### **O.C. 150-2000, 16 February 2000**

Health Insurance Act  
(R.S.Q., c. A-29)

#### **Devices which compensate for a physical deficiency — Amendments**

Regulation respecting devices which compensate for a physical deficiency and are insured under the Health Insurance Act

WHEREAS under subparagraph *h* of the first paragraph of section 69 of the Health Insurance Act (R.S.Q., c. A-29), the Government may, after consultation with the Régie de l'assurance-maladie du Québec or upon its recommendation, in addition to the regulatory powers conferred upon it by that Act, make regulations to determine the services and the prostheses, orthopedic devices, locomotor or posture assists, medical supplies or other equipment that compensate for a physical deficiency indicated therein and that must be considered to be insured services for the purposes of the fifth paragraph

of section 3, fix the age at which beneficiaries may be entitled thereto and the classes of such beneficiaries, determine the amount that may be assumed on behalf of a beneficiary indicated therein, the cases, circumstances and conditions in and on which the Board assumes the amount of those insured services and the cases, circumstances and conditions in and on which such services are furnished, and prescribe the cases, circumstances and conditions in and on which such property may be recovered;

WHEREAS the Government made the Regulation respecting devices which compensate for a physical deficiency and are insured under the Health Insurance Act by Order in Council 612-94 dated 27 April 1994;

WHEREAS it is expedient to amend the Regulation;

WHEREAS the Régie de l'assurance-maladie du Québec has been consulted on those amendments;

WHEREAS in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), a text of the draft Regulation respecting devices which compensate for a physical deficiency and are insured under the Health Insurance Act was published in Part 2 of the *Gazette officielle du Québec* on 14 April 1999, on page 481, with a notice that it could be made by the Government upon the expiry of 45 days following that publication;

WHEREAS following that publication, comments were made, memorandums were submitted and amendments were made consequently;

WHEREAS it is expedient to make the Regulation respecting devices which compensate for a physical deficiency and are insured under the Health Insurance Act;

IT IS ORDERED, therefore, on the recommendation of the Minister of State for Health and Social Services and Minister of Health and Social Services:

THAT the Regulation respecting devices which compensate for a physical deficiency and are insured under the Health Insurance Act, attached to this Order in Council, be made.

MICHEL NOËL DE TILLY,  
*Clerk of the Conseil exécutif*

## **Regulation to amend the Regulation respecting devices which compensate for a physical deficiency and are insured under the Health Insurance Act\***

Health Insurance Act  
(R.S.Q., c. A-29, s. 3, 5th par. and s. 69, 1st par., subpar. *h*)

1. The Regulation respecting devices which compensate for a physical deficiency and are insured under the Health Insurance Act is amended by inserting the word “other” before the word “insured” in the second paragraph of section 4.

2. Section 17 is amended

(1) by striking out the word “nylon” wherever it appears; and

(2) by adding the following paragraphs at the end:

“For the same beneficiary, three (3) suspension linings with or without nylon on the inside per 12-month period are insured for each limb fitted with one or more prostheses.

In addition, for the same beneficiary, four (4) latex or elastic suspension linings per 12-month period are insured for each limb fitted with one or more prostheses.

Each suspension lining must be, within the meaning of section 3, a component of a prosthesis fitted on a limb.”.

3. Section 23 is amended by adding the following paragraph at the end:

“The Régie does not assume the cost of a component for which the reference “N/A” appears in place of the component price when the device is purchased or replaced.”

4. Section 27 is amended

(1) by inserting the following after the first paragraph:

“Notwithstanding the condition set forth in subparagraph 1 of the first paragraph, the Régie only assumes the cost of purchase or replacement of an insured device that appears on one of the lists in Part I of Chapter V where the reference “S.C.” appears in place of the purchase or replacement price, provided that a person from a centre referred to in subparagraph 2 of the first paragraph or a person designated by such a centre attests in writing that the device will be furnished in the course of a rehabilitation process at the centre.” and

(2) by adding “, or in the first and second paragraphs, as the case may be” at the end of the second paragraph.

5. The following is added after section 34:

“**34.1** The Régie assumes the cost of purchase or replacement of a device referred to in the second paragraph of section 27 provided that the written attestation prescribed therein is sent to the Régie, jointly prepared and signed by each of the members of a multidisciplinary rehabilitation team that includes at least a physiotherapist or occupational therapist, designated by the centre referred to in the second paragraph of section 27, an orthotist, a prosthesis or a orthotics-prosthetics technician from the centre and the physician designated by the centre as a member of the team.

When replacing such a device, where the beneficiary’s condition has not changed, the attestation may establish that the insured device is not furnished in the course of a rehabilitation process since rehabilitation is not required.”.

6. This Regulation is amended by substituting Chapter V of Title I in Schedule I to this Regulation for Chapter V of Title I.

7. This Regulation comes into force on the fifteenth day following the date of its publication in the *Gazette officielle du Québec*.

\* The Regulation respecting devices which compensate for a physical deficiency and are insured under the Health Insurance Act, made by Order in Council 612-94 dated 27 April 1994 (1994, *G.O.* 2, 1589), was last amended by the Regulation made by Orders in Council 1329-99 dated 1 December 1999 (1999, *G.O.* 2, 4511) and 1330-99 dated 1 December 1999 (1999, *G.O.* 2, 4513). For previous amendments, refer to the *Tableau des modifications et Index sommaire*, Éditeur officiel du Québec, 1999, updated to 1 September 1999.
