Forest Act
(R.S.Q., c. F-4.1)

Forestry fund — Contributions — Amendments

Regulation to amend the Regulation respecting contributions to the forestry fund

WHEREAS, under the first paragraph of section 73.4 of the Forest Act (R.S.Q., c. F-4.1), every holder of a timber supply and forest management agreement must, at such intervals as are determined by regulation of the Government, pay to the Minister of Natural Resources and Wildlife a contribution for the financing of activities related to forest management;

WHEREAS, under the second paragraph of that section, the contribution, paid into the forestry fund under section 73.5 of the Forest Act, shall be established by the Minister on the basis of a rate per cubic metre of timber, fixed by regulation of the Government, that is applicable to the volume of timber allotted to the agreement holder in the agreement and is determined on the date or dates fixed by the regulation;

WHEREAS, under section 176 of the Act to amend the Forest Act and other legislative provisions (2001, c. 6), amended by section 58 of chapter 16 of the Statutes of 2003, the provisions of sections 73.4 to 73.6 of the Forest Act concerning the contributions to be paid into the forestry fund apply to forest management agreements and forest management contracts taking effect or renewed after 26 June 2001, which is the day before the date of coming into force of section 176;

WHEREAS, under section 95.2.1 of the Forest Act, sections 73.4 and 73.5 of the Act apply to the holder of a wood processing plant operating permit who has entered into an auxiliary timber supply guarantee agreement as if the permit holder were the holder of a timber supply and forest management agreement; however, section 184 of the Act to amend the Forest Act and other legislative provisions provides that the provisions respecting the contributions to be paid into the forestry fund do not apply to auxiliary timber supply guarantee agreements in force on 27 June 2001;

WHEREAS, under the second paragraph of section 92.0.2 of the Forest Act, a holder of a wood processing plant operating permit who acquires timber from an agreement holder authorized to send it to the permit holder must pay a contribution to the Minister for the financing of activities related to forest management;

WHEREAS, under the third paragraph of that section, that contribution paid into the forestry fund shall be established by the Minister on the basis of a rate per cubic metre, set by regulation of the Government, applicable to the volume of timber acquired by the holder of a wood processing plant operating permit from the agreement holder;

WHEREAS, under section 92.0.3 of the Forest Act, the Minister may, if considered expedient by the Minister, accredit the holder of a wood processing plant operating permit to enable the permit holder to obtain a management permit in a management unit to supply the holder's plant where a volume of timber is made available following a person's waiver of the right provided for in a reservation agreement entered into pursuant to section 170.1 or by reason of the failure by that person to exercise that right in a previous year;

WHEREAS, under the second paragraph of section 92.0.11 of the Forest Act, in such a case the holder of a wood processing plant operating permit must also pay a contribution to the Minister for the financing of activities related to forest management;

WHEREAS, under the third paragraph of that section, the contribution paid into the forestry fund shall be established by the Minister on the basis of a rate per cubic metre of timber, set by regulation of the Government, applicable to the volume of round timber indicated in the accreditation;

WHEREAS, under subparagraph 18.2.1 of the first paragraph of section 172 of the Forest Act, the Government may, by regulation, set the rate referred to in the third paragraph of sections 92.0.2 and 92.0.11 and determine the date and other terms of payment of the contribution referred to in those sections;

WHEREAS the Government made the Regulation to amend the Regulation respecting the contribution of holders of certain contracts and agreements to the forestry fund by Order in Council 454-2005 dated 11 May 2005 to amend, in particular the title of the Regulation;

WHEREAS it is expedient to amend the Regulation to set, as of 1 January 2006, a rate of \$0.1775 per cubic metre of timber applicable to holders of agreements and contracts, payable on the dates on which the contribu-

tion to the forestry fund is to be paid, and a rate of \$0.71 per cubic metre of timber applicable to the volume of timber acquired from a holder by a holder of a wood processing plant operating permit and applicable to the volume of round timber indicated in an accreditation. The rate of \$0.71 corresponds to the total of the rates applicable on the payment dates provided for in section 2 of the Regulation as amended, which is four times the rate of \$0.1775 per cubic metre of timber;

WHEREAS, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), a draft of the Regulation to amend the Regulation respecting contributions to the forestry fund, attached to this Order in Council, was published in Part 2 of the *Gazette officielle du Québec* of 24 August 2005 with a notice that it could be made by the Government on the expiry of 45 days following that publication;

WHEREAS the 45-day period has expired;

WHEREAS it is expedient to make the Regulation without amendment;

IT IS ORDERED, therefore, on the recommendation of the Minister of Natural Resources and Wildlife:

All disclosure of scientific or technical information made by an issuer, including disclosure of a mineral resource or mineral reserve, concerning a mineral project on a property material to the issuer must be based upon information prepared by or under the supervision of a qualified person.

2.2. All Disclosure of Mineral Resources or Mineral Reserves

An issuer must not disclose any information about a mineral resource or mineral reserve unless the disclosure

(a) uses only the applicable mineral resource and mineral reserve categories set out in sections 1.2 and 1.3;

(b) states the basis on which the disclosed potential quantity and grade has been determined.

(3) Despite paragraph (1)(b), an issuer may disclose a preliminary assessment that includes inferred mineral resources if

(a) the results of the preliminary assessment are a material change or a material fact with respect to the issuer; and

(b) the disclosure

(4) An issuer must not use the term preliminary feasibility study, pre-feasibility study or feasibility study when referring to a study unless the study satisfies the criteria set out in the definition of the applicable term in section 1.1.

5.6. Amendment to Short Form Prospectus

(1) If, after a receipt is issued for a short form prospectus but prior to the completion of the distribution under such short form prospectus, securities in addition to the securities previously disclosed in the prospectus are to be distributed, the person or company making the distribution must file an amendment to the short form prospectus disclosing the additional securities, as soon as practical, and in any event no later than 10 days after the decision to increase the number of securities offered is made.

(2) The regulator or, in Québec, the securities regulatory authority shall issue a receipt for an amendment to a short form prospectus required to be filed under this section or under securities legislation unless the regulator considers that it is not in the public interest to do so, or unless otherwise required by securities legislation.

(3) The regulator or, in Québec, the securities regulatory authority shall not refuse to issue a receipt under subsection (2) without giving the person or company who filed the short form prospectus an opportunity to be heard and, in Québec, to present observations and, where necessary, to produce documents to complete its file.

(4) A distribution or an additional distribution must not proceed until a receipt for an amendment to a short form prospectus that is required to be filed is issued by the regulator or, in Québec, the securities regulatory authority.

PART 6 NON-FIXED PRICE OFFERINGS AND REDUCTION OF OFFERING PRICE UNDER SHORT FORM PROSPECTUS

6.1 Non-Fixed Price Offerings and Reduction of Offering Price under Short Form Prospectus

(1) Every security distributed under a short form prospectus shall be distributed at a fixed price.

(2) Despite subsection (1), securities for which the issuer is qualified under Part 2 to file a prospectus in the form of a short form prospectus may be distributed for cash at non-fixed prices under a short form prospectus if, at the time of the filing of the preliminary short form prospectus, the securities have received a rating, on a provisional or final basis, from at least one approved rating organization.

(3) Despite subsection (1), if securities are distributed for cash under a short form prospectus, the price of the securities may be decreased from the initial offering

price disclosed in the short form prospectus and, after such a decrease, changed from time to time to an amount not greater than the initial offering price, without filing an amendment to the short form prospectus to reflect the change, if

(a) the securities are distributed through one or more underwriters that have agreed to purchase all of the securities at a specified price,

(b) the proceeds to be received by the issuer or selling security holders or by the issuer and selling security holders are disclosed in the short form prospectus as being fixed, and

(c) the underwriters have made a reasonable effort to sell all of the securities distributed under the short form prospectus at the initial offering price disclosed in the short form prospectus.

(4) Despite subsections (2) and (3), the price at which securities may be acquired on exercise of rights shall be fixed.

PART 7 SOLICITATIONS OF EXPRESSIONS OF INTEREST

7.1. Solicitations of Expressions of Interest

The prospectus requirement does not apply to solicitations of expressions of interest before the filing of a preliminary short form prospectus for securities to be qualified for distribution under a short form prospectus in accordance with this Regulation, if

(a) the issuer has entered into an enforceable agreement with an underwriter who has, or underwriters who have, agreed to purchase the securities,

(b) the agreement referred to in paragraph (a) has fixed the terms of the distribution and requires that the issuer file a preliminary short form prospectus for the securities and obtain from the regulator or, in Québec, the securities regulatory authority a receipt, dated as of a date that is not more than four business days after the date that the agreement is entered into, for the preliminary short form prospectus,

(c) the issuer has issued and filed a news release announcing the agreement immediately upon entering into the agreement,

(d) upon issuance of a receipt for the preliminary short form prospectus, a copy of the preliminary short form prospectus is sent to each person or company who has expressed an interest in acquiring the securities, and

(e) except as provided in paragraph (a), no agreement of purchase and sale for the securities is entered into until the short form prospectus has been filed and a receipt obtained.

PART 8 EXEMPTION

8.1. Exemption

(1) The regulator or the securities regulatory authority and, in Québec, only the securities regulatory authority, may grant an exemption from the provisions of this Regulation, in whole or in part, subject to such conditions or restrictions as may be imposed in the exemption.

(2) Despite subsection (1), in Ontario only the regulator may grant such an exemption.

(3) An application made to the securities regulatory authority or regulator and, in Québec, only the securities regulatory authority for an exemption from the provisions of this Regulation shall include a letter or memorandum describing the matters relating to the exemption, and indicating why consideration should be given to the granting of the exemption.

(4) Except in Ontario, an exemption referred to in subsection (1) is granted under the statute referred to in Appendix B of National Instrument 14-101 Definitions, adopted by the Commission des valeurs mobilières du Québec pursuant to decision No. 2001-C-0274 dated June 12, 2001 opposite the name of the local jurisdiction.

8.2. Evidence of Exemption

(1) Without limiting the manner in which an exemption under this Part may be evidenced, the granting under this Part of an exemption, other than an exemption, in whole or in part, from Part 2 or subsection 4.5(3), may be evidenced by the issuance of a receipt for a short form prospectus or an amendment to a short form prospectus.

(2) An exemption under this Part may be evidenced in the manner set out in subsection (1) only if

(a) the person or company that sought the exemption

i. sent to the regulator or, in Québec, the securities regulatory authority the letter or memorandum referred to in subsection 8.1(3) on or before the date of the filing of the preliminary short form prospectus, or

ii. sent to the regulator or, in Québec, the securities regulatory authority the letter or memorandum referred to in subsection 8.1(3) after the date of the filing of the preliminary short form prospectus and received a written acknowledgement from the regulator or, in Québec, the securities regulatory authority that the exemption may be evidenced in the manner set out in subsection (1); and

(b) the regulator or, in Québec, the securities regulatory authority has not before, or concurrently with, the issuance of the receipt sent notice to the person or company that sought the exemption, that the exemption sought may not be evidenced in the manner set out in subsection (1).

PART 9 TRANSITION, REPEAL AND EFFECTIVE DATE

9.1. Applicable Rules

A short form prospectus may, at the issuer's option be prepared in accordance with securities legislation in effect at either the date of issuance of a receipt for the preliminary short form prospectus or the date of issuance of a receipt for the short form prospectus.

9.2. Repeal

This Regulation replaces Regulation 44-101 respecting Short Form Prospectus Distributions adopted by the Commission des valeurs mobilières du Québec pursuant to decision No. 2001-C-0394 dated August 14, 2001.

9.3. Effective Date

FORM 44-101F1

SHORT FORM PROSPECTUS

INSTRUCTIONS

(1) *The objective of the short form prospectus is to provide information concerning the issuer that an investor needs in order to make an informed investment decision. This Form sets out specific disclosure requirements that are in addition to the general requirement under securities legislation to provide full, true and plain disclosure of all material facts relating to, and, in Québec, not to make any misrepresentation likely to affect the value or market price of, the securities to be distributed. Certain rules of specific application impose prospectus disclosure obligations in addition to those described in this Form.*

(2) *Terms used and not defined in this Form that are defined or interpreted in the Regulation shall bear that definition or interpretation. Other definitions are set out in National Instrument 14-101 Definitions.*

(3) *In determining the degree of detail required, a standard of materiality should be applied. Materiality is a matter of judgement in the particular circumstance, and should generally be determined in relation to an item's significance to investors, analysts and other users of information. An item of information, or an aggregate of items, is considered material if it is probable that its omission or misstatement would influence or change an investment decision with respect to the issuer's securities. In determining whether information is material, take into account both quantitative and qualitative factors. The potential significance of items should be considered individually rather than on a net basis, if the items have an offsetting effect. This concept of materiality is consistent with the financial reporting notion of materiality contained in the Handbook.*

(4) *Unless an item specifically requires disclosure only in the preliminary short form prospectus, the disclosure requirements set out in this Form apply to both the preliminary short form prospectus and the short form prospectus. Details concerning the price and other matters dependent upon or relating to price, such as the number of securities being distributed, may be left out of the preliminary short form prospectus, along with specifics concerning the plan of distribution, to the extent that these matters have not been decided.*

(5) *Any information required in a short form prospectus may be incorporated by reference in the short form prospectus, other than confidential material change*

reports. Clearly identify in a short form prospectus any document incorporated by reference. If an excerpt of a document is incorporated by reference, clearly identify the excerpt in the short form prospectus by caption and paragraph of the document. Any material incorporated by reference in a short form prospectus is required under sections 4.1 and 4.2 of the Regulation to be filed with the short form prospectus unless it has been previously filed.

(6) The disclosure must be understandable to readers and presented in an easy to read format. The presentation of information should comply with the plain language principles listed in section 4.2 of Policy Statement to Regulation 44-101 respecting Short Form Prospectus Distributions adopted by the Autorité des marchés financiers pursuant to decision No. 2005-PDG-0388 dated December 13, 2005. If technical terms are required, clear and concise explanations should be included.

(7) No reference need be made to inapplicable items and, unless otherwise required in this Form, negative answers to items may be omitted.

(8) Where the term “issuer” is used, it may be necessary, in order to meet the requirement for full, true and plain disclosure of all material facts, and in Québec, disclosure of all material facts likely to affect the value or the market price of the securities to be distributed, to also include disclosure with respect to the issuer’s subsidiaries and investees. If it is more likely than not that a person or company will become a subsidiary or investee, it may be necessary to also include disclosure with respect to the person or company.

(9) An issuer that is a special purpose entity may have to modify the disclosure items to reflect the special purpose nature of its business.

(10) If disclosure is required as of a specific date and there has been a material change or change that is otherwise significant in the required information subsequent to that date, present the information as of the date of the change or a date subsequent to the change instead.

(11) If the term “class” is used in any item to describe securities, the term includes a series of a class.

(12) Disclosure in a preliminary short form prospectus or short form prospectus must be consistent with Regulation 51-101 respecting Standards of Disclosure for Oil and Gas Activities approved by Ministerial Order No. 2005-15 dated August 2, 2005 if the issuer is engaged in oil and gas activities (as defined in Regulation 51-101).

Item 3 Consolidated Capitalization

3.1 Consolidated Capitalization

Describe any material change in, and the effect of the material change on, the share and loan capital of the issuer, on a consolidated basis, since the date of the issuer's financial statements most recently filed in accordance with the applicable CD rule, including any material change that will result from the issuance of the securities being distributed under the short form prospectus.

Item 4 Use of Proceeds

4.1 Proceeds

State the estimated net proceeds to be received by the issuer or selling security holder or, in the case of a non-fixed price distribution or a distribution to be made on a best efforts basis, the minimum amount, if any, of net proceeds to be received by the issuer or selling security holder from the sale of the securities distributed. If the short form prospectus is used for a special warrant or similar transaction, state the amount that has been received by the issuer of the special warrants or similar securities on the sale of the special warrants or similar securities.

4.2 Principal Purposes

(1) Describe in reasonable detail and, if appropriate, using tabular form, each of the principal purposes, with approximate amounts, for which the net proceeds will be used by the issuer. If the closing of the distribution is subject to a minimum subscription, provide disclosure of the use of proceeds for the minimum and maximum subscriptions.

(2) If more than 10 percent of the net proceeds will be used to reduce or retire indebtedness and the indebtedness was incurred within the two preceding years, describe the principal purposes for which the proceeds of the indebtedness were used and, if the creditor is an insider, associate or affiliate of the issuer, identify the creditor and the nature of the relationship to the issuer and the outstanding amount owed.

Item 5 Plan of Distribution

5.1 Disclosure of Market Out

If securities are distributed by an underwriter that has agreed to purchase all of the securities at a specified price and the underwriter's obligations are subject to conditions, include a statement in substantially the following form, with the bracketed information completed and with modifications necessary to reflect the terms of the distribution:

“Under an agreement dated [insert date of agreement] between [insert name of issuer or selling security holder] and [insert name(s) of underwriter(s)], as underwriter[s], [insert name of issuer or selling security holder] has agreed to sell and the underwriter[s] [has/have] agreed to purchase on [insert closing date] the securities at a price of [insert offering price], payable in cash to [insert name of issuer or selling security holder] against delivery. The obligations of the underwriter[s] under the agreement may be terminated at [its/their] discretion on the basis of [its/their] assessment of the state of the financial markets and may also be terminated upon the occurrence of certain stated events. The underwriter[s] [is/are], however, obligated to take up and pay for all of the securities if any of the securities are purchased under the agreement.”

5.2 Best Efforts Offering

Outline briefly the plan of distribution of any securities being distributed other than on the basis described in section 5.1.

5.3 Determination of Price

Disclose the method by which the distribution price has been or will be determined and, if estimates have been provided, explain the process for determining the estimates.

5.4 Over-Allotments

If the issuer, a selling security holder or an underwriter knows or has reason to believe that there is an intention to over-allot or that the price of any security may be stabilized to facilitate the distribution of the securities, disclose this information.

5.5 Minimum Distribution

If a minimum amount of funds is required under the issue and the securities are to be distributed on a best efforts basis, state the minimum amount required to be

raised and the maximum that could be raised. Also indicate that the distribution will not continue for a period of more than 90 days after the date of the receipt for the short form prospectus if subscriptions representing the minimum amount of funds are not obtained within that period, unless each of the persons and companies who subscribed within that period has consented to the continuation. State that during that period funds received from subscriptions will be held by a depository who is a registrant, bank or trust company and if the minimum amount of funds is not raised, the funds will be returned to the subscribers unless the subscribers have otherwise instructed the depository.

5.6 Reduced Price Distributions

If an underwriter wishes to be able to decrease the price at which securities are distributed for cash from the initial offering price disclosed in the short form prospectus and thereafter change, from time to time, the price at which securities are distributed under the short form prospectus in accordance with the procedures permitted by the Regulation, disclose that, after the underwriter has made a reasonable effort to sell all of the securities at the initial offering price disclosed in the short form prospectus, the offering price may be decreased, and further changed from time to time, to an amount not greater than the initial offering price disclosed in the short form prospectus and that the compensation realized by the underwriter will be decreased by the amount that the aggregate price paid by purchasers for the securities is less than the gross proceeds paid by the underwriter to the issuer or selling security holder.

5.7 Listing Application

If application has been made to list or quote the securities being distributed, include a statement in substantially the following form with the bracketed information completed:

“The issuer has applied to [list/quote] the securities distributed under this short form prospectus on [name of exchange or other market]. [Listing/Quotation] will be subject to the issuer fulfilling all the listing requirements of [name of exchange or other market].”

5.8 Conditional Listing Approval

“[name of exchange or other market] has conditionally approved the [listing/quotation] of these securities. [Listing/Quotation] is subject to the [name of the issuer] fulfilling all of the requirements of the [name of exchange or market] on or before [date], [including distribution of these securities to a minimum number of public security holders.]”.

5.9 Constraints

If there are constraints imposed on the ownership of securities of the issuer to ensure that the issuer has a required level of Canadian ownership, describe the mechanism, if any, by which the level of Canadian ownership of the securities of the issuer will be monitored and maintained.

Item 6 Earnings Coverage Ratios

6.1 Earnings Coverage Ratios

(1) If the securities being distributed are debt securities having a term to maturity in excess of one year or are preferred shares, disclose the following earnings coverage ratios adjusted in accordance with subsection (2):

1. The earnings coverage ratio based on the most recent 12 month period included in the issuer's current annual financial statements. If there has been a change in year end and the issuer's most recent financial year is less than nine months in length, also disclose the earnings coverage calculation for its old financial year. If the issuer's financial year is less than 12 months in length, the earnings coverage should be calculated on an annualized basis.

2. The earnings coverage ratio based on the 12 month period ended on the last day of the most recently completed period for which interim financial statements of the issuer have been, or are required to have been, incorporated by reference into the short form prospectus.

(2) Adjust the ratios referred to in subsection (1) to reflect

(a) the issuance of the securities being distributed under the short form prospectus, based on the price at which these securities are expected to be distributed;

(b) in the case of a distribution of preferred shares, the issuance of all preferred shares issued since the date of the annual or interim financial statements, and

i. the repurchase, redemption or other retirement of all preferred shares

ii. repurchased, redeemed, or otherwise retired since the date of the annual or interim financial statements and of all preferred shares to be repurchased, redeemed, or otherwise retired from the proceeds to be realized from the sale of securities under the short form prospectus;

(c) the issuance of all long-term financial liabilities, as defined in accordance with the issuer's GAAP;

(d) the repayment, redemption or other retirement of all long-term financial liabilities, as defined in accordance with the issuer's GAAP, since the date of the annual or interim financial statements and all long-term financial liabilities to be repaid or redeemed from the proceeds to be realized from the sale of securities distributed under the short form prospectus; and

(e) the servicing costs that were incurred, or are expected to be incurred, in relation to the adjustments.

(3) If the issuer is distributing, or has outstanding, debt securities that are accounted for, in whole or in part, as equity, disclose in notes to the ratios required under subsection (1)

(a) that the ratios have been calculated excluding the carrying charges for those securities that have been reflected in equity in the calculation of the issuer's interest and dividend obligations;

(b) that if those securities had been accounted for in their entirety as debt for the purpose of calculating the ratios required under subsection (1), the entire amount of the annual carrying charges for those securities would have been reflected in the calculation of the issuer's interest and dividend obligations; and

(c) the earnings coverage ratios for the periods referred to in subsection (1), calculated as though those securities had been accounted for as debt.

(4) If the earnings coverage ratio is less than one-to-one, disclose in the prospectus the dollar amount of the earnings required to achieve a ratio of one-to-one.

(5) If the short form prospectus includes a pro forma income statement, calculate the pro forma earnings coverage ratio and disclose it in the prospectus.

INSTRUCTIONS

(1) *Cash flow coverage may be disclosed but only as a supplement to earnings coverage and only if the method of calculation is fully disclosed.*

(2) *Earnings coverage is calculated by dividing an entity's earnings (the numerator) by its interest and dividend obligations (the denominator).*

(3) *For the earnings coverage calculation*

(a) *the numerator should be calculated using consolidated net income before interest and income taxes;*

(b) *imputed interest income from the proceeds of a distribution should not be added to the numerator;*

(c) *an issuer may also present, as supplementary disclosure, a coverage calculation based on earnings before discontinued operations and extraordinary items;*

(d) *for distributions of debt securities, the appropriate denominator is interest expense determined in accordance with the issuer's GAAP, after giving effect to the new debt issue and any retirement of obligations, plus the amount of interest that has been capitalized during the period;*

(e) *for distributions of preferred shares*

i. *the appropriate denominator is dividends declared during the period, together with undeclared dividends on cumulative preferred shares, after giving effect to the new preferred share issue, plus the issuer's annual interest requirements, including the amount of interest that has been capitalized during the period, less any retirement of obligations, and*

ii. *dividends should be grossed-up to a before-tax equivalent using the issuer's effective income tax rate; and*

(f) *for distributions of both debt securities and preferred shares, the appropriate denominator is the same as for a preferred share issue, except that the denominator should also reflect the effect of the debt being offered pursuant to the short form prospectus.*

(4) *The denominator represents a pro forma calculation of the aggregate of an issuer's interest obligations on all long-term debt and dividend obligations (including both dividends declared and undeclared dividends on cumulative preferred shares) with respect to all outstanding preferred shares, as adjusted to reflect*

(a) *the issuance of all long-term debt and, in addition in the case of an issuance of preferred shares, all preferred shares issued, since the date of the annual or interim financial statements;*

(b) *the issuance of the securities that are to be distributed under the short form prospectus, based on a reasonable estimate of the price at which these securities will be distributed;*

(c) *the repayment or redemption of all long-term debt since the date of the annual or interim financial statements, all long-term debt to be repaid or redeemed from the proceeds to be realized from the sale of securities under the short form prospectus and, in addition, in the case of an issuance of preferred shares, all preferred shares repaid or redeemed since the date of the annual or interim financial statements and all preferred shares to be repaid or redeemed from the proceeds to be realized from the sale of securities under the short form prospectus; and*

(d) *the servicing costs that were incurred, or will be incurred, in relation to the above adjustments.*

(5) *In certain circumstances, debt obligations may be classified as current liabilities because such obligations, by their terms, are due on demand, are due within one year, or are callable by the creditor. If the issuer is distributing, or has outstanding, debt securities that are classified as current liabilities, disclose*

(a) *in the notes to the ratios required under subsection 6.1(1) that the ratios have been calculated excluding the carrying charges for those debt securities reflected as current liabilities;*

(b) *that if those debt securities had been classified in their entirety as long term debt for the purposes of calculating the ratios under subsection 6.1(1), the entire amount of the annual carrying charges for such debt securities would have been reflected in the calculation of the issuer's interest and dividend obligations; and*

(c) *the earnings coverage ratios for the periods referred to in subsection 6.1(1), calculated as though those debt securities had been classified as long term debt.*

(6) *For debt securities, disclosure of earnings coverage shall include language similar to the following:*

"[Name of the issuer]'s interest requirements, after giving effect to the issue of [the debt securities to be distributed under the short form prospectus], amounted to \$• for the 12 months ended •. [Name of the issuer]'s earnings before interest and income tax for the 12 months then ended was \$•, which is • times [name of the issuer]'s interest requirements for this period."

(7) For preferred share issues, disclosure of earnings coverage shall include language similar to the following :

“[Name of the issuer]’s dividend requirements on all of its preferred shares, after giving effect to the issue of [the preferred shares to be distributed under the short form prospectus], and adjusted to a before-tax equivalent using an effective income tax rate of •%, amounted to \$• for the 12 months ended •. [Name of the issuer]’s interest requirements for the 12 months then ended amounted to \$•. [Name of the issuer]’s earnings before interest and income tax for the 12 months ended • was \$•, which is • times [name of the issuer]’s aggregate dividend and interest requirements for this period.”.

(8) If the earnings coverage ratio is less than one-to-one, disclose the dollar amount of the coverage deficiency (i.e. the dollar amount of earnings required to attain a ratio of one-to-one).

(9) Other earnings coverage calculations may be included as supplementary disclosure to the required earnings coverage calculations outlined above as long as their derivation is disclosed and they are not given greater prominence than the required earnings coverage calculations.

“economic interest in a security” means

(a) a right to receive or the opportunity to participate in a reward, benefit or return from the security, or

(b) exposure to a loss or a risk of loss in respect to the security;

“exemptive relief” has the meaning ascribed to that term, in Québec, in Notice 12-201 relating to Mutual Reliance Review System for Exemptive Relief Applications adopted by the Commission des valeurs mobilières du Québec pursuant to decision No. 2002-C-0243 dated July 15, 2002, and, elsewhere in Canada, in National Policy 12-201 Mutual Reliance Review System for Exemptive Relief Applications;

“reporting issuer” does not include a mutual fund that is a reporting issuer;

“SAR” means a stock appreciation right, which is a right, granted by an issuer or any of its subsidiaries as compensation for services rendered or otherwise in connection with office or employment, to receive a payment of cash or an issue or transfer of securities based wholly or in part on changes in the trading price of publicly traded securities;

“security of a reporting issuer” is deemed to include

(a) a put, call, option or other right or obligation to purchase or sell securities of the reporting issuer; and

(b) a security, the value or market price of which are derived from, referenced to or based on the value, market price or payment obligations of a security of the reporting issuer.

PART 2

REPORTING FOR CERTAIN DERIVATIVE TRANSACTIONS

2.1. Reporting Requirement

If an insider of a reporting issuer

(a) enters into, materially amends or terminates an agreement, arrangement or understanding of any nature or kind, the effect of which is to alter, directly or indirectly,

i. the insider’s economic interest in a security of the reporting issuer, or

ii. the insider’s economic exposure to the reporting issuer; and

(b) the insider is not otherwise required to file an insider report in respect of such event under any provision of Canadian securities legislation, then

the insider shall file an insider report.

2.2. Exemptions

Section 2.1 does not apply to

(a) an agreement, arrangement or understanding which does not involve, directly or indirectly, an interest in

i. a security of the reporting issuer, or

ii. a derivative in respect of which the underlying security, interest, benchmark or formula is or includes as a material component a security of the reporting issuer;

(b) an agreement, arrangement or understanding in the nature of a compensation arrangement established by the reporting issuer or an affiliate of the reporting issuer if

i. the existence and material terms of the compensation arrangement are, or are required to be, described in

(A) the annual audited financial statements of the reporting issuer;

(B) an annual filing of the reporting issuer relating to executive compensation, or any other filing required to be made under any provision of Canadian securities legislation; or

(C) any public filing required to be made under the rules or policies of a stock exchange or market on which securities of the reporting issuer are listed or trade; or

ii. the terms of the compensation arrangement are set out in writing, and the alteration to economic exposure or economic interest referred to in section 2.1 occurs as a result of the satisfaction of a pre-established condition or criterion and does not involve a discrete investment decision by the insider;

(c) a person or company exempt from the insider reporting requirements by virtue of an exemption contained in Canadian securities legislation, to the same extent and on the same conditions as are applicable to such exemption;

(d) a person or company who has obtained exemptive relief in a jurisdiction from the insider reporting requirements of that jurisdiction, to the same extent and on the same conditions as are applicable to such exemptive relief;

(e) a transfer, pledge or encumbrance of securities by an insider for the purpose of giving collateral for a debt made in good faith so long as there is no limitation on the recourse available against the insider for any amount payable under such debt;

(f) to the receipt by an insider of a transfer, pledge or encumbrance of securities of an issuer if the securities are transferred, pledged or encumbered as collateral for a debt under a written agreement and in the ordinary course of business of the insider;

(g) to an insider, other than an insider that is an individual, that enters into, materially amends or terminates an agreement, arrangement or understanding which is in the nature of a credit derivative;

(h) a person or company who did not know and, in the exercise of reasonable diligence, could not have known of the alteration to economic exposure or economic interest described in section 2.1;

(i) the acquisition or disposition of a security, or an interest in a security, of an investment fund, provided that securities of the reporting issuer do not form a material component of the investment fund's market value; or

(j) the acquisition or disposition of a security, or an interest in a security, of an issuer which holds directly or indirectly securities of the reporting issuer, if:

- i. the insider is not a control person of the issuer; and
- ii. the insider does not have or share investment control over the securities of the reporting issuer.

2.3. Existing agreements entered into prior to effective date of Regulation

If an insider of a reporting issuer, prior to the effective date of this Regulation, entered into an agreement, arrangement or understanding in respect of which

(a) the insider would have been required to file an insider report under this Regulation if the agreement, arrangement or understanding had been entered into on or after the effective date, and

(b) the agreement, arrangement or understanding remains in effect on or after the effective date of this Regulation,

then the insider shall file an insider report.

2.4. Existing agreements entered into prior to insider becoming an insider

If an insider of a reporting issuer, prior to the date the insider most recently became an insider of the reporting issuer, entered into an agreement, arrangement or understanding in respect of which

(a) the insider would have been required to file an insider report under this Regulation if the agreement, arrangement or understanding had been entered into on or after the date the insider most recently became an insider, and

(b) the agreement, arrangement or understanding remains in effect on or after the date the insider most recently became an insider,

then the insider shall file an insider report.

PART 3 FORM AND TIMING OF REPORT

3.1. A person or company who is required under Section 2.1 of this Regulation to file a report shall, within 10 days from the day on which the person or company enters into, materially amends or terminates, as the case may be, the agreement, arrangement or understanding described in Section 2.1 of this Regulation, or such shorter period as may be prescribed, file a report in the form prescribed for insider reports under securities legislation disclosing the existence and material terms of the agreement, arrangement or understanding.

3.2. A person or company who is required under Section 2.3 of this Regulation to file a report shall, within 10 days, or such shorter period as may be prescribed, from the effective date of this Regulation, file a report in the form prescribed for insider reports under securities legislation disclosing the existence and material terms of the agreement, arrangement or understanding.

3.3. A person or company who is required under Section 2.4 of this Regulation to file a report shall, within 10 days, or such shorter period as may be pre-

scribed, from the date the person or company most recently became an insider, file a report in the form prescribed for insider reports under securities legislation disclosing the existence and material terms of the agreement, arrangement or understanding.

PART 4 EXEMPTION

4.1. Exemption

(1) The regulator or the securities regulatory authority may grant an exemption from this Regulation, in whole or in part, subject to such conditions or restrictions as may be imposed in the exemption.

(2) Despite subsection (1), in Ontario only the regulator may grant such an exemption.

(3) Except in Ontario, an exemption referred to in subsection (1) is granted under the statute referred to in Appendix B of National Instrument 14-101 Definitions, adopted by the Commission des valeurs mobilières du Québec pursuant to decision No. 2001-C-0274 dated June 12, 2001, opposite the name of the local jurisdiction.

IMPORTANT

Overtime pay, retroactive pay, bonuses, and similar amounts are considered regular remuneration if they are paid along with the employee's wages. If they are paid separately, do not use the following tables; instead, deduct 4.95% of the gross amount without taking the exemption into account.

IMPORTANT

Overtime pay, retroactive pay, bonuses, and similar amounts are considered regular remuneration if they are paid along with the employee's wages. If they are paid separately, do not use the following table; instead, deduct 4.95% of the gross amount without taking the exemption into account.

Draft Regulations

Draft Decree

An Act respecting collective agreement decrees (R.S.Q., c. D-2)

Installation of petroleum equipment — Amendments

Notice is hereby given, under section 5 of the Act respecting collective agreement decrees (R.S.Q., c. D-2), that the Minister of Labour has received a petition from the contracting parties to amend the Decree respecting the installation of petroleum equipment (R.R.Q., 1981, c. D-2, r. 33) and that, under sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), the Decree to amend the Decree respecting the installation of petroleum equipment, the text of which appears below, may be made by the Government upon the expiry of 45 days following this publication.

The purpose of the Draft Decree is to update or clarify certain definitions and terms of employment.

To do so, the Draft Decree provides that the 50% wage increase granted to an employee for the time travelled between job sites or between the employer's establishment and a job site also applies on weekends and general holidays. It also provides that, to be entitled to a half hour with pay at the prevailing salary rate for meals, an employee must work "at least" four additional consecutive hours in addition to his regular workday. The Draft Decree provides that employees must indicate their choice of vacation period by April 1 of the current year, that the employer must post a list for that purpose no later than the 21 May following and that an employee cannot take more than three consecutive weeks as annual vacation. The Draft Decree increases the indemnities to be paid for meals, the hourly wage rates for each class of employment and the employers' and employees' contributions to the pension plan. For payment of wages, a clarification is made to the interpretation of the Decree related to the employer's obligation to have one Class A employee for every four employees in his employment; the employees must be governed by the Decree. The Draft Decree provides that the employer pay an annual increase to his employees equal to the percentage of the increase in the cost of living that exceeds 4% instead of 11%. Finally, the Draft Decree extends the Decree respecting the installation of petroleum equipment to 31 December 2007 and updates its automatic renewal clause.

During the consultation period, the impact of the amendments sought will be clarified. According to the 2004 annual report of The Québec Parity Committee of petroleum equipment installation, the Decree governs 46 employers, 6 artisans and 316 employees.

Further information may be obtained by contacting Ms. Louise Allen, Direction des politiques, de la construction et des décrets, ministère du Travail, 200, chemin Sainte-Foy, 5^e étage, Québec (Québec) G1R 5S1, telephone : 418 528-8182 ; fax : 418 644-6969 ; e-mail : louise.allen@travail.gouv.qc.ca

Any interested person with comments to make is asked to send them in writing, before the expiry of that period, to the Deputy Minister of Labour, 200, chemin Sainte-Foy, 6^e étage, Québec (Québec) G1R 5S1.

JEAN-PAUL BEAULIEU,
