COMING INTO FORCE of the Act respecting reserved designations and amending the Act respecting the marketing of agricultural, food and fish products

WHEREAS the Act respecting reserved designations and amending the Act respecting the marketing of agricultural, food and fish products (1996, c. 51) was assented to on 16 December 1996;

WHEREAS under section 28 of that Act, the provisions of that Act will come into force on the date to be fixed by the Government;

WHEREAS it is expedient to fix the date of coming into force of that Act on 15 October 1997;

IT IS ORDERED, therefore, upon the recommendation of the Minister of Agriculture, Fisheries and Food:

THAT 15 October 1997 be fixed as the date of coming into force of the Act respecting reserved designations and amending the Act respecting the marketing of agricultural, food and fish products (1996, c. 51).

Gouvernement du Québec

O.C. 1198-97, 17 September 1997

End of effect of the publication of a draft Order in Council respecting the declaration of a special planning zone for the Mirabel-Thurso rail corridor

WHEREAS the Minister of Municipal Affairs published in the *Gazette officielle du Québec* of 11 October 1995 a draft Order in Council concerning the declaration of a special planning zone for the Mirabel-Thurso rail corridor;

WHEREAS under section 162 of the Act respecting land use planning and development (R.S.Q., c. A-19.1), from the date of that publication the following were prohibited in the perimeter to which the Order in Council applies, that is, the zone that the Mirabel-Thurso railway segment occupies, the width of which varies from 18 to 30 metres: any cadastral operation and parcelling out of a lot by alienation, any alteration to the buildings or new use of land or buildings;

WHEREAS the decision to proceed with establishing a special planning zone was made in such circumstances as to maintain the Mirabel-Thurso rail corridor, because it constitutes an essential link between Montréal and the Outaouais and Basses-Laurentides regions;

WHEREAS that objective should be met when the owner of the segment, Canadian Pacific Limited transfers ownership of the property in the next few days to Les Chemins de fer Québec-Gatineau inc., which should begin using it on 10 November 1997;

WHEREAS that sale requires that the practices prohibited by section 162 of the Act respecting land use planning and development be allowed, and in particular, the parcelling out of a lot by alienation, since the sale does not include the entire territory subject to section 162 and referred to in the draft Order in Council, but excludes an extremely small portion of the railway segment and a heritage railway station;

IT IS ORDERED, therefore, upon the recommendation of the Minister of Municipal Affairs;

THAT the draft Order in Council published on 11 October 1995 not be implemented and, as a result, a special planning zone for the Mirabel-Thurso rail corri-

dor not be declared, and the practices prohibited for those purposes by section 162 of the Act respecting land use planning and development be allowed.

Financial assistance fo students — Amendments

Regulation to amend the Regulation respecting financial assistance for students

WHEREAS under section 57 of the Act respecting financial assistance for students (R.S.Q., c. A-13.3), the Government may make regulations for the purposes of the Act;

WHEREAS the Government made the Regulation respecting financial assistance for students by Order in Council 844-90 dated 20 June 1990;

WHEREAS it is expedient to further amend the Regulation so as to take into account the conditions for the allocation of the family allowance provided for in the Act respecting family benefits (1997, c. 57);

WHEREAS under section 12 of the Regulations Act (R.S.Q., c. R-18.1), a proposed regulation may be made notwithstanding the publication requirement in section 8 of the Act, if the authority making it is of the opinion that the urgency of the situation requires it;

WHEREAS under section 18 of that Act, a regulation may come into force on the date of its publication in the *Gazette officielle du Québec* where the authority that has made it is of the opinion that the urgency of the situation requires it;

WHEREAS under sections 13 and 18 of that Act, the reasons justifying the absence of prior publication and such coming into force shall be published with the regulation;

WHEREAS the Government is of the opinion that the absence of prior publication and such coming into force are justified by the urgency due to the following circumstances:

— the allowable expenses for the purposes of calculating financial assistance, as a student's living expenses and as child support expenses, must be amended so as to take into account the amount of family allowance paid;

— the amendments made to the Regulation respecting financial assistance for students must apply for the current year of allocation so as to take into account the particular financial situation of students who have minor children;

WHEREAS it is expedient to make the Regulation;

IT IS ORDERED, therefore, upon the recommendation of the Minister of Education:

THAT the Regulation to amend the Regulation respecting financial assistance for students, attached hereto, be made.

An Act respecting financial assistance for students (R.S.Q., c. A-13.3, s. 57)

1. Section 34 of the Regulation respecting financial assistance for students is amended by adding the following paragraph after the second paragraph:

“In the case provided for in subparagraph 1 of the first paragraph, the additional amount allocated to a student is brought up to \$1995 where custody of the child is shared under a judgment and where the student is not the one who receives the family allowance granted under the Act respecting family benefits (1997, c. 57).”.

2. Section 39 is amended by adding the following paragraph after the second paragraph:

“A student who, under a judgment, has shared custody of a minor child is also entitled to the amount allocated as child support expenses, where the student is not the one who receives the family allowance granted under the Act respecting family benefits (1997, c. 57).”.

3. The Regulation is amended by adding the following after section 39:

“**39.1.** A student who receives the family allowance granted under the Act respecting family benefits (1997, c. 57) shall be allocated, as child support expenses, if the child is minor, the amount corresponding to the difference between the maximum amount of family allowance which, if it had not been for his income, could have been paid to him and the amount actually received, where he is in one of the following situations:

(1) he was not pursuing studies during the trimester preceding the year of allocation and he has no spouse or his spouse is pursuing full-time studies; or

(2) his spouse receives benefits under the “financial support” or “work and employment incentives” programs established under the Act respecting income security (R.S.Q., c. S-3.1.1).”.

4. For the year of allocation 1997-1998, the amount calculated in accordance with section 39.1 of the Regulation respecting financial assistance for students, introduced by section 3 of this Regulation, shall be reduced by one third and shall be allocated to any student who, if it had not been for his income or for his spouse's, could have received, for his minor child, the family allowance granted under the Act respecting family benefits (1997, c. 57).

For the same year of allocation, the following shall also be allocated to a student, as child support expenses, for each of the autumn and winter trimesters, if the child is minor and his custody is not shared:

(a) the amount of \$252, where the student has no spouse or where, during the summer or autumn trimester of the year of allocation, he receives benefits under the “financial support” or “work and employment incentives” programs established under the Act respecting income security (R.S.Q., c. S-3.1.1);

* The Regulation respecting financial assistance for students, made by Order in Council 844-90 dated 20 June 1990 (1990, G.O. 2, 1685), was last amended by the Regulations made by Orders in Council 558-97 dated 30 April 1997 (1997, G.O. 2, 1859) and 1015-97 dated 13 August 1997 (1997, G.O. 2, 4356). For previous amendments, refer to the «Tableau des modifications et Index sommaire», Éditeur officiel du Québec, 1997, updated to 1 March 1997.

(c) the amount of \$50, where the student with a spouse does not receive the amount allocated under subparagraph *a* of this paragraph.

Standards and tables of personal home assistance

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the Draft Regulation respecting the standards and tables of personal home assistance, the text of which appears below, may be made by the Commission de la santé et de la sécurité du travail upon the expiry of 45 days following this publication.

The purpose of the Draft Regulation is to prevent the adoption each year by the Commission of standards and tables of personal home assistance. Such adoption was rendered necessary for the annual indexing of the amounts provided for therein. The proposed amendments will allow for the automatic annual indexing of those amounts by the addition, in Schedule 1, of an indexing formula.

To date, study of the matter has show the following impact on the public and on businesses directly concerned by these amendments:

— the indexing of the maximum amount of personal home assistance will make it possible for the worker receiving such assistance to cope with the increases due to inflation;

— the impact of the annual indexing on businesses is taken into account in the actuarial valuations used to establish the assessment of employers and in determining the liabilities in the financial statements of the Commission.

Further information may be obtained by contacting Mr. René Peterson, 524, rue Bourdages, Québec, tel.: (418) 643-1227, fax: (418) 528-2081.

Any interested person having comments to make on the matter is asked to send them in writing, before the expiry of the 45-day period, to Mr. Roland Longchamps, Vice-chairman Finance, Commission de la santé et de la sécurité du travail, 524 rue Bourdages, Québec (Québec), G1K 7E2.

3. The assistance measures are intended, in accordance with the worker's needs, to help him to care for himself and to perform the household tasks he would normally perform himself were it not for his injury.

4. The supervision measures are intended to help the worker to care for himself between the periods during which he is performing his personal activities and his household tasks, described in section 2.1 of Schedule 1, where he has permanent impairment entailing neurological or mental aftereffects and he has assistance needs in accordance with the standards established in the form for evaluating the personal home assistance needs provided for in that Schedule.

DIVISION II

DIVISION IV

REEVALUATION OF PERSONAL HOME ASSISTANCE

7. Personal home assistance shall be reevaluated periodically, in accordance with section 161 of the Act, to take into account changes in the worker's health and the needs arising therefrom.

8. The reevaluation shall be made in accordance with the standards provided for in this Regulation and by filling out the evaluation form in Schedule 1.

9. The amount of personal home assistance shall be adjusted, in accordance with section 163 of the Act, from the first due date after the occurrence giving rise to the adjustment.

DIVISION V

CESSATION OF PERSONAL HOME ASSISTANCE

10. Personal home assistance shall cease, in accordance with sections 162 and 163 of the Act, when:

1° the worker is again able to care for himself or to perform, without assistance, the household tasks he was unable to perform himself by reason of his employment injury; or

2° the worker is lodged or hospitalized in a facility maintained by an institution governed by the Act respecting health services and social services (R.S.Q., c. S-4.2) or by the Act respecting health services and social services for Cree and Inuit Native persons (R.S.Q., c. S-5).

2.3 Table for determining the monthly amount of personal home assistance for personal care and home assistance

The total points obtained after the evaluation of each item in Table 2.1 correspond to a percentage, shown below, that applies to the maximum monthly amount of assistance prescribed in section 160 of the Act. The Commission determines the amount of assistance for personal care and home assistance by multiplying the maximum monthly amount by that percentage.

On 1 January of each year, the Commission revalorizes the amount of assistance, adjusted where applicable under Division IV of this Regulation, by multiplying the maximum amount of assistance, as revalorized at that date in accordance with the Act, by the percentage corresponding to the total of points. The amount thus obtained is rounded off to the nearest dollar.

Total points	Percentage	Total points	Percentage
0 - 2	0.0 %	24.5 - 28	56.5 %

A single score is assigned. The highest score (2, 1 or 0) is kept and corresponds to a percentage, shown below, that applies to the maximum monthly amount of assistance prescribed in section 160 of the Act. By multiplying the maximum monthly amount by that percentage, the Commission determines the amount of personal home assistance for supervision needs, which is added to the amount determined in Table 2.3 (subject to the maximum amount prescribed in section 160 of the Act).

On 1 January of each year, the Commission revalorizes the amount of assistance, adjusted where applicable under Division IV of this Regulation, by multiplying the maximum monthly amount of assistance, as revalorized on that date in accordance with the Act, by the percentage corresponding to the total of points. The product thus obtained is rounded off to the nearest dollar.

The purpose of the draft regulation is to index the table of gross annual income from suitable employments for 1997 on the basis of the minimum wage in force on 1 January 1998 and of the Maximum Yearly Insurable Earnings determined under section 66 of the Act respecting industrial accidents and occupational diseases (R.S.Q., c. To date, study of the matter has revealed the following impacts on the public and on businesses directly concerned by those amendments :

— the increase in the minimum wage entails a raising of the threshold of the gross annual income from suitable employment which the Board takes into account in establishing a worker’s reduced income replacement indemnity;

— there is no significant impact on businesses.

Table of income replacement indemnities for 1998

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the draft of the Regulation respecting the table of income replacement indemnities for 1998, the text of which appears below, may be made by the Commission de la santé et de la sécurité du travail upon the expiry of 45 days following this publication.

The purpose of the draft regulation is to index the table of income replacement indemnities on the basis of the changes made to income tax payable under the Taxation Act (R.S.Q., c. I-3) and under the Income Tax Act (R.S.C., 1985, c. I, 5th Supp.), to the employee's premium payable under the Unemployment Insurance Act (R.S.C., 1985, c. U-1) and to the contribution payable by the worker under the Act respecting the Québec Pension Plan (R.S.Q., c. R-9). Its purpose is also to index the maximum income replacement indemnity for 1998 on the basis of the Maximum Yearly Insurable Earnings determined under section 66 of the Act respecting industrial accidents and occupational diseases (R.S.Q., c. A-3.001).

To date, study of the matter has revealed the following impacts on the public and on businesses directly concerned by those amendments:

— workers will benefit from a raise in the maximum threshold;

— the new table will not have any significant impact on the rates used to establish the contribution of employers.

**Regulation respecting reserved

An Act respecting reserved designations and amending the Act respecting the marketing of agricultural, food and fish products
(1996, c. 51, s. 10)

1. The designation of an agricultural or food product may be recognized by the Minister of Agriculture, Fisheries and Food only where the following criteria and requirements are met:

(1) in the case of a designation attributed to a product as an attestation of an organic method of production, the product must comply with a specification manual whose standards are at least as stringent as those set forth in the Guidelines for the Production, Processing, Labelling and Marketing of Organically Produced Foods, adopted by the Codex Alimentarius Commission under the Joint FAO/WHO Food Standards Programme;

(2) in the case of a designation attributed to a product as an attestation of its region of origin, the product must bear the name of the region used to identify it, and,

— in the case of a designation of origin, the quality and features of the product must derive essentially or exclusively from its geographical site, comprising natural and human aspects, and the product must be developed, processed and produced within the region identified by the designation;

— in the case of a protected geographical indication, the product must be of predetermined quality, must have a reputation or must have some other feature attributable to its geographical origin, and it must be developed, processed or produced within the region identified by the designation; and

(3) in the case of a designation attributed to a product as an attestation of its specificity, one or more aspects of the product must clearly distinguish it from similar products in the same class.

“Designation” means the identification of a product which, by virtue of its specific features or method of production, differs from other products in the same class.

2. The following documents and information shall be submitted with an application for recognition of a designation:

— general information about the body applying for recognition and its internal statutes and by-laws;

— the scope of the designation to be reserved and a list of the certifiable products;

— a list of the documents, with an indication of the correspondence between each part and the ISO/IEC Guide 65;

— the role and term of office of the board of directors, and a list of its members and the interests they represent, as well as the role and term of office of each committee and a list of the committee members;

— the organization chart of the body applying for recognition;

— the rules of procedure for each committee;

— financial data;

— the inspection plan;

— a list and description of the subcontractors, and the nature of the subcontracting work;

— the quality policy of the body applying for recognition; and

— a description of the product bearing the designation, the features that distinguish it from similar products, the advantages of that type of production, the economic data related to that production, the distribution network, potential problems with respect to product imitation or forgery, as well as the economic prospects.

A specification manual shall also be submitted with an application for recognition of a designation. The manual shall comprise,

(1) in the case of a designation of organic production, the standards provided for in subparagraph 1 of the first paragraph of section 1;

(2) in the case of a designation of the region of origin,

(a) the name of the agricultural or food product, containing the designation of origin or the geographical indication;

(b) a description of the agricultural or food product, including any raw materials used, as well as the major physical, chemical, microbiological and organoleptic features of the product;

(c) the delimitation of the geographical area;

(d) the facts mentioned in paragraph 2 of section 1 proving that the agricultural or food product originates in that geographical area;

(e) a description of the method by which the agricultural or food product is obtained, and any fair, consistently used local methods;

(f) the facts mentioned in paragraph 2 of section 1 proving an association with the geographical site or with the geographical origin;

(g) references in respect of the supervisory structure; and

(h) specific labelling elements related to the words “designation of origin” or “protected geographical indication”, as the case may be, or to the equivalent wording traditionally used in Québec; and

(3) in the case of an attestation of specificity,

(a) the name, whether it is specific in and of itself or indicates the specificity of the agricultural or food product;

(b) a description of the method of production, including the nature and characteristics of the raw material and ingredients used, as well as of the method used to develop the agricultural or food product, in reference to its specificity;

(c) facts making it possible to determine in what respect it is a traditional product, either because it is produced from traditional raw materials, is of traditional composition or is produced or processed according to traditional methods;

(d) a description of the features of the agricultural or food product, providing an indication of the major physical, chemical, microbiological and organoleptic features that determine its specificity; and

(e) the minimum requirements and the inspection procedures, in reference to specificity.

3. Certification bodies may be members of an accreditation board, as may the representatives of producers, processors, professional orders, consumers and traders, as well as any group specifically concerned by a given designation.

An accreditation board shall be administered by a board of directors composed of no more than seven members of whom five must represent respectively the following sectors:

- one representative for certification bodies;
- one representative for producers;
- one representative for traders;
- one representative for processors; and
- one representative for consumers.

The other two members must represent, according to the needs of the accreditation board, other sectors than those mentioned above.

The Minister shall appoint an observer to the accreditation board and to the board of directors of an accreditation board.

4. The criteria and requirements contained in the reference manual of an accreditation board and with which the assessment procedures of certification bodies applying for accreditation must comply are those set forth in

— ISO/IEC Guide 65: General Requirements for Bodies Operating Product Certification Systems;

— ISO/IEC Guide 61: General Requirements for Assessment and Accreditation of Certification/Registration Bodies; and

— ISO/IEC Guide 39: General Requirements for the Acceptance of Inspection Bodies.

(ISO/IEC guides are available from the International Organization for Standardization, Postal Box 56, CH-1211 Geneva 20, Switzerland.)

(Those standards are available from IFOAM General Secretariat, Okozentrum Imsbach D-6695, Tholey-Theley, Germany.)

6. This Regulation comes into force on 16 October 1997.
