## Draft Regulations

### Draft Regulation

Environment Quality Act  
(chapter Q-2)

#### Mandatory reporting of certain emissions of contaminants into the atmosphere — Amendment

Notice is hereby given, in accordance with sections 10, 12 and 13 of the Regulations Act (chapter R-18.1) and sections 2.2 and 46.2 of the Environment Quality Act (chapter Q-2), that the Regulation to amend the Regulation respecting mandatory reporting of certain emissions of contaminants into the atmosphere, appearing below, may be made by the Minister of Environment and the Fight Against Climate Change on the expiry of 15 days following this publication.

The draft Regulation updates the table concerning the default greenhouse gas emission factors related to electricity for Canadian provinces and for certain North American markets. The update is necessary to take into account the evolution of the power plant fleet of each Canadian province or each American state with which a power importer covered by the Regulation respecting mandatory reporting of certain emissions of contaminants into the atmosphere (chapter Q-2, r. 15) conducts business.

An amendment must also be made to the table in response to the procedures by the Government of Ontario for its withdrawal from the carbon market. That amendment ensures the quality and integrity of data provided by the enterprises purchasing electricity from Ontario.

Study of the matter has shown no cost associated to the amendments proposed by the draft Regulation.

In accordance with sections 12 and 13 of the Regulations Act, the draft Regulation may be made on the expiry of a period shorter than the 45-day period provided for in section 11 of that Act by reason of the urgency due to the following circumstance:

— the amendments made to the table concerning the default greenhouse gas emission factors related to electricity for Canadian provinces and for certain

North American markets must apply as of 1 January 2019 so that the emissions of contaminants for 2019 be declared in accordance with the new requirements.

Further information may be obtained by contacting Vicky Leblond, Direction générale de la réglementation carbone et des données d'émission, Ministère de l'Environnement et de la Lutte contre les changements climatiques; telephone: 418 521-3813, extension 4386; fax: 418 646-0001; email: vicky.leblond@mddelcc.gouv.qc.ca.

Any person wishing to comment is requested to submit written comments within the 15-day period to France Delisle, Director General, Direction générale de la réglementation carbone et des données d'émission, Ministère de l'Environnement et de la Lutte contre les changements climatiques, édifice Marie-Guyart, 675, boulevard René-Lévesque Est, 5<sup>e</sup> étage, boîte 30, Québec (Québec) G1R 5V7; email: france.delisle@mddelcc.gouv.qc.ca.

MARIECHANTAL CHASSÉ,  
*Minister of Environment and  
the Fight Against Climate Change*
