Forest Act
(R.S.Q., c. F-4.1)

— Contribution of holders of certain contracts and agreements **— Amendments**

Regulation to amend the Regulation respecting the contribution of holders of certain contracts and agreements to the forestry fund

WHEREAS, under the first paragraph of section 73.4 of the Forest Act (R.S.Q., c. F-4.1), every timber supply and forest management agreement holder must, at such intervals as are determined by regulation of the Government, pay to the Minister of Natural Resources a contribution for the financing of activities related to forest management;

WHEREAS, under the second paragraph of that section, such contribution shall be established by the Minister on the basis of a rate per cubic metre of timber, fixed by regulation of the Government, that is applicable to the volume of timber allotted to the agreement holder in the agreement and is determined on the date or dates fixed by the regulation;

WHEREAS, under subparagraph 18.2 of the first paragraph of section 172 of the Act, the Government may, by regulation, fix the rate referred to in section 73.4, the date or dates on which the volume allotted to an agreement holder under an agreement must be determined for the purposes of the contribution, and determine the intervals, dates and methods of payment of the contribution;

WHEREAS, under section 176 of the Act to amend the Forest Act and other legislative provisions (2001, c. 6), amended by section 58 of chapter 16 of the Statutes of 2003, the provisions of sections 73.4 to 73.6 of the Forest Act concerning the contributions to be paid into the forestry fund apply to forest management agreements and forest management contracts taking effect or renewed after 26 June 2001, the date of the day preceding the date of coming into force of the provisions of section 176;

WHEREAS, under paragraph 1 of section 58 of the Act to amend the Forest Act and other legislative provisions and to enact certain special provisions applicable to forest management activities prior to 1 April 2006 (2003, c. 16), no contribution into the forestry fund is payable, however, by a contract holder that is a municipality or a Native band council;

WHEREAS, under section 95.2.1 of the Forest Act, sections 73.4 and 73.5 of that Act apply to a holder of a wood processing plant operating permit who has entered into an auxiliary timber supply guarantee agreement as if the holder were the holder of a timber supply and forest management agreement. However, section 184 of the Act to amend the Forest Act and other legislative provisions (2001, c. 6) provides that the provisions relating to the contributions paid into the forestry fund do not apply to auxiliary timber supply guarantee agreements in force on 27 June 2001;

WHEREAS, under sections 95.2.1 and 104.5 of the Forest Act, a clarification is made in respect of the holder of an auxiliary timber supply guarantee agreement or forest management agreement by an indication that the rate per cubic metre of timber is applicable, in the former case, to the auxiliary volume specified in the auxiliary timber supply guarantee agreement and, in the latter case, to the volume authorized under the holder's forest management contract permit;

WHEREAS, by Order in Council 328-2002 dated 20 March 2002, the Government made the Regulation respecting the contribution of holders of certain contracts and agreements to the forestry fund;

WHEREAS it is expedient to amend that Regulation to fix, as of 1 April 2004, the rate per cubic metre of timber on which the contribution to the forestry fund is established;

WHEREAS, in accordance with sections 10, 12 and 13 of the Regulations Act (R.S.Q., c. R-18.1), a draft Regulation to amend the Regulation respecting the contribution of holders of certain contracts and agreements to the forestry fund was published in Part 2 of the *Gazette officielle du Québec* of 3 March 2004 with a notice that it could be made by the Government on the expiry of 15 days following that publication;

WHEREAS the 15-day period has expired;

WHEREAS, under section 18 of the Regulations Act, a regulation may come into force on the date of its publication in the *Gazette officielle du Québec* or between that date and the date applicable under section 17 where the authority that has made it is of the opinion that the urgency of the situation requires it;

WHEREAS, under that section, the reason justifying such coming into force shall be published with the regulation;

WHEREAS the Government is of the opinion that it is urgent that the Regulation come into force on 1 April 2004 since the contribution to the forestry fund is used to fund the activities related to forest management and it is essential, considering the importance of the activities, that a rate become effective on that date to ensure that the funding of the activities of the forestry fund is not affected;

WHEREAS it is expedient to make the Regulation without amendments;

IT IS ORDERED, therefore, on the recommendation of the Minister of Natural Resources, Wildlife and Parks and the Minister for Forests, Wildlife and Parks:

THAT the Regulation to amend the Regulation respecting the contribution of holders of certain contracts and agreements to the forestry fund, attached to this Order in Council, be made.

WHEREAS, under sections 13 and 18 of that Act, the reason justifying the absence of prior publication and such coming into force shall be published with the regulation;

WHEREAS the Government is of the opinion that the urgency due to the following circumstances justifies the absence of prior publication and the coming into force on the date of its publication in the *Gazette officielle du Québec*:

— in the interval before the Régie de l'énergie gives its opinion, expected at the latest on 30 June 2004, on a secure energy supply for Quebecers in relation to electrical power supplies and the contribution from the Suroît project, it is essential to eliminate the requirement for the electric power distributor to proceed with the tender solicitation to take place no later than 6 April 2004, so as not to affect government policy regarding cogeneration and to clarify the situation as it applies to the distributor and to the enterprises interested in tendering;

M.O., 2004

Order number AM 2004-009 of the Minister of Natural Resources, Wildlife and Parks and the Minister for Forests, Wildlife and Parks dated 25 March 2004

Forest Act
(R.S.Q., c. F-4.1 ; 2003, c. 8 et 16)

Regulation respecting unit rates applicable to the calculation of dues for forest management permits for the supply of wood processing plants

THE MINISTER OF NATURAL RESOURCES, WILDLIFE AND PARKS AND THE MINISTER FOR FORESTS, WILDLIFE AND PARKS,

CONSIDERING the third paragraph of section 5 of the Forest Act (R.S.Q., c. F-4.1) which provides that the Minister shall determine the unit rates for the classes of forest management permits for which the unit rates have not been determined by regulation of the Government;

CONSIDERING section 72 of that Act which provides that the Minister shall determine the unit rate corresponding to the stumpage value according to the rules of calculation determined by regulation of the Government;

CONSIDERING Order in Council number 372-87 dated 18 March 1987 according to which the Government made the Regulation respecting forest royalties;

CONSIDERING that, in accordance with sections 2 and 7 of that Regulation, it is expedient to establish the unit rates for the stumpage value applicable to the calculation of the dues payable by the holder of a forest management permit for the supply of a wood processing plant for the 2004-2005 fiscal year;

CONSIDERING that, in accordance with sections 10, 12 and 13 of the Regulations Act (R.S.Q., c. R-18.1), a draft of the Regulation attached to this Order was published in Part 2 of the *Gazette officielle du Québec* of 18 February 2004 with a notice that it could be made by the Minister upon the expiry of a 30-day period following that publication;

* The Regulation respecting energy produced by cogeneration, made by Order in Council 1319-2003 dated 10 December 2003 (2003, *G.O.* 2, 3801), has not been amended since it was made.

CONSIDERING that the 30-day period has expired;

CONSIDERING section 18 of that Act which provides that a regulation may come into force on the date of its publication in the *Gazette officielle du Québec*, or between that date and the date applicable under section 17 of that Act, where the authority that has made it is of the opinion that the urgency of the situation requires it;

CONSIDERING the same section which provides that the reason justifying such coming into force shall be published with the regulation;

CONSIDERING that in the opinion of the Minister the urgency due to the following circumstances justifies such coming into force:

— The first paragraph of section 2 of the Regulation respecting forest royalties specifies that in order to determine a unit rate fixed by the Minister under the first paragraph of section 72 of the Forest Act the stumpage value of standing timber shall be calculated on 1 April of each year in each forest tariffing zone, by species or group of species and quality of timber, according to the parity technique applicable in property assessment, by comparing the timber to similar timber for which the selling price is known.

For the application of that regulation, the rates must be known as soon as possible;

CONSIDERING that it is expedient to make the Regulation with amendments;

ORDER:

The Regulation respecting unit rates applicable to the calculation of dues for forest management permits for the supply of wood processing plants, attached to this Order, is made.

Québec, 25 March 2004

PIERRE CORBEIL, <i>Minister for Forests, Wildlife and Parks</i>	SAM HAMAD, <i>Minister of Natural Resources, Wildlife and Parks</i>
--	--

Regulation respecting unit rates applicable to the calculation of dues for forest management permits for the supply of wood processing plants

1. The unit rates for stumpage in forests in the public domain by tariffing zone for the fiscal year 2004-2005 set out in Schedule I shall be indexed on 1 April, 1 July, 1 October 2004 and 1 January 2005 in accordance with the performance of the price indexes for the forest products specified in Schedule II. The index rates per species, group of species and quality shall be calculated in accordance with the following formulas:

Index rate at 1 April 2004	=	Average price index for the months of December 2003, January and February 2004
		Average price index for the months of April 2001 to March 2003
Index rate at 1 July 2004	=	Average price index for the months of March, April and May 2004
		Average price index for the months of April 2001 to March 2003
Index rate at 1 October 2004	=	Average price index for the months of June, July and August 2004
		Average price index for the months of April 2001 to March 2003
Index rate at 1 January 2005	=	Average price index for the months of September, October and November 2004
		Average price index for the months of April 2001 to March 2003

The amounts thus indexed shall apply, in each forest tariffing zone indicated in Schedule I, to the calculation of the dues payable by the holder of a forest management permit for the supply of a wood processing plant for the 3-month period following the date of indexing.

The amounts indexed in the manner prescribed in the first paragraph shall be reduced to the nearest fraction of $\$0.10/\text{m}^3$ where they contain a fraction less than $\$0.025/\text{m}^3$. They shall be rounded off to the nearest fraction of $\$0.05/\text{m}^3$ where they contain a fraction equal to or greater than $\$0.025/\text{m}^3$ but less than $\$0.075/\text{m}^3$ and shall be increased to the nearest fraction of $\$0.10/\text{m}^3$ where they contain a fraction equal to or greater than $\$0.075/\text{m}^3$.

The Minister of Natural Resources, Wildlife and Parks and the Minister for Forests, Wildlife and Parks shall inform the public, through Part I of the *Gazette officielle du Québec* and, where they consider it appropriate, by any other means, of the indexing calculated under this section.

2. This Regulation replaces the Regulation respecting unit rates applicable to the calculation of dues for forest management permits for the supply of wood processing plants, made by Minister's Order number AM 2003-007 of the Minister of Natural Resources, dated 24 March 2003.

3. This Regulation comes into force on 1 April 2004.

(1) The value admitted as payment of dues can be increased by 2.6% when the silvicultural treatments are realized from forest camps whose admissibility criterias are defined in the relative instructions to the application of the present order.

(2) The value admitted as payment of dues can be increased by 7.8% when the silvicultural treatments are realized from forest camps whose admissibility criterias are defined in the relative instructions to the application of the present order.

(3) The value admitted as payment of dues includes some harvesting, road construction, supervision or tree marking costs.

(4) The value admitted as payment of dues can be increased by 60 \$/ha when the marking of trees takes into account the trees to preserve.

(5) The inaccessible zones are the forest tarification zones appearing at Schedule I of the Regulation respecting forest royalties, as modified by Order in Council 192-2002 of February 27th 2002, and having the following numbers: 220, 227, 228, 229, 230, 231, 232, 233, 236, 237, 239, 837, 838, 839, 840, 841, 842, 913, 914, 915, 916, 917, 918, 919, 920, 922, 923. The accessible zones are all the other forest tarification zones appearing in that Schedule that do not have the numbers previously indicated.

Note: The expression “tolerant hardwoods” includes white pine and red pine.
