**2.2** Any person hired after December 31, 1999 as a trainee or as a permanent employee shall participate in the plan as of the date he begins his employment, if he is under 65 years of age at the time.

**2.3** As of June 1, 1990, any temporary employee, with the exception of any person governed by the Construction decree, R.R.Q., 1981, c. R-20, r. 5, shall participate in the plan if, in the year preceding the one during which he joins the plan, he received from the employer compensation at least equal to 35 % of the year's maximum pensionable earnings, as established for the said year, or has been in the employment of the employer for a minimum of 700 hours and if, at the time his membership begins, he has not reached the age of 65.

2.4 Any person working for a subsidiary as an employee shall participate in the plan as of the date provided for in the plan membership agreement concluded under Section 29, if he is under 65 years of age at the time and subject to the provisions set out in 2.3 in respect of temporary employees.

#### SECTION 3 CONTRIBUTIONS

**3.1** Employee contributions:

(a) At each pay period, a member contributes, through payroll deduction, an amount equal to the sum of:

i. 6.3 % of the earnings up to the basic exemption;

ii. 4.5 % of that portion of earnings between the basic exemption and the year's maximum pensionable earnings;

iii. 6.3 % of that portion of earnings above the year's maximum pensionable earnings.

(b) A member who receives earnings during temporary leave of absence shall continue to make contributions.

(c) A member shall cease to make contributions on the last day of the month during which he attains age 65.

3.2 Employer contributions

For each member contributing to the plan, the employer shall pay, before the 15th day following the end of each pay period, a contribution equal to the sum of:

(a) 11.34 % of the earnings up to the basic exemption;

(b) 9.54 % of that portion of earnings between the basic exemption and the year's maximum pensionable earnings;

(c) 11.34 % of that portion of earnings above the year's maximum pensionable earnings.

3.3 Adjustment of contributions

(a) The contributions provided for in 3.1 and 3.2 above are adjusted in accordance with the actuarial valuation report prepared by the actuary and filed with the Régie des rentes du Québec. This report sets out recommendations to Hydro-Québec as to the percentages for employee and employer contributions, in such a way that at the date of the actuarial valuation, the percentage of employer contributions when applied to the total of the earnings of the contributing members represents 180 % of the percentage of the employee contributions on the members' total earnings. The percentage of employee and employer contributions thus obtained is reduced by 1.8 percentage point for that portion of earn-

ings between the basic exemption and the year's maximum pensionable earnings. However, for the purpose of determining the percentage of employee contributions and the percentage of employer contributions according to the 100 % 180 % ratio stipulated above, the said 1.8 percentage point reduction is not taken into account.

(b) The percentages of employee contributions and the percentages of employer contributions determined according to a above are reduced, where applicable, by the utilization of any surplus in respect of part I of the plan as shown in the report mentioned in a above.

(c) Following the adjustments as set out in a and b above, the resulting percentages of employee and employer contributions shall not exceed those set out in 3.1 and 3.2, nor be less than:

i. Employee contributions:

(1) 5.82 % of the earnings up to the basic exemption;

(2) 4.02 % of that portion of earnings between the basic exemption and the year's maximum pensionable earnings;

(3) 5.82 % of that portion of earnings above the year's maximum pensionable earnings.

ii. Employer contributions:

(1) 10.48 % of the earnings up to the basic exemption;

(2) 8.68 % of that portion of earnings between the basic exemption and the year's maximum pensionable earnings;

(3) 10.48 % of that portion of earnings above the year's maximum pensionable earnings.

iii. notwithstanding the foregoing, from January 1, 1997 to December 31, 2000:

Employer contributions:

(1) 5.82 % of the earnings up to the basic exemption;

(2) 4.02 % of that portion of earnings between the basic exemption and the year's maximum pensionable earnings;

(3) 5.82 % of that portion of earnings above the year's maximum pensionable earnings.

(d) The percentages of employee and employer contributions resulting from the application of 3.3 shall be applied during the period set out in the report mentioned in a above. However, the percentages of contributions provided for in 3.1 and 3.2 shall apply for the period between the end of the period covered by an actuarial valuation report and the date on which a new actuarial valuation report is filed with the Régie des rentes du Québec.

(e) An overpayment of contributions resulting from the adjustments provided for in 3.3 shall be returned to the members and the employer in the form of a contribution holiday according to terms and conditions determined by Hydro-Québec and subject to the Supplemental Pension Plans Act and any regulations adopted by the Government of Québec pursuant to this Act. In the event that a contribution holiday cannot be granted, such as in the case of a termination of employment, a death entitling the spouse or children to a survivor pension, where applicable, an unpaid temporary leave or a retirement, or in the event that the member has ceased to contribute to the plan, the overpayment of employee contributions shall be considered as additional voluntary contributions and, as such, shall be reimbursed with interest unless they are included in the excess contributions.

(f) If, following the adjustments provided for in 3.3, the contributions made are insufficient, the difference between the contributions made and the contributions payable shall be paid by the contributing members and the employer. The payment thereof, with interest, shall be according to the terms and conditions determined by Hydro-Québec and pursuant to the Supplemental Pension Plans Act and any regulations adopted by the Government of Québec pursuant to this Act. In the event that no earnings are paid, such as in the case of a termination of employment, a death entitling the spouse or children to a survivor pension, an unpaid temporary leave or a retirement, or in the event that the member has ceased to contribute to the plan, the difference shall be returned to the pension fund with interest.

#### **3.4** Equalization contributions

The employer shall make up any unfunded actuarial liability of the plan through one or more payments, the terms and conditions of which shall be determined by the employer, in accordance with the provisions then in force of the Hydro-Québec Act and the Supplemental Pension Plans Act.

The employer shall also pay any amount required to ensure the solvency of the plan pursuant to the provisions of the Supplemental Pension Plans Act. Any technical actuarial deficiency resulting from the experience of the plan in relation to the improvements made to Part I of the plan after December 31, 1985 shall be made up through special contributions shared by the employer and the contributing members, with the employer's share being equal to 180 % of the member's share, provided, however, that the percentages of employee contributions, as increased by this special contribution and expressed as percentages of earnings, does not exceed the percentages set out in 3.1.

**3.4***A*) Adjustment of contributions for members concerned

(a) Notwithstanding the foregoing, the employee contributions of members concerned and employer contributions made on their behalf shall be suspended until the effective date of an actuarial valuation report for the plan filed with the Régie des rentes du Québec and which shows a funding rate of less than 110 %.

(b) The plan's actuarial valuation report filed with the Régie des rentes du Québec showing a funding rate of less than 110 % specifies the rate of employee contributions for members concerned and the rate of employer contributions made on their behalf in effect until a new actuarial valuation report for the plan is filed with the Régie des rentes du Québec. Employee contributions cannot be increased by more than 1 % of earnings per year and employer contributions are equal to 180 % of employee contributions, until they respectively reach the employee contributions set out in accordance with 3.1.

(c) The filing with the Régie des rentes du Québec of an actuarial valuation report of the plan showing a funding rate which is equal to or more than 110 % will, on the effective date of the actuarial valuation report, result in the suspension of employee contributions for members concerned and employer contributions on their behalf.

(d) The plan's actuarial valuation report filed with the Régie des rentes du Québec also specifies the employer contributions required to cover the current service cost for members concerned taking into account employee contributions and employer contributions resulting from the application of 3.4Ab, the funding surplus and the excess employer contributions.

(e) Employer contributions made in accordance with 3.4Ad that exceed those resulting from the application of 3.4Ab are deemed to be excess employer contributions made and are recorded and credited using the pension fund's rate of return. Any equalization contribution made in accordance with 3.4 for members concerned shall be

considered an excess employer contribution. The plan's actuarial valuation report filed with the Régie des rentes du Québec indicates the excess employer contributions.

Excess employer contributions shall be remitted in priority to the employer as soon as a sufficient funding surplus is declared. This rebate shall take the form of a reduction in the employer contribution. The plan's actuarial valuation report filed with the Régie des rentes du Québec indicates the reduction in employer contributions.

#### 3.5 Excess contributions

(a) Excess contributions are equal to employee contributions for the years of contributory service after December 31, 1989, accrued with interest, in excess of 50 % of the present value of the benefits provided for in Part I of the plan and resulting from the years of contributory service after December 31, 1989.

(b) Excess contributions are calculated at the date of termination of employment, death or retirement of the member, whichever comes first, provided that, in the case of termination of employment or death, the member has at least 2 years of continuous service.

**3.6** Contributions for periods of temporary leave of absence or reduction in workweek

(a) A member who receives compensation from the employer during a temporary leave of absence due to maternity shall continue to make contributions. These shall be calculated on the earnings rate shown on the employer's payroll during the temporary leave of absence.

(b) i. A member who receives an indemnity from the employer during a temporary leave of absence resulting from a preventive leave under the Act Respecting Occupational Health and Safety, R.S.Q., c. S-2.1, or an occupational accident under the Act Respecting Industrial Accidents and Occupational Diseases, R.S.Q., c. A-3.001, shall continue to make contributions. These shall be calculated on the basis of the earnings rate shown on the employer's payroll during the temporary leave of absence.

ii. However, when the indemnity provided for above is paid by the "Commission de la santé et de la sécurité du travail", the member shall, after December 31, 1989, have the option of continuing to make his contributions. For the purposes of this paragraph, his contributions shall be calculated on the basis of his earnings rate shown on the employer's payroll during the temporary leave of absence. (c) A member who receives payments under a supplementary earnings security plan of the employer shall continue to make contributions based on such payments. Contributions shall be calculated on the basis of these payments even though they may be reduced by payments from a government plan. Benefits shall be calculated, where applicable, on the basis of such earnings.

(d) Subject to the provisions of Section 10, and to the following, no contributions shall be payable during periods of temporary leave of absence without pay, and such periods shall not be considered in the calculation of benefits under the plan. However;

i. from January 1, 1997 to December 31, 2000 and from January 1, 1997 to December 31, 2003 for a member concerned:

(1) during any temporary leave of absence without pay under an unpaid leave plan, the member may, for each pay period, make contributions calculated on the basis of the earnings rate shown on the employer's payroll during the temporary leave of absence. Such contributions shall correspond to the current service cost applicable to the pay period in question, expressed as a percentage, as determined in the actuarial valuation report prepared by the actuary and filed with the Régie des rentes du Québec;

(2) during any temporary leave of absence without pay under a deferred salary leave plan, the member may, for each pay period, make contributions calculated on the basis of the earnings rate shown on the employer's payroll during the temporary leave of absence. Such contributions shall be equal to the sum of the employee contributions and the employer contributions applicable to the pay period in question;

(3) during any period of temporary leave of absence partially compensated under an equally distributed remuneration plan, the member may, for each pay period, make contributions calculated on the basis of the difference between the earnings rate, expressed as a weekly amount, shown on the employer's payroll during the temporary leave of absence and the weekly earnings paid during the periods in question. Such contributions shall be equal to the sum of the employee contributions and the employer contributions applicable to the pay period in question;

(4) during any period of temporary leave of absence without pay under a job sharing arrangement, the member may, for each pay period, make contributions calculated on the basis of the earnings rate shown on the employer's payroll during the temporary leave of absence. Such contributions shall be equal to the sum of the employee contributions and the employer contributions applicable to the pay period in question;

(5) during any temporary leave of absence without pay under a tutorial plan, the member may, for each pay period, make his employee contributions as applicable to the pay period in question and calculated on the basis of the earnings rate shown on the employer's payroll during the temporary leave of absence;

ii. effective January 1, 1997:

(1) during any temporary leave of absence without pay resulting from a voluntary reduction in the workweek from 33.5 hours to 32 hours, approved by the employer, the member may, for each pay period, make contributions calculated on the basis of the earnings rate shown on the employer's payroll in effect during the temporary leave of absence and equal to the sum of the employee contributions and the employer contributions for the one hour and one half per week which corresponds to the difference between the actual schedule and the normal full-time schedule. However, if the sum of the hours paid and redeemed is less than 32, the one hour and one half shall be reduced by the proportion of the number of these hours on 32.

A member may exercise this option on the first pay period of the year, with this choice being valid for the entire year, unless his schedule changes during the year;

(2) during any temporary leave of absence without pay under a parental benefits plan, the member may, for each pay period, make his employee contributions calculated on the basis of the earnings rate shown on the employer's payroll during the temporary leave of absence.

iii. an absence due the strike which occurred between May 5, 1999 and September 27, 1999 inclusively, including periods of absence owing to administrative and disciplinary measures subject, with respect to the recognition of these periods, to any applicable arbitration decision, is considered, for the purposes herein, as a temporary leave of absence without pay during which the member made, for each pay period, his employee contributions applicable to the pay period in question and calculated on the basis of the earnings rate shown on the employer's payroll during the temporary leave of absence.

(e) Effective January 1, 1997, the employer shall make, within the period set out in 3.2 above, for the member at January 1, 1997 or for the person referred to in 1.2A *ii* who has had his earnings reduced as a result of

a reduction in workweek, contributions equal to the sum of the employee contributions and the employer contributions calculated on the basis of the difference between the earnings rate, expressed as a weekly amount, before the reduction in workweek and the earnings rate, expressed as a weekly amount, after said reduction in workweek. Such contributions shall cease as soon as the earnings rate, expressed as a weekly rate, is once again equal to the rate in effect before the reduction in workweek. Such contributions do not increase the number of years of contributory service and serve solely for the purposes of calculating benefits.

(f) The payment of the full amount of the contributions pursuant to e above is subject to the payment, by the member, of the contributions provided for in b ii and d above or to the redemption of the years of contributory service as provided for in Section 10. Where applicable, the employer only makes contributions in proportion to the contributions made by the member. However, the employer shall pay the full amount of such contributions if the member's only non-contributory leave of absence is the one provided for in d ii 1 above.

(g) A member who avails himself of the provisions set out in b ii and d above, shall have the total or part of his temporary leave of absence counted as a year of contributory service.

When a member has all or part of his temporary leave of absence counted as a year of contributory service, the years of contributory service so recognized shall be presumed to be those closest to his return to work.

The provisions regarding the payment of the contributions provided for in *b ii*, *d i* and *d ii* 2 above are set out in Section 10.

A member who avails himself of the provisions set out in b ii and d above and in Section 10 cannot have adjusted earnings nor a contribution period which is greater than those obtained had he not taken the temporary leaves of absence.

Contributions made in accordance with 3.6 shall be deemed as employee contributions, with the exception of those resulting from e and f above, which shall be deemed as employer contributions.

**3.7** If, during a year, the member receives a retroactive payment of earnings for a previous year, such member shall pay a contribution equal to the difference between the employee contribution based on the contribution rate in effect for the said year and applied to the earnings increased by the retroactive payment and the employee contribution actually paid during the appropriate previous year.

**3.8** For the purposes of this Section only, the earnings used to determine contributions shall be limited to the sum of the following amounts:

(a) the defined benefit limit for the year;

(b) the year's maximum pensionable earnings multiplied by the rate stipulated in 4.3c,

the whole divided by the rate provided for in 4.1*d*.

**3.9** All contributions paid under this Section shall be subject to the Income Tax Act and to any regulations adopted by the Government of Canada pursuant to this Act.

#### SECTION 4 CALCULATION OF PENSION

**4.1** The annual retirement benefit is equal to the sum of the following:

(*a*) 2 % of the five-year average earnings multiplied by the number of years of contributory service prior to January 1, 1966;

(c) 2.25 % of the five-year average earnings multiplied by the number of years of contributory service after December 31, 1989 and prior to January 1, 1992;

(d) 2 % of the five-year average earnings, reduced by the positive difference between:

i. 0.7 % of the five-year average earnings, up to the average of the year's maximum pensionable earnings for the five years preceding the date of termination of employment, death, retirement or normal retirement if the member takes a postponed retirement; and

ii. 0.25 % of the five-year average earnings;

multiplied by the number of years of contributory service after December 31, 1991.

**4.1** *A*) The bridging benefit ending on the 1st day of the month immediately following the 65th birthday shall be equal to the greater of the following:

(a) 0.7 % of the five-year average earnings, up to the average of the year's maximum pensionable earnings for the five years preceding the date of termination of employment, death, retirement or normal retirement if

the member takes a postponed retirement, multiplied by the number of years of contributory service after December 31, 1991; and

(b) 0.25 % of the five-year average earnings, multiplied by the number of years of contributory service after December 31, 1991.

**4.2** The annual pension calculated in 4.1a and 4.1b above and increased, where applicable, by retirement benefits payable under 5.2c shall not exceed, prior to indexing as provided for in Section 13, 80 % of the five-year average earnings.

However, for the calculation of this maximum, the additional pension provided for in 4.4 and the adjustment provided for in 5.5c *ii* shall not be taken into account.

**4.3** Beginning on the 1st day of the month immediately following the 65th birthday, the retirement benefit provided for in 4.1 and 4.2 shall be reduced by the sum of the following:

(a) 0.7 % of the five-year average earnings, up to the average of the year's maximum pensionable earnings for the five years preceding the date of termination of employment, death, retirement or normal retirement if the member takes a postponed retirement, multiplied by the number of years of contributory service after December 31, 1965 and prior to January 1, 1990;

(b) 0.7 % of the five-year average earnings, up to the average of the year's maximum pensionable earnings for the five years preceding the date of termination of employment, death, retirement or normal retirement if the member takes a postponed retirement, multiplied by the number of years of contributory service after December 31, 1989 and prior to January 1, 1992;

**4.4** An additional retirement benefit from excess contributions, as established in 3.5, shall be added, where applicable, to the retirement benefit calculated in 4.1, 4.1A, 4.2 and 4.3.

This additional retirement benefit shall be determined on an actuarial equivalence basis.

**4.5** Notwithstanding any provisions to the contrary, if the pension calculated in accordance with 4.1, 4.1A, 4.2, 4.3 and 4.4 results in the present value of the pension for years of contributory service after December 31, 1991 and prior to January 1, 1999, being lower than the present value of such pension calculated as if the provisions of 4.1d were replaced by the provisions of *a* below, the provisions of *b* below were added to the provisions of 4.3 and the provisions of 4.1d were not applied:

(a) 2 % of the three-year average earnings, multiplied by the number of years of contributory service after December 31, 1991 and prior to January 1, 1999;

(b) 0.3 % of the three-year average earnings, up to the average of the year's maximum pensionable earnings for the three years preceding the date of termination of employment, death, retirement or normal retirement if the member takes a postponed retirement, multiplied by the number of years of contributory service after December 31, 1991 and prior to January 1, 1999,

the pension calculated in 4.1d is replaced with the pension calculated in *a* above, the pension calculated in *b* above is added to the pension calculated in 4.3 and the provisions of 4.1A were not applied.

**4.6** To the pension calculated in 4.1, 4.1A, 4.2, 4.3, 4.4 and 4.5 for a member concerned is added an additional bridging benefit equal to 0.2 % of the five-year average earnings, up to the average of the year's maximum pensionable earnings for the five years preceding the date of termination of employment, death, retirement or normal retirement if the member takes a postponed retirement, multiplied by the number of years of contributory service before January 1, 2004. This bridging benefit is reviewed in accordance with Section 13 and ends on the 1st day of the month immediately following the 65th birthday.

#### SECTION 5 RETIREMENT

5.1 Normal retirement

(a) The normal retirement date is the 1 day of the month immediately following the 65th birthday.

(b) A member who retires on the normal retirement date shall receive a retirement benefit pursuant to Section 4 and, where applicable, to Section 14.

**5.2** Voluntary retirement

(*a*) Any member who has at least 15 years of credited service may retire on the 1st day of any month following his 60th birthday. However, a female member who was working on December 31, 1979, and who, on that date, was a member of the plan in accordance with By-law no. 83 may, once she has at least 10 years of credited service, retire on the 1st day of any month following her 60th birthday.

In addition, any member who has at least 15 years of credited service may retire on the 1st day of any month following his 55th birthday, if: i. the sum of the member's age and years of credited service equals at least 85; or

ii. the sum of the member's age and years of continuous service as of the date he began working, as recognized by Hydro-Québec for the purposes of the plan, equals at least 85, excluding however any period of nonmembership in the plan of a company with which there is a transfer agreement and any period of non-contribution to the Hydro-Québec Pension Plan in accordance with the plan, By-law no. 679, By-law no. 676, By-law no. 653, By-law no. 582, By-law no. 534, By-law no. 278, By-law no. 83 and By-law no. 12, of Hydro-Québec and amendments thereto, with years of service with a subsidiary not being considered as periods of non-contribution for the purposes of this subsection.

From January 1, 1997 to December 31, 2000, and from January 1, 1997 to December 31, 2003 for members concerned, a member who has at least 15 years of credited service may retire on the 1st day of any month following the date on which one the following requirements is fulfilled:

i. the sum of the member's age and years of credited service equals at least 80; or

ii. the sum of the member's age and years of continuous service as of the date he began working, as recognized by Hydro-Québec for the purposes of the plan, equals at least 80, excluding however any period of nonmembership in the plan of a company with which there is a transfer agreement and any period of non-contribution to the Hydro-Québec Pension Plan in accordance with the plan, By-law no. 679, By-law no. 676, By-law no. 653, By-law no. 582, By-law no. 534, By-law no. 278, By-law no. 83 and By-law no. 12 of Hydro-Québec and amendments thereto, with years of service with a subsidiary not being considered as periods of non-contribution for the purposes of this subsection.

(b) The member shall be entitled to a retirement benefit pursuant to Section 4 and, where applicable, to Section 14.

(c) If the retirement date of a member who chooses retirement under this Section is prior to the normal retirement date of a supplemental plan in which he participated, under Part III of By-law no. 676, under Part III of By-law no. 679, or under Part III of the plan, he shall be entitled, under the following circumstances, to a pension supplement, as of the date of his voluntary retirement, equal to:

i. in the case of a member who takes early retirement under a supplemental plan, under Part III of By-law no. 676, under Part III of By-law no. 679 or under Part III of the plan, the amount of the pension supplement is equal to the reduction in the retirement benefit accrued under the supplemental plan, under Part III of By-law no. 676, under Part III of By-law no. 679 or under the applicable provisions of Part III of the plan as a result of early retirement;

ii. in the case of a member who is not entitled to early retirement under a supplemental plan, under Part III of By-law no. 676, under Part III of By-law no. 679 or under Part III of the plan, the amount of the pension supplement is equal to the amount of the pension accrued under the supplemental plan or to the amount of pension established under the applicable provisions of Part III of By-law no. 676, Part III of By-law no. 679 or Part III of the plan and is paid until the pension accrued under the supplemental plan or the amount of pension established under the applicable provisions of Part III of By-law no. 676, Part III of By-law no. 679 or Part III of By-law no. 676, Part III of By-law no. 679 or Part III of the plan becomes payable.

The pension supplement resulting from the application of this Section is allocated proportionally to the years of credited service prior to January 1, 1990 and years of credited service after December 31, 1989 over the total number of years of credited service.

**5.3** Retirement at the request of the employer

(a) The employer may retire a member under the following conditions:

i. the member has at least 10 years of credited service; and

ii. retirement is based on:

(1) appropriate administrative requirements with the consent of the member; or

(2) a physical or mental disability such that the member is unable to work for the employer.

Under such circumstances, the member shall retire on the date determined by the employer.

(b) When retirement precedes or coincides with the normal retirement date, the member shall be entitled to a retirement benefit pursuant to Section 4 and, where applicable, to Section 14. In the case of retirement pursuant to 5.3a ii 2, the reduction pursuant to 4.3 shall apply as soon as the pensioner receives a disability pension under the Québec Pension Plan Act and the pension set out under 4.1A and 4.6 does not apply or, as the case may be, ceases to apply.

Except in the case of the retirement of a member who is affected of a total and permanent disability, the annual pension payable from the 1st day of the month immediately following age 65, credited on the retirement date for the years of credited service after December 31, 1991 shall be reduced by 0.25 % per month for each month included between the effective retirement date and the 1st day of the month coinciding with or immediately following the earliest of these dates:

i. the date on which the member would have reached his 60th birthday;

ii. the date on which the member would have completed 30 years of continuous service;

iii. the date on which the years of continuous service and the member's age would have totalized 80.

However, the retirement benefit accrued for years of credited service after December 31, 1989 must not be less than the retirement benefit determined by the present value of the retirement benefit the member was entitled to before his retirement date for years of credited service after December 31, 1989, or, failing that, for the same years of credited service, the present value of the deferred retirement benefit the member would have been entitled to if he had ceased to be a member on the day preceding his retirement for any reason other than retirement.

(c) If the retirement date is after the normal retirement date, the pension shall be calculated pursuant to 5.5c.

**5.4** Early retirement at the request of the member

(a) Any member with a minimum of 2 years of credited service or continuous service but less than 10 may retire on the 1st day of any month following his 55th birthday, based on the following terms and conditions:

i. the member shall be entitled to a retirement benefit determined pursuant to 4.1c, 4.1d, 4.1A and 4.6, but reduced on an actuarial equivalence basis, with such reduction not being less than the one determined pursuant to 12.1.3, for the period between the retirement date and the normal retirement date;

ii. the reduction provided for in 4.3b shall apply as of the 1st day of the month immediately following the 65th birthday;

iii. the provisions of 4.4, 4.5 and 14 shall apply, where applicable;

iv. to this retirement benefit shall be added the reimbursement of the member's contributions paid during the years of contributory service prior to January 1, 1990, plus interest.

(b) A member with a minimum of 10 years of credited service or continuous service and less than 15 years of credited service may retire on the 1st day of any month following his 55th birthday, based on the following terms and conditions:

i. the member shall be entitled to a retirement benefit determined pursuant to 4.1, 4.1A and 4.6, but reduced on an actuarial equivalence basis, with such reduction not being less than the one determined pursuant to 12.1.3, for the period between the retirement date and the voluntary retirement date or the normal retirement date, whichever is the earliest;

ii. the reduction provided for in 4.3 shall apply as of the 1st day of the month immediately following the 65th birthday;

iii. the provisions of 4.4, 4.5 and 14 shall apply, where applicable.

(c) A member with a minimum of 15 years of credited service may retire as of the  $1^{st}$  day of any month following his 55th birthday, based on the following terms and conditions:

i. the member shall be entitled to a retirement benefit pursuant to 4.1, 4.1A, 4.2 and 4.6. However, the pension set out in 4.1, 4.2 and 4.6 is reduced by an amount equal to 0.25 % of the pension set out under 4.1, 4.1A, 4.2 and 4.6, multiplied by the number of months preceding the date on which he would have been entitled to voluntary retirement, based on the years of credited service or years of continuous service at his termination date and on his age at the time of voluntary retirement. However, such reduction shall not exceed the reduction calculated on an actuarial equivalence basis for the period between the retirement date and the voluntary retirement date, whichever method gives the highest amount;

ii. the reduction provided for in 4.3 shall apply as of the 1st day of the month immediately following the 65th birthday;

iii. the provisions of 4.4, 4.5 and 14 shall apply, where applicable.

(d) A member with a minimum of 15 years of credited service may also retire on the 1st day of any month after January 1, 1997, but before December 31, 2000 and, for a member concerned, on the 1st day of any month after January 1, 1997, but before December 31, 2003, provided that one of the requirements set out in sub-paragraphs i or ii of the 3rd paragraph of 5.2a is met during this period. The pension shall be based on the following terms and conditions:

i. the member shall be entitled to a retirement benefit determined pursuant to 4.1, 4.1A, 4.2 and 4.6, but reduced on an actuarial equivalence basis, with such reduction not being less than the one determined pursuant to 12.1.3, for the period between the retirement date and the voluntary retirement date or the normal retirement date, whichever is the earliest;

ii. the reduction provided for in 4.3 shall apply as of the 1st day of the month immediately following the 65th birthday;

iii. the provisions of 4.4, 4.5 and 14 shall apply, where applicable.

(e) If, from January 1, 1997 to December 31, 2000, and from January 1, 1997 to December 31, 2003 for a member concerned, a member is entitled to retire pursuant to c and d above, his benefits are determined in accordance with the more generous provisions provided in said subsections, it being understood that the calculation in c i above is made for a voluntary retirement pursuant to the provisions of the first paragraph of 5.2a.

#### **5.5** Postponed retirement

(a) A member who remains in the employer's service after his normal retirement date may retire as of the 1 day of any month following this date. The retirement benefit of the member shall be postponed until his actual retirement date, but no later than December 1 of the year in which the member reaches the age limit provided for in applicable legislation, even if he remains in the employer's service after this date.

(b) During the postponement period, the member may request the payment of his retirement benefit, in whole or in part, but only insofar as is necessary to compensate for any reduction in earnings during this period, including the reduction in earnings as a result of a transfer during this period from a full-time to a part-time schedule, or from the reduction of a part-time schedule. The member may not make such request more than once per 12-month period.

(c) The amount of the postponed retirement benefit payable on the date of retirement or at the latest on December 1<sup>st</sup> of the year in which the member reaches the age limit provided for in applicable legislation, shall be equal to the sum of the following: i. the retirement benefit determined as at the normal retirement date pursuant to Section 4;

ii. the retirement benefit calculated on an actuarial equivalence basis resulting from the adjustment made to offset the decrease in the value of the benefits by reason of the deferral, during the postponement period, of the retirement benefit provided for in i above, reduced, where applicable, by any payments made under b above.

(d) Accumulation of retirement benefits shall take place from the normal retirement date until the actual retirement date, but no later than December 1 of the year in which the member reaches the age limit provided for in applicable legislation, based on an interest rate compounded annually equal to the rate submitted by Hydro-Québec to the appropriate government authorities in accordance with the Supplemental Pension Plans Act.

(e) The provisions pursuant to 14.1 shall apply, where applicable.

#### **5.6** Progressive retirement

A member whose earnings are reduced due to a reduction in the workweek and in application of an agreement entered into with the employer may, in the 10 years preceding the normal retirement date, request payment of a lump sum benefit, in each year covered by the agreement, the amount of which is limited by the applicable legislation. The member's residual rights resulting from the payment of such benefit are established pursuant to applicable legislation.

#### SECTION 6 DEATH BENEFITS

**6.1** For the purposes of Section 6, spousal status shall be determined on the day preceding the death of the member or pensioner.

**6.2** Death prior to retirement

**6.2.2** If a member with at least 2 years of credited service or continuous service but less than 10 years of credited service dies before his normal retirement date,

his spouse, failing which his estate, shall receive a refund equal to the present value of the benefits the member was entitled to prior to his death for the years of credited service after December 31, 1989, or, if not applicable, for the same years of credited service, the present value of the deferred retirement benefit the member would have been entitled to if he had ceased to be a member on the day of his death for any reason other than death. In addition, his estate shall receive a refund of the employee's contributions paid for the years of contributory service prior to January 1, 1990, plus interest.

**6.2.3** (*a*) If a member with at least 10 years of credited service dies before the normal retirement date, his spouse shall receive a survivor benefit payable for life equal to the sum of the following:

i. 50 % of the retirement benefit to the member at the date of his death, established pursuant to 4.1a, 4.1b and 4.2, and reduced, pursuant to 4.3a, as soon as a survivor benefit is payable to the spouse under the Québec Pension Plan Act;

ii. the survivor benefit determined as the greater of the following amounts:

(1) the present value of the survivor benefit payable to the spouse. This survivor benefit payable to the spouse is equal to 50 % of the retirement benefit accrued to the member at the date of his death, pursuant to 4.1c, 4.1d, 4.1A, 4.5 and 4.6. and

(2) the present value of the retirement benefits the member was entitled to prior to his death for years of credited service after December 31, 1989, or, if not applicable, for the same years of credited service, the present value of the deferred retirement benefit the member would have been entitled to if he had ceased to be a member on the day of his death for any reason other than death.

(b) i. If a member referred to in 6.2.3a dies without a spouse, the pension provided for in 6.2.3a i shall be paid to the children. If the member referred to in 6.2.3a dies without a spouse and without children, the employee contributions for the years of contributory service prior to January 1, 1990, plus interest, shall be paid to his estate.

ii. However, in the two cases referred to in *i* above, the estate shall be paid the present value of the pension

to which the member would have been entitled before his death for the years of credited service after December 31, 1989 or, failing this, for the same years of credited service, the value of the deferred pension to which the member would have been entitled if he had ceased to be a member on the day of his death for any reason other than death.

**6.2.4** (*a*) If a member whose retirement benefit was fully or partially postponed dies, his spouse shall be entitled to a survivor benefit, the present value of which shall be equal to the greater of the following amounts:

i. the sum of the following:

(1) the present value of the survivor benefit payable to the spouse. This survivor benefit payable to the spouse is equal to 60 % or, where applicable, to 50 %, of the retirement benefit, pursuant to 5.5c i, to which the member would have been entitled if he had ceased to be a member on the day of his death for any reason other than death;

(2) the value of the pension pursuant to 5.5c *ii*, the entire amount reduced, where applicable, by the payments already made pursuant to 5.5b;

and

ii. the sum of the following:

If the member referred to in 6.2.4a dies without a spouse and without children, the employee contributions for the years of contributory service prior to January 1, 1990, plus interest, shall be paid to his estate.

ii. However, in the two cases referred to in i above, the estate shall receive the present value of the pension

to which the member was entitled before his death for the years of credited service after December 31, 1989.

**6.2.5** (*a*) Subject to the provisions of subsections *b* and *c* below, the entitlement to benefits accorded to the spouse in 6.2.1, 6.2.2, 6.2.3 and 6.2.4 shall terminate as a result of a legal separation, a divorce, a marriage annulment or a termination of the conjugal relationship.

(b) The legally separated spouse shall retain his entitlement to benefits pursuant to 6.2.3*a i*.

6.3 Death after retirement

**6.3.1** Subject to 6.3.2, on the death of a pensioner, his spouse shall be paid a lifetime pension equal to 50 % of the pension established according to provisions of By-law no. 83 before application of Sections 38 and following, or according to provisions of Part I of By-law no. 578, or according to provisions of Part I of By-law no. 534, before application of 4.4, or according to provisions of Part I of By-law no. 673, before application of 14.1, or before application of 14.1 according to the provisions of Part I of By-law no. 679, of Part I of By-law no. 676 or Part I of the plan.

**6.3.2** On the death of a pensioner whose retirement commenced after December 31, 1989, if the spouse has not renounced the right to a 60 % pension under 4.4 of By-law no. 534 or 14.1 of By-law no. 582, of By-law no. 653, of By-law no. 676, of By-law no. 679 or of the plan, the spouse shall be paid a lifetime pension equal to 60 % of the pension paid to the pensioner in accordance with Part I of By-law no. 534 of By-law no. 579 or of the plan, provided the pension had been adjusted on an actuarial equivalence basis according to 4.4 of

(c) In the case of a pensioner who was receiving a pension on December 31, 1989, subsections a and b of this Section shall apply only in the case of a divorce, a marriage annulment or termination of the conjugal relationship.

**6.3.4** Subject to the provisions of 6.3.3b, if a pensioner who did not have a spouse on his retirement date dies without a spouse, the survivor benefit pursuant to 6.3.1 shall be paid to the children.

**6.3.5** If a pensioner who had a spouse on his retirement date dies without a spouse, the survivor benefit pursuant to 6.3.1 and 6.3.2 shall be paid to the children.

#### SECTION 7 TERMINATION BENEFITS

**7.1** Any member with at least 2 years of credited service or continuous service who terminates employment with the employer before his normal retirement date shall not be entitled to a refund of his contributions for the years of contributory service after December 31, 1989. Instead, the member shall receive a deferred retirement benefit payable at the normal retirement date, but for an amount equal to the benefit accrued at the termination date, calculated pursuant to 4.1c, 4.1d, 4.1A, 4.3b, 4.4, 4.5 and 4.6.

**7.2** A member who leaves the employer without fulfilling the above requirements shall receive a cash payment equal to his contributions for the years of contributory service after December 31, 1989, plus interest.

7.3 Any member who terminates employment with the employer after age 45 but before the normal retirement date shall not be entitled to a refund of his contributions paid for the years of contributory service prior to January 1, 1990, if he has at least 10 years of credited or continuous service. Instead, he shall receive a deferred retirement benefit payable at the date and under the conditions of normal retirement for an amount equal to the retirement benefit accrued at the termination date, pursuant to 4.1a, 4.1b, 4.2 and 4.3a. However, in the case of a female member who was an employee on December 31, 1979 and who is entitled to a deferred retirement benefit as of her normal retirement date, the portion of the deferred retirement benefit for the years of contributory service after December 31, 1965 but prior to January 1, 1980 shall be adjusted on an actuarial equivalence basis for the deferral of benefit payments from the member's 60th to her 65th birthday.

Notwithstanding the above, the amount of the deferred retirement benefit shall be at least equal to the retirement benefit whose present value is equal to the contributions in respect of the years of contributory service prior to January 1, 1990, plus interest. **7.4** A member who terminates his employment without meeting the age and service conditions described in 7.3 shall receive a cash payment equal to his contributions for the years of contributory service prior to January 1, 1990, with interest.

**7.5** When a member referred to in 2.3 is entitled to recall rights following his termination of employment, he must leave his employee contributions, if any, in the pension fund for a maximum of 24 months, and there shall be no interruption of the years of continuous service. If the member is not rehired within a maximum period of 24 months, the years of continuous service shall be considered to have terminated at the end of this period.

**7.6** The provisions in respect of retirement at the request of the employer and postponed retirement shall not apply to deferred retirement benefits. The provisions in respect of voluntary retirement, with the exception of the provisions of 5.2c, and early retirement at the request of the member shall apply to deferred pensions.

From January 1, 1997 to December 31, 2000 and from January 1, 1997 to December 31, 2003 for members concerned, the provisions in respect of voluntary retirement pursuant to the 3rd paragraph of 5.2a and those in respect of early retirement at the request of the member pursuant to 5.4d shall apply to deferred pensions if the two following requirements are met:

i. termination of employment happens during this period;

ii. one of the requirements set out in sub-paragraph i or ii of the 3rd paragraph of 5.2a is fulfilled during this period.

**7.7** The provisions with respect to survivor benefits payable to the spouse, failing which, to the children, shall apply to a deferred retirement benefit when a former member dies after one of the following dates:

(a) the date on which he would have been entitled to an early retirement at the request of the member according to the provisions of 5.4c, 5.4d and 5.4e;

(b) the date on which he would have been entitled to a voluntary retirement;

(c) the normal retirement date

and for the purposes of death benefits, spousal status shall be established on the day preceding the death of the former member. **7.8** When on the death of a former member no retirement benefit is payable pursuant to 7.7 above, his contributions for years of contributory service prior to January 1, 1990, plus interest, shall be payable in a single lump sum to his estate, except for the years of contributory service prior to January 1, 1966 if these have already been refunded. On the other hand, the present value of the deferred retirement benefit at the termination of employment date for the years of credited service after December 31, 1989 shall be payable in a single lump sum to the spouse or, if there is no spouse, to the estate.

**7.9** Any member who is more than 10 years from normal retirement age on the date of termination of employment with the employer, if such date is after December 31, 1989, shall be entitled, according to the provisions of the Supplemental Pension Plans Act, to transfer the present value of the deferred retirement benefit pursuant to 7.1 and 7.3 to another pension plan regulated by the Supplemental Pension Plans Act or defined by the regulations adopted by the Government of Québec pursuant to such Act.

The member or former member may make an election as to his available options within the following periods:

(a) during the 180-day period following his termination of employment;

(b) subsequently, every 5 years, within 180 days following the date of anniversary of his termination of employment date but, at the latest, by the date provided for in c;

(c) within 180 days following the date 10 years prior to his normal retirement age.

In the cases provided for in b and c, a new present value of the deferred retirement benefit shall be determined at each 5th anniversary of the termination of employment date, but at the latest, on the former member's 55th birthday.

Notwithstanding any disposition to the contrary, a former participant with a physical or mental disability may exercise his right to transfer at all times before age 55 if his life expectancy is reduced to a period inferior to that remaining before exercising his right to a transfer. A medical certificate must be obtained.

**7.10** The provisions of 7.9 above shall not apply to retirement at the request of the employer, even if the member is under age 55.

**7.11** Any amount that the member or former member is entitled to transfer under 7.9, that is less than 10 % of the year's maximum pensionable earnings for the year in which he has this right of transfer, shall be transferred by the committee to another pension plan as defined by the regulations adopted by the Government of Québec pursuant to the Supplemental Pension Plans Act and chosen by the member or former member or, if not available, by the committee. This measure does not apply in the event of dismissal if the member did not exercise his entitlement to transfer.

However, the committee shall not transfer such amount if the amount has been used to provide a retirement benefit already in the course of payment.

**7.12** Any amount transferred to any registered plan under this Section shall be subject to the Income Tax Act and to any regulations adopted by the Government of Canada pursuant to that Act.

#### **SECTION 8**

## TRANSFER OF BENEFITS BETWEEN SPOUSES

**8.1** In the event of a legal separation, a divorce or marriage annulment, the benefits accrued to a member, former member or pensioner under the plan shall, upon application in writing to the committee, be divided between the member and his spouse to the extent provided for in the Civil Code of Québec or by a court order.

Where the court awards to the spouse of a member, former member or pensioner, as payment for a compensatory allowance, the benefits accrued to such member, former member or pensioner under the plan, the benefits shall, upon application in writing to the committee, be transferred to the spouse to the extent provided for by the court order.

**8.2** In the event of the cessation of the conjugal relationship between a spouse and a member, former member or pensioner, within the meaning of 1.24b, the member, former member or pensioner and spouse may, within 6 months, agree in writing to a partition of the accrued benefits of the member, former member or pensioner under the plan, in accordance with the provisions of the Supplemental Pension Plans Act.

**8.3** Upon presentation of an application for a legal separation, a divorce, a marriage annulment or a payment of a compensatory allowance, or in the event of the cessation of a conjugal relationship, a member, former member or pensioner and his spouse shall be entitled, upon application in writing to the committee, to obtain a statement of the accrued benefits of the member, former

member or pensioner under the plan and of the present value thereof as at the date of the institution of the action. Such application shall also contain the following documents and information or any other documents or information prescribed by the regulations adopted by the Government of Québec pursuant to the Supplemental Pension Plans Act:

(a) the name and address of the member, former member or pensioner and his spouse;

(b) in the case of married spouses, a marriage certificate, a copy of the application for a legal separation, a divorce, a marriage annulment or a payment of a compensatory allowance, as well as the date of such application;

(c) in the case of unmarried spouses, a joint declaration stating the dates on which their conjugal relationship began and ended and, if they have lived in a conjugal relationship for more than 1 year but less than 3 years, proof of one of the events set out in 1.29b.

The committee shall provide the applicant and his spouse with such statement within the periods and with the information as set out in the Supplemental Pension Plans Act and any regulations adopted by the Government of Québec pursuant thereto.

**8.4** Any application for the partition or transfer of benefits of the member, former member or pensioner made in writing to the committee shall be accompanied by a copy of the following documents, if applicable, and any other documents prescribed by the regulations adopted by the Government of Québec pursuant to the Supplemental Pension Plans Act:

(a) the court order for the legal separation from divorce, marriage annulment or payment of a compensatory allowance and, where applicable, the agreement entered into between the married spouses in respect of the partition or transfer of the benefits of the member, former member or pensioner;

(b) any other court order related to the partition or transfer of the benefits of the member, former member or pensioner;

(c) the divorce certificate and, in the case of another court order pursuant to *a* or *b* above, the non-appeal certificate;

**8.5** Unless it is a joint application for partition or transfer of benefits, the Committee shall provide the member, former member or pensioner with a written notice informing him of such application and the present value of the benefits claimed by his spouse.

The committee may not proceed with the execution of the partition or transfer until 60 days have elapsed since such notice is sent to the member, former member or pensioner. Moreover, the committee may not proceed if it is notified that the spouse of the member, former member or pensioner has duly waived his rights to benefits or that the member, former member or pensioner has initiated a legal action in opposition to the application for partition or transfer.

**8.6** The value of the accrued benefits of the member, former member or pensioner shall be determined in accordance with the provisions of the regulations adopted by the Government of Québec pursuant to the Supplemental Pension Plans Act.

**8.7** Unless it has been notified of the spouse's waiver of or a judicial opposition to the partition or transfer of the benefits of the member, former member or pensioner, the committee shall, within 120 days of the expiry of the period provided for in the second paragraph of 8.5, transfer any amount to which the spouse is entitled as a result of such partition or transfer into a pension plan, as defined by the Supplemental Pension Plans Act and any regulations adopted by the Government of Québec pursuant thereto.

When the benefits to which the spouse is entitled as a result of the partition or transfer are a refund to which the member would have been entitled at the date of institution of the action, the committee shall pay the spouse the amount corresponding to such benefits or transfer same into a pension plan as defined by the Supplemental Pension Plans Act and any regulations adopted by the Government of Québec pursuant thereto.

**8.8** The procedure provided for in 8.5 and 8.7 shall be subject to the provisions of any regulations adopted pursuant to the Supplemental Pension Plans Act, and any provisions of such regulations adopted by the Government of Québec amending such procedure shall form part of and amend this Section.

**8.9** Subject to the provisions of the Supplemental Pension Plans Act and any regulations adopted by the Government of Québec pursuant thereto, the benefits allocated to the spouse following the partition of the benefits of the member, former member or pensioner or as payment of a compensatory allowance may be used solely to purchase a life annuity, and shall be transferred to another plan.

**8.10** Execution of the partition or transfer shall reduce the benefits of the member, former member or pensioner pursuant to the provisions of the Supplemental Pension Plans Act and any regulations adopted by the Government of Québec pursuant thereto.

#### **SECTION 9**

#### CALCULATION OF INTEREST

**9.1** Employee contributions shall bear interest as of the date they are paid into the pension fund, until the date of payment thereof.

**9.2** In the case of a member or former member who avails himself of the provisions of 7.9, the employee contributions shall bear interest until the date used to determine the present value of the deferred retirement benefit. Subsequently, the present value of the deferred retirement benefit shall bear interest for the period between the date on which such value was established and the date of transfer at a rate determined according to the actuarial assumptions and methods filed with the Régie des rentes du Québec, in accordance with the provisions of the Supplemental Pension Plans Act.

**9.3** Excess contributions, if any, shall bear interest as of the date of their calculation pursuant to 3.5*b* and until such time as they are refunded, transferred to another plan, or used to provide an additional benefit.

**9.4** No interest shall be credited on employee contributions after the date on which the member or former member starts to receive a retirement benefit or after the date of death of the member or former member.

**9.5** Employee contributions shall bear interest starting only on January 1, 1966.

**9.6** As of January 1, 1990, interest shall be determined as follows:

(*a*) for the first 6 months of a year, the interest shall correspond to the average of the rates in 1.19 for the 6-months ended October 31st of the previous year;

(b) for the last 6 months of a year, the interest shall correspond to the average of the rates in 1.19 for the 6-months ended April 30th of the same year.

#### **SECTION 10**

**10.1** A member who:

(a) starts to receive benefits under a long-term disability plan of the employer after January 6, 1982; (b) receives an indemnity from the "Commission de la santé et de la sécurité du travail" as a result of a preventive leave under the Act Respecting Occupational Health and Safety, R.S.Q., c. S-2.1, or an occupational accident under the Act Respecting Industrial Accidents and Occupational Diseases, R.S.Q., c. A-3.001 and who did not avail himself, after December 31, 1989, of the provisions set out in 3.6b *ii*;

(c) avails himself of unpaid leave under the parental benefits plan and who did not avail himself of the provisions set out in 3.6*d ii* 2;

(d) avails himself of an unpaid leave that an employer must grant under any applicable legislation

and who returns to work before his normal retirement date, may have all or part of the period of temporary leave of absence counted as a year of contributory service, provided he pays the employee contributions, plus interest, subject to the following terms and conditions:

i. the contributions are calculated on the basis of the earnings rate appearing on his employer's payroll during the temporary leave of absence, the year's maximum pensionable earnings, the basic exemption and the rate of contribution in effect during the period of temporary leave of absence;

ii. the member avails himself of this option and selects his method of refund pursuant to 10.4.

**10.2** If a member elects to have only part of his period of temporary leave of absence counted as a year of contributory service, the years of contributory service thus credited shall be presumed to be those just prior to his return to work.

**10.3** A member on temporary leave of absence as a result of his election to the Québec National Assembly or the House of Commons, who returns to work before his normal retirement date, may have all or part of his years as elected representative counted as years of contributory service, provided he pays the employee contributions, plus interest, in accordance with the terms and conditions as set out in 10.1 and 10.2. This provision shall not apply if for this period of leave of absence the member is entitled to a pension under a pension plan for the members of the Québec National Assembly or of the House of Commons.

**10.4** A member can avail himself of the option provided for in 10.1 and 11.1 one time only, and do so within 180 days following his return to work or rehiring. The refund may be made:

(*a*) in a single lump sum payment within 90 days following the exercise of the option provided the payment is made before the earlier of the retirement date and the normal retirement date;

or

(b) through earnings deductions at each pay period of which the amount, plus the interest, shall be established by Hydro-Québec; however, the full refund can neither be done over a period exceeding 5 years, starting on the date the option is exercised nor extend beyond the earlier of the retirement date and the normal retirement date;

or

(c) through annual payments of which the amount, plus the interest, shall be established by Hydro-Québec; however, the full refund shall not exceed 5 years of contributory service, as of the date the option is exercised nor extend beyond the earlier of the retirement date and the normal retirement date.

Interest shall accumulate from the date contributions are due to be made into the pension fund; the 180-day period provided for exercising said option and the terms of payment described above shall not in any way delay or cancel the charging of interest. Should the member fail to make a payment, accumulated interest shall be added to the balance of the redemption.

Once each year, the member may make a lump sum payment to reduce or eliminate the balance of contributions to be recovered.

The member may decide to terminate his redemption at any time by submitting a written notice to the employer. This decision shall be irrevocable. The years of contributory service shall then be established in relation to the refunds paid as at the date of termination of the redemption.

**10.5** (a) A member who avails himself of the provisions set out in 3.6d i and whose temporary leave of absence lasts more than one pay period must advise the employer in writing at least 30 days before the beginning of his temporary leave of absence.

(b) A member shall receive from the employer a statement showing the number of payments he must make, the amount of each payment and the date at which each of these payments is due. Such payments shall be made as follows:

i. by cheque, if the member does not receive any earnings during the pay period in question or if the earnings paid are not sufficient to cover the contributions due; or

ii. by deductions at source each pay period, in other cases.

(c) Any unpaid contribution at the due date shall be increased by the interest accumulated until the balance is paid. The member may pay the balance of unpaid payments, plus accumulated interest, at the end of his temporary leave of absence, provided the date of full payment is no later than 90 days after the end of said temporary leave of absence and does not extend beyond the earlier of the retirement date and the normal retirement date.

(d) The member may decide to terminate his redemption at any time by submitting a written notice to the employer. This decision shall be irrevocable. The years of contributory service shall then be established in relation to the payments made as at the date of termination of the redemption.

**10.6** A member who avails himself of the provisions set out in 3.6d i 1 and whose temporary leave of absence is expected to last less than 10 days per pay period and not extend beyond subsequent pay periods, must advise the employer in writing before the beginning of said leave of absence or within 180 days of his return.

The contribution due shall be deducted from the member's earnings provided the earnings paid are greater than or equal to the contribution due. If such is not the case, the member may make his payment by cheque. no interest is chargeable if the date at which the member's notice is received makes it possible to pay the contribution through a deduction at source or a payment by cheque during the pay period the temporary leave of absence is taken. In all other cases, the contribution due shall be deducted from the member's earnings at a subsequent pay period and this contribution shall be increased by the interest due from the date said contribution was due to be made into the pension fund.

A member who does not avail himself of the provisions set out hereinabove cannot avail himself of the provisions of 10.9.

**10.7** A member who avails himself of the provisions set out in 3.6*b ii* must advise the employer in writing, if applicable, as soon as he knows the date of his eligibility for the payment of compensation by the "Commission de la santé et de la sécurité au travail".

**10.8** A member who avails himself of the provisions set out in 3.6*d ii* 2 must advise the employer in writing at least 15 days prior to the beginning of his temporary leave of absence.

The provisions as described in 10.5b i, in 10.5c and in 10.5d apply to such member.

**10.9** A member who did not avail himself of the periodic payment option pursuant to 3.6d i and who returns to work or to a full-time schedule before his normal retirement date may avail himself of the provisions set out in 10.4 for the redemption of the years of contributory service which correspond to these temporary leaves of absence. However, only a temporary leave of absence taken between January 1, 1997 and December 31, 2000 and between January 1, 1997 and December 31, 2003 for a member concerned may be redeemed. The member must exercise his redemption option no later than on the earlier of the following two dates, that is:

i. within 180 days following his return to work or to a full-time schedule; or

10. June 30, 2001 or June 30, 2004 for a member concerned.

**10.10** The provisions of this Section shall be subject to the Income Tax Act and any regulations adopted by the Government of Canada pursuant thereto.

**10.11** Temporary Plan for the Redemption of Non-Contributory Leaves of Absence

**10.11.1** Any member at the date this By-law comes into force shall be considered to be an eligible individual for the Temporary Plan for the Redemption of Non-Contributory Leaves of Absence.

**10.11.2** Leaves of absence eligible for the Temporary Plan for the Redemption of Non-Contributory Leaves of Absence must correspond to years of service with the employer or a subsidiary or to years during which the individual has fulfilled a function with one of the preceding. Leaves of absence shall be eligible according to the following priority:

(a) an unpaid leave under the parental benefits plan;

(b) a period of service prior to membership in the Plan and during which the individual had the status of a temporary employee and would have contributed to the Plan had it not been for his status; (c) any other temporary unpaid leave of absence.

A maximum of 2 years is applicable for each of a, b and c above, subject to 10.11.5.

Notwithstanding the foregoing, unpaid leaves of absence which are unauthorized or owing to a strike or a suspension and leaves of absence during which an individual is entitled to recall rights following his termination of employment and to whom provisions in 7.5 apply shall not be eligible for the Temporary Plan for the Redemption of Non-Contributory Leaves of Absence.

**10.11.3** Eligible individual may have all or a part of the period of leave of absence eligible for the Temporary Plan for the Redemption of Non-Contributory Leaves of Absence counted as a year of contributory service. Terms and conditions set out in 10.2 are applicable. The required employee contribution provided for in 10.11.4 must be calculated and made according to the following terms and conditions:

(a) if the required employee contribution corresponds to the employee and employer contributions, if any, plus interest, it is based on the earnings rate shown on the employer's payroll during the eligible leave of absence, the year's maximum pensionable earnings, the basic exemption and the rate of contribution in effect during the eligible leave of absence;

(b) in other cases, the required employee contribution is based on the earnings rate shown on the employer's payroll at the date he avails himself of the option and the current service cost for the member and based on the actuarial valuation report prepared by the actuary and filed with the Régie des rentes du Québec, applicable at the date the member avails himself of the option;

(c) the eligible individual avails himself of the option and selects a method of refund pursuant to the provisions set out in 10.4, except as regards the 180-day time limit, and in accordance with the time limit set out in the Temporary Plan for the Redemption of Non-Contributory Leaves of Absence. The refund must be made while the eligible individual is in continuous service. Notwithstanding the foregoing, for eligible members who are retired at the date they avail themselves of the option, the refund must be made in a single lump sum payment within 90 days following the exercise of the option.

**10.11.4** Required employee contributions are as follows:

(*a*) for an eligible leave of absence provided for in 10.11.2*a* and 10.11.2*b*, an amount corresponding to the employee contributions, plus interest;

(b) for an eligible leave of absence provided for in 10.11.2c, the contribution provided for in 3.6, 10.1, 10.3 or 10.9, as the case may be, plus interest;

(c) for an eligible leave of absence provided for in 10.11.2c and for which the contribution is not provided for in 3.6, 10.1, 10.3 or 10.9, the required employee contribution is based on the earnings rate shown on the employer's payroll at the date the member avails himself of the option and the current service cost for the member and based on the actuarial valuation report prepared by the actuary and filed with the Régie des rentes du Québec, applicable at the date the member avails himself of the option.

Notwithstanding c hereinabove, for union activities and leaves of absence eligible under the Programme de bourses universitaires d'Hydro-Québec, the required employee contribution corresponds to the employee contributions, plus interest.

(*a*) If the pension of any eligible person under 20.1 is greater than the minimum pension only for an established period of time, the minimum pension shall apply at the end of such period.

#### PART III

PROVISIONS REGARDING THE SUBSIDIARIES' MERGED PLANS

## **SECTION 22**

PENSION PLAN FOR EMPLOYEES OF THE COMPAGNIE D'ÉLECTRICITÉ DU SUD DU CANADA LTÉE

**22.1** Provisions of Section 22 are added to the Hydro-Québec Pension Plan further to the merger of the Compagnie d'électricité du sud du Canada Ltée Employees Pension Plan with the Hydro-Québec Pension Plan. These provisions correspond to the provisions of

the Compagnie d'électricité du sud du Canada Ltée Employees Pension Plan with the required adaptations. Subject to applicable legislation, benefits payable to an employee who has left the Company prior to January 1, 1999 are determined according to provisions of the Southern Canada Power Company Limited Employees Pension Plan or the Compagnie d'électricité du sud du Canada Ltée Employees Pension Plan, as the case may be. Provisions of this Section apply only to benefits arising from participation in the Compagnie d'électricité du sud du Canada Ltée Employees Pension Plan.

#### 22.2 Definitions

For purposes of Section 22, the following terms mean:

"Company": the Compagnie d'électricité du sud du Canada Ltée and its subsidiary, the Compagnie de chemins de fer et d'électricité de Sherbrooke Ltée, its successors or assigns;

"Employee": a permanent employee of the Company of either gender. An active employee at December 31, 1965 who participates in the Hydro-Québec Pension Plan as of January 1, 1966 remains an employee for purposes of this Section 22, even if he becomes employed by Hydro-Québec or of one of its subsidiaries;

"Normal retirement age": sixty-five (65) years old for men and sixty (60) years old for women;

"Participation date": the date set in the agreement between the Company and Hydro-Québec from which Company employees became members of the Hydro-Québec Pension Plan, i.e., January 1, 1966;

"Pensioner": a person, other than a spouse, a beneficiary or an assign, receiving pension benefits under the Southern Canada Power Company Limited Employees Pension Plan or the Compagnie d'électricité du sud du Canada Ltée Employees Pension Plan or under this Section 22.

## 22.3 Special provisions

Employees in active service on the participation date have ceased to accrue pension credits under the Southern Canada Power Company Limited Employees Pension Plan and the Compagnie d'électricité du Sud du Canada Ltée Employees Pension Plan.

Employees in active service on the participation date retain all their pension credits for service or participation prior to that date. These credits will be paid to them according to provisions of this Section 22.

Where Section 22 mentions the average of an employee's total monthly earnings received during his last 10 years of service, it means the average of total monthly earnings received by an active employee on participation date for his last 10 years of service in the employment of either the Company or Hydro-Québec.

For purposes of this Section 22, years of service accrued after the participation date by permanent or regular employees of Hydro-Québec or one of its subsidiaries count as years of service with the Company for purposes of establishing the right to a pension, but not to establish the amount of such pension. In this case, only the years of service prior to January 1, 1966 are computed.

#### 22.4 Benefits

#### (a) Normal Retirement

Employees who have reached normal retirement age and who have been continuously employed by the Company for 10 years or more are entitled, from the first day of the month following the month during which they have reached the normal retirement age, to a monthly pension equal to 1 % for each year of service with the Company, based on their average total monthly earnings during their last 10 years of service, subject to a minimum of \$50 per month or 50 % of the average of such monthly earnings, whichever is lower.

The determination of any additional amount required to bring the pension benefits to the \$50 monthly minimum takes into account the amount of pension paid under Part I and Part II of the Plan, excluding any additional amount payable on account of provisions regarding minimum pension or half-pension.

(b) Early retirement at the request of the employee

An employee who has reached 55 years of age and has been continuously employed by the Company for a period of 15 years or more may retire at any time prior to his normal retirement date. In such a case, the monthly pension payable from the first day of the month following his retirement is equal to 1 % for each year of service with the Company, based on the average of his total monthly earnings during the last 10 years of service, multiplied by a factor determined as per the following table:

	Factor	
Age on due date of first monthly payment	Men	Women
55	0.60	0.80
56	0.64	0.84
57	0.68	0.88
58	0.72	0.92
59	0.76	0.96
60	0.80	1.00
61	0.84	
62	0,88	
63	0.92	
64	0.96	
65	1.00	

Age is computed in complete months; where required, the factor is determined using straight line interpolation. In such a case, however, the minimum monthly pension provision set out under *a* above does not apply.

#### (c) Early retirement at the request of the employer

An employee who has reached 55 years of age and has been continuously employed by the Company for a period of 15 years or more may be retired by the employer before having reached his normal retirement age. In such a case, the monthly pension payable from the first day of the month following his retirement is equal to 1 % for each year of service with the Company, based on the average of his total monthly earnings during the last 10 years of service, multiplied by a factor determined as per the following table:

	Factor	
Age on due date of first monthly payment	Men	Women
55	0.80	0.90
56	0.84	0.92
57	0.88	0.94

Age on due date of first monthly payment	Factor	
	Men	Women
58	0.86	0.96
59	0.88	0.98
60	0.90	1.00
61	0.92	
62	0,94	
63	0.96	
64	0.98	
65	1.00	

Age is computed in complete months; where required, the factor is determined using straight line interpolation. In such a case, however, the minimum monthly pension provision set out under a does not apply.

#### (*d*) Disability benefits

An employee who has been continuously employed by the Company for 10 years or more, and who can no longer perform his regular tasks on account of physical or intellectual disability, is entitled (but only during the period where such physical or intellectual disability prevents him from going back to full active service with the Company) to receive a monthly retirement pension equal to 1 % for each year of service with the Company, based on the average of his total monthly earnings during the last 10 years of service. In such a case, however, the minimum monthly pension provision set out under aabove does not apply.

#### (e) Death benefits

On the death of a male employee who was receiving a pension pursuant to *a* above, a monthly pension equal to half the monthly pension payable to such employee is paid to his widow for life. Such half-pension is not payable to widows of employees who retired prior to September 23, 1955.

On the death of a male employee who was receiving or was entitled to a pension pursuant to b above, a monthly pension equal to half the monthly pension payable to such employee if he was retired or to half the pension which he would have been entitled to had he retired on the date immediately preceding the date of his death, pursuant to the provisions of b above, is paid to his widow for life. Such half-pension only applies to widows of employees who become entitled to a pension pursuant to b above on or after December 1, 1962.

On the death of a male employee who was receiving a pension pursuant to c above, a monthly pension equal to half the monthly pension payable to such employee pursuant to the provisions of c above is paid to his widow for life. Such half-pension only applies to widows of employees who retired pursuant to c above on or after December 1, 1962.

On the death of a male employee who was in active service with the Company on December 1, 1962 and who, after this date and while in active service with the Company, became eligible to a pension pursuant to d above, a monthly pension equal to the product of i and ii below is paid to his widow for life.

i. the monthly pension payable to such pensioner, and

ii. a factor of: 0.01 x X - 0.15

(Where X is the age of the retired employee in complete years at the date on which the Company began paying him the pension to which he was entitled pursuant to d above.)

22.5 Miscellaneous provisions

(a) Subject to the provisions of f below, the pension payment commencement date is the first day of the month following the month during which the employee retired, or any other date determined by the Committee. The pension payment commencement date for any widow, as established above, is the first day of the month following the month during which the employee died.

(b) Subject to the provisions of 22.4d, employee retirement pensions granted to employees are paid from the retirement date until death.

(c) The service period includes fractions of year.

(d) Leaves of absence or temporary lay-offs due to staff reductions, or leaves to satisfy military obligations are not considered as breaks in service.

(e) Former employees who left the service of the Company on or after December 1, 1962 with more than 15 years of continuous service and who are rehired lose only the period during which they were not in the service of the Company.

## (f) Termination benefits

Any employee having reached 45 years and counting 15 years or more of continuous service who terminated employment with the Company on or after December 1, 1962 is entitled to a monthly pension payable from his normal retirement age. This pension is equal to 1 % for each year of service with the Company, based on the average of the employee's total monthly earnings during the last 10 years of service. In such a case, however, the minimum monthly pension provision set out under 22.4a does not apply. The retirement pension set out in this paragraph f is not payable to employees who already receive a pension under 22.4d.

**22.6** This Section adds to the preceding provisions of Section 22, without reducing the rights conferred by such Section 22.

(a) Deferred pension

Any employee who meets the following conditions at the time he leaves the service of the employer is entitled to a deferred pension at least equal to the monthly pension payable from the normal retirement age:

i. having reached 45 years of age but not the normal retirement age;

ii. having completed at least 10 years of continuous service.

(b) Early retirement

An employee who has completed a minimum of 10 years of continuous service and whose period of continuous service ends in the 10 years immediately preceding the date on which he attains the normal retirement age is entitled to receive an early retirement pension. The early retirement pension is the actuarial equivalent of the pension payable at normal retirement age.

(c) Postponed retirement

An employee who remains in the employer's service after his normal retirement date may retire as of the first day of any month following this date. The employee's monthly retirement benefit shall be postponed until his actual retirement date, but no later than December 1 of the year in which the employee reaches the age limit provided for in applicable legislation, even if he remains in the employer's service after this date. The amount of the postponed retirement benefit is an actuarial equivalent based on the retirement benefit payable at normal retirement age and the length of the postponement period. During the postponement period, the employee may request payment in whole or in part of his retirement benefit, but only insofar as is necessary to compensate for any reduction in earnings during this period. The employee may not make such request more than once per 12-month period.

Should the employee die during the postponement period, his spouse is entitled to a pension, the value of which is equal to the value of the pension that would have been payable to the employee, had payment of the pension began on the day preceding the date of death.

(d) Spousal pension

Upon the death of a pensioner who had retired after December 31, 1989 or of an employee whose period of continuous service had ended after this date and who is expecting the commencement of a benefit payable pursuant to Section 22, and provided the employee's spouse has not waived the right to a 60 % pension at the time of the employee's retirement pursuant to Part I, the employee's spouse shall receive a lifetime pension equal to 60 % of the pension that the pensioner was receiving or was entitled to receive at the time of his death, such pension being the actuarial equivalent of the pension he would have been entitled to receive in the absence of the right conferred herein to the spouse.

Prior to the date on which pension payments begin, the employee's spouse, if any, may waive the right to a spousal pension by so notifying the Committee in writing. This waiver may be revoked by notifying the Committee in writing within the period provided for above.

(e) Payment of benefits and transfer

The provisions of 7.9 to 7.12 apply, mutatis mutandis, to the benefits provided under Section 22.

## **SECTION 23**

## PENSION PLAN FOR EMPLOYEES OF THE COMPAGNIE D'ÉLECTRICITÉ DU NORD DU QUÉBEC LIMITÉE

**23.1** Provisions of Section 23 are added to the Hydro-Québec Pension Plan further to the merger of the Compagnie d'électricité du nord du Québec Limitée Employees Pension Plan with the Hydro-Québec Pension Plan. These provisions correspond to the provisions of the Compagnie d'électricité du nord du Québec Limitée Employees Pension Plan, with the required adaptations. Subject to applicable legislation, benefits payable to an employee who has left the Company prior to January 1, 1999 are based on the provisions of the northern Quebec Power Company, Limited Employees Pension Plan or the Compagnie d'électricité du nord du Québec Limitée Employees Pension Plan, as the case may be. The provisions of this Section apply only to benefits arising from participation in the Compagnie d'électricité du nord du Québec Limitée Employees Pension Plan.

#### 23.2 Definitions

For purposes of Section 23, the following terms mean:

"Company": the Compagnie d'électricité du nord du Québec Limitée, its successors or assigns;

"Employee": a permanent employee of the Company of either gender. An active employee at December 31, 1965 who participates in the Hydro-Québec Pension Plan from January 1, 1966 continues to be an employee for purposes of this Section 23, even if he becomes employed by Hydro-Québec or of one of its subsidiaries.

"Normal retirement age": sixty-five (65) years old for men and sixty (60) years old for women;

"Participation date": the date set in the agreement between the Company and Hydro-Québec from which the Company employees become members of the Hydro-Québec Pension Plan, i.e., January 1, 1966;

"Pensioner": a person, other that a spouse, a beneficiary or an assign, receiving pension benefits under the northern Quebec Power Company, Limited Employees Pension Plan or the Compagnie d'électricité du nord du Québec Limitée Employees Pension Plan or under this Section 23.

## 23.3 Special provisions

Employees in active service on the participation date have ceased to accrue pension credits under the northern Quebec Power Company, Limited Employees Pension Plan and the Compagnie d'électricité du nord du Québec Limitée Employees Pension Plan.

Employees in active service on the participation date retain all their pension credits for service or participation prior to that date. These credits will be paid to them according to the provisions of this Section 23.

Where Section 23 mentions the average of an employee's total monthly earnings received during his final 10 years of service, it means the average of total monthly earnings received by an active employee on participation date during his last 10 years of service in the employment of either the Company or Hydro-Québec.

For purposes of this Section 23, years of service accrued after the participation date by permanent or regular employees of Hydro-Québec or one of its subsidiaries count as years of service with the Company for purposes of establishing the right to a pension, but not to establish the amount of such pension. In this case, only the years of service prior to January 1, 1966 are computed.

## 23.4 Benefits

(a) Normal retirement

Employees who have reached normal retirement age and who have been continuously employed by the Company for 10 years or more are entitled to the payment of the accrued pension.

(b) Disability pension

Employees who have been continuously employed by the Company for a period of 10 years or more and who can no longer perform their regular tasks on account of physical or intellectual disability are entitled to receive payment of their accrued pension (but only during the period where such physical or intellectual disability prevents them from going back to full active service with the Company).

(c) Accrued pension

The amount of the monthly pension is 1 % for each year of service with the Company, based on the employee's average total monthly earnings during his last 10 years of service, subject to a minimum of \$50 per month or 50 % of the average of such monthly earnings, whichever is lower.

The determination of any additional amount required to bring the pension benefits to the \$50 monthly minimum takes into account the amount of pension paid under Part I and Part II of the Plan, excluding any additional amount payable on account of provisions regarding minimum pension or half-pension.

(d) Death benefits

On the death of a male employee who was receiving a pension pursuant to a above, a monthly pension equal to half the monthly pension payable to such employee is paid to his widow for life. Such half-pension is not payable to widows of employees who retired prior to January 1, 1956.

#### **23.5** Miscellaneous provisions

(a) The pension payment commencement date is the first day of the month following the month during which the employee retired, or any other date as determined by the Committee.

(b) Retirement pensions granted to employees are paid from the employees retirement dates until death.

(c) The service period includes fractions of year.

(d) Leaves of absence or temporary lay-offs due to staff reductions, or leaves to satisfy military obligations are not considered as breaks in service.

(e) Former employees counting 20 years or more of continuous service who have left and been rehired by the Company lose only the period during which they were not employed by the Company.

(f) Termination benefits

Any employee aged 50 or more having completed 20 years or more of continuous service with the Company is entitled to a monthly pension payable from his normal retirement age if he terminates his employment prior to normal retirement age. This monthly pension is based on accrued service as of the first of the following dates:

i. the employee's termination date, or

ii. the employee's date of participation.

However, in such cases, the provision relevant to the minimum monthly retirement benefit pursuant to 23.4c does not apply.

**23.6** This section adds to the preceding provisions of Section 23, without reducing the rights conferred by such Section 23.

(a) Deferred pension

Any employee who meets the following conditions at the time of his termination of employment at the employer's service is entitled to a deferred pension at least equal to the monthly pension payable from the normal retirement age:

i. having reached age 45, but not the normal retirement age;

ii. having completed at least 10 years of continuous service.

## (b) Early retirement

An employee who has completed a minimum of 10 years of continuous service and whose period of continuous service ends in the 10 years immediately preceding the date on which he reaches his normal retirement age is entitled to receive an early retirement pension. The early retirement pension is the actuarial equivalent of the pension payable at normal retirement age.

#### (c) Postponed retirement

An employee who remains in the employer's service after his normal retirement date may retire as of the first day of any month following this date. The monthly retirement benefit of the employee shall then be postponed until his actual retirement date, but no later than December 1 of the year in which the employee reaches the age limit provided for in applicable legislation, even if he remains in the employer's service after this date. The amount of the postponed retirement benefit is an actuarial equivalent based on the retirement benefit payable at normal retirement age and the length of the postponement period.

During the postponement period, the employee may request the total or partial payment of his retirement benefit, but only insofar as is necessary to compensate for any reduction in earnings during this period. The employee may not make such request more than once in any 12-month period.

Should the employee die during the postponement period, his spouse is entitled to a pension, the value of which is equal to the value of the pension that would have been payable to the employee, had payment of the pension began on the day preceding the date of death.

(d) Spousal pension

Upon the death of a pensioner who had retired after December 31, 1989 or of an employee whose period of continuous service had ended after this date and who is expecting the commencement of a benefit payable pursuant to Section 23, and provided the spouse has not waived the right to a 60 % pension at the time of the employee's retirement pursuant to Part I, the employee's spouse shall receive a lifetime pension equal to 60 % of the pension that the pensioner was receiving or was entitled to receive at the time of his death, such pension being the actuarial equivalent of the pension he would have been entitled to receive in the absence of the right conferred herein to the spouse.

Prior to the date on which pension payments begin, the employee's spouse, if any, may waive the right to a spousal pension by so notifying the Committee in writing. This waiver may be revoked by notifying the Committee in writing within the period provided for above.

(e) Payment of benefits and transfer

The provisions of 7.9 to 7.12 apply, mutatis mutandis, to the benefits provided under Section 23.

#### SECTION 24

## PENSION PLAN FOR EMPLOYEES OF THE COMPAGNIE ÉLECTRIQUE DU SAGUENAY

**24.1** The provisions of Section 24 are added to the Hydro-Québec Pension Plan further to the merger of the Compagnie électrique du Saguenay Employees Pension Plan with the Hydro-Québec Pension Plan. These provisions correspond to the provisions of the Compagnie électrique du Saguenay Employees Pension Plan, with the required adaptations. Subject to applicable legislation, benefits payable to an employee who has left the Company prior to January 1, 1999 are based on the provisions of the Supplément à la caisse de retraite et d'assurance-vie des employés de la Compagnie électrique du Saguenay or the Compagnie électrique du Saguenay Employees Pension Plan, as the case may be. The provisions of this Section apply only to benefits arising from participation in the Compagnie électrique du Saguenay Employees Pension Plan.

## 24.2 Definitions

For purposes of Section 24, the following terms mean:

"Company": the Compagnie électrique du Saguenay, its successors or assigns;

"Employee": a permanent employee of the Company of either gender. An active employee at December 31, 1965 who participates in the Hydro-Québec Pension Plan since January 1, 1966 continues to be an employee for purposes of the Supplément à la caisse de retraite et d'assurance-vie des employés de la Compagnie électrique du Saguenay even if he becomes employed by Hydro-Québec or of one of its subsidiaries;

"Normal retirement age": sixty-five (65) years old for men and sixty (60) years old for women;

"Participation date": the date set in the agreement between the Company and Hydro-Québec from which Company employees become members of the Hydro-Québec Pension Plan, i.e., January 1, 1966;

"Pension and life insurance fund": the plan or funds accumulated as of January 1, 1966 under any of the following contracts: - Contract no. G.22 issued by the Department of Labour of Canada, Annuities Branch

— Policy no. P.W. 10805, issued by the Standard Life Assurance Company;

"Pensioner": a person, other that a spouse, a beneficiary or an assign, receiving pension benefits under the Supplément à la caisse de retraite et d'assurance-vie des employés de la Compagnie électrique du Saguenay or the Compagnie électrique du Saguenay Employees Pension Plan;

## 24.3 Special provisions

Employees in active service on the participation date have ceased to accrue pension credits under the Supplément à la caisse de retraite des employés de la Compagnie électrique du Saguenay or the Compagnie électrique du Saguenay Employees Pension Plan.

Employees in active service on the participation date retain all their pension credits for service or participation prior to that date. These credits will be paid to them according to the provisions of this Section 24.

For purposes of this Section 24, years of service accrued after the participation date by permanent or regular employees of Hydro-Québec or one of its subsidiaries count as years of service with the Company for purposes of establishing the right to a pension, but not to establish the amount of such pension. In this case, only the years of service prior to January 1, 1966 are computed.

#### 24.4 Benefits

#### (a) Retirement benefits

Employees in active service on December 31, 1965 who become members of the Hydro-Québec Pension Plan after that date are entitled to a retirement pension equal to the difference between the amount of pension accrued to them under the pension and life insurance fund before any option and the amount established as follows, if such amount is higher:

1.5 % of the annual average earnings for the 36 consecutive months during which such earnings are the highest, whether these months have been spent in the service of the Company, Hydro-Québec or one of its subsidiaries, multiplied by the number of years of credited service prior to January 1, 1966, up to 50 % of such average annual earnings. However, a deduction is made for any pension payable under the Federal Old Age Security Act at the time the employee retires, such government pension being reduced for purposes of this calculation in proportion of the number of years of credited service as of January 1, 1966 over such number increased by the number of years of participation from such date.

(b) Early retirement reduction

Should the employee retire prior to his normal retirement date, any pension benefits payable under 24.4a shall be reduced by actuarial equivalence, as shall be any retirement income to which he may be entitled to receive from the retirement and life insurance fund.

(c) Death after retirement

In the event of the death of an employee before 60 monthly pension payments have been made, the remaining monthly payments will continue to be made to his designated beneficiaries or, failing that, to his assigns, until 60 monthly payments have been made in total.

#### 24.5 Miscellaneous provisions

The provisions, definitions, conditions and privileges set out under the pension and life insurance fund shall also apply to the benefits provided for under this Section 24 unless it is obvious that they are not applicable or that the provisions of Section 24 are contrary to such provisions, definitions, conditions and privileges or different in nature. In any instance where interpretation is required, the decision of the Committee is final.

**24.6** This section adds to the preceding provisions of Section 24, without reducing the rights conferred by such Section 24.

(a) Deferred pension

Is entitled to a deferred pension at least equal to the monthly pension payable from the normal retirement age any employee who meets the following conditions at the time he leaves the service of the employer:

i. having attained age 45, but not the normal retirement age;

ii. having completed at least 10 years of continuous service.

(b) Early retirement

An employee who has completed a minimum of 10 years of continuous service and whose period of

continuous service ends in the 10 years immediately preceding the date on which he attains his normal retirement age is entitled to receive an early retirement pension. The early retirement pension is the actuarial equivalent of the retirement benefit payable at normal retirement age.

(c) Postponed retirement

An employee who remains in the employer's service after his normal retirement date may retire as of the first day of any month following this date. The monthly retirement benefit of the employee shall then be postponed until his actual retirement date, but no later than December 1 of the year in which the employee reaches the age limit provided for in applicable legislation, even if he remains in the employer's service after this date. The amount of the postponed retirement benefit is an actuarial equivalent basis based on the retirement benefit payable at normal retirement age and the length of the postponement period.

During the postponement period, the employee may request the payment of his retirement benefit, in whole or in part, but only insofar as is necessary to compensate for any reduction in earnings during this period. The employee may not make such request more than once per 12-month period.

Should the employee die during the postponement period, his spouse is entitled to a pension, the value of which is equal to the value of the pension that would have been payable to the employee, had payment of the pension commenced on the day preceding the date of death.

(d) Spousal pension

Upon the death of a pensioner who had retired after December 31, 1989 or of an employee whose period of continuous service had ended after this date and who is expecting the commencement of a benefit payable pursuant to Section 24, and provided the employee's spouse has not waived the right to a 60 % pension at the time of the employee's retirement pursuant to Part I, the employee's spouse receives a lifetime pension equal to 60 % of the pension that the pensioner was receiving or was entitled to receive at the time of his death, such pension being the actuarial equivalent of the pension he would have been entitled to receive in the absence of the right conferred herein to the spouse.

Prior to the date on which pension payments begin, the employee's spouse, if any, may waive the right to such spousal pension by so notifying the Committee in writing. This waiver may be revoked by notifying the Committee in writing within the period provided for above.

(e) Payment of benefits and transfer

The provisions of 7.9 to 7.12 apply, mutatis mutandis, to the benefits provided under Section 24.

#### **SECTION 25**

These provisions correspond to the provisions of La Compagnie de Pouvoir du Bas St-Laurent Employees Pension Plan, with the required adaptations. Subject to applicable legislation, benefits payable to an employee who has left the Company prior to January 1, 1999 are based on the provisions of the Caisse de retraite des employés de La Compagnie de Pouvoir du Bas St-Laurent or La Compagnie de Pouvoir du Bas St-Laurent Employees Pension Plan, as the case may be. The provisions of this Section apply only to benefits arising from participation in La Compagnie de Pouvoir du Bas St-Laurent Employees Pension Plan.

#### **25.2** Definitions

For purposes of Section 25, the following terms mean:

Employees in active service from the participation date have ceased to accrue pension credits under the Caisse de retraite des employés de La Compagnie de Pouvoir du Bas St-Laurent, the Pension plan for employees of La Compagnie de Pouvoir du Bas St-Laurent or this Section 25.

Employees in active service on the participation date retain all their pension credits for service or participation prior to that date. These credits will be paid to them according to the provisions of this Section 25.

For purposes of this Section 25, years of service after the participation date accrued by employees as permanent or regular employees of Hydro-Québec or one of its subsidiaries count as years of services with the Company only for the purposes of establishing the right to a pension.

## 25.4 Benefits

#### (a) Normal retirement date

The normal retirement date for a male member is the first day of the month following his 65th birthday anniversary.

The normal retirement date for a female member is the first day of the month following her 60th birthday anniversary.

(b) Annual pension at normal retirement date

The annual pension of a pensioner, payable from the normal retirement date or later, is equal to 2 % of the amount of earnings used as the basis for contributions from the date such pensioner joined the Caisse de retraite des employés de La Compagnie de Pouvoir du Bas St-Laurent and until payment of such pension or, for members on the participation date, until such participation date.

#### (c) Early retirement

Any member may retire during the 10 years immediately preceding the normal retirement date. In the event of total and permanent disability, a member may retire at any time following the completion of 10 years of service. In either case, the member receives an immediate reduced pension, based on the actuarial equivalent of the pension calculated pursuant to 25.5*b*.

## (d) Death after retirement

In the event of the death of an employee before pension payments have been made for a period of 5 years, and failing his choice of an optional form of payment pursuant to the provisions of 25.5c hereinafter, the remaining payments will continue to be made to his designated beneficiaries or, failing that, to his assigns.

(e) Death prior to retirement

Subject to the provisions of 25.5a, in the event of the death of an employee prior to his retirement, his designated beneficiaries or, failing that, his assigns shall receive the contributions made by such employee, plus interest.

#### **25.5** Miscellaneous provisions

#### (a) Payment option

The member, or his designated beneficiary after death, if any, may elect to receive payments spread over a maximum of 10 years, in lieu of the lump sum payment pursuant to 25.4*e*.

(b) Termination prior to retirement

A member who terminates employment with the employer prior to being entitled to a retirement pension pursuant to the above shall receive a refund of his contributions, with interest. However, where the member has completed 10 years of service or more, he may elect to leave his contributions in the Pension Plan for Employees of La Compagnie de Pouvoir du Bas St-Laurent and receive, from his normal retirement date, the pension accrued to him from his contributions plus a percentage of or the totality of the balance of the pension accrued to him pursuant to the provisions of 25.4*b*, as per the following table:

Years of service	Percentage (%)
10 years but less than 11	25.0
11 years but less than 12	32.5
12 years but less than 13	40.0
13 years but less than 14	47.5
14 years but less than 15	55.0
15 years but less than 16	62.5
16 years but less than 17	70.0
17 years but less than 18	77.5

## (c) Optional forms of pension

Provided he retires on his normal retirement date or later, any member, prior to his retirement, may elect a form of pension payment other than the 5-year guaranteed pension set out under 25.4d; in such case, the pension payments are based on the actuarial equivalent of the pension established pursuant to such provisions. The member may select from three optional forms of payment:

Lifetime only pension: payments are made for life.

10 years guaranteed pension: payments are made to the member for life. Should the member's death occur before he has received 10 years of pension payments, the remaining payments will be made to his designated beneficiaries or, failing that, to his assigns.

Joint and survivor pension: payments are made to the member for life. After his death, partial or full payments are continued to his surviving spouse based on the choice made by the member at retirement time. Adjustment to account for the pension payable under the Old Age Security Act: the pension amount is adjusted so that the sum of the pension payable from the Pension plan for employees of La Compagnie de Pouvoir du Bas St-Laurent and the Old Age Security pension payable at the time of retirement by the federal government result in equal monthly payments to the member for life.

**25.6** This section adds to the preceding provisions of Section 25, without reducing the rights conferred by such Section 25.

(a) Normal retirement

Notwithstanding any of the above, the member is entitled to receive, from his normal retirement date, a pension at least equal to the pension resulting from his contributions, accumulated with interest.

(b) Deferred pension

Any employee who meets the following conditions at the time he leaves the service of the employer is entitled to a deferred pension at least equal to the monthly pension payable from the normal retirement age:

i. having attained age 45, but not the normal retirement age;

ii. having completed at least 10 years of continuous service.

In addition, the amount of the deferred pension must be at least equal to the pension resulting from his contributions, accumulated with interest.

(c) Early retirement

Any employee who has completed a minimum of 10 years of continuous service and whose period of continuous service ends in the 10 years immediately preceding the date on which he attains his normal retirement age is entitled to receive an early retirement pension. The early retirement pension is the actuarial equivalent of the pension payable at normal retirement age.

(d) Postponed retirement

An employee who remains in the employer's service after his normal retirement date may retire as of the first day of any month following this date. The employee's monthly retirement benefit shall then be postponed until his actual retirement date, but no later than December 1 of the year in which the employee reaches the age limit provided for in applicable legislation, even if he remains in the employer's service after this date. The amount of the postponed retirement benefit is an actuarial equivalent based on the retirement benefit payable at normal retirement age and the length of the postponement period.

During the postponement period, the employee may request the payment of his retirement benefit, in whole or in part, but only insofar as is necessary to compensate for any reduction in earnings during this period. The employee may not make such request more than once in any 12-month period.

Should the employee die during the postponement period, his spouse is entitled to a pension, the value of which is equal to the value of the pension that would have been payable to the employee, had payment of the pension commenced on the day preceding the date of death. In addition, the actual value of the spousal pension must be at least equal to the pension resulting from the member's contribution, accumulated with interest.

#### (e) Spousal pension

Upon the death of a pensioner who had retired after December 31, 1989 or of an employee whose period of continuous service had ended after this date and who is expecting the commencement of a benefit payable pursuant to Section 25, and provided the spouse has not waived the right to a 60 % pension at the time of the employee's retirement pursuant to Part I, the spouse receives a lifetime pension equal to 60 % of the pension that the pensioner was receiving or was entitled to receive at the time of his death, such pension being the actuarial equivalent of the pension he would have been entitled to receive in the absence of the right conferred herein to the spouse.

Prior to the date on which pension payments begin, the employee's spouse, if any, may waive the right to a spousal pension by so notifying the Committee in writing. This waiver may be revoked by notifying the Committee in writing within the period provided for above.

#### (f) Payment of benefits and transfer

The provisions of 7.9 to 7.12 apply, mutatis mutandis, to the benefits provided under Section 25.

## SECTION 26 CONTRIBUTIONS

The Employer shall make up any unfunded actuarial liability of Part III of the plan through one or more payments, the terms and conditions of which shall be determined by the employer, in accordance with the provisions then in force of the Hydro-Québec Act and the Supplemental Pension Plans Act.

**27.9** At any time during which the plan is not 100 % solvent, the present value of any benefits to which a member or beneficiary is entitled under the plan will be paid out in a lump sum only in proportion to the degree to which the plan is solvent.

This Section will not affect the periodic payments of a retirement or survivor benefit which has become payable.

**27.10** The present value of any benefit which cannot be paid out under the terms of 27.9 shall be funded and will be paid pursuant to the provisions of the Supplemental Pension Plans Act.

**27.11** Unless there are provisions to the contrary in any applicable act, the following shall be non-assignable and exempt from seizure:

The residual rights resulting from the payment of such benefit are established pursuant to applicable legislation.

## SECTION 28 TRANSFER AGREEMENT

Hydro-Québec may draw up an agreement with any Government, corporation, company or legal entity who has a pension plan, to facilitate the mutual transfer of their employees and to establish the conditions and terms of transfer for purposes of retirement.

A member who, following termination of his employment, exercises the provisions of this Section, shall not be entitled to any termination benefits. If any payment of benefits has been authorized, it shall be cancelled. If the member has received a refund of contributions made prior to January 1, 1966, he shall repay the reimbursed amount plus interest for the period which has elapsed since the date the refund was made and the date on which the option is exercised pursuant to this Section.

A pensioner or member, who on termination of his employment had contributions or the present value of his deferred retirement benefit reimbursed pursuant to the provisions of 7.9, may not avail himself of the provisions of this Section.

## **SECTION 29**

#### PLAN MEMBERSHIP AGREEMENT

**29.1** The plan shall also apply to companies of which Hydro-Québec holds at least 90 % of the shares and with which it has drawn up a plan membership agreement, effective as of the date on which the agreement was reached between Hydro-Québec and the said company.

**29.2** The plan membership agreement may make provisions for the transfer of the funds accumulated under pension plans of subsidiaries to the Hydro-Québec Pension Fund and for any payments from the Hydro-Québec Pension Fund of benefits already granted under such plans.

#### SECTION 30 ACQUIRED BENEFITS

This By-law does not in any way affect the rights and benefits of those receiving a retirement benefit or spousal or children's benefit as at January 1, 2000, nor of former members for whom entitlement to a deferred retirement benefit was vested as a result of their termination of employment prior to this date.

## SECTION 31 SPECIAL PROVISIONS

**31.3** If the member referred to in 31.1 is entitled to a deferred retirement benefit under an individual pension agreement issued after the wind-up or partial wind-up of the supplemental plan, in which the member participated, the said deferred retirement benefit shall be deemed a retirement benefit under a supplemental plan.

**31.4** (*a*) If a member referred to in 31.1 receives a refund of contributions prior to his retirement from a supplemental plan in which he participated, the applicable years of credited service are not to be considered until such time as the member has accumulated 10 years of contributory service.

The retirement benefit guarantee formula shall not apply during the number of years calculated by dividing A by B below:

A total amount of the refund of contributions

B annual amount of supplement resulting from the retirement benefit guarantee

If the member dies before the number of years calculated by dividing A by B above has expired, the retirement benefit guarantee formula shall not apply to the spouse or children until that period has elapsed. (b) Where the member referred to in 31.1 has received an amount representing the present value of a portion of the deferred retirement benefit, the retirement benefit guarantee formula shall not apply during the number of years calculated by dividing A by B below:

A the present value of said portion of the deferred retirement benefit

B the annual amount of supplement derived from the retirement benefit guarantee formula

If the member dies before the number of years calculated by dividing A by B above has expired, the guaranteed retirement benefit shall not apply to the spouse or children until such period has elapsed.

However, the member shall be credited with the total number of years of certified service.

Where the member receives the present value of the total deferred retirement benefit, Section 31.3 shall apply.

**31.5** In applying the retirement benefit guarantee formula to a member referred to in 31.1, January 1, 1966 as it appears in Section 18 shall be replaced by the date on which the member was placed on the Hydro-Québec payroll.

#### "CHAPTER I.2.2

TRANSITION AMOUNT IN RESPECT OF UNPAID CLAIMS RESERVE

**92.21R9.** In this chapter, "transition amount" of an insurer means the amount deducted under section 157.12 of the Act in computing the insurer's income for its taxation year that includes 23 February 1994.

**92.21R10.** For the purposes of section 92.21 of the Act and subject to section 92.21R11, the prescribed portion of an amount in respect of an insurer for a taxation year that ends after 22 February 1994 is equal to the amount determined by the formula

 $[0.05A + 0.10B + 0.15C)/365] \times D.$ 

In the formula provided for in the first paragraph,

(a) A is the total of the number of days in the taxation year that are in 1994 or 1995 and, where the taxation year includes 23 February 1994, the number of days in 1994 that are before the first day of the taxation year;

(a) for the purposes of subparagraphs a to c of the second paragraph of section 92.21R10 in respect of the subsidiary, the days that are after the day on which the subsidiary's property was distributed to its parent on the winding-up shall not be taken into consideration; and

(b) for the purposes of section 92.21 of the Act, the prescribed portion of an amount in respect of the parent for a taxation year that includes the day referred to in paragraph a is equal to the aggregate of

i. the amount that would be determined under section 92.21R10 in respect of the parent for the year if the parent's transition amount did not include the subsidiary's transition amount, and

ii. the amount that would be determined under section 92.21R10 in respect of the parent for the year if the day referred to in paragraph a and any days before that day were not taken into consideration for the purposes of subparagraphs a to c of the second paragraph of that section and the amount referred to in subparagraph d of that paragraph were equal to the subsidiary's transition amount.

**92.21R12.** Where section 832.3 or 832.9 of the Act has applied in respect of the transfer of an insurance business of an insurer, there shall be subtracted from the insurer's transition amount, for the purposes of subparagraph d of the second paragraph of section 92.21R10 in respect of a taxation year of the insurer ending after the insurer ceased to carry on all or substantially all of the business, the part of the insurer's transition amount that may reasonably be attributed to the business.

**92.21R13.** Where an insurer ceases to carry on all or substantially all of an insurance business, otherwise than as a result of an amalgamation to which section 545 of the Act applies, a winding-up to which sections 556 to 564.1 and 565.5 of the Act apply or a transfer of the business to which section 832.3 or 832.9 of the Act applies, the following rules apply:

(a) for the purposes of section 92.21 of the Act, the prescribed portion of an amount in respect of the insurer for its taxation year in which the cessation of business occurs is equal to the aggregate of the amount determined in accordance with section 92.21R10 and the amount by which the amount referred to in the second paragraph exceeds that part of the aggregate of the

amounts included under section 92.21 of the Act in computing the income of the insurer for preceding taxation years that may reasonably be considered to relate to the amount referred to in the second paragraph; and

(b) there shall be subtracted from the insurer's transition amount, for the purposes of subparagraph d of the second paragraph of section 92.21R10 in respect of the taxation year of the insurer in which the insurer ceases to carry on the business or a subsequent taxation year, the amount referred to in the second paragraph.

The amount to which the first paragraph refers is equal to the part of the insurer's transition amount that may reasonably be attributed to the insurance business referred to in that paragraph.".

**9.** (1) The Regulation is amended by inserting, after section 93.7R2, the following section:

**"96.2R1.** For the purposes of section 96.2 of the Act, prescribed energy conservation property means property included in Class 43.1 in Schedule B.".

(2) Subsection 1 has effect from 22 February 1994.

**10.** (1) The Regulation is amended by inserting, before Chapter III.1 of Title V, the following:

#### "CHAPTER III.0.1 INDEXED DEBT OBLIGATIONS

125.0.1R1. In this chapter,

"excluded payment" with respect to a taxpayer for a taxation year means, subject to the second paragraph, an indexed payment under an indexed debt obligation where

(a) the non-indexed debt obligation associated with the indexed debt obligation provides for the payment, at least annually, of interest at a single fixed rate; and

(b) the indexed payment corresponds to one of the interest payments referred to in paragraph a;

"indexed payment" means, in relation to an indexed debt obligation, an amount payable under the obligation that is determined by reference to the purchasing power of money;

"inflation adjustment period" of an indexed debt obligation means, in relation to a taxpayer, (a) where the taxpayer acquires and disposes of the taxpayer's interest in the obligation in the same regular adjustment period of the obligation, the period that begins when the taxpayer acquires the interest in the obligation and ends when the taxpayer disposes of the interest; and

(b) in any other case, each of the following consecutive periods:

i. the period that begins when the taxpayer acquires the taxpayer's interest in the obligation and ends at the end of the regular adjustment period of the obligation in which the taxpayer acquires the interest in the obligation,

ii. each succeeding regular adjustment period of the obligation throughout which the taxpayer holds the interest in the obligation, and

iii. where the taxpayer does not dispose of the interest in the obligation at the end of a regular adjustment period of the obligation, the period that begins immediately after the last period referred to in subparagraph i or ii and that ends when the taxpayer disposes of the interest in the obligation;

"regular adjustment period" of an indexed debt obligation means

(a) where the terms or conditions of the obligation provide that, while the obligation is outstanding, indexed payments are to be made at regular intervals not exceeding 12 months in length, each of the following periods:

i. the period that begins when the obligation is issued and ends when the first indexed payment is required to be made, and

ii. each succeeding period beginning when an indexed payment is required to be made and ending when the next indexed payment is required to be made;

(b) where paragraph a does not apply and the obligation is outstanding for less than 12 months, the period that begins when the obligation is issued and ends when the obligation ceases to be outstanding; and

(c) in any other case, each of the following periods:

i. the 12-month period that begins when the obligation is issued,

ii. each succeeding 12-month period throughout which the obligation is outstanding, and

iii. where the obligation ceases to be outstanding at a time other than the end of a 12-month period referred to in subparagraph i or ii, the period that commences immediately after the last period referred to in those subparagraphs and that ends when the obligation ceases to be outstanding.

For the purposes of the definition of "excluded payment" in the first paragraph, an excluded payment does not include payments under an indexed debt obligation where, at any time in the taxation year, the taxpayer's proportionate interest in a payment to be made under the obligation after that time differs from the taxpayer's proportionate interest in any other payment to be made under the obligation after that time.

**125.0.1R2.** For the purposes of this chapter, the nonindexed debt obligation associated with an indexed debt obligation is the debt obligation that would result if the indexed debt obligation were amended to eliminate all adjustments determined by reference to changes in the purchasing power of money.

**125.0.1R3.** For the purposes of paragraph a of section 125.0.1 of the Act, where, at any time in a taxation year of a taxpayer, the taxpayer holds an interest in an indexed debt obligation, the amount determined in accordance with the second paragraph is deemed to be interest received or receivable by the taxpayer in the year in respect of the obligation.

The amount to which the first paragraph refers is equal to the aggregate of

(a) the amount by which

i. the aggregate of all amounts each of which is the amount by which the amount payable in respect of the taxpayer's interest in an indexed payment under the indexed debt obligation, other than a payment that is an excluded payment with respect to the taxpayer for the year, has, because of a change in the purchasing power of money, increased over an inflation adjustment period of the indexed debt obligation that ends in the year, exceeds

C-4.1), shall apply this adjustment to its general reserve, without considering the reserve appreciation resulting from the accounting of investments in subsidiaries using equity method, provided it does not exceed 1,25 % of its assets. However, in recording such adjustment, the amount of the general allowance recorded may not exceed the available amount of the general reserve, excluding the reserve appreciation.

2. These rules are applicable for a fiscal year ending in 1999 or in 2000.

## Source Deductions of QPP Contributions Tables A and B

**IMPORTANT:** Overtime pay, retroactive pay, bonuses, premiums, etc., are considered regular remuneration if they are paid along with the employee's wages. If they are paid separately, do not use the following tables; instead, deduct 3.9% of the gross amount without taking the exemption into account.

### Regulation — Amendments

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the Regulation to amend the Regulation respecting the application of the Public Curator Act, the text of which appears below, may be made by the Government upon the expiry of 45 days following this publication.

The purpose of the draft Regulation is mainly to eliminate tariffing for services provided by the Public Curator in relation to the protection of a person and to the provisional administration of certain unclaimed property; its purpose is also to reduce the cost of other services provided by the Public Curator. The draft Regulation also proposes minor amendments concerning a lump-sum payment of a pension and the identification of an interested party that could possibly claim property transferred to the State.

The main purpose of all the amendments is to eliminate or reduce the financial obligations of persons represented and to reduce the financial obligations of other persons covered by the Act to amounts equivalent to cost price.

Further information may be obtained by contacting Luis Curras, Curateur public du Québec, 600, boulevard René-Lévesque Ouest, Montréal (Québec) H3B 4W9 by telephone at (514) 873-4074 or 1 800 363-9020 or by fax at (514) 873-5167.

Any interested person having comments to make on the matter is asked to send them in writing, before the expiry of the 45-day period, to Pierre Gabrièle, Public Curator, 600, boulevard René-Lévesque Ouest, Montréal (Québec) H3B 4W9.

Gouvernement du Québec

## **O.C. 1300-99**, 1 December 1999

An Act respecting municipal territorial organization (R.S.Q., c. O-9)

Amalgamation of Ville de Windsor and Village de Saint-Grégoire-de-Greenlay

WHEREAS each of the municipal councils of Ville de Windsor and Village de Saint-Grégoire-de-Greenlay adopted a by-law authorizing the filing of a joint application with the Government requesting that it constitute a local municipality through the amalgamation of the two municipalities under the Act respecting municipal territorial organization (R.S.Q., c. O-9);

WHEREAS a copy of the joint application was sent to the Minister of Municipal Affairs and Greater Montréal;

WHEREAS no objection to the application was made and the Minister of Municipal Affairs and Greater Montréal did not consider it advisable to request that the Commission municipale du Québec hold a public hearing or to order that the qualified voters in each of the applicant municipalities be consulted;

WHEREAS under section 108 of the aforementioned Act, it is expedient to grant the joint application;

IT IS ORDERED, therefore, upon the recommendation of the Minister of Municipal Affairs and Greater Montréal:

THAT the application be granted and that a local municipality be constituted through the amalgamation of Ville de Windsor and Village de Saint-Grégoire-de-Greenlay, on the following conditions:

1. The name of the new town is "Ville de Windsor".

2. The description of the territory of the new town is the description drawn up by the Minister of Natural Resources on 7 September 1999; that description is attached as Schedule A to this Order in Council.

3. The new town is governed by the Cities and Towns Act (R.S.Q., c. C-19).

4. The new town is part of the Municipalité régionale de comté du Val-Saint-François.

5. A provisional council shall hold office until the first general election. It shall be composed of all the members of the two councils existing at the time of the coming into force of this Order in Council. The quorum shall be half the members in office plus one. The current mayors will alternate as mayor and deputy mayor at each sitting of the provisional council. The mayor of the former Ville de Windsor will act as mayor as of the coming into force of this Order in Council.

If a seat is vacant at the time of the coming into force of this Order in Council or becomes vacant during the term of the provisional council, one additional vote shall be allotted to the mayor of the former municipality of origin of the council member whose seat has become vacant. If the vacant seat is that of the mayor, his duties shall be conferred on the councillor appointed by the councillors of the former municipality whose seat of mayor is vacant.

Throughout the term of the provisional council and until the new council decides otherwise, By-law 856 of the former Ville de Windsor, respecting the elected officers' salary, shall apply to the new town.

Throughout the term of the provisional council, the mayors shall retain the qualities required to act within the Municipalité régionale de comté du Val-Saint-François.

6. The first sitting of the provisional council shall be held at the council room of the town hall of the former Ville de Windsor.

7. The first general election shall be held on the first Sunday in the fourth month following the coming into force of this Order in Council. If that date falls on the first Sunday in January, on Easter Sunday or on 1 July, the first general election shall be postponed to the first Sunday in the next month. The second general election shall be held in 2004.

The council of the new town shall be composed of seven members, that is, a mayor and six councillors. The councillors' seats shall be numbered from 1 to 6 from the first general election. 8. For the first general election, the only persons eligible for seat 4 are the persons who would be eligible under the Act respecting elections and referendums in municipalities (R.S.Q., c. E-2.2) if such election were an election of the members of the council of the former Village de Saint-Grégoire-de-Greenlay.

9. Judith Desmeules, director general and clerk of the former Ville de Windsor, shall act as director general and clerk of the new town. Daniel Saint-Onge, treasurer and deputy clerk of the former Ville de Windsor, shall act as treasurer and deputy clerk of the new town. France Boisvert, secretary-treasurer of the former Village de Saint-Grégoire-de-Greenlay, shall act as deputy treasurer of the new town.

10. Any budget adopted by each of the former municipalities for the fiscal year during which this Order in Council comes into force shall continue to be applied by the council of the new town, and the expenditures and revenues must be accounted for separately as if those municipalities continued to exist.

Notwithstanding the foregoing, an expenditure recognized by the council as resulting from the amalgamation shall be charged to the budgets of each of the former municipalities in proportion to their standardized property value established in accordance with the Regulation respecting the equalization scheme (Order in Council 1087-92 dated 22 July 1992, amended by Orders in Council 719-94 dated 18 May 1994, 502-95 dated 12 April 1995 and 1133-97 dated 3 September 1997), as it appears in the financial statements of those former municipalities for the last fiscal year ending before this Order in Council comes into force.

The subsidy paid by the Government under the Programme d'aide financière au regroupement municipal (PAFREM) shall be reserved for economic and industrial development purposes.

11. The terms and conditions for apportioning the cost of shared services provided for in intermunicipal agreements in force before the coming into force of this Order in Council shall continue to apply until the end of the last fiscal year for which the former municipalities adopted separate budgets.

12. The working fund of the former Ville de Windsor, at the end of the last fiscal year for which the former municipalities adopted separate budgets, shall constitute the working fund of the new town. The new town shall pay into the fund an additional amount of \$25 000, which is taken from the surplus accumulated on behalf of the former Village de Saint-Grégoire-de-Greenlay; if the surplus is insufficient, the new town shall complete

the amount by imposing a special tax on the taxable immovables of the sector made up of the territory of that former municipality.

13. Any balance of the surplus accumulated on behalf of a former municipality at the end of the last fiscal year for which the former municipalities adopted separate budgets shall be used for the benefit of the ratepayers of that former municipality on behalf of which it was accumulated. It may be used for carrying out public works in the sector made up of the territory of that former municipality, for reducing taxes applicable to all the taxable immovables of that sector.

The amounts reserved from that surplus by a resolution of the council for specific purposes shall be used for provided purposes unless the council of the new town decides to use them in whole or in part for other purposes, for the benefit of the former municipality on behalf of which such reserved amounts were accumulated, in accordance with the provisions of the first paragraph.

14. Any deficit accumulated on behalf of a former municipality at the end of the last fiscal year for which the former municipalities adopted separate budgets will continue to be charged to all the taxable immovables in the sector made up of the territory of that former municipality.

15. The annual repayment of instalments in principal and interest of all loans made under by-laws adopted by a former municipality shall remain charged to the sector made up of the territory of the former municipality that made the loans, in accordance with the taxation clauses of those by-laws. If the council of the new town decides to amend the taxation clauses of those by-laws in accordance with law, those amendments may affect only the taxable immovables in the sector made up of the territory of that former municipality.

16. For the first complete fiscal year following the coming into force of this Order in Council, the business tax for the sector made up of the territory of the former Village de Saint-Grégoire-de-Greenlay with respect to a business establishment existing on that date shall be imposed at the rate of \$1 per \$100 of rental value. For the second fiscal year, that rate shall be \$3 per \$100 of rental value; for the third, it shall also be \$3; for the fourth, it shall be \$4 and for the fifth, it shall be \$5.50.

For the first five complete fiscal years following the coming into force of this Order in Council, the business tax rate for the sector made up of the territory of the former Ville de Windsor and for new business establishments located on the territory of the new town shall be \$5.50 per \$100 of rental value.

17. Any debt or gain that may result from legal proceedings, for an act performed by a former municipality, shall be charged or credited to all the taxable immovables in the sector made up of the territory of that former municipality.

18. All the movable and immovable property belonging to each of the former municipalities shall become the property of the new town.

19. The second sentence of the second paragraph and the third and fourth paragraphs of section 126, the second paragraph of section 127, sections 128 to 133, the second and third paragraphs of section 134 and sections 135 to 137 of the Act respecting land use planning and development (R.S.Q., c. A-19.1) do not apply to a by-law adopted by the new town in order to replace all the zoning and subdivision by-laws applicable on its territory by, respectively, a new zoning by-law and a new subdivision by-law applicable to the whole territory of the new town, provided that such a by-law comes into force within five years of the coming into force of this Order in Council.

16. The subsidy paid to the new municipality under the Programme d'aide financière au regroupement municipal (PAFREM) shall be used as a priority to purchase material and equipment and to carry out works necessary for fire fighting. Notwithstanding the foregoing, all or part of that subsidy may be used for any other purpose deemed urgent and necessary by a vote of the absolute majority of the council members of the new municipality.

17. Any deficit accumulated on behalf of a former municipality at the end of the last fiscal year for which the former municipalities adopted separate budgets shall remain charged to all the taxable immovables of the sector made up of the territory of that former municipality.

18. The annual repayment of the instalments in principal and interest on the loan made under by-law No. 23 of the former Village de Grandes-Bergeronnes (construction of the water supply and sewer system) shall become charged to all the users of the water and sewer system of the new municipality; those instalments shall be paid by means of a tariff of compensation to be fixed annually by the council of the new municipality.

The taxation clause in by-law No. 23 shall be amended accordingly. The new municipality may amend the bylaw in accordance with law if it carries out work to extend the system.

19. The annual repayment of the instalments in principal and interest on loan by-law No. 63 of the former Village de Grandes-Bergeronnes (repair of the damwater reservoir of Lac à Pit) shall become charged to all the taxable immovables of the new municipality which are linked to the water system on the basis of their value at it appears on the assessment roll in force each year.

The taxation clause in by-law No. 63 shall be amended accordingly. The new municipality may amend the bylaw in accordance with law if it carries out work to extend the system.

20. The annual repayment of the instalments in principal and interest on all the loans made under by-laws adopted by a former municipality before the coming into force of this Order in Council and not covered by sections 18 and 19 shall remain charged to the sector made up of the territory of the former municipality that contracted them, in accordance with the taxation clauses in those by-laws.

If the new municipality decides to amend the taxation clauses in those by-laws in accordance with law, such amendments may only affect the taxable immovables located in the sector made up of the territory of that former municipality.

21. Any available balance resulting from a loan bylaw shall be used to pay the annual instalments in principal and interest on that loan or, if the securities were issued for a term shorter than the term originally fixed, to reduce the balance of that loan.

If the available balances are used to pay the annual instalments on the loans, the rate of the tax imposed to pay the said instalments shall be reduced so that the revenues from the tax be equivalent to the remaining balance, less the available balance used.

22. Any debt or gain that may result from legal proceedings as well as the expenses incurred for those

proceedings in respect of an act performed by a former municipality shall remain charged to or used for the benefit of all the taxable immovables in the sector made up of the territory of that former municipality.

23. A municipal housing bureau is incorporated under the name of "Office municipal d'habitation de la Municipalité des Bergeronnes".

That municipal bureau shall succeed to the municipal housing bureau of the former Village de Grandes-Bergeronnes, which is dissolved. The third and fourth paragraphs of section 58 of the Act respecting the Société d'habitation du Québec (R.S.Q., c. S-8), amended by section 273 of Chapter 40 of the Statutes of 1999, apply to the municipal housing bureau of the new Municipalité de Bergeronnes as if it had been incorporated by letters patent under section 57 of that Act, also amended by that section 273.

The members of the bureau shall be the members of the municipal housing bureau of the former Village de Grandes-Bergeronnes.

24. The second sentence of the second paragraph and the third and fourth paragraphs of section 126, the second paragraph of section 127, sections 128 to 133, the second and third paragraphs of section 134 and sections 135 to 137 of the Act respecting land use planning and development (R.S.Q., c. A-19.1) do not apply to a by-law adopted by the new municipality in order to replace all the zoning and subdivision by-laws applicable on its territory by, respectively, a new zoning by-law and a new subdivision by-law applicable to the whole territory of the municipality, provided that such a by-law comes into force within two years of the coming into force of this Order in Council.

Such a by-law must be approved, in accordance with the Act respecting elections and referendums in municipalities, by the qualified voters of the whole territory of the new municipality.

25. All the movable and immovable property belonging to each of the former municipalities shall become the property of the municipality.

26. This Order in Council comes into force on the date of its publication in the *Gazette officielle du Québec*.

The members of the provisional council shall receive the same remuneration as the council members of the former Village de Saint-André-Est were receiving at the time of the coming into force of this Order in Council.

10. Any budget adopted by one of the former municipalities for the fiscal year during which this Order in Council comes into force shall continue to be applied by the council of the new municipality, and the expenditures and revenues shall be accounted for separately as if those municipalities had continued to exist. Notwithstanding the foregoing, an expenditure recognized by the council as resulting from the amalgamation shall be charged to the budget of each of the former municipalities in proportion to their standardized property values, established in accordance with the Regulation respecting the equalization scheme (Order in Council 1087-92 dated 22 July 1992, amended by Orders in Council 719-94 dated 18 May 1994, 502-95 dated 12 April 1995 and 1133-97 dated 3 September 1997), as appearing in the financial statements for those municipalities for the last fiscal year ended before the coming into force of this Order in Council.

11. If section 10 applies, the portion of the subsidy granted under the Programme d'aide financière au regroupement municipal (PAFREM) for the first year following the coming into force of this Order in Council, less the expenditures recognized by the council as resulting from the amalgamation and directly funded by that portion of the subsidy, shall constitute a reserve to be paid into the general fund of the new municipality for the first fiscal year in which the new municipality does not apply separate budgets.

13. The working fund of the new municipality is made up of the working fund of each of the former municipalities as they exist at the end of the last fiscal year for which the former municipalities adopted separate budgets.

The moneys borrowed from the working fund of each of the former municipalities shall be repaid out of the general fund of the new municipality.

Should the accumulated surplus of a specific municipality not cover that amount, the new municipality shall complete it by imposing a special tax on the sector formed of the territory of the former municipality, based on the value of the taxable immovables entered on the assessment roll in force.

15. Any balance in the accumulated surplus of a former municipality, after the transactions provided for in section 14 have been carried out, shall be used by the new municipality for the benefit of the ratepayers of the sector formed of the territory of the former municipality, on the following terms and conditions:

The taxation clauses provided for in that by-law shall be amended accordingly.

18. The annual repayment of the principal and interest of all the loans taken out under by-laws adopted by a former municipality before the coming into force of this Order in Council and not referred to in section 17 shall continue to be charged to the sector formed of the territory of that former municipality, in accordance with the taxation clauses provided for in those by-laws. If the new municipality decides to amend the taxation clauses provided for in those by-laws in accordance with the law, such amendments shall affect only the taxable immovables of the sector formed of the territory of the former municipality.

19. Any debt or gain that may result from legal proceedings for any act performed by a former municipality shall continue to be charged or credited to all the taxable immovables of the sector formed of the territory of that former municipality.

20. The second sentence of the second paragraph and the third and fourth paragraphs of section 126, the second paragraph of section 127, sections 128 to 133, the second and third paragraphs of section 134 and sections 135 to 137 of the Act respecting land use planning and development (R.S.Q., c. At the end of the fourth fiscal period, any reserve balance shall be transferred to the general fund of the new municipality.

22. Any amount received as a subsidy under the PAFREM shall be apportioned as follows:

-65 % shall be paid into the reserve constituted under section 21; and

— 35 % shall be paid into the general fund of the new municipality.

23. For the first four full fiscal periods following the coming into force of this Order in Council, a tax credit shall be granted to all the taxable immovables of the sector formed of the territory of the former Paroisse de Saint-André-d'Argenteuil as follows:

The members of the municipal housing bureau of the former Village de Saint-André-Est shall be the members of the new bureau.

25. In accordance with the Order in Council respecting the amendment to the agreement respecting the Cour municipale commune de la Ville de Lachute, to be adopted under the Act respecting municipal courts (R.S.Q., c. IT IS ORDERED, therefore, upon the recommendation of the Minister of Municipal Affairs and Greater Montréal:

THAT the application be granted and that a local municipality be constituted through the amalgamation of Ville de Richmond and Village de Melbourne, on the following conditions: 1. The name of the new town shall be "Ville de Richmond". However, the council of the new town must request the Commission de la toponymie du Québec to give the geographic name "Melbourne" to the sector made up of the territory of the former Village de Melbourne.

2. The description of the territory of the new town shall be the description drawn up by the Minister of Natural Resources on 28 September 1999; that description is attached as Schedule A to this Order in Council.

The amount of the fund that is not committed on that date shall be added to the surplus accumulated on behalf of that former town and dealt with in accordance with the provisions of section 15.

The council of the new town shall impose and levy, over a six-year period, as of the first fiscal year following the coming into force of this Order in Council, a special property tax on all the taxable immovables in the sector made up of the territory of the former Village de Melbourne for a total annual amount of \$3 557. The proceeds of the tax serve as a contribution to the works carried out at the arena (paving stone and cooling system repairs), and is used for the benefit of the ratepayers of the former Ville de Richmond in accordance with section 15.

15. Subject to section 19, any surplus accumulated on behalf of a former municipality at the end of the last

fiscal year for which the former municipalities adopted separate budgets shall be used for the benefit of the ratepayers of the former municipality on whose behalf it was accumulated. It may be used for carrying out public works in the sector made up of the territory of that former municipality, reducing the taxes applicable to all the immovables in that sector or repaying debts charged to the whole sector.

16. Any deficit accumulated on behalf of a former municipality at the end of the last fiscal year for which the former municipalities adopted separate budgets will remain charged to all the taxable immovables in the sector made up of the territory of that former municipality.

17. The annual repayment of the instalments in principal and interest of all loans made under the by-laws adopted by a former municipality before the coming into force of this Order in Council, which was charged to a sector on the territory of that former municipality, shall remain charged to that sector, in accordance with the taxation clauses provided for in those by-laws.

18. The annual repayment of the instalments of the loan made under by-law 305 of the former Ville de Richmond shall be charged to all the users of the waterworks system of the new town and it shall be paid by means of a compensation rate that the council shall fix annually. The taxation clause provided for in that by-law shall be amended accordingly. The council may amend the by-law in accordance with the law if it orders works to extend the waterworks system.

19. The aliquot share payable to the Société québécoise d'assainissement des eaux by the former Ville de Richmond under the agreement signed on 14 May 1984 shall become, in a proportion of 95.3 %, charged to all the taxable immovables in the sector made up of the territory of that former town and, in a proportion of 4.7 %, charged to all the taxable immovables in the sector made up of the territory of the territory of the former Village de Melbourne; that amount shall be taken out of the surplus accumulated on behalf of that former municipalities adopted separate budgets and shall be paid into the surplus accumulated on behalf of the former Ville de Richmond.

The aliquot share payable to the Société québécoise d'assainissement des eaux by the former Village de Melbourne under the agreement signed on 13 April 1993 shall become charged to all the taxable immovables in the sector made up of the territory of that former municipality served by the sewer system. 20. The annual repayment of the instalments in principal and interest of all loans made under the by-laws adopted by a former municipality before the coming into force of this Order in Council, and not referred to in sections 17 and 18, shall remain charged to the sector made up of the territory of the former municipality that made them, in accordance with the taxation clauses provided for in those by-laws. If the new town decides to amend the clauses in accordance with the law, those amendments may affect only the taxable immovables in the sector made up of the territory of that former municipality.

21. The available balance of loan by-law 536 of the former Ville de Richmond shall be used for paying the annual instalments in principal and interest of that loan or, if the securities were issued for a term shorter than that originally fixed, for reducing the balance of that loan.

If the available balance is used for paying annual instalments of the loan, the rate of the special tax imposed to pay the instalments shall be reduced so that the revenues of the tax be equal to the balance to be paid, less the available balance used.

22. If the contribution required under the Act to establish the special local activities financing fund (R.S.Q., c. F-4.01) is renewed for the year 2000, the amounts that the new town must pay to the Government shall remain charged to the sectors made up of the territory of each former municipality in the same proportions as before the amalgamation.

23. The business tax rate of the new town will be standardized over a six-year period. Thus, the rate in force for the year 1999 on the territory of the former Ville de Richmond will be applied progressively in the sector made up of the territory of the former Village de Melbourne at the rate of one-sixth of the rate for the first year following the coming into force of this Order in Council and at a rate of an additional one-sixth per subsequent year up to 100 % of the rate for the sixth year.

The new town is autorized to deposit a new roll of rental values for the sector made up of the territory of the former Village de Melbourne.

municipalities in proportion to their standardized property value within the meaning of section 261.1 of the Act respecting municipal taxation (R.S.Q., c. F-2.1), amended by section 133 of Chapter 40 of the Statutes of 1999, on the date of the deposit of the last three-year roll or on the anniversary date of that deposit.

25. Any debt or gain that may result from legal proceedings, for an act performed by a former municipality, shall remain charged or credited to all the taxable immovables in the sector made up of the territory of that former municipality.

26. The second sentence of the second paragraph and the third and fourth paragraphs of section 126, the second paragraph of section 127, sections 128 to 133, the second and third paragraphs of section 134 and sections 135 to 137 of the Act respecting land use planning and development (R.S.Q., c. A-19.1) do not apply to a by-law adopted by the new town in order to replace all the zoning and subdivision by-laws applicable on its territory by, respectively, a new zoning by-law and a new subdivision by-law applicable to the whole territory of the new town, provided that such a by-law comes into force within four years of the coming into force of this Order in Council.

Such a by-law must be approved, in accordance with the Act respecting elections and referendums in municipalities, by the qualified voters of the whole territory of the new town.

27. It may be used for carrying out public works in that sector, for reducing taxes applicable to all the taxable immovables in that sector or for repaying debts charged to all that sector.

For a 15-year period, the annual operating, maintenance and improvement expenses for the buildings referred to in Schedule C shall remain charged to the sector made up of the territory of the former Ville de Richmond and the receipts related to their operation shall be for the benefit of that sector.

29. This Regulation comes into force on the date of its publication in the *Gazette officielle du Québec*.

### **O.C. 1410-99**, 15 December 1999

An Act respecting municipal territorial organization (R.S.Q., c. O-9)

Amalgamation of Ville de L'Islet, Municipalité de L'Islet-sur-Mer and Paroisse de Saint-Eugène

WHEREAS each of the municipal councils of Ville de L'Islet, Municipalité de L'Islet-sur-Mer and Paroisse de Saint-Eugène adopted a by-law authorizing the filing of a joint application with the Government requesting that it constitute a local municipality through the amalgamation of the three municipalities under the Act respecting municipal territorial organization (R.S.Q., c. O-9);

WHEREAS a copy of the joint application was sent to the Minister of Municipal Affairs and Greater Montréal; WHEREAS no objection to the application was made and the Minister of Municipal Affairs and Greater Montréal did not consider it advisable to request that the Commission municipale du Québec hold a public hearing or to order that the qualified voters in each of the applicant municipalities be consulted;

WHEREAS under section 108 of the aforementioned Act it is expedient to grant the joint application;

IT IS ORDERED, therefore, upon the recommendation of the Minister of Municipal Affairs and Greater Montréal:

THAT the application be granted and that a local municipality resulting from the amalgamation of Ville de L'Islet, Municipalité de L'Islet-sur-Mer and Paroisse de Saint-Eugène be constituted, on the following conditions:

1. The name of the new municipality shall be "Municipalité de L'Islet-sur-Mer-Saint-Eugène-L'Islet".

Within two years of the coming into force of this Order in Council, the new municipality shall consult its qualified voters on the name of the new municipality. If necessary as a result of that consultation, the council shall apply for a change of name in accordance with the Act respecting municipal territorial organization (R.S.Q., c. O-9).

The council of the new municipality shall request the Commission de toponymie du Québec to assign the place-names "L'Islet-sur-Mer", "Saint-Eugène" and "L'Islet" to the respective sector made up of the territory of the former municipality that bore that name.

2. The description of the territory of the new municipality shall be the description drawn up by the Minister of Natural Resources on 19 July 1999; that description is attached as a Schedule to this Order in Council.

3. The new municipality shall be governed by the Municipal Code of Québec (R.S.Q., c. C-27.1).

4. The new municipality shall be part of Municipalité régionale de comté de L'Islet.

A provisional council shall hold office until the first general election. It shall be composed of all the members of the councils that exist at the time of the coming into force of this Order in Council. The quorum shall be one-half the members in office plus one. The mayors of the former Municipalité de L'Islet-sur-Mer, the former Paroisse de Saint-Eugène and the former Ville de L'Islet shall alternate as mayor of the provisional council for three equal periods. The mayor of the former Municipalité de L'Islet-sur-Mer shall act as mayor of the new municipality for the first period, the mayor of the former Ville de L'Islet for the second period and the mayor of the former Paroisse de Saint-Eugène for the third period.

If a seat is vacant at the time of the coming into force of this Order in Council or becomes vacant during the term of the provisional council, one additional vote shall be allotted to the mayor of the former municipality of origin of the council member whose seat has become vacant.

Throughout the term of the provisional council, the elected municipal officers shall continue to receive the same remuneration as they were receiving prior to the coming into force of this Order in Council.

The mayor of the former Municipalité de L'Islet-sur-Mer, the mayor of the former Paroisse de Saint-Eugène and the mayor of the former Ville de L'Islet shall continue to sit on the council of Municipalité régionale de comté de L'Islet until the mayor elected in the first general election begins his term and they shall have the same number of votes as they had before the coming into force of this Order in Council.

6. The first sitting of the provisional council shall be held at the town hall in the territory of the former Paroisse de Saint-Eugène.

7. The first general election shall be held on the first Sunday of the fourth month following the coming into force of this Order in Council. Should that date fall on the first Sunday in January, the first general election shall be postponed to the first Sunday in February.

The second general election shall be held on the first Sunday in November 2003.

The council of the new municipality shall be composed of seven members, that is, a mayor and six councillors. From the first general election, the councillors' seats shall be numbered from 1 to 6.

8. For the first two general elections, only those persons who would be eligible under the Act respecting elections and referendums in municipalities (R.S.Q., c. E-2.2) if such election were an election of the council members of the former Paroisse de Saint-Eugène shall be eligible for seats 1 and 4 and only those persons who would be eligible under that Act if such election were an election of the council members of the former Ville de L'Islet shall be eligible for seat 3. Only those persons who would be eligible under the Act respecting elections and referendums in municipalities if such election were an election of the council members of the former Municipalité de L'Islet-sur-Mer shall be eligible for seats 2 and 5, except for those persons who, on the date of the publication of the election notice, have been residing, continuously or not, along Chemin des Morin and Chemin des Belles Amours for at least 12 months.

And only those persons who would be eligible under the Act respecting elections and referendums in municipalities if such election were an election of the council members of the former Ville de L'Islet as well as those persons who, on the date of the publication of the election notice, have been residing, continuously or not, along Chemin des Morin and Chemin des Belles Amours for at least 12 months, shall be eligible for seat 6.

9. Colette Lord, secretary-treasurer of the former Municipalité de L'Islet-sur-Mer, shall act as the first secretary-treasurer of the new municipality.

That appointment shall remain in effect until the council formed by the persons elected in the first general election appoints someone to that position, which appointment shall be made within six months of the first general election.

10. Any budget adopted by one of the former municipalities for the fiscal year during which this Order in Council comes into force shall continue to be applied by the council of the new municipality and the expenditures and revenues shall be accounted for separately as if those municipalities continued to exist.

Notwithstanding the foregoing, an expenditure recognized by the council as resulting from the amalgamation shall be charged to the budget of each former municipality in proportion to their standardized property value (1999, c. 40), established in accordance with the Regulation respecting the equalization scheme (Order in Council 1087-92 dated 22 July 1992, amended by Orders in Council 719-94 dated 18 May 1994, 502-95 dated 12 April 1995 and 1133-97 dated 3 September 1997), as it appears in their financial statements for the last fiscal year ending before this Order in Council comes into force.

11. The subsidy granted under the Programme d'aide financière au regroupement municipal (PAFREM) shall be used as follows:

— an amount of \$150 000 shall be reserved for municipal economic and development purposes; — an amount of \$150 000 shall be reserved for the "Les Eaux Vives du Québec" program in connection with the water research and supply proposal submitted by the former Ville de L'Islet and shall be considered a municipal contribution for the purposes of the administration of that program. Should that reserved amount not be exhausted at the end of the program, the balance shall be paid into the general fund of the new municipality;

— an amount of \$50 000 shall be reserved to pay for any required employee training or severance pay. Should the amount reserved for that purpose not be exhausted within two years of the coming into force of this Order in Council, the balance shall be paid into the general fund of the new municipality;

— any remaining balance in the subsidy shall be paid into the general fund of the new municipality.

12. The terms and conditions for apportioning the cost of shared services provided for in intermunicipal agreements in effect prior to the coming into force of this Order in Council shall continue to apply until the end of the last fiscal year for which the former municipalities adopted separate budgets.

13. The working fund of the former Municipalité de L'Islet-sur-Mer, the former Paroisse de Saint-Eugène and the former Ville de L'Islet shall be dissolved at the end of the last fiscal year for which the former municipalities adopted separate budgets. Any uncommitted amount remaining at that date shall be added to the surplus accumulated on behalf of the former municipality that constituted the fund and shall be dealt with in accordance with the provisions of section 14.

14. An amount of \$15 000 shall be taken from the surplus accumulated on behalf of each former municipality in order to pay an amount of \$45 000 into the general fund of the new municipality. Six months after the coming into force of this Order in Council, that amount shall be used for the benefit of the sectors made up of each territory of the three former municipalities, apportioning \$15 000 for each sector. It shall be used for carrying out public works, reducing taxes applicable to all the taxable immovables of that sector or repaying debts charged to that sector.

Any remaining surplus accumulated on behalf of a former municipality at the end of the last fiscal year for which the former municipalities adopted separate budgets shall be used for the benefit of the ratepayers in the sector made up of the territory of that former municipality. It may be used for the same purposes as those set out in the first paragraph. 15. Any deficit accumulated on behalf of a former municipality at the end of the last fiscal year for which it adopted a separate budget shall continue to be charged to all the taxable immovables in the sector made up of the territory of that former municipality.

16. The annual payment of instalments in principal and interest on the loan contracted under By-law 182 of the former Ville de L'Islet shall be charged to all the taxable immovables located on the territory of the new municipality. A special tax shall therefore be imposed and levied on all the taxable immovables of the new municipality on the basis of their value as it appears on the assessment roll in effect each year.

The taxation clauses in that by-law shall be amended accordingly.

17. The annual payment of instalments in principal and interest on the loan contracted under by-laws 53 and 109 of the former Ville de L'Islet shall be charged to all the users of the waterworks of the new municipality and shall be paid by means of a compensation rate to be fixed annually by the council of the new municipality.

The taxation clauses under by-laws 53 and 109 shall be amended accordingly. The new municipality may amend those by-laws in accordance with the Act should it carry out work to expand the waterworks.

18. The annual payment of instalments in principal and interest on all the loans contracted under by-laws adopted by a former municipality before the coming into force of this Order in Council, and not referred to in sections 16 and 17, shall continue to be charged to the sector made up of the territory of the former municipality that contracted them in accordance with the taxation clauses under those by-laws. Should the new municipality decide to amend the taxation clauses of those bylaws in accordance with the Act, the amendments may apply only to the taxable immovables located in the sector made up of the territory of the former municipality in question.

19. Any available balance from the loan by-laws shall be used to pay the annual instalments in capital and interest on those loans or, if the securities were issued for a shorter term than the term originally fixed, it shall be used to reduce the balance of the loans.

Where the available balance is used to pay the annual instalments on the loans, the rate of the tax imposed for the payment of those instalments shall be reduced in such a manner that the revenue from the tax equals the balance payable, minus the available balance used. 20. Any debt or gain that may result from legal proceedings for an act performed by a former municipality shall continue to be charged or credited to the taxable immovables in the sector made up of the territory of that former municipality.

21. The second sentence of the second paragraph and the third and fourth paragraphs of section 126, the second paragraph of section 127, sections 128 to 133, the second and third paragraphs of section 134 and sections 135 to 137 of the Act respecting land use planning and development (R.S.Q., c. A-19.1) do not apply to a by-law adopted by the new municipality to replace all the zoning and subdivision by-laws applicable on its territory by, respectively, a new zoning by-law and a new subdivision by-law applicable to all the territory of the new municipality, provided that such a by-law comes into force within four years following the coming into force of this Order in Council.

Such a by-law shall be approved by the qualified voters of the whole territory of the new municipality, in accordance with the Act respecting elections and referendums in municipalities.

22. A municipal housing bureau shall be incorporated under the name of "Office municipal d'habitation de la Municipalité de L'Islet-sur-Mer-Saint-Eugène-L'Islet".

That municipal housing bureau shall succeed the municipal housing bureaus of the former Municipalité de L'Islet-sur-Mer, the former Paroisse de Saint-Eugène and the former Ville de L'Islet, which are dissolved. The third and fourth paragraphs of section 58 of the Act respecting the Société d'habitation du Québec (R.S.Q., c. S-8), amended by section 273 of chapter 40 of the Statutes of 1999, apply to the municipal housing bureau of the new Municipalité de L'Islet-sur-Mer-Saint-Eugène-L'Islet as if it had been incorporated by letters patent under section 57 of that Act, also amended by the said section 273.

The members of the housing bureau shall be the members of the municipal housing bureaus of the former Municipalité de L'Islet-sur-Mer, the former Paroisse de Saint-Eugène and the former Ville de L'Islet. However, from the first general election in the new municipality, the number of members shall be reduced to seven and shall be appointed as follows: three representatives appointed by the municipal council, two representatives appointed by the tenants, and two representatives appointed by the minister responsible for the Société d'habitation du Québec from among socieconomic groups. 23. In accordance with the Order in Council concerning the amendment to the agreement respecting the Cour municipale de la Municipalité régionale de comté de L'Islet, which is to be made under the Act respecting municipal courts (R.S.Q., c. C-72.01), the Cour municipale de la MRC de L'Islet shall have jurisdiction over the territory of the new municipality.

24. All the movable and immovable property belonging to the former municipalities shall become the property of the new municipality.

25. For the first eight full fiscal years following the coming into force of this Order in Council, the revenues from the operation of Camping Rocher Panet, which was owned by the former Municipalité de L'Islet-sur-Mer, shall be used to pay the operating expenses and capital costs of the campground. Should Camping Rocher Panet be sold during this period, the revenue from the sale shall be used for the benefit of the ratepayers in the sector made up of the territory of that former municipality in accordance with the first paragraph of section 14.

Should the hereafter described parcels of land belonging to the former Municipalité de L'Islet-sur-Mer be sold during the first eight full fiscal years following the coming into force of this Order in Council, the revenue from the sale shall be used for the benefit of the ratepayers in the sector made up of the territory of that former municipality in accordance with the first paragraph of section 14:

— parcel of land on Route du quai: parcel of land known and designated as a part of Lot 157 in the plan and book of reference for the official cadastre of Paroisse de L'Islet as described in the deeds of sale registered on 9 July 1990 under numbers 139150 and 139151 at the registry office of L'Islet registration division — file number 1421-82-0287 on the assessment roll in effect on 27 May 1999;

— the Collège Saint-François-Xavier parcel of land: parcel of land known and designated as a part of lots 241 and 243 in the plan and book of reference for the official cadastre of Paroisse de L'Islet as described in the deeds of sale registered under numbers 100187 and 148073 at the registry office of L'Islet registration division, except and excluding the 10 000-square-foot parcel of land on which a pumping station has been erected.

26. For the first eight full fiscal years following the coming into force of this Order in Council, the revenue from the industrial building located at 181-185, 3° Avenue, which was owned by the former Ville de L'Islet, shall be used primarily to pay for the maintenance of and improvements to that building. Should the building be sold during that period, the revenue from the sale shall be used for the benefit of the ratepayers in the sector made up of the territory of that former municipality in accordance with section 14.
