THEREFORE, the parties agree to the following :

1. PREAMBLE

The preamble to this agreement is an integral part of the agreement.

2. INTERPRETATION

Unless stated otherwise, expressly or as a result of the context of a provision, the following expressions, terms and words have, for the purposes of this agreement, the meaning and application given in this section.

2.1 “electronic voting system” means an apparatus consisting of the following devices:

— a computer containing in its memory the list of electors, used for the preparation of electronic voting cards;

— a reader of electronic voting cards;

— one or more printers;

— one or more autonomous voting terminals;

— electronic cards used to place the terminals in “election” mode, to vote (electronic voting cards), to place the terminals in “end of election” mode, and to record the results from each autonomous voting terminal;

2.2 “voting terminal” means an independent device containing a display with a graphical representation of a ballot paper, buttons used by electors to vote, and a memory card to record and compile the votes cast by electors;

2.3 “electronic card reader” means a device allowing the information required for an elector to vote to be transferred onto an electronic card;

2.4 “rejected ballot paper” means a ballot paper for which the button corresponding to “I do not wish to vote for the office of mayor” or “I do not wish to vote for the office of councillor” has been pushed by an elector on the voting terminal;

2.5 “operations trail” means a print-out of the operations (audit) of a voting terminal.

3. ELECTION

3.1 For the purposes of the general election of December first of year two thousand two in the municipality, a sufficient number of “PERFAS-MV” model electronic voting systems will be used.

3.2 Before the publication of the notice of election, the municipality must take the necessary steps to provide its electors with adequate information concerning the testing of the new method of voting.

4. SECURITY MECHANISMS

Each electronic voting system must include the following security mechanisms:

(1) a report displaying a total of “zero” must be automatically produced by the electronic ballot box when a voting terminal is turned on on the first day of advance polling and on polling day;

(2) a verification report must be generated on a continuous basis and automatically saved on the memory card of the voting terminal, and must record each procedural operation;

(3) a mechanism which prevents a voting terminal from being placed in “end of election” mode while polling is still under way, because the terminal can only be placed in “end of election” mode by the insertion of an “end of election” card;

(4) a mechanism to ensure that the compilation of results is not affected by any type of interference once the electronic ballot box has been placed in “election” mode;

(5) each voting terminal must be equipped with seals, two to prevent the opening of the box and one covering the screws of the voting terminal;

(6) each voting terminal must be equipped with a back-up power source (battery) able to operate for two to five hours, unless all the terminals are connected to a generator;

(7) if a voting terminal is defective, its internal memory card may be removed and transferred immediately into another voting terminal in order to allow the procedure to continue.

24. When ruling on costs, the Court may order a reduction of judicial expenses and fees or make any other order in cases where the schedules include elements not necessary for the examination of the dispute.

25. The clerk shall tax the memorandum of costs. As a general rule, the cost of the transcription of depositions according to the tariff, the cost of the reproduction of exhibits and the cost of the preparation and printing of factums, schedules and book of authorities shall, to the extent that they are not excessive, form part of the costs.

V. INCIDENTAL APPEAL

26. If there is an incidental appeal, the factum of the principal respondent shall include two parts, the first being the factum of the appeal and the second the factum in the incidental appeal. The second part shall be in the form prescribed for the factum of the appellant.

The principal appellant may, in reply to the incidental appeal, serve and file a factum in the form prescribed for the factum of the respondent, within thirty days following receipt of the factum of the incidental appellant.

The time period allotted to the respondent who has made an incidental appeal shall be computed from the filing of the appellant's factum at the office of the court, in accordance with article 504.1 of the Code of Civil Procedure, or, if the appellant fails to file it within the time period allotted, from the expiry of that period.

VI. READINESS TO BE PLACED ON THE ROLL

27. For all appeals filed prior to January 1st, 2003, the certificate of readiness, in the form shown as schedule B, must be produced at the office of the court within fifteen days following the filing of the factums. It shall be signed by the attorneys of the parties or by the parties themselves if they are not represented by attorney. It shall indicate the name of the attorney personally in charge of the file.

28. If the appellant does not sign the certificate, the respondent may request the clerk to place the case on the roll. Such request shall be made in writing, accompanied by the certificate signed by her or him, and shall be served on the opposite party.

If the respondent does not sign the certificate or has not filed her or his factum within the prescribed delays, the appellant may in the same manner request the clerk to place the case on the roll.

29. Requests that a case be placed on the roll, filed at least one clear day previously, shall be presented every day at 10 o'clock. If there is no opposition, the parties or their attorneys are relieved of being present and the clerk declares the file ready to be put on the roll. If there is opposition, the clerk may dispose of the matter by way of telephone conference.

30. From January 1st, 2003, all the files not subject to special case management will be declared ready to be put on the roll by the clerk after the filing of all the factums. The clerk will give a written notice to the

parties in the form shown as Schedule C indicating the approximate time for the hearing and the length of time for the oral presentation granted by the chief justice or a judge designated by him.

VII. ROLL FOR HEARING

31. The clerk shall prepare the roll for hearing, observing to the extent possible the date of readiness of the file to be put on a roll, subject to the priorities provided by law or granted by the chief justice or a judge named by her or him.

32. The clerk shall, under the supervision of the chief justice or of a judge named by her or him, indicate the time allotted for the argument of each party in each case.

33. At least thirty days before the beginning of the term, the clerk shall forward copies of the roll to the attorneys of the parties, or to the parties themselves if they are not represented by attorney. The clerk shall also display a copy thereof at the office of the court and on the Web site of the Court (www.tribunaux.qc.ca).

These formalities constitute notice of the date fixed for hearing.

34. The parties shall inform the clerk of any discontinuance, settlement or bankruptcy as soon as it takes place.

VIII. CASE MANAGEMENT

35. When granting a motion for leave to appeal from an interlocutory judgment, a single judge or the Court determines the date and time of presentation of the appeal and fixes delay for filing, in three copies, an argument and schedules described by Rule 16. The judge or the Court also indicates the authorized number of pages for the argument of each party and the length of time allowed for their oral presentation.

The argument is presented on paper size 21,5 cm x 28 cm, the lines spaced at least one and one-half lines apart and the computer prepared text shall be in 12 point type with no more than 12 characters by 2,5 cm.

Where the argument and schedules in lieu of the appellant's factum are not served and filed within the time fixed, the appeal is deemed to be abandoned and the provisions of article 503.1 of the Code of Civil Procedure apply *mutatis mutandis*.

Where the argument and schedules in lieu of the respondent's factum, where applicable, are not served and filed within the time fixed, the respondent is foreclosed from filing them and the provisions of article 505 of the Code of Civil Procedure apply *mutatis mutandis*.

36. When granting a motion for leave to appeal from a final judgment, a single judge or the Court indicates if the appeal requires a factum or an argument, and for each party, fixes a time limit for filing the factum, in seven copies, or the argument, in three copies, the authorized number of pages of either one and the length of time allowed for the oral presentation. Unless it is urgent, the file is deferred to the master of the rolls to declare the file ready to be put on a roll and ultimately, to determine the date of the hearing.

The argument is presented on paper size 21,5 cm x 28 cm, the lines spaced at least one and one-half lines apart and the computer prepared text shall be in 12 point type with no more than 12 characters by 2,5 cm.

Where the argument and schedules in lieu of the appellant's factum are not served and filed within the fixed time, the appeal is deemed to be abandoned and the provisions of article 503.1 of the Code Civil Procedure apply *mutatis mutandis*.

Where the argument and schedules in lieu of the respondent's factum, where applicable, are not served and filed within the time fixed, the respondent is foreclosed from filing them and the provisions of article 505 of the Code of Civil Procedure apply *mutatis mutandis*.

37. In the case of inscriptions in appeal as of right, the case management is done in accordance with articles 508.2, 508.3, 508.4 and 508.5 Code of Civil Procedure, taking into account the principle of proportionality established under article 4.2 Code of Civil Procedure.

38. In family matters, the appellant must file, in addition to the documents that ordinarily constitute Schedules I and II to the factum, within the time fixed in accordance with article 507.0.1 of the Code of Civil Procedure, an argument of no more than 5 pages unless the judge has decided, after having examined the inscription in appeal, of a different number of pages; the respondent must do the same, his or her argument being also limited to a maximum of 5 pages unless the judge has decided, after having examined the inscription in appeal, of a different number of pages.

The argument is presented on paper size 21,5 cm x 28 cm, the lines spaced at least one and one-half lines apart and the computer prepared text shall be in 12 point type with no more than 12 characters by 2,5 cm.

Where the argument and the documents replacing appellant's factum are not served and filed within the time fixed according to article 507.0.1 of the Code of Civil Procedure, the appeal is deemed to be abandoned and the provisions of article 503.1 of the Code of Civil Procedure apply *mutatis mutandis*.

Where the argument and the documents replacing respondent's factum are not served and filed within the time fixed according to article 507.0.1 of the Code of Civil Procedure, the respondent is foreclosed from filing them and the provisions of article 505 of the Code of Civil Procedure apply *mutatis mutandis*.

IX. HEARING

39. Sittings of the Court shall begin at ten o'clock in the morning or at such other time as the Court may fix.

40. In each term, cases shall be pleaded in the order in which they appear on the roll, unless the Court decides otherwise.

41. If none of the parties are ready to plead when a case is called, the Court shall strike the case from the roll, postpone the presentation to a later date or dismiss the appeal.

If only the appellant is ready to plead, the Court shall hear the pleadings or postpone the presentation to a later date.

If only the respondent is ready to plead, the Court shall strike the case from the roll, postpone the presentation to a later date or dismiss the appeal.

42. On the merits of the appeal, two attorneys may be heard for each party but only one may reply for the appellant. On a motion, only one attorney may be heard for each party, unless the Court otherwise permits.

43. If they agree, the parties may request that an appeal be decided on the basis of the factums, without oral presentation.

If the need arises, such request shall be made in the certificate of readiness. The appellant shall attach to the certificate of readiness a factum in reply to the respondent's factum, prepared in the ordinary form, without new schedules and not exceeding ten pages.

Such request may also be made after the declaration of readiness to be placed on a roll issued by the clerk. In such case, the parties shall make their request in writing to the clerk and the appellant is then allowed to file a factum in reply to the respondent's factum, on the conditions set out in the second paragraph.

The clerk shall inform the parties of the date on which the appeal is taken under advisement and of the identity of the judges who are in charge of the case.

If the judges in charge of the appeal consider that an oral presentation is required, the parties shall be informed that their case is no longer under advisement and the appeal shall be replaced on the general roll.

44. In Quebec City, motions made to a single judge or to the Court and appeals whose date and time for the oral presentation have already been determined may be presented through a videoconference.

To that end, the parties shall present a written request to the coordinating judge. In cases of urgency, such request may be made by telephone.

After examining the file, the judge who must preside over the sitting of the Court shall forward her or his decision to the persons who made the request.

All parties concerned may plead from any video room available in the territory or either party may also plead in the courtroom where the receiving apparatus is located and where the single judge or the Court is sitting.

In the case of a hearing of the Court, the dress requirements set under Rule 45 shall apply.

The cost for renting the video rooms and the cost of the long distance calls shall be borne by the party or the parties that required the presentation through a video.

45. At hearings before the Court, the following dress is obligatory:

(a) For attorneys, black gown, bands, white collar and dark suit;

(b) For articulated students, black gown and dark suit;

(c) For clerks and for criers, black gown and dark suit.

(d) The wearing of the black gown is not required for motions before a judge sitting alone or a clerk.

Persons present at sittings of the court must ensure that audible signals from cellular telephones, beepers, or other equipment are turned off.

46. Motions submitted to a judge sitting alone shall be presented at ten o'clock in the morning. Between the first of July and Labour Day, they shall be presented on one of the days fixed by the chief justice.

47. Motions submitted to a clerk shall be presented at 9 h 15 in the morning. Between the first of July and Labour Day, they shall be presented on one of the days fixed by the Chief Justice.

48. The beginning and the ending of sittings of the Court and of those of a judge sitting alone shall be announced by the crier, who shall remain present during the entire hearing, unless the Court or a judge permits otherwise.

X. MISCELLANEOUS

49. In the case of an appeal from a decision of a court other than the Superior Court or of a public body, the duties which, on ordinary appeals, are imposed on the clerk of the Superior Court under the law and the rules of practice must be performed, as the case may be, by the clerk of the court, or the secretary of the public body.

50. The Rules of practice of the Court shall be construed so as to ensure the fair and simple operation of the appeal procedure and to eliminate unjustified expenses and delays. Unless there is a declaration to the contrary, these rules of practice may be relaxed or set aside by the Court where compliance with them might create an injustice. In the absence of rules, the Court may rule in a manner compatible with the objectives set out above.

51. Where satisfied that a party is conducting a proceeding in a vexatious manner, the Court may order that the proceedings be stayed, on the terms the Court deems appropriate.

Where an application for leave to appeal or an appeal has been dismissed, the Court may order that no further proceedings be filed relating to the leave application or to the appeal, where the Court is satisfied that the further proceedings would be vexatious or brought for an improper purpose.

A motion for an order under subsection 1 or 2 may be made by any party in accordance with Rules 7 and 9.

Irregular pay periods

This table enables you to rapidly locate the exemption that applies to the number of days included in an irregular pay period. An irregular pay period begins on one of the following three dates, depending on which is the closest to the date on which remuneration is paid: January 1 of the current year, the date on which the employee was hired, or the date on which the employee received his or her last pay.

Draft Regulations

Draft Regulation

An Act respecting childcare centres and childcare services (R.S.Q., c. C-8.2)

Reduced contributions — Amendments

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the Regulation to amend the Regulation respecting reduced contributions, the text of which appears below, may be made by the Government upon the expiry of 45 days following this publication.

The purpose of the draft Regulation is to amend the provisions pertaining to the conditions of eligibility for the reduced contribution in the Regulation to ensure its harmonization with the new Immigration and Refugee Protection Act (S.C., 2001, c. 27) and to extend the eligibility for the reduced contribution to protected persons and persons authorized to apply for permanent resident status on-site. It also proposes to harmonize the Regulation with other regulations in Québec with respect to the concept of temporary worker.

The draft Regulation also prescribes that a childcare provider must provide a child with a meal at noon or in the evening if the child is present at these times of the day; breakfast may only be served if the child is present during scheduled breakfast hours. This is intended to ensure consistency in the delivery of services established by the Regulation.

The draft Regulation limits the additional information that must be recorded on the attendance card of a child who occupies a reduced contribution place to one reference to the type of service.

The purpose of the draft Regulation is to make a childcare provider who does not provide the services referred to in section 6.1 of the Regulation for the care of a child who is at least 5 years old liable to a fine.

Study of the matter has revealed little impact on businesses, including small and medium-sized businesses.

Further information may be obtained by contacting Mariette Bety, Direction générale de la politique familiale, 1122, chemin Saint-Louis, 2^e étage, Québec (Québec) G1S 4Z5; telephone: (418) 646-9384; fax: (418) 644-5434.

Any interested person having comments to make on the matter is asked to send them in writing, before the expiry of the 45-day period, to the Minister of State for Social Solidarity and Child and Family Welfare, 1122, chemin Saint-Louis, Québec (Québec) G1S 4Z5.
