O.M., 2000-015**Order of the Minister of the Environment and the
Minister responsible for Wildlife and Parks dated
16 May 2000**

An Act respecting threatened or vulnerable species
(R.S.Q., c. E-12.01)

CONCERNING the establishment of a list of threatened or vulnerable plant species likely to be so designated

THE MINISTER OF THE ENVIRONMENT AND THE
MINISTER RESPONSIBLE FOR WILDLIFE AND PARKS,

GIVEN that under section 1 of the Act respecting threatened or vulnerable species (R.S.Q., c. E-12.01), the Act applies to the threatened or vulnerable wildlife and plant species designated under this Act;

GIVEN that under section 9 of this Act, amended by section 130 of the Act respecting the Société de la faune et des parcs du Québec (1999, c. 36), the Minister of the Environment and the government designated minister may, by order, establish jointly a list of threatened or vulnerable species which are likely to be so designated; the order shall be published in the *Gazette officielle du Québec*;

GIVEN that under Order in Council 59-2000 dated January 26, 2000, the responsibility for threatened or vulnerable wildlife species or their habitats has been entrusted to the Minister responsible for Wildlife and Parks;

CONSIDERING that it is expedient to replace the Order of the Minister of the Environment and the Minister of Recreation, Fish and Game (O.M., 1993) concerning the publication of a list of threatened or vulnerable species which are likely to be so designated in the *Gazette officielle du Québec* of June 23, 1993, with respect to the list of plant species;

ORDER that:

The attached list of threatened or vulnerable plant species which are likely to be so designated be substituted for the list established by Order of the Minister 1993, published in the *Gazette officielle du Québec*, June 23, 1993, with respect to plant species.

Québec, May 16, 2000

PAUL BÉGIN,
Minister of the Environment

GUY CHEVRETTÉ,
Minister responsible for Wildlife and Parks

SCHEDULE**LIST OF VASCULAR PLANT SPECIES LIKELY
TO BE DESIGNATED AS THREATENED OR
VULNERABLE**

When the name of a species is followed by the symbol P (population) and a number corresponding to an administrative region of Québec (Ministère des Ressources naturelles, 1997)*, this means that the threatened or vulnerable species is likely to be so designated within this portion only of its distribution area:
