Personalized rates

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that upon the expiry of 45 days following the publication of this notice, the Regulation amending the Regulation respecting personalized rates will be adopted by the Commission de la santé et de la sécurité du travail, with or without amendments.

The Regulation respecting personalized rates is intended to adjust the assessment of employers on the basis of their own experience in respect of employment injuries in order to promote prevention amongst them.

The reform for the year 1998 of the units of classification concerning construction works will have as its consequence that employers who previously were classified under just one unit, will be classified under several units.

The amendments proposed in the Regulation respecting personalized rates are essentially intended to ensure the continuity of the assessment personalization process of employers in these situations.

Any interested person having comments to make on the matter is asked to send them in writing, before the

expiry of the 45 day period, to Mr. Roland Longchamps, Vice-chairman Finance, Commission de la santé et de la sécurité du travail, 524, rue Bourdages, Québec (Québec), G1K 7E2.
