Forest Act
(R.S.Q., c. F-4.1; 2005, c. 3 and 44)

Regulation respecting unit rates applicable to the calculation of dues for forest management permits for the supply of wood processing plants

THE MINISTER OF NATURAL RESOURCES AND WILDLIFE,

CONSIDERING the third paragraph of section 5 of the Forest Act (R.S.Q., c. F-4.1) which provides that the Minister shall determine the unit rates for the classes of forest management permits for which the unit rates have not been determined by regulation of the Government;

CONSIDERING section 72 of that Act which provides that the Minister shall determine the unit rate corresponding to the stumpage value according to the rules of calculation determined by regulation of the Government;

CONSIDERING Order in Council number 372-87 dated 18 March 1987 according to which the Government made the Regulation respecting forest royalties;

CONSIDERING that, in accordance with section 2 and 7 of that Regulation, it is expedient to establish the unit rates for the stumpage value applicable to the calculation of the dues payable by the holder of a forest management permit for the supply of a wood processing plant for the 2006-2007 fiscal year;

CONSIDERING that, in accordance with sections 10, 12 and 13 of the Regulations Act (R.S.Q., c R-18.1), a draft of the Regulation attached to this Order was published in Part 2 of the *Gazette officielle du Québec* of 22 February 2006 with a notice that it could be made by the Minister upon the expiry of a 20-day period following that publication;

CONSIDERING that the 20-day period has expired;

CONSIDERING section 18 of that Act which provides that a regulation may come into force on the date of its publication in the *Gazette officielle du Québec*, or between that date and the date applicable under section 17 of that Act, where the authority that has made it is of the opinion that the urgency of the situation requires it;

CONSIDERING the same section which provides that the reason justifying such coming into force shall be published with the regulation;

CONSIDERING that in the opinion of the Minister the urgency due to the following circumstances justifies such coming into force:

— The first paragraph of section 2 of the Regulation respecting forest royalties specifies that in order to determine a unit rate fixed by the Minister under the first paragraph of section 72 of the Forest Act the stumpage value of standing timber shall be calculated on 1 April of each year in each forest tariffing zone, by species or group of species and quality of timber, according to the parity technique applicable in property assessment, by comparing the timber to similar timber for which the selling price is known.

For the application of that regulation, the rates must be known as soon as possible;

CONSIDERING that it is expedient to make the regulation with amendments;

ORDERS:

The regulation respecting unit rates applicable to the calculation of dues forest management permits for the supply of wood processing plants, attached to this Order, is made.

Québec, 23 March 2006

PIERRE CORBEIL,
*Minister of Natural Resources
and Wildlife*

Regulation respecting unit rates applicable to the calculation of dues for forest management permits for the supply of wood processing plants

Forest Act
(R.S.Q., c. F-4.1, ss. 5 and 72)

1. The unit rates for stumpage in forests in the public domain by tariffing zone for the fiscal year 2006-2007 set out in Schedule I shall be indexed on 1 April, 1 July, 1 October 2006 and 1 January 2007 in accordance with the performance of the price indexes for the forest products specified in Schedule II. The index rates per species, group of species and quality shall be calculated in accordance with the following formulas :

Index rate at = 1 April 2006	Average price index for the months of December 2005, January and February 2006
	Average price index for the months of April 2003 to March 2005
Index rate at = 1 July 2006	Average price index for the months of March, April and May 2006
	Average price index for the months of April 2003 to March 2005
Index rate at = 1 October 2006	Average price index for the months of June, July and August 2006
	Average price index for the months of April 2003 to March 2005
Index rate at = 1 January 2007	Average price index for the months of September, October and November 2006
	Average price index for the months of April 2003 to March 2005

The amounts thus indexed shall apply, in each forest tariffing zone indicated in Schedule I, to the calculation of the dues payable by the holder of a forest management permit for the supply of a wood processing plant for the 3-month period following the date of indexing.

The amounts indexed in the manner prescribed in the first paragraph shall be reduced to the nearest fraction of \$0.10/m³ where they contain a fraction less than \$0.025/m³. They shall be rounded off to the nearest fraction of \$0.05/m³ where they contain a fraction equal to or greater than \$0.025/m³ but less than \$0.075/m³ and shall be increased to the nearest fraction of \$0.10/m³ where they contain a fraction equal to or greater than \$0.075/m³.

The Minister of Natural Resources and Wildlife inform the public, through Part I of the *Gazette officielle du Québec* and, where he considers it appropriate, by any other means, of the indexing calculated under this section.

2. This Regulation replaces the Regulation respecting unit rates applicable to the calculation of dues for forest management permits for the supply of wood processing plants, made by Minister's Order number AM 2005-010 of the Minister of Natural Resources and Wildlife dated 23 March 2005.

3. This Regulation comes into force on 1 April 2006.

M.O., 2006**Order number 2006-010 of the Minister of Natural Resources and Wildlife dated 23 March 2006**

Forest Act
(R.S.Q., c. F-4.1)

RESPECTING the value of silvicultural treatments admitted as payment of dues for the fiscal year 2006-2007

1. The silvicultural treatments described in Schedule I shall be admitted as payment of the dues prescribed by the Minister responsible for the administration of the Forest Act (R.S.Q., c. F-4.1), modified by chapter 3 and 44 of the law of 2005, as determined by the production priority groups described in Schedule I.

The silvicultural treatments are realized on the forest area where the priority production has to be performed.

2. The silvicultural treatments mentioned in Schedule I and their admissibility criterias are defined in the relative instructions to the application of the present Order.

3. The values admitted as payment of dues for the period beginning on 1 April 2006 and ending on 30 September 2006 correspond at 90% of the values established in Schedule II.

4. The values of the silvicultural treatments established in Schedule II do cover only the costs related to the execution of the treatments. Consequently, the costs not related to their execution, as described in the second subsection of section 11 of the Regulation respecting forest royalties, edicted by Order in Council 192-2002 of February 28th 2002, are to be assumed by the beneficiary of the timber licence and are not admitted as payment of dues.

5. This Minister's Order replaces Minister's Order AM 2005-009 of the Minister of Natural Resources and Wildlife, dated 23 March 2005.

6. This Minister's Order comes into force on 1 April 2006.

Québec, 23 March 2006

PIERRE CORBEIL,
*Minister of Natural Resources
and Wildlife*
