

Draft Regulation

An Act respecting the conservation and development of wildlife
(R.S.Q., c. C-61.1)

Fishing activities

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the Regulation respecting fishing activities, the text of which appears below, may be made by the Government upon the expiry of 45 days following this publication.

The purpose of the draft Regulation is to repeat the current norms respecting governmental fishing licences; the provisions respecting the classes of fishing licences and their term will be put together in a regulation made by the Société de la faune et des parcs du Québec.

To that end, the Regulation proposes to replace the Fishing Licences Regulation (O.C. 845-84) and to group together the government norms respecting licences.

To date, study of the matter has revealed no impact on the public, businesses and small and medium-sized businesses, since there is no new norm.
