Draft Regulations

Draft Regulation

An Act respecting collective agreement decrees (R.S.Q., c. D-2)

Automotive Services — Drummond and Mauricie regions — Amendments

Notice is hereby given, in accordance with section 5 of the Act respecting collective agreement decrees (R.S.Q., c. D-2), that the Minister of Labour has received an application from the contracting parties to amend the Decree respecting the automotive services industry in the Drummond and Mauricie regions (R.R.Q., 1981, c. D-2, r.45) and, that under sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), the Decree to amend the Decree respecting the automotive services industry in the Drummond and Mauricie regions, the text of which appears below, may be made by the Government upon the expiry of the 45 days following this publication.

The purpose of this draft regulation is to update the designation of one of the contracting parties and also the geographical designation of the territorial jurisdiction, to raise the wage rates of each of the trades, to add an item to the pay voucher, and to extend the term of the Decree.

To that end, it proposes to amend the designation of one of the union contracting parties, to update, following amendments to the territorial organization, the list of the municipalities whose territory is governed by the territorial jurisdiction of the Decree, to raise wage rates by about 3%, to prescribe a new item to be added to the employee's pay voucher and extend the term of the Decree until 31 December 2004, while maintaining the automatic renewal clause.

The consultation period will clarify the impact of the amendments sought. According to the 2002 annual report of the Comité paritaire de l'industrie de l'automobile de la Mauricie, the Decree governs 551 employers, 252 artisans and 2 757 employees.

Further information may be obtained by contacting Mr. Michel Roberge, Direction des politiques, de la construction et des décrets, ministère du Travail, 200, chemin Sainte-Foy, 6^e étage, Québec (Québec) G1R 5S1, telephone: (418) 528-9701, fax: (418) 528-0559, e-mail: michel.roberge@travail.gouv.qc.ca

Any interested person with comments to make is asked to send them in writing, before the expiry of that date, to the Deputy Minister of Labour, 200, chemin Sainte-Foy, 6^e étage, Québec (Québec) G1R 5S1.

Decisions

Decision, 25 April 2003

Election Act
(R.S.Q., c. E-3.3)

Chief electoral officer
— Electoral division of Champlain
— Holding of a new election

WHEREAS order-in-council number 370-2003, issued on March 12, 2003, enjoined the chief electoral officer to hold general elections in Québec on April 14, 2003;

WHEREAS an election was held in accordance with the said order-in-council on April 14 in all electoral divisions, including the electoral division of Champlain;

WHEREAS a judicial recount took place in the electoral division of Champlain, under the chairmanship of Judge Richard Poudrier, a judge of the Court of Québec;

WHEREAS, on April 23, 2003, following the judicial recount, Judge Poudrier enumerated the votes expressed in favour of each candidate and certified the results of the poll;

WHEREAS, following the judicial recount, there was a tie vote between the first two candidates;

WHEREAS section 394 of the Election Act (R.S.Q., c. E-3.3) provides that, in the case of a tie vote, a new election must be held;

WHEREAS, pursuant to the provisions of the said section, nominations shall be filed not later than the second Monday following the day of the judge's decision, and the poll shall be held on the second subsequent Monday;

WHEREAS section 131 of the Election Act provides that, if polling day falls on a holiday, the poll shall be held on the following day;

WHEREAS, accordingly, nominations must be filed not later than 2:00 p.m. on May 5, 2003, at the office of the returning officer of the electoral division of Champlain, and the poll shall be held on May 20, 2003;

WHEREAS section 394 of the Election Act does not provide for all the terms and conditions of the new election, and it is appropriate to adapt the provisions of the Act due to the exceptional circumstances of the tie vote;

WHEREAS section 490 of the Election Act allows the chief electoral officer to adapt a provision of the Act where he observes that, subsequent to an exceptional circumstance, it does not meet the demands of the situation;

WHEREAS the chief electoral officer has informed the authorized parties represented in the National Assembly of his intention to use the provisions of the said section, and has taken the steps required to inform the other authorized parties, the candidates and the electors in question;

The chief electoral officer, pursuant to the powers conferred upon him by section 490 of the Election Act, has decided to adapt the provisions of the Election Act as follows:

— The election period began on April 24, 2003, and shall end on May 20, 2003, at the time at which the polling stations close;

— For this election, there shall be no period during which publicity is prohibited pursuant to section 429.1 of the Election Act;

— Given that the deadlines stipulated in the Election Act must be adapted to suit the election period mentioned earlier, this shall be done by means of an election calendar published pursuant to section 133 of the said Act and attached to this decision;

— The manual of electors referred to in section 134 of the Election Act shall not be produced;

— Detainees shall vote by correspondence in accordance with the terms and conditions to be arranged with the authorities of the detention centres in question;

— The returning officer of the electoral division of Champlain shall be available for up to 480 hours for the purposes of the new election contemplated in this decision;
