2. As of January 1, 2002, any financial planner shall, once every two years, accumulate 60 PDUs distributed as follows:

(1) 15 PDUs related to integrated training activities in the following 7 areas involving personal financial planning; the content of such activities shall be developed and given by or in partnership with the Institut québécois de planification financière (IPQF):

- (a) finance;
- (b) taxation;
- (c) law;
- (d) retirement;
- (e) successions;
- (f) investment;
- (g) insurance;

(2) 30 PDUs in one or more of the 7 areas mentioned in subparagraphs *a* to *g* of subparagraph (1), for training activities recognized by the IQPF;

(3) 15 PDUs required to obtain, update and review knowledge and skills which are essential to his professional development.

A financial planner shall provide the IQPF with a written description of the activities related to the obtaining of the PDUs mentioned in subparagraph (3) of the first paragraph.

3. Any financial planner to whom a certificate is issued during a Reference Period which has already begun shall accumulate, for each of the requirements set forth in subparagraphs (1), (2) and (3) of the first paragraph of section 2, a number of PDUs equal to the proportion that the number of complete months during which he holds a certificate bears to 24 months.

4. Notwithstanding section 3, any financial planner to whom a certificate is issued after the 18th month following the beginning of a Reference Period shall not be required to complete professional development activities for such Reference Period.

5. The IQPF may relieve a financial planner from the requirements set forth in section 2 or section 3 if, due to overwhelming circumstances, he was unable to comply with the requirements.

The fact that a financial planner was suspended or struck off the roll or that his certificate was cancelled, revoked, not renewed or included restrictions does not constitute overwhelming circumstances.

6. A financial planner who, during a Reference Period, has completed training activities recognized by the IQPF involving more PDUs than those contemplated in section 2 or 3 cannot carry them forward to a subsequent Reference Period.

7. A financial planner shall keep the proofs of attendance, or the exam or test results attestations which are given to him by the person, organization or educational institution who offers training activities recognized by the IQPF until the end of the year following the Reference Period.

8. At the latest by January 15th following the end of a Reference Period, a financial planner, himself or through the firm for which he is acting or the independent partnership of which he is a partner or employee, must forward to the IQPF a copy of the attestations he must keep in accordance with section 7.

9. At the latest by February 15th following the end of a Reference Period, the IQPF shall send a notice of default to each financial planner who has not accumulated the number of PDUs required under sections 2 and 3 and inform him of the consequences of such default.

10. After receiving a notice from the IQPF, a financial planner who is in default must accumulate, at the

latest by March 31st following the end of a Reference Period, the number of PDUs he has failed to accumulate.

The PDUs so accumulated can only be credited for the Reference Period covered by the default.

11. The IQPF shall send, at the end of the period contemplated in paragraph 10, a notice of non-compliance to each financial planner who has not accumulated the required number of PDUs and notify him of the consequences of such default.

12. The IQPF shall notify the Bureau des services financiers when it sends the notice contemplated in section 11 to any financial planner who is in default.

## **DIVISION II**

### **RECOGNITION OF TRAINING ACTIVITIES**

13. The IQPF shall recognize a training activity that pertains to one of the subjects mentioned in section 2 if it allows for the development of the following knowledge and skills:

(1) development and betterment of a global and integrated vision of personal financial planning;

(2) acquisition, comprehension and application of theoretical and technical knowledge in the areas related to personal financial planning;

(3) personal and professional development of financial planners.

14. The IQPF shall not assign PDUs for any activity offered by a person, organization or educational institution involving the sale of specific financial products or services, including securities.

15. An application for recognition of an activity may be presented to the IQPF, before or after the activity is held, by the financial planner himself or by the person, organization or educational institution who is offering the activity.

16. The recognition is valid for the Reference Period in effect when the activity is held.

17. The application for recognition shall be submitted to the IQPF at the latest by March 1st following the end of the Reference Period in question and shall include the following items:

(1) a description of the training activity;

(2) an explanation of how the activity will be conducted;

(3) an explanation of how the activity allows for the development of the knowledge and skills mentioned in section 13;

(4) if the application is submitted before the activity is held, the name and address of the person responsible for this activity;

(5) if the application is submitted by the financial planner after the activity is held, a proof that he has attended this activity;

(6) if the application is submitted after the activity is held by the person, organization or educational institution who offered it, the list of participants;

(7) the number of PDUs requested for the training activity as well as the duration of the training.

18. The IQPF will recognize or refuse to recognize an activity within 30 days of receipt of the application. If the application is rejected or if the activity is recognized for a lesser number of PDUs than requested, the IQPF will provide an explanation to the person, organization or educational institution who applied.

19. The person responsible for an activity shall submit to the IQPF any change relating to any of the items listed in section 17.

The IQPF may maintain or cancel the recognition of the activity or increase or decrease the number of PDUs assigned to the activity.

20. The IQPF may cancel the recognition of an activity, or increase or decrease the number of PDUs assigned to it if it notices that the activity offered is different from the one that was recognized.

21. A financial planner who acts as a trainer, instructor or leader of an activity is entitled, only once for this activity, to double the number of PDUs assigned to it.

## Regulation respecting the compulsory professional development of the Chambre de l'assurance de dommages

An Act respecting the distribution of financial products and services  
(R.S.Q., c. D-9.2, s. 313, par. 1, subpar. 2)

### DIVISION I SCOPE

1. This Regulation applies to all representatives who hold a certificate issued by the Bureau des services financiers authorizing them to practise in any sector or class of sector of damage insurance or claims adjustment.

2. In this Regulation, the term «professional development unit», or «PDU», means the quantitative value assigned to a training activity recognized by the Chambre de l'assurance de dommages, one PDU representing one hour of activity.

3. The Chamber shall recognize a training activity, dealing with one of the subjects mentioned in first paragraph of section 4 when it is given in accordance with an agreement concluded under section 316 of the Act respecting the distribution of financial products and services (R.S.Q., c. D-9.2).

### DIVISION II OBLIGATIONS

4. As of January 1, 2002, any representative who holds a certificate shall, between that date and December 31, 2003, and every 24 months thereafter, take part in training activities recognized by the Chamber and consisting of 30 PDUs in the subjects falling within the following classes:

- (1) administration:
  - (a) economics;
  - (b) accounting and finance;
  - (c) business management;
- (2) insurance techniques:
  - (a) personal lines insurance;
  - (b) commercial lines insurance;
  - (c) risk management;
  - (d) claims adjustment;
  - (e) building services;
  - (f) investigation techniques;
  - (g) loss prevention;

## (3) law:

- (a) laws and regulations respecting damage insurance;
- (b) ethics and the professional practice of damage insurance;
- (c) civil law;
- (d) laws and regulations respecting the protection of personal information;

## (4) professional development:

- (a) customer service;
- (b) professional practice.

The PDUs shall be completed in accordance with the following terms and conditions:

- (1) 20 PDUs in the administration class or the insurance techniques class;
- (2) 4 PDUs in the law class;
- (3) 6 PDUs in one or the other of the classes referred to in subparagraphs (1) to (4) of the first paragraph.

The number of PDUs to be accumulated in one or the other of the classes referred to in first paragraph by any representative who is issued a certificate between January 1, 2002, and December 31, 2003, or over the course of any 24-month period thereafter, shall be prorated based on the number of complete months he has held a certificate during these 24 months, unless he has held the certificate for less than 6 months.

5. A representative cannot complete his PDUs within the context of an activity designed to promote an insurer's insurance products or an activity designed to motivate representatives to sell such products.

6. The Chamber may relieve a representative from the obligations referred to in section 4 if, due to superior force, he was unable to comply with them.

The fact that a representative was suspended or struck off the roll, or that his certificate was cancelled, revoked, suspended, not renewed or included restrictions and conditions does not constitute superior force.

7. The representative referred to in the second paragraph of section 6 can take part in training activities recognized by the Chamber and earn PDUs. However, he may not act in the capacity of trainer, instructor or facilitator in these activities.

8. A representative who decides to accumulate more than the PDUs required during any 24-month period cannot carry them forward to a subsequent period.

9. For each 24-month period, each representative shall keep the training attestations or exam or test result attestations given to him by the person, organization or educational institution who offers the training activity and for one year following the end of the 24-month period.

10. At the latest by January 15 following the end of the 24-month period, each representative himself or through the firm for which he is acting or the independent partnership of which he is a partner or employee must forward to the Chamber a copy of the attestations he must keep in accordance with section 9.

11. On January 30 following any given 24-month period, the Chamber shall send a default notice to each representative who has not accumulated the PDUs required under section 4 and notify him of the consequences of such default.

12. A representative who is in default must, after having received such notice from the Chamber, accumulate the number of PDUs he has failed to accumulate in one or more of the classes referred to in section 3, at the latest by March 31 following the end of the 24-month period.

13. At the end of the period referred to in section 12, the Chamber shall send a notice of non-compliance to each representative who has not accumulated the required number of PDUs and notify him of the consequences of such default.

14. The Chamber shall notify the Bureau des services financiers when it sends the notice referred to in section 13 to any representative who is in default.

15. A representative who acts in the capacity of trainer, instructor or facilitator in an activity is entitled, only once for this activity, to double the number of PDUs assigned to it.

16. This Regulation comes into force on the fifteenth day following the date of its publication in the *Gazette officielle du Québec*.

## Tables A and B

**IMPORTANT:** Overtime pay, retroactive pay, bonuses, premiums, and similar amounts, are considered regular remuneration if they are paid along with the employee's wages. If they are paid separately, do not use the following tables; instead, deduct 4.7% of the gross amount without taking the exemption into account.

**QPP Contributions – TABLE A: Continuous Employment** **52 pay periods per year**

**Rate per hour**

For rates exceeding \$65.47, consult the *Guide for Employers (TP-1015-G-V)*, or the *Guide for Small Business Employers (TPP-1015-GP-V)*.

The amount to withhold from the remuneration is obtained by multiplying the deduction corresponding to the rate per hour by the number of hours for which remuneration is paid.

## QPP Contributions – Table respecting the Calculation of the Exemption

### Irregular pay periods

This table enables you to rapidly locate the exemption that applies to the number of days included in an irregular pay period. (See the section "Continuous employment" on page 30 of the *Guide for Employers* [TP-1015.G-V] or on page 27 of the *Guide for Small Business Employers* [TPP-1015.GP-V].) An irregular pay period begins on one of the following three dates, depending on which is the closest to the date on which remuneration is paid: January 1 of the current year, the date on which the employee was hired, or the date on which the employee received his or her last pay.
