PROGRAMME RELATIF À UNE DÉLÉGATION
DE GESTION DE TERRES PUBLIQUES
INTRAMUNICIPALES EN FAVEUR DES
MUNICIPALITÉS RÉGIONALES DE COMTÉ DE
LA RÉGION ADMINISTRATIVE DE L'OUTAOUAIS

1. OBJECTIVE OF THE PROGRAM

To promote regional development by developing intramunicipal lands in the public domain in the administrative region of Outaouais and by entrusting their management to the regional county municipalities in that region.

2. DEFINITIONS

For the purposes of this Program, unless the context indicates otherwise,

2.1. “territorial management agreement” means a multisectoral act of delegation whereby the Government transfers management powers and responsibilities provided for in the agreement to a regional county municipality (RCM) on certain conditions; (*convention de gestion territoriale*)

2.2. “agreement” means the specific agreement between the Government and the Conseil régional de développement de l’Outaouais (CRD de l’Outaouais) on the management and development of the Outaouais intramunicipal territory in the public domain; (*entente*)

2.3. “Minister” means the Minister of Natural Resources; (*ministre*)

2.4. “Program” means this program, prepared under Division II.2 of the Act respecting the Ministère des Ressources naturelles (R.S.Q., c. M-25.2). (*programme*)

3. CONDITIONS OF ELIGIBILITY

To be eligible for the Program, a regional county municipality in the administrative region of Outaouais shall

3.1. adopt a resolution whereby the municipality states its acceptance of the agreement and of all the terms and conditions, commitments and obligations under the agreement and the Program;

3.2. establish, by by-law, a development fund under sections 688.7 to 688.9 of the Municipal Code of Québec (R.S.Q., c. C-27.1); and

3.3. create, by by-law, a multiresource committee in charge of advising the RCM and representing all interests related to the preservation of natural environments

and to the development and use of the territory covered by the delegation. Furthermore, the voting powers of the committee should be apportioned fairly to prevent the committee’s decision from being directed by particular interests or groups.

4. TERRITORIAL JURISDICTION

4.1. The intramunicipal lands in the public domain on which the powers and responsibilities delegated under this Program shall be exercised are the lots, parcels of lots and any other part of the domain of the State including the buildings, improvements and movable property therein, which are located in the administrative region of Outaouais, within the limits of the municipal territory of the region and are under the Minister’s jurisdiction. The lands are shown on the “Terres publiques intramunicipales déléguées” map for the Outaouais region dated November 2000.

4.2. The following are expressly excluded from the territory covered:

(1) the water domain, that is, the beds of lakes and rivers up to the normal high water mark, including the water powers;

(2) lands in the public domain flooded following the construction and maintenance of a dam or any work related to the dam or required for its operation;

(3) any right-of-way of a route or highway under the management of the Minister of Transport of Québec, including in particular its infrastructure and all the works useful for its development or management; and

(4) any other land identified by the Minister.

4.3. Where land under the responsibility of an RCM is required for public use or interest or for any other purpose by order of the Government, or where land was incorrectly identified as included in intramunicipal lands in the public domain, the Minister may, after notification, exclude that land from the Program.

Such exclusion by the Minister could eventually lead to a fair compensation for any improvement made on that land by the RCM, at its own expense, without assistance from development funds or any government financial assistance program since the signing of the territorial management agreement, as well as for any actual damage, without further compensation or indemnity for any loss of expected profits or revenues.

5. DELEGATED POWERS AND RESPONSIBILITIES

For the purposes of the Program, the Minister may delegate to an RCM the powers and responsibilities with respect to land planning and management referred to in sections 5.1 and 5.2. That delegation is subject to the terms and conditions provided for in section 7.

The powers and responsibilities so delegated shall be exercised on all the lands identified by the Minister in a list attached to the territorial management agreement.

In addition to those lands, the Minister may, after notification, delegate the management of any other intramunicipal land in the public domain under his jurisdiction.

5.1. Planning

With respect to planning, the Minister shall delegate to the RCM the responsibility for planning the development and use of the public territory (intramunicipal lands in the public domain and its natural resources) covered by the territorial management agreement signed by the RCM for at least five years. To that end, the RCM shall comply with the deadline fixed by the Minister and take into account the concerns of the population and users of the territory and resources. The RCM shall forward its planning to the Minister for approval before any other consultation. The RCM shall review the planning, make any necessary changes, ensure follow-up and include it in its development plan.

The Minister may intervene to help find a concerted solution that would lead to the adoption of the planning should the RCM be unable to reach a consensus on the carrying out of the planning. If need be, the Minister may impose an arbitration procedure.

5.1.1. The planning must:

(1) define the territory's vocation without changing that of the special interest lands identified by the Government in the public land use plan;

(2) indicate the general rules, terms and conditions for harmonizing and integrating the uses of the territory;

(3) take into account the Government's territory development guidelines and its special concerns communicated during the preparation of the said planning; and

(4) take into account the regional strategic plan of the CRD de l'Outaouais.

5.2. Land management

For the purposes of this Program, the Minister shall entrust the management of intramunicipal lands in the public domain to an RCM that exercises the following powers and responsibilities under the Act respecting the lands in the domain of the State (R.S.Q., c. T-8.1), amended by chapter 56 of the Statutes of 2000, and the regulations related thereto:

(1) manage the land rights already granted other than leases for the utilization of water powers. To that end, the RCM shall manage and respect the rights granted until they expire, renew them and cancel them if the beneficiary fails to meet his obligations;

(2) grant and manage new land rights other than leases for the utilization of water powers, renew them, ensure the follow-up, amend them with the consent of the parties involved and cancel them if the beneficiary fails to meet his obligations;

(3) manage the buildings, improvements and movable property located on the lands covered by the delegation and, if need be, dispose of them according to the regulatory provisions;

(4) sell land, grant rights under emphyteutic contracts, transfer land gratuitously for public use in accordance with the regulations. However, the RCM shall first obtain the Minister's consent before granting those rights;

(5) grant servitudes and any other right;

(6) grant temporary occupation and visitor's licences;

(7) collect and keep all income, including expenses arising from the management of lands covered by the delegation;

(8) renounce the right of ownership of the Minister in favour of the occupant of the land in the course of a cadastral renovation in accordance with sections 40.1 et seq. of the Act respecting the lands in the domain of the State and according to the criteria established by the Minister for such a renunciation;

(9) rectify any deed of alienation granted by the RCM and waive or amend the restrictive clauses in a deed of alienation granted by the RCM, in accordance with sections 35.1 and 40 of the Act respecting the lands in the domain of the State, or change the purposes therein;

(10) acquire by mutual agreement (gift, purchase, trade), to the benefit of the domain of the State, private lands, buildings, improvements and movable property. However, the RCM shall obtain the Minister's consent prior to such a transaction;

(11) publish a declaration stating that the land forms part of the domain of the State in accordance with sections 19 et seq. of the Act respecting the lands in the domain of the State;

(12) authorize the construction of roads other than forest and mining roads in accordance with sections 55 et seq. of the Act respecting the lands in domain of the State;

(13) control the use and occupation of the territory

— by treating situations of illegal occupation and use, including in particular illegal dumping sites and gates within the meaning of the Act respecting the lands in the domain of the State, according to strict rules and methods in keeping with the Government's position that no privilege may be granted to anyone who illegally occupies or uses land in the domain of the State;

— by treating situations of precarious occupation according to the Regulation respecting the regularization of certain kinds of occupation of lands in the public domain, made under the Act respecting the lands in the domain of the State by Order in Council 233-89 dated 22 February 1989 and its amendments;

(14) institute penal proceedings in its own name for an offence committed on the territory covered by the management delegation, provided for in the Act respecting the lands in the domain of the State and its regulations, or in the by-laws adopted by the RCM in accordance with section 6;

(15) exercise all the recourses and powers conferred upon the Minister under sections 60 to 66 of the Act respecting the lands in the domain of the State; and

(16) cause the limit between the domain of the State and private property to be determined and the signature of the owner to be affixed to the documents pertaining to cadastral operations, boundary marking or any motion for the judicial recognition of the right over property concerning the lands in the domain of the State covered by the management delegation, in accordance with land survey instructions issued by the Minister, as provided for in section 17 et seq. of the Act respecting the lands in the domain of the State.

6. REGULATORY POWERS

For the purposes of this Program, the Minister shall determine that an RCM may exercise, by means of by-laws adopted under subparagraph 5 of the second paragraph of section 14.12 of the Municipal Code of Québec (R.S.Q., c. C-27.1) and according to the conditions set out in section 6.1 of this Program, the powers referred to in subparagraphs 3, 7, 8, 9, 10 and 11 of the first paragraph and the second paragraph of section 71 of the Act respecting the lands in the domain of the State.

6.1. Conditions applicable to regulatory powers

The by-laws of the RCM, whose coming into force is subject to the rules prescribed by the Municipal Code of Québec, shall be first submitted to the Minister who may approve them, having ascertained that they are in keeping with the Government's principles and objectives and their regional consistency. More specifically, the RCM shall comply with the following principles:

(1) it shall keep the delegated intramunicipal lands in the public domain open to the public, in particular by allowing the free movement of persons;

(2) it shall preserve public access to the State water domain;

(3) it shall impose a tariff based on the market value; and

(4) it shall grant no privilege to a person who illegally occupies or uses land in the domain of the State, except to regularize a precarious situation eligible for a title under the Regulation respecting the regularization of certain kinds of occupation of lands in the public domain, made under the Act respecting the lands in the domain of the State by Order in Council 233-89 dated 22 February 1989 and its amendments.

By-laws respecting administration expenses shall pertain only to the cases already provided for in the regulations made under the Act respecting the lands in the domain of the State.

Access to the domain of the State: the RCM shall maintain public access to the domain of the State and the public water domain;

Alienation of land: the Minister's agreement to a land alienation may be transmitted either in the course of the development and use planning referred to in section 5.1, or by a specific notice for projects not referred to in that planning;

Land surveying: any land surveying on lands in the public domain or affecting their limits, including boundary marking, and in particular the one required for an alienation, shall be carried out in accordance with sections 17 et seq. of the Act respecting the lands in the domain of the State and with the instructions of the Minister;

Native peoples: the land rights granted by the RCM shall comply with government policy concerning Native peoples;

Multiresource committee: the RCM shall see that the representation referred to in section 3.3 is preserved. Costs and expenses related to land management: all the costs and expenses related to the land management shall be charged, as the case may be, to the RCM, the acquirer, the applicant or the beneficiary of the right. Those costs and expenses include land surveying on land in the public domain, cadastral registration, boundary marking and the publication of rights for any transaction carried out by the RCM;

Land rights granted by the State: the RCM shall respect the rights granted by the State in accordance with the titles issued until they expire, renew them unless the beneficiary of the right is at fault and make sure, in exercising the powers and responsibilities delegated under the program, not to restrict in any way the exercise of a right granted or to be granted by the State;

Land rights related to vacation: land rights related to vacation shall respect the vacation development objectives set out in the Guide de développement de la villégiature sur les terres du domaine public prepared in April 1994 and in the Plan régional de développement de villégiature de l'Outaouais prepared in August 1993 or any other document replacing them;

State and area of intramunicipal lands in the public domain: in exercising delegated powers and responsibilities, the RCM shall accept the lands as they are delimited, designated or surveyed at the time the territorial management agreement is signed, without any guarantee by the Minister as to their state or area; and

7.2. The RCM shall file the following reports:

(1) an annual report at 31 March of each year to the Minister on its activities and the use of the income from start-up assistance, duties or similar income from the management of the applicable territory and income from the development carried out in that territory;

(2) every five years, an activity report to the Minister and the CRD de l'Outaouais on the results obtained versus the objectives set forth in the agreement and the objectives defined in the territorial management agreement, and on the assessment of the RCM's management of the powers and responsibilities delegated to it. In addition, the RCM shall make public the highlights of the report.

The Minister and the RCM shall agree within 12 months of the signing of the territorial management agreement on the objectives to be attained and on assessment criteria; and

(3) a report on the management of the fund including detailed statements of account and a detailed report on the expenditure of the amounts paid into the fund, according to a departmental grid.

7.3. The intramunicipal lands in the public domain covered by the delegation shall be administered and managed by the RCM without financial compensation from the Government.

7.4. The RCM shall collect and keep the income from the management of the intramunicipal lands in the public domain covered by the delegation, including administration expenses, from the date the territorial management agreement is signed. Notwithstanding the preceding, any amount collected by the Government or owed to it on the date of the signing remains its property without adjustment.

7.5. The Minister shall register in the Terrier or in any other register designated by him all alienations and rights granted by the RCM on the lands in question and shall issue attestations in writing of the information entered therein; the RCM shall collect all exigible expenses, including interest income, and shall remit them entirely to the Minister, according to the terms and conditions defined in the territorial management agreement. When the Minister will have implemented a formal procedure to make it possible for the RCM to directly enter rights in the official land register, he will contact the RCM to adapt the relevant terms and conditions in the territorial management agreement.

7.6. An RCM that exercises the powers and responsibilities provided for in this Program acts in its own name and any action it takes is in no way binding on the Government.

Subject to the special provisions of section 6, the RCM shall comply with the Act respecting the lands in the domain of the State and its regulations, as amended.

8. FINAL PROVISIONS

When the land management delegation expires, the Minister shall again be fully responsible for the management of the intramunicipal lands in the public domain that he had delegated.

The Minister may also terminate the delegation if the RCM fails to comply with the terms and conditions applicable to the delegation.

8.2. Where the Minister is again responsible for the management of intramunicipal lands in the public domain he had delegated, the RCM shall send the Minister all the information required, including, in particular, the up-to-date books and records kept by the RCM for managing the lands. The RCM shall also give the Minister all the records that the Minister entrusted to it.

8.3. Any contestation by the holder of a right that was granted by the RCM and that results from differences in the management methods applied by the RCM and the Minister shall be submitted to the Minister.
