An Act respecting family benefits  
(R.S.Q., c. P-19.1)

#### Family benefits — Amendments

Regulation to amend the Regulation respecting family benefits

WHEREAS, under section 7 of the Act respecting family benefits (R.S.Q., c. P-19.1), family benefits shall be granted only on application, except where an exemption is provided for by government regulation;

WHEREAS, under the second and third paragraphs of section 12 of that Act, the Government may prescribe by regulation cases in which benefits are to be paid in advance and rules for the payment of benefits otherwise than monthly;

WHEREAS, under section 19 of that Act, the Government may prescribe by regulation the terms and conditions according to which an amount owed must be repaid and fix the percentage or amount up to which the Régie des rentes du Québec may deduct the amount owed from any family benefit;

WHEREAS it is expedient to amend the Regulation respecting family benefits, made by Order in Council 1018-97 dated 13 August 1997;

WHEREAS, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), the Regulation to amend the Regulation respecting family benefits was published as a draft in Part 2 of the *Gazette officielle du Québec* of 28 February 2001, with a notice that it could be made by the Government upon the expiry of 45 days following that publication;

WHEREAS the 45-day period has expired;

WHEREAS it is expedient to make the Regulation without amendment;

IT IS ORDERED, therefore, on the recommendation of the Minister of State for Child and Family Welfare and Minister of Child and Family Welfare:

THAT the Regulation to amend the Regulation respecting family benefits, attached to this Order in Council, be made.

JEAN ST-GELAIS,  
*Clerk of the Conseil exécutif*

### Regulation to amend the regulation respecting family benefits\*

An Act respecting family benefits  
(R.S.Q., c. P-19.1, s. 7, 12 par. 2 and 3 and 19 par. 2)

1. The Regulation respecting family benefits is amended by inserting the following after section 5:

“5.1. A new application for family benefits is not required where, no later than 12 months after entitlement to such benefits ceased because of failure to respect the conditions related to the contribution mentioned in subparagraph 1 of the first paragraph of section 1 with respect to a child institutionalized or placed under authority of law, the Régie is informed that the institutionalization or placement has ended or where the said conditions have been met.”.

2. The Regulation is amended by inserting the following subdivision after section 12:

“§4. *Provisional amount of the family allowance*

“12.1. Where a person who is entitled to a family allowance for July in a given year and his spouse have duly provided the statement of income required under section 10 of the Act, but the said statement is being processed at the Ministère du Revenu, the Régie may, in order to provisionally set the amount of the allowance for the following months of August, September and October, substitute for the missing income the income of the reference year that was used to calculate the family allowance for the said month of July.

\* The last amendment to the Regulation respecting family benefits, approved by Order in Council 1018-97, dated 13 August 1997 (1997, *G.O.* 2, 5587), was made by the regulation approved by Order in Council 890-2000, dated 13 July 2000 (2000, *G.O.* 2, 4729). For the preceding amendments, see *Tableau des modifications et Index sommaire*, Éditeur officiel du Québec, 2000, updated to 1 November 2000.

A provisional allowance is granted only where the amount of such allowance is at least \$10.

The amount of a family allowance shall be revised where the income to be used pursuant to section 7 is known; where such income is not known in July of the following year, the provisional allowance is, as of that month, recoverable.”

3. Section 16 of the Regulation is replaced with the following sections:

“16. Where the monthly amount of a family allowance, after taking into account the deduction referred to in section 17, if any, is less than \$10, payment shall be made:

(1) where no more than three monthly payments are required to reach a sum of 10 \$, quarterly, in January, April, July and October;

(2) where no more than six monthly payments are required to reach a sum of \$10, twice a year, in January and July;

(3) in all other cases, once a year, in July.

Where payment is made by cheque and the monthly amount is no more than the minimum family allowance provided for in the third paragraph of section 9, the payment shall be made quarterly, in January, April, July and October, unless a longer interval results from the application of the first paragraph. However, this paragraph does not apply where the person who is entitled to a family allowance is likewise entitled to an allowance for handicapped children.

No amount less than \$2 may be paid. Nevertheless, such an amount shall be paid at a later date where, added to another amount paid pursuant to the Regulation, the total of the two is not less than \$2.

16.1. A person who is entitled to a family allowance may request that such allowance be paid at one or the other of the intervals referred to in the first paragraph of section 16 or at a monthly interval. However, where the interval chosen results in payments less than \$2, the Régie shall apply the shortest interval among those mentioned in the first paragraph of section 16.

16.2. A change in the payment interval takes effect in the month following the one in which the the conditions related to the new interval have been met.”

4. Section 17 of the Regulation is amended:

(1) by replacing the second paragraph with the following paragraph:

“Where an allowance is paid at intervals other than monthly, the maximum referred to in subparagraphs 1 and 2 of the first paragraph is multiplied by the number of months covered by the payment.”;

(2) by striking out the words “in writing” in subparagraph 4 of the third paragraph.

5. Section 3 and subparagraph 1 of section 4 shall apply to allowances that are payable from 29 June 2001.

6. This Regulation comes into force on the fifteenth day following its publication in the *Gazette officielle du Québec*.

(R.S.Q., c. S-5)

An Act respecting health services and social services  
(R.S.Q., c. S-4.2)

### Regulation — Amendments

Regulation to amend the Regulation respecting the application of the Act respecting health services and social services

WHEREAS, under sections 159 to 161.1 of the Act respecting health services and social services for Cree Native persons (R.S.Q., c. S-5), the Government shall determine, by regulation, the contribution that may be required for the beneficiaries who are sheltered in an institution and may, in such a regulation, prescribe the automatic indexing of all or part of the amounts fixed in the regulation, in accordance with the Pension Index established in conformity with section 117 of the Québec Pension Plan (R.S.Q., c. R-9);

WHEREAS under section 512, amended by section 160 of chapter 39 of the Statutes of 1998, and paragraph 1 of section 515 of the Act respecting health services and social services (R.S.Q., c. S-4.2), the Government shall determine, by regulation, the contribution that may be required of users lodged in a facility maintained by a

public or private institution under agreement and may, in such a regulation, prescribe the automatic indexing of all or part of the amounts fixed in the regulation, according to the index provided therein;

WHEREAS, under the first paragraph of section 619.41 of the Act respecting health services and social services (R.S.Q., c. S-4.2), subject to any special provisions enacted by the Act, all orders in council, orders or regulations made or decisions rendered by the Government, the Minister or by another competent authority, pursuant to any provision of the Act respecting health services and social services for Cree Native persons (R.S.Q., c. S-5) and applicable to persons and bodies subject to the Act respecting health services and social services (R.S.Q., c. S-4.2) shall remain applicable to those persons and bodies to the extent that they are compatible with the Act, until new orders in council, orders or regulations are made or new decisions are rendered pursuant to the corresponding provisions of the Act;

WHEREAS the Government made regulatory provisions concerning the contribution of beneficiaries in the Regulation respecting the application of the Act respecting health services and social services (R.R.Q., 1981, c. S-5, r.1);

WHEREAS, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1) and the third paragraph of section 173 of the Act respecting health services and social services for Cree Native persons (R.S.Q., c. S-5), the Regulation to amend the Regulation respecting the application of the Act respecting health services and social services was published in Part 2 of the *Gazette officielle du Québec* of 21 February 2001, on pages 1231 and 1232 with a notice that it could be made by the Government upon the expiry of 60 days following that publication;

WHEREAS it is expedient to make the Regulation with amendments;

IT IS ORDERED, therefore, upon the recommendation of the Minister of State for Health and Social Services and Minister of Health and Social Services:

THAT the Regulation to amend the Regulation respecting the application of the Act respecting health services and social services, attached to this Order in Council, be made.

JEAN ST-GELAIS,  
*Clerk of the Conseil exécutif*

## **Regulation to amend the Regulation respecting the application of the Act respecting health services and social services\***

An Act respecting health services and social services for Cree Native persons

An Act respecting collective agreement decrees  
(R.S.Q., c. D-2)

### **Cartage industry — Québec region — Amendments**

CONCERNING the Decree to amend the Decree respecting the cartage industry in the Québec region

WHEREAS the Government made the Decree respecting the cartage industry in the Québec region (R.R.Q., 1981, c. D-2, r. 7);

\* The Regulation respecting the application of the Act respecting health services and social services (R.R.Q., 1981, c. S-5, r. 1) was last amended by the Regulation made by Order in Council 98-2001 dated 7 February 2001 (2001, G.O. 2, 1222). For previous amendments, refer to the *Tableau des modifications et Index sommaire*, Éditeur officiel du Québec, 2000, updated to 1 November 2000.

WHEREAS the contracting parties within the meaning of the Decree have petitioned the Minister of State for Labour, Employment and Social Solidarity and Minister of Labour for certain amendments to be made to that Decree;

WHEREAS sections 2, 6.1 and 6.2 of the Act respecting collective agreement decrees (R.S.Q., c. D-2) authorize the Government to decree the extension of a collective agreement and to amend an extension decree at the request of the contracting parties by making, where applicable, the amendments it deems appropriate;

WHEREAS under sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1) and sections 5 and 6.1 of the Act respecting collective agreement decrees, the draft of the amendment Decree attached hereto was published in Part 2 of the *Gazette officielle du Québec* of 20 December 2000 and, on the same date, in a French language newspaper and an English language newspaper and, on 22 and 24 December 2000, in four other French language newspapers, with a notice that it could be made by the Government on the expiry of the 45-day period following that publication;

WHEREAS it is expedient to make that draft Decree with amendments;

IT IS ORDERED, therefore, on the recommendation of the Minister of State for Labour, Employment and Social Solidarity and Minister of Labour:

THAT the Decree to amend the Decree respecting the cartage industry in the Québec region, attached hereto, be made.

JEAN-ST-GELAIS,  
*Clerk of the Conseil exécutif*

## **Decree to amend the Decree respecting the cartage industry in the Québec region\***

An Act respecting collective agreement decrees (R.S.Q., c. D-2, ss. 2 and 6.1)

1. Section 1.01 of the Decree respecting the cartage industry in the Québec region is amended by substituting the following for paragraph 21:

“(21) “spouse” means either of two persons who:

- i. are married and cohabiting;
- ii. are living together in a de facto union and are the father and mother of the same child;
- iii. are of opposite sex or the same sex and have been living together in a de facto union for one year or more;”.

2. Section 5.01 is amended by substituting the words “the hourly wage actually paid to the employee, except for premiums computed on an hourly basis” for the words “the employee’s wage”.

3. Section 10.03 is amended by adding, at the end, the following paragraphs:

“He is also entitled, if he applies therefor, to an additional annual leave without pay equal to the number of days required to increase his annual leave to three weeks.

Such additional leave need not follow immediately a paid leave of two weeks. However, it may not be divided, or be replaced by a compensatory indemnity.”.

4. Section 13.01 is amended:

(1) by inserting, after paragraph 4, the following:

“(4.1.) “driver, Class IV”: employee who alone drives a straight truck with a tilt subframe;”;

(2) by inserting, after paragraph 5, the following:

“(5.1) “grade”: period during which an employee acquires 2,000 hours of experience in one of the trades provided for in this Decree. Only those hours actually worked are taken into account in the computation of hours of experience;”;

(3) by substituting the following for paragraph 9:

“(9) “spouse” means either of two persons who:

- i. are married and cohabiting;
- ii. are living together in a de facto union and are the father and mother of the same child;
- iii. are of opposite sex or the same sex and have been living together in a de facto union for one year or more;”.

5. Section 16.01 is amended by substituting the words “the hourly wage actually paid to the employee, except for premiums computed on an hourly basis” for the words “the employee’s wage”.

\* The Decree respecting the cartage industry in the Québec region (R.R.Q., 1981, c. D-2, r. 7) was last amended by the regulation made by Order in Council No. 1383-99 dated 8 December 1999 (1999, G.O. 2, 4613). For previous amendments, please refer to the *Tableau des modifications et Index sommaire*, Éditeur officiel du Québec, 2000, updated to 1 November 2000.

6. Section 18.01 is amended by substituting the following for paragraphs 1 to 3:

#### **Policy on accurate pricing for merchants who use optical scanner technology — Amendment to Order in Council 11-2001 dated 11 January 2001**

Amendment to Order in Council 11-2001 dated 11 January 2001 concerning a policy on accurate pricing for merchants who use optical scanner technology

WHEREAS under section 314 of the Consumer Protection Act (R.S.Q., c. P-40.1), the president of the Office de la protection du consommateur may accept a voluntary undertaking from a person with the object of governing the relations between a merchant, or group of merchants, and consumers;

WHEREAS under section 315.1 of the Act, the Government may, by order and with or without modification, extend the application of a voluntary undertaking made under section 314 to all merchants in the same sector of activity, for all or part of the territory of Québec;

WHEREAS several merchants who use the universal product code optical scanner technology and who intend to use the exemption prescribed in section 91.4 of the Regulation respecting the application of the Consumer Protection Act (R.R.Q., 1981, c. P-40.1, r. 1) introduced by section 4 of the Regulation to amend the Regulation respecting the application of the Consumer Protection Act made by Order in Council 10-2001 dated 11 January 2001 have entered into a voluntary undertaking to adopt and implement a policy on accurate pricing of goods sold in their establishments;

WHEREAS by Order in Council 11-2001 dated 11 January 2001, the Government extended the application of such voluntary undertaking to all merchants who use the universal product code optical scanner technology and who intend to use the exemption mentioned above, for all of the territory of Québec.

WHEREAS it is expedient to amend the Order in Council to correct a clerical error;

WHEREAS under section 12 of the Regulations Act (R.S.Q., c. R-18.1), a proposed regulation may be made without having been published as provided for in section 8 of the Act where the authority making it is of the opinion that the urgency due to the situation requires it;

WHEREAS under section 18 of that Act, a regulation may come into force on the date of its publication in the *Gazette officielle du Québec* where the authority that has made it is of the opinion that the urgency of the situation requires it;

WHEREAS under sections 13 and 18 of that Act, the reason justifying the absence of prior publication and such a coming into force shall be published with the regulation;

WHEREAS the Government is of the opinion that the urgency due to the following circumstances justifies the absence of prior publication and such a coming into force:

— Order in Council 11-2001 dated 11 January 2001 came into force on 24 February 2001 and it is expedient to correct forthwith the mistake in paragraph 2 of section 1 of the Voluntary Undertaking attached to that Order in Council so as to render it consistent with the equivalent provision of the undertaking entered into by the merchants;

WHEREAS it is expedient to make this Order in Council;

IT IS ORDERED, therefore, upon the recommendation of the Minister of Relations with the Citizens and Immigration:

THAT section 1 of the Voluntary Undertaking attached to Order in Council 11-2001 dated 11 January 2001 be amended by substituting “paragraph 1” for “subparagraph a”, in paragraph 2;

## Draft Regulations

### Draft Regulation

Health Insurance Act  
(R.S.Q., c. A-29)

#### Hearing devices — Amendments

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the draft Regulation the text of which appears below may be made by the Government upon the expiry of 45 days following this publication.

The purpose of the draft Regulation is to amend the Regulation respecting hearing devices insured under the Health Insurance Act, made by Order in Council 869-93 dated 16 June 1993, in order to harmonize it with the objectives of the health and welfare policy of the Ministère de la Santé et des Services sociaux. It is intended to prevent that adults with a hearing handicap face situations that place them at an important disadvantage and to eliminate more obstacles to their social integration.

In that perspective, it proposes to insure the repair of the hearing devices of adults who are no longer pursuing studies, excluding maintenance and cleaning.

In addition, it proposes that certain additional assistive listening devices be provided free of charge under the program to that class of clients. It also proposes other measures, such as the replacement of earmolds and shell impressions for adult clients who are not already covered. However, only the replacement of defective shells or earmolds will be insured.

Study of the matter, conducted by a working group under the responsibility of the Ministère de la Santé et des Services sociaux representing the various organizations and associations involved, shows that the proposed amendments will help to better meet the needs of adult clients. Likewise, the amendments fulfil the wish expressed by persons with a hearing handicap for a greater similarity among the programs intended for handicapped persons.

Further information may be obtained by contacting, within the 45-day period, Mr. Jean-L. Lefebvre: tel.: (418) 682-5172, fax: (418) 643-7312, at the Régie de l'assurance maladie du Québec, 1125, chemin Saint-Louis, 8<sup>e</sup> étage, Sillery (Québec) G1S 1E7.

Any interested person having comments to make on the matter is asked to send them in writing, before the expiry of the 45-day period, to the Minister for Health, Social Services and Youth Protection, 1075, chemin Sainte-Foy, 15<sup>e</sup> étage, Québec (Québec) G1S 2M1.

### Regulation to amend the Regulation respecting hearing devices insured under the Health Insurance Act\*

Health Insurance Act  
(R.S.Q., c. A-29, ss. 3, 7th par., and 69, 1st par.,  
subpar. h. 2)

1. The Regulation respecting hearing devices insured under the Health Insurance Act is amended by substituting “referred to in this Regulation” for both occurrences of “provided for in Chapter V” in the introductory part of the first paragraph of section 6.

2. The words “or repair of an assistive listening device referred to in this Regulation” are substituted for the words “or, subject to section 9, repair of an assistive listening device referred to in Chapter V” in the introductory part of the first paragraph of section 7.

3. Section 7.1 is revoked.

4. Section 9 is amended

(1) by striking out the words “, only for a person with a hearing handicap referred to in paragraphs 1, 2 and 4 of section 1, and only for a person with a hearing handicap referred to in paragraph 5 of section 1, if that person is 18 years old or under or is pursuing a program of studies,”; and

\* The Regulation respecting hearing devices insured under the Health Insurance Act, made by Order in Council 869-93 dated 16 June 1993 (1993, *G.O.* 2, 3497), was last amended by the Regulation made by RAMQ-001 dated 8 March 2000 (2000, *G.O.* 2, 1339). For previous amendments, refer to the *Tableau des modifications et Index sommaire*, Éditeur officiel du Québec, 2000, updated to 1 November 2000.

(2) by adding the following paragraph at the end:

“Notwithstanding the foregoing, the Board shall not assume the cost of maintaining or cleaning a hearing device if it is in good working order.”

5. The reference “section 16” is substituted for “sections 9 and 16” in section 15.

6. The following is substituted for the second paragraph of section 19:

“The Board shall assume the cost of options or accessories without including that cost in the amount initially paid and provided for in the first paragraph only if the options or accessories are added to the hearing aid or replaced and are provided for in Division I of Chapter V or were provided for therein at the time of the purchase or replacement of the hearing aid.”

7. The word “Upon” is substituted for the words “Subject to section 9 and upon” at the beginning of the first paragraph of section 21.

8. The following is substituted for the first paragraph of section 24:

“24. The Board shall also assume, after the first year following the date on which a person with a hearing handicap takes possession of a hearing aid, the cost of the time devoted by a hearing aid acoustician to that person with a hearing handicap where he added to the person’s hearing aid or replaced an option or accessory that is provided for in Division I of Chapter V or that was provided for therein at the time of the purchase or replacement of the hearing aid, up to a maximum of one quarter of an hour or fraction thereof, per 3-month period, for each person with a hearing handicap.”

9. Section 26 is amended

(1) by substituting the following for subparagraphs 4 and 5 of the first paragraph:

“(4) 19 years of age or over: one earmold or shell impression.”; and

(2) by inserting the following paragraph after the first paragraph:

“Notwithstanding the foregoing, the Board shall assume that cost only when the earmold or shell is not in good working order.”

10. The word “Upon” is substituted for the words “Subject to section 9 and, upon” at the beginning of the first paragraph of section 31.

11. The words “, notwithstanding section 7.1,” are struck out in section 38.

12. This Regulation comes into force on the fifteenth day following the date of its publication in the *Gazette officielle du Québec*.

(R.S.Q., c. F-2.1)

### Rectories

— **Maximum taxable value**

— **Amendments**

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the Regulation to amend the Regulation respecting the maximum taxable value of certain rectories, the text of which appears below, may be made by the Minister of Municipal Affairs and Greater Montréal, upon the expiry of 45 days following this publication.

The purpose of the draft Regulation is to amend the Regulation respecting the maximum taxable value of certain rectories so as to correct an error and to confirm the real purpose of the Regulation.

To that end, the draft Regulation proposes to specify that the maximum value established is the non-taxable value of certain rectories, not their taxable value.

To date, study of the matter has revealed no impact on the public and on businesses.

Further information may be obtained by contacting Mr. André Carrier, 10, rue Pierre-Olivier-Chauveau, 3<sup>e</sup> étage, Québec G1R 4J3 (tel. (418) 691-2030; fax: (418) 644-6725.

Any interested person having comments to make on the draft Regulation is asked to send them in writing, before the expiry of the 45-day period, to the Minister of State for Municipal Affairs and Greater Montréal and Minister of Municipal Affairs, 10, rue Pierre-Olivier-Chauveau, 4<sup>e</sup> étage, Québec G1R 4J3.

## Municipal Affairs

Gouvernement du Québec

### **O.C. 564-2001, 16 May 2001**

An Act respecting municipal territorial organization  
(R.S.Q., c. O-9)

Amalgamation of Municipalité de Stukely and  
Village d'Eastman

WHEREAS each of the municipal councils of Municipalité de Stukely and Village d'Eastman adopted a by-law authorizing the filing of a joint application with the Government requesting that it constitute a local municipality through the amalgamation of the two municipalities under the Act respecting municipal territorial organization (R.S.Q., c. O-9);

WHEREAS a copy of the joint application was sent to the Minister of Municipal Affairs and Greater Montréal;

WHEREAS no objection was sent to the Minister of Municipal Affairs and Greater Montréal;

WHEREAS, under section 108 of the aforementioned Act, it is expedient to grant the joint application;

IT IS ORDERED, therefore, upon the recommendation of the Minister of Municipal Affairs and Greater Montréal:

THAT the application be granted and that a local municipality be constituted through the amalgamation of Municipalité de Stukely and Village d'Eastman on the following conditions:

1. The name of the new municipality shall be "Municipalité d'Eastman".

2. The description of the territory of the new municipality shall be the description drawn up by the Minister of Natural Resources on 3 October 2000; that description is attached as a Schedule to this Order in Council.

3. The new municipality shall be governed by the Municipal Code of Québec (R.S.Q., c. C-27.1).

4. The territory of Municipalité régionale de comté de Memphrémagog comprises the territory of the new municipality.

5. Until the term of the majority of candidates elected in the first general election begins, the new municipality shall be governed by a provisional council composed of all the council members of the former municipalities in office at the time of the coming into force of this Order in Council. The quorum shall be half the members in office plus one.

The mayor of the former Municipalité de Stukely and the mayor of the former Village d'Eastman shall act respectively as mayor and deputy mayor of the new municipality until the last day of half the period to run between the coming into force of this Order in Council and the polling day of the first general election, from which time the roles are reversed until the mayor elected in the first general election begins his term.

An additional vote shall be allotted, within the provisional council, to the mayor of the former municipality on whose council there is a vacancy at the time of the coming into force of this Order in Council, as well as for any seat that was previously occupied by a member of the council of that former municipality and that becomes vacant on the provisional council after that coming into force.

For the term of the provisional council, the elected municipal officers shall continue to receive the same remuneration as they were receiving before the coming into force of this Order in Council.

After the first election of the members of the council of the new municipality and from their appointment, the remuneration of the mayor and the councillors shall be the remuneration to which the mayor and the councillors of the former Village d'Eastman were respectively entitled on the day that precedes the date of coming into force of this Order in Council and it shall apply until the new council adopts a remuneration by-law or until the Act prescribes, in accordance with the Act respecting the remuneration of elected municipal officers (R.S.Q., c. T-11.001), a remuneration greater than that payable by the former Village d'Eastman on that date.

6. The first sitting of the provisional council shall be held at the public hall of the former Village d'Eastman.

7. Élise Guertin shall act as secretary-treasurer of the new municipality until the council composed of persons elected in the first general election decides otherwise.

8. The polling day of the first general election shall be held on 4 November 2001. The second general election shall be held in 2005.

9. For the first general election, the council of the new municipality shall be composed of seven members, that is, a mayor and six councillors. The councillors' seats shall be numbered from 1 to 6 from the first general election.

For the first two general elections, the only persons eligible for seats 1, 2 and 3 shall be the persons who would be eligible under the Act respecting elections and referendums in municipalities (R.S.Q., c. E-2.2) if such election were an election of the members of the council of the former *Municipalité de Stukely* and the only persons eligible for seats 4, 5 and 6 shall be the persons who would be eligible if such election were an election of the members of the council of the former *Village d'Eastman*.

10. The mayor of the former *Municipalité de Stukely* shall continue to act as warden of *Municipalité régionale de comté de Memphrémagog* even during the time where he acts as deputy mayor of the provisional council of the new municipality.

The mayor of the former *Village d'Eastman* shall act, for the time comprised between the coming into force of this Order in Council and the first general election, as substitute for the mayor of the new municipality within the council of *Municipalité régionale de comté de Memphrémagog* within the meaning of section 210.27 of the Act respecting municipal territorial organization.

11. Any budget adopted by each of the former municipalities for the fiscal year during which this Order in Council comes into force shall continue to be applied by the council of the new municipality and the expenditures and revenues shall be accounted for separately as though those former municipalities continued to exist.

Notwithstanding the foregoing, an expenditure recognized by the council as resulting from the amalgamation shall be charged to the budgets of each of the former municipalities in proportion to their standardized property value established in accordance with the Regulation respecting the equalization scheme, as it appears in the financial statements of the former municipalities for the fiscal year preceding the year during which this Order in Council comes into force.

12. The terms and conditions for apportioning the cost of shared services provided for in the intermunicipal agreement in effect before the coming into force of this

Order in Council shall continue to apply until the end of the last fiscal year for which the former municipalities adopted separate budgets.

13. If section 11 applies, the portion of the subsidy paid to the new municipality under the Programme d'aide financière au regroupement municipal (PAFREM) related to the first year following the amalgamation, less the expenditures recognized by the council as resulting from the amalgamation and directly financed by that portion of the subsidy, shall constitute a reserve to be paid into the general fund of the new municipality for the first fiscal year for which it does not apply separate budgets.

14. Subject to section 16, the surpluses accumulated at the end of the last fiscal year for which the former municipalities adopted separate budgets shall be shared as follows:

(1) an amount of \$20 000 shall be subtracted from each surplus and shall be paid into the general fund of the new municipality;

(2) notwithstanding the preceding, if any of the surpluses is less than \$20 000, the amount subtracted shall be equal to the surplus or to zero where no surplus is accumulated on behalf of one of the municipalities.

The excess of the amount subtracted shall be used for the benefit of the sector made up of the territory of the former municipality on behalf of which the surplus was accumulated and may be used for carrying out public works in that sector, reducing taxes applicable to all the taxable immovables of that sector or repaying debts charged to all the sector.

15. Any deficit accumulated on behalf of a former municipality at the end of the last fiscal year for which the former municipalities adopted separate budgets shall be charged to all the taxable immovables in the sector made up of the territory of that former municipality.

16. The amount of the reserve for sewerage created by the former *Village d'Eastman* that was \$35 830 on 1 January 2000 and any amount that could be accumulated in the reserve for the 2000-2001 fiscal years may only be used for the benefit of the owners of the units of assessment benefiting from the sewer service and located in the sector made up of the territory of the former *Village d'Eastman*. Those amounts may be used for carrying out maintenance work of the sewer service or for reducing the annual tariff imposed for the sewer service to the owners of the units of assessment benefiting from such service.

The amount of the reserve for waterworks set up by the former Village d'Eastman that was \$69 725 on 1 January 2000 and any amount that could be accumulated in the reserve for the 2000-2001 fiscal years may only be used for the benefit of the owners of the units of assessment benefiting from the waterworks service and located in the sector made up of the territory of the former Village d'Eastman. Those amounts may be used for carrying out maintenance work of the waterworks service or for reducing the annual tariff imposed for the waterworks service to the owners of the units of assessment benefiting from such service.

17. The balance in principal and interest of loans contracted under by-law 4-91 adopted by the former Village d'Eastman shall be in a proportion of 6% charged to all the taxable immovables in the sector made up of the territory of the former Municipalité de Stukely, in a proportion of 9% charged to all the taxable immovables in the sector made up of the territory of the former Village d'Eastman and in a proportion of 85% charged to the users that are served by the works that were subject to the by-law and whose immovables are located in the sector made up of the territory of the former Village d'Eastman.

The taxation clauses provided for in those by-laws shall be amended accordingly. The council of the new municipality may amend the by-laws in accordance with the law if it carries out work to extend the system.

18. The working fund of the former Municipalité de Stukely shall be abolished at the end of the last fiscal year for which the former municipalities adopted separate budgets and the amount of that fund that is not committed on that date shall be added to the surplus accumulated on behalf of that former municipality and shall be dealt with in accordance with section 14.

19. Any debt or gain that may result from legal proceedings, for an act performed by a former municipality, shall be charged or credited to all the taxable immovables in the sector made up of the territory of that former municipality.

20. The second sentence of the second paragraph and the third and fourth paragraphs of section 126, the second paragraph of section 127, sections 128 to 133, the second and third paragraphs of section 134 and sections 135 to 137 of the Act respecting land use planning and development (R.S.Q., c. A-19.1) do not apply to a by-law adopted by the new municipality in order to replace all the zoning and subdivision by-laws applicable on its territory by, respectively, a new zoning by-law and a new subdivision by-law applicable to the whole territory of the new municipality, provided that such a

by-law comes into force within four years of the coming into force of this Order in Council.

Such a by-law must be approved, in accordance with the Act respecting elections and referendums in municipalities, by the qualified voters of the whole territory of the new municipality.

21. The time allotted to the new municipality by section 59 of the Act respecting land use planning and development (R.S.Q., c. A-19.1) to adopt any concordance by-law after the coming into force of the revised plan shall be three years.

22. Notwithstanding section 119 of the Act respecting municipal territorial organization, the new municipality shall use the values entered on the property assessment roll in effect in the former municipalities for the 2001 fiscal year.

The rolls in effect in the former Village d'Eastman and in the former Municipalité de Stukely for the 2001 fiscal year in accordance with this section shall constitute the roll of the new municipality for the first fiscal year. The median proportion and the comparative factor of that roll shall be those of the former Village d'Eastman. The first fiscal year of the new municipality is deemed to be the first year of application of the roll.

23. Notwithstanding section 244.1 of the Act respecting municipal taxation (R.S.Q., c. F-2.1), the new municipality may, during the five-year period following the coming into force of this Order in Council, provide that the contributions paid for services of the Sûreté du Québec shall be financed by means of a tariff. After that period, any contribution paid for services of the Sûreté du Québec shall be financed in accordance with the provisions of the Act.

24. This Order in Council comes into force on the date of its publication in the *Gazette officielle du Québec*.
