Draft Regulation

An Act to ensure safety in guided land transport
(R.S.Q., c. S-3.3)

Rail safety

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the Regulation to amend the Regulation respecting rail safety, the text of which appears below, may be made by the Government upon the expiry of 45 days following this publication.

The purpose of the draft Regulation is to harmonize the provisions related to the transportation of dangerous substances in the Regulation respecting rail safety with those of the Transportation of Dangerous Goods Regulations made by Order in Council P.C. 2001-1336 dated 1 August 2001 provided under the Transportation of Dangerous Goods Act (S.C. 1992, c. 34). The draft Regulation ensures the application of regulations concerning the transportation of dangerous substances with greater flexibility while taking into account the multitude of transported products and the new conditions under federal regulations. It prescribes the safety rules related to containerizing standards, the use of shipping documents, the display of safety marks and the training of stakeholders. Finally, it allows Québec carriers and consignors to remain competitive with those of other provinces.
