An Act to amend various legislative provisions respecting mainly transportation services by taxi

Introduced 12 May 2016
Passed in principle 8 June 2016
Passed 10 June 2016
Assented to 10 June 2016

EXPLANATORY NOTES

This Act modifies the framework for regulating transportation services by taxi in Québec but maintains the principle of a single legal regime for such services.

The Act specifies the remunerated passenger transportation services that are not taxi transportation services subject to the Act respecting transportation services by taxi.

The Government is granted the power to determine the number of servicing areas and the territory of each one, as well as the maximum number of taxi owner's permits that the Commission des transports du Québec may issue in each area. The Government may also set the additional annual duties payable to obtain, maintain or renew the taxi owner's permits it specifies. Those duties are paid into the Land Transportation Network Fund and are allocated to financing the modernization of transportation services by taxi.

Holders of a taxi transportation service intermediary's permit have new obligations. They must, at all times, provide taxi transportation service request distribution services throughout the territory of each servicing area they serve. They must also provide all persons having requested a trip with a means enabling them to assess the quality of the services rendered by the holder of a taxi driver's permit. Lastly, the holder of a taxi transportation service intermediary's permit must make a by-law on the standards of conduct and ethics which the holder must uphold and with which the holders of a taxi owner's permit and holders of a taxi driver's permit to whom the holder provides services must also comply.

The Commission des transports du Québec is required to set the basic rate structure that applies for all servicing areas and is given the power to set special rates which may vary depending on the servicing area and the categories of transportation services. The rate structure set by the Commission may also vary based on the day or time of day when the transportation service is provided. In addition, a fare may differ from the rates set by the Commission according to the technological means used to request the taxi transportation service, to the extent and on the conditions prescribed by government regulation.

The Act grants new inspection and inquiry powers to persons responsible for ascertaining compliance with the Act and the regulations. Provision is also made for new penal and administrative penalties for non-compliance with the Act, such as suspending the driver's licence of a person providing taxi transportation services without holding the appropriate licence or permit, and seizing the automobile the person is driving.

The Taxi Industry Advisory Panel is abolished.

The Act alters the scope of pilot projects that may be authorized by ministerial order in particular to provide that any such project may apply to holders of a taxi transportation services intermediary's permit, may have different standards and rules than those prescribed by the laws or regulations under the Minister's administration and must comply with the principle of equity toward holders operating under any permit at the time the pilot project is implemented.

The Act also contains safety measures for cyclists. The Highway Safety Code is amended to increase fines for dooring, and the minimum distance that a motor vehicle must keep when passing a bicycle is specified.

Lastly, consequential amendments and transitional measures are made.

LEGISLATION AMENDED BY THIS ACT:

- Highway Safety Code (chapter C-24.2);
- Act respecting the Ministère des Transports (chapter M-28);
- Act respecting transportation services by taxi (chapter S-6.01);
- Transport Act (chapter T-12).

REGULATION AMENDED BY THIS ACT:

- Regulation respecting safety standards for road vehicles (chapter C-24.2, r. 32).

2. An employer who meets the conditions set out in Title IV of Book II allowing it to be classified in unit 90020 and unit 80020 is classified in the latter unit.
3. An employer who does not meet the conditions set out in sections 11 and 12 is classified in unit 90020 if at least one of the employer's workers carries out a task covered by that unit during the assessment year, if the employer is classified in at least one unit that expressly provides for classification in that exceptional unit and if the employer meets the conditions set out in one of the following paragraphs:
 - (1) the aggregate of the insurable wages of the employer's workers declared for the year prior to the year preceding the assessment year in respect of units giving entitlement to unit 80020 and of the insurable wages declared for that year in respect of units giving entitlement to unit 90020 is equal to or greater than 45% of the insurable wages of the employer's workers for that year;
 - (2) the employer employed no worker during the year prior to the year preceding the assessment year and is classified only in units giving entitlement to unit 80020 and in units giving entitlement to unit 90020 for the assessment year;
 - (3) the employer was classified in one of the exceptional units 80020 or 90020 for the year preceding the assessment year and the aggregate of the insurable wages of the employer's workers declared for the year prior to the year preceding the assessment year in respect of units giving entitlement to unit 80020 and of the insurable wages declared for that year in respect of units giving entitlement to unit 90020 is equal to or greater than 40% of the insurable wages of the employer's workers for that year.

The insurable wages of an auxiliary worker must be excluded when calculating percentages under this section. In addition, the amount of protection enjoyed pursuant to section 18 of the Act by an employer or an executive officer of the employer who, in addition to sitting on the board of directors, performs work for the employer is considered to be insurable wages declared for the unit that corresponds to the activities in which the person is involved.

4. The Commission does not take into account the classification of an employer in unit 65150 or the wages declared in respect of that unit for the purpose of determining an employer's entitlement to an exceptional unit pursuant to sections 11 and 12 and sections 2 and 3 of these Special classification rules.

5. An employer classified in a unit that covers the manufacture of goods cannot be classified in a unit that covers the trade in those goods or in goods that the employer does not manufacture unless the employer operates at least one store located elsewhere than on the production site of the goods the employer manufactures.

6. An employer who hires out the services of the workers it employs is classified, for that activity, in the units that cover the activities of the workers concerned where the hiring out is not expressly covered by a classification unit.

Special rules for declaring wages

2. The Commission does not take into account the insurable wages declared with respect to unit 65150 for the purpose of apportioning the wages of an auxiliary worker pursuant to paragraph 3 of section 26.

3. An employer classified in both a unit that covers the manufacture of goods and in a unit that covers the trade in such goods, or in goods that the employer does not manufacture, must declare the wages of a worker who works in that trade with respect to the unit that covers the manufacture of the goods, except if the worker works in the trade in a store that the employer operates elsewhere than on the production site of the goods that the employer manufactures. The employer must declare the wages of the worker who works in that trade in that store with respect to the unit that covers the trade in the goods.
