### AN ACT TO ESTABLISH THE BLUE FUND AND TO AMEND OTHER PROVISIONS

THE PARLIAMENT OF QUÉBEC ENACTS AS FOLLOWS:

ACT RESPECTING THE MINISTÈRE DU DÉVELOPPEMENT DURABLE, DE L'ENVIRONNEMENT ET DES PARCS

**1.** Section 15.4.38 of the Act respecting the Ministère du Développement durable, de l'Environnement et des Parcs (chapter M-30.001) is amended, in the second paragraph,

(1) by inserting “and for which no other fund under the Minister’s responsibility provides financing or has funds available” after “functions” in the introductory clause;

(2) by striking out subparagraph 8.

**2.** Section 15.4.40 of the Act is amended by inserting “or into the Blue Fund” at the end of subparagraph 10 of the first paragraph.

**3.** Section 15.4.41 of the Act is repealed.

**4.** The Act is amended by inserting the following division after section 15.4.43:

#### “DIVISION II.4

#### “BLUE FUND

“**15.4.44.** The Blue Fund is established.

The Fund is dedicated to the financing of any measure the Minister may carry out in relation to the protection, restoration, development and management of water, in particular as regards

(1) the sustainable, equitable and efficient use of water resources;

(2) flood prevention and control;

(3) the conservation of aquatic ecosystems; and

(4) water governance that complies with the governance scheme established by the Act to affirm the collective nature of water resources and to promote better governance of water and associated environments (chapter C-6.2).

The Fund is to be used, in particular, to finance activities, projects and programs aimed at stimulating technological and social innovation, research and development, knowledge acquisition, performance improvement and public mobilization, awareness and education with regard to any matter mentioned in the second paragraph.

The Fund is intended, in particular, to provide financial support to municipalities and to non-profit bodies working for the protection, restoration, development and management of water.

**“15.4.45.** The Minister is responsible for the management of the Fund, which he ensures with a view to sustainable development, efficiency and transparency and taking into account the need to adapt to the effects of climate change.

To that end, the Minister gives priority to management centred on achieving the best results to ensure compliance with government principles, policy directions and objectives related to the matters referred to in the second paragraph of section 15.4.44.

**“15.4.46.** The following are credited to the Fund:

(1) the sums transferred to the Fund by the Minister of Finance under sections 53 and 54 of the Financial Administration Act (chapter A-6.001);

(2) the gifts, legacies and other contributions paid into the Fund to further the achievement of its objects;

(3) the sums transferred to the Fund by a minister out of the appropriations granted for that purpose by Parliament;

(4) the sums paid into the Fund by the Société du Plan Nord under an agreement providing for their allocation for any of the matters covered by the Fund, in accordance with section 21 of the Act respecting the Société du Plan Nord (chapter S-16.011);

(5) the sums transferred to the Fund by the Government out of those credited to the general fund on a proposal of the Minister of Finance, including all or part of the revenue from taxes or other economic instruments related to the protection, restoration, development and management of water, identified by the Government;

(6) the sums with regard to fees, duties or charges related to the use or management of water, in particular the sums derived from the charges prescribed by the Regulation respecting the charges payable for the use of water (chapter Q-2, r. 42.1);

(7) any other sum provided for by law or a regulation of the Government or a regulation of the Minister;

(8) the revenue generated by the sums credited to the Fund;

(9) the interest charged on amounts owing under an Act or regulation under the Minister's administration and referred to in this section; and

(10) the financial contributions paid by the federal government for any of the matters covered by the Fund.

**“15.4.46.1.** A minister or a public body who or that is a party to an agreement entered into with the minister responsible for the administration of this Act under section 15.4.46.2 or has been entrusted with a mandate by the latter under the same section may, if applicable, debit the sums provided for in the agreement or the mandate from the Fund.

The estimates of the expenditures and investments for which each minister or public body may debit sums from the Fund must be clearly specified in the Fund estimates appearing in the special fund budget provided for in section 47 of the Financial Administration Act (chapter A-6.001).

Any such estimates must also appear in the estimates of each minister other than the Minister of Sustainable Development, Environment and Parks.

**“15.4.46.2.** When the activities of a department or public body allow the implementation of measures that may be financed by the Fund in accordance with section 15.4.44, the minister responsible for the administration of this Act may enter into an agreement with the minister responsible for that department or with that public body to allow it to debit the sums required for those measures from the Fund.

The minister responsible for the administration of this Act may also entrust a minister or a public body with a mandate to implement, as specified in the mandate, measures relating to the protection, restoration, development and management of water in an area under the latter minister's or the public body's responsibility. The minister may also, within the framework of such a mandate, allow the other minister or the public body to debit the sums required for such measures from the Fund.

Every agreement and mandate must be made public and specify the amount that may be debited from the Fund for the fiscal years during which the agreement or mandate will be applicable. An agreement must also specify the measures that may be financed using those sums as well as how the sums are to be distributed among the measures, or leave it up to the minister or the public body who or that is a party to the agreement to distribute the financing among those measures in the manner that is the most efficient. The administrative costs that may be debited from the Fund under such an agreement or mandate must be approved by the minister responsible for the administration of this Act.

The minister or public body concerned is responsible for implementing the measures for which he or it debits sums from the Fund as well as for achieving the objectives set regarding the protection, restoration, development and management of water.

**“15.4.47.** The Fund’s financial data and a list of the measures financed by it must appear under a separate heading in the department’s annual management report.

The financial data under the heading must include

(1) the expenditures and investments debited from the Fund by class of measures to which the Fund is dedicated;

(2) the sums debited from the Fund by each minister or public body who or that is a party to an agreement referred to in section 15.4.46.2 or has been entrusted with a mandate under that section; and

(3) the nature and evolution of revenues.

**“15.4.48.** The Fund’s financial statements are audited each year by the Auditor General.”

## ENVIRONMENT QUALITY ACT

**5.** The preliminary provision of the Environment Quality Act (chapter Q-2) is amended by inserting the following paragraph after the first paragraph:

“The purpose of this Act is also to regulate the use of water resources in such a manner as to ensure the sustainable, equitable and efficient management of those resources, with a view to transparency and to preservation of this common good, in particular by promoting better access to information concerning water withdrawals.”

**6.** Section 46 of the Act is amended by inserting the following paragraph after paragraph 8:

“(8.1) prohibit or limit certain uses of the water coming from a waterworks system, in all or part of the territory of Québec;”.

**7.** Section 53.28 of the Act is amended by adding the following paragraph at the end:

“The Government may also, by regulation, determine the conditions or prohibitions that apply where products are offered for sale, sold, distributed or otherwise made available in containers or packaging it determines, including single-use containers.”

**8.** Section 53.29 of the Act is amended by inserting “the first paragraph of” after “under” in paragraph 1.

**9.** Section 95.1 of the Act is amended by adding the following paragraph at the end:

“Any regulatory provisions made under subparagraphs 11 and 12 of the first paragraph that concern charges payable for the use of water must, at least every five years, be evaluated to ensure the sustainable use of water resources.”

**10.** The Act is amended by inserting the following section after section 118.4:

**118.4.1.** The Minister shall make available, on the Minister’s department’s website, any information obtained under a regulation made under subparagraph *l* of paragraph 16 of section 46 or under subparagraphs 11 and 12 of the first paragraph of section 95.1 concerning

(a) the monthly and annual volumes of water withdrawn or used or, if they are not measured with measuring equipment, an estimate of those volumes in litres;

(b) the name of the person who withdraws or uses the volumes of water referred to in subparagraph *a*; and

(c) the location of the site where the volumes of water referred to in subparagraph *a* are withdrawn or of the waterworks system from which the volumes of water are derived.

Sections 23.1 and 27 do not have the effect of restricting the scope of this section.”

#### REGULATION RESPECTING THE CHARGES PAYABLE FOR THE USE OF WATER

**11.** Section 11 of the Regulation respecting the charges payable for the use of water (chapter Q-2, r. 42.1) is amended by replacing “Fund for the Protection of the Environment and the Waters in the Domain of the State for the purpose of ensuring water governance” by “Blue Fund”.

#### FINAL PROVISIONS

**12.** The assets and liabilities of the Fund for the Protection of the Environment and the Waters in the Domain of the State on 9 June 2023 with regard to fees, duties or charges related to the use or management of water and compensation obtained as a result of an action instituted under the Act to affirm the collective nature of water resources and to promote better governance of water and associated environments (chapter C-6.2) are transferred to the Blue Fund. If

the assets and liabilities transferred to the Blue Fund are insufficient to start up the Fund, sums from the Consolidated Revenue Fund may be transferred to the Blue Fund during the 2023–2024 fiscal year.

By-law to amend the By-law respecting the conditions for the leasing of dwellings in low-rental housing in Nunavik

WHEREAS, under subparagraph g of the first paragraph of section 86 of the Act respecting the Société d'habitation du Québec (chapter S-8), in addition to the regulatory powers assigned to it by the Act, the Société d'habitation du Québec may, by by-law, in particular establish the conditions upon which leases may be taken or granted by a municipality, a bureau or by any organization or person who obtains a loan, subsidy or allowance for the carrying out of a housing program;

WHEREAS, under the third paragraph of section 86 of the Act, the by-laws relating to matters referred to in particular in subparagraph g of the first paragraph of that section may, subject to the Charter of human rights and freedoms (chapter C-12) and the Canadian Charter of Rights and Freedoms (Part I of Schedule B to the Canada Act, chapter 11 in the 1982 volume of the Acts of the Parliament of the United Kingdom), include distinctions, exclusions or preferences based on age, handicap or any element pertaining to the situation of a person;

WHEREAS the board of directors of the Société adopted, by resolution 2023-023 dated 20 April 2023, the By-law to amend the By-law respecting the conditions for the leasing of dwellings in low-rental housing in Nunavik;

WHEREAS, in accordance with sections 10, 12 and 13 of the Regulations Act (chapter R-18.1), a draft By-law to amend the By-law respecting the conditions for the leasing of dwellings in low-rental housing in Nunavik was published in Part 2 of the *Gazette officielle du Québec* of 24 May 2023 with a notice that it could be approved by the Government on the expiry of 10 days following that publication;

WHEREAS, under section 87 of the Act respecting the Société d'habitation du Québec, the by-laws of the Société are subject to approval by the Government;

WHEREAS, under subparagraph 1 of the first paragraph of section 18 of the Regulations Act, a regulation may come into force on the date of its publication in the *Gazette*

*officielle du Québec* or between that date and the date applicable under section 17 of that Act where the authority that has approved it is of the opinion that the urgency of the situation requires it;

WHEREAS, under the second paragraph of section 18 of that Act, the reason justifying such coming into force must be published with the regulation;

WHEREAS the Government is of the opinion that the urgency owing to the following circumstances justifies a coming into force of the By-law to amend the By-law respecting the conditions for the leasing of dwellings in low-rental housing in Nunavik on 1 July 2023:

— the monthly rent of dwellings in low-rental housing in Nunavik is adjusted on 1 July of each year;

— for the annual adjustment of a dwelling on 1 July 2023 to be made in accordance with this By-law, the By-law must come into force before that date, otherwise it would be necessary to wait for the following year for the adjustment establishing a fair rent;

WHEREAS it is expedient to approve the By-law without amendment;

IT IS ORDERED, therefore, on the recommendation of the Minister Responsible for Housing:

THAT the By-law to amend the By-law respecting the conditions for the leasing of dwellings in low-rental housing in Nunavik, attached to this Order in Council, be approved.

### 5.5. Calculation of indemnity

The Commission applies the rules set out in the Act with respect to the salary used as the basis to pay the income replacement indemnity.

### 5.6. Employer record

The Commission, at the Minister's request, sets up a separate employer record for the service employment paycheque framework.

### 5.7. Applicable rate

For the service employment paycheque framework, the Commission applies either the general assessment rate for the unit in which the service employment paycheque framework is classified or a personalized general assessment rate provided that, in the latter case, the service employment paycheque framework meets the conditions of the Act and its regulations for each assessment year.

### Financing — Amendment

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (chapter R-18.1), that the Regulation to amend the Regulation respecting financing, appearing below, may be made by the Commission des normes, de l'équité, de la santé et de la sécurité du travail on the expiry of 45 days following this publication.

The draft Regulation determines, for the year 2024,

— the classification units and the rates of assessment applicable to each unit;

— the experience ratios of each classification unit for the years 2019, 2020, 2021 and 2022 that will be used to fix the assessment of an employer who qualifies for a personalized rate;

— the updated qualifying threshold of an employer for a personalized rate as well as certain parameters used to calculate the rate;

— the insurance premiums that will be used to calculate the retrospective adjustment of the annual assessment of an employer who qualifies for such adjustment for that year.

The draft Regulation also makes an amendment concerning the compliance of actuarial valuations with the manner of financing elected by the Commission des normes, de l'équité, de la santé et de la sécurité du travail, given that the Commission's financial statements will henceforth be prepared in accordance with International Financial Reporting Standards (IFRS) 17 Insurance Contracts, which does not apply to the financing of the occupational health and safety plan.

**SCHEDULE 1**  
(ss. 4, 5, 20, 37, 45 and 53)

CLASSIFICATION UNITS, RATES OF ASSESSMENT AND EXPERIENCE RATIOS FOR  
THE YEAR 2024

**Special classification rules**

1. The Commission does not take into account the condition stated in subparagraph 3 of the first paragraph of section 9 for the purpose of classifying an employer in more than one of the units 80030 to 80250.

2. An employer who meets the conditions set out in Title IV of Book II allowing it to be classified in unit 90020 and unit 80020 is classified in the latter unit.

3. An employer who does not meet the conditions set out in sections 11 and 12 is classified in unit 90020 if at least one of the employer's workers carries out a task covered by that unit during the assessment year, if the employer is classified in at least one unit that expressly provides for classification in that exceptional unit and if the employer meets the conditions set out in one of the following paragraphs:

(1) the aggregate of the insurable wages of the employer's workers declared for the year prior to the year preceding the assessment year in respect of units giving entitlement to unit 80020 and of the insurable wages declared for that year in respect of units giving entitlement to unit 90020 is equal to or greater than 45% of the insurable wages of the employer's workers for that year;

(2) the employer employed no worker during the year prior to the year preceding the assessment year and is classified only in units giving entitlement to unit 80020 and in units giving entitlement to unit 90020 for the assessment year;

(3) the employer was classified in one of the exceptional units 80020 or 90020 for the year preceding the assessment year and the aggregate of the insurable wages of the employer's workers declared for the year prior to the year preceding the assessment year in respect of units giving entitlement to unit 80020 and of the insurable wages declared for that year in respect of units giving entitlement to unit 90020 is equal to or greater than 40% of the insurable wages of the employer's workers for that year.

The insurable wages of an auxiliary worker must be excluded when calculating percentages under this section. In addition, the amount of protection enjoyed pursuant to section

18 of the Act by an employer or an executive officer of the employer who, in addition to sitting on the board of directors, performs work for the employer is considered to be insurable wages declared for the unit that corresponds to the activities in which the person is involved.

4. The Commission does not take into account the classification of an employer in unit 65150 or the wages declared in respect of that unit for the purpose of determining an employer's entitlement to an exceptional unit pursuant to sections 11 and 12 and sections 2 and 3 of these Special classification rules.

5. An employer classified in a unit that covers the manufacture of goods cannot be classified in a unit that covers the trade in those goods or in goods that the employer does not manufacture unless the employer operates at least one store located elsewhere than on the production site of the goods the employer manufactures.

6. An employer who hires out the services of the workers it employs is classified, for that activity, in the units that cover the activities of the workers concerned where the hiring out is not expressly covered by a classification unit.

#### **Special rules for declaring wages**

1. The second paragraph of section 24 does not apply to an employer for the purpose of declaring the insurable wages paid during the preceding calendar year to a worker who, without being an auxiliary worker, participated in several activities covered by more than one of units 80030 to 80250.

2. The Commission does not take into account the insurable wages declared with respect to unit 65150 for the purpose of apportioning the wages of an auxiliary worker pursuant to paragraph 3 of section 26.

3. An employer classified in both a unit that covers the manufacture of goods and in a unit that covers the trade in such goods, or in goods that the employer does not manufacture, must declare the wages of a worker who works in that trade with respect to the unit that covers the manufacture of the goods, except if the worker works in the trade in a store that the employer operates elsewhere than on the production site of the goods that the employer manufactures. The employer must declare the wages of the worker who works in that trade in that store with respect to the unit that covers the trade in the goods.

### **Table of income replacement indemnities payable under the Act respecting industrial accidents and occupational diseases and of indemnities payable under the Workers' Compensation Act for 2024**

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (chapter R-18.1), that the Regulation respecting the Table of income replacement indemnities payable under the Act respecting industrial accidents and occupational diseases and of indemnities payable under the Workers' Compensation Act for 2024, appearing below, may be made by the Commission des normes, de l'équité, de la santé et de la sécurité du travail upon the expiry of 45 days following this publication.

The purpose of the draft regulation is to index this table on the basis of the changes made to income tax payable under the Taxation Act (R.S.Q., c. To date, study of the matter has revealed the following impacts on the public and on businesses directly concerned by those amendments:

— Like any other person earning a salary or wages in 2024, the net income of any person receiving an income replacement indemnity or an indemnity payable under the Workers' Compensation Act shall be adjusted on the basis of amendments to legislation pertaining to taxation, employment insurance, the Québec Pension Plan and parental insurance.

Any interested person having comments to make on the matter is asked to send them in writing, before the expiry of the 45-day period, to Mr. Bruno Labrecque,

## Draft Regulation

Act respecting occupational health and safety  
(chapter S-2.1)

### Health and safety in mines — Amendment

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (chapter R-18.1), that the Regulation to amend the Regulation respecting occupational health and safety in mines, appearing below, may

be made by the Commission des normes, de l'équité, de la santé et de la sécurité du travail and submitted to the Government for approval in accordance with section 224 of the Act respecting occupational health and safety (chapter S-2.1) on the expiry of 45 days following this publication.

The draft Regulation contains amendments to introduce the definition of seismic excavation as well as specific measures for workers working in this type of excavation, specifying in particular that the status of seismic excavation must be determined by an engineer, that the risk zone

must be delimited, and that only authorized persons can be in the risk zone. It also requires training for workers using explosives and acting as blasters in an underground or open-pit mine or in a quarry. An explosives management program must be drawn up and applied by the employer to reduce the risks associated with explosives and their use. The draft Regulation adds requirements concerning the transportation of explosives in an underground mine.

The draft Regulation adds the possibility of carrying out scaling using mechanized equipment, while complying with a procedure drawn up by an engineer, specifies that a working face must be examined before drilling is carried out, and makes it possible, in an underground mine, to install timbering up to the working face before the remnants of drill holes are marked. Last, the draft Regulation adds the possibility of carrying out drilling on broken rock without conducting an examination of misfires if the drilling pattern is staggered to ensure a minimum distance between the holes for the previous blasting and the holes drilled.

Study of the draft Regulation shows an estimated economic impact of \$3,112,000, including a total cost of \$623,000 for training for workers using explosives and for the explosives management program to be drawn up by the employer in each mine. In quarries, the cost is estimated at \$489,000 for a management program for all the enterprises concerned and is considered to be for worker training, since workers generally hold a shot-firer's certificate issued by the Commission des normes, de l'équité, de la santé et de la sécurité du travail. The costs associated with the requirements to be complied with during work in a seismic excavation will vary greatly from one mine to another, but are estimated at \$2,000,000 for the four underground mines targeted. In subsequent years, the costs associated with training for workers using explosives are estimated at \$78,000 for all mines, and are considered to be negligible for quarries. Examination of the draft Regulation to date shows that the other regulatory amendments will have no financial impact on enterprises in Québec.

Further information on the draft Regulation may be obtained by contacting Félix-Antoine Blanchard, engineer/expert advisor – Secteur mines, Direction du génie-conseil - Direction générale de la gouvernance et du conseil stratégique en prévention, Commission des normes, de l'équité, de la santé et de la sécurité du travail, 1600, avenue D'Estimauville, Québec (Québec) G1J 0H7; telephone: 418 266-4699, extension 2031; email: felix-antoine.blanchard@cnestst.gouv.qc.ca.

Any person wishing to comment on the draft Regulation is requested to submit written comments within the 45-day period to Mohamed Aiyar, Vice President Prevention,

**5.** Section 28 is amended by adding the following paragraph at the end:

"Notwithstanding the first paragraph, when scaling is carried out using mechanized equipment, the roofs, walls and working faces of an underground excavation need not be drilled and scaled manually if the following conditions are met:

(1) the scaling is carried out in accordance with a procedure provided in writing by an engineer taking into account the ground control program and the mechanical properties of the rock; and

(2) surface support is installed on the roofs, walls and working faces."

**6.** Section 36 is amended by inserting "manually" after "scaling" in the first paragraph.

**7.** The following is inserted after section 41:

**41.1.** The presence of a seismic excavation must be determined in writing by an engineer. The written document must be kept with the plans and specifications required pursuant to section 28.01.
