Draft Regulation

An Act respecting the conservation and development of wildlife
(R.S.Q., c. C-61.1)

Wildlife habitats — Amendments

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the Regulation to amend the Regulation respecting wildlife habitats, the text of which appears below, may be made by the Government upon the expiry of 60 days following this publication.

The purpose of the Regulation is to ensure that maintenance and repair work on future wildlife development projects will not be subject to authorization under the Regulation respecting wildlife habitats, if they meet the conditions provided for in the initial authorization.

That amendment is necessary because of the proposed amendment to the Regulation respecting environmental impact assessment and review, the purpose of which is to exempt certain wildlife development projects from the procedure for environmental impact assessment and review provided for in Division IV.1 of the Environment Quality Act; as a result of that exemption, the wildlife development projects will be subject to the Regulation respecting wildlife habitats and it appears necessary to exempt maintenance and repair work on wildlife development projects from the application of that Regulation.

Further information may be obtained by contacting Mrs. Nicole Perreault, Direction de la faune et des habitats, ministère de l'Environnement et de la Faune, 150, boulevard René-Lévesque Est, boîte 92, Québec (Québec), G1R 4Y7; tel.: (418) 646-4330; fax: (418) 646-6863.

Any person having comments to make on the draft of the Regulation to amend the Regulation respecting wild-

life habitats is asked to send them in writing, before the expiry of the 60-day period, to the Minister of the Environment and Wildlife, Édifice Marie-Guyart, 30^e étage, 675, boulevard René-Lévesque Est, Québec (Québec), G1R 5V7.

DAVID CLICHE,
Minister of the Environment and Wildlife
