PIERRE PARADIS,

Regulation to amend the Regulation respecting food

Food Products Act
(chapter P-29, s. 40)

1. The Regulation respecting food (chapter P-29, r. 1) is amended by inserting the following after section 3.3.3:

“3.3.3.1. If a retailer or a restaurateur packages or repackages food intended for human consumption with a durable life of 90 days or less, the prepackaged product containing the food must also display on its container, package or wrapping, in addition to the information required under the Food and Drug Regulations (C.R.C., c. 870), the following inscriptions in indelible, plainly legible and conspicuous characters:

(a) “packaged on” followed by the packaging date determined under the Food and Drug Regulations;

(b) “best before” followed by the durable life date in accordance with section 3.3.3.2 or an indication stating where the date can be found on the package. The “best before” indication may be posted on a sign near the prepackaged product where the total surface of the package is under 10 centimetres square and the food it contains has been packaged on the premises where the retail sale or restaurateur activity is carried on.

The requirement to indicate “best before” does not apply to

(a) fresh yeast;

(b) formulated liquid diet, a meal replacement, a food represented for use in a very low energy diet, a nutritional supplement or a human milk substitute within the meaning of the Food and Drug Regulations.

This section does not apply to prepackaged whole fresh fruits and vegetables. It does not apply either to prepackaged individual portions of food served with meals or snacks.

3.3.3.2. The durable life date of a prepackaged product is the date determined under the Food and Drug Regulations (C.R.C., c. 870), except the durable life date of a container of graded and marked eggs and of a package of eggs laid by a layer of a species other than the domestic hen established under sections 5.4.1 and 5.5.2 of this Regulation.

When repackaging a prepackaged product that has not been processed to significantly increase its durable life, the durable life date must be the date it had the first time it was intended for sale to consumers. Freezing is considered to be processing that does not increase the durable life of a prepackaged product.

If the product is repackaged after having been prepared with other food or another prepackaged product, the durable life date corresponds to the date of the food or product having the oldest durable life date.

Despite the foregoing, if, at the time of repackaging, the state of the new prepackaged product so requires, the durable life date must be prior to the date provided for in the second or third paragraph.

3.3.3.3. The dates referred to in section 3.3.3.1 are shown as follows:

(a) where it is required to indicate it, the year or at least the last 2 numbers of the year;

(b) the month, after the year if indicated, in letters or abbreviated as follows:

JA for JANUARY
 FE for FEBRUARY
 MR for MARCH
 AL for APRIL
 MA for MAY
 JN for JUNE
 JL for JULY
 AU for AUGUST
 SE for SEPTEMBER
 OC for OCTOBER
 NO for NOVEMBER
 DE for DECEMBER;

(c) after the month, the day in numbers.”.

2. Section 5.1.4.1 is amended by adding “, in accordance with paragraphs *b* and *c* of section 3.3.3.3” at the end of the fifth paragraph.

3. Section 5.4.1 is amended by inserting the following after the first paragraph:

“The date referred to in subparagraph 4 of the first paragraph must be indicated in accordance with paragraphs *b* and *c* of section 3.3.3.3.”.

4. Section 5.4.4 is amended by striking out “only”.

5. Section 11.8.13 is amended by replacing “by the date” in paragraph 9 by “by the durable life date, in accordance with sections 3.3.3.1 to 3.3.3.3”.

6. Section 11.12.3 is amended

(1) by inserting “or restaurateurs” after “Retailers” in the portion preceding paragraph 1;

(2) by replacing “by a date prior to or identical to the date on the original container or package” in paragraph 9 by “by the durable life date”;

(3) by adding the following paragraph at the end:

“The inscriptions provided for in paragraphs 9 and 10 must comply with sections 3.3.3.1 to 3.3.3.3.”.

7. This Regulation comes into force on the fifteenth day following the date of its publication in the *Gazette officielle du Québec*.

SCHEDULE 1
(ss. 4, 5, 20, 37, 45 and 53)

CLASSIFICATION UNITS, RATES OF ASSESSMENT AND EXPERIENCE RATIOS FOR
THE YEAR 2017

Special classification rules

1. The Commission does not take into account the condition stated in subparagraph 3 of the first paragraph of section 9 for the purpose of classifying an employer in more than one of the units 80030 to 80250.
2. An employer who meets the conditions set out in Title IV of Book II allowing it to be classified in unit 90020 and unit 80020 is classified in the latter unit.
3. An employer who does not meet the conditions set out in sections 11 and 12 is classified in unit 90020 if at least one of the employer's workers carries out a task covered by that unit during the assessment year, if the employer is classified in at least one unit that expressly provides for classification in that exceptional unit and if the employer meets the conditions set out in one of the following paragraphs:
 - (1) the aggregate of the insurable wages of the employer's workers declared for the year prior to the year preceding the assessment year in respect of units giving entitlement to unit 80020 and of the insurable wages declared for that year in respect of units giving entitlement to unit 90020 is equal to or greater than 45% of the insurable wages of the employer's workers for that year;
 - (2) the employer employed no worker during the year prior to the year preceding the assessment year and is classified only in units giving entitlement to unit 80020 and in units giving entitlement to unit 90020 for the assessment year;
 - (3) the employer was classified in one of the exceptional units 80020 or 90020 for the year preceding the assessment year and the aggregate of the insurable wages of the employer's workers declared for the year prior to the year preceding the assessment year in respect of units giving entitlement to unit 80020 and of the insurable wages declared for that year in respect of units giving entitlement to unit 90020 is equal to or greater than 40% of the insurable wages of the employer's workers for that year.

The insurable wages of an auxiliary worker must be excluded when calculating percentages under this section. In addition, the amount of protection enjoyed pursuant to section 18 of the Act by an employer or an executive officer of the employer who, in addition to sitting on the board of directors, performs work for the employer is considered to be insurable wages declared for the unit that corresponds to the activities in which the person is involved.

4. The Commission does not take into account the classification of an employer in unit 65150 or the wages declared in respect of that unit for the purpose of determining an employer's entitlement to an exceptional unit pursuant to sections 11 and 12 and sections 2 and 3 of these Special classification rules.

5. An employer classified in a unit that covers the manufacture of goods cannot be classified in a unit that covers the trade in those goods or in goods that the employer does not manufacture unless the employer operates at least one store located elsewhere than on the production site of the goods the employer manufactures.

6. An employer who hires out the services of the workers it employs is classified, for that activity, in the units that cover the activities of the workers concerned where the hiring out is not expressly covered by a classification unit.

Special rules for declaring wages

1. The second paragraph of section 24 does not apply to an employer for the purpose of declaring the insurable wages paid during the preceding calendar year to a worker who, without being an auxiliary worker, participated in several activities covered by more than one of units 80030 to 80250.

2. The Commission does not take into account the insurable wages declared with respect to unit 65150 for the purpose of apportioning the wages of an auxiliary worker pursuant to paragraph 3 of section 26.

3. An employer classified in both a unit that covers the manufacture of goods and in a unit that covers the trade in such goods, or in goods that the employer does not manufacture, must declare the wages of a worker who works in that trade with respect to the unit that covers the manufacture of the goods, except if the worker works in the trade in a store that the employer operates elsewhere than on the production site of the goods that the employer manufactures. The employer must declare the wages of the worker who works in that trade in that store with respect to the unit that covers the trade in the goods.

Table of income replacement indemnities payable under the Act respecting industrial accidents and occupational diseases and of indemnities payable under the Workers' Compensation Act for 2017

Notice is hereby given, pursuant to sections 10 and 11 of the Regulations Act (chapter R-18.1), that the "Regulation respecting the Table of income replacement indemnities payable under the Act respecting industrial accidents and occupational diseases and of indemnities payable under the Workers' Compensation Act for 2017", the text of which appears below, shall be adopted by the Commission des normes, de l'équité, de la santé et de la sécurité du travail, with or without amendments, upon the expiry of 45 days from the date of publication hereof.

The purpose of the draft regulation is to index this table on the basis of the changes made to income tax payable under the Taxation Act (R.S.Q., c. I-3) and under the Income Tax Act (R.S.C., 1985, c. I, 5th Supp.), to the employee's premium payable under the Employment Insurance Act (1996, c. 23), to the contribution payable by the worker under the Act respecting the Québec Pension Plan (chapter R-9) and to the contribution payable by the worker under the Act respecting parental insurance (chapter A-29.011).

To date, study of the matter has revealed the following impacts on the public and on businesses directly concerned by those amendments:

—Like any other person earning a salary or wages in 2017, the net income of any person receiving an income replacement indemnity or an indemnity payable under the Workers' Compensation Act shall be adjusted on the basis of amendments to legislation pertaining to taxation, employment insurance, parental insurance and the Québec Pension Plan.

Further information may be obtained by contacting Mrs. Brenda Gauthier, 524, rue Bourdages, Québec, tel.: (418) 266-4949, fax: (418) 266-4950.

Any interested person having comments to make on the matter is asked to send them in writing, before the expiry of the 45-day period, to Mr. Carl Gauthier, Vice-chairman Finance, Commission des normes, de l'équité, de la santé et de la sécurité du travail, 524 rue Bourdages, Québec (Québec), G1K 7E2.

DIVISION I

PURPOSE

1. The purpose of this regulation is to determine, among the professional activities that may be performed by physicians, those that may be engaged in by a dietitian pursuant to certain prescribed terms and conditions.

DIVISION II

5. A dietitian must enter on the patient’s record the nutrient formula or the vitamins and minerals prescribed and the reasons for the prescription or for which the dosage has been changed. The dietitian must also enter the name of the prescribed medications administered.

A dietitian must also record any follow-up required further to his actions.

6. A dietician must communicate, to the attending physician or the professionals concerned who provide the follow-up of the patient's condition, the name of the nutrient formulas, vitamins and minerals prescribed.

In the absence of an attending physician, a dietician must determine the patient follow-up and management prior to taking any action.

Draft Minister's Order

Natural Heritage Conservation Act
(chapter C-61.01)

Extension of the setting aside of land for three proposed ecological reserves

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (chapter R-18.1), that, on the expiry of 45 days following this publication, the Minister of Sustainable Development, Environment and the Fight Against Climate Change intends to extend the setting aside of land as proposed ecological reserves and to make a Minister's Order for that purpose.

The extension concerns the three following territories:

- proposed Matamec ecological reserve (northern portion);
- proposed Paul-Provencher ecological reserve;
- proposed Ruisseau-Clinchamp ecological reserve.

In accordance with the Natural Heritage Conservation Act, the draft Minister's Order extends the setting aside of land for three proposed ecological reserves, for a term of eight years. The extension is necessary to maintain in force the provisional protection currently assigned to those territories, in order to complete the steps required to assign permanent protection status. The draft Minister's Order provides that the setting aside of the land will expire on 19 December 2024.

Further information on the proposed extension may be obtained by contacting Agathe Cimon, Director, Direction des aires protégées, Ministère du Développement durable, de l'Environnement et de la Lutte contre les changements climatiques, édifice Marie-Guyart, 675, boulevard René-Lévesque Est, 4^e étage, boîte 21, Québec (Québec) G1R 5V7; telephone: 418 521-3907, extension 4426; fax: 418 646-6169; email: agathe.cimon@mddelcc.gouv.qc.ca

Draft Regulation

An Act respecting occupational health and safety
(chapter S-2.1)

Joint sector-based associations on occupational health and safety — Amendment

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (chapter R-18.1), that the Regulation to amend the Regulation respecting joint sector-based associations on occupational health and safety, appearing below, may be made by the Commission des normes, de l'équité, de la santé et de la sécurité du travail and submitted to the Government for approval, in accordance with section 224 of the Act respecting occupational health and safety (chapter S-2.1), on the expiry of 45 days following this publication.

The draft Regulation updates the provincial administration sector within the meaning of the Regulation and specifies that certain entities of the Administration belong to that sector. Namely, it removes the name of a body that no longer exists and specifies that the Institut national de santé publique du Québec, the Commission de la capitale nationale du Québec, the Conseil des arts et des lettres du Québec, and the Public Protector belong to the provincial administration sector.

Study of the matter shows little impact on enterprises since the purpose of most of the changes is to update the provincial administration sector within the meaning of the Regulation and to specify that certain entities of the Administration belong to that sector.

Further information may be obtained by contacting Bernard Dufour, Acting Director of partnership, Commission des normes, de l'équité, de la santé et de la sécurité du travail, 1199, rue De Bleury, 2^e étage, Montréal (Québec) H3C 4E1; telephone: 514 906-3020, extension 2008; email: bernard.dufour@cnesst.gouv.qc.ca

Any person wishing to comment is requested to submit written comments within the 45-day period to Claude Sicard, Vice-President for Partnership and Expert Counseling, Commission des normes, de l'équité, de la santé et de la sécurité du travail, 524, rue Bourdages, local 220, Québec (Québec) G1K 7E2.

(chapter A-18.1)

Reimbursement of property taxes of certified forest producers — Amendment

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (chapter R-18.1), that the Regulation to amend the Regulation respecting the reimbursement of property taxes of certified forest producers, appearing below, may be made by the Government on the expiry of 45 days following this publication.

The draft Regulation provides for an annual adjustment of the values of development expenses listed in Schedule 1 to the Regulation respecting the reimbursement of property taxes of certified forest producers (chapter A-18, r. 12.1), changes three values of those development expenses and specifies what is included in the development expenses for the technical component and for the execution component. In addition, it makes certain corrections to the forest engineer's report in Schedule 2 to the Regulation.

The proposed amendments have no impact on the administrative and financial expenses of enterprises.

Further information may be obtained by contacting Frédéric Lortie, Direction de l'aménagement et de l'environnement forestiers, Ministère des Forêts, de la Faune et des Parcs, 5700, 4^e Avenue Ouest, bureau A-214, Québec (Québec) G1H 6R1; telephone: 418 627-8650, extension 4136; fax: 418 643-2368; email: frederic.lortie@mffp.gouv.qc.ca

Any person wishing to comment on the draft Regulation is requested to submit written comments within the 45-day period to Ronald Brizard, Associate Deputy Minister for Forests, Ministère des Forêts, de la Faune et des Parcs, 5700, 4^e Avenue Ouest, bureau A-405, Québec (Québec) G1H 6R1.

LAURENT LESSARD,
Minister of Forests, Wildlife and Parks

Regulation to amend the Regulation respecting the reimbursement of property taxes of certified forest producers

Sustainable Forest Development Act
(chapter A-18.1, s. 173)

1. The Regulation respecting the reimbursement of property taxes of certified forest producers (chapter A-18.1, r. 12.1) is amended in section 3 by inserting “total” before “amount”.

2. The following is inserted after section 5:

“5.1. Every value of development expenses eligible for the reimbursement of property taxes of certified forest producers indicated in Schedule 1 is adjusted on 1 January of each year by a rate corresponding to the sum of the weighted indices defined in the table below for each family of development expenses. The annual change is calculated with both 12-month periods ending on 30 September of the year preceding the year for which a value must be adjusted. The Minister of Forests, Wildlife and Parks publishes the results of the adjustment in Part 1 of the *Gazette officielle du Québec* and by any other means.

The result of an adjustment is rounded to the nearest multiple of \$1.00. The result of an adjustment that is equidistant from 2 multiples must be rounded to the higher of the two.

Where the rounding of the result of the adjustment does not make it possible to increase the fee by at least \$1.00, the adjustment of the fee is carried forward to the year in which the sum of the adjustment rates applicable to each of the years for which the adjustment is carried forward increases the fee by \$1.00.
