CONCERNING the Regulation to amend the Regulation respecting the supplemental pension plans affected by the arrangement regarding AbitibiBowater Inc. under the Companies' Creditors Arrangement Act

WHEREAS, under the second paragraph of section 2 of the Supplemental Pension Plans Act (R.S.Q., c. R-15.1), the Government may, by regulation and on the conditions it determines, exempt any pension plan it designates from the application of all or part of this Act, particularly by reason of the special characteristics of the plan, and prescribe special rules applicable to the plan;

WHEREAS, under the first paragraph of section 2 of the Act to amend the Supplemental Pension Plans Act and to provide for the possibility of opting to receive a pension paid by the Régie des rentes du Québec during the existence of certain plans in the pulp and paper sector (2011, c. 8), the Government may, where the conditions provided for under that paragraph are met and where it makes a regulation under section 2 of the Supplemental Pension Plans Act relating to a pension plan to which Chapter X of that Act applies and to which an employer in the pulp and paper sector is a party, provide by regulation that members and beneficiaries of the pension plan may request that they receive benefits as a pension paid out of the assets administered by the Régie des rentes du Québec under section 230.0.0.4 of that Act without the plan having been amended to allow for the withdrawal of the employer who is a party to the plan or without the plan having been terminated;

WHEREAS on 17 August 2011, the Government made the Regulation respecting the supplemental pension plans affected by the arrangement regarding AbitibiBowater Inc. under the Companies' Creditors Arrangement Act (c. R-15.1, r. 6.1);

WHEREAS it is expedient to amend the Regulation to provide that certain members of these pension plans may request that their benefits be transferred and that members and beneficiaries of these pension plans may request that their benefits be paid from the assets administered by the Régie des rentes du Québec under section 230.0.0.4 the Supplemental Pension Plans Act without the plan's having been amended to allow for the withdrawal of the employer who is a party to the plan or without the plan's having been terminated;

IT IS ORDERED, therefore, on the recommendation of the Minister of Employment and Social Solidarity:

THAT the Regulation to amend the Regulation respecting supplemental pension plans affected by the arrangement regarding AbitibiBowater Inc. under the Companies' Creditors Arrangement Act, attached hereto, be made.

JEAN ST-GELAIS,
Clerk of the Conseil exécutif

Regulation to amend the Regulation respecting supplemental pension plans affected by the arrangement regarding AbitibiBowater Inc. under the Companies' Creditors Arrangement Act

Supplemental Pension Plans Act
(chapter R-15.1, s. 2)

An Act to amend the Supplemental Pension Plans Act and to provide for the possibility of opting to receive a pension paid by the Régie des rentes du Québec during the existence of certain plans in the pulp and paper sector (2011, chapter 8, s. 2)

1. Section 6 of the Regulation respecting supplemental pension plans affected by the arrangement regarding AbitibiBowater Inc. under the Companies' Creditors Arrangement Act (c. R-15.1, r. 6.1) is amended

(1) by replacing, in the first paragraph, "Unless" by "For the purposes of this Regulation, notwithstanding Division VI.1, and unless".

(2) by striking from the second paragraph "for the purposes of this Regulation,".

2. Section 11 of the Regulation is amended by the insertion of the following paragraph:

"The assets and liabilities that the benefits of the members and beneficiaries represent and which are paid under the provisions of Division VI.1 on the basis of the degree of solvency of the plan as at 31 December of a given year shall not be included for the purpose of calculating the technical actuarial deficiency at that date."

3. The Regulation is amended by the insertion, after section 46, of the following Division:

"DIVISION VI.1 RIGHT OF CERTAIN MEMBERS AND BENEFICIARIES TO OPT TO HAVE A PENSION PAID OUT OF THE ASSETS ADMINISTERED BY THE RÉGIE

§1. *Right to the option*

46.1. The option of having a pension paid out of the assets administered by the Régie under section 230.0.0.4 of the Act shall be offered to each member and beneficiary to whom, on 31 August of a given year, a pension is being paid under the plan since at least 1 January of that year.

The pension paid by the Régie is the pension, in relation with service prior to 1 January 2011, reduced according to the degree of solvency of the affected component of the pension plan as at 31 December of the year for which the payment option is chosen.

The assets over which the Régie exercises its powers under the provisions of subdivision 4.0.1 of Division II of Chapter XIII of the Act are the assets of the plan that correspond to the part of the benefits of the members and beneficiaries who have opted to have a pension paid by the Régie that represents the value of the pension referred to in the second paragraph.

46.2. The option shall be exercised on the basis of the estimated degree of solvency of the affected component of the pension plan as at 31 December of the year for which the payment option is chosen.

It is exercised on the condition that, as provided under sections 46.9 and 46.10, the degree of solvency of the affected component, determined no later than 31 May of the following year, is at least equal to the estimated degree of solvency.

46.3. The time allotted the members and beneficiaries to transmit the option chosen to the pension committee expires on 15 December of the year for which the payment option is chosen.

Should a member or beneficiary not inform the pension committee of the option chosen by the expiry of that time limit, all benefits held by that person shall remain in the pension plan.

46.4. To estimate the degree of solvency of the affected component of the pension plan as at 31 December of the year for which the payment option is chosen,

(1) the solvency liabilities of the affected component, determined in the actuarial valuation as at 31 December of the preceding year, are projected for 31 December of the year in question, using the same interest rate as the one used to determine the liabilities in that valuation, where the rate is adjusted to take into account the one in effect on 31 August of the year in question.

(2) the assets of the affected component, determined as at the most recent date possible, are projected for 31 December of the year in question taking into account the expected long-term rate of return for the account of the affected component, in accordance with the investment policy of the plan, and is reduced by the estimated amount of the administration costs to be paid out of the account of the affected component in the event of termination.

The projection of the liabilities shall, to the extent possible, take into consideration, according to the type of members, the benefits payable during the current year. The projection of the assets shall, to the extent possible, take into consideration the contributions and benefits payable between the date on which the assets were determined and 31 December of the year in question.

§2. *Information to members and beneficiaries*

46.5. For the purpose of exercising the right to the option, the pension committee shall transmit to each member and beneficiary referred to in section 46.1 a statement of benefits determined as at 31 August of the year for which the payment option is chosen as well as the information required for exercising that option.

The statement of benefits, which is to be provided within the same time period as the statement of benefits referred to in section 112 of the Act, shall indicate:

(1) the estimated degree of solvency of the affected component of the pension plan as at 31 December of the year in question;

(2) the amount of the pension related to benefits resulting from service prior to 1 January 2011 paid to the member or beneficiary under the plan;

(3) the amount of the pension reduced according to the estimated degree of solvency of the plan that could be paid by the Régie;

(4) the effect any difference between the estimated degree of solvency and the degree of solvency, determined in accordance with section 46.8 will have on the option as referred to in sections 46.9 and 46.10;

(5) that the pension paid by the Régie has the same features as the pension to which the member or beneficiary is entitled under the pension plan;

(6) that choosing to have one's pension paid by the Régie constitutes the settlement of the benefits of the member or beneficiary;

The statement shall also indicate the expiry date of the time, set out in section 46.3, for informing the pension committee of the option chosen and that, should no choice be received by the pension committee before the expiry of the time set out, the benefits of the member or beneficiary shall remain in the plan.

The information provided by the Régie pertaining to the administration of the pensions it pays shall, among other things, accompany the statement.

46.6. Where the pension committee is informed of the formation of a representative association for the purposes of the pension plan of the members and beneficiaries to whom section 46.1 applies, the committee must enclose the notice required under section 113.1 of the Act with the statement.

46.7. The pension committee shall invite the members and beneficiaries referred to in section 46.1 to an information session on the option being offered. The notice of the session must be given in writing a minimum of five days prior to the meeting and the meeting must be held no later than 10 days before the expiry of the time set out under section 46.3 for informing the pension committee of the option chosen.

§3. *Confirmation of option*

46.8. No later than 31 May of the year following the one for which the payment option is chosen, the pension committee shall have determined the degree of solvency of the affected component of the plan as at 31 December of the for which the option was chosen.

46.9. Where the degree of solvency of the affected component of the pension plan is equal to or greater than the estimated degree of solvency, the members and beneficiaries who opted to have a pension paid out of the assets administered by the Régie are deemed to have confirmed their choice of option.

46.10. Where the degree of solvency of the affected component of the pension plan is less than the estimated degree of solvency, the pension committee shall, no later than 10 June of the year following the one for which the payment option is chosen, inform those members and beneficiaries who opted to have a pension paid by the Régie, and notify them that their benefits shall remain in the plan unless their choice of option is reiterated no later than 25 June.

The notice must be accompanied with a statement of benefits that includes the same information as the statement referred to in 46.5, with the exception of the information referred to in paragraph 4 of the second paragraph of that section, adjusted, however, on the basis of the degree of solvency determined and the expiry date set in accordance with the first paragraph.

§4. *Settlement process for benefits*

46.11. The value of the benefits, for the purposes of settling the benefits of the members and beneficiaries who have opted to have a pension paid by the Régie from the assets administered by the Régie, shall be determined after 1 July of the year following the one for which the payment option is chosen.

The pension committee shall proceed to pay the benefits within five business days following the date on which their value is calculated but no later than 15 July.

46.12. To determine the value of the benefits of the affected members and beneficiaries for the purpose of settlement, the premium determined using the assumptions for hypothetical wind-up and solvency valuations established by the Canadian Institute of Actuaries as applicable on the date on which the calculation is carried out shall be used.

46.13. Where the pension of the member or beneficiary has been guaranteed by an insurer for a value that exceeds the portion of the benefits of the member or beneficiary referred to in the third paragraph of section 46.1, the insurer shall, at the request of the pension committee, allocate the value of the surplus to the non-guaranteed benefits of other members or beneficiaries of the plan. Where such an allocation is not possible, the insurer shall pay into the pension fund the commuted value of the guaranteed pension on the date the benefits are paid or, where the contract does not provide for a commuted value, the fair market value of the guarantee determined on the basis of reasonable assumptions and cancellation fees.

In addition, the portion of guaranteed benefits included in the aggregate assets transferred to the Régie under this Division in relation with the plans as a whole for a given year may not be more than 50%. The guaranteed benefits in excess of that percentage shall be allocated or paid into the pension fund in accordance with the provisions of the first paragraph.

46.14. Notwithstanding section 46.9 or 46.10, the death of a member or beneficiary prior to the date on which the benefits are paid renders null the option of having a pension paid by the Régie from the assets of the plan where chosen by the member or beneficiary.

46.15. The pension committee shall, no later than the date of settlement, send to the Régie all the information held on the members and beneficiaries who have opted to have a pension paid out of the assets administered by the Régie.

§5. Pension paid out of the assets administered by the Régie

46.16. Administration by the Régie under the provisions of Division III of the Regulation to provide a framework for settlement of the benefits of members and beneficiaries of plans covered by subdivision 4.0.1 of Division II of Chapter XIII of the Supplemental Pension Plans Act and for administration by the Régie des rentes du Québec of certain pensions paid out of the assets of the plans (c. R-15.1, r.3), can encompass all members and

beneficiaries of some or all of the pension plans whose benefits are paid under this Division in the same year, and the assets of those plans that correspond to the portion of the benefits of the members and beneficiaries referred to in the third paragraph of section 46.1. The plans administered collectively are therefore deemed, for such purposes, to constitute a single plan.

46.17. For the purpose of exercising the right to have a pension paid out of the assets administered by the Régie, reduced according to the degree of solvency of the affected component of the pension plan as at 31 December 2012, the following modifications apply:

(1) the time allotted under section 46.3 expires on 1 March 2013;

(2) the date of 31 August referred to in paragraph 1 of the first paragraph of section 46.4 is replaced by 31 October 2012;

(3) the statement of benefits referred to in section 46.5 must be provided by 1 January 2013.”

4. The Regulation is amended by inserting, after section 61, the following:

“**61.1.** As of 30 May 2013, the non-active member of a pension plan who, since at least 1 January 2013, is entitled to a deferred pension, may, notwithstanding section 99 of the Act, request payment of his benefits arising from service prior to 1 January 2011 by means of a transfer under section 98 of the Act. The request for payment shall be submitted to the pension committee no later than 30 August 2012.

The pension committee shall inform the members and beneficiaries referred to in the first paragraph in such a manner that they will have a minimum of 60 days to request that their benefits be paid.”

5. Section 63 of the Regulation is amended by inserting “, with the exception of the provisions of Division VI.1,” in the first paragraph after “the provisions of this Regulation”.

6. This Regulation comes into force on the date of its publication in the *Gazette officielle du Québec*.

However, section 1, insofar as it specifies that the provisions of section 6 of the Regulation respecting supplemental pension plans affected by the arrangement regarding AbitibiBowater Inc. under the Companies’ Creditors Arrangement Act concern the application of this Regulation, has effect from 31 December 2010.

Architects

— Diplomas giving access to permits — Amendment

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the Regulation to amend the Regulation respecting the diplomas issued by designated educational institutions which give access to permits or specialist’s certificates of professional orders, appearing below, may be made by the Government on the expiry of 45 days following this publication.

The draft Regulation replaces section 1.01 of the Regulation respecting the diplomas issued by designated educational institutions which give access to permits or specialist’s certificates of professional orders in order to modify the diplomas giving access to the permit issued by the Ordre des architectes du Québec.

The draft Regulation upgrades the training requirements for a permit by proposing a professional master’s degree in architecture rather than a bachelor’s degree, a change already in place for a number of years in the universities concerned. The amendment will therefore update the list of diplomas appearing in section 1.01 by replacing diplomas that are no longer issued by the universities concerned.

The draft Regulation has no impact on enterprises, including small and medium-sized businesses.

It will be submitted to the Office des professions du Québec and to the Ordre des architectes du Québec for their opinion. The Office will seek the opinion of the Order and forward it with its own opinion to the Minister of Justice after consultation with the educational institutions and other bodies concerned.

Further information may be obtained by contacting Jean-Pierre Dumont, Director General and Secretary, Ordre des architectes du Québec, 1825, boulevard René-Lévesque Ouest, Montréal (Québec) H3H 1R4; telephone: 514 937-6168 or 1 800 599-6168; fax: 514 933-0242.

Any person wishing to comment on the draft Regulation is requested to submit written comments within the 45-day period to Jean Paul Dutrisac, Chair of the Office des professions du Québec, 800, place D’Youville, 10^e étage, Québec (Québec) G1R 5Z3. The comments will be sent by the Office to the Minister of Justice; they may also be sent to the professional order concerned as well as to interested persons, departments and bodies.

Office staff of ministers — Rules of conduct

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (chapter R-18.1), that the “Regulation respecting the rules of conduct applicable to the office staff of ministers”, of which the text appears below, may be enacted by the Ethics Commissioner 45 days after this publication.

The draft regulation, adopted by the Ethics Commissioner under section 11.7 of the Executive Powers Act, sets out rules of conduct applicable to the office staff of ministers. The draft regulation defines, among other things, the scope of the term “office staff”. It requires that such staff adhere

to the values of the National Assembly and be guided by those values in the exercise of their functions. The rules of conduct proposed in the regulation deal with conflicts of interest, gifts and benefits, disclosure of interests and post-term conduct. With regard to conflicts of interest, office staff must make sure not to place themselves in situations where there is a conflict between their private interests and the duties of their position and must not act, attempt to act or refrain from acting so as to further their private interests. They must not influence or attempt to influence another person’s decision; communicate information that is not available to the public; or be party to a contract with the Government or a department or public body. The regulation also sets out criteria concerning gifts and benefits that must be followed to avoid conflicts of interest. The regulation requires chiefs of staff to disclose their private interests, and sets out post-term rules as well as mechanisms for applying and enforcing them. The Ethics Commissioner, as the person responsible for carrying out the regulation, may issue written advisory opinions, containing reasons, to office staff members, and may conduct inquiries to determine whether an office staff member has violated the rules of conduct.

Requests for further information should be addressed to Jacques Saint-Laurent, Ethics Commissioner, 800 place D’Youville, 4^e étage, bureau 4.02, Québec (Québec), G1R 3P4, telephone: 418-643-1277, fax: 418-643-1318, e-mail: info@ced-qc.ca

Anyone wishing to submit comments on this subject must send them, before the expiry of the 45 days referred to above, to the following address: Ethics Commissioner, 800 place d’Youville, 4^e étage, bureau 4.02, Québec (Québec), G1R 3P4.

2. The regulation applies to the executive secretary and other office staff, including electoral division staff and regional staff, if applicable, appointed by a minister in accordance with section 11.5 of the Executive Powers Act (chapter E-18).

The rules of conduct for the office staff of the House officers of the National Assembly and the staff of the Members are adopted by the Office of the National Assembly, in accordance with section 124.3 of the Act respecting the National Assembly (chapter A-23.1).

3. For the purposes of this regulation, “public body” and “family member” have the meanings given in section 5 of the Code of ethics and conduct of the Members of the National Assembly (chapter C-23.1).

The “Ethics Commissioner” is the Ethics Commissioner appointed under section 62 of the Code.

CHAPTER II VALUES AND ETHICAL PRINCIPLES

4. Office staff adhere to the values of the National Assembly stated in section 6 of the Code.

5. Office staff recognize that these values must guide them in carrying out the duties of their position and in determining the rules of conduct applicable to them, and be taken into account in interpreting this regulation. They strive for consistency between their actions and the values of the National Assembly, even when their actions do not in themselves contravene the applicable rules of conduct.

CHAPTER III RULES OF CONDUCT

DIVISION I CONFLICT OF INTEREST

6. In the exercise of their functions, office staff may not

(1) place themselves in a situation where there is a conflict between their private interests and the duties of their position;

(2) act, attempt to act, or refrain from acting, so as to further their private interests or those of a family member, or to improperly further another person’s private interests; or

(3) use their position to influence or attempt to influence another person’s decision so as to further their private interests or those of a family member, or to improperly further another person’s private interests.

7. Office staff may not use, communicate or attempt to use or communicate information obtained in or in connection with the carrying out of the duties of their position that is not generally available to the public so as to further their or another person’s private interests.

8. Office staff may not, directly or indirectly, be party to a contract with the Government or a department or public body.

However, they may

(1) have interests in an enterprise that is party to such a contract, provided that the extent of the interests and the circumstances in which the contract is entered into make collusion or undue influence unlikely;

(2) receive a loan, a reimbursement, a grant, an indemnity or any other benefit from the Government or a department or public body under any Act, regulation or program; and

(3) hold securities issued by the Government or a public body on the same terms as are applicable to all.

9. Office staff who find themselves in a conflict of interest must put an end to the situation immediately.

As long as the situation remains unresolved, the staff member concerned may not discuss, even privately, any file that may be seen, however remotely, as being related to the interest in question, and must not exert or attempt to exert, directly or indirectly, any influence with regard to such a file.

10. An office staff member who simultaneously holds another position must avoid any conflict between the duties of the two positions.

DIVISION II GIFTS AND BENEFITS

11. Office staff must not solicit, elicit, accept or receive any benefit, whether for themselves or for another person, in exchange for intervening or taking a certain position on any issue they may be called upon to intervene or take a position on as part of their duties.

12. Office staff must refuse or, at the first opportunity, return to the donor or deliver to the Ethics Commissioner any gift, hospitality or other benefit, whatever its value, that may impair their independence of judgment in carrying out the duties of their position, or that may compromise their integrity or that of the office for which they work.

13. Office staff who have received, directly or indirectly, a gift, hospitality or other benefit that has a value of more than \$200 and choose not to return it to the donor or deliver it to the Ethics Commissioner must, within 30 days, file with the Ethics Commissioner a disclosure statement containing an accurate description of the gift, hospitality or other benefit received and specifying the name of the donor and the date on which and circumstances under which it was received.

14. For the purposes of section 13, the repeated receipt of gifts, hospitality and other benefits from the same source must be taken into account.

For the purposes of section 13, the \$200 is computed over a 12-month period.

15. Section 13 does not apply to gifts, hospitality or other benefits received by an office staff member in the context of a purely personal relationship.

16. Things received by the Ethics Commissioner under this Division are disposed of in accordance with section 34 of the Code.

DIVISION III

USE OF STATE PROPERTY AND SERVICES

17. Office staff use State property, including property leased by the State and services made available to them by the State, for activities related to the carrying out of the duties of their position.

DIVISION IV

DISCLOSURE STATEMENT

18. This division applies to executive secretaries.

19. Within 60 days after the notice of their appointment, and annually on or before the date set by the Ethics Commissioner, executive secretaries must file with the Ethics Commissioner a disclosure statement that

CHAPTER IV ADMINISTRATION AND ENFORCEMENT

DIVISION I ETHICS COMMISSIONER

27. The Ethics Commissioner is responsible for the administration of this regulation.

28. In exercising the duties of office, the Ethics Commissioner focuses on information and prevention and maintains high standards of confidentiality, objectivity and impartiality.

In all interventions and more particularly in determining the rules of conduct applicable to the office staff of ministers, the Ethics Commissioner takes into account their adherence to the values of the National Assembly.

29. The Ethics Commissioner retains authority in respect of former office staff for a period of one year after they have left their position. Even after the expiry of that period, the Ethics Commissioner may continue an inquiry that had already begun.

30. The Ethics Commissioner must retain all documents relating to an office staff member for a period of 12 months after he or she has left the position of office staff member. The documents are then to be destroyed unless an inquiry under this regulation is in progress or has been suspended or a charge has been laid against the office staff member, and the documents may be relevant.

DIVISION II ADVISORY OPINIONS OF THE ETHICS COMMISSIONER

31. In response to a request in writing from an office staff member on any matter respecting his or her obligations under this regulation, the Ethics Commissioner provides him or her with a written advisory opinion containing reasons and any recommendations the Ethics Commissioner considers appropriate.

The advisory opinion is confidential and may only be made public by the person who requested it or with that person's written consent, subject to the Ethics Commissioner's power to conduct an inquiry and report on the facts alleged in or discovered in connection with the person's request.

32. An act or omission by an office staff member is deemed not to be a breach of this regulation if he or she had previously requested an advisory opinion from the Ethics Commissioner and the advisory opinion concluded that the act or omission did not contravene this regulation, so long as the facts relevant to the request were fully and accurately presented to the Ethics Commissioner.

33. The Ethics Commissioner may publish guidelines for office staff regarding the application of this regulation, provided that no personal information is included.

DIVISION III INQUIRY AND REPORT

34. In response to a written request from the Premier or the Minister concerned, or on the Ethics Commissioner's own initiative, and after giving the office staff member concerned reasonable written notice, the Ethics Commissioner may conduct an inquiry to determine whether the office staff member has violated the rules of conduct set out in this regulation.

35. After receiving a request for an inquiry to determine whether there has been a violation of the rules of conduct set out in this regulation, the Ethics Commissioner informs the office staff member concerned.

36. If the Ethics Commissioner considers it necessary, the Ethics Commissioner may specially authorize a person to conduct an inquiry.

37. The Ethics Commissioner and any person specially authorized by the Ethics Commissioner have, for the purposes of an inquiry and in accordance with section 93 of the Code, the powers and immunity conferred on commissioners appointed under the Act respecting public inquiry commissions (chapter C-37), except the power to order imprisonment.

38. The Ethics Commissioner may make agreements with other persons such as the Auditor General and the Lobbyists Commissioner for the conduct of joint inquiries, each under the legislative provisions that person administers.

39. If, after a verification, the Ethics Commissioner is of the opinion that there are no grounds for a request for an inquiry, the Ethics Commissioner terminates the inquiry process and records that fact in the report on the matter.

40. The Ethics Commissioner must conduct inquiries in private and with due dispatch. The Ethics Commissioner must allow the office staff member concerned to present a full and complete defence, including an opportunity to submit observations and, if the office staff member so

requests, to be heard, including on the question of whether he or she has violated the rules of conduct set out in this regulation.

The Ethics Commissioner must not comment publicly on a verification or inquiry but may confirm that a request for a verification or an inquiry has been received or that a verification or inquiry is under way or has been completed. The Ethics Commissioner may also state why, after a verification, the Ethics Commissioner decided not to conduct an inquiry.

41. The Ethics Commissioner's inquiry report is sent to the office staff member concerned, the Minister concerned and the Premier. If applicable, the Ethics Commissioner informs the person who submitted the inquiry request of the Ethics Commissioner's findings.

42. The Ethics Commissioner may include in the report any guidelines for the general interpretation of the rules of conduct set out in this regulation.

CHAPTER V COMING INTO FORCE

43. Executive secretaries who are employed as such on the day of the coming into force of this regulation must, within the following 60 days, file with the Ethics Commissioner the disclosure statement described in section 19.

Draft Regulation

Supplemental Pension Plans Act
(chapter R-15.1)

Kruger Inc. —Funding of certain pension plans

Notice is hereby given, in accordance with sections 10 and 11 of the Regulation Act (R.S.Q., c. R-18.1), that the draft Regulation respecting the funding of certain Kruger Inc. pension plans, appearing below, may be made by the Government on the expiry of 45 days following this publication.

The main purpose of the draft Regulation is to exempt certain Kruger Inc., Papiers de Publication Kruger Inc. and Kruger Wayagamack Inc. pension plans from the

application of provisions of the Supplemental Pension Plans Act and prescribe special rules allowing for the extended funding of actuarial deficiencies of those pension plans. The special funding rules apply to employer contributions to be paid in relation with such deficits for 2013 through 2019; other measures in the Regulation could be applied until the end of 2024. Note that the required contributions for these pension plans for 2010 through 2012 are governed by a preceding regulation that was published in the *Gazette officielle du Québec* on 4 April 2012.

Further information may be obtained by contacting Mr. Guillaume Barrette, Régie des rentes du Québec, Place de la Cité, 2600, boulevard Laurier, Québec (Québec) G1V 4T3 (telephone: 418 657-8714 extension 3384; fax 418 659-8983; email: guillaume.barrette@rrq.gouv.qc.ca).

Any person wishing to comment on the draft Regulation is asked to send their comments in writing before the expiry of the 45-day period mentioned above to Mr. Denys Jean, President and Chief Executive Officer of the Régie des rentes du Québec, Place de la Cité, 2600, boulevard Laurier, 5^e étage, Québec (Québec) G1V 4T3. Comments will be forwarded by the Régie to the Minister of Employment and Social Solidarity, who is responsible for the administration of the Supplemental Pension Plans Act.

AGNÈS MALTAIS,
*Minister of Employment
and Social Solidarity*

Regulation respecting the funding of certain Kruger Inc. pension plans

Supplemental Pension Plans Act
(chapter R-15.1, s. 2, 2nd and 3rd pars.)

DIVISION I APPLICATION

1. This Regulation applies to the pension plans referred to in the appendix as well as every pension plan to which the Supplemental Pension Plans Act (R.S.Q., c. R-15.1) applies and whose liabilities include obligations arising from a pension plan referred to in the appendix for service completed prior to 1 January 2010.

2. As of 31 December 2012, a pension plan whose liabilities include obligations other than those arising from a pension plan referred to in the appendix for service completed prior to 1 January 2010 is comprised of two components.

The liabilities of the first component, called the “affected component”, correspond to the portion of the liabilities of the plan related to obligations arising from a pension plan referred to in the appendix for service completed prior to 1 January 2010.

The liabilities of the other component correspond to the remaining liabilities of the plan.

The assets of the plan allocated to each of the components at 31 December 2012 are determined in accordance with the provisions of Division II. As of that date, the pension fund of the plan is therefore distributed between two separate accounts.

3. For the purposes of Chapters X (Solvency and funding), X.1 (Appropriation of surplus assets), XII (Division and merger) and XIII (Rights of members and beneficiaries on winding-up) of the Act, the liabilities of the affected component and the corresponding account of the pension fund are considered to be separate from the liabilities and the account of the other component.

4. The affected component of a pension plan shall be exempt from the application of sections 42.1 and 132 of the Act as well as any other provision of that Act to the extent that it is incompatible with the provisions of this Regulation.

5. Notwithstanding section 39 of the Act, the employer contribution that an employer must pay into the account of the affected component of a pension plan for a fiscal year ending between 30 December 2013 and the date determined pursuant to section 36 is determined according to the provisions of Division III.

If applicable, to that contribution is added the additional contribution provided for under section 1.3.4 of the Entente concernant les exploitations de pâtes et papiers au Québec de Papiers de Publication Kruger inc. et Kruger Wayagamack inc., signed on 28 February 2012.

DIVISION II **DETERMINATION OF THE ASSETS OF** **THE COMPONENTS**

6. At 31 December 2012, for the purpose of determining the solvency and funding of the affected component and the other component of a pension plan:

(1) the assets of the affected component correspond to the amount by which the assets of the plan at that date exceed the assets of the other component of the plan at that same date;

(2) the assets of the other component correspond to the value that those assets would have had, had the component been established on 1 January 2010 with regard to service completed thereafter by the active members of the plan and had the contributions provided for under the Act for that service been paid into the account of the component. Such value must be adjusted to take into account the return on the investment of the plan assets, calculated according to the change in the market value of the assets between 1 January 2010 and 31 December 2012, as well as the benefits and other sums paid during that period in relation to obligations arising from the plan for service completed after 31 December 2009.

For the purposes of paragraph 2 of the first paragraph, the determination of the assets of the other component as at 31 December 2010 and 31 December 2011 are based on the same actuarial assumptions and methods used for the actuarial valuations of the plan at those dates.

7. The contributions referred to in paragraph 2 of the first paragraph of section 6 are determined without reference to Division III.2 of the Regulation respecting the exemption of certain pension plans from the application of provisions of the Supplemental Pension Plans Act (R-15.1, r. 8).

However, where instructions were given to the pension committee to apply to the pension plan one or more measures provided for under section 2 of the Regulation providing temporary relief measures for the funding of solvency deficiencies (R-15.1, r. 3.1), the contributions are determined in accordance with the provisions of that Regulation.

DIVISION III **EMPLOYER CONTRIBUTION TO AFFECTED** **COMPONENT**

8. The employer contribution that an employer must pay into the account of the affected component of a pension plan during the fiscal year following the date of an actuarial valuation corresponds to the total of the amortization payment determined in respect of the discounted projected actuarial deficiencies for the affected component, as determined on the date of the actuarial valuation, and the special amortization payments payable during the fiscal year.

9. At the date of an actuarial valuation of a pension plan, the discounted projected actuarial deficiency of the affected component of the pension plan corresponds to the value of the projected actuarial deficiency of the affected component as at 31 December 2024, discounted at a rate of 6,5% on the date of the actuarial valuation.

10. At the date of an actuarial valuation of a pension plan, the projected liabilities of the affected component of the pension plan as at 31 December 2024 are obtained by assuming that, between the date of the valuation and 31 December 2024, with regard to solvency liabilities for the affected component as at the date of the valuation, contingencies based on actuarial assumptions as to survival, morbidity, mortality, employee turnover, eligibility for benefits or other factors will occur and by assuming that termination of the plan will occur on 31 December 2024. The actuarial assumptions and methods used shall be consistent with generally accepted actuarial principles and must be suited, in particular, to the type of plan concerned, its obligations and the position of the account of the affected component of the pension fund.

Moreover, the projected liabilities of the affected component as at 31 December 2024, with regard to the benefits of the members and beneficiaries whose pension would be in payment in on that date, are determined using the assumptions for hypothetical wind-up and solvency valuations established by the Canadian Institute of Actuaries as they apply on the date of the actuarial valuation. For the benefits of the other members and beneficiaries, these projected liabilities are determined in accordance with the assumptions and rules referred to in section 67.4 of the Regulation respecting supplemental pension plans (R-15.1, r. 6), as they apply on the date of the actuarial valuation.

At the date of the actuarial valuation, the projected assets of the affected component as at 31 December 2024 are obtained by assuming that no contributions are made between the date of the valuation and 31 December 2024, and by assuming an annual interest rate of 6.5%. That value is adjusted to take into consideration the benefits and other amounts to be paid during that period, assuming the contingencies in the first paragraph will occur.

At the date of the actuarial valuation, a projected actuarial deficiency of the affected component as at 31 December 2024 is determined if the projected liabilities exceed the projected assets. The deficiency corresponds to the amount by which the liabilities exceed the assets.

11. The monthly payments relating to the discounted projected actuarial deficiency are determined assuming a 6.5% interest rate.

12. Notwithstanding section 142 of the Act, the amortization period for the discounted projected actuarial deficiency of the affected component of the pension plan begins on the date of the actuarial valuation on which it is determined and ends on 31 December 2024.

13. Where, further to an amendment to a pension plan made before the date determined in accordance with section 36 with regard to the plan, an actuarial valuation determines the value of additional obligations of the affected component of the pension plan, a special amortization payment is determined.

That payment corresponds to the higher of the value of the additional obligations determined on a solvency basis or their value determined on a funding basis.

The special amortization payment must be paid as soon as the report on the first actuarial valuation considering the amendment is sent to the Régie des rentes du Québec. To such sum shall be added accrued interest, if any, from the date of the valuation, calculated at the rate referred to in section 48 of the Act.

For the purposes of the Act, the special amortization payment is considered the special amortization payment provided for in section 132 of the Act.

DIVISION IV **SPECIAL MEASURES FOR THE OTHER** **COMPONENT**

14. At the date of an actuarial valuation, for the purposes of applying the Act to the other component of a pension plan with regard to its funding:

(1) a solvency deficiency for the component, determined at 31 December 2010 or 31 December 2011 for the purposes of paragraph 2 of the first paragraph of section 6, is deemed a solvency deficiency determined in a prior actuarial valuation of the component;

(2) the amortization payments determined for a deficiency referred to in paragraph 1, other than those that are deemed made prior to 31 December 2012 for the purposes of section 6 and those already made, are deemed to be amortization payments required to amortize a solvency deficiency determined in a prior actuarial valuation.

15. For the purposes of section 42.1 of the Act with regard to the other component of a pension plan, only the amortization payments determined in respect of actuarial deficiencies of that component and the special amortization payments for that component are taken into consideration.

DIVISION V GUARANTEES

16. Kruger Inc. is solidarily liable with Papiers de Publication Kruger Inc. for obligations arising from the pension plans registered with the Régie des rentes du Québec under numbers 7300, 20637 and 25451 in respect of service completed prior to 1 January 2010.

In addition to the information required under section 14 of the Act, the text of each plan shall mention that solidary liability as well as that which is provided for under section 17 below. The plan text shall also mention that Kruger Inc. is discharged from solidary liability for a pension plan should the affected component of the plan become solvent.

17. Kruger Inc. is discharged from solidary liability in respect of a pension plan referred to in the first paragraph of section 16 provided an external expert designated and mandated by the Régie whose fees are assumed by Kruger Inc., shows that the employer is able to assume the obligations related to the affected component where, as the case may be,

(1) Papiers de Publication Kruger Inc. merges with a corporation that is not held, whether directly or indirectly, by Kruger Inc.;

(2) shares in Papiers de Publication Kruger Inc. are transferred to a corporation that is not held, whether directly or indirectly, by Kruger Inc.;

(3) a plan is transferred to a corporation that is not held, whether directly or indirectly, by Kruger Inc.

In the case provided for in paragraph 3 of the first paragraph, Kruger Inc. shall be discharged from solidary liability in respect of a pension plan referred to in the first paragraph of section 16 provided Kruger Inc. pays to the plan an amount corresponding to the difference between the amortization payments that should have been made in accordance with the Act and those made under the provisions of Division III.2 of the Regulation respecting the exemption of certain pension plans from the application of provisions of the Supplemental Pension Plans Act (R-15.1, r. 8) and the provisions of this Regulation. That amount shall not exceed the amount required for the affected component of the plan to be solvent.

18. No dividend shall be paid from the sale or assignation of any Kruger Inc. assets, whether those assets are sold or assigned in whole or in part, during such time that the weighted average of the degrees of solvency of the affected components of the pension plans to which section 2 applies remains below 90%, and, unless Kruger Inc.

provides another acceptable guarantee, Kruger Inc. shall not proceed to distribute any revenue thus procured in any manner whatsoever, including by

(1) declaring or paying any other dividends, or buying back stock shares or other securities;

(2) repaying any advance or loan to Kruger Inc. shareholders;

(3) declaring any bonus or other type of payment to the shareholders.

Kruger Inc. or any corporation held directly or indirectly by Kruger Inc. may buy back any capital stock and pay any dividends on any type of share held by a Crown corporation, in particular,

(1) further to the conversion of loans granted by a Crown corporation to any corporation held directly or indirectly by Kruger Inc. into shares of any type in Kruger Inc.;

(2) further to the conversion of shares of any type in any corporation held directly or indirectly by Kruger Inc. into shares of any type in Kruger Inc.

(4) amortization payments considered paid prior to 31 December 2012 in accordance with section 6 with regard to the deficiencies referred to in paragraph 3.

§2. Contents of the report on the actuarial valuation while section 5 applies

20. The actuarial valuation report for a pension plan shall present separately the information related to the affected component, provided for in sections 21 to 23, and the information related to the other component.

21. R-15.1, r. 6) refers, as well as the information required by paragraphs 1 to 5 of section 4 and sections 4.1 to 4.4 of that regulation.

DIVISION VII COMMUNICATIONS

27. The second part of the statement provided for in section 108 of the Act shall mention that, for as long as the plan is comprised of two components, the liabilities of the affected component and the corresponding account in the pension fund are considered to be separate from the liabilities and the account of the other component for the purposes of the payment of the share that goes to the spouse.

28. The information that the statements provided for under sections 112 and 113 of the Act must contain is determined for the affected component and the other component of the plan as though they were separate plans.
