## DIVISION I

NOTICE OF RECRUITMENT

1. Where it is expedient to draw up a list of persons declared qualified for appointment as members of the Financial Markets Administrative Tribunal, the Associate Secretary General responsible for the Secrétariat aux emplois supérieurs of the Ministère du Conseil exécutif publishes a notice of recruitment published throughout Québec inviting interested persons to submit their candidacy for the position of member of the Tribunal.
2. The notice of recruitment gives
(1) a brief description of the duties of a member of the Tribunal;
(2) in substance, the eligibility requirements and selection criteria set out in the Act respecting the regulation of the financial sector (chapter E-6.1) and this Regulation and any professional qualifications, training or particular experience sought, given the Tribunal's needs;
(3) in substance, the system of confidentiality applicable to the selection procedure and an indication that the selection committee may hold consultations about the candidacies;
(4) in substance, the applicable conditions of employment; and
(5) the final date for submitting a candidacy and the procedure for entry.
3. A copy of the notice is sent to the Minister of Finance and to the president of the Tribunal.

## DIVISION II <br> CANDIDACIES

4. Persons who wish to submit their candidacy must, not later than the date indicated in the notice of recruitment, send their résumé and the following information and documents:
(1) name, home address, email address and personal telephone number and, where applicable, address and telephone number of their place of work;
(2) date of birth;
(3) the nature of the activities that they have carried out and through which they have acquired the relevant experience, and the period during which those activities were carried out;
(4) where applicable, the names of the candidate's employers, partners or immediate or line superiors in the last 10 years;
(5) where applicable, the name of any legal person, partnership or professional association of which the candidate is or was a member in the last 10 years;
(6) where applicable, proof that the requirements set out in this Regulation are met as well as those specified in the notice of recruitment;

(9) a brief summary of the reasons for the interest in performing the duties of a member of the Tribunal.

The candidate must also submit a writing agreeing to a verification with, in particular, a disciplinary body or police authorities and, if required, to consultations with the persons, partnerships or professional associations referred to in subparagraphs 4 and 5 of the first paragraph.

## DIVISION III <br> ESTABLISHMENT OF A SELECTION COMMITTEE

5. Following the publication of the notice of recruitment, the Associate Secretary General establishes a selection committee, designates the chair and appoints to the committee
(1) the president of the Tribunal or, after consulting the president, another member of the Tribunal;
(2) a member of the staff of the Ministère du Conseil exécutif or the Ministère des Finances;
(3) a representative of the public who is either from the legal or financial community, or a retired person having exercised an adjudicative function within a body of the administrative branch.

6. A committee member whose impartiality could be questioned must withdraw with respect to a candidate, particularly in the following situations:
(1) the member is or was the candidate's spouse;
(2) the member is related to the candidate by birth, marriage or civil union, to the degree of first cousin inclusively;
(3) the member is or was a partner, employer or employee of the candidate in the last 10 years; despite the foregoing, a member employed in the public service must withdraw with respect to a candidate only if the member is or has been under the candidate's direct supervision or is or has been the candidate's immediate superior.

A member must immediately bring to the attention of the other members of the committee any fact that may give rise to a reasonable apprehension of bias.

Where a member of the committee has withdrawn, is absent or is unable to act, the decision must be made by the other members.
7. Before taking office, the members of the committee must take an oath by solemnly affirming the following: "I, (full name), swear that I will neither reveal nor disclose, without due authorization to do so, anything whatsoever may come to my knowledge in the exercise of my duties.".

The oath is taken before a member of the staff of the Ministère du Conseil exécutif or the Ministère des Finances empowered to administer oaths.

The writing evidencing the oath must be sent to the Associate Secretary General.
8. A person may be appointed to more than one selection committee at the same time.
9. Travel and accommodation expenses of the committee members are reimbursed in accordance with the Règles sur les frais de déplacement des présidents, viceprésidents et membres d'organismes gouvernementaux made by Décret 2500-83 dated 30 November 1983.

In addition to the reimbursement of their expenses, the chair and the committee members who are neither members of the Tribunal nor employees of a government department or body are entitled respectively to fees of $\$ 250$ or $\$ 200$ per half-day of sitting they attend.

## DIVISION IV <br> FUNCTIONING OF THE SELECTION COMMITTEE

10. The list of candidates and their records are sent to the members of the selection committee.
11. The committee analyzes the candidates' records and retains those who, in its opinion, meet the eligibility requirements and any additional evaluative measures applied in consideration of the positions to be filled or the large number of candidates.
12. The chair of the committee informs the shortlisted candidates of the date and place of their meeting with the committee and informs the other candidates that they were turned down and, as a result, will not be called to a meeting.
13. The committee's report lists the candidates that were turned down, giving reasons therefor.

## DIVISION V <br> CONSULTATIONS AND SELECTION CRITERIA

14. The committee may, on any matter in a candidate's record or any aspect of a candidacy or of the candidacies as a whole, consult with
(1) any person who has been, in the last 10 years, an employer, partner, immediate or line superior of the candidate; and
(2) any legal person, partnership or professional association of which a candidate is or was a member in the last 10 years.
15. The selection criteria to be taken into account by the committee in assessing a candidate's qualifications are
(1) the experience required and any other experience relevant to the duties of a member of the Tribunal;
(2) the extent of the candidate's knowledge or skills in view of the required professional qualifications, training or particular experience specified in the notice of recruitment;
(3) the candidate's personal and intellectual qualities and ability to perform the duties of a member of the Tribunal, in particular the candidate's judgment, including his or her impartiality and independence, openmindedness, insight, level-headedness, analysis and capacity for synthesis, decision-making abilities, ability to work in a team, ability to express himself or herself, and ability to engage in ethical conduct; and
(4) the candidate's conception of the duties of a member of the Tribunal.

## DIVISION VI

REPORT OF THE SELECTION COMMITTEE
16. Committee decisions are made by a majority vote of its members. In the case of a tie-vote, the chair of the committee has a casting vote.
17. Not later than 30 days after an application therefor by the Associate Secretary General, the committee promptly submits a report including
(1) the names of the candidates who meet the eligibility requirements and who have not been selected;
(2) the names of the candidates whom the committee declared qualified for appointment as members of the Tribunal, their profession, and their personal and professional contact information; and
(3) any information that the committee considers appropriate, particularly with respect to the particular characteristics, qualifications or area of expertise of the qualified candidates.

The report is submitted to the Minister, to the Associate Secretary General, and to the president of the Tribunal if the latter is not a member of the committee.
18. Wherever possible, the committee declares qualified a number of candidates corresponding to at least twice the number of vacant positions, if any.
19. A committee member may register dissent with respect to all or part of the report.

## DIVISION VII <br> REGISTER OF CERTIFICATES OF QUALIFICATION

20. The Associate Secretary General writes to the candidates to inform them of whether they have been declared qualified for appointment as members of the Tribunal.
21. The Associate Secretary General keeps the register of certificates of qualification up to date.

A certificate of qualification is valid for a period of 3 years from the date on which it is entered in the register.

The Associate Secretary General strikes out an entry on the expiry of the validity period of the certificate of qualification, or where the person is appointed as a member of the Tribunal, dies or asks to be withdrawn from the register.

## DIVISION VIII

RECOMMENDATION
22. On being notified of a vacant position, the Associate Secretary General sends a copy of the updated list of persons declared qualified for appointment as members of the Tribunal to the Minister.
23. The Minister recommends to the Government the name of a person who has been declared qualified for appointment as a member of the Tribunal.
24. If the Minister is of the opinion that he or she cannot, considering the list of persons declared qualified for appointment as members of the Tribunal and in the best interest of the proper operation of the Tribunal, recommend an appointment, the Minister then asks the Associate Secretary General to have a notice of recruitment published, in accordance with Division I.

The committee assessing the qualifications of the candidates who submitted their candidacy after another notice of recruitment and reporting to the Associate Secretary General, to the Minister and to the president of the Tribunal may be composed of persons previously designated to sit on a preceding committee.

## DIVISION IX

RENEWAL OF TERMS OF OFFICE
25. In the 12 months before the expiry of a Tribunal member's term of office, the Associate Secretary General asks that member to provide the information mentioned in subparagraphs 7 and 8 of the first paragraph of section 4
and to send a writing in which the member agrees to a verification with, in particular, a disciplinary body, a professional order of which the member is or was a member and police authorities and, where applicable, in which the member agrees that the persons, partnerships or professional associations mentioned in section 14 be consulted.
26. The Associate Secretary General establishes a committee to examine the renewal of the Tribunal member's term of office and designates the chair thereof.

The committee is composed of a representative from the legal community, a retired person having exercised an adjudicative function within a body of the administrative branch and a university representative who is a member of a professional order, who do not belong to the Administration within the meaning of the Public Administration Act (chapter A 6.01), the Autorité des marchés financiers or any other body whose decisions may be contested before the Tribunal or represent them.

Sections 6 to 9 then apply.
27. The committee ascertains whether the Tribunal member whose term of office is being examined for renewal still meets the criteria set out in section 15 , considers the member's annual performance evaluations and takes into account the Tribunal's needs. The committee may hold the consultations provided for in section 14 on any matter in the record.
28. Committee decisions are made by a majority vote of its members. In the case of a tie-vote, the chair of the committee has a casting vote. A member of the committee may register dissent.

The committee sends its recommendation to the Associate Secretary General and to the Minister.
29. The Associate Secretary General is the agent empowered to notify a member of the Tribunal of the non-renewal of a term of office.

## DIVISION X <br> CONFIDENTIALITY

30. The names of candidates, the reports of selection committees, the recommendations of renewal committees, the register of certificates of qualification, the list of candidates declared qualified for appointment as members of the Tribunal and any information or document related to a consultation or decision by a committee are confidential.

Despite the foregoing, a member whose term of office is not renewed may consult the recommendation of the examination committee concerning him or her.

## DIVISION I

PURPOSE AND SCOPE

## 1. PURPOSE OF THE PROGRAM

The purpose of the Program for the awarding of land in the domain of the State for renewable electricity generation (hereinafter referred to as the "Program") is, first, to make accessible and reserve lands in the domain of the State under the authority of the Minister of Natural Resources and Forests (hereinafter referred to as the "Minister") for the generation of renewable electricity and, second, to provide a framework for the granting of the required rights for the use of those lands for that purpose. More specifically, the aims of the Program are

(a) tender calls by Hydro-Québec;
(b) tender calls by an electric power distributor outside Québec;
(c) a renewable electricity purchase program;
(d) contracts entered into by mutual agreement for the sale of renewable electricity;
(2) to set the terms and conditions for the awarding of the required rights for the installation of renewable electricity generation facilities on lands in the domain of the State; and
(3) to fix the rent for land in the domain of the State for renewable electricity generation facilities on the basis of market prices for comparable facilities.

The Program is drawn up pursuant to sections 17.13, 17.14 and 17.15 of the Act respecting the Ministère des Ressources naturelles et de la Faune (chapter M-25.2).

"electric power supplier" means a producer or supplier that makes available or sells electricity to an electric power distributor; (fournisseur d'électricité)
"renewable electricity generation facility" means any works or appliance used to generate and deliver renewable electricity, as well as any related works, appliance or equipment except wind measurement instruments; (installation de production d'électricité renouvelable)
"renewable electricity" means electricity generated from wind energy, solar energy, geothermal energy, biomass or biogas; (électricité renouvelable)

"tender call" means a competitive tendering procedure to acquire the movable property and services needed by the enterprise to pursue its current and strategic activities and achieve its basic mission. It may involve a call for bids, leading to the submission of firm bids by tenderers, or a request for proposals, which makes it possible to negotiate certain elements of the proposals submitted by suppliers or to accept them as they stand. (appel au marché)

## 3. TERRITORY OF APPLICATION

The Program applies to lands in the domain of the State under the authority of the Minister, including lands that have already been the subject of a delegation of management in favour of a regional county municipality (RCM) or a municipality under a program relating to such a delegation of management of lands in the domain of the State.

An RCM or a municipality participating in a program of delegation of management of lands in the domain of the State that has signed a land management agreement or a management delegation agreement with the Minister as part of such a program may be authorized by the Minister to manage the provisions of the Program on those lands.

An RCM or a municipality so authorized must apply the terms and conditions of the Program in compliance with the analytical framework for the installation of wind turbines on lands in the domain of the State (Ministere des Ressources naturelles, 1st quarter 2014), and any other document replacing the analytical framework, and the policy directions set out in the Plan régional de développement du territoire public (PRDTP) - volet éolien or the Analyse territoriale - volet éolien for the region concerned.

The terms and conditions provided for in the land management agreement or the management delegation agreement that are not inconsistent with those of the Program apply to its management by the RCM or the municipality.

## DIVISION II. 1

LETTER OF INTENT

## 4. APPLICATION FOR A LETTER OF INTENT

A person wishing to present a renewable electricity generation project located in whole or in part on lands in the domain of the State in response to a tender call by Hydro-Québec or by an electric power distributor outside Québec, or in response to a renewable electricity purchase program, must file an application with the Minister for a letter of intent describing the land concerned. The Minister may issue or refuse to issue such a letter of intent.

The letter of intent states that the Minister may award the applicant the required rights for the installation of the renewable electricity generation facilities for the project on the lands in the domain of the State described in the letter, subject to the signing of a contract for the sale of the electricity generated with the body that launched the tender call or the purchase program, or with an electric power supplier that signed such a contract as part of such a tender call or purchase program. The awarding of the required rights remains subject to obtaining all the permits, certificates and authorizations required under an Act or a regulation then in force and compliance with the conditions of the Program and the conditions to be specified by the Minister.

The Minister may issue a letter of intent to more than one applicant for the same land in the domain of the State as part of the same tender call or the same renewable electricity purchase program. In addition, the Minister may issue more than one letter of intent for the same land in the domain of the State for separate tender calls or separate renewable electricity purchase programs, but only when they are proposed by the same authority.

A minimum period of 60 days of examination and analysis applies to an application for a letter of intent. The Minister may issue or refuse to issue a letter of intent before the expiry of the 60 -day period.

## 5. EFFECT OF THE LETTER OF INTENT

The Minister may refuse to grant any required right on land in the domain of the State in respect of which an application for a letter of intent was made so as to protect its potential for the installation of renewable electricity generation facilities.

The Minister may reserve to the State, in accordance with section 304 of the Mining Act (chapter M-13.1), any land in the domain of the State in respect of which an application for a letter of intent has been made.

The holder of a letter of intent may not transfer the entitlement to a third person without prior written authorization from the Minister.

## 6. DOCUMENTS TO BE SUBMITTED

The application for a letter of intent must indicate for which tender call or renewable electricity purchase program the project is intended as well as the bid closing date and the date proposed for the public announcement of the projects selected, if known.

It must also indicate the name and particulars of the body that launched the tender call or the renewable electricity purchase program and, if applicable, the electric power supplier that must submit a bid in response to the tender call and the date proposed for the putting into service of the renewable electricity generation facilities.

The application must include a map showing the location of the lands in the domain of the State concerned to a scale of 1:20 000 or larger and shape files. It must also specify the proposed number and location of the proposed renewable electricity generation facilities, the renewable energy sources for the project, the proposed megawatts (MW), the area of land to be occupied by each facility, the access roads to the facilities and the markets targeted for the sale of the electricity generated.

It must also include a business plan for the project and any other document or information showing the impact in terms of sustainable development, in particular, the environmental, social and economic aspects (structure of the enterprise and partnership, financing plan, implementation deadline, economic benefits at the local and regional levels, investment, temporary and permanent employment by class, impact on the development of the renewable energy sector in Québec, environmental impact, acceptance of the project by the community, etc.).

The Minister may require any other document or information the Minister considers necessary for the examination of the application.

## 7. FEES PAYABLE

The fees for filing an application are those provided for in section 1 of Schedule I to the Regulation respecting the sale, lease and granting of immovable rights on lands in the domain of the State (chapter T-8.1, r. 7). The fees payable for the examination of an application for a letter of intent, for the examination of a request for change by the applicant, or for the examination of a request to transfer a letter of intent are $\$ 661$. The fees payable for the issue or renewal of a letter of intent are $\$ 5,278$.

## 8. DURATION OF VALIDITY OF THE LETTER OF INTENT

A letter of intent that awards land in the domain of the State is valid for 24 months. Subject to the payment of the required fees, the Minister may renew a letter of intent. However, the Minister may cancel a letter of intent following a 30-day notice to the holder.

Despite the first paragraph, a holder of a letter of intent issued in response to a tender call or a renewable electricity purchase program must send to the Minister a written confirmation of the submission of the holder's bid or proposal within 30 days after the bid or proposal closing date set by the body that launched the tender call or the purchase program. After the 30-day period, the letter of intent of a holder who does not provide such proof becomes null and void and without effect. A letter of intent issued in response to a tender call or a renewable electricity purchase program for which the bid or proposal is not accepted by the body that launched the tender call or purchase program following the opening of bids or proposals becomes null and void and without effect.

In addition, a holder of a letter of intent issued in response to a tender call or a renewable electricity purchase program must send to the Minister, within 30 days following the public announcement of the bidders or proponents selected, written proof of selection. All other letters of intent issued in response to that tender call or renewable electricity purchase program become null and void and without effect 30 days after the public announcement.

## DIVISION II. 2

RESERVED LAND AREA

## 9. APPLICATION FOR RESERVED LAND AREA

The holder of a letter of intent, who enters into a contract for the sale of renewable electricity following a tender call by Hydro-Québec or an electric power distributor located outside Québec or with an electric power
supplier who has signed an energy sale contract as part of such a tender call or following a renewable electricity purchase program, must apply to the Minister to obtain a reserved land area applicable to the lands in the domain of the State described in the letter of intent as well as any other lands in the domain of the State required for the implementation of the project.

If more than one holder of a letter of intent for the same land in the domain of the State has signed a contract for the sale of renewable electricity following a tender call or has been selected following such a tender call or a renewable electricity purchase program, the Minister reserves the right to issue a reserved land area only to the applicant whose project analysis shows the most positive impact in terms of sustainable development, in particular, the environmental, social and economic aspects. The assessment of the project impact particularly takes into account the information provided in the application for a letter of intent and for a reserved land area.

The holder of a letter of intent may also file an application for reserved land area applicable to lands in the domain of the State required for carrying out the project in a new location.

An applicant who signed a contract entered into by mutual agreement for the sale of renewable electricity may file with the Minister an application to obtain a reserved land area applicable to lands in the domain of the State required for carrying out the applicant's project. However, a reserved land area is a prior condition for obtaining the required rights for the installation of renewable electricity generation facilities subject to the environmental impact assessment and review procedure provided for in Subdivision 4 of Division II of Chapter IV of Title I of the Environment Quality Act (chapter Q-2).

If more than one applicant has signed a contract entered into by mutual agreement for the sale of renewable electricity for the same land in the domain of the State, the Minister reserves the right to issue a reserved land area only to the applicant whose project analysis shows the most positive impact in terms of sustainable development, in particular, the environmental, social and economic aspects. The assessment of the project impact particularly takes into account the information provided in the application for a reserved land area.

The Minister may issue or refuse to issue a reserved land area. The Minister may not award a reserved land area to more than one applicant for the same land in the domain of the State.

## 10. EFFECT OF RESERVED LAND AREA

The reserved land area indicates that the Minister may award the holder the required rights to install renewable electricity generation facilities on lands in the domain of the State described therein, subject to obtaining all the permits, certificates and authorizations required under an Act or a regulation then in force, and compliance with the conditions of the Program and the conditions to be specified by the Minister.

The Minister may refuse to grant a land right on land in the domain of the State that is a reserved land area so as to protect its renewable energy generation potential until the required rights for the installation of all the project facilities have been granted.

The Minister may reserve to the State, in accordance with section 304 of the Mining Act, any land in the domain of the State that is a reserved land area.

The lands in a reserved land area are subject to registration in the register known as the "Register of the domain of the State", referred to in section 26 of the Act respecting the lands in the domain of the State.

The holder of a reserved land area may not transfer the entitlement to a third person without prior written authorization from the Minister.

## 11. DOCUMENTS TO BE SUBMITTED

If the application for a reserved land area results from a contract for the sale of renewable electricity following a tender call or a renewable electricity purchase program, it must indicate for which tender call or renewable electricity purchase program the project is intended as well as the proposed date for the putting into service of the facilities. If the application results from a contract entered into by mutual agreement, it must identify the contractor and specify the destination of the electricity. If the contractor is not an electric power distributor but an electric power supplier, written proof of the contract between the electric power supplier and such a distributor must also be provided to the Minister. In all cases, a copy of the electric power sale contract with the electric power distributor or written proof of the contract must be sent to the Minister by the applicant.

The application must include a plan showing the location of the lands in the domain of the State concerned to a scale of 1:20 000 or larger and shape files. It must also specify the proposed number and location of the planned renewable electricity generation facilities, the proposed megawatts (MW), the area of land to be occupied by each facility and the access roads.

It must also include a business plan for the project and any other document or information showing the impact in terms of sustainable development, in particular, the environmental, social and economic aspects (structure of the enterprise and partnership, financing plan, implementation deadline, economic benefits at the local and regional levels, investment, temporary and permanent employment by class, impact on the development of the renewable energy sector in Québec, environmental impact, acceptance of the project by the community, etc.). The Minister may require any other document or information the Minister considers necessary for the examination of the application.

## 12. FEES PAYABLE

The annual rate for the reserved land area is $\$ 11 / \mathrm{ha}$ payable within 30 days of the issue of the letter confirming the reserved land area. That rate is not refundable.

If an application for a reserved land area follows a letter of intent, no fees are payable for opening the file and examining the application. The fees for issuing the reserved land area are $\$ 661$.

If the application for a reserved land area does not follow a letter of intent, the fees for filing an application are those provided for in section 1 of Schedule I to the Regulation respecting the sale, lease and granting of immovable rights on lands in the domain of the State. The fees for the examination of the application are $\$ 661$ and the fees for issuing the reserved land area are $\$ 5,278$.

In all cases, the fees for a modification or transfer of a reserved land area are $\$ 661$.

## 13. DURATION OF VALIDITY OF THE RESERVED LAND AREA

The reserved land area must be renewed annually and kept in force until the required rights for the installation of all the renewable electricity generation facilities for the project have been granted in full. On the annual renewal, the surface of the reserved land area may be reduced at the request of the holder according to the progress in the required rights granted.

Failure to pay the rate for the reserved land area releases the Minister from all obligations relating to the granting of land rights for the installation of all the project facilities.

If no wind power facility has been installed within one year after the date of its putting into service proposed in the contract for the sale of the renewable energy, the reserved land area becomes null and void and without effect.

However, the Minister may renew such a reserved land area following a substantiated request by its holder.

The Minister may, at any time, cancel a reserved land area following a 30 -day notice.

## DIVISION II. 3

AWARDING OF REQUIRED RIGHTS

## 14. AWARDING METHOD

The Minister may award the holder of a reserved land area the required rights for the installation of renewable electricity generation facilities, by lease or otherwise. The land rights are subject to the Act respecting the exportation of electric power (chapter E-23).

## 15. ELIGIBILITY

In accordance with section 17.14 of the Act respecting the Ministère des Ressources naturelles et de la Faune, to obtain a land right under the Program, the holder of a reserved land area must be a legal person.

## 16. DOCUMENTS TO BE SUBMITTED

The holder of a reserved land area must send to the Minister a written application for required rights on land in the domain of the State for the project.

The application must include a map showing the location of the proposed site to a scale of 1:20 000 or larger, shape files, a development plan showing the location of the proposed renewable electricity generation facilities and access roads, a project timetable, as well as any other document or information that the Minister may consider appropriate to require for examination of the application.

To obtain the required rights, the applicant must hold all the permits, certificates and authorizations required under an Act or a regulation then in force.

Despite the above, the Minister may issue to the applicant an offer of required rights, on condition that all the permits, certificates, authorizations and other documents required be obtained.

On the awarding of the required rights, the applicant must have the land surveyed in accordance with the directions of the Minister, at the applicant's expense.

## 17. TERM OF THE REQUIRED RIGHTS AWARDED

The term of the required rights awarded may exceed by one year the term of the contract for the sale of renewable electricity. That term is calculated from the first day of the month following its signature.

In the event that the contract for the sale of renewable electricity ends before the proposed term, the holder of the required rights must inform the Minister of the end of the contract within 30 days following the end. The required rights awarded will end on the date indicated in a written notice from the Minister.

The Minister may renew such required rights for one-year periods following a substantiated request by their holder.

## 18. RENEWAL

Required rights awarded may be renewed subject to the conditions of the Program and of any applicable regulation then in force that may apply.

## 19. SPECIAL CLAUSES

The Minister is authorized to include any special clause in required rights contracts that is conducive to the pursuit of the Program's objectives, in particular, any accession clause or any clause regarding the renunciation of the benefit of accession and any clause authorizing the Minister to acquire the renewable electricity generation facilities at the end of the term.

## 20. REVOCATION

The required rights awarded may be revoked if the holder has not completed work to install the renewable electricity generation facilities in accordance with the development plan within a period of 24 months following the signing of the contract relating to the granting of the required rights. The Minister reserves the right to extend that period.

Any required right obtained on the basis of erroneous or fraudulent information provided by the applicant may be revoked by the Minister.

## DIVISION III

## OTHER PROJECTS FOR RENEWABLE ELECTRICITY GENERATION FACILITIES

## 21. AWARDING METHOD

The Minister may award required rights according to the Regulation respecting the sale, lease and granting of immovable rights on lands in the domain of the State for the installation of renewable electricity generation facilities that do not result from a project listed in subparagraph 1 of the first paragraph of section 1 of the Program.

## DIVISION IV <br> RENT AND ROYALTIES FOR RENEWABLE ELECTRICITY GENERATION FACILITIES

## 22. RENT FOR WIND POWER FACILITIES

The annual rent for the leasing of land in the domain of the State for the installation of wind turbines is calculated on the basis of the production capacity of the wind turbine at a rate of $\$ 6,339$ per megawatt (MW).

## 23. RENT FOR OTHER FACILITIES

The annual rent for the leasing of land in the domain of the State for the installation of renewable electricity generation facilities other than wind power facilities is calculated in accordance with the Regulation respecting the sale, lease and granting of immovable rights on lands in the domain of the State.

## DIVISION V

TRANSITIONAL AND FINAL PROVISIONS

## 24. REGULATORY PROVISIONS

Regulatory provisions made under the Acts in force, in particular but not exclusively the Act respecting the lands in the domain of the State, remain, to the extent that they are consistent with the Program, applicable to the terms and conditions for the awarding of required rights for the installation of renewable electricity generation facilities as part of the Program. The provisions of the Program do not exempt lessees of lands in the domain of the State from complying with the regulations and Acts in force, including the Act respecting the exportation of electric power.

## 25. EXCLUSIONS

The Program does not apply to the authorizations and required rights that result from agreements entered into between the government, its mandataries and third persons for the installation of renewable electricity generation facilities before the coming into force of the Program or its previous versions, or to the placing at the disposal of Hydro-Québec of lands in the domain of the State under section 32 of the Hydro-Québec Act (chapter H-5).

## 26. INDEXATION

As of 1 April 2023, all the rents, fees and rates determined by the Program are indexed on 1 April of each year depending on the changes in the average consumer price index for the preceding year, using as a base the index for the whole of Québec calculated by Statistics Canada.

Those amounts are then increased to the nearest dollar if they contain a fraction of a dollar equal to or greater than $\$ 0.50$ or reduced to the nearest dollar if they contain a fraction of a dollar less than $\$ 0.50$.

The indexing of an amount that cannot be rounded up to the nearest dollar is postponed until the year in which the total of the indexing rates applicable to each year for which the indexing is postponed will increase the amount by $\$ 1$.

## 27. REPLACEMENT

The Program replaces the Program for the awarding of lands in the domain of the State for the installation of wind turbines which replaced, pursuant to Order in Council 466-2017 dated 10 May 2017, the Program for the awarding of lands in the domain of the State for the installation of wind turbines, approved by Order in Council 928-2005 dated 12 October 2005 and amended by Orders in Council 647-2007 dated 7 August 2007, 1177-2009 dated 11 November 2009 and 1246-2013 dated 27 November 2013. However, the authorizations and rights granted under the previous program, made by Order in Council 466-2017 dated 10 May 2017, continue to apply in accordance with the rents and rates provided for therein until their expiry.

## 28. COMING INTO FORCE

The Program comes into force on the date of its publication in the Gazette officielle du Québec.

## Rules of evidence and procedure of the Financial Markets Administrative Tribunal

Act respecting the regulation of the financial sector (chapter E-6.1, s. 115.15.58)

## DIVISION I <br> GENERAL

1. These Rules apply to all matters brought before the Financial Markets Administrative Tribunal.

Their purpose is to ensure the simple, flexible and prompt processing of applications submitted to the Tribunal, particularly with the cooperation of the parties and their lawyers and the use of available technological means by the parties and the Tribunal, in keeping with the rules of natural justice and the equality of parties.
2. The Tribunal's rules of evidence and procedure are intended to render effective the substantive law and to ensure that it is carried out, and, unless otherwise provided, failure to observe the rules that are not public order rules can only affect a proceeding if the failure has not been remedied when it was possible to do so. The provisions of these Rules must be interpreted the one by the other, and, so far as possible, in such a way as to facilitate rather than to delay or to end prematurely the normal advancement of matters.
3. At any stage, the pleadings and the means of proof used must be proportionate to the nature, complexity and ultimate purpose of the matter.
4. In computing any time period, the day marking the start of the period is not counted, but the last day is.

A time period expires at midnight on the last day; a time period that would normally expire on a holiday is extended to the next working day.

The following are holidays:
(1) Saturdays and Sundays;
(2) 1 and 2 January;
(3) Good Friday;
(4) Easter Monday;
(5) the Monday preceding 25 May;
(6) 24 June;
(7) 1 July;
(8) the first Monday of September;
(9) the second Monday of October;
(10) 24, 25, 26 and 31 December;
(11) any other day determined by the Government.
5. Written communication from a party to the Tribunal must be sent by that party to the other parties to the matter and must indicate the record number assigned by the Tribunal.
6. The parties and their lawyers must provide the Tribunal with their address, email address and telephone number and inform the Tribunal in writing, without delay, of any change in their contact information.

## DIVISION II <br> FILING OF DOCUMENTS AND NOTIFICATION

7. An originating pleading, any other pleading or any other document may be filed by any means compatible with the Tribunal's technological environment.
8. The date of filing of a document is the date on which it is received by the Tribunal.

A document filed after 4:30 p.m. is deemed to have been filed on the next working day.
9. A party who intends to produce an exhibit or other evidence at a hearing must, at least 2 days before the hearing, send a copy to the other parties and the Tribunal, except in case of urgency or unless otherwise decided to ensure the proper administration of justice.

The party must also file with the Tribunal proof of its notification to the other parties.
10. A party who wishes to remove evidence filed in the Tribunal record must obtain the permission of the Tribunal.
11. Notification may be made by any appropriate method that provides the notifier with proof that the document was delivered or sent, unless the use of a specific means of notification is required by law.

Such methods include notification by court bailiff, by registered mail, by delivery or by technological means.

Notification by technological means to a party who is not represented is permitted only with the party's consent or if ordered by the Tribunal.

Whatever the method of notification used, a person who acknowledges receipt of the document or admits having received it is deemed to have been validly notified.
12. Proof of notification is filed with the Tribunal.
13. Pleadings must be notified to the other parties or their lawyers, unless the application is filed in the absence of a party under the second paragraph of section 115.1 of the Act respecting the regulation of the financial sector (chapter E-6.1), unless otherwise provided, or unless the Tribunal decides otherwise to ensure the proper administration of justice.

An originating pleading must be notified to the parties by bailiff or by registered mail.

Pleadings must be notified to the Autorité des marchés financiers.
14. If required by the circumstances, the Tribunal, on an informal request, authorizes notification of a pleading otherwise, such as by a notice published on a website, or at such hours the Tribunal determines.

## DIVISION III <br> APPLICATION

15. An originating pleading, and an application made in the course of the proceeding, is submitted to the Tribunal's Practice Chamber to determine the date of hearing, unless the application is filed on an urgent basis or in the absence of a party under the second paragraph of section 115.1 of the Act respecting the regulation of the financial sector (chapter E-6.1), unless otherwise provided, or unless the Tribunal decides otherwise to ensure the proper administration of justice.

The pleading, notice of presentation and proof of notification must be filed at least 2 days before the date of presentation, except in case of urgency, unless otherwise provided, or unless the Tribunal decides otherwise to ensure the proper administration of justice.

All applicable fees must have been paid in accordance with the Tariff of duties and fees related to applications heard by the Financial Markets Administrative Tribunal (chapter E-6.1, r. 2).
16. A pleading must be in writing and must permit to identify the author by the author's signature.
17. Any application made in the course of the proceeding may be presented orally if authorized by the Tribunal to ensure the proper administration of justice.

## 18. An originating pleading contains

(1) the name, address, email address and telephone number of the applicant, the applicant's lawyer, where applicable;
(2) the name, address the other parties;
(3) a statement of the facts and reasons for the application, including the alleged violation or alleged acts;
(4) a reference to the exhibits and the other evidence in support of the application;
(5) the applicable statutory and regulatory provisions;
(6) the conclusions sought.

An originating pleading is accompanied by a list of the exhibits in support thereof.

An application for the review of a decision rendered by a body must be filed within the time limit prescribed by law and accompanied by a copy of the decision.
19. A party requesting to be heard by preference must substantiate the request.
20. An application submitted by a self-regulating organization under section 62.4 of the Act respecting the regulation of the financial sector (chapter E-6.1) is filed without further formality, according to the form prescribed by the Tribunal and published on its website.

The application is accompanied by a copy of the request for a document or information, or by a copy of the subpoena and proof of notification of the subpoena.

A copy of the minutes of the disciplinary hearing must be enclosed with the application, where applicable.
21. On receipt of the notice of contestation referred to in section 115.1 of the Act respecting the regulation of the financial sector (chapter E-6.1) and on expiry of the 15-day period provided for therein, the Tribunal enters the case on the roll for the Practice Chamber and sends a notice of presentation to all parties.
22. An application filed in the absence of a party under the second paragraph of section 115.1 of the Act respecting the regulation of the financial sector (chapter E-6.1) must be accompanied by an affidavit in support of the facts alleged in the application.
23. Within 30 days of receipt of an application for review, the body whose decision is contested must file with the Tribunal a copy of that decision and of all documents related to the matter.

## DIVISION IV

## DETERMINATION OF HEARING DATE, PRE-HEARING CONFERENCE AND POSTPONEMENT

24. The Tribunal determines the date of the hearing when the record is ready to proceed.
25. The parties called to a pre-hearing conference must file with the Tribunal, at least 2 days before the pre-hearing conference, the form prescribed by the Tribunal and published on its website.

The form must be completed jointly and signed by the parties or their lawyers, as applicable.
26. The Tribunal may require a party to provide a list of the witnesses the party intends to call at the hearing, as well as a summary of their testimony.
27. Applications for postponement of a hearing must be filed in writing as soon as possible and notified to the other parties.

The Tribunal may proceed on the record or require that a hearing be held to rule on the application.

The Tribunal may however allow applications to be made orally where circumstances warrant it.
28. A hearing is postponed only if the grounds invoked are serious and if required for the interests of justice.

The parties' consent is not in itself sufficient ground to grant a postponement.

The Tribunal may, on its own initiative, postpone or adjourn a hearing where circumstances require it.

## DIVISION V

REPRESENTATION
29. A party is entitled to be represented by a lawyer.

3(1) A lawyer who agrees to represent a party must confirm it to the Tribunal in writing and indicate the number of the record for which the lawyer is authorized to act, as well as the lawyer's name, address, email address and telephone number.

The designation of a lawyer in a pleading from a party constitutes a representation statement for the entire matter.
31. The notification or transmission of a document to a represented party must be made to the party's lawyer, and communications addressed to that party must be sent to the party's lawyer.
32. A party who revokes the mandate of his or her lawyer must notify the Tribunal and the other parties in writing without delay and, where applicable, indicate that the lawyer has been replaced.
33. Before the hearing date has been set, a lawyer who wishes to cease representing a party may do so after notifying the party, the other parties and the Tribunal.

The notice must contain the party's last known contact information, that is, the party's email address and telephone number.

If the hearing date has been set, the lawyer cannot cease representing the party or be replaced without the authorization of the Tribunal.

## DIVISION VI <br> INCIDENTS

## §1. Amendment of a pleading

34. At any time before the hearing, the parties may amend their pleading to
(1) replace, correct, complete or remove allegations or conclusions;
(2) invoke new facts; or
(3) assert a right accrued since the notification of the originating pleading.

The party must notify the amended pleading to the other parties and file it with the Tribunal.
35. During a hearing, a pleading may be amended with the authorization of the Tribunal.

The Tribunal may also, on its own initiative, order the correction of any clerical error or error of form, expression or calculation in a pleading, subject to the conditions it sees fit.
36. Where a pleading is amended to add a party, the original pleading must also be notified to the party. The original pleading in respect of that party is considered to be filed only on the date of notification.
37. No amendment of a pleading must be permitted if it is contrary to the interests of justice, delays the proceeding or results in an entirely new application unrelated to the original application.

## §2. Splitting

38. The Tribunal may, on its own initiative or at the request of a party, split a matter if it considers it advisable in order to protect the parties' rights.

## §3. Intervention and impleading

39. On written request, the Tribunal may authorize any person to intervene if the person shows sufficient interest in a matter.
40. The Tribunal may, on its own initiative or at the request of a party, order the impleading of any person whose interests may be affected by its decision.

## §4. Recusation

41. If a member of the Tribunal recuses himself or herself, the hearing must be suspended until another member is appointed.

If a matter is heard by more than one member and a member recuses himself or herself, the hearing is continued by the remaining members.
42. An application for the recusation of a member of the Tribunal must give a written account of the facts and grounds on which it is based.

As soon as the application is filed with the Tribunal, the application suspends the hearing until the president or the member designated by the president rules on the application.

## §5. Discontinuance and withdrawal

43. An application instituting a proceeding may be discontinued or any other proceeding may be withdrawn, where those proceedings have been notified, by the filing with the Tribunal of a written notice that must be notified to the other parties.

A discontinuance or a withdrawal may also be made orally at the hearing.
44. A pleading amended further to a discontinuance in respect of one of the parties must be notified to all the parties and filed with the Tribunal.

The pleading must clearly indicate the amendments resulting from the discontinuance.

## DIVISION VII <br> HEARING

45. The Tribunal must hold its hearings at its head office, except for hearings held using technological means.

The hearings of the Tribunal's Practice Chamber are held using technological means.
46. The Tribunal may hold any hearing and receive testimonies and arguments using any appropriate technological means.

The technological means used must allow the witness to be identified, heard and seen live. The Tribunal may however decide, after giving the parties the opportunity to make representations, to hear a witness without the witness being seen.
47. Except with the permission of the Tribunal or during a hearing held using technological means, every person addressing the Tribunal or a witness must rise and remain standing.
48. Persons attending a hearing must be suitably dressed, behave with dignity and respect and refrain from disrupting the hearing.

This rule applies to all hearings, whether they are held in a courtroom or using technological means.
49. The Tribunal may record hearings by any appropriate means.

Only persons who prove their status as journalists may make a sound recording of the hearings, unless the Tribunal prohibits them from doing so where circumstances require it. In no case may images be recorded or sound or image recordings be broadcast.
50. A party may have an official stenographer transcribe the hearing, at the party's own expense, in which case the party must provide a reproduction in a technological medium to the Tribunal free of charge.
51. Where the services of a certified interpreter are needed for a hearing, the interpreter certifies under oath that the translation will be correct.
52. A party who files a document at a hearing must send the document to the other parties and to the Tribunal.
53. The Tribunal may require a party to explain or clarify the party's contentions in writing within the time period it determines.

It may also require a party to provide in writing a summary, a transcription, an index, or any other document that may be useful for analyzing evidence.
