Notice

An Act respecting industrial accidents
and occupational diseases
(R.S.Q., c. A-3.001)

Use of employer experience

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the Regulation respecting the use of employer experience, the text of which appears below, shall be adopted by the Commission, with or without amendment, upon the expiry of forty-five (45) days after publication of this notice.

The draft Regulation allows for the experience of an initial employer with respect to the cost of employment injuries to be taken into consideration for the purpose of establishing the assessment of a second employer involved in a transaction defined in the Regulation. This taking into account shall occur where the second employer carries on the activities of the initial employer and where, following a transaction, the risk of employment injuries of the initial employer continues with respect to the second employer. Accordingly, in applying a rate-making plan that takes into account an employer's experience, an asset value can be assigned to the experience of an enterprise in the event of a change of ownership.

The draft Regulation also prescribes the procedure for using employer experience in calculating an employer's assessment following a transaction.

Lastly, the draft Regulation stipulates that an employer involved in a transaction shall be required to advise the Commission thereof. The information may be forwarded at the same time using the same forms as those currently used in filing a declaration regarding the wages of an employer's workers or in filing a declaration regarding an employer's activities.

To date, study of the matter has revealed the following impact on the employers directly concerned:

— the assessment of an employer who, following a transaction, carries on the activities of another employer will more accurately reflect the true risk of its activities;

— a greater incentive for an employer who carries on the activities of another employer to strive for accident prevention and the return to work of workers who have suffered employment injuries; and

— where the employer's company is the subject of a transaction, the conferring of asset value to the occupational health and safety file of an employer, thereby allowing it to obtain fair compensation for its efforts in the areas of prevention of employment injuries and the return to work of workers who have suffered employment injuries.
