Draft Regulation

Pharmacy Act (R.S.Q., c. P-10)

Veterinary Surgeons Act (R.S.Q., c. M-8)

Pharmacists and veterinary surgeons — Terms and conditions for the sale of medications

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the Regulation respecting the terms and conditions for the sale of medications made by the Office des professions du Québec, the text of which appears below, may be submitted to the Government for approval, with or without amendment, upon the expiry of 45 days following this publication.

According to the Office, this Regulation is notably intended to update the list of medications for human and animal consumption, to bring up to date some sections concerning midwives and deregulated medications by the federal Minister of Health Canada and to furthered a larger accessibility to nicotine substitute products, this answering to the requests of many interveners working in this field.

According to the Office, this Regulation, which is only an updating and not a revision and for the analysis of whom the criteria of classification are the same that the ones established in 1998, will have little impact on concerned professionals other than the obligation for the pharmacists to move some medications.

Further information may be obtained by contacting Mr. Jean-Yves Dugas, Search and Coordination Department, Office des professions du Québec, 800, place D'Youville, 10^e étage, Québec (Québec) G1R 5Z3; telephone: (418) 643-6912 or 1-800-643-6912, fax: (418) 643-0973.

Any interested person having comments to make is asked to send them in writing, before the expiry of the 45-day period, to the Chairman of the Office des professions du Québec, 800, place D'Youville, 10^e étage, Québec (Québec) G1R 5Z3. Those comments will be forwarded by the Office to the Minister responsible for the administration of legislation respecting the professions. They could also be forwarded to the professional orders concerned by the Regulation, that are the Ordre professionnel des pharmaciens du Québec and the Ordre professionnel des médecins vétérinaires du Québec as well as to interested persons, departments and agencies.

JEAN-K. SAMSON, Chairman of the Office des professions du Québec
