

Draft Regulations

Draft Regulation

An Act respecting health services and social services
(R.S.Q., c. S-4.2)

Users who are major trauma patients — Transmission of information

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the Regulation respecting the transmission of information on users who are major trauma patients, the text of which appears below, may be made by the Government upon the expiry of 45 days following this publication.

The purpose of the draft Regulation is to allow the Minister of Health and Social Services to collect data contained in trauma registries kept by institutions operating a hospital and designated by the Minister to operate a trauma centre and to enter that data in a provincial registry for purposes of information, analysis and research.

Study to date of this matter has not revealed any impact on businesses.

Any interested person having comments to make on the matter is asked to send them in writing, before the expiry of the 45-day period, to the Minister of State for Health and Social Services and Minister of Health and Social Services, 1075, chemin Sainte-Foy, 15^e étage, Québec (Québec) G1S 2M1.

PAULINE MAROIS,
*Minister of State for Health and Social Services
and Minister of Health and Social Services*

Regulation respecting the transmission of information on users who are major trauma patients

An Act respecting health services and social services
(R.S.Q., c. S-4.2, s. 505, par. 26)

1. Institutions operating a hospital of the general and specialized class of hospitals and designated by the Minister under section 112 of the Act respecting health services and social services to operate a trauma centre shall provide the Minister with the following information on users who are major trauma patients:

- (1) trauma registry number;
- (2) user's medical file number;
- (3) receiving institution's code number;
- (4) transferring institution's code number;
- (5) user's health insurance number;
- (6) user's date of birth;
- (7) user's sex;
- (8) user's home postal code;
- (9) municipal code of the accident site;
- (10) paying agency;
- (11) user's occupation;
- (12) date and time of the accident;
- (13) location of the accident;
- (14) transport service or mode of transport to the institution's facility;
- (15) date and time of arrival in the emergency room;
- (16) date and time of admission and admitting physician's specialty;
- (17) date and time of admission to each unit;

- (18) site of the medical and surgical interventions;
- (19) cause of the trauma;
- (20) individual's position in the vehicle;
- (21) safety equipment worn by the user;
- (22) alcohol and drug tests results;
- (23) status upon arrival in the emergency room;
- (24) date, time and results of peritoneal lavage;
- (25) intubation in the emergency room;
- (26) use of pneumatic anti-shock garments in the emergency room;
- (27) chest tube in the emergency room;
- (28) specialties consulted;
- (29) dates and times of requests for consultations and responses;
- (30) pre-hospital interventions (oxygen, splints, pneumatic anti-shock garments, dressings, intravenous lines, immobilizations, mechanical ventilation, medication, release, resuscitation);
- (31) resuscitation attempts;
- (32) date, time and number of intravenous injections;
- (33) date, time and number of blood transfusions;
- (34) date, time and code of medical and surgical interventions;
- (35) date and time of departure from the emergency room;
- (36) status and referral at departure from the emergency room;
- (37) date and time of the start and end of mechanical ventilation;
- (38) date and nature of paramedical assessment;
- (39) date of the start and nature of paramedical treatment;
- (40) date and time of the onset and nature of complications;
- (41) report to the coroner;
- (42) autopsy performed;
- (43) cause of death on the certificate;
- (44) organ donation or transfer for organ donation;
- (45) body region injured;
- (46) type of injury;
- (47) injury code in accordance with the Abbreviated Injury Scale (AIS);
- (48) injury severity in accordance with the Injury Severity Score (ISS);
- (49) level of consciousness;
- (50) vital signs (rate and type of respiration, pulse rate, blood pressure, eye opening, verbal response, motor response, pupil size and reactivity, intracranial temperature and pressure);
- (51) physiological scales (Pre-Hospital Index (PHI), Glasgow Coma Scale (GCS) and Revised Trauma Score (RTS));
- (52) body regions examined by radiology;
- (53) date, time and results of radiology examinations;
- (54) degree of memory function / amnesia;
- (55) Glasgow Outcome Score (GOS);
- (56) body regions examined by CAT scanning;
- (57) dates and times of requests for and receipt of CAT scans;
- (58) results of CAT scanning;
- (59) signs of injury to central nervous system on CAT scan;
- (60) Levin scale;
- (61) degree of functional independence;
- (62) neurological history;
- (63) history of cranial trauma;
- (64) type and date of paralysis prior to accident;

- (65) status and referral at departure from admission;
- (66) date of discharge from hospital;
- (67) code of institution to which user is transferred;
- (68) diagnostic codes (in accordance with the International Classification of Diseases adopted by the World Health Organization (ICD)).

2. This Regulation comes into force on the fifteenth day following its publication in the *Gazette officielle du Québec*.
