“1029.8.36.0.3.48. A corporation that holds, for a taxation year, a valid qualification certificate issued by the Minister of Finance for the purposes of this division and that encloses with its fiscal return it is required to file for the year under section 1000 a copy of the qualification certificate as well as the documents referred to in the third paragraph is deemed, subject to the second paragraph and to section 1029.8.36.0.3.49, to have paid to the Minister on the corporation’s balance-due day for that year, on account of its tax payable for the year under this Part, an amount equal to 35% of the qualified wages incurred by the corporation in the year in respect of one of its eligible employees for all or part of that year.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where the latter sections refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, the amount that would be determined under the first paragraph if that first paragraph applied only to the period covered by the payment.

The documents to which the first paragraph refers are the following :

- (a) the prescribed form containing the prescribed information; and
- (b) a copy of the valid qualification certificate issued to the corporation for the year by the Minister of Finance in respect of the eligible employee for the purposes of this division.

Notwithstanding the first paragraph, no corporation may be deemed to have paid the amount determined under that paragraph to the Minister, on account of its tax payable for a taxation year under this Part, where it elects irrevocably, in the manner and within the time specified in the fifth paragraph, to avail itself for the year of the provisions of the first paragraph of section 34.0.0.4 of the Act respecting the Régie de l’assurance maladie du Québec (chapter R-5)

in respect of the aggregate of all amounts each of which is an amount that the corporation would, but for this paragraph and the second paragraph of section 1029.8.36.0.3.57, be deemed to have paid to the Minister for the year under this division.

A corporation makes the election to which the fourth paragraph refers for a taxation year by filing with the Minister, for the first time and on or before the day that is 12 months after the corporation's filing-due date for the year, the prescribed form containing the prescribed information referred to in subparagraph *a* of the third paragraph.

Where a taxation year of a corporation is, in whole or in part, within a particular period that is between 11 May 2000 and 1 January 2001, for the purpose of determining the amount that the corporation is deemed to have paid to the Minister under the first paragraph, in relation to qualified wages incurred in that taxation year in respect of an eligible employee, the following rules apply :

(*a*) where the amount determined under paragraph *b* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.3.46 is the qualified wages for that taxation year, the rate of 35% referred to in the first paragraph shall be replaced by a rate of 25% applicable in respect of the portion of the qualified wages that may reasonably be considered to be attributable to the wages incurred by the corporation in respect of the eligible employee, while the employee qualified as an eligible employee for the portion of the year within the particular period ;

(*b*) where the amount determined under paragraph *a* or *b* of section 1029.8.36.0.3.47 is, by virtue of paragraph *a* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.3.46, the qualified wages for that taxation year, the rate of 35% referred to in the first paragraph shall be replaced by a rate of 25% applicable in respect of the qualified wages ; and

(*c*) where the amount determined under paragraph *c* or *d* of section 1029.8.36.0.3.47 is, by virtue of paragraph *a* of the definition of "qualified wages" in the first paragraph of section 1029.8.36.0.3.46, the qualified wages for that taxation year, the first paragraph shall be read with "35% of the qualified wages incurred by the corporation in the year in respect of one of its eligible employees" replaced by "the aggregate of 25% of the amount determined under subparagraph i of paragraph *c* or *d* of section 1029.8.36.0.3.47 and 35% of the amount determined under subparagraph ii of paragraph *c* or *d* of that section, in respect of the qualified wages incurred by the corporation in the year in respect of one of its eligible employees".

"§3. — *Modified rate*

"1029.8.36.0.3.49. For the purpose of determining the amount that a corporation is deemed to have paid to the Minister pursuant to section 1029.8.36.0.3.48, or would be deemed to have paid to the Minister under section 1029.8.36.0.3.48 if it were read without reference to the fourth and

fifth paragraphs thereof, in relation to qualified wages incurred by the corporation, in respect of one of its eligible employees, in a taxation year included in whole or in part in a particular year of operation of the corporation that is subsequent to its fifth year of operation, the following rules apply :

(a) the rate of 35% mentioned in the first paragraph of section 1029.8.36.0.3.48 shall be replaced by the modified rate for the particular year of operation of the corporation that is subsequent to its fifth year of operation and that begins in the taxation year or in the preceding taxation year; and

(b) the modified rate for the particular year of operation of the corporation that is subsequent to its fifth year of operation and that begins in the taxation year or the preceding taxation year shall be applied in respect of the portion of the qualified wages that may reasonably be considered as attributable to the qualified wages incurred by the corporation in respect of the eligible employee in the part of the taxation year that is included in the particular year of operation of the corporation.

“1029.8.36.0.3.50. The rate to which the definition of “modified rate” in the first paragraph of section 1029.8.36.0.3.46 refers for a particular year of operation of a corporation that is subsequent to its fifth year of operation is equal to the rate, not exceeding 35%, determined by the formula

$$[2 \times (A - B) / C] \times 35\%.$$

In the formula provided for in the first paragraph,

(a) A is the aggregate of all amounts each of which is the wages that the corporation and an associated employer of the corporation at the end of the calendar year that ended immediately before the date of the beginning of the particular year of operation of the corporation have paid in that calendar year to an employee who reports for work at an establishment of the corporation or the associated employer situated in Québec;

(b) B is the aggregate of all amounts each of which is the wages that the corporation and an associated employer of the corporation at the end of the calendar year that ended immediately before the date of the beginning of the particular year of operation of the corporation have paid in the base calendar year of the corporation to an employee who reports for work at an establishment of the corporation or the associated employer situated in Québec; and

(c) C is the aggregate of all amounts each of which is the wages that the corporation and an associated employer of the corporation at the end of the calendar year that ended immediately before the date of the beginning of the particular year of operation of the corporation have paid in respect of an eligible employee of the corporation, while the employee qualified as an eligible employee, in that calendar year, without exceeding \$35,714.29.

For the purposes of subparagraphs *a* and *b* of the second paragraph, the following rules apply:

(*a*) where, during a period within a calendar year, an employee reports for work at an establishment of the employer situated in Québec and at an establishment of the employer situated outside Québec, the employee is, for that period, deemed

i. except if subparagraph ii applies, to report for work only at the establishment situated in Québec, and

ii. to report for work only at the establishment situated outside Québec if, during that period, the employee reports for work mainly at an establishment of the employer situated outside Québec; and

(*b*) where, during a period within a calendar year, an employee is not required to report for work at an establishment of the employer and the employee's wages in relation to that period are paid from such an establishment situated in Québec, the employee is deemed to report for work at that establishment if the duties performed by the employee during that period are performed mainly in Québec.

For the purposes of subparagraph *b* of the second paragraph, where the date of the beginning of the operations of a corporation is in the calendar year 2000, the amount determined under that subparagraph is deemed to be equal to the amount obtained by multiplying by 400% the amount equal to the amount by which the aggregate of all amounts each of which is the wages that the corporation and an associated employer of the corporation at the end of the calendar year that ended immediately before the date of the beginning of the particular year of operation of the corporation paid in the first three months of the calendar year 2000 to an employee who reports for work at an establishment of the corporation or the associated employer situated in Québec, exceeds the amount equal to the amount obtained by multiplying by 75% the aggregate of all amounts each of which is an amount paid by the corporation and the associated employer of the corporation in the first three months of the calendar year 2000 as a bonus and that is included in the wages.

“1029.8.36.0.3.51. For the purposes of this division, subject to the fourth paragraph of section 1029.8.36.0.3.50, where the number of days in the base calendar year of a corporation in which the corporation and an associated employer of the corporation at the end of a calendar year that ended immediately before the date of the beginning of a particular year of operation of the corporation have carried on a business in Québec, in this section referred to as the “number of qualifying days” of the corporation or the associated employer, is less than 365, the aggregate of all amounts each of which is the wages paid by the corporation or the associated employer in that base calendar year to an employee who reports for work at an establishment of the corporation or the associated employer situated in Québec in the course of the business carried on by the corporation or the associated employer, is deemed to be equal to the proportion of that aggregate that 365 is of the number of qualifying days of the corporation or the associated employer, in relation to the business.

“1029.8.36.0.3.52. Where a person or a partnership becomes an associated employer of a corporation at any time in a calendar year that ends in one of the first four years of operation of the corporation, the aggregate of all amounts referred to in subparagraph *b* of the second paragraph of section 1029.8.36.0.3.50, each of which is the wages paid in the base calendar year of the corporation by the associated employer of the corporation to an employee who reports for work at an establishment of the associated employer situated in Québec is, notwithstanding the third paragraph of section 1029.8.36.0.3.50 and section 1029.8.36.0.3.51, deemed to be zero.

For the purposes of the first paragraph, a reference to a calendar year ending in a particular year of operation includes a reference to a calendar year ending coincidentally with that of the particular year of operation.

“1029.8.36.0.3.53. For the purposes of section 1029.8.36.0.3.50 and for the purpose of determining the modified rate for a particular year of operation of a corporation that is subsequent to its fifth year of operation, where a corporation, in this section referred to as the “new corporation”, is the result of the amalgamation, within the meaning of section 544, of several corporations, in this section each referred to as a “predecessor corporation”, the new corporation is deemed, subject to the second paragraph, to have paid in the base calendar year of the corporation and the part of the calendar year preceding the amalgamation, the aggregate of all amounts each of which is the wages paid by a predecessor corporation in the base calendar year and the part of the calendar year preceding the amalgamation to an employee who reports for work at an establishment of the predecessor corporation situated in Québec.

For the purposes of section 1029.8.36.0.3.50 and for the purpose of determining the modified rate for a particular year of operation of a new corporation that is subsequent to its fifth year of operation, where an amalgamation, within the meaning of section 544, occurs at any time in a calendar year that ends in one of the first four years of operation of a predecessor corporation, where the new corporation is the result of the amalgamation of the predecessor corporation and another corporation, other than a corporation that is an associated employer of the predecessor corporation at the end of the base calendar year of the predecessor corporation that, at any time in the 12-month period preceding the amalgamation or, where the other corporation began to exist at any time in the 12-month period preceding the amalgamation, at any time in the period that begins at the time when that other corporation begins to exist and that ends at the time of the amalgamation, did not hold a valid qualification certificate for the purposes of this division, the new corporation is deemed to have paid in its base calendar year, the aggregate of all amounts each of which is the wages paid by the predecessor corporation in the base calendar year to an employee who reports for work at the establishment of the predecessor corporation situated in Québec.

For the purposes of this section, a predecessor corporation includes a corporation in respect of which the predecessor corporation was a new corporation.

For the purposes of the second paragraph, a reference to a calendar year that ends in a year of operation includes the reference to a calendar year ending coincidentally with that of the year of operation.

“1029.8.36.0.3.54. For the purposes of section 1029.8.36.0.3.50 and for the purpose of determining the modified rate for a particular year of operation of a corporation that is subsequent to its fifth year of operation, where the rules set out in sections 556 to 564.1 and 565 apply to the winding-up of a subsidiary within the meaning of section 556, the parent corporation is deemed to have paid, in its base calendar year and the part of the calendar year preceding its winding-up, the aggregate of all amounts each of which is the wages paid by the subsidiary, in the base calendar year and the part of the calendar year preceding the winding-up, to an employee who reports for work at an establishment of the subsidiary situated in Québec.

“1029.8.36.0.3.55. Subject to sections 1029.8.36.0.3.53 and 1029.8.36.0.3.54, for the purposes of section 1029.8.36.0.3.50 and for the purpose of determining the modified rate for a particular year of operation of a corporation that is subsequent to its fifth year of operation, where, at a particular time in a particular calendar year, the activities carried on by a person or partnership, in this section referred to as the “vendor”, diminish or cease in whole or in part, in relation to a particular business carried on by the vendor in Québec, and where it may reasonably be considered that, as a result, another person or partnership, in this section referred to as the “purchaser”, begins, after the particular time, to carry on similar activities in the course of carrying on such a business in Québec or increases, after that time, the scope of similar activities pursued in the course of carrying on such a business, the following rules apply, subject to the third, fourth, fifth and sixth paragraphs :

(a) the aggregate of all amounts each of which is the wages paid by the vendor in the vendor’s base calendar year to an employee who reports for work at an establishment of the employer situated in Québec in relation to the particular business is deemed to be equal, at any time after the particular time, to the amount by which that aggregate otherwise determined exceeds the amount determined by the formula

$$A \times B \times C;$$

(b) the purchaser is deemed

i. to have paid to an employee who reports for work at an establishment of the employer situated in Québec, in a period within the particular calendar year, an amount equal to the proportion of the aggregate of all amounts each of which is the wages paid by the vendor to such an employee, to the extent that the employee may reasonably be considered to have been assigned to the carrying on of the part of the activities that diminished or ceased at the particular time, that the number of days in the particular calendar year preceding the particular time is of the number of days in the particular calendar year during which the vendor carried on those activities, and

ii. to have paid in respect of the aggregate of all amounts each of which is the wages paid in the purchaser's base calendar year to an employee who reported for work at an establishment of the employer situated in Québec in relation to the particular business, an amount equal to the aggregate of

(1) the aggregate of all amounts each of which is the wages paid by the purchaser in the purchaser's base calendar year, otherwise determined, to an employee who reported for work at an establishment of the employer situated in Québec in relation to the particular business,

(2) an amount equal to the proportion of the aggregate of all amounts each of which is the wages paid by the vendor to an employee in the part of the particular calendar year preceding the particular time, to the extent that the wages may reasonably be considered to relate to the carrying on by the employee of the part of the activities that diminished or ceased at the particular time, that the number of days in the particular calendar year preceding the particular time is of the number of days in the particular calendar year during which the vendor carried on those activities, and

(3) the aggregate of all amounts each of which is the wages paid by the purchaser to an employee, in the part of the calendar year following the particular time, to the extent that the wages may reasonably be considered to relate to the carrying on by the employee of the part of the activities that began or increased at the particular time.

In the formula provided for in subparagraph *a* of the first paragraph,

(*a*) *A* is the aggregate of all amounts each of which is the wages paid by the vendor in the vendor's base calendar year to an employee who reports for work at an establishment of the employer situated in Québec in relation to the particular business;

(*b*) *B* is the proportion that the number of the vendor's employees referred to in subparagraph *a* who are assigned to the part of the activities that diminished or ceased at the particular time is of the number of the vendor's employees referred to in subparagraph *a* immediately before the particular time; and

(*c*) *C* is the proportion that the number of days in the particular calendar year following the particular time is of 365.

Where a person or a partnership is, at any time in a calendar year, a purchaser in relation to activities carried on by a person or partnership and, at a subsequent time in the same calendar year, that person or partnership is a vendor in relation to all of those activities, this section does not apply to the person or partnership either as vendor or as purchaser in respect of the activities and, for the purposes of section 1029.8.36.0.3.50, the person or partnership is deemed to have paid, from that time to the subsequent time, no portion of the wages that may reasonably be considered to relate to the employees of the person or partnership assigned to the carrying on of the activities that ceased after the subsequent time.

For the purposes of this section, where a person or partnership is, at a particular time in a calendar year, a purchaser in relation to activities carried on by another person or partnership and, at a subsequent time in the same calendar year, that person or partnership is a vendor in relation to part of those activities, the following rules apply :

(a) in applying this section to the person or partnership, the person or partnership is deemed to be a purchaser, at the particular time, only in relation to that part of activities ;

(b) for the purposes of section 1029.8.36.0.3.50 and subparagraph 3 of subparagraph ii of subparagraph *b* of the first paragraph, in respect of the purchaser in relation to that part of activities, the person or partnership is deemed to have paid to the employees of the person or partnership only the portion of the wages that may reasonably be considered to have been paid to the employees of the person or partnership assigned to the part of the activities that the corporation continues to carry on after that time ; and

(c) for the purposes of subparagraph i of subparagraph *b* of the first paragraph and of subparagraph 2 of subparagraph ii of that subparagraph *b*, in respect of the purchaser in relation to that part of activities, the other person or partnership is deemed to be a vendor only in relation to that part of activities.

Where a particular person or partnership is, at any time in a calendar year, a purchaser in relation to certain activities carried on by a person or partnership and that person or partnership was at an earlier time in the calendar year, a purchaser in relation to those activities carried on by another person or partnership, in applying this section to the particular person or partnership, subparagraph i of subparagraph *b* of the first paragraph and subparagraph 2 of subparagraph ii of that subparagraph *b* shall be read as if the reference therein to “vendor” were a reference to all the persons or partnerships that were, in the calendar year and before that time, vendors in respect of the activities.

Where, at a particular time in a particular calendar year that ends in one of the first four years of operation of a corporation, the corporation or, as the case may be, an associated employer of the corporation at the end of a calendar year is a purchaser in relation to activities carried on by a person or partnership, this section does not apply to the corporation or the associated employer of the corporation, as purchaser, or to the person or partnership, as vendor, in respect of the activities and, for the purposes of section 1029.8.36.0.3.50, the corporation or, as the case may be, the associated employer of the corporation at the end of the calendar year is deemed to have paid, in the base calendar year, no portion of the wages that may reasonably be considered to relate to the employees of the person or partnership assigned to the carrying on of the activities.

For the purposes of the sixth paragraph, a reference to a calendar year ending in a year of operation includes a reference to a calendar year ending coincidentally with that of the year of operation.

“1029.8.36.0.3.56. Subject to sections 1010 to 1011, for the purposes of this division, where the Minister of Finance replaces or revokes a certificate issued to a corporation for a taxation year, the following rules apply :

(a) a replaced certificate is null from the time it was issued or deemed issued and the new certificate is deemed to have been issued at that time for that taxation year; and

(b) a revoked certificate is null from the time the revocation becomes effective.

A revoked certificate referred to in the first paragraph is deemed not to have been issued as of the effective date specified in the notice of revocation.

“§4. — *Government assistance, non-government assistance and other particulars*

“1029.8.36.0.3.57. Where, before 1 January 2012, a corporation pays in a taxation year, in this section referred to as the “repayment year”, pursuant to a legal obligation, an amount that may reasonably be considered to be repayment of government assistance or non-government assistance that was taken into account for the purpose of computing qualified wages incurred in a particular taxation year by the corporation in respect of an eligible employee and in respect of which the corporation is deemed to have paid an amount to the Minister under section 1029.8.36.0.3.48 for the particular taxation year, or would be deemed to have paid an amount to the Minister under section 1029.8.36.0.3.48 for that particular year if that section were read without reference to the fourth and fifth paragraphs thereof, the corporation is deemed, if it encloses the prescribed form with the fiscal return it is required to file for the repayment year under section 1000, to have paid to the Minister on its balance due-day for the repayment year, on account of its tax payable for that year under this Part, an amount equal to the amount by which the amount that it would be deemed to have paid to the Minister for the particular year in respect of the qualified wages under section 1029.8.36.0.3.48 if it were read without reference to the fourth and fifth paragraphs thereof and if any amount of assistance so repaid at or before the end of the repayment year had reduced, for the particular year, the amount determined under subparagraph i of paragraph b of the definition of “qualified wages” in the first paragraph of section 1029.8.36.0.3.46, exceeds the aggregate of

(a) the amount that the corporation is deemed to have paid to the Minister under section 1029.8.36.0.3.48 for the particular year in respect of the qualified wages, or would be deemed to have paid to the Minister under section 1029.8.36.0.3.48 for the particular year in respect of the qualified wages, if that section were read without reference to the fourth and fifth paragraphs thereof; and

(b) any amount that the corporation is deemed to have paid to the Minister for a taxation year preceding the repayment year under this paragraph in respect of an amount of repayment of that assistance.

Notwithstanding the first paragraph, no corporation may be deemed to have paid the amount determined under that paragraph to the Minister, on account of its tax payable for the repayment year under this Part, where it elects irrevocably, in the manner and within the time specified in the third paragraph, to avail itself for the year of the provisions of the first paragraph of section 34.0.0.0.4 of the Act respecting the Régie de l'assurance maladie du Québec (chapter R-5) in respect of the aggregate of all amounts each of which is an amount that the corporation would, but for this paragraph and the fourth paragraph of section 1029.8.36.0.3.48, be deemed to have paid to the Minister for the year under this division.

A corporation makes the election to which the second paragraph refers for the repayment year by filing with the Minister, for the first time and on or before the day that is 12 months after the corporation's filing-due date for the year, the prescribed form containing the prescribed information referred to in the first paragraph.

“1029.8.36.0.3.58. For the purposes of the first paragraph of section 1029.8.36.0.3.57, an amount of assistance is deemed to be repaid by a corporation in a taxation year pursuant to a legal obligation where that amount

(a) reduced, because of subparagraph i of paragraph b of the definition of “qualified wages” in the first paragraph of section 1029.8.36.0.3.46, the amount of the wages referred to in that paragraph b, for the purpose of computing qualified wages in respect of which the corporation is deemed to have paid an amount to the Minister under section 1029.8.36.0.3.48, or would be deemed to have paid an amount to the Minister under section 1029.8.36.0.3.48 if it were read without reference to the fourth and fifth paragraphs thereof;

(b) was not received by the corporation; and

(c) ceased in the taxation year to be an amount that the corporation may reasonably expect to receive.

“1029.8.36.0.3.59. Where it may reasonably be considered that one of the main reasons for the separate existence of two or more corporations in a calendar year is to cause the rate mentioned in the first paragraph of section 1029.8.36.0.3.48 that is applicable to the first five years of operation of a corporation not to be, for the sixth year of operation of the corporation, replaced by a lower rate, pursuant to sections 1029.8.36.0.3.49 and 1029.8.36.0.3.50, or to cause the modified rate for a particular year of operation of the corporation that is subsequent to its sixth year of operation to be maintained or increased in relation to the rate applicable to the preceding year of operation, those corporations are deemed, for the purposes of this division, to be associated with each other at the end of the year.”

(2) Subsection 1 applies in respect of wages incurred after 11 May 2000. However,

(1) where section 1029.8.36.0.3.46 of the said Act applies before 20 December 2001, it shall be read with the following definitions inserted in alphabetical order in the first paragraph:

“1029.8.36.72.45. A qualified corporation that is associated with one or more other corporations at the end of a calendar year within the qualified corporation's eligibility period and encloses the documents referred to in the fourth paragraph with the fiscal return the qualified corporation is required to file under section 1000 for the taxation year in which the calendar year ends, is deemed, subject to the third paragraph, to have paid to the Minister on the qualified corporation's balance-due day for that taxation year, on account of its tax payable for that taxation year under this Part, an amount equal to 40% of the aggregate of

(a) if, in the taxation year, the qualified corporation carries on a recognized business in an eligible region, subject to the second paragraph, the lesser of

i. the amount by which the aggregate of all amounts each of which is the salaries or wages paid by the qualified corporation to an employee in a period within the calendar year for which the employee is an eligible employee

exceeds the aggregate of all amounts each of which is the salaries or wages paid by the qualified corporation to an employee in a period within the qualified corporation's base period in relation to the calendar year, for which the employee is an eligible employee or, where the calendar year, except in the case of a corporation that results from an amalgamation or a corporation to which section 1029.8.36.72.52 applies in relation to the calendar year, ends in the first taxation year of the qualified corporation, an amount equal to zero,

ii. the amount by which the aggregate of the qualified corporation's eligible amount for the calendar year and the eligible amount for the calendar year of each corporation with which the qualified corporation is associated at the end of the calendar year exceeds the aggregate of the qualified corporation's base amount in relation to that calendar year and the base amount of each corporation with which the qualified corporation is associated at the end of that calendar year in relation to that calendar year, and

iii. the amount by which the qualified corporation's eligible amount for the calendar year exceeds the qualified corporation's base amount in relation to that calendar year; and

(b) the eligible repayment of assistance by the qualified corporation for the taxation year.

Where the qualified corporation referred to in subparagraph *a* of the first paragraph is associated, at the end of the calendar year, with at least one other qualified corporation carrying on a recognized business in an eligible region in the taxation year in which the calendar year ends, the amount determined under subparagraph *a* shall not exceed the amount that is attributed to it in respect of the calendar year pursuant to the agreement referred to in section 1029.8.36.72.46.

For the purpose of computing the payments that the qualified corporation is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the qualified corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable under this Part, for a particular taxation year that is subsequent to the first taxation year in which the first calendar year comprised in the qualified corporation's eligibility period ends, and its tax payable for that particular taxation year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the product obtained by multiplying the amount determined under the first paragraph for the taxation year preceding the particular taxation year by the proportion that 1 is of the number of payments required to be made by the qualified corporation in that particular taxation year.

The documents to which the first paragraph refers are the following:

(a) the prescribed form containing the prescribed information;

(b) a copy of the unrevoked qualification certificate issued to the qualified corporation for the taxation year in relation to the recognized business ; and

(c) where the second paragraph applies, the agreement referred to in section 1029.8.36.72.46 filed in prescribed form.

“1029.8.36.72.46. The agreement to which the second paragraph of section 1029.8.36.72.45 refers in respect of a calendar year means an agreement under which all of the qualified corporations carrying on, in the calendar year, a recognized business in an eligible region and that are associated with each other at the end of that calendar year attribute to one or more of their number, for the purposes of this division, one or more amounts the aggregate of which for the calendar year does not exceed the lesser of

(a) the amount by which the aggregate of all amounts each of which is the salaries or wages paid by one such corporation to an employee in a period within the calendar year for which the employee is an eligible employee exceeds the aggregate of all amounts each of which is the salaries or wages paid by the corporation to an employee in a period within the corporation’s base period in relation to that calendar year, for which the employee is an eligible employee or, where the calendar year, except in the case of a corporation that results from an amalgamation or a corporation to which section 1029.8.36.72.52 applies in relation to the calendar year, ends in the first taxation year of the corporation, an amount equal to zero ; and

(b) the amount by which the aggregate of all amounts each of which is the eligible amount of one such corporation for the calendar year exceeds the aggregate of all amounts each of which is the base amount of one such corporation in relation to that calendar year.

“1029.8.36.72.47. Where the aggregate of the amounts attributed, pursuant to the agreement referred to in the second paragraph of section 1029.8.36.72.45, in respect of a calendar year by the qualified corporations carrying on, in that calendar year, a recognized business in an eligible region and that are associated with each other at the end of that calendar year exceeds the particular amount that is the excess amount determined for that calendar year in respect of those corporations under section 1029.8.36.72.46, the amount attributed to each of the corporations for the calendar year is deemed, for the purposes of section 1029.8.36.72.45, to be equal to the proportion of the particular amount that the amount attributed for the calendar year to that corporation pursuant to the agreement is of the aggregate of all amounts attributed for the calendar year pursuant to the agreement.

“§3. — Government assistance, non-government assistance and other particulars

“1029.8.36.72.48. For the purpose of computing the amount that is deemed to have been paid to the Minister by a qualified corporation, for a particular taxation year, under section 1029.8.36.72.44 or 1029.8.36.72.45, the following rules apply, subject to the second paragraph :

i. by the amount of any government assistance or non-government assistance attributable to the salaries or wages that the qualified corporation or the corporation associated with it, as the case may be, has received, is entitled to receive or may reasonably expect to receive, on or before its filing-due date for its taxation year, except any amount of government assistance that reduced the amount of the salaries or wages paid by the qualified corporation under subparagraph ii,

ii. by the portion of such salaries or wages that may reasonably be considered to be included in computing an expenditure in respect of which the qualified corporation or the corporation associated with it, as the case may be, is deemed to have paid an amount to the Minister under this chapter for any taxation year, and

iii. by the amount of any benefit or advantage, whether in the form of a reimbursement, compensation, guarantee, in the form of proceeds of disposition of property which exceed the fair market value of the property, or in any other form or manner, other than a benefit or advantage derived from the performance of the duties of an employee, that a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain, on or before the qualified corporation’s filing-due date for its taxation year, to the extent that the benefit or advantage may reasonably be considered to be attributable, directly or indirectly, to part or all of the amount of the salaries or wages paid by the qualified corporation or the corporation associated with it, as the case may be; and

(b) the amount of the salaries or wages paid by a particular qualified corporation associated with one or more other qualified corporations, determined for the purpose of computing the amount that may be attributed, in respect of a calendar year, in accordance with section 1029.8.36.72.46 to one or more of their number, shall be reduced, where applicable,

i. by the amount of any government assistance or non-government assistance attributable to the salaries or wages that the particular qualified corporation has received, is entitled to receive or may reasonably expect to receive, on or before its filing-due date for its taxation year, except any amount of government assistance that reduced the amount of salaries or wages under subparagraph ii,

ii. by the portion of such salaries or wages that may reasonably be considered to be included in computing an expenditure in respect of which the particular qualified corporation is deemed to have paid an amount to the Minister under this chapter for any taxation year, and

iii. by the amount of any benefit or advantage, whether in the form of a reimbursement, compensation, guarantee, in the form of proceeds of disposition of property which exceed the fair market value of the property, or in any other form or manner, other than a benefit or advantage derived from the performance of the duties of an eligible employee, that a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain, on or before the particular qualified corporation's filing-due date for its taxation year, to the extent that the benefit or advantage may reasonably be considered to be attributable, directly or indirectly, to part or all of the amount of the salaries or wages paid by the particular qualified corporation.

The aggregate of the amounts referred to in subparagraphs i to iii of subparagraph *a* or *b* of the first paragraph, in this paragraph referred to as the "reduction amounts", that reduced the amount of the salaries or wages paid by the qualified corporation in respect of a period within the qualified corporation's base period in relation to a calendar year, shall not exceed the aggregate of the reduction amounts of the salaries or wages paid by that corporation in respect of the calendar year ending in that corporation's particular taxation year referred to in the first paragraph.

"1029.8.36.72.49. For the purposes of this division, an amount of assistance is deemed to be repaid in a calendar year by a qualified corporation where that amount

(a) reduced the amount of salaries or wages for the purpose of computing,

i. in the case of assistance referred to in subparagraph *a* of the first paragraph of section 1029.8.36.72.48, the amount that the qualified corporation is deemed to have paid to the Minister for a taxation year under subparagraph *a* of the first paragraph of section 1029.8.36.72.44 or 1029.8.36.72.45, or

ii. in the case of assistance referred to in subparagraph *b* of the first paragraph of section 1029.8.36.72.48, the excess amount referred to in paragraph *a* of section 1029.8.36.72.46 determined, in respect of a calendar year in relation to all of the qualified corporations carrying on a recognized business in an eligible region and that are associated with each other;

(b) was not received by the qualified corporation; and

(c) ceased in the calendar year to be an amount that the qualified corporation may reasonably expect to receive.

"1029.8.36.72.50. For the purposes of this division, the following rules apply to a corporation, in this section referred to as the "new corporation", resulting from the amalgamation, within the meaning of section 544, of two or

more corporations, each of which is referred to in this section as a “predecessor corporation” :

(a) if the new corporation has a base period, in relation to a calendar year, of less than 365 days, its base period, otherwise determined in relation to the calendar year, is deemed to include the period of the preceding calendar year, in this section referred to as the “preceding period”, commencing on the day on which a recognized business, or a business that would have been a recognized business if a qualification certificate had been issued in its respect, was first carried on in Québec by one of the predecessor corporations, and ending immediately before the amalgamation ; and

(b) for the purpose of determining the amount that the new corporation is deemed to have paid to the Minister under this division for the taxation year in which the calendar year ends, the new corporation is deemed to have paid, in the preceding period, the aggregate of all amounts each of which is the salaries or wages paid by a predecessor corporation to an employee in a period within the preceding period for which the employee

i. is an eligible employee of the predecessor corporation, or

ii. if the employee reports for work at an establishment of the predecessor corporation situated in Québec, would be an eligible employee of the predecessor corporation if the establishment where the employee so reported for work had been situated in an eligible region.

For the purposes of this section, a predecessor corporation includes any corporation in respect of which the predecessor corporation was a new corporation.

(b) for the purpose of determining the amount that the parent corporation is deemed to have paid to the Minister under this division for the taxation year in which the calendar year ends, the parent corporation is deemed to have paid, in the preceding period, the aggregate of all amounts each of which is the salaries or wages paid by the subsidiary to an employee in a period within the preceding period for which the employee

i. is an eligible employee of the subsidiary, or

ii. if the employee reports for work at an establishment of the subsidiary situated in Québec, would be an eligible employee of the subsidiary if the establishment where the employee so reported for work had been situated in an eligible region.

“1029.8.36.72.52. Subject to sections 1029.8.36.72.50 and 1029.8.36.72.51, where, at a particular time in a particular calendar year, the activities carried on by a corporation, in this section referred to as the “vendor”, in relation to a recognized business or a business that would be a recognized business if a qualification certificate had been issued in its respect, diminish or cease in whole or in part and it may reasonably be considered that, as a result, another corporation, in this section referred to as the “purchaser”, begins, after the particular time, to carry on similar activities in the course of carrying on such a business, or increases, after the particular time, the scope of similar activities carried on in the course of carrying on such a business, the following rules apply, subject to the third, fourth and fifth paragraphs, for the purpose of determining the amount that a corporation is deemed to have paid to the Minister under this division in respect of the particular calendar year or a subsequent calendar year:

(a) the aggregate of all amounts each of which is the salaries or wages paid by the vendor to an employee in its base period in relation to the particular calendar year for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the vendor situated in Québec, paid by the vendor in its base period in relation to the particular calendar year for which the employee would be an eligible employee of the vendor if the establishment where the employee so reported for work had been situated in an eligible region is deemed to be equal to the amount by which that aggregate otherwise determined exceeds the amount determined by the formula

$$A \times B \times C;$$

(b) the purchaser is deemed

i. to have an eligible amount for the particular calendar year equal to the aggregate of the purchaser’s eligible amount for the year otherwise determined and the amount that is the proportion of the aggregate of all amounts each of which is the salaries or wages paid by the vendor to an employee in a period within the particular calendar year for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the vendor situated in Québec, paid by the vendor in a period within the particular calendar year for which the employee would be an eligible employee of the vendor if the establishment where the employee so reported for work had been situated in an eligible region, to the extent that the employee may reasonably be considered to have been assigned to the carrying on of the part of the activities that diminished or ceased at the particular time,

that the number of days in the particular calendar year preceding the particular time is of the number of days in the particular calendar year during which the vendor carried on those activities, and

ii. to have a base amount in relation to the particular calendar year equal to the aggregate of

(1) the base amount of the purchaser otherwise determined in relation to the particular calendar year,

(2) the amount that is the proportion of the salaries or wages paid by the vendor to an employee in a period within the particular calendar year for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the vendor situated in Québec, paid by the vendor in a period within the particular calendar year for which the employee would be an eligible employee of the vendor if the establishment where the employee so reported for work had been situated in an eligible region, to the extent that the salaries or wages may reasonably be considered to relate to the carrying on by the employee of the part of the activities that diminished or ceased at the particular time, that the number of days in the particular calendar year preceding the particular time is of the number of days in the particular calendar year preceding the particular time during which the vendor carried on those activities, and

(3) the aggregate of all amounts each of which is the salaries or wages paid by the purchaser to an employee in a period of the particular calendar year and after the particular time, for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the purchaser situated in Québec, paid by the purchaser in a period of the particular calendar year and after the particular time for which the employee would be an eligible employee of the purchaser if the establishment where the employee so reported for work had been situated in an eligible region, to the extent that the salaries or wages may reasonably be considered to relate to the carrying on by the employee of the part of the activities that began or increased at the particular time.

In the formula provided for in subparagraph *a* of the first paragraph,

(*a*) *A* is the aggregate of all amounts each of which is the salaries or wages paid by the vendor to an employee in its base period for the particular calendar year for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the vendor situated in Québec, paid by the vendor in a period within the year for which the employee would be an eligible employee of the vendor if the establishment where the employee so reported for work had been situated in an eligible region;

(*b*) *B* is the proportion that the number of the vendor's employees referred to in subparagraph *a* who are assigned to the part of the activities that

diminished or ceased at the particular time is of the number of the vendor's employees assigned to those activities immediately before the particular time ; and

(c) C, where this section applies for the purpose of determining the amount that a corporation is deemed to have paid to the Minister under this division in respect of the particular calendar year, is the proportion that the number of days in the particular calendar year following the particular time is of 365.

Where a corporation is, at any time in a calendar year, a purchaser in relation to activities carried on by another corporation and, at a subsequent time in the same calendar year, that corporation is a vendor in relation to all of those activities, this section does not apply to the corporation either as vendor or as purchaser in respect of the activities and, for the purpose of determining the amount that the corporation is deemed to have paid to the Minister under this division, the corporation is deemed to have paid, from that time to the subsequent time, no portion of the salaries or wages that may reasonably be considered to relate to the employees of the corporation assigned to the carrying on of the activities that ceased after the subsequent time.

For the purposes of this section, where a corporation is, at a particular time in a calendar year, a purchaser in relation to activities carried on by another corporation and, at a subsequent time in the same calendar year, that corporation is a vendor in relation to part of those activities, the following rules apply for the purpose of determining the eligible amount of the corporation for the year and the base amount of the corporation in relation to that year :

(a) the corporation is deemed to have paid to its employees only the portion of the salaries or wages that may reasonably be considered to have been paid to the employees of the corporation assigned to the part of the activities that the corporation continues to carry on after that time ; and

(b) the other corporation is deemed to have paid to its employees only the portion of the salaries or wages that may reasonably be considered to have been paid to the employees of the other corporation assigned to the part of the activities that the corporation continues to carry on after that time.

Where a particular corporation is, at any time in a calendar year, a purchaser in relation to certain activities carried on by a corporation and that corporation was, at an earlier time in the calendar year, a purchaser in relation to those activities carried on by another corporation, in applying this section to the particular corporation, subparagraph i of subparagraph *b* of the first paragraph and subparagraph 2 of subparagraph ii of that subparagraph *b* shall be read as if the reference therein to "vendor" were a reference to all the corporations that were, in the calendar year and before that time, vendors in respect of the activities.

"1029.8.36.72.53. For the purposes of this division, where a corporation has received, is entitled to receive or may reasonably expect to

receive non-government assistance, or where a person or a partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, whether in the form of a reimbursement, compensation, guarantee, in the form of proceeds of disposition of property which exceed the fair market value of the property, or in any other form or manner, in respect of a taxation year or a fiscal period in which the base period of the corporation in relation to a calendar year ends, in respect of a recognized business, or a business that would have been a recognized business if a qualification certificate had been issued in its respect, and where it may reasonably be considered that the main reason for the assistance or the benefit or advantage is to reduce, in accordance with subparagraph i or iii of subparagraph *a* or *b* of the first paragraph of section 1029.8.36.72.48, as the case may be, the amount of the salaries or wages paid by the corporation in its base period, in relation to the business, so as to cause a corporation to be deemed to have paid an amount to the Minister under this division for a taxation year or to increase an amount that a corporation is deemed to have paid to the Minister under this division for a taxation year, the amount of the assistance or of the benefit or advantage is deemed to be equal to zero.

“1029.8.36.72.54. Where it may reasonably be considered that one of the main reasons for the separate existence of two or more corporations in a calendar year is to cause a qualified corporation to be deemed to have paid an amount to the Minister under this division in respect of that year or to increase an amount that a qualified corporation is deemed to have paid to the Minister under this division in respect of that year, those corporations are deemed, for the purposes of this division, to be associated with each other at the end of the year.

“1029.8.36.72.55. The Minister may obtain the advice of Investissement Québec to determine, for the purposes of this division, whether an activity is directly related to the activities of a business described in any of paragraphs *a* to *f* of the definition of “recognized business” in the first paragraph of section 1029.8.36.72.43.

(*b*) for the purpose of determining the amount that the new corporation is deemed to have paid to the Minister under this division for the taxation year in which the calendar year ends, the new corporation is deemed to have paid, in the preceding period, the aggregate of all amounts each of which is the salaries or wages paid by a predecessor corporation to an employee in a period within the preceding period for which the employee

i. is an eligible employee of the predecessor corporation, or

ii. if the employee reports for work at an establishment of the predecessor corporation situated in Québec, would be an eligible employee of the predecessor corporation if the establishment where the employee so reported for work had been situated in the City of Biotechnology and Human Health of Metropolitan Montréal.

For the purposes of this section, a predecessor corporation includes any corporation in respect of which the predecessor corporation was a new corporation.

employee of the vendor if the establishment where the employee so reported for work had been situated in the City of Biotechnology and Human Health of Metropolitan Montréal is deemed to be equal to the amount by which that aggregate otherwise determined exceeds the amount determined by the formula

$$A \times B \times C;$$

ii. to have a base amount in relation to the particular calendar year equal to the aggregate of

(1) the base amount of the purchaser otherwise determined in relation to the particular calendar year,

(2) the amount that is the proportion of the salaries or wages paid by the vendor to an employee in a period within the particular calendar year for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the vendor situated in Québec, paid by the vendor in a period within the particular calendar year for which the employee would be an eligible employee of the vendor if the establishment where the employee so reported for work had been situated in the City of Biotechnology and Human Health of Metropolitan Montréal, to the extent that the salaries or wages may reasonably be considered to relate to the carrying on by the employee of that part of the activities that diminished or ceased at the particular time, that the number of days in the particular calendar year preceding the particular time is of the number of days in the particular calendar year preceding the particular time during which the vendor carried on those activities, and

(3) the aggregate of all amounts each of which is the salaries or wages paid by the purchaser to an employee in a period of the particular calendar year, and after the particular time, for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the purchaser situated in Québec, paid by the purchaser in a period of the particular calendar year and after the particular time, for which the employee would be an eligible employee of the purchaser if the establishment where the employee so reported for work had been situated in the City of Biotechnology and Human Health of Metropolitan Montréal, to the extent that the salaries or wages may reasonably be considered to relate to the carrying on by the employee of the part of the activities that began or increased at the particular time.

In the formulas provided for in subparagraphs *a* and *b* of the first paragraph,

(*a*) *A* is the aggregate of all amounts each of which is the salaries or wages paid by the vendor to an employee in its base period for the particular calendar year for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the vendor situated in Québec, paid by the vendor in a period within the year for which the employee would be an eligible employee of the vendor if the establishment where the employee so reported for work had been situated in the City of Biotechnology and Human Health of Metropolitan Montréal;

(*b*) *B* is the proportion that the number of the vendor's employees referred to in subparagraph *a* who are assigned to the part of the activities that diminished or ceased at the particular time is of the number of the vendor's employees assigned to those activities immediately before the particular time;

(*c*) *C*, where this section applies for the purpose of determining the amount that a corporation is deemed to have paid to the Minister under this division in respect of the particular calendar year, is the proportion that the number of days in the particular calendar year following the particular time is of 365; and

(d) D is the aggregate of all amounts each of which is the salaries or wages paid by the vendor to an employee in a period within the particular calendar year preceding the particular time for which the employee is an eligible employee, or the salaries or wages of an employee who reports for work at an establishment of the vendor situated in Québec, paid by the vendor in a period within the particular calendar year preceding the particular time for which the employee would be an eligible employee of the vendor if the establishment where the employee so reported for work had been situated in the City of Biotechnology and Human Health of Metropolitan Montréal.

Where a corporation is, at any time in a calendar year, a purchaser in relation to activities carried on by another corporation and, at a subsequent time in the same calendar year, that corporation is a vendor in relation to all of those activities, this section does not apply to the corporation either as vendor or as purchaser in respect of the activities and, for the purpose of determining the amount that the corporation is deemed to have paid to the Minister under this division, the corporation is deemed to have paid, from that time to the subsequent time, no portion of the salaries or wages that may reasonably be considered to relate to the employees of the corporation assigned to the carrying on of the activities that ceased after the subsequent time.

For the purposes of this section, where a corporation is, at a particular time in a calendar year, a purchaser in relation to activities carried on by another corporation and, at a subsequent time in the same calendar year, that corporation is a vendor in relation to part of those activities, the following rules apply for the purpose of determining the eligible amount of the corporation for the year and the base amount of the corporation in relation to that year:

(a) the corporation is deemed to have paid to its employees only the portion of the salaries or wages that may reasonably be considered to have been paid to the employees of the corporation assigned to the part of the activities that the corporation continues to carry on after that time; and

(b) the other corporation is deemed to have paid to its employees only the portion of the salaries or wages that may reasonably be considered to have been paid to the employees of the other corporation assigned to the part of the activities that the corporation continues to carry on after that time.

Where a particular corporation is, at any time in a calendar year, a purchaser in relation to certain activities carried on by a corporation and that corporation was, at an earlier time in the calendar year, a purchaser in relation to those activities carried on by another corporation, in applying this section to the particular corporation, subparagraph i of subparagraph c of the first paragraph and subparagraph 2 of subparagraph ii of that subparagraph c shall be read as if the reference therein to “vendor” were a reference to all the corporations that were, in the calendar year and before that time, a vendor in respect of the activities.

“1029.8.36.72.67. For the purposes of this division, where a corporation has received, is entitled to receive or may reasonably expect to receive non-government assistance, or where a person or a partnership has obtained, is entitled to obtain or may reasonably expect to obtain a benefit or advantage, whether in the form of a reimbursement, compensation, guarantee, in the form of proceeds of disposition of property which exceed the fair market value of the property, or in any other form or manner, in respect of a taxation year or a fiscal period in which the base period of the corporation in relation to a calendar year ends, in respect of a recognized business, or a business that would have been a recognized business if a qualification certificate had been issued in its respect, and where it may reasonably be considered that the main reason for the assistance or the benefit or advantage is to reduce, in accordance with subparagraph i or iii of paragraph *a* or *b* of section 1029.8.36.72.62, as the case may be, the amount of the salaries or wages paid by the corporation in its base period, in relation to the business, so as to cause a corporation to be deemed to have paid an amount to the Minister under this division for a taxation year or to increase an amount that a corporation is deemed to have paid to the Minister under this division for a taxation year, the amount of the assistance or of the benefit or advantage is deemed to be equal to zero.

“1029.8.36.72.68. Where it may reasonably be considered that one of the main reasons for the separate existence of two or more corporations in a calendar year is to cause a qualified corporation to be deemed to have paid an amount to the Minister under this division in respect of that year or to increase an amount that a qualified corporation is deemed to have paid to the Minister under this division in respect of that year, those corporations are deemed, for the purposes of this division, to be associated with each other at the end of the year.

“1029.8.36.72.69. The Minister may obtain the advice of Investissement Québec to determine, for the purposes of this division, whether an activity is directly related to the activities of a business described in paragraph *a* or *b* of the definition of “recognized business” in the first paragraph of section 1029.8.36.72.56.”
