## Draft Regulation

Parks Act  
(R.S.Q., c. P-9)

### Parks — Amendments

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the Regulation to amend the Parks Regulation, the text of which appears below, may be made by the Government on the expiry of 45 days following this publication.

The draft Regulation determines the zoning of the future Parc national des Pingualuit. The proposed park covers an area of 1,134.4 km<sup>2</sup>. It will be divided into a maximum preservation zone (6.4 km<sup>2</sup>) allocated to the preservation of the water quality and integrity of Lac Pingualuk, preservation zones (472.6 km<sup>2</sup>) allocated to the preservation of the fragile elements of the park, a natural environment zone (654.6 km<sup>2</sup>) allocated to the discovery and exploration of the natural environment, and a services zone (0.8 km<sup>2</sup>) allocated to reception, information and management of the park.

For that purpose, the Regulation amends the Parks Regulation to add Schedule 23, which comprises the zoning plan of the future Parc national des Pingualuit.

To date, study of the matter has shown a positive impact for the beneficiaries of the James Bay and Northern Québec Agreement who may profit from the economic spinoffs generated by park visitors.
