## Draft Regulation

Parks Act  
(R.S.Q., c. P-9)

### Parks — Amendments

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the Regulation to amend the Parks Regulation, the text of which appears below, may be made by the Government upon the expiry of 45 days following this publication.

The purpose of the draft Regulation is to establish new zoning for the Parc de récréation du Mont-Tremblant. The park will therefore be divided into 3 zones, that is, preservation zones (265.1 km<sup>2</sup>) intended to better protect representative or fragile sites, recreation zones (1 101.8 km<sup>2</sup>), corresponding to areas reserved for the discovery and exploration of the natural environment, and service zones (123 km<sup>2</sup>) intended for the reception and accommodation of visitors. The downhill skiing infrastructures of the Station Mont-Tremblant are located in the latter type of zone.

To that end, the draft Regulation will amend the Parks Regulation by replacing Schedule 6 which established the former zoning by a new Schedule 6 describing the new zoning. In addition, a consequential amendment is made to section 37.

To date, study of the matter has revealed a positive impact on the public and businesses.
