

Gouvernement du Québec

O.C. 981-2000, 16 August 2000

An Act respecting health services and social services
(R.S.Q., c. S-4.2)

**Users who are major trauma patients
— Transmission of information**

Regulation respecting the transmission of information on users who are major trauma patients

WHEREAS under paragraph 26 of section 505 of the Act respecting health services and social services (R.S.Q., c. S-4.2), the Government may, by regulation, prescribe the nominative and non-nominative information that an institution must provide to the Minister concerning the needs for and utilization of services;

WHEREAS in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1) a draft of the Regulation attached to this Order in Council was published in Part 2 of the *Gazette officielle du Québec* of 12 April 2000, on page 1983 with a notice that it could be made by the Government upon the expiry of 45 days following that publication;

WHEREAS it is expedient to make the Regulation without amendment;

IT IS ORDERED, therefore, upon the recommendation of the Minister of State for Health and Social Services and Minister of Health and Social Services:

THAT the Regulation respecting the transmission of information on users who are major trauma patients, attached to this Order in Council, be made.

MICHEL NOËL DE TILLY,
Clerk of the Conseil exécutif

Regulation respecting the transmission of information on users who are major trauma patients

An Act respecting health services and social services
(R.S.Q., c. S-4.2, s. 505, par. 26)

1. Institutions operating a hospital of the general and specialized class of hospitals and designated by the Minister under section 112 of the Act respecting health services and social services to operate a trauma centre shall provide the Minister with the following information on users who are major trauma patients:

- (1) trauma registry number;
- (2) user's medical file number;
- (3) receiving institution's code number;
- (4) transferring institution's code number;
- (5) user's health insurance number;
- (6) user's date of birth;
- (7) user's sex;
- (8) user's home postal code;
- (9) municipal code of the accident site;
- (10) paying agency;
- (11) user's occupation;
- (12) date and time of the accident;
- (13) location of the accident;
- (14) transport service or mode of transport to the institution's facility;
- (15) date and time of arrival in the emergency room;
- (16) date and time of admission and admitting physician's specialty;
- (17) date and time of admission to each unit;
- (18) site of the medical and surgical interventions;
- (19) cause of the trauma;
- (20) individual's position in the vehicle;
- (21) safety equipment worn by the user;
- (22) alcohol and drug tests results;
- (23) status upon arrival in the emergency room;
- (24) date, time and results of peritoneal lavage;
- (25) intubation in the emergency room;
- (26) use of pneumatic anti-shock garments in the emergency room;
- (27) chest tube in the emergency room;

- (28) specialties consulted;
- (29) dates and times of requests for consultations and responses;
- (30) pre-hospital interventions (oxygen, splints, pneumatic anti-shock garments, dressings, intravenous lines, immobilizations, mechanical ventilation, medication, release, resuscitation);
- (31) resuscitation attempts;
- (32) date, time and number of intravenous injections;
- (33) date, time and number of blood transfusions;
- (34) date, time and code of medical and surgical interventions;
- (35) date and time of departure from the emergency room;
- (36) status and referral at departure from the emergency room;
- (37) date and time of the start and end of mechanical ventilation;
- (38) date and nature of paramedical assessment;
- (39) date of the start and nature of paramedical treatment;
- (40) date and time of the onset and nature of complications;
- (41) report to the coroner;
- (42) autopsy performed;
- (43) cause of death on the certificate;
- (44) organ donation or transfer for organ donation;
- (45) body region injured;
- (46) type of injury;
- (47) injury code in accordance with the Abbreviated Injury Scale (AIS);
- (48) injury severity in accordance with the Injury Severity Score (ISS);
- (49) level of consciousness;
- (50) vital signs (rate and type of respiration, pulse rate, blood pressure, eye opening, verbal response, motor response, pupil size and reactivity, intracranial temperature and pressure);
- (51) physiological scales (Pre-Hospital Index (PHI), Glasgow Coma Scale (GCS) and Revised Trauma Score (RTS));
- (52) body regions examined by radiology;
- (53) date, time and results of radiology examinations;
- (54) degree of memory function / amnesia;
- (55) Glasgow Outcome Score (GOS);
- (56) body regions examined by CAT scanning;
- (57) dates and times of requests for and receipt of CAT scans;
- (58) results of CAT scanning;
- (59) signs of injury to central nervous system on CAT scan;
- (60) Levin scale;
- (61) degree of functional independence;
- (62) neurological history;
- (63) history of cranial trauma;
- (64) type and date of paralysis prior to accident;
- (65) status and referral at departure from admission;
- (66) date of discharge from hospital;
- (67) code of institution to which user is transferred;
- (68) diagnostic codes (in accordance with the International Classification of Diseases adopted by the World Health Organization (ICD)).

2. This Regulation comes into force on the fifteenth day following its publication in the *Gazette officielle du Québec*.
