuarial valuation referred to in section 2.

Guarantee realized or no longer conform.

**10.** If, during the five-year period referred to in paragraph 1 of section 8, the guarantee provided under paragraph 2 of section 5 ceases to be in conformity with the standards established by regulation as regards the amount required, or if the guarantee is realized, the amortization amounts determined at the time of the valuation referred to in section 2 according to the procedures set out in paragraphs 1 and 2 of section 8, as amended if applicable, and that remain to be paid on the date on which the guarantee ceases to be in conformity or is realized are again determined as prescribed by regulation.

Criteria for amending plan.

**11.** During the period for which the procedures set out in section 8 apply as regards a pension plan some of whose members and beneficiaries have consented to the application of those procedures, no amendment concerning the rights of the members or beneficiaries whose consent was required may be made to the plan unless an amount equal to the greater of the following values is paid into the pension fund:

(1) the value of the additional obligations arising from the amendment, determined on a funding basis; or

(2) the value of those obligations determined on a solvency basis.

Payment.

The amount must be paid as soon as the report on the actuarial valuation required under paragraph 2 of section 118 of the Supplemental Pension Plans Act is sent to the Régie des rentes du Québec. Any interest accrued since the valuation date is added, calculated at the rate referred to in section 48 of that Act.

Unfunded actuarial liability.

Subject to those conditions, no unfunded actuarial liability or amount under subparagraph 4 of the second paragraph of section 137 of the Supplemental Pension Plans Act need be determined as a result of the amendment.

Guarantee.

**12.** The guarantee provided under paragraph 2 of section 5 is added to the assets of a pension plan in order to determine the solvability of the pension plan. In addition, for the purposes of section 172 of the Supplemental Pension Plans Act, it is considered as a security in which the assets of the pension plan are invested and whose book value is equal to the amount of the guarantee.

Realization.

If that guarantee is realized,

(1) the procedures set out in section 8 cease to apply;

(2) as of the payment, the amount paid into the pension fund as a result of the realization of the guarantee is considered to be an employer contribution appropriated to the payment of the amortization amounts relating to the amount referred to in the instructions provided for in section 5; and

(3) the amount by which the total of that amount and of the amortization payments made to the pension fund exceeds the amortization payments which, were it not for the application of the procedures set out in section 8, would have been due on the date of realization of the guarantee is paid to the employer.

Exceptions.

Subparagraph 3 of the second paragraph does not apply in the case of a pension plan referred to in section 6. If the guarantee is realized as a result of the termination of another type of pension plan, the surplus amount may be paid under that subparagraph 3 only if, after the payment, the value of the assets of the pension plan is at least equal to the value of its liabilities.

Applicability.

**13.** For the purposes of an actuarial valuation required under paragraph 2 of section 118 of the Supplemental Pension Plans Act in connection with an amendment made between 5 May 2005 and the date that is five years after the date of the actuarial valuation referred to in section 2, section 130 of the Supplemental Pension Plans Act applies subject to the following amendments:

(1) the first paragraph is replaced by the following paragraph:

Value of obligations.

**“130.** The actuarial valuation required under paragraph 2 of section 118 may be limited to the determination of the value of the additional obligations

arising from an amendment to the pension plan, or, if that value is determined on a funding basis, may concern only the variation in the current service contribution arising from the amendment. If the value or the variation is determined on a funding basis, the same assumptions and methods must be used as were used for the preceding actuarial valuation, unless they are not appropriate in view of the nature of the amendment made to the pension plan.”;

(2) the following paragraph is inserted after the second paragraph:

Value of additional obligations.

“If the amendment increases the obligations arising from the pension plan, the value of the additional obligations is equal to the higher of

“(1) the value of the additional obligations arising from the amendment, determined on a funding basis; and

“(2) the value of those obligations determined on a solvency basis.”;

(3) the first three lines of the third paragraph are replaced by the following:

Improvement unfunded actuarial liability.

“An improvement unfunded actuarial liability equal to the value of the additional obligations must be determined unless”.

Regulations.

**14.** The Government may make any regulation necessary for the purposes of this Act, in particular as regards

(1) the form and content of any document prescribed by this Act;

(2) the information that a report on the actuarial valuation of a pension plan must contain if instructions provided for in section 3, 4 or 5 have been given with respect to an amount determined under subparagraph 4 of the second paragraph of section 137 of the Supplemental Pension Plans Act at the time of the valuation referred to in section 2, and with respect to the amortization of such an amount or its balance;

(3) the nature, form and amount, and the terms and conditions of a guarantee under paragraph 2 of section 5; and

(4) the time limits and procedures applicable to the execution of any obligation or formality under this Act.

Notice to employer.

**15.** A pension committee that, before 17 June 2005, requested an actuary to carry out the first complete actuarial valuation of a pension plan to be undertaken after 30 December 2004 must, within 30 days after 17 June 2005, send the employer the notice required under section 2. In that case, the employer may send the committee a writing under section 3 on or before 16 August 2005.

## Writing.

If, on or before 16 August 2005, the employer sends a writing under section 3 or instructs the pension committee as provided for in section 4,

(1) the 30-day time limit set out in the first paragraph of section 3 cannot be invoked against the employer;

(2) the valuation date may be more than 90 days before the date specified in the instructions given by the employer; and

(3) the time limit to send the Régie a report on the valuation carried out in accordance with the instructions ends nine months after the valuation date or 31 December 2005, whichever is later.

## Interpretation.

For the purposes of this section, “the employer” means an employer participating in the pension plan, and, in the case of a multi-employer pension plan, even not considered as such under section 11 of the Supplemental Pension Plans Act, the participating employers jointly.

## Amount subject to instructions.

**16.** If an amount determined under subparagraph 4 of the second paragraph of section 137 of the Supplemental Pension Plans Act was established at the time of an actuarial valuation referred to in the first paragraph of section 255 of the Act to amend various legislative provisions concerning municipal affairs (2004, chapter 20) and the municipality or body referred to in that section 255 gave the pension committee the instructions provided for in section 3 or 4, the amount that may be the subject of the instructions provided for in section 5 must be divided so as to constitute

(1) an amount equal to the lesser of

(a) the amount that is the total of the amortization amounts that, were it not for the instructions provided for in section 3 or section 4, would remain to be paid with respect to an amount determined under subparagraph 4 of the second paragraph of section 137 of the Supplemental Pension Plans Act at the time of an actuarial valuation dated not earlier than 31 December 2001 nor later than 1 January 2003, those amounts being discounted at the date of the valuation referred to in section 2; and

(b) the amount that may be the subject of the instructions provided for in section 5;

(2) an amount equal to the lesser of the following amounts:

(a) the amount that is the total of the amortization amounts that remain to be paid with respect to an amount determined under subparagraph 4 of the second paragraph of section 137 of the Supplemental Pension Plans Act at the time of an actuarial valuation dated not earlier than 2 January 2003 nor later than 1 January 2005, other than the amount determined under subparagraph 2 of the third paragraph of section 3, those amounts being discounted at the date of the valuation referred to in section 2; and

(b) the amount that may be the subject of the instructions provided for in section 5, reduced by the amount constituted under paragraph 1; and

(3) an amount equal to the remainder of the amount that may be the subject of the instructions provided for in section 5 once the amounts constituted under subparagraphs 1 and 2 have been deducted from it.

Amount considered as remainder.

For the purposes of section 12 of the Act to amend various legislative provisions concerning municipal affairs (2003, chapter 3), replaced by section 215 of chapter 20 of the statutes of 2004, the amount constituted under subparagraph 1 of the first paragraph is the remainder of the amount referred to in the third paragraph of that section 12. For the purposes of section 255 of the Act to amend various legislative provisions concerning municipal affairs (2004, chapter 20), the amounts constituted under subparagraphs 1 and 2 of the first paragraph are the remainder of the sum referred to in the first paragraph of that section 255.

Applicability.

**17.** Section 11 does not apply to an amendment made to a pension plan before 5 May 2005.

First regulation.

**18.** The first regulation made under this Act is not subject to the publication requirement under section 8 of the Regulations Act (R.S.Q., chapter R-18.1).

Coming into force.

That regulation comes into force on the date of its publication in the *Gazette officielle du Québec* or any later date specified in the regulation, despite section 17 of the Regulations Act. However, once published and if it so provides, the regulation may apply from any date not earlier than 5 May 2005.

Transitional provisions.

**19.** In addition to the transitional provisions provided for by this Act, the Government may, by a regulation made before 31 December 2005, make any other transitional provision to ensure this Act is applied.

Applicability.

If it so provides, such a regulation may apply from any date not earlier than 5 May 2005.

Minister responsible.

**20.** The Minister of Employment and Social Solidarity is responsible for the administration of this Act.

Coming into force.

**21.** This Act comes into force on 17 June 2005.

- Restriction. However, a designated councillor may not exercise the power under the first paragraph until the mayor does so.
- “designated councillor”. **“114.5.** For the purposes of sections 114.4, 114.11 and 114.12, “designated councillor” means the councillor designated as such by an authorized party, other than the party to which the mayor belongs, that obtained at least 20% of all the valid votes at the last general election in the municipality.
- Exception. However, if, among the authorized parties other than the mayor’s, there is none that obtained that minimum percentage of votes at that election, “designated councillor” means the councillor designated as such by the party among those other parties that obtained the greatest number of valid votes at that election.
- Conditions of designation. The designation is valid for the duration of the current term of the councillor. It ceases to have effect, however, before the end of that term if the councillor ceases to belong to the authorized party that made the designation or if the designation is revoked or transferred. The designation of a councillor who continues to belong to the authorized party that made the designation may be revoked or transferred before the end of the term only if the councillor did not exercise the power provided for in section 114.4.
- Notice. A notice of the designation is signed by the party leader and submitted to the council by a councillor in the party. The same applies for revocation of the designation if it does not result from a transfer.
- Standards and scales. **“114.6.** The standards and scales according to which the chief of staff and other staff members are recruited, appointed and remunerated, as well as their other conditions of employment, are determined by the executive committee.

- Status of staff member.      “**114.7.** Subject to section 114.10, a person who joins the office staff of the mayor or a designated councillor does not become or ceases to be an officer or employee of the municipality.
- Classification maintained.      However, a person who ceases to be an officer or employee of the municipality under the first paragraph retains the classification held at the time of appointment to the office staff of the mayor or a designated councillor throughout the period of that appointment.
- Classification on returning to public service.      “**114.8.** A former officer or employee referred to in section 114.7 may, at any time, require from the municipality an assessment of the classification that former officer or employee would be assigned if the right to return to the public service were exercised under section 114.9.
- Basis of assessment.      The assessment must take into account the classification referred to in the second paragraph of section 114.7, as well as the experience and education acquired since the date of appointment to the office staff of the mayor or a designated councillor.
- Reassessment of qualifications.      “**114.9.** A former officer or employee referred to in section 114.7 may, on ceasing to be a member of the office staff of the mayor or a designated councillor, require that the municipality reassess the qualifications of the former officer or employee and rehire that person by priority in a position corresponding to those qualifications.
- Written application.      The application for reassessment must be made in writing and received not later than the sixtieth day following the day the person ceases to be a member of that office staff.
- Presumption.      “**114.10.** A person who is a member of the office staff of the mayor or a designated councillor is deemed to be an officer or employee of the municipality for the purposes of Division XIII.1.
- Budget estimate.      “**114.11.** If the mayor or a designated councillor exercised the power provided for in section 114.4 before the budget of the municipality was adopted, the budget must contain an estimate to cover the expenditures relating to office staff and determined according to the standards, scales and other conditions set under section 114.6.
- Maximum.      However, the estimate may not exceed the percentage of the total of the other estimates in the budget determined by the Minister.
- Total amount to mayor.      “**114.12.** If no designated councillor exercises the power provided for in section 114.4, the mayor is entitled to the total amount of the estimate provided for in section 114.11.
- Sharing of amount.      Otherwise, unless the Minister determines another way of sharing that amount with respect to any municipality the Minister designates,

(1) if a single designated councillor exercises the power, the mayor is entitled to two-thirds of the amount, and the councillor, to one-third of it;

(2) if two or more designated councillors exercise the power, the mayor is entitled to half the amount and the balance is divided between those councillors in proportion to the valid votes cast at the last general election in the municipality for the authorized party that designated each of them.”

c. C-19, s. 356, am.

**51.** Section 356 of the Act is amended by replacing the first sentence of the second paragraph by the following sentence: “It is not necessary to read the by-law if a copy of the proposed by-law was given to the council members not later than two juridical days before the sitting at which it is to be approved and if, at that sitting, all the council members present declare that they have read it and waive the reading of it.”

**147.** The Act respecting the consultation of citizens with respect to the territorial reorganization of certain municipalities (2003, chapter 14) is amended by inserting the following sections after section 76:

Contract of employment.	<p><b>“76.1.</b> The transition committee may or must, depending on what is provided for in the second paragraph, enter into a contract of employment on behalf of a reconstituted municipality, under which the holder of either of the senior officer positions of the reconstituted municipality is hired for a period ending before the second anniversary of the reorganization of the city.</p>

Supply or services contract.	<p><b>“76.2.</b> The transition committee, on behalf of a reconstituted municipality, may enter into a supply or services contract, within the meaning of section 573 of the Cities and Towns Act (R.S.Q., chapter C-19) or article 935 of the Municipal Code of Québec (R.S.Q., chapter C-27.1), under which the reconstituted municipality receives goods or services.</p>

However, the city may, at the request of the committee, enter into the contract on its own behalf and on behalf of the reconstituted municipality. The city acts through its deliberative body or officer that would have jurisdiction if the contract were entered into only on behalf of the city. Restriction.	<p>For the period before the reorganization, the city may not enter into a contract in respect of which the committee may exercise the powers provided for in the second paragraph, or begin the process for awarding such a contract, unless the committee decides not to enter into a contract for the same purpose on behalf of the city and the reconstituted municipality for a period beginning before and ending after the reorganization and not to request the city to do so.</p>
Rules applicable.	<p>The rules provided by the Cities and Towns Act or the Municipal Code of Québec for awarding contracts apply in respect of the contract provided for in the first or second paragraph. Any call for tenders for the contract, as well as any document referred to in the call for tenders, must be approved by the Minister before being published or delivered.</p>

It also binds the city, for the period in which the city has jurisdiction over the territory concerned, if the transition committee enters into the contract on behalf of the city under the second paragraph of section 76.2.</p>

- Early application. In addition to the case referred to in the second paragraph of section 76.2, the contract may, if it so provides, apply in anticipation of the reorganization of the city.
- No new contracts. **“76.4.** No contract may be entered into under section 76.1 or 76.2 as of the time when the majority of the candidates elected as members of the council of the reconstituted municipality, in an election held under section 48, have taken the oath provided for in section 313 of the Act respecting elections and referendums in municipalities (R.S.Q., chapter E-2.2).

How entered into.

However, the city may, at the request of the council of the reconstituted municipality, enter into the contract on its own behalf and on behalf of the reconstituted municipality. The city acts through its deliberative body or officer that would have jurisdiction if the contract were entered into only on behalf of the city. No decision of the city relating to the contract requires the approval provided for in section 88 of the Act respecting the consultation of citizens with respect to the territorial reorganization of certain municipalities (2003, chapter 14).

Restriction.

For the period before the reorganization, the city may not enter into a contract in respect of which the council of the reconstituted municipality may exercise the powers provided for in the first two paragraphs, or begin the process for awarding such a contract, unless the council decides not to enter into a contract for the same purpose on behalf of the city and the reconstituted municipality for a period beginning before and ending after the reorganization and not to request the city to do so.

Calls for tenders to be approved.

Any call for tenders for the contract provided for in the first or second paragraph, as well as any document referred to in the call for tenders, must be approved by the Minister before being published or delivered.

Binding force.

Provisions applicable.

**“178.2.** In the case of the central municipality, the first three paragraphs of section 178.1 apply, with the necessary modifications, if the council composed of persons elected in the election referred to in section 121 intends to enter into a contract referred to in the first paragraph of section 178.1 during the period mentioned in the third paragraph of section 178, and if the council considers it appropriate that the planned supply of goods or services also

apply, in respect of the territory under its jurisdiction, before the reorganization of the city.

Council concerned. For the purposes of the first paragraph, the council concerned is the regular council or, if applicable, a borough council. However, a borough council does not have the power to make a request under the second paragraph of section 178.1 if the borough under its jurisdiction does not correspond to the borough before the reorganization.

Powers. If the contract concerned falls within the jurisdiction of the executive committee of the central municipality, the powers granted under the first paragraph to the regular council composed of persons elected in the election referred to in section 121 belong to the committee composed of such persons.”

Powers. If the contract concerned falls within the jurisdiction of the executive committee of the central municipality, given the order made under section 135, the powers granted to the urban agglomeration council under the first paragraph belong to the committee composed of persons elected in the election referred to in section 121.”
