**M.O., 2000****Order of the Minister of Natural Resources dated  
24 October 2000**

Mining Act  
(R.S.Q., c. M-13.1; 1998, c. 24; 1999, c. 36 and 40)

Types of construction that the holder of a claim, a mining exploration licence or a licence to explore for surface mineral substances may erect or maintain on lands of the domain of the State without ministerial authorization

THE MINISTER OF NATURAL RESOURCES,

CONSIDERING section 66 of the Mining Act (R.S.Q., c. M-13.1), as amended by section 35 of chapter 24 of the Statutes of 1998, which provides that the claim holder may not erect or maintain any construction on lands of the domain of the State without first obtaining authorization from the Minister, except if the construction is located on the parcel of land subject to the claim and is a construction of a type defined by a ministerial order made under subparagraph 2.1 of the first paragraph of section 304;

CONSIDERING subparagraph 2.1 of the first paragraph of section 304 of the Mining Act, introduced by paragraph 3 of section 127 of chapter 24 of the Statutes of 1998, which enables the Minister of Natural Resources to define by order, for lands of the domain of the State, the types of construction that may be erected or maintained by the holder of a claim on the land subject to the claim without being required to obtain authorization from the Minister;

CONSIDERING section 93 of the Mining Act and section 136 of the said Act, as amended by section 61 of chapter 24 of the Statutes of 1998, which provide that rights and restrictions relating to exploration for mineral substances and applicable to claims, namely under section 66, shall apply, adapted as required, to a mining exploration licence and to a licence to explore for surface mineral substances;

CONSIDERING that, in accordance with section 159 of chapter 24 of the Statutes of 1998, the provisions of sections 35 and 127 of chapter 24 of the Statutes of 1998 will not come into force until the date or dates fixed by the Government;

CONSIDERING Order in Council 1041-2000 dated 30 August 2000, which fixes 22 November 2000 as the date of coming into force of section 35 and of paragraph 3 of section 127 of chapter 24 of the Statutes of 1998;

CONSIDERING section 12 of the Regulations Act (R.S.Q., c. R-18-1), which provides that a draft regulation within the meaning of section 1 of the Act may be made without having been published in the *Gazette officielle du Québec*, if the authority making it is of the opinion that the urgency of the situation requires it;

CONSIDERING section 13 of that Act, which provides that the reason justifying the absence of such publication shall be published with the regulation;

CONSIDERING that the Minister is of the opinion that the urgency due to the following circumstances justifies the absence of such publication:

— as of 22 November 2000, on lands of the domain of the State, the holders of claims, mining exploration licences or licences to explore for surface mineral substances will require an authorization from the Minister to erect or maintain any type of construction on the land subject to their rights;

— such authorization will not be required to erect or maintain a construction of a type defined by this Order;

— it is in the interests of the holders of claims, mining exploration licences or licences to explore for surface mineral substances that this Order come into force on 22 November 2000, to avert an increase in the number of applications for authorization to erect or maintain a construction, which would be given anyway if the construction were of a type defined by this Order;

CONSIDERING section 304 of the Mining Act, as amended by section 127 of chapter 24 of the Statutes of 1998, which provides that an order made pursuant to that section comes into force on the day of its publication in the *Gazette officielle du Québec* or on any later date specified therein;

CONSIDERING section 382 of the Mining Act, which provides that the Minister of Natural Resources is responsible for the administration of the Act;

CONSIDERING that it is expedient to define, for lands of the domain of the State, the types of construction that may be erected or maintained by the holder of a claim, of a mining exploration licence or of a licence to explore for surface mineral substances on the land subject to the right without being required to obtain authorization from the Minister;

ORDERS:

1. On lands of the domain of the State, the types of construction that the holder of a claim, a mining exploration licence or a licence to explore for surface mineral substances may erect or maintain without ministerial authorization on the land subject to the right are temporary, portable shelters that can be dismantled and are made of pliable material stretched over solid supports.

2. The types of construction referred to in paragraph 1 shall clearly show the registration number or alphanumeric code of the mining right in respect of the territory where the construction is erected or maintained.

3. This Order comes into force on 22 November 2000.

Charlesbourg, 24 October 2000

JACQUES BRASSARD,  
*Minister of Natural Resources*
