**An Act respecting prescription drug insurance and amending various legislative provisions (1996, c. 32)**

LIST OF MEDICATIONS  
1 July 1997

**Amendment number 4**

1. The List of Medications of 1 July 1997, drawn up by the Minister of Health and Social Services pursuant to the Act respecting prescription drug insurance and amending various legislative provisions (1996, c. 32), published in Part 2 of the *Gazette officielle du Québec* of 25 June 1997 and amended by Amendment Number 1 published in Part 2 of the *Gazette officielle du Québec* of 2 July 1997, by Amendment Number 2 published in Part 2 of the *Gazette officielle du Québec* of 30 July 1997 and by Amendment Number 3 published in Part 2 of the *Gazette officielle du Québec* of 1 October 1997, is further amended, in Appendix I, by striking out the line “Janssen Janssen Pharmaceutica Inc. 5 %”.

2. The List is amended in Appendix II:

(1) by striking out the paragraph entitled “DRUG TRADING COMPANY LIMITED”;

(2) by replacing “McMAHON ESSAIM INC.” by “McMAHON DISTRIBUTEUR PHARMACEUTIQUE INC.” wherever it occurs in the paragraph entitled “McMAHON ESSAIM INC.”.

3. The List is amended in Appendix III:

(1) by inserting the following after the line “Berlex Betaseron Inj. Pd. 9.6 M IU 15 x 3 mL”:

“Roche Cellcept Tab. 250 mg 300 capsules  
JCP Copaxone S.C. Inj. Pd. 20 mg 32 vials”;

(2) by striking out the line “Ortho Bio Expres Inj. Sol. 20 000 IU/mL 10 x 1mL”;

(3) by striking out the line “Roche Nutropin Inj. Pd. 5 mg 2 vials”;

(4) by striking out the line “Roche Protropin Inj. Pd. 5 mg 10 vials”;

(5) by replacing, in the line “Roche Protropin Inj. Pd. 10 mg 10 vials”, “10 vials” by “2 vials”.

4. The List is amended in Appendix IV:

(1) by striking out paragraph 3;

(2) by inserting the following subparagraph after subparagraph *b* of paragraph 11:

“(c) as a phosphate binder in persons suffering from severe renal failure and unable to take tablets;”;

(3) by inserting the following after paragraph 24:

“(24.1) DOLASETRON MESYLATE, tab.:

(a) during the first day of a highly emetic chemotherapy or radiotherapy treatment;

(b) during chemotherapy or radiotherapy undergone by persons for whom the conventional antiemetic therapy is ineffective or poorly tolerated;”;

(4) by substituting the following for paragraph 30:

“(30) FAMCICLOVIR:

(a) in immunocompetent persons:

for early treatment of zona, that is, within 48 to 72 hours following the appearance of lesions;

for curative treatment of severe infectious episodes of recurrent genital herpes;

for suppressive treatment of recurrent genital herpes, that is, 6 episodes or more per year;

(b) in immunocompromised persons, for curative and preventive treatment of severe herpes virus infections where acyclovir is ineffective or poorly tolerated;”;

(5) by substituting the number “12” for the number “9” in subparagraph *a* of paragraph 34;

(6) by striking out “maximum initial duration of authorization: 3 months” in subparagraph *b* of paragraph 34;

(7) by substituting “The results of re-exposure to milk must be supplied in order for use to continue;” for that which follows the word “problems” in subparagraph *c* of paragraph 34;

(8) by striking out “maximum initial duration of authorization: 3 months” in paragraphs 35 and 41;

(9) by striking out “maximum initial duration of authorization: 3 months” in paragraphs 38, 39 and 40;

(10) by substituting the following for paragraph 42:

“(42) GANCICLOVIR, caps.:

(a) for maintenance treatment of cytomegalovirus (CMV) retinitis in immunocompromised persons;

(b) for prevention of cytomegalovirus infections in persons having undergone a liver transplant;”;

(11) by inserting the following after paragraph 42:

“(42.1) GLATIRAMER ACETATE:

for treatment of persons suffering from cyclic remitting multiple sclerosis who are capable of walking, even if they require assistance, and who have had 2 or more episodes of the disease within the last 2 years.

The physician must provide, at the beginning of treatment and with each subsequent request, the following information: number of episodes per year, result on EDSS scale, and adjuvant treatments.

The maximum initial duration of authorization is 6 months. When submitting subsequent requests, the physician must provide evidence of a beneficial effect (absence of deterioration);”;

(12) by inserting the following after paragraph 52:

“(52.1) LATANOPROST:

(a) for adjuvant treatment of glaucoma where treatment with a beta-blocker and dorzolamide produces insufficient control of ocular tension;

(b) for adjuvant treatment of glaucoma where treatment with a beta-blocker produces insufficient control of ocular tension and where dorzolamide is not tolerated or is contraindicated;”;

(13) by striking out “oral sol.” in paragraphs 53 and 54;

(14) by substituting “graves ou d’ulcères cutanés sévères” for “ou d’ulcères cutanés graves” in the French text of paragraph 76; and

(15) by substituting the following for paragraph 88:

“(88) VALACYCLOVIR HYDROCHLORIDE:

(a) in immunocompetent persons:

for early treatment of zona, that is, within 48 to 72 hours following the appearance of lesions;

for curative treatment of severe infectious episodes of recurrent genital herpes;

for suppressive treatment of recurrent genital herpes, that is, 6 episodes or more per year;

(b) in immunocompromised persons, for curative and preventive treatment of severe herpes virus infections where acyclovir is ineffective or poorly tolerated.”.

5. The list of drugs whose cost is covered by the basic prescription drug insurance plan is replaced by the list attached hereto.

6. This amendment comes into force on 1 January 1998.
