## Draft Regulations

### Draft Regulation

Mining Act  
(chapter M-13.1)

#### Petroleum, natural gas and underground reservoirs — Amendment

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (chapter R-18.1), that the Regulation to amend the Regulation respecting petroleum, natural gas and underground reservoirs, appearing below, may be made by the Government on the expiry of 45 days following this publication.

The draft Regulation amends the Regulation respecting petroleum, natural gas and underground reservoirs (chapter M-13.1, r. 1) in order to prescribe new terms and conditions for testing the extraction of petroleum or natural gas carried out under a licence to explore for petroleum, natural gas and underground reservoirs.

The draft Regulation will have an impact on enterprises holding a licence to explore for petroleum, natural gas and underground reservoirs because they will need to provide the Minister of Energy and Natural Resources with more information regarding their test period. Those additional requirements do not, however, constitute a significant burden. It has no impact on the public and other enterprises.

Further information on the draft Regulation may be obtained by contacting Roger Ménard, Direction générale des hydrocarbures et des biocombustibles, Ministère de l'Énergie et des Ressources naturelles, 5700, 4<sup>e</sup> Avenue Ouest, bureau A-422, Québec (Québec) G1H 6R1; telephone: 418 627-6385, extension 8319; toll free: 1 800 363-7233, extension 8319; fax: 418 644-1445; email: roger.menard@mern.gouv.qc.ca.

Any person wishing to comment on the draft Regulation is requested to submit written comments within the 45-day period to Luce Asselin, Associate Deputy Minister for Energy, Ministère de l'Énergie et des Ressources naturelles, 5700, 4<sup>e</sup> Avenue Ouest, bureau A-407, Québec (Québec) G1H 6R1.

PIERRE ARCAND,  
*Minister of Energy and Natural Resources  
and Minister responsible for the Northern Plan*
