2.2 Any person hired after December 31, 2003 as a trainee or as a permanent employee shall participate in the plan as of the date he begins his employment, if he is under 65 years of age at the time.

2.3 As of June 1, 1990, any temporary employee, with the exception of any person governed by the Construction Decree, R.R.Q. 1987, c. R-20, r.5.1, shall participate in the plan if, in the year preceding the one during which he joins the plan, he received from the employer compensation at least equal to 35% of the year’s maximum pensionable earnings, as established for the said year, or has been in the employment of the employer for a minimum of 700 hours and if, at the time his membership begins, he has not reached the age of 65.

2.4 Any person working for a subsidiary as an employee shall participate in the plan as of the date provided for in the plan membership agreement concluded under Section 29, if he is under 65 years of age at the time and subject to the provisions set out in 2.3 in respect of temporary employees.

SECTION 3 CONTRIBUTIONS

3.1 Employee contributions :

(a) At each pay period, a member contributes, through payroll deduction, an amount equal to the sum of :

- i. 6.3% of the earnings up to the basic exemption ;
- ii. 4.5% of that portion of earnings between the basic exemption and the year’s maximum pensionable earnings ;
- iii. 6.3% of that portion of earnings above the year’s maximum pensionable earnings.

(b) A member who receives earnings during temporary leave of absence shall continue to make contributions.

(c) A member shall cease to make contributions on the last day of the month during which he attains age 65.

3.2 Employer contributions

For each member contributing to the plan, the employer shall pay, before the 15th day following the end of each pay period, a contribution equal to the sum of :

(a) 11.34% of the earnings up to the basic exemption ;

(b) 9.54% of that portion of earnings between the basic exemption and the year's maximum pensionable earnings;

(c) 11.34% of that portion of earnings above the year's maximum pensionable earnings.

3.3 Adjustment of contributions

(a) The contributions provided for in 3.1 and 3.2 above are adjusted in accordance with the actuarial valuation report prepared by the actuary and filed with the Régie des rentes du Québec. This report sets out recommendations to Hydro-Québec as to the percentages for employee and employer contributions, in such a way that at the date of the actuarial valuation, the percentage of employer contributions when applied to the total of the earnings of the contributing members represents 180% of the percentage of the employee contributions on the members' total earnings. The percentage of employee and employer contributions thus obtained is reduced by 1.8 percentage point for that portion of earnings between the basic exemption and the year's maximum pensionable earnings. However, for the purpose of determining the percentage of employee contributions and the percentage of employer contributions according to the 100% 180% ratio stipulated above, the said 1.8 percentage point reduction is not taken into account.

(b) The percentages of employee contributions and the percentages of employer contributions determined according to *a* above are reduced, where applicable, by the utilization of any surplus in respect of part I of the plan as shown in the report mentioned in *a* above.

(c) Following the adjustments as set out in *a* and *b* above, the resulting percentages of employee and employer contributions shall not exceed those set out in 3.1 and 3.2, nor be less than:

i. Employee contributions:

(1) 5.82% of the earnings up to the basic exemption;

(2) 4.02% of that portion of earnings between the basic exemption and the year's maximum pensionable earnings;

(3) 5.82% of that portion of earnings above the year's maximum pensionable earnings.

ii. Employer contributions:

(1) 10.48% of the earnings up to the basic exemption;

(2) 8.68% of that portion of earnings between the basic exemption and the year's maximum pensionable earnings;

(3) 10.48% of that portion of earnings above the year's maximum pensionable earnings.

iii. notwithstanding the foregoing, from January 1, 1997 to December 31, 2000:

Employer contributions:

(1) 5.82% of the earnings up to the basic exemption;

(2) 4.02% of that portion of earnings between the basic exemption and the year's maximum pensionable earnings;

(3) 5.82% of that portion of earnings above the year's maximum pensionable earnings.

(d) The percentages of employee and employer contributions resulting from the application of 3.3 shall be applied during the period set out in the report mentioned in *a* above. However, the percentages of contributions provided for in 3.1 and 3.2 shall apply for the period between the end of the period covered by an actuarial valuation report and the date on which a new actuarial valuation report is filed with the Régie des rentes du Québec.

(e) An overpayment of contributions resulting from the adjustments provided for in 3.3 shall be returned to the members and the employer in the form of a contribution holiday according to terms and conditions determined by Hydro-Québec and subject to the Supplemental Pension Plans Act and any regulations adopted pursuant to this Act. In the event that a contribution holiday cannot be granted, such as in the case of a termination of employment, a death entitling the spouse or children to a survivor pension, where applicable, an unpaid temporary leave or a retirement, or in the event that the member has ceased to contribute to the plan, the overpayment of employee contributions shall be reimbursed with interest unless they are included in the excess contributions.

(f) If, following the adjustments provided for in 3.3, the contributions made are insufficient, the difference between the contributions made and the contributions payable shall be paid by the contributing members and the employer. The payment thereof, with interest, shall be according to the terms and conditions determined by Hydro-Québec and pursuant to the Supplemental Pen-

sion Plans Act and any regulations adopted pursuant to this Act. In the event that no earnings are paid, such as in the case of a termination of employment, a death entitling the spouse or children to a survivor pension, an unpaid temporary leave or a retirement, or in the event that the member has ceased to contribute to the plan, the difference shall be returned to the pension fund with interest.

3.4 Equalization contributions

The employer shall make up any unfunded actuarial liability of the plan through one or more payments, the terms and conditions of which shall be determined by the employer, in accordance with the provisions then in force of the Hydro-Québec Act and the Supplemental Pension Plans Act.

The employer shall also pay any amount required to ensure the solvency of the plan pursuant to the provisions of the Supplemental Pension Plans Act.

Any technical actuarial deficiency resulting from the experience of the plan in relation to the improvements made to Part I of the plan after December 31, 1985 shall be made up through special contributions shared by the employer and the contributing members, with the employer's share being equal to 180% of the member's share, provided, however, that the percentages of employee contributions, as increased by this special contribution and expressed as percentages of earnings, does not exceed the percentages set out in 3.1.

3.4 A) Adjustment of contributions

(a) Notwithstanding the foregoing, the employee contributions of members concerned and employer contributions made on their behalf shall be suspended until the effective date of an actuarial valuation report for the plan filed with the Régie des rentes du Québec and which shows a funding rate of less than 110%.

(b) The plan's actuarial valuation report filed with the Régie des rentes du Québec showing a funding rate of less than 110% specifies the rate of employee contributions for members concerned and the rate of employer contributions made on their behalf in effect until a new actuarial valuation report for the plan is filed with the Régie des rentes du Québec. Employee contributions cannot be increased by more than 1% of earnings per year and employer contributions are equal to 180% of employee contributions, until they respectively reach the employee contributions set out in accordance with 3.1.

(c) The filing with the Régie des rentes du Québec of an actuarial valuation report of the plan showing a funding rate which is equal to or more than 110% will, on the effective date of the actuarial valuation report, result in the suspension of employee contributions for members concerned and employer contributions on their behalf.

(d) The plan's actuarial valuation report filed with the Régie des rentes du Québec also specifies the employer contributions required to cover the current service cost for members concerned taking into account employee contributions and employer contributions resulting from the application of 3.4Ab, the funding surplus and the excess employer contributions.

(e) Employer contributions made in accordance with 3.4Ad that exceed those resulting from the application of 3.4Ab are deemed to be excess employer contributions made and are recorded and credited using the pension fund's rate of return. Any equalization contribution made in accordance with 3.4 for members concerned shall be considered an excess employer contribution. The plan's actuarial valuation report filed with the Régie des rentes du Québec indicates the excess employer contributions.

Excess employer contributions identified in the first paragraph of paragraph *e* of 3.4A of By-law no. 679, By-law no. 681, By-law no. 699, or the plan shall be remitted in priority to the employer as soon as a sufficient funding surplus is declared. This rebate shall take the form of a reduction in the employer contribution. The plan's actuarial valuation report filed with the Régie des rentes du Québec indicates the reduction in employer contributions.

3.5 Excess contributions

(a) Excess contributions are equal to employee contributions provided for in 3.1, 3.3 and 3.4A, contributions with respect to the redemption of years of contributory service in accordance with Sections 3, 10 and 11 and contributions pursuant to a transfer agreement paid by the member for the years of contributory service after December 31, 1989, accrued with interest, in excess of 50% of the present value of the benefits provided for in Part I of the plan and resulting from the years of contributory service after December 31, 1989, excluding the additional benefit provided for in 13.6.

(b) Excess contributions are calculated at the date of termination of employment, death or retirement of the member, whichever comes first.

3.6 Contributions for periods of temporary leave of absence or reduction in workweek

(a) A member who receives compensation from the employer during a temporary leave of absence due to maternity shall continue to make contributions. These shall be calculated on the earnings rate shown on the employer's payroll during the temporary leave of absence.

(b) i. A member who receives an indemnity from the employer during a temporary leave of absence resulting from a preventive leave under the Act Respecting Occupational Health and Safety, R.S.Q., c. S-2.1, or an occupational accident under the Act Respecting Industrial Accidents and Occupational Diseases, R.S.Q., c. A-3.001, shall continue to make contributions. These shall be calculated on the basis of the earnings rate shown on the employer's payroll during the temporary leave of absence.

ii. However, when the indemnity provided for above is paid by the "Commission de la santé et de la sécurité du travail", the member shall, after December 31, 1989, have the option of continuing to make his contributions. For the purposes of this paragraph, his contributions shall be calculated on the basis of his earnings rate shown on the employer's payroll during the temporary leave of absence.

(c) A member who receives payments under a supplementary earnings security plan of the employer shall continue to make contributions based on such payments. Contributions shall be calculated on the basis of these payments even though they may be reduced by payments from a government plan. Benefits shall be calculated, where applicable, on the basis of such earnings.

(d) Subject to the provisions of Section 10, and to the following, no contributions shall be payable during periods of temporary leave of absence without pay, and such periods shall not be considered in the calculation of benefits under the plan. However;

i. from January 1, 1997 to December 31, 2003 and until December 31, 2008 for a member concerned:

(1) during any temporary leave of absence without pay under an unpaid leave plan, the member may, for each pay period, make contributions calculated on the basis of the earnings rate shown on the employer's payroll during the temporary leave of absence. Such contributions shall correspond to the current service cost applicable to the pay period in question, expressed as a percentage, as determined in the actuarial valuation report prepared by the actuary and filed with the Régie des rentes du Québec;

(2) during any temporary leave of absence without pay under a deferred salary leave plan, the member may, for each pay period, make contributions calculated on the basis of the earnings rate shown on the employer's payroll during the temporary leave of absence. Such contributions shall be equal to the sum of the employee contributions and the employer contributions applicable to the pay period in question;

(3) during any period of temporary leave of absence partially compensated under an equally distributed remuneration plan, the member may, for each pay period, make contributions calculated on the basis of the difference between the earnings rate, expressed as a weekly amount, shown on the employer's payroll during the temporary leave of absence and the weekly earnings paid during the periods in question. Such contributions shall be equal to the sum of the employee contributions and the employer contributions applicable to the pay period in question;

(4) during any period of temporary leave of absence without pay under a job sharing arrangement, the member may, for each pay period, make contributions calculated on the basis of the earnings rate shown on the employer's payroll during the temporary leave of absence. Such contributions shall be equal to the sum of the employee contributions and the employer contributions applicable to the pay period in question;

(5) during any temporary leave of absence without pay under a tutorial plan, the member may, for each pay period, make his employee contributions as applicable to the pay period in question and calculated on the basis of the earnings rate shown on the employer's payroll during the temporary leave of absence;

ii. effective January 1, 1997:

(1) during any temporary leave of absence without pay resulting from a voluntary reduction in the workweek from 33.5 hours to 32 hours, approved by the employer, the member may, for each pay period, make contributions calculated on the basis of the earnings rate shown on the employer's payroll in effect during the temporary leave of absence and equal to the sum of the employee contributions and the employer contributions for the one hour and one half per week which corresponds to the difference between the actual schedule and the normal full-time schedule. However, if the sum of the hours paid and redeemed is less than 32, the one hour and one half shall be reduced by the proportion of the number of these hours on 32.

A member may exercise this option on the first pay period of the year, with this choice being valid for the entire year, unless his schedule changes during the year;

(2) during any temporary leave of absence without pay under a parental benefits plan or under an unpaid leave that an employer must grant under any applicable legislation, the member may, for each pay period, make his employee contributions calculated on the basis of the earnings rate shown on the employer's payroll during the temporary leave of absence.

iii. an absence due to the strike which occurred between May 5, 1999 and September 27, 1999 inclusively, including periods of absence owing to administrative and disciplinary measures subject, with respect to the recognition of these periods, to any applicable arbitration decision, is considered, for the purposes herein, as a temporary leave of absence without pay during which the member made, for each pay period, his employee contributions applicable to the pay period in question and calculated on the basis of the earnings rate shown on the employer's payroll during the temporary leave of absence.

(e) Effective January 1, 1997, the employer shall make, within the period set out in 3.2 above, for the member at January 1, 1997 or for the person referred to in 1.2A *ii* who has had his earnings reduced as a result of a reduction in workweek, contributions equal to the sum of the employee contributions and the employer contributions calculated on the basis of the difference between the earnings rate, expressed as a weekly amount, before the reduction in workweek and the earnings rate, expressed as a weekly amount, after said reduction in workweek. Such contributions shall cease as soon as the earnings rate, expressed as a weekly rate, is once again equal to the rate in effect before the reduction in workweek. Such contributions do not increase the number of years of contributory service and serve solely for the purposes of calculating benefits.

(f) The payment of the full amount of the contributions pursuant to *e* above is subject to the payment, by the member, of the contributions provided for in *b ii* and *d* above or to the redemption of the years of contributory service as provided for in Section 10. Where applicable, the employer only makes contributions in proportion to the contributions made by the member. However, the employer shall pay the full amount of such contributions if the member's only non-contributory leave of absence is the one provided for in *d ii* (1) above.

(g) A member who avails himself of the provisions set out in *b ii* and *d* above, shall have the total or part of his temporary leave of absence counted as a year of contributory service.

When a member has all or part of his temporary leave of absence counted as a year of contributory service, the years of contributory service so recognized shall be presumed to be those closest to his return to work.

The provisions regarding the payment of the contributions provided for in *b ii*, *d i* and *d ii* (2) above are set out in Section 10.

A member who avails himself of the provisions set out in *b ii* and *d* above and in Section 10 cannot have adjusted earnings nor a contribution period which is greater than those obtained had he not taken the temporary leaves of absence.

Contributions made in accordance with 3.6 shall be deemed as employee contributions, with the exception of those resulting from *e* and *f* above, which shall be deemed as employer contributions.

3.7 If, during a year, the member receives a retroactive payment of earnings for a previous year, such member shall pay a contribution equal to the difference between the employee contribution based on the contribution rate in effect for the said previous year and applied to the earnings increased by the retroactive payment and the employee contribution actually paid during the appropriate previous year.

3.8 For the purposes of this Section only, the earnings used to determine contributions shall be limited to the sum of the following amounts:

(a) the defined benefit limit for the year;

(b) the year's maximum pensionable earnings multiplied by the rate stipulated in 4.3c,

the whole divided by the rate provided for in 4.1d.

3.9 All contributions paid under this Section shall be subject to the Income Tax Act and to any regulations adopted by the Government of Canada pursuant to this Act.

SECTION 4 **CALCULATION OF PENSION**

4.1 The annual retirement benefit is equal to the sum of the following:

(a) 2% of the five-year average earnings multiplied by the number of years of contributory service prior to January 1, 1966;

(b) 2.25% of the five-year average earnings multiplied by the number of years of contributory service after December 31, 1965 and prior to January 1, 1990;

(c) 2.25% of the five-year average earnings multiplied by the number of years of contributory service after December 31, 1989 and prior to January 1, 1992;

(d) 2% of the five-year average earnings, reduced by the positive difference between:

i. 0.7% of the five-year average earnings, up to the average of the year's maximum pensionable earnings for the five years preceding the date of termination of employment, death, retirement or normal retirement if the member takes a postponed retirement; and

ii. 0.25% of the five-year average earnings;

multiplied by the number of years of contributory service after December 31, 1991.

4.1 A) The bridging benefit ending on the 1st day of the month immediately following the 65th birthday shall be equal to the greater of the following:

(a) 0.7% of the five-year average earnings, up to the average of the year's maximum pensionable earnings for the five years preceding the date of termination of employment, death, retirement or normal retirement if the member takes a postponed retirement, multiplied by the number of years of contributory service after December 31, 1991; and

(b) 0.25% of the five-year average earnings, multiplied by the number of years of contributory service after December 31, 1991.

4.2 The annual pension calculated in 4.1*a* and 4.1*b* above and increased, where applicable, by retirement benefits payable under 5.2*c* shall not exceed, prior to indexing as provided for in Section 13, 80% of the five-year average earnings.

However, for the calculation of this maximum, the adjustment provided for in 5.5*c ii* shall not be taken into account.

4.3 Beginning on the 1st day of the month immediately following the 65th birthday, the retirement benefit provided for in 4.1 and 4.2 shall be reduced by the sum of the following:

(a) 0.7% of the five-year average earnings, up to the average of the year's maximum pensionable earnings for the five years preceding the date of termination of employment, death, retirement or normal retirement if the member takes a postponed retirement, multiplied by the number of years of contributory service after December 31, 1965 and prior to January 1, 1990;

(b) 0.7% of the five-year average earnings, up to the average of the year's maximum pensionable earnings for the five years preceding the date of termination of employment, death, retirement or normal retirement if the member takes a postponed retirement, multiplied by the number of years of contributory service after December 31, 1989 and prior to January 1, 1992;

4.4 (a) An additional retirement benefit calculated, upon retirement, from excess contributions as established in 3.5, if any, accrued with interest from the calculation date provided for in 3.5*b* to the date on which they are used to provide a pension determined on an actuarial equivalence basis shall be added, where applicable, to the retirement benefit calculated in Section 4.

(b) An additional retirement benefit, as established in 13.6, shall be added, where applicable, to the retirement benefit calculated in Section 4.

4.5 Notwithstanding any provisions to the contrary, if the pension calculated in accordance with 4.1, 4.1*A*, 4.2, and 4.3 results in the present value of the pension for years of contributory service after December 31, 1991 and prior to January 1, 1999, being lower than the present value of such pension calculated as if the provisions of 4.1*d* were replaced by the provisions of *a* below, the provisions of *b* below were added to the provisions of 4.3 and the provisions of 4.1*A* were not applied:

(a) 2% of the three-year average earnings, multiplied by the number of years of contributory service after December 31, 1991 and prior to January 1, 1999;

(b) 0.3% of the three-year average earnings, up to the average of the year's maximum pensionable earnings for the three years preceding the date of termination of employment, death, retirement or normal retirement if the member takes a postponed retirement, multiplied by the number of years of contributory service after December 31, 1991 and prior to January 1, 1999,

the pension calculated in 4.1*d* is replaced with the pension calculated in *a* above, the pension calculated in *b* above is added to the pension calculated in 4.3 and the provisions of 4.1*A* were not applied.

4.6 To the pension calculated in 4.1, 4.1A, 4.2, 4.3 and 4.5 is added an additional bridging benefit equal to 0.2% of the five-year average earnings, up to the average of the year's maximum pensionable earnings for the five years preceding the date of termination of employment, death or retirement, multiplied by the number of years of contributory service before January 1, 2004 or before January 1, 2009 for a member concerned. This bridging benefit is reviewed in accordance with Section 13 and ends on the 1st day of the month immediately following the 65th birthday.

4.7 To the pension calculated in 4.1, 4.1A, 4.2, 4.3, 4.5 and 4.6 for a member concerned is added an additional bridging benefit equal to 0.2% of the five-year average earnings, up to the average of the year's maximum pensionable earnings for the five years preceding the date of termination of employment, death or retirement, multiplied by the number of years of contributory service before January 1, 2009. This bridging benefit is reviewed in accordance with Section 13 and ends on the 1st day of the month immediately following the 60th birthday.

SECTION 5 RETIREMENT

5.1 Normal retirement

(a) The normal retirement date is the 1st day of the month immediately following the 65th birthday.

(b) A member who retires on the normal retirement date shall receive a retirement benefit pursuant to Section 4 and, where applicable, to Section 14.

5.2 Voluntary retirement

(a) Any member who has at least 15 years of credited service may retire on the 1st day of any month following his 60th birthday. In addition, any member who has at least 15 years of credited service may retire on the 1st day of any month following his 55th birthday, if:

i. the sum of the member's age and years of credited service equals at least 85; or

ii. the sum of the member's age and years of continuous service as of the date he began working, as recognized by Hydro-Québec for the purposes of the plan, equals at least 85, excluding however any period of non-membership in the plan of a company with which there is a transfer agreement and any period of non-contribution to the Hydro-Québec Pension Plan in accordance with the plan, By-law no. 699, By-law no. 681, By-law no. 679, By-law no. 676, By-law no. 653, By-law no. 582, By-law no. 534, By-law no. 278, By-law no. 83 and By-law no. 12, of Hydro-Québec and amendments thereto, with years of service with a subsidiary not being considered as periods of non-contribution for the purposes of this subsection.

From January 1, 1997 to December 31, 2003, and from January 1, 2004 for members concerned, a member who has at least 15 years of credited service may retire on the 1st day of any month following the date on which one the following requirements is fulfilled:

or

ii. the sum of the member's age and years of continuous service as of the date he began working, as recognized by Hydro-Québec for the purposes of the plan, equals at least:

- 1) 80, from January 1, 1997 to December 31, 2003;
- 2) 81, from January 1, 2004 to December 31, 2004;

excluding however any period of non-membership in the plan of a company with which there is a transfer agreement and any period of non-contribution to the Hydro-Québec Pension Plan in accordance with the plan, By-law no. 699, By-law no. 681, By-law no. 679, By-law no. 676, By-law no. 653, By-law no. 582, By-law no. 534, By-law no. 278, By-law no. 83 and By-law no. 12 of Hydro-Québec and amendments thereto, with years of service with a subsidiary not being considered as periods of non-contribution for the purposes of this subsection.

(b) The member shall be entitled to a retirement benefit pursuant to Section 4 and, where applicable, to Section 14.

(c) If the retirement date of a member who chooses retirement under this Section is prior to the normal retirement date of a supplemental plan in which he participated, under Part III of By-law no. 676, under Part III of By-law no. 679, under Part III of By-law no. 681, under Part III of By-law no. 699, or under Part III of the plan, he shall be entitled, under the following circumstances, to a pension supplement, as of the date of his voluntary retirement, equal to:

i. in the case of a member who takes early retirement under a supplemental plan, under Part III of By-law no. 676, under Part III of By-law no. 679, under Part III of By-law no. 681, under Part III of By-law no. 699, or under Part III of the plan, the amount of the pension supplement is equal to the reduction in the retirement benefit accrued under the supplemental plan, under Part III of By-law no. 676, under Part III of By-law no. 679, under Part III of By-law no. 681, under Part III of By-law no. 699, or under the applicable provisions of Part III of the plan as a result of early retirement;

ii. in the case of a member who is not entitled to early retirement under a supplemental plan, under Part III of By-law no. 676, under Part III of By-law no. 679, under Part III of By-law no. 681, under Part III of By-law no. 699, or under Part III of the plan, the amount of the pension supplement is equal to the amount of the pension accrued under the supplemental plan or to the amount of pension established under the applicable provisions of Part III of By-law no. 676, Part III of By-law no. 679, Part III of By-law no. 681, under Part III of By-law no. 699, or Part III of the plan and is paid until the pension accrued under the supplemental plan or the amount of pension established under the applicable provisions of Part III of By-law no. 676, Part III of By-law no. 679, Part III of By-law no. 681, under Part III of By-law no. 699, or Part III of the plan becomes payable.

The pension supplement resulting from the application of this Section is allocated proportionally to the years of credited service prior to January 1, 1990 and years of credited service after December 31, 1989 over the total number of years of credited service.

5.3 Retirement at the request of the employer

(a) The employer may retire a member under the following conditions:

i. the member has at least 10 years of credited service; and

ii. retirement is based on:

(1) appropriate administrative requirements with the consent of the member; or

(2) a physical or mental disability such that the member is unable to work for the employer.

Under such circumstances, the member shall retire on the date determined by the employer.

(b) When retirement precedes or coincides with the normal retirement date, the member shall be entitled to a retirement benefit pursuant to Section 4 and, where applicable, to Section 14. In the case of retirement pursuant to 5.3a ii (2), the reduction pursuant to 4.3 shall apply as soon as the pensioner receives a disability pension under the Act respecting the Québec Pension Plan and the pension set out under 4.1A, 4.6 and 4.7 is not payable or, as the case may be, ceases to be payable.

Except in the case of the retirement of a member who is affected of a total and permanent disability, the annual pension payable from the 1st day of the month immediately following age 65, credited on the retirement date for the years of credited service after December 31, 1991 shall be reduced by 0.25% per month for each month included between the effective retirement date and the 1st day of the month coinciding with or immediately following the earliest of these dates:

i. the date on which the member would have reached his 60th birthday;

ii. the date on which the member would have completed 30 years of continuous service;

iii. the date on which the years of continuous service and the member's age would have totalized 80.

However, the retirement benefit must not be less than the retirement benefit determined by the present value of the retirement benefit the member was entitled to before his retirement date, or, failing that, the present value of the deferred retirement benefit, adjusted in accordance with 3.5, the member would have been entitled to if he had ceased to be a member on the day preceding his retirement for any reason other than retirement.

(c) If the retirement date is after the normal retirement date, the pension shall be calculated pursuant to 5.5c.

5.4 Early retirement at the request of the member

(a) Repealed.

(b) A member with less than 15 years of credited service may retire on the 1st day of any month following his 55th birthday, based on the following terms and conditions:

i. the member shall be entitled to a retirement benefit determined pursuant to 4.1, and 4.1A, 4.4*b*, 4.5, 4.6 and 4.7 but reduced on an actuarial equivalence basis, with such reduction not being less than the one determined pursuant to 12.1.3, for the period between the retirement date and the voluntary retirement date or the normal retirement date, whichever is the earliest;

ii. the reduction provided for in 4.3 shall apply as of the 1st day of the month immediately following the 65th birthday;

iii. the provisions of 4.4*a* and 14 shall apply, where applicable.

(c) A member with a minimum of 15 years of credited service may retire as of the 1st day of any month following his 55th birthday, based on the following terms and conditions:

i. the member shall be entitled to a retirement benefit pursuant to 4.1, 4.1A, 4.2, 4.4*b*, 4.5, 4.6 and 4.7. However, the pension set out in 4.1, 4.2, 4.4*b*, 4.5, 4.6 and 4.7 is reduced by an amount equal to 0.25% of the pension set out under 4.1, 4.1A, 4.2, 4.4*b*, 4.5, 4.6 and 4.7, multiplied by the number of months preceding the date on which he would have been entitled to voluntary retirement, based on the years of credited service or years of continuous service at his termination date and on his age at the time of voluntary retirement. However, such reduction shall not exceed the reduction calculated on an actuarial equivalence basis for the period between the retirement date and the voluntary retirement date, whichever method gives the highest amount;

ii. the reduction provided for in 4.3 shall apply as of the 1st day of the month immediately following the 65th birthday;

iii. the provisions of 4.4*a* and 14 shall apply, where applicable.

(d) A member with a minimum of 15 years of credited service may also retire on the 1st day of any month after January 1, 1997, but by December 31, 2003, at the latest, and, for a member concerned, by December 31, 2008, at the latest, provided that one of the requirements set out in sub-paragraphs *i* or *ii* of the 3rd paragraph of 5.2*a* is met during this period. The pension shall be based on the following terms and conditions:

i. the member shall be entitled to a retirement benefit determined pursuant to 4.1, 4.1A, 4.2, 4.4*b*, 4.5, 4.6, and 4.7 but reduced on an actuarial equivalence basis, with such reduction not being less than the one determined pursuant to 12.1.3, for the period between the retirement date and the voluntary retirement date or the normal retirement date, whichever is the earliest;

ii. the reduction provided for in 4.3 shall apply as of the 1st day of the month immediately following the 65th birthday;

iii. the provisions of 4.4*a* and 14 shall apply, where applicable.

(e) If, from January 1, 1997 to December 31, 2003, and until December 31, 2008 for a member concerned, a member is entitled to retire pursuant to *c* and *d* above, his benefits are determined in accordance with the more generous provisions provided in said subsections, it being understood that the calculation in *c i* above is made for a voluntary retirement pursuant to the provisions of the first paragraph of 5.2*a*.

5.5 Postponed retirement

(a) A member who remains in the employer's service after his normal retirement date may retire as of the 1 day of any month following this date. The retirement benefit of the member shall be postponed until his actual retirement date, but no later than December 1 of the year in which the member reaches the age limit provided for in applicable legislation, even if he remains in the employer's service after this date.

(b) During the postponement period, the member may request the payment of his retirement benefit, in whole or in part, but only insofar as is necessary to compensate for any reduction in earnings during this period, including the reduction in earnings as a result of a transfer during this period from a full-time to a part-time schedule, or from the reduction of a part-time schedule. The member may not make such request more than once per 12-month period.

(c) The amount of the postponed retirement benefit payable on the date of retirement or at the latest on December 1st of the year in which the member reaches the age limit provided for in applicable legislation, shall be equal to the sum of the following:

i. the retirement benefit determined as at the normal retirement date pursuant to Section 4;

ii. the retirement benefit calculated on an actuarial equivalence basis resulting from the adjustment made to offset the decrease in the value of the benefits by reason of the deferral, during the postponement period, of the retirement benefit provided for in *i* above, reduced, where applicable, by any payments made under *b* above.

(d) Accumulation of retirement benefits shall take place from the normal retirement date until the actual retirement date, but no later than December 1 of the year in which the member reaches the age limit provided for in applicable legislation, based on an interest rate compounded annually equal to the rate prescribed by applicable laws and regulations.

(e) The provisions pursuant to 14.1 and 14.2 shall apply, where applicable.

5.6 Progressive retirement

A member whose earnings are reduced due to a reduction in the workweek and in application of an agreement entered into with the employer may, in the 10 years preceding the normal retirement date, request payment of a lump sum benefit, in each year covered by the agreement, the amount of which is limited by the applicable legislation. The member's residual rights resulting from the payment of such benefit are established pursuant to applicable legislation.

SECTION 6 DEATH BENEFITS

6.1 For the purposes of Section 6, spousal status shall be determined on the day preceding the death of the member, former member or pensioner.

Notwithstanding the foregoing, for the purposes of 6.3.2, 14.1 and 14.2 *a*, spousal status shall be determined on the day preceding the first annuity payment.

6.2 Death prior to retirement

6.2.1 Repealed.

6.2.2 If a member with less than 10 years of credited service dies before his normal retirement date, his spouse, failing which his successors, shall receive a refund equal to the sum of the following:

(a) the present value of the benefits the member was entitled to prior to his death for the years of credited service after December 31, 1989, or, if not applicable, for the same years of credited service, the present value of the deferred retirement benefit the member would have been entitled to if he had ceased to be a member on the day of his death for any reason other than death;

(b) the total employee contributions made by the participant for the years of credited service before January 1, 1990, plus interest.

6.2.3 (a) If a member with at least 10 years of credited service dies before the normal retirement date, his spouse shall receive a survivor benefit payable for life equal to the sum of the following:

i. 50% of the retirement benefit to the member at the date of his death, established pursuant to 4.1*a*, 4.1*b* and 4.2, and reduced, pursuant to 4.3*a*, as soon as a survivor benefit is payable to the spouse under the Act respecting the Québec Pension Plan;

The amount of the survivor benefit must be increased, if applicable, so that its present value is at least equal to the total contributions made by the participant for the years of credited service prior to January 1, 1990, plus interest;

ii. the survivor benefit determined as the greater of the following amounts:

(1) the present value of the survivor benefit payable to the spouse. This survivor benefit payable to the spouse is equal to 50% of the retirement benefit accrued to the member at the date of his death, pursuant to 4.1*c*, 4.1*d*, 4.1*A*, 4.5, 4.6 and 4.7. The reduction pursuant to 4.3*b* shall apply as soon as a pension is payable to the spouse under the Act respecting the Québec Pension Plan and the benefit provided for in 4.1*A*, 4.6 and 4.7 is not payable or, if applicable, is no longer payable.

and

(2) the present value of the retirement benefits the member was entitled to prior to his death for years of credited service after December 31, 1989, or, if not applicable, for the same years of credited service, the present value of the deferred retirement benefit the member would have been entitled to if he had ceased to be a member on the day of his death for any reason other than death.

Notwithstanding the provisions hereinabove in *a*, the spouse who is entitled to a pension under the plan may elect, before its payment has begun, to replace such pension by the benefits provided for in 6.2.2 even if the member had 10 years of credited service when he died.

(*b*) *i*. Subject to the provisions of 6.2.5*c* and 6.2.5*d*, if a member referred to in 6.2.3*a* dies without a spouse, the pension provided for in 6.2.3*a i* shall be paid to the children. The children may elect to replace such pension, before its payment has begun, by the benefits provided for in 6.2.2*b* even if the member had 10 years of credited service when he died. If the member referred to in 6.2.3*a* dies without a spouse and without children, the employee contributions for the years of contributory service prior to January 1, 1990, plus interest, shall be paid to his successors.

However, in the two cases referred to in *i* above, the successors shall be paid the present value of the pension to which the member would have been entitled before his death for the years of credited service after December 31, 1989 or, failing this, for the same years of credited service, the value of the deferred pension to which the member would have been entitled if he had ceased to be a member on the day of his death for any reason other than death.

6.2.4 (*a*) When a member whose retirement benefit was fully or partially postponed dies, his spouse shall be entitled to a survivor benefit payable for life, the present value of which shall be equal to the greater of the following amounts :

i. the sum of the following :

(1) the present value of the survivor benefit payable to the spouse. This survivor benefit payable to the spouse is equal to 60% or, where applicable, to 50%, of the retirement benefit, pursuant to 5.5*c i*, to which the member would have been entitled if he had ceased to be a member on the day of his death for any reason other than death ;

(2) the value of the pension pursuant to 5.5*c ii*, the entire amount reduced, where applicable, by the payments already made pursuant to 5.5*b* ;

and

ii. the sum of the following :

(1) the present value of the survivor benefit payable to the spouse. This survivor benefit to the spouse is equal to 50% of the retirement benefit on normal retirement date pursuant to 4.1*a*, 4.1*b*, 4.2 and 4.3*a* ;

(2) the present value of the retirement benefit on normal retirement date to which the member was entitled prior to his death for the years of credited service after December 31, 1989 ;

(3) the value of the pension pursuant to 5.5*c i*, the entire amount reduced, where applicable, by the payments already made pursuant to 5.5*b*.

(*b*) *i*. If a member referred to in 6.2.4*a* dies without a spouse, 50% of the retirement benefit pursuant to 5.5*c*, but only for the years of credited service prior to January 1, 1990, shall be paid to the children. If the member referred to in 6.2.4*a* dies without a spouse and without children, the employee contributions for the years of contributory service prior to January 1, 1990, plus interest, shall be paid to his successors.

ii. However, in the two cases referred to in *i* above, the successors shall receive the present value of the pension to which the member was entitled before his death for the years of credited service after December 31, 1989.

6.2.5 (*a*) Subject to the provisions of 6.2.5*c* and 6.2.5*d* below, the entitlement to benefits accorded to the spouse in 6.2.2, 6.2.3, 6.2.4 and 7.7 shall terminate as a result of a legal separation, regardless of the date on which the judgment granting separation from bed and board was rendered or became effective, of a divorce, of a marriage annulment, of a dissolution or annulment of a civil union or of a termination of the conjugal relationship.

(*b*) Repealed.

(*c*) A member or a former member's judicially separated spouse is entitled to the benefits provided for in 6.2.2 if he is the successor of the member or the former member.

Also, the member or former member may be entitled, prior to the date on which pension payments begin, to receive an adjusted pension to pay the judicially separated spouse a 60% pension, in accordance with provisions of Section 14.

(*d*) A member or a former member's former spouse is entitled to the benefits provided for in 6.2.2 if he is the successor of the member or the former member.

Also, the member or former member may be entitled, prior to the date on which pension payments begin, to receive an adjusted pension to pay the former spouse a 60% pension, in accordance with provisions of Section 14.

6.2.6 Notwithstanding the provisions of 6.2.2, 6.2.3 and 7.7, the spouse may waive the survivor benefit to which he is entitled upon the death of the member or former member by notifying the committee in writing. Such waiver may be revoked provided that the spouse notifies the committee in writing of such revocation before the death of the member or former member.

Notwithstanding the provisions of 6.2.4, the spouse of a member whose entire retirement benefit has been postponed may waive the survivor benefit to which he is entitled upon the death of the member by notifying the committee in writing. Such waiver may be revoked provided that the spouse notifies the committee in writing of such revocation before the death of the member.

In the occurrence of such revocation, for the purposes of 6.2, the member is considered to be without a spouse.

6.3 Death after retirement

6.3.1 Subject to 6.3.2 and 14.2, on the death of a pensioner, his spouse shall be paid a lifetime pension equal to 50% of the pension established according to provisions of By-law no. 83 before application of Sections 38 and following, or according to provisions of Part I of By-law no. 278, or according to provisions of Part I of By-law no. 534, before application of 4.4, or according to provisions of Part I of By-law no. 582 or of By-law no. 653, before application of 14.1, or before application of 14.1 according to the provisions of Part I of By-law no. 676, of Part I of By-law no. 679, of Part I of By-law no. 681, of Part I of By-law no. 699 or Part I of the plan.

The reduction set out in Section 7 of By-law no. 83 or in Section 4.3 of By-law no. 278, of By-law no. 534, of By-law no. 582, of By-law no. 653, of By-law no. 676, of By-law no. 679, of By-law no. 681, of By-law no. 699 or of the plan, shall apply as soon as a survivor benefit is payable to the spouse under the Act respecting the Québec Pension Plan and the benefit provided for in 4.1A, 4.6 and 4.7 is not payable or, if applicable, is no longer payable.

6.3.2 Subject to 14.2, on the death of a pensioner whose retirement commenced after December 31, 1989, if the spouse has not renounced the right to a 60% pension under 4.4 of By-law no. 534 or 14.1 of By-law no. 582, of By-law no. 653, of By-law no. 676, of By-law no. 679, of By-law no. 681, of By-law no. 699 or of the Plan, the spouse shall be paid a lifetime pension equal to 60% of the pension paid to the pensioner in accordance with Part I of By-law no. 534 of By-law no. 582, of By-law no. 653, of By-law no. 676, of By-law no. 679, of By-law no. 681, of By-law no. 699 or of the

plan, provided the pension had been adjusted on an actuarial equivalence basis according to 4.4 of By-law no. 534 or according to 14.1 of By-law no. 582, of By-law no. 653, of By-law no. 676, of By-law no. 679, of By-law no. 681, of By-law no. 699 or of the plan, to provide the spouse with a 60% pension.

If the pension established according to the preceding provisions has not been reduced in compliance with 4.3, the reduction, if any, shall apply on the 1st day of the month immediately following the date of the pensioner's 65th birthday, and the pension set out under 4.1A, 4.6 and 4.7 ceases to be payable at this same date.

6.3.3 (a) Subject to the provisions of 6.3.3b below, the entitlement to benefits pursuant to 6.3.1 and 6.3.2 shall disappear upon a legal separation, regardless of the date on which the judgment granting separation from bed and board was rendered or became effective, upon a divorce, upon a marriage annulment, upon a dissolution or annulment of a civil union or upon a termination of the conjugal relationship.

(b) A pensioner may notify the committee in writing to pay the survivor benefit provided for in the 2nd paragraph of 6.2.5c and 6.2.5d, and in 6.3.1 and 6.3.2 to his former spouse or his judicially separated spouse. However, if the court order has taken effect or, if applicable, the conjugal relationship has terminated after August 31, 1990 but before January 1, 2001, this assignment may be effected only if there has been no division of benefits accrued by the pensioner under the plan. Notwithstanding the above provisions, in the case of a legal separation, this assignment may be effected even if the benefits accrued by the pensioner under the plan have been divided.

(c) Repealed.

6.3.4 Subject to the provisions of 6.3.3b, if a pensioner who did not have a spouse on his retirement date dies without a spouse, the survivor benefit pursuant to 6.3.1 and 14.2b shall be paid to the children.

6.3.5 If a pensioner who had a spouse on his retirement date dies without a spouse, the survivor benefit pursuant to 6.3.1, 6.3.2 and 14.2 shall be paid to the children.

6.4 Death of surviving spouse

If the surviving spouse of a member or the surviving spouse of a pensioner dies, the survivor benefit that was being paid to the spouse shall continue to be paid to the children.

6.5 Upon termination of the pension payable pursuant to By-law no. 83, By-law no. 278, By-law no. 534, Sections 6.3.1, 6.3.2, 6.3.3, 6.3.4, 6.3.5 and 6.4 of By-law no. 582, of By-law no. 653, of By-law no. 676, of By-law no. 679, of By-law no. 681, of By-law no. 699 or of the plan, or when no pension is payable, any excess of the contributions paid by the member pursuant to By-law no. 83, Part I of By-law no. 278, Part I of By-law no. 534, Part I of By-law 582, Part I of By-law no. 653, Part I of By-law no. 676, Part I of By-law no. 679, Part I of By-law no. 681, Part I of By-law no. 699 or Part I of the plan plus interest over the sum of the pensions already paid shall be paid to the successors. For the purpose of this subsection, the benefits paid pursuant to Sections 38 and following of By-law no. 83, Part II of By-law no. 278, Part II of By-law no. 534, Part II of By-law no. 582, Part II of By-law no. 653, Part II of By-law no. 676, Part II of By-law no. 679, Part II of By-law no. 681, Part II of By-law no. 699 or Part II of the plan and Part III of By-law no. 676, Part III of By-law no. 679, Part III of By-law no. 681, Part III of By-law no. 699 or Part III of the plan are not to be considered.

SECTION 7

TERMINATION BENEFITS

7.1 Any member who terminates employment with the employer before his normal retirement date shall receive a deferred retirement benefit payable at the normal retirement date. The characteristics and conditions of this benefit shall be the same as those of a normal retirement benefit and its amount shall be the sum of the following benefits:

(a) the pension accrued on the date of termination, calculated pursuant to the provisions of 4.1a, 4.1b, 4.2 and 4.3a. The amount of the deferred pension shall be adjusted, if applicable, so that its value is at least equal to the total amount of contributions paid before January 1, 1990, plus interest accrued to the date of termination. However, in the case of a female member who was an employee on December 31, 1979 and who is entitled to a deferred retirement benefit as of her normal retirement date, the portion of the deferred retirement benefit for the years of contributory service after December 31, 1965 but prior to January 1, 1980 shall be adjusted on an actuarial equivalence basis for the deferral of benefit payments from the member's 60th to her 65th birthday;

(b) the pension accrued on the date of termination, calculated pursuant to the provisions of 4.1c, 4.1d, 4.1A, 4.3b, 4.4, 4.5, 4.6 and 4.7, adjusted in accordance with 3.5.

7.2 Repealed.

7.3 Repealed.

7.4 Repealed.

7.5 When a member referred to in 2.3 is entitled to recall rights following his termination of employment, he must leave his employee contributions, if any, in the pension fund for a maximum of 24 months, and there shall be no interruption of the years of continuous service. If the member is not rehired within a maximum period of 24 months, the years of continuous service shall be considered to have terminated at the end of this period.

7.6 The provisions in respect of retirement at the request of the employer and postponed retirement shall not apply to deferred retirement benefits. The provisions in respect of voluntary retirement, with the exception of the provisions of 5.2c, and early retirement at the request of the member shall apply to deferred pensions.

From January 1, 1997 to December 31, 2003, and from January 1, 2004 for members concerned, the provisions in respect of voluntary retirement pursuant to the 3rd paragraph of 5.2a and those in respect of early retirement at the request of the member pursuant to 5.4d shall apply to deferred pensions if the two following requirements are met:

i. termination of employment happens during this period;

ii. one of the requirements set out in sub-paragraph *i* or *ii* of the 3rd paragraph of 5.2a is fulfilled during this period.

7.7 The provisions with respect to survivor benefits payable to the spouse, failing which, to the children, shall apply to a deferred retirement benefit when a former member dies after one of the following dates:

(a) the date on which he would have been entitled to an early retirement at the request of the member according to the provisions of 5.4c, 5.4d and 5.4e;

(b) the date on which he would have been entitled to a voluntary retirement;

(c) the normal retirement date.

7.8 When on the death of a former member no retirement benefit is payable pursuant to 7.7 above, his contributions for years of contributory service prior to January 1, 1990, plus interest, shall be payable in a single lump sum to the spouse or, if there is no spouse, to the successors, except for the years of contributory service prior to January 1, 1966 if these have already been refunded. On the other hand, the present value of the deferred retirement benefit at the termination of employment date pursuant to 7.1*b* shall be payable in a single lump sum to the spouse or, if there is no spouse, to the successors.

7.9 Any member who terminates employment with the employer after December 31, 2003, and any former member on that date, shall be entitled, according to the provisions of the Supplemental Pension Plans Act, to transfer the present value of the deferred retirement benefit pursuant to 7.1 to another pension plan regulated by the Supplemental Pension Plans Act or defined by the regulations adopted pursuant to such Act.

The member or former member may make an election as to his available options within the following periods:

(a) the latter of the 90-day period following his reception of a statement of the type(s) and amount(s) of benefit(s) to which he is entitled under the plan or the 90-day period following his termination of employment;

(b) subsequently, every 5 years, within 90 days following the date of anniversary of his termination of employment date but, at the latest, by the date provided for in c.

In all cases, the transfer must be carried out before payment of the pension begins.

In the cases provided for in b, a new present value of the deferred retirement benefit shall be determined at each 5th anniversary of the termination of employment date, but at the latest, on the former member's 65th birthday.

Notwithstanding any disposition to the contrary, a former participant with a physical or mental disability may request the transfer provided for in the first paragraph of 7.9 at all times before age 65 if a medical doctor certifies that his life expectancy is reduced to such an extent that he will not be able to exercise his right to a transfer.

7.10 The provisions of 7.9 above shall not apply to retirement at the request of the employer, regardless of the member's age.

7.11 When the present value of the deferred retirement benefit provided for in 7.1 is less than 20% of the year's maximum pensionable earnings for the year of termination, the member's accrued benefits shall be paid to him by refunding an amount corresponding to the present value of the deferred retirement benefit. Before doing so, the committee shall ask the former member in writing to choose a payment method. If the former member has not responded within 90 days of receipt of a notice to this effect, the committee shall proceed with the refund.

7.12 The provisions of paragraph 7.11 apply also to all former members who are entitled to a deferred retirement benefit and whose employment was terminated before January 1, 2001.

7.13 A former member may request full and immediate payment of the value of his accrued benefit upon presentation of proof that the committee deems acceptable that on the date of such request, the former member had not been a resident of Canada for at least two years.

7.14 Any amount transferred to any registered plan under this Section shall be subject to the Income Tax Act and to any regulations adopted by the Government of Canada pursuant to that Act.

SECTION 8 TRANSFER OF BENEFITS BETWEEN SPOUSES

8.1 In the event of a legal separation, a divorce or marriage annulment, a dissolution other than by death or annulment of the civil union, the benefits accrued to a member, former member or pensioner under the plan shall, upon application in writing to the committee, be divided between the member and his spouse to the extent provided for in the Civil Code of Québec or by a court order.

Where the court awards to the spouse of a member, former member or pensioner, as payment for a compensatory allowance, the benefits accrued to such member, former member or pensioner under the plan, the benefits shall, upon application in writing to the committee, be transferred to the spouse to the extent provided for by the court order.

8.2 In the event of the cessation of the conjugal relationship between a spouse and a member, former member or pensioner, within the meaning of 1.24*b*, the member, former member or pensioner and spouse may, within 12 months, agree in writing to a partition of the accrued benefits of the member, former member or pensioner under the plan, in accordance with the provisions of the Supplemental Pension Plans Act.

8.3 Upon presentation of an application for a legal separation, a divorce, a marriage annulment, a dissolution or annulment of the civil union or a payment of a compensatory allowance, a member, former member or pensioner and his spouse shall be entitled, upon application in writing to the committee, to obtain a statement of the accrued benefits of the member, former member or pensioner under the plan and of the present value thereof as at the date of the institution of the action. The member, former member or pensioner and his spouse may also request such a statement upon cessation of their conjugal relationship, while pursuing a joint request for the dissolution of their civil union before a notary or while attending mediation sessions prior to instituting legal proceedings in family law. In such a case, the value of the accrued benefits of the member, former member or pensioner under the plan shall be determined as at the date of cessation of the conjugal relationship. Such application shall also contain the following documents and information or any other documents or information prescribed by the regulations adopted pursuant to the Supplemental Pension Plans Act:

(a) the name and address of the member, former member or pensioner and his spouse;

(b) in the case of married or civilly united spouses, a document attesting to their date of marriage or civil union, a document attesting to the date of presentation of an application for a legal separation, a divorce, a marriage annulment, a dissolution or annulment of the civil union or a payment of a compensatory allowance;

If the request is presented during mediation, a joint declaration stating the date on which their conjugal relationship has ended must be supplied. In addition, the request must contain a written confirmation by a certified mediator to the effect that he has been given a family mediation mandate;

(c) in the case of spouses who are neither married nor civilly united, a joint declaration stating the dates on which their conjugal relationship began and ended and, if they have lived in a conjugal relationship for at least 1 year but less than 3 years, proof of one of the events set out in 1.29b.

The committee shall provide the applicant and his spouse with such statement within 60 days following its reception of a request to that effect and with the information as set out in the Supplemental Pension Plans Act and any regulations adopted pursuant thereto.

The years of credited service, which are part of the calculation of the amounts appearing on the statement, are stated in days, in accordance with the provisions of any regulation adopted pursuant to the Supplemental Pension Plans Act.

8.4 Any application for the partition or transfer of benefits of the member, former member or pensioner must be made in writing to the committee. Such application shall specify which of the various payment methods prescribed by the regulations adopted pursuant to the Supplemental Pension Plans Act the spouse has chosen, and it shall be accompanied by a copy of the following documents, if applicable, and any other documents prescribed by the regulations adopted pursuant to the Supplemental Pension Plans Act:

(a) the court order for the legal separation from divorce, marriage annulment, dissolution or annulment of the civil union or payment of a compensatory allowance and, where applicable, the agreement entered into between the married or civilly united spouses in respect of the partition or transfer of the benefits of the member, former member or pensioner or the notarized joint declaration of dissolution of a civil union;

(b) any other court order related to the partition or transfer of the benefits of the member, former member or pensioner;

(c) the non-appeal certificate;

(d) in the case of spouses who are neither married nor civilly united, the agreement between them with respect to the partition of benefits of the member, former member or pensioner.

8.5 Unless it is a joint application for partition or transfer of benefits, the Committee shall provide the member, former member or pensioner with a written notice informing him of such application and the present value of the benefits claimed by his spouse.

The committee may not proceed with the execution of the partition or transfer until 60 days have elapsed since such notice is sent to the member, former member or pensioner. Moreover, the committee may not proceed if it is notified that the spouse of the member, former member or pensioner has duly waived his rights to benefits or that the member, former member or pensioner has initiated a legal action in opposition to the application for partition or transfer.

8.6 The value of the accrued benefits of the member, former member or pensioner shall be determined in accordance with the provisions of the regulations adopted pursuant to the Supplemental Pension Plans Act.

8.7 Unless it has been notified of the spouse's waiver of or a judicial opposition to the partition or transfer of the benefits of the member, former member or pensioner, the committee shall, within 60 days of the expiry of the period provided for in the second paragraph of 8.5, transfer any amount to which the spouse is entitled as a result of such partition or transfer into a pension plan, as defined by the Supplemental Pension Plans Act and any regulations adopted pursuant thereto.

When the benefits to which the spouse is entitled as a result of the partition or transfer are a refund to which the member would have been entitled at the date of institution of the action, the committee shall pay the spouse the amount corresponding to such benefits or transfer same into a pension plan as defined by the Supplemental Pension Plans Act and any regulations adopted pursuant thereto.

8.8 The procedure provided for in 8.5 and 8.7 shall be subject to the provisions of any regulations adopted pursuant to the Supplemental Pension Plans Act, and any provisions of such regulations adopted amending such procedure shall form part of and amend this Section.

8.9 Subject to the provisions of the Supplemental Pension Plans Act and any regulations adopted pursuant thereto, the benefits allocated to the spouse following the partition of the benefits of the member, former member or pensioner or as payment of a compensatory allowance may be used solely to purchase a life annuity, and shall be transferred to another plan.

However, any benefit allocated to the spouse following garnishment for unpaid spousal support must be paid in a lump sum pursuant to the provisions of the Supplemental Pension Plans Act and any regulations adopted pursuant thereto.

8.10 Execution of the partition or transfer shall reduce the benefits of the member, former member or pensioner pursuant to the provisions of the Supplemental Pension Plans Act and any regulations adopted pursuant thereto.

8.11 If a pensioner's retirement benefit is calculated to take into account his spouse's right to a benefit as provided for in 6.3.2 and his spouse subsequently becomes inadmissible to this benefit pursuant to 6.3.3a, the pensioner may, unless he has elected to avail himself of

the provisions of 6.3.3b, ask the committee to recalculate his retirement benefit as at the date of the court order granting him a legal separation, a divorce or an annulment of marriage, as at the date of a dissolution or annulment of the civil union or as at the date of cessation of the conjugal relationship, provided that this date is later than December 31, 2000. The amount and characteristics of this benefit shall be the same as those of the retirement benefit that would have been payable to the pensioner as at the date of the recalculation if he had no spouse on the date when payment of his retirement benefit began.

Unless it has received the written notification provided for in 6.3.3b, the pension committee must also recalculate the pensioner's retirement benefit as at the date of the court order granting him a legal separation, a divorce or an annulment of marriage, as at the date of a dissolution or annulment of the civil union or as at the date of cessation of the conjugal relationship, provided that this date is later than December 31, 2000, when the partitioning of the accrued benefits of the member under the plan applies in accordance with the provisions of 8.1 to 8.10 above.

Unless he has given written notice to the committee as provided for in 6.3.3b, a pensioner whose divorce, marriage annulment, legal separation or termination of the conjugal relationship has become effective before January 1, 2001 may ask the committee to recalculate his retirement benefit as if he had no spouse on the date when payment of his retirement benefit began, whether or not any partitioning of benefits has taken place in accordance with the provisions of 8.1 to 8.10 above. The date as at which the benefit is recalculated shall be the date of the pensioner's written request.

SECTION 9 CALCULATION OF INTEREST

9.1 Employee contributions provided for in 3.1, 3.3, 3.4 and 3.4A, contributions with respect to the redemption of years of contributory service in accordance with Sections 3, 10 and 11 shall bear interest at the rate provided for in 1.21 as of the date they are paid into the pension fund, until the date of payment thereof or until the date used to determine the present value of the vested benefit of the member, former member or pensioner.

9.2 In the case of a member or former member who avails himself of the provisions of 7.9, the various components of the retirement benefit shall bear interest as follows:

(a) employee contributions shall bear interest at the rate provided for in 1.21 until the date used to determine the present value of the deferred benefit or until the date of refund of the contributions or their transfer to another plan;

(b) excess contributions, if any, shall bear interest at the rate provided for in 1.21 as of the date of their calculation pursuant to 3.5*b* and until such time as they are used to provide an additional benefit, refunded or transferred to another plan;

(c) the present value of the deferred retirement benefit shall bear interest for the period between the date on which such value was established and the date of transfer at the rate used to establish this value.

9.3 Repealed.

9.4 No interest shall be credited on employee contributions after the date on which the member or former member starts to receive a retirement benefit or after the date of death of the member or former member.

9.5 Employee contributions shall bear interest starting only on January 1, 1966.

9.6 From January 1, 1990 to December 31, 2000, interest shall be determined as follows:

(a) for the first 6 months of a year, the interest shall correspond to the average of the rates in 1.21 for the 6-months ended October 31st of the previous year;

(b) for the last 6 months of a year, the interest shall correspond to the average of the rates in 1.21 for the 6-months ended April 30th of the same year.

9.7 From January 1, 2001, interest shall be determined as follows:

(a) each month, the interest shall correspond to the rate of return obtained by the pension fund for the current month;

(b) if the rate provided for in *a* above is not known at the time the calculation is performed, an external rate shall be used for that month. This rate shall be the same as the one used to determine the current value of a deferred retirement benefit as at the same date.

SECTION 10 REDEMPTION OF YEARS OF CONTRIBUTORY SERVICE

10.1 A member who:

(a) starts to receive benefits under a long-term disability plan of the employer after January 6, 1982;

(b) receives an indemnity from the “Commission de la santé et de la sécurité du travail” as a result of a preventive leave under the Act Respecting Occupational Health and Safety, R.S.Q., c. S-2.1, or an occupational accident under the Act Respecting Industrial Accidents and Occupational Diseases, R.S.Q., c. A-3.001 and who did not avail himself, after December 31, 1989, of the provisions set out in 3.6*b ii*;

(c) avails himself of unpaid leave under the parental benefits plan and who did not avail himself of the provisions set out in 3.6*d ii* (2);

(d) avails himself of an unpaid leave that an employer must grant under any applicable legislation, and, if applicable, who did not avail himself of the provisions set out in 3.6*d ii*

and who returns to work before his normal retirement date or retires following one of the events described above, may have all or part of the period of temporary leave of absence counted as a year of contributory service, provided he pays the employee contributions, plus interest, subject to the following terms and conditions:

i. the contributions are calculated on the basis of the earnings rate appearing on his employer’s payroll during the temporary leave of absence, the year’s maximum pensionable earnings, the basic exemption and the rate of contribution in effect during the period of temporary leave of absence;

ii. the member avails himself of this option and selects his method of refund pursuant to 10.4.

10.2 If a member elects to have only part of his period of temporary leave of absence counted as a year of contributory service, the years of contributory service thus credited shall be presumed to be those just prior to his return to work.

10.3 A member on temporary leave of absence as a result of his election to the Québec National Assembly or the House of Commons, who returns to work before his normal retirement date or retires immediately following this temporary leave of absence, may have all or part of his years as elected representative counted as years of contributory service, provided he pays the employee contributions, plus interest, in accordance with the terms and conditions as set out in 10.1 and 10.2. This provision shall not apply if for this period of leave of absence the member is entitled to a pension under a pension plan for the members of the Québec National Assembly or of the House of Commons.

10.4 A member can avail himself of the option provided for in 10.1 and 11.1 one time only, and do so within 180 days following his return to work, his rehiring or before his retirement date, whichever comes first. The refund may be made:

(a) in a single lump sum payment within 90 days following the exercise of the option provided the payment is made before the earlier of the retirement date and the normal retirement date;

or

(b) through earnings deductions at each pay period of which the amount, plus the interest, at the rate set out in 10.12a, shall be established by Hydro-Québec; however, the full refund can neither be done over a period exceeding 5 years, starting on the date the option is exercised nor extend beyond the earlier of the retirement date and the normal retirement date;

or

(c) through annual payments of which the amount, plus the interest, at the rate set out in 10.12, shall be established by Hydro-Québec; however, the full refund shall not exceed 5 years of contributory service, as of the date the option is exercised nor extend beyond the earlier of the retirement date and the normal retirement date.

Interest shall accumulate from the date contributions are due to be made into the pension fund; the 180-day period provided for exercising said option and the terms of payment described above shall not in any way delay or cancel the charging of interest. Should the member fail to make a payment, accumulated interest shall be added to the balance of the redemption.

Once each year, the member may make a lump sum payment to reduce or eliminate the balance of contributions to be recovered.

The member may decide to terminate his redemption at any time by submitting a written notice to the employer. This decision shall be irrevocable. The years of contributory service shall then be established in relation to the refunds paid as at the date of termination of the redemption.

10.5 (a) A member who avails himself of the provisions set out in 3.6d i and whose temporary leave of absence lasts more than one pay period must advise the employer in writing at least 30 days before the beginning of his temporary leave of absence.

(b) A member shall receive from the employer a statement showing the number of payments he must make, the amount of each payment and the date at which each of these payments is due. Such payments shall be made as follows:

i. by cheque, if the member does not receive any earnings during the pay period in question or if the earnings paid are not sufficient to cover the contributions due; or

ii. by deductions at source each pay period, in other cases.

(c) Any unpaid contribution at the due date shall be increased by the interest accumulated until the balance is paid. The member may pay the balance of unpaid payments, plus accumulated interest, at the end of his temporary leave of absence, provided the date of full payment is no later than 90 days after the end of said temporary leave of absence and does not extend beyond the earlier of the retirement date and the normal retirement date.

(d) The member may decide to terminate his redemption at any time by submitting a written notice to the employer. This decision shall be irrevocable. The years of contributory service shall then be established in relation to the payments made as at the date of termination of the redemption.

10.6 A member who avails himself of the provisions set out in 3.6d i (1) and whose temporary leave of absence is expected to last less than 10 days per pay period and not extend beyond subsequent pay periods, must advise the employer in writing before the beginning of said leave of absence or within 180 days of his return.

The contribution due shall be deducted from the member's earnings provided the earnings paid are greater than or equal to the contribution due. If such is not the case, the member may make his payment by cheque. no interest is chargeable if the date at which the member's

notice is received makes it possible to pay the contribution through a deduction at source or a payment by cheque during the pay period the temporary leave of absence is taken. In all other cases, the contribution due shall be deducted from the member's earnings at a subsequent pay period and this contribution shall be increased by the interest due from the date said contribution was due to be made into the pension fund.

A member who does not avail himself of the provisions set out hereinabove cannot avail himself of the provisions of 10.9.

10.7 A member who avails himself of the provisions set out in 3.6*b ii* must advise the employer in writing, if applicable, as soon as he knows the date of his eligibility for the payment of compensation by the "Commission de la santé et de la sécurité du travail".

The provisions as described in 10.5*b i*, in 10.5*c* and 10.5*d* apply to such member.

10.8 A member who avails himself of the provisions set out in 3.6*d ii* (2) must advise the employer in writing at least 15 days prior to the beginning of his temporary leave of absence.

The provisions as described in 10.5*b i*, in 10.5*c* and in 10.5*d* apply to such member.

10.9 A member who did not avail himself of the periodic payment option pursuant to 3.6*d i* and who returns to work or to a full-time schedule before his retirement date or normal retirement date may avail himself of the provisions set out in 10.4 for the redemption of the years of contributory service which correspond to these temporary leaves of absence. However, only a temporary leave of absence or part of a temporary leave of absence taken between January 1, 1997 and December 31, 2003 and until December 31, 2008 for a member concerned may be redeemed. The member must exercise his redemption option no later than on the earlier of the following three dates, that is:

- i. within 180 days following his return to work or to a full-time schedule;
- ii. June 30, 2004 or June 30, 2009 for a member concerned; or
- iii. the retirement date or normal retirement date.

10.10 The provisions of this Section shall be subject to the Income Tax Act and any regulations adopted by the Government of Canada pursuant thereto.

10.11 Temporary Plan for the Redemption of Non-Contributory Leaves of Absence

(a) For the purposes of section 10.11 and 10.11A, "Plan" shall refer to the Temporary Plan for the Redemption of Non-Contributory Leaves of Absence.

(b) Any individual eligible for the Plan is a member of the plan pursuant to By-law no. 681 in force since January 1, 2000.

10.11.2 Non-contributory leaves of absence eligible for the Plan must correspond to years of service with the employer or a subsidiary or to years during which the individual has fulfilled a function with one of the preceding. Non-contributory leaves of absence shall be eligible according to the following priority:

- (a) an unpaid leave under the parental benefits plan;
- (b) a period of service prior to membership in the Plan and during which the individual had the status of a temporary employee and would have contributed to the Plan had it not been for his status;
- (c) any other temporary unpaid leave of absence.

A maximum of 2 years is applicable for each of *a*, *b* and *c* above, subject to 10.11.5.

Notwithstanding the foregoing, unpaid leaves of absence which are unauthorized or owing to a strike or a suspension and leaves of absence during which an individual is entitled to recall rights following his termination of employment and to whom provisions in 7.5 apply shall not be eligible for the Plan.

10.11.3 Any eligible individual may have all or a part of the period of non-contributory leave of absence eligible for the Plan counted as a year of contributory service. Terms and conditions set out in 10.2 are applicable. The required employee contribution provided for in 10.11.4 must be calculated and made according to the following terms and conditions:

(a) if the required employee contribution corresponds to the employee and employer contributions, if any, plus interest, it is based on the earnings rate shown on the employer's payroll during the eligible non-contributory leave of absence, the year's maximum pensionable earnings, the basic exemption and the rate of contribution in effect during the eligible non-contributory leave of absence;

(b) in other cases, the required employee contribution is based on the earnings rate shown on the employer's payroll at the date he avails himself of the option and the current service cost for the member and based on the actuarial valuation report prepared by the actuary and filed with the Régie des rentes du Québec, applicable at the date the member avails himself of the option;

(c) the eligible individual avails himself of the option and selects a method of refund pursuant to the provisions set out in 10.4, except as regards the 180-day time limit, and in accordance with the time limit set out in the Temporary Plan for the Redemption of Non-Contributory Leaves of Absence. The refund must be made while the eligible individual is in continuous service. Notwithstanding the foregoing, for eligible members who are retired at the date they avail themselves of the option, the refund must be made in a single lump sum payment within 90 days following the exercise of the option.

10.11.4 Required employee contributions are as follows:

(a) for an eligible non-contributory leave of absence provided for in 10.11.2a and 10.11.2b, an amount corresponding to the employee contributions, plus interest;

(b) for an eligible non-contributory leave of absence provided for in 10.11.2c, the contribution provided for in 3.6, 10.1, 10.3 or 10.9, as the case may be, plus interest;

(c) for an eligible non-contributory leave of absence provided for in 10.11.2c and for which the contribution is not provided for in 3.6, 10.1, 10.3 or 10.9, the required employee contribution is based on the earnings rate shown on the employer's payroll at the date the member avails himself of the option and the current service cost for the member and based on the actuarial valuation report prepared by the actuary and filed with the Régie des rentes du Québec, applicable at the date the member avails himself of the option.

Notwithstanding *c* hereinabove, for union activities and leaves of absence eligible under the Programme de bourses universitaires d'Hydro-Québec, the required employee contribution corresponds to the employee contributions, plus interest.

10.11.5 Any unfunded actuarial liabilities resulting from the Plan in excess of the amounts paid by the eligible individuals, cannot exceed \$50,000,000 as of January 1, 2000.

To respect the cumulative limit set out in the preceding paragraph, eligible individuals may redeem eligible leaves of absence, up to the above-mentioned limit, according to the priority set out in 10.11.2.

10.11 A) Extension of Temporary Plan for the Redemption of Non-Contributory Leaves of Absence

10.11 A.1) (a) For the purposes of section 10.11A, "Extension" shall refer to the extension of Temporary Plan for the Redemption of Non-Contributory Leaves of Absence.

(b) An individual eligible for the Extension is one who meets all of the following conditions:

1) the individual was a member at May 28, 2003;

2) the individual is a member concerned pursuant to this by-law or is a person who would have been a member concerned had there not been a break in continuous service after May 28, 2003;

3) the individual exercised his option as described under the Plan in 10.11 and was not able to redeem all the non-contributory leaves of absence to which he was eligible, given the ceiling under 10.11.5;

4) the individual did not put an end to his redemption of non-contributory leaves of absence under the Plan in 10.11;

Notwithstanding the foregoing, in the case of a unionized employee whose union has not signed an agreement in principle with Hydro-Québec as at May 23, 2003, this date shall be replaced by one agreed on between Hydro-Québec and the union when such an agreement is signed.

10.11 A.2) The non-contributory leaves of absence eligible for the Extension are those defined in 10.11.2 that were not able to be redeemed under the Plan in 10.11, given the ceiling under 10.11.5.

10.11 A.3) The eligible individual can have all or part of his non-contributory leaves of absence eligible for the Extension counted as a year of contributory service. The terms and conditions of 10.11.3 and 10.11.4 apply.

Notwithstanding the foregoing, the eligible individual who is no longer in the service of the employer must pay the required contribution in one lump sum within 90 days following the date on which he avails himself of the option.

10.12 Notwithstanding the provisions of 1.21, cumulative interest paid on a redemption amount is as follows:

(a) for redemptions provided for in 10.1, 10.3, 10.5, 10.6, 10.7, 10.8, 10.9 and 11.1, the rate shall correspond to the rate obtained monthly on personal five-year term deposits for chartered banks as reported by the Bank of Canada and for each year in accordance with the provisions of 9.6a and 9.6b;

(b) for redemptions provided for in 10.11, the rate shall be a fixed rate of 5.43%.

(c) for redemptions provided for in 10.1, 10.3, 10.5, 10.6, 10.7, 10.8, 10.9 and 11.1 and whose date of election of option is later than December 31, 2002, the rate shall be the rate used to establish the current value of a deferred pension as at the date on which the member returned to work. This fixed rate shall remain in force until the redemption has been fully paid.

(d) for redemptions provided for in 10.11A, the rate shall be the rate used to establish the current value of a deferred pension as at the date on which the member exercised his option as set out in the Extension in 10.11A. This fixed rate shall remain in force until the redemption has been fully paid.

SECTION 11 **REHIRING**

11.1 Any member who has received a refund of contributions or who would have received such a refund had it not been for the partial or total reduction in employee contributions resulting from 3.4A pursuant to Section 7 of the plan, of By-law no. 699, of By-law no. 681, of By-law no. 679, of By-law no. 676, of By-law no. 653, of By-law no. 582, of By-law no. 534, of By-law no. 278 or to Section 18 of By-law no. 83 may, if he is rehired, and subject to the provisions of the Income Tax Act and of any regulations adopted by the Government of Canada pursuant thereto, have a portion or all of the years of contributory service prior to his termination of employment counted, provided he returns the amount required, according to the terms and conditions set out in 10.4.

The amount required equals the amount reimbursed to the member upon termination of employment plus interest for the period elapsed between the date of the refund and the date of the first payment for the redemption, multiplied by the number of contributory years that the member wishes to have counted divided by the number of contributory years preceding his termination of employment.

The period redeemed must correspond to the refunded years closest to the year during which the redemption has occurred.

This provision shall not apply to the values of the retirement benefits transferred or refunded under the provisions of Section 7 or 27.7, except in the case of reinstatement following firing, if the pension amounts transferred or refunded, accrued with interest, are paid into the pension fund.

11.2 Any person who receives a retirement benefit under the plan, of By-law no. 699, By-law no. 681, By-law no. 679, By-law no. 676, By-law no. 653, By-law no. 582, By-law no. 534, By-law no. 278 or By-law no. 83 may request to cease to receive the retirement benefit if he is rehired as a member prior to his normal retirement date. However, he shall retain all the years of contributory service prior to his retirement date for which he has not received a refund of contributions. At his retirement, he will receive a retirement benefit based on his total years of contributory service, accordingly with Section 4, and on the retirement benefits payments received prior to his rehiring.

Any person who receives a retirement benefit under the plan, of By-law no. 699, By-law no. 681, By-law no. 679, By-law no. 676, By-law no. 653, By-law no. 582, By-law no. 534, By-law no. 278 or under By-law no. 83 may request to cease to receive the retirement benefit if he is rehired as a member after his normal retirement date but before December 1 of the year in which he reaches the age limit provided for in applicable legislation. Such retirement benefit shall then be postponed pursuant to 5.5 and, where applicable, Section 19.

11.3 Any person who is entitled to a deferred retirement benefit under the plan, of By-law no. 699, By-law no. 681, By-law no. 679, By-law no. 676, By-law no. 653, By-law no. 582, By-law no. 534, By-law no. 278 or By-law no. 83 shall lose his right to such deferred retirement benefit if he is rehired as a member before his normal retirement date. However, he shall retain all the years of contributory service prior to his termination date for which he has not received a refund of contributions.

11.4 Any member who has been retired pursuant to 5.3a ii (2) and who before reaching his 60th birthday becomes capable of carrying out the functions equivalent to those he held prior to his retirement, may be rehired by the employer. If he refuses the position offered him, the retirement benefit he receives shall be replaced by a deferred retirement benefit pursuant to Section 7, even if he does not satisfy the conditions pursuant to 7.1.

11.5 Repealed.**SECTION 12**
MAXIMUM BENEFITS**12.1** From the normal retirement date

12.1.1 The annual pension payable starting from the normal retirement date credited to the member for years of contributory service after December 31, 1991 shall be subject to the limit described in 12.1.2.

12.1.2 The annual pension established in 12.1.1 shall be limited to the defined benefit limit established on the date of event, multiplied by the number of years of contributory service after December 31, 1991.

12.1.3 The limit obtained in 12.1.2 shall be reduced by 0,25% per month, if applicable, for each month between the retirement date and the 1st day of the month coinciding with or immediately following the earliest of these dates :

(a) the date on which the member would have reached his 60th birthday ;

(b) the date on which the member would have completed 30 years of continuous service ;

(c) the date on which the years of continuous service plus the member's age would have totaled 80.

12.2 Before the normal retirement date

12.2.1 The annual pension payable from the retirement date up to the normal retirement date credited to the member for the years of contributory service after December 31, 1991 shall be subject to the lower of the limits described in 12.2.2 and 12.2.3.

12.2.2 The first limit referred to in 12.2.1 shall be established on the date of event and shall correspond to the sum of the following amounts :

(a) the defined benefit limit, multiplied by the number of years of contributory service after December 31, 1991 ;

(b) 25% of the average of the year's maximum pensionable earnings of the current year and of the previous 2 years, multiplied by the ratio expressed by the number of years of contributory service after December 31, 1991 over 35 ; this ratio shall not exceed 1.

12.2.3 The second limit referred to in 12.2.1 shall be established on the date of event and shall correspond to the sum of the following amounts :

(a) the annual pension obtained in 12.1 ;

(b) the sum of :

i. the maximum annual pension payable under the Old Age Security Act ;

ii. the maximum annual pension that would be payable to the member under the Act respecting the Québec Pension Plan if he were 65 years of age, multiplied by the ratio of his three-year average compensation to the corresponding average year's maximum pensionable earnings, subject to a maximum of 1

This amount shall be reduced by 0.25% per month, as applicable, for each month between the retirement date and the date of the member's 60th birthday, and multiplied by the ratio representing the member's number of years of continuous service over 10 ; this ratio shall not exceed 1.

12.3 The application of the provisions of 12.1 and 12.2 shall take into account, as the case may be, any pension resulting from the surplus distributed at the time the plan is wound up.

12.4 The application of the provisions of 12.1 and 12.2 shall not take into account, as the case may be, any benefits transferred to the spouse under Section 8 and any lump sum payments made pursuant to 5.6.

12.5 The provisions of 12.1 and 12.2 shall not apply to the part of the annual pension provided from excess contributions determined according to the provisions of 3.5.

12.6 The reductions provided for in 12.1.3 and 12.2.3*b* shall not apply in the case of pension payable for total and permanent disability under 5.3*a ii* (2).

12.7 The date of event for the purposes of 12.1 and 12.2 shall correspond to the date pension benefits become payable, except under the following conditions :

(a) repealed ;

(b) in the case of termination of employment, the date of termination of employment shall be used ;

(c) in the case of dissolution of the plan, the date on which the plan is dissolved shall be used ;

(d) in the case of legal separation, divorce, marriage annulment, dissolution or annulment of the civil union of a member, the date of the application for legal separation, divorce or marriage annulment, dissolution or annulment of the civil union shall be used ;

(e) in the case of cessation of a conjugal relationship between a member and his spouse as defined in 1.29*b*, the date on which the conjugal relationship ceased shall be used.

(f) in the case of progressive retirement, the benefit payment date as established under 5.6 shall be used.

12.8 All pension benefits provided under the plan shall be subject to the limits imposed by the Income Tax Act and by any regulations adopted pursuant to that Act regarding pension adjustments.

12.9 The annual pension established in the first paragraph of 18.2 shall be subject to the limits in 12.1 and 12.2, determined using the years of continuous service rather than the years of contributory service.

12.10 Postponed retirement

Notwithstanding any of the above, in the case of postponed retirement, the limit applicable to the annual retirement benefit of a member is the higher of:

i. The limit referred to in application of 12.1, 12.3, 12.4 and 12.5 with the date of event for the purposes of 12.1 as the normal retirement date. This limit is then adjusted by actuarial equivalence to reflect the postponement of pension benefits until the date at which pension benefits become payable.

ii. The limit referred to in application of 12.1, 12.3, 12.4 and 12.5 with the date of event for the purposes of 12.1 as the date at which pension benefits become payable.

SECTION 13 **INDEXATION**

13.1 On January 1 of each year, the amount of the retirement and survivor benefits being paid under the plan, By-law no. 699, By-law no. 681, By-law no. 679, By-law no. 676, By-law no. 582, By-law no. 534, By-law no. 278, By-law no. 83 and the supplemental plans shall be updated to reflect the change in the pension index, in the following manner:

(a) The amount of the retirement or survivor benefit expressed as an annual amount and paid as at December 31st of the preceding year shall be multiplied by the greater of:

i. the pension index for the year in question, reduced by 3%;

ii. the pension index for the year in question, subject to a maximum of 102%.

Any retirement or survivor benefit, the payment of which has begun during the year, shall be updated on the following January 1st and prorated according to the number of months that have elapsed since payment of the benefit began, with the exception of a survivor benefit paid to the spouse or children of a deceased pensioner, which benefit shall be indexed for the entire year in which it began to be paid.

In the event that a pensioner dies in the year during which he began to receive his retirement benefit, the survivor benefit paid to the spouse or children shall be updated on the following January 1st and prorated according to the number of months that have elapsed since his retirement date.

(b) If the method of calculation of the consumer price index for any particular year is changed, Hydro-Québec shall determine the method of calculation of the pension index for the said year.

13.2 Retirement and survivor benefits paid under a supplemental plan shall be indexed according to this Section only when the adjustment rate provided for in the plan is higher than that provided for in the supplemental plan, and in such case, the indexing shall be based solely on the difference between those adjustment rates.

13.3 Indexation of retirement and survivor benefits under supplemental plans, under Part III of By-law no. 676, under Part III of By-law no. 679, under Part III of By-law no. 681, part III of By-law no. 699 or under Part III of the plan as provided for under this Section shall not be paid to the pensioner, his spouse or his children under either of the following conditions:

(a) the spouse has not waived the right to the 60% survivor benefit, as this indexation is considered in the actuarial equivalence provided for in 4.4 of By-law no. 534 or in 14.1 of By-law no. 582, of By-law no. 653, of By-law no. 676, of By-law no. 679, of By-law no. 681, of By-law no. 699 or of the plan;

(b) the member or former member has elected, before payment of the pension has begun, to replace it with an annuity whose payment is guaranteed for 10 years, as this indexation is considered in the actuarial equivalence provided for in 14.2 of By-law no. 699 or the plan.

13.4 Indexation of deferred retirement benefits shall apply in the manner provided for in 13.1*a*, as of January 1st of the year following the date on which they start to be paid.

13.5 Any retirement benefit not in payment on the normal retirement date or after such date shall also be updated pursuant to 13.1.

13.6 Beginning on January 1, 2001, any member who terminates his employment with the employer before his 55th birthday shall be entitled to receive an additional benefit with respect to his years of credited service after December 31, 2000. This additional benefit shall be equal to the positive difference between:

(a) the present value of the indexed benefit described hereinafter, increased by his excess contributions pursuant to 3.5, calculated as if the member was entitled to this indexed benefit on the date of termination of employment.

For the purposes of this paragraph, the indexed benefit shall be the deferred benefit payable on the normal retirement date, indexed for the period between the date of termination of employment and the member's 55th birthday. This indexation is for the purpose of increasing the amount of the benefit, up to the month of the member's 55th birthday, by a percentage corresponding to 50% of the expected increase of the all-item consumer price index for Canada, not seasonally adjusted, made public by Statistics Canada. This percentage shall not exceed 2% per year;

and

(b) the present value of the benefit to which the member is entitled under the plan on the date of termination of employment, increased by the value of the member's excess contributions as at that date.

Subject to the provisions below, the additional benefit is payable as a lifetime retirement pension commencing on the normal retirement date. The amount of this additional lifetime pension shall be equal to such portion of the excess of:

(a) the amount of the pension established in Section 4, but by substituting "Five-year average earnings" by "final indexed compensation", as defined below; over

(b) the amount of the pension established in Section 4.

However, this pension is limited by the pension established on an actuarial equivalence basis of the amount of the additional benefit.

For purposes of the above paragraph, the member's "final indexed compensation" shall be equal to the member's highest average compensation, indexed to the cal-

endar year in which the member's retirement benefits under the provision commence to be paid, as defined under the Income Tax Act and to any regulations adopted by the Government of Canada pursuant to this Act.

When the Commuted Value of the additional lifetime retirement pension defined above is less than the value of the additional benefit established in the third paragraph, the excess, that is, the portion of the value of the additional benefit that cannot be paid in the form of a lifetime pension, shall be paid to the member in a lump sum as of the date he terminates active membership in the plan.

SECTION 14 **OPTIONAL FORMS OF PENSION**

14.1 Waiver of the spouse's 60% pension.

Prior to the date on which pension payments begin, the employee's spouse, if any, may waive the death benefit provided for in 6.3.2 by so notifying the Committee in writing. This waiver may be revoked by notifying the Committee in writing before the date on which the member's retirement benefit begins.

If the employee's spouse, if any, has not waived the benefit provided for in 6.3.2, the annual pension calculated in Section 4 increased, where applicable, by the pension benefit provided for in 5.2c, shall be adjusted on an actuarial equivalence basis with the normal pension provided for in 6.3.1, to pay the spouse a 60% pension.

For any member concerned who retires after January 1, 2004 and by December 31, 2008 at the latest, the adjustment determined on the actuarial equivalence basis in this section shall be reduced by 50%. This reduction does not apply to a former member who retires during this period.

The provisions of the first paragraph of 6.1 notwithstanding, spousal status for the purposes of application of the above provisions shall be established on the day preceding the date on which the member's retirement benefit begins.

14.2 Payment of pension guaranteed for 10 years

A member or former member who retires shall be entitled, before the payment of his pension begins, to replace such pension by a pension whose payment is guaranteed for 10 years. To avail himself of this option, the member or former member must request it in writing before payment of his pension begins.

(a) If the employee's spouse, if any, has not waived the benefit provided for in 6.3.2 and, if applicable, the member or former member elects to receive a pension whose payment is guaranteed for 10 years, the annual pension calculated in Section 4 and increased, as the case may be, by the pension provided for in 5.2c shall be adjusted to its actuarial equivalent to the normal pension provided for in 6.3.1 to provide the pensioner with a pension whose payment is guaranteed for 10 years.

In such a case and other provisions to the contrary under the plan notwithstanding, if the pensioner dies before the end of the 10-year period, the pension that would have been paid to him were he not deceased shall continue to be paid to his spouse or, if there is none, to his children for the remainder of the 10-year period. After this date, a pension corresponding to 60% of the pension that would have been paid to the pensioner shall be paid to his spouse or, if there is none, to his children. If the pensioner dies without a surviving spouse and surviving children, the present value of the pension payable until the end of the 10-year period shall be paid to his successors.

For any concerned member who retires after January 1, 2004 and by December 31, 2008 at the latest, the adjustment determined on the actuarial equivalence basis in this section shall be reduced by 50%. This reduction does not apply to a former member who retires during this period.

The provisions of the first paragraph of 6.1 notwithstanding, spousal status for the purposes of application of the above provisions shall be established on the day preceding the date on which the member's retirement benefit begins.

(b) If the employee's spouse, if any, has waived the benefit provided for in 6.3.2 and, if applicable, the member or former member elects to receive a pension whose payment is guaranteed for 10 years, the annual pension calculated in Section 4 and increased, as the case may be, by the pension provided for in 5.2c shall be adjusted to its actuarial equivalent to the normal pension provided for in 6.3.1 to provide the pensioner with a pension whose payment is guaranteed for 10 years.

In such a case and other provisions to the contrary under the plan notwithstanding, if the pensioner dies before the end of the 10-year period, the pension that would have been paid to him were he not deceased shall continue to be paid to his spouse or, if there is none, to his children for the remainder of the 10-year period. After this date, a pension corresponding to 50% of the pension that would have been paid to the pensioner following the reduction provided for in 4.3 and the ter-

mination of the bridging benefit provided for in 4.1A, 4.6 and 4.7 shall be paid to his spouse or, if there is none, to his children. If the pensioner dies without a surviving spouse and surviving children, the present value of the pension payable until the end of the 10-year period shall be paid to his successors.

For any member concerned who retires after January 1, 2004 and by December 31, 2008 at the latest, the adjustment determined on the actuarial equivalence basis in this section shall be reduced by 50%. This reduction does not apply to a former member who retires during this period.

The annual amount of this temporary pension, including, as the case may be, its variations until age 65, is set by the member, former member or spouse. Each year while it is paid, the amount of such temporary pension may not exceed 40% of the maximum pensionable earnings for the year in which payment of the temporary pension began, less any other temporary benefit payable that year under the plan.

(b) Notwithstanding the provisions hereinabove in *a*, the member, former member or spouse who has not attained age 55 and is entitled to a pension under the plan may elect, before its payment has begun, to replace such pension by a pension whose amount is adjusted to take into account the equivalent amount that will be payable under the Old Age Security Act, the Canada Pension Plan or the Québec Pension Plan. In such a case, the annual amount of the temporary pension payable under the plan shall not exceed the lesser of the following:

- i. 40% of the maximum pensionable earnings for the year in which payment of the temporary pension began;
- ii. the amount that would result from the conversion of the entire lifetime annuity into a temporary pension ending when the member, former member or spouse attains age 65.

Starting on the first day of the month following the month in which the pensioner attains age 55, he shall be entitled to replace the temporary pension payable in accordance with the present paragraph by the temporary pension payable in accordance with *a* hereinabove.

(c) The member, former member or spouse who elects to receive a temporary pension in accordance with *a* or *b* hereinabove must so advise the Committee in writing, in accordance with the regulations adopted pursuant to the Supplemental Pension Plans Act. The pensioner who, after the first day of the month following the month in which he attains age 55, elects to replace the temporary pension payable in accordance with paragraph *b* by the temporary pension payable in accordance with *a* hereinabove must also give such written notice.

The amount of pension resulting from the election of the option provided for in *a* and *b* hereinabove shall be the actuarial equivalent of the normal pension payable from the plan.

SECTION 18 RETIREMENT BENEFIT GUARANTEE FORMULA

18.1 Eligibility

The following persons shall be deemed eligible for a retirement benefit guarantee formula, with the exception of deferred retirement members and recipients of spousal or children’s survivor benefits pursuant to a deferred retirement benefit:

(a) a member in the employ of a subsidiary prior to January 1, 1966, whose effective date of employment is recognized by Hydro-Québec to precede this date, and who retires subsequent to December 31, 2003 pursuant

to the plan and who has at least 10 years of credited service or at least 15 years of credited service in the case of a member who retires pursuant to 5.4;

(b) the spouse of a pensioner referred to in *a* or in 16.1a of By-law no. 534 or in 18.1a of By-law no. 582, of By-law no. 653, of By-law no. 676, of By-law no. 679, of By-law no. 681 or of By-law no. 699 who dies after December 31, 2003;

18.2 Calculation method

The purpose of the retirement benefit guarantee formula is to provide:

(a) the eligible member at the time of retirement with a pension at least equal to 2.00% of five-year average earnings times the total number of years of continuous service with Hydro-Québec or a subsidiary, as of the effective date of employment as recognized by Hydro-Québec for the purposes of the plan. However, the pension payable for years of continuous service prior to January 1, 1990 shall be limited to 80% of the five-year average earnings.

If the years of contributory service total less than 5, the five-year average earnings, for the purposes of this Section, shall be calculated pursuant to 1.41, considering, for the purposes of said Section, the years of certified service as years of contributory service and the basic pay received during these years.

If the total pension is less than the amount calculated above, the pensioner shall receive the difference.

If the eligible spouse’s right to 60% of the deceased’s retirement benefit was not waived pursuant to 4.4 of By-law no. 534 or in 14.1 of By-law no. 582, of By-law no. 653, of By-law no. 676, of By-law no. 679, of By-law no. 681, of By-law no. 699 or of the plan, or if the member has availed himself of the option of receiving a retirement benefit guaranteed for 10 years as provided for in 14.2 of the plan, the amount referred to in the third paragraph above shall be adjusted on an actuarial equivalence basis. For any member concerned who retires after January 1, 2004 and by December 31, 2008 at the latest, the adjustment determined on the actuarial equivalence basis in this section shall be reduced by 50%. This reduction does not apply to a former member who retires during this period.

If applicable, this amount shall be increased by an additional amount calculated on an actuarial equivalence basis to take into account the guaranteed pension paid for a determined period under a supplemental plan, under Part III of By-law no. 676, under Part III of By-law no. 679, under Part III of By-law no. 681, under Part III of By-law no. 699 or under Part III of the plan and the pension, where applicable, pursuant to Section 20.

(b) the eligible spouse referred to in 18.1 with a survivor benefit equal to the greater of the following amounts:

i. 50% of the amount referred to in the first paragraph of 18.2a;

and

If the pension payable to an eligible spouse under a supplemental plan, under Part III of By-law no. 676, under Part III of By-law no. 679, under Part III of By-law no. 681, under Part III of By-law no. 699 or under Part III of the plan and this plan prior to the application of Part II of the plan is less than the greater of the above amounts, the eligible spouse shall receive the difference.

If the eligible spouse's right to 60% of the deceased's pension was not waived pursuant to 4.4 of By-law no. 534 or to 14.1 of By-law no. 582, of By-law no. 653, of By-law no. 676, of By-law no. 679, of By-law no. 681, of By-law no. 699 or of the plan, the eligible spouse shall receive 60% of the amount referred to in the fourth paragraph of 18.2a.

If the member has availed himself of the option of receiving a retirement benefit guaranteed for 10 years as provided for in 14.2 of the plan, the eligible spouse shall receive, until the 10th anniversary of the retirement date of the member, a survivor benefit equal to the benefit that the pensioner would have received in accordance with the fourth paragraph of 18.2a if he had not died. After that date, the spouse shall receive a survivor benefit equal to 50% of the benefit that would have been payable to the pensioner after the reduction provided for in 4.3 and the end of the bridging benefit provided for in 4.1A, 4.6 and 4.7, or if the eligible spouse's right to 60% of the retirement benefit of the deceased was not waived, a survivor benefit equal to 60% of the benefit that would have been payable to the pensioner.

(c) the eligible spouse referred to in 18.1c with a survivor benefit equal to the greater of the following amounts:

i. (1) 50% of the amount referred to in paragraph 1 of 18.2a, prorated according to the total number of years of continuous service between the effective date of employment as recognized by Hydro-Québec for the purposes of the plan and December 31, 1989, over the total number of years of continuous service between said effective date of employment and the date of the eligible member's death; plus

(2) the survivor benefit resulting from the greater of the following amounts:

(a) the present value of the amount referred to in the first paragraph of 18.2a to which the eligible member was entitled before his death, prorated according to the total number of years of continuous service between January 1, 1990 and the date of the eligible member's death, over the total number of years of continuous service between the effective date of employment as recognized by Hydro-Québec for the purposes of the plan and the date of his death;

and

(b) the present value of the survivor benefit payable to the eligible spouse. This survivor benefit shall be equal to 50% of the amount referred to in the first paragraph of 18.2a, prorated according to the total number of years of continuous service between January 1, 1990 and the date of the eligible member's death over the total number of years of continuous service between the effective date of employment as recognized by Hydro-Québec for the purposes of the plan and the date of his death.

and

ii. (1) 50% of the vested pension pursuant to 16.1a, 16.1b and 16.1c *i*; plus

(2) the survivor benefit equal to the greater of the following amounts:

(a) the present value of the survivor benefit payable to the eligible spouse. This survivor benefit is equal to 50% of the retirement benefit credited to the eligible member as at the date of his death pursuant to 16.1c *ii*;

and

(b) the present value of the retirement benefit to which the eligible member was entitled before his death for years of credited service after December 31, 1989.

If the survivor benefit payable to the eligible spouse under the supplemental plans, under Part III of By-law no. 676, under Part III of By-law no. 679, under Part III of By-law no. 681, under Part III of By-law no. 699 or under Part III of the plan and the plan prior to the application of Part II of the plan is less than the greater of the amounts referred to in *i* or *ii* above, the eligible spouse shall receive the difference.

18.3 Terms and conditions of application

(a) If an eligible spouse receives a separation allowance following the death of an eligible employee in the service of Southern Canada Power Company, Limited, the retirement benefit guarantee formula shall apply only at the end of the number of weeks used as the basis for calculating the allowance.

(c) If an eligible spouse elects to receive the survivor benefit to which he is entitled under a supplemental plan, under Part III of By-law no. 676, under Part III of By-law no. 679, under Part III of By-law no. 681, under Part III of By-law no. 699 or under Part III of the plan as a lump sum payment, said survivor benefit shall be deemed to be paid out for the period provided for in the supplemental plan, under Part III of By-law no. 676, under Part III of By-law no. 679, under Part III of By-law no. 681, under Part III of By-law no. 699 or under Part III of the plan, and the retirement benefit

In the case of an eligible spouse of a pensioner, this subsection shall apply only if the eligible spouse's right to 60% of the deceased's retirement benefit has been waived and if the pensioner did not avail himself of his right to a benefit guaranteed for 10 years, in accordance with the provisions of 14.2.

(d) If under a supplemental plan, under Part III of By-law no. 676, under Part III of By-law no. 679, under Part III of By-law no. 681, under Part III of By-law no. 699 or under Part III of the plan an eligible spouse is entitled to a refund of contributions, the retirement benefit guarantee formula shall not apply for such number of years as obtained by dividing A by B below:

19.6 Upon the death of a pensioner who retired subsequent to his normal retirement date or who died while still in the employ of the employer after December 1st of the year in which he reaches the age limit provided for by applicable legislation, the eligible spouse shall be entitled, for his lifetime, to the sum of the following amounts:

After that date, to the survivor benefit to which his spouse is entitled shall be increased by 60% of the amount of indexation to which the pensioner would have been entitled for such retirement benefit on that date had he not died. PART III **PROVISIONS REGARDING THE SUBSIDIARIES'** **MERGED PLANS**

SECTION 22 **PENSION PLAN FOR EMPLOYEES OF** **THE COMPAGNIE D'ÉLECTRICITÉ DU SUD** **DU CANADA LTÉE**

22.1 Provisions of Section 22 are added to the Hydro-Québec Pension Plan further to the merger of the Compagnie d'électricité du sud du Canada Ltée Employees Pension Plan with the Hydro-Québec Pension Plan. These provisions correspond to the provisions of the Compagnie d'électricité du sud du Canada Ltée Employees Pension Plan with the required adaptations. Subject to applicable legislation, benefits payable to an employee who has left the Company prior to January 1, 1999 are determined according to provisions of the Southern Canada Power Company Limited Employees Pension Plan or the Compagnie d'électricité du sud du Canada Ltée Employees Pension Plan, as the case may be. Provisions of this Section apply only to benefits arising from participation in the Compagnie d'électricité du sud du Canada Ltée Employees Pension Plan.

22.2 Definitions

For purposes of Section 22, the following terms mean:

“Company”: the Compagnie d'électricité du sud du Canada Ltée and its subsidiary, the Compagnie de chemins de fer et d'électricité de Sherbrooke Ltée, its successors or assigns;

“Employee”: a permanent employee of the Company of either gender. An active employee at December 31, 1965 who participates in the Hydro-Québec Pension Plan as of January 1, 1966 remains an employee for purposes of this Section 22, even if he becomes employed by Hydro-Québec or of one of its subsidiaries;

“Normal retirement age”: sixty-five (65) years old for men and sixty (60) years old for women;

“Participation date”: the date set in the agreement between the Company and Hydro-Québec from which Company employees became members of the Hydro-Québec Pension Plan, i.e., January 1, 1966;

“Pensioner”: a person, other than a spouse, a beneficiary or a successor, receiving pension benefits under the Southern Canada Power Company Limited Employees Pension Plan or the Compagnie d’électricité du sud du Canada Ltée Employees Pension Plan or under this Section 22.

22.3 Special provisions

Employees in active service on the participation date have ceased to accrue pension credits under the Southern Canada Power Company Limited Employees Pension Plan and the Compagnie d’électricité du Sud du Canada Ltée Employees Pension Plan.

Employees in active service on the participation date retain all their pension credits for service or participation prior to that date. These credits will be paid to them according to provisions of this Section 22.

Where Section 22 mentions the average of an employee’s total monthly earnings received during his last 10 years of service, it means the average of total monthly earnings received by an active employee on participation date for his last 10 years of service in the employment of either the Company or Hydro-Québec.

For purposes of this Section 22, years of service accrued after the participation date by permanent or regular employees of Hydro-Québec or one of its subsidiaries count as years of service with the Company for purposes of establishing the right to a pension, but not to establish the amount of such pension. In this case, only the years of service prior to January 1, 1966 are computed.

22.4 Benefits

(a) Normal Retirement

Employees who have reached normal retirement age and who have been continuously employed by the Company for 10 years or more are entitled, from the first day of the month following the month during which they have reached the normal retirement age, to a monthly pension equal to 1% for each year of service with the Company, based on their average total monthly earnings during their last 10 years of service, subject to a minimum of \$50 per month or 50% of the average of such monthly earnings, whichever is lower.

The determination of any additional amount required to bring the pension benefits to the \$50 monthly minimum takes into account the amount of pension paid

under Part I and Part II of the Plan, excluding any additional amount payable on account of provisions regarding minimum pension or half-pension.

(b) Early retirement at the request of the employee

An employee who has reached 55 years of age and has been continuously employed by the Company for a period of 15 years or more may retire at any time prior to his normal retirement date. In such a case, the monthly pension payable from the first day of the month following his retirement is equal to 1% for each year of service with the Company, based on the average of his total monthly earnings during the last 10 years of service, multiplied by a factor determined as per the following table:

Age on due date of first monthly payment	Factor	
	Men	Women
55	0.60	0.80
56	0.64	0.84
57	0.68	0.88
58	0.72	0.92
59	0.76	0.96
60	0.80	1.00
61	0.84	
62	0.88	
63	0.92	
64	0.96	
65	1.00	

Age is computed in complete months; where required, the factor is determined using straight line interpolation. In such a case, however, the minimum monthly pension provision set out under *a* above does not apply.

(c) Early retirement at the request of the employer

An employee who has reached 55 years of age and has been continuously employed by the Company for a period of 15 years or more may be retired by the employer before having reached his normal retirement age. In such a case, the monthly pension payable from the first day of the month following his retirement is equal to 1% for each year of service with the Company, based on the average of his total monthly earnings during the last 10 years of service, multiplied by a factor determined as per the following table:

Age on due date of first monthly payment	Factor	
	Men	Women
55	0.80	0.90
56	0.82	0.92
57	0.84	0.94
58	0.86	0.96
59	0.88	0.98
60	0.90	1.00
61	0.92	
62	0.94	
63	0.96	
64	0.98	
65	1.00	

Age is computed in complete months; where required, the factor is determined using straight line interpolation. In such a case, however, the minimum monthly pension provision set out under *a* does not apply.

(d) Disability benefits

An employee who has been continuously employed by the Company for 10 years or more, and who can no longer perform his regular tasks on account of physical or intellectual disability, is entitled (but only during the period where such physical or intellectual disability prevents him from going back to full active service with the Company) to receive a monthly retirement pension equal to 1% for each year of service with the Company, based on the average of his total monthly earnings during the last 10 years of service. In such a case, however, the minimum monthly pension provision set out under *a* above does not apply.

(e) Death benefits

On the death of a male employee who was receiving a pension pursuant to *a* above, a monthly pension equal to half the monthly pension payable to such employee is paid to his widow for life. Such half-pension is not payable to widows of employees who retired prior to September 23, 1955.

On the death of a male employee who was receiving or was entitled to a pension pursuant to *b* above, a monthly pension equal to half the monthly pension payable to such employee if he was retired or to half the pension which he would have been entitled to had he retired on the date immediately preceding the date of his death, pursuant to the provisions of *b* above, is paid to his widow for life. Such half-pension only applies to widows of employees who become entitled to a pension pursuant to *b* above on or after December 1, 1962.

On the death of a male employee who was receiving a pension pursuant to *c* above, a monthly pension equal to half the monthly pension payable to such employee pursuant to the provisions of *c* above is paid to his widow for life. Such half-pension only applies to widows of employees who retired pursuant to *c* above on or after December 1, 1962.

On the death of a male employee who was in active service with the Company on December 1, 1962 and who, after this date and while in active service with the Company, became eligible to a pension pursuant to *d* above, a monthly pension equal to the product of *i* and *ii* below is paid to his widow for life.

i. the monthly pension payable to such pensioner, and

ii. a factor of: $0.01 \times X - 0.15$

(Where X is the age of the retired employee in complete years at the date on which the Company began paying him the pension to which he was entitled pursuant to *d* above.)

22.5 Miscellaneous provisions

(a) Subject to the provisions of *f* below, the pension payment commencement date is the first day of the month following the month during which the employee retired, or any other date determined by the Committee. The pension payment commencement date for any widow, as established above, is the first day of the month following the month during which the employee died.

(b) Subject to the provisions of 22.4d, employee retirement pensions granted to employees are paid from the retirement date until death.

(c) The service period includes fractions of year.

(d) Leaves of absence or temporary lay-offs due to staff reductions, or leaves to satisfy military obligations are not considered as breaks in service.

(e) Former employees who left the service of the Company on or after December 1, 1962 with more than 15 years of continuous service and who are rehired lose only the period during which they were not in the service of the Company.

(f) Termination benefits

Any employee having reached 45 years and counting 15 years or more of continuous service who terminated employment with the Company on or after December 1, 1962 is entitled to a monthly pension payable from his

normal retirement age. This pension is equal to 1% for each year of service with the Company, based on the average of the employee's total monthly earnings during the last 10 years of service. In such a case, however, the minimum monthly pension provision set out under 22.4a does not apply. The retirement pension set out in this paragraph *f* is not payable to employees who already receive a pension under 22.4d.

22.6 This Section adds to the preceding provisions of Section 22, without reducing the rights conferred by such Section 22.

(a) Deferred pension

Any employee who meets the following conditions at the time he leaves the service of the employer is entitled to a deferred pension at least equal to the monthly pension payable from the normal retirement age:

- i. having reached 45 years of age but not the normal retirement age;
- ii. having completed at least 10 years of continuous service.

(b) Early retirement

An employee who has completed a minimum of 10 years of continuous service and whose period of continuous service ends in the 10 years immediately preceding the date on which he attains the normal retirement age is entitled to receive an early retirement pension. The early retirement pension is the actuarial equivalent of the pension payable at normal retirement age.

(c) Postponed retirement

An employee who remains in the employer's service after his normal retirement date may retire as of the first day of any month following this date. The employee's monthly retirement benefit shall be postponed until his actual retirement date, but no later than December 1 of the year in which the employee reaches the age limit provided for in applicable legislation, even if he remains in the employer's service after this date. The amount of the postponed retirement benefit is an actuarial equivalent based on the retirement benefit payable at normal retirement age and the length of the postponement period.

During the postponement period, the employee may request payment in whole or in part of his retirement benefit, but only insofar as is necessary to compensate for any reduction in earnings during this period. The employee may not make such request more than once per 12-month period.

Should the employee die during the postponement period, his spouse is entitled to a pension, the value of which is equal to the value of the pension that would have been payable to the employee, had payment of the pension began on the day preceding the date of death.

(d) Spousal pension

Upon the death of a pensioner who had retired after December 31, 1989 or of an employee whose period of continuous service had ended after this date and who is expecting the commencement of a benefit payable pursuant to Section 22, and provided the employee's spouse has not waived the right to a 60% pension at the time of the employee's retirement pursuant to Part I, the employee's spouse shall receive a lifetime pension equal to 60% of the pension that the pensioner was receiving or was entitled to receive at the time of his death, such pension being the actuarial equivalent of the pension he would have been entitled to receive in the absence of the right conferred herein to the spouse.

Prior to the date on which pension payments begin, the employee's spouse, if any, may waive the right to a spousal pension by so notifying the Committee in writing. This waiver may be revoked by notifying the Committee in writing within the period provided for above.

(e) Payment of benefits and transfer

The provisions of 7.9, 7.10, 7.11, 7.12, 7.13, 7.14 and 27.7 apply, *mutatis mutandis*, to the benefits provided under Section 22.

(f) Payment of retirement benefits guaranteed for 10 years

The provisions of 14.2 of the plan also apply, *mutatis mutandis*, to the benefits provided under Section 22 with the exception of the 50% reduction of the adjustment by actuarial equivalence.

(g) Spouse

Spousal status for the purposes of 22.6 shall be established in accordance with Sections 6 and 14 of the plan.

(h) Designation of ex-spouse as beneficiary

The provisions of 6.2.5c, 6.2.5d and 6.3.3b of the plan also apply, *mutatis mutandis*, to the benefits provided under Section 22.

- i. Partition of entitlements between spouses and adjustment of the pensioner's entitlements

The provisions of Section 8 also apply, *mutatis mutandis*, to the benefits provided under Section 22.

SECTION 23 PENSION PLAN FOR EMPLOYEES OF THE COMPAGNIE D'ÉLECTRICITÉ DU NORD DU QUÉBEC LIMITÉE

23.1 Provisions of Section 23 are added to the Hydro-Québec Pension Plan further to the merger of the Compagnie d'électricité du nord du Québec Limitée Employees Pension Plan with the Hydro-Québec Pension Plan. These provisions correspond to the provisions of the Compagnie d'électricité du nord du Québec Limitée Employees Pension Plan, with the required adaptations. Subject to applicable legislation, benefits payable to an employee who has left the Company prior to January 1, 1999 are based on the provisions of the northern Quebec Power Company, Limited Employees Pension Plan or the Compagnie d'électricité du nord du Québec Limitée Employees Pension Plan, as the case may be. The provisions of this Section apply only to benefits arising from participation in the Compagnie d'électricité du nord du Québec Limitée Employees Pension Plan.

23.2 Definitions

For purposes of Section 23, the following terms mean:

“Company”: the Compagnie d'électricité du nord du Québec Limitée, its successors or assigns;

“Employee”: a permanent employee of the Company of either gender. An active employee at December 31, 1965 who participates in the Hydro-Québec Pension Plan from January 1, 1966 continues to be an employee for purposes of this Section 23, even if he becomes employed by Hydro-Québec or of one of its subsidiaries.

“Normal retirement age”: sixty-five (65) years old for men and sixty (60) years old for women;

“Participation date”: the date set in the agreement between the Company and Hydro-Québec from which the Company employees become members of the Hydro-Québec Pension Plan, i.e., January 1, 1966;

“Pensioner”: a person, other than a spouse, a beneficiary or a successor, receiving pension benefits under the northern Quebec Power Company, Limited Employees Pension Plan or the Compagnie d'électricité du nord du Québec Limitée Employees Pension Plan or under this Section 23.

23.3 Special provisions

Employees in active service on the participation date have ceased to accrue pension credits under the northern Quebec Power Company, Limited Employees Pension Plan and the Compagnie d'électricité du nord du Québec Limitée Employees Pension Plan.

Employees in active service on the participation date retain all their pension credits for service or participation prior to that date. These credits will be paid to them according to the provisions of this Section 23.

Where Section 23 mentions the average of an employee's total monthly earnings received during his final 10 years of service, it means the average of total monthly earnings received by an active employee on participation date during his last 10 years of service in the employment of either the Company or Hydro-Québec.

For purposes of this Section 23, years of service accrued after the participation date by permanent or regular employees of Hydro-Québec or one of its subsidiaries count as years of service with the Company for purposes of establishing the right to a pension, but not to establish the amount of such pension. In this case, only the years of service prior to January 1, 1966 are computed.

23.4 Benefits

(a) Normal retirement

Employees who have reached normal retirement age and who have been continuously employed by the Company for 10 years or more are entitled to the payment of the accrued pension.

(b) Disability pension

Employees who have been continuously employed by the Company for a period of 10 years or more and who can no longer perform their regular tasks on account of physical or intellectual disability are entitled to receive payment of their accrued pension (but only during the period where such physical or intellectual disability prevents them from going back to full active service with the Company).

(c) Accrued pension

The amount of the monthly pension is 1% for each year of service with the Company, based on the employee's average total monthly earnings during his last 10 years of service, subject to a minimum of \$50 per month or 50% of the average of such monthly earnings, whichever is lower.

The determination of any additional amount required to bring the pension benefits to the \$50 monthly minimum takes into account the amount of pension paid under Part I and Part II of the Plan, excluding any additional amount payable on account of provisions regarding minimum pension or half-pension.

(d) Death benefits

On the death of a male employee who was receiving a pension pursuant to *a* above, a monthly pension equal to half the monthly pension payable to such employee is paid to his widow for life. Such half-pension is not payable to widows of employees who retired prior to January 1, 1956.

23.5 Miscellaneous provisions

(a) The pension payment commencement date is the first day of the month following the month during which the employee retired, or any other date as determined by the Committee.

(b) Retirement pensions granted to employees are paid from the employees retirement dates until death.

(c) The service period includes fractions of year.

(d) Leaves of absence or temporary lay-offs due to staff reductions, or leaves to satisfy military obligations are not considered as breaks in service.

(e) Former employees counting 20 years or more of continuous service who have left and been rehired by the Company lose only the period during which they were not employed by the Company.

(f) Termination benefits

Any employee aged 50 or more having completed 20 years or more of continuous service with the Company is entitled to a monthly pension payable from his normal retirement age if he terminates his employment prior to normal retirement age. This monthly pension is based on accrued service as of the first of the following dates:

- i. the employee's termination date, or
- ii. the employee's date of participation.

However, in such cases, the provision relevant to the minimum monthly retirement benefit pursuant to 23.4c does not apply.

23.6 This section adds to the preceding provisions of Section 23, without reducing the rights conferred by such Section 23.

(a) Deferred pension

Any employee who meets the following conditions at the time of his termination of employment at the employer's service is entitled to a deferred pension at least equal to the monthly pension payable from the normal retirement age:

- i. having reached age 45, but not the normal retirement age;
- ii. having completed at least 10 years of continuous service.

(b) Early retirement

An employee who has completed a minimum of 10 years of continuous service and whose period of continuous service ends in the 10 years immediately preceding the date on which he reaches his normal retirement age is entitled to receive an early retirement pension. The early retirement pension is the actuarial equivalent of the pension payable at normal retirement age.

(c) Postponed retirement

An employee who remains in the employer's service after his normal retirement date may retire as of the first day of any month following this date. The monthly retirement benefit of the employee shall then be postponed until his actual retirement date, but no later than December 1 of the year in which the employee reaches the age limit provided for in applicable legislation, even if he remains in the employer's service after this date. The amount of the postponed retirement benefit is an actuarial equivalent based on the retirement benefit payable at normal retirement age and the length of the postponement period.

During the postponement period, the employee may request the total or partial payment of his retirement benefit, but only insofar as is necessary to compensate for any reduction in earnings during this period. The employee may not make such request more than once in any 12-month period.

Should the employee die during the postponement period, his spouse is entitled to a pension, the value of which is equal to the value of the pension that would have been payable to the employee, had payment of the pension began on the day preceding the date of death.

(d) Spousal pension

Upon the death of a pensioner who had retired after December 31, 1989 or of an employee whose period of continuous service had ended after this date and who is expecting the commencement of a benefit payable pursuant to Section 23, and provided the spouse has not waived the right to a 60% pension at the time of the employee's retirement pursuant to Part I, the employee's spouse shall receive a lifetime pension equal to 60% of the pension that the pensioner was receiving or was entitled to receive at the time of his death, such pension being the actuarial equivalent of the pension he would have been entitled to receive in the absence of the right conferred herein to the spouse.

Prior to the date on which pension payments begin, the employee's spouse, if any, may waive the right to a spousal pension by so notifying the Committee in writing. This waiver may be revoked by notifying the Committee in writing within the period provided for above.

(e) Payment of benefits and transfer

The provisions of 7.9, 7.10, 7.11, 7.12, 7.13, 7.14 and 27.7 apply, *mutatis mutandis*, to the benefits provided under Section 23.

(f) Spouse

Spousal status for the purposes of 23.6 shall be established in accordance with Sections 6 and 14 of the plan.

(g) Designation of ex-spouse as beneficiary

The provisions of 6.3.3b of the plan also apply, *mutatis mutandis*, to the benefits provided under Section 23.

(h) Partition of entitlements between spouses and adjustment of the pensioner's entitlements

The provisions of Section 8 also apply, *mutatis mutandis*, to the benefits provided under Section 23.

SECTION 24 PENSION PLAN FOR EMPLOYEES OF THE COMPAGNIE ÉLECTRIQUE DU SAGUENAY

24.1 The provisions of Section 24 are added to the Hydro-Québec Pension Plan further to the merger of the Compagnie électrique du Saguenay Employees Pension Plan with the Hydro-Québec Pension Plan. These provisions correspond to the provisions of the Compagnie

électrique du Saguenay Employees Pension Plan, with the required adaptations. Subject to applicable legislation, benefits payable to an employee who has left the Company prior to January 1, 1999 are based on the provisions of the Supplément à la caisse de retraite et d'assurance-vie des employés de la Compagnie électrique du Saguenay or the Compagnie électrique du Saguenay Employees Pension Plan, as the case may be. The provisions of this Section apply only to benefits arising from participation in the Compagnie électrique du Saguenay Employees Pension Plan.

24.2 Definitions

For purposes of Section 24, the following terms mean:

“Company”: the Compagnie électrique du Saguenay, its successors or assigns;

“Employee”: a permanent employee of the Company of either gender. An active employee at December 31, 1965 who participates in the Hydro-Québec Pension Plan since January 1, 1966 continues to be an employee for purposes of the Supplément à la caisse de retraite et d'assurance-vie des employés de la Compagnie électrique du Saguenay even if he becomes employed by Hydro-Québec or of one of its subsidiaries;

“Normal retirement age”: sixty-five (65) years old for men and sixty (60) years old for women;

“Participation date”: the date set in the agreement between the Company and Hydro-Québec from which Company employees become members of the Hydro-Québec Pension Plan, i.e., January 1, 1966;

“Pension and life insurance fund”: the plan or funds accumulated as of January 1, 1966 under any of the following contracts:

- Contract no. G.22 issued by the Department of Labour of Canada, Annuities Branch
- Policy no. 8918 G., issued by Sun Life Assurance Company of Canada
- Policy no. P.W. 10805, issued by the Standard Life Assurance Company;

“Pensioner”: a person, other than a spouse, a beneficiary or a successor, receiving pension benefits under the Supplément à la caisse de retraite et d'assurance-vie des employés de la Compagnie électrique du Saguenay or the Compagnie électrique du Saguenay Employees Pension Plan;

24.3 Special provisions

Employees in active service on the participation date have ceased to accrue pension credits under the Supplément à la caisse de retraite des employés de la Compagnie électrique du Saguenay or the Compagnie électrique du Saguenay Employees Pension Plan.

Employees in active service on the participation date retain all their pension credits for service or participation prior to that date. These credits will be paid to them according to the provisions of this Section 24.

For purposes of this Section 24, years of service accrued after the participation date by permanent or regular employees of Hydro-Québec or one of its subsidiaries count as years of service with the Company for purposes of establishing the right to a pension, but not to establish the amount of such pension. In this case, only the years of service prior to January 1, 1966 are computed.

24.4 Benefits

(a) Retirement benefits

Employees in active service on December 31, 1965 who become members of the Hydro-Québec Pension Plan after that date are entitled to a retirement pension equal to the difference between the amount of pension accrued to them under the pension and life insurance fund before any option and the amount established as follows, if such amount is higher:

1.5% of the annual average earnings for the 36 consecutive months during which such earnings are the highest, whether these months have been spent in the service of the Company, Hydro-Québec or one of its subsidiaries, multiplied by the number of years of credited service prior to January 1, 1966, up to 50% of such average annual earnings. However, a deduction is made for any pension payable under the Federal Old Age Security Act at the time the employee retires, such government pension being reduced for purposes of this calculation in proportion of the number of years of credited service as of January 1, 1966 over such number increased by the number of years of participation from such date.

(b) Early retirement reduction

Should the employee retire prior to his normal retirement date, any pension benefits payable under 24.4a shall be reduced by actuarial equivalence, as shall be any retirement income to which he may be entitled to receive from the retirement and life insurance fund.

(c) Death after retirement

In the event of the death of an employee before 60 monthly pension payments have been made, the remaining monthly payments will continue to be made to his designated beneficiaries or, failing that, to his successors, until 60 monthly payments have been made in total.

24.5 Miscellaneous provisions

The provisions, definitions, conditions and privileges set out under the pension and life insurance fund shall also apply to the benefits provided for under this Section 24 unless it is obvious that they are not applicable or that the provisions of Section 24 are contrary to such provisions, definitions, conditions and privileges or different in nature. In any instance where interpretation is required, the decision of the Committee is final.

24.6 This section adds to the preceding provisions of Section 24, without reducing the rights conferred by such Section 24.

(a) Deferred pension

Is entitled to a deferred pension at least equal to the monthly pension payable from the normal retirement age any employee who meets the following conditions at the time he leaves the service of the employer:

- i. having attained age 45, but not the normal retirement age;
- ii. having completed at least 10 years of continuous service.

(b) Early retirement

An employee who has completed a minimum of 10 years of continuous service and whose period of continuous service ends in the 10 years immediately preceding the date on which he attains his normal retirement age is entitled to receive an early retirement pension. The early retirement pension is the actuarial equivalent of the retirement benefit payable at normal retirement age.

(c) Postponed retirement

An employee who remains in the employer's service after his normal retirement date may retire as of the first day of any month following this date. The monthly retirement benefit of the employee shall then be post-

poned until his actual retirement date, but no later than December 1 of the year in which the employee reaches the age limit provided for in applicable legislation, even if he remains in the employer's service after this date. The amount of the postponed retirement benefit is an actuarial equivalent basis based on the retirement benefit payable at normal retirement age and the length of the postponement period.

During the postponement period, the employee may request the payment of his retirement benefit, in whole or in part, but only insofar as is necessary to compensate for any reduction in earnings during this period. The employee may not make such request more than once per 12-month period.

Should the employee die during the postponement period, his spouse is entitled to a pension, the value of which is equal to the value of the pension that would have been payable to the employee, had payment of the pension commenced on the day preceding the date of death.

(d) Spousal pension

Upon the death of a pensioner who had retired after December 31, 1989 or of an employee whose period of continuous service had ended after this date and who is expecting the commencement of a benefit payable pursuant to Section 24, and provided the employee's spouse has not waived the right to a 60% pension at the time of the employee's retirement pursuant to Part I, the employee's spouse receives a lifetime pension equal to 60% of the pension that the pensioner was receiving or was entitled to receive at the time of his death, such pension being the actuarial equivalent of the pension he would have been entitled to receive in the absence of the right conferred herein to the spouse.

Prior to the date on which pension payments begin, the employee's spouse, if any, may waive the right to such spousal pension by so notifying the Committee in writing. This waiver may be revoked by notifying the Committee in writing within the period provided for above.

(e) Payment of benefits and transfer

The provisions of 7.9, 7.10, 7.11, 7.12, 7.13, 7.14 and 27.7 apply, *mutatis mutandis*, to the benefits provided under Section 24.

(f) Spouse

Spousal status for the purposes of 24.6 shall be established in accordance with Sections 6 and 14 of the plan.

(g) Designation of ex-spouse as beneficiary

The provisions of 6.3.3b of the plan also apply, *mutatis mutandis*, to the benefits provided under Section 24.

(h) Partition of entitlements between spouses and adjustment of the pensioner's entitlements

The provisions of Section 8 also apply, *mutatis mutandis*, to the benefits provided under Section 24.

SECTION 25

PENSION PLAN FOR EMPLOYEES OF LA COMPAGNIE DE POUVOIR DU BAS ST-LAURENT

25.1 The provisions of Section 25 are added to the Hydro-Québec Pension Plan further to the merger of La Compagnie de Pouvoir du Bas St-Laurent Employees Pension Plan with the Hydro-Québec Pension Plan. These provisions correspond to the provisions of La Compagnie de Pouvoir du Bas St-Laurent Employees Pension Plan, with the required adaptations. Subject to applicable legislation, benefits payable to an employee who has left the Company prior to January 1, 1999 are based on the provisions of the Caisse de retraite des employés de La Compagnie de Pouvoir du Bas St-Laurent or La Compagnie de Pouvoir du Bas St-Laurent Employees Pension Plan, as the case may be. The provisions of this Section apply only to benefits arising from participation in La Compagnie de Pouvoir du Bas St-Laurent Employees Pension Plan.

25.2 Definitions

For purposes of Section 25, the following terms mean:

“Company”: La Compagnie de Pouvoir du Bas St-Laurent, its successors or assigns;

“Contributions”: the amounts that each member was required to pay to La Compagnie de Pouvoir du Bas St-Laurent Employees Pension Plan prior to the participation date;

“Earnings”: any regular compensation for services rendered to the Company, excluding any additional compensation or bonuses;

“Member”: any regular employee of La Compagnie de Pouvoir du Bas St-Laurent who joined and made regular contributions to the Caisse de retraite des employés de La Compagnie de Pouvoir du Bas St-Laurent;

“Participation date”: the date set in the agreement between the Company and Hydro-Québec from which the employees of the Company participate into the Hydro-Québec Pension Plan, i.e., January 1, 1966;

“Pensioner”: any person who has been a member and who receives a pension pursuant to the provisions of the Caisse de retraite des employés de La Compagnie de Pouvoir du Bas St-Laurent or La Compagnie de Pouvoir du Bas St-Laurent Employees Pension Plan, or pursuant to the provisions of this Section 25.

25.3 Special provisions

Employees in active service from the participation date have ceased to accrue pension credits under the Caisse de retraite des employés de La Compagnie de Pouvoir du Bas St-Laurent, the Pension plan for employees of La Compagnie de Pouvoir du Bas St-Laurent or this Section 25.

Employees in active service on the participation date retain all their pension credits for service or participation prior to that date. These credits will be paid to them according to the provisions of this Section 25.

For purposes of this Section 25, years of service after the participation date accrued by employees as permanent or regular employees of Hydro-Québec or one of its subsidiaries count as years of services with the Company only for the purposes of establishing the right to a pension.

25.4 Benefits

(a) Normal retirement date

The normal retirement date for a male member is the first day of the month following his 65th birthday anniversary.

The normal retirement date for a female member is the first day of the month following her 60th birthday anniversary.

(b) Annual pension at normal retirement date

The annual pension of a pensioner, payable from the normal retirement date or later, is equal to 2% of the amount of earnings used as the basis for contributions from the date such pensioner joined the Caisse de retraite des employés de La Compagnie de Pouvoir du Bas St-Laurent and until payment of such pension or, for members on the participation date, until such participation date.

(c) Early retirement

Any member may retire during the 10 years immediately preceding the normal retirement date. In the event of total and permanent disability, a member may retire at any time following the completion of 10 years of service. In either case, the member receives an immediate reduced pension, based on the actuarial equivalent of the pension calculated pursuant to 25.5*b*.

(d) Death after retirement

In the event of the death of an employee before pension payments have been made for a period of 5 years, and failing his choice of an optional form of payment pursuant to the provisions of 25.5*c* hereinafter, the remaining payments will continue to be made to his designated beneficiaries or, failing that, to his successors.

(e) Death prior to retirement

Subject to the provisions of 25.5*a*, in the event of the death of an employee prior to his retirement, his designated beneficiaries or, failing that, his successors shall receive the contributions made by such employee, plus interest.

25.5 Miscellaneous provisions

(a) Payment option

The member, or his designated beneficiary after death, if any, may elect to receive payments spread over a maximum of 10 years, in lieu of the lump sum payment pursuant to 25.4*e*.

(b) Termination prior to retirement

A member who terminates employment with the employer prior to being entitled to a retirement pension pursuant to the above shall receive a refund of his contributions, with interest. However, where the member has completed 10 years of service or more, he may elect to leave his contributions in the Pension Plan for Employees of La Compagnie de Pouvoir du Bas St-Laurent and receive, from his normal retirement date, the pension accrued to him from his contributions plus a percentage of or the totality of the balance of the pension accrued to him pursuant to the provisions of 25.4*b*, as per the following table :

Years of service	Percentage (%)
10 years but less than 11	25.0
11 years but less than 12	32.5
12 years but less than 13	40.0
13 years but less than 14	47.5
14 years but less than 15	55.0
15 years but less than 16	62.5
16 years but less than 17	70.0
17 years but less than 18	77.5
18 years but less than 19	85.0
19 years but less than 20	92.5
20 years or more	100.0

In the event of the death, prior to the normal retirement date, of a former employee who had elected to leave his contributions in La Compagnie de Pouvoir du Bas St-Laurent Employees Pension Plan, his designated beneficiaries or, failing that, his successors shall receive the contributions made by such former employee, plus interest.

(c) Optional forms of pension

Provided he retires on his normal retirement date or later, any member, prior to his retirement, may elect a form of pension payment other than the 5-year guaranteed pension set out under 25.4*d*; in such case, the pension payments are based on the actuarial equivalent of the pension established pursuant to such provisions. The member may select from three optional forms of payment:

Lifetime only pension: payments are made for life.

10 years guaranteed pension: payments are made to the member for life. Should the member's death occur before he has received 10 years of pension payments, the remaining payments will be made to his designated beneficiaries or, failing that, to his successors.

Joint and survivor pension: payments are made to the member for life. After his death, partial or full payments are continued to his surviving spouse based on the choice made by the member at retirement time.

Adjustment to account for the pension payable under the Old Age Security Act: the pension amount is adjusted so that the sum of the pension payable from the Pension plan for employees of La Compagnie de Pouvoir du Bas St-Laurent and the Old Age Security pension payable at the time of retirement by the federal government result in equal monthly payments to the member for life.

25.6 This section adds to the preceding provisions of Section 25, without reducing the rights conferred by such Section 25.

(a) Normal retirement

Notwithstanding any of the above, the member is entitled to receive, from his normal retirement date, a pension at least equal to the pension resulting from his contributions, accumulated with interest.

(b) Deferred pension

Any employee who meets the following conditions at the time he leaves the service of the employer is entitled to a deferred pension at least equal to the monthly pension payable from the normal retirement age:

- i. having attained age 45, but not the normal retirement age;
- ii. having completed at least 10 years of continuous service.

In addition, the amount of the deferred pension must be at least equal to the pension resulting from his contributions, accumulated with interest.

(c) Early retirement

Any employee who has completed a minimum of 10 years of continuous service and whose period of continuous service ends in the 10 years immediately preceding the date on which he attains his normal retirement age is entitled to receive an early retirement pension. The early retirement pension is the actuarial equivalent of the pension payable at normal retirement age.

(d) Postponed retirement

An employee who remains in the employer's service after his normal retirement date may retire as of the first day of any month following this date. The employee's monthly retirement benefit shall then be postponed until his actual retirement date, but no later than December 1 of the year in which the employee reaches the age limit provided for in applicable legislation, even if he remains in the employer's service after this date. The amount of the postponed retirement benefit is an actuarial equivalent based on the retirement benefit payable at normal retirement age and the length of the postponement period.

During the postponement period, the employee may request the payment of his retirement benefit, in whole or in part, but only insofar as is necessary to compensate for any reduction in earnings during this period. The employee may not make such request more than once in any 12-month period.

Should the employee die during the postponement period, his spouse is entitled to a pension, the value of which is equal to the value of the pension that would have been payable to the employee, had payment of the pension commenced on the day preceding the date of death. In addition, the actual value of the spousal pension must be at least equal to the pension resulting from the member's contribution, accumulated with interest.

(e) Spousal pension

Upon the death of a pensioner who had retired after December 31, 1989 or of an employee whose period of continuous service had ended after this date and who is expecting the commencement of a benefit payable pursuant to Section 25, and provided the spouse has not waived the right to a 60% pension at the time of the employee's retirement pursuant to Part I, the spouse receives a lifetime pension equal to 60% of the pension that the pensioner was receiving or was entitled to receive at the time of his death, such pension being the actuarial equivalent of the pension he would have been entitled to receive in the absence of the right conferred herein to the spouse.

Prior to the date on which pension payments begin, the employee's spouse, if any, may waive the right to a spousal pension by so notifying the Committee in writing. This waiver may be revoked by notifying the Committee in writing within the period provided for above.

(f) Payment of benefits and transfer

The provisions of 7.9, 7.10, 7.11, 7.12, 7.13, 7.14 and 27.7 apply, *mutatis mutandis*, to the benefits provided under Section 25.

(g) Spouse

Spousal status for the purposes of 25.6 shall be established in accordance with Sections 6 and 14 of the plan.

(h) Designation of ex-spouse as beneficiary

The provisions of 6.3.3b of the plan also apply, *mutatis mutandis*, to the benefits provided under Section 25.

(i) Partition of entitlements between spouses and adjustment of the pensioner's entitlements

The provisions of Section 8 also apply, *mutatis mutandis*, to the benefits provided under Section 25.

SECTION 26 CONTRIBUTIONS

The Employer shall make up any unfunded actuarial liability of Part III of the plan through one or more payments, the terms and conditions of which shall be determined by the employer, in accordance with the provisions then in force of the Hydro-Québec Act and the Supplemental Pension Plans Act.

PART IV MISCELLANEOUS PROVISIONS

27.1 The retirement benefit shall be payable as of the retirement date or a date no later than December 1st of the year in which a member reaches the age limit provided for by applicable legislation. Spousal or children's benefits shall be payable as of the 1 day of the month following the death of the member, pensioner or spouse.

27.2 Retirement benefits shall be paid by cheque on a monthly basis at the end of each month. Benefits shall be payable up to but not including the 1 day of the month following the death of a pensioner or member who receives it and the balance, if any, of the last month benefit shall be paid to his successors.

27.3 The spouse's survivor benefit shall be paid in the same manner as provided for in 27.2. This benefit shall be payable up to but not including the 1st day of the month following the death of the spouse and the balance, if any, of the last monthly benefit shall be paid to his successors.

27.4 If, pursuant to Section 6, survivor benefits are payable to a member's children, the amount of these benefits shall be split equally among all the children and shall be paid in the manner provided for in 27.2. These benefits shall accrue until the 1st day of the month following the date on which the last child ceases to be entitled thereto. In the event of the death of a child, the balance of the last monthly benefit to which he was entitled shall be paid to his successors.

27.5 Upon his retirement but no later than December 1st of the year in which he reaches the age limit provided for by applicable legislation, a member shall be entitled to the retirement benefit provided for by the plan, but not to a refund of contributions.

27.6 Notwithstanding the provisions of 27.2, Hydro-Québec reserves the right to change the method of payment.

27.7 Notwithstanding the provisions of 27.5:

(a) the provisions of 7.11 and 7.14 apply to the pensioner's retirement benefit before its payment has begun;

(b) the provisions of 7.13 apply also to the pensioner, whether or not the payment of his retirement benefit has begun;

(c) As of January 1, 2004, the member and former member have the right, before they start collecting a retirement benefit, to transfer the present value of the retirement benefit, pursuant to the provisions of 7.9.

27.8 When contributions or, where applicable, the present value of a benefit are refunded under the plan, the member, the former member, the pensioner or, where applicable, his spouse, may authorize, in writing, the transfer of all or part of the amount payable to him by the pension fund to another registered plan, except if the refund is made pursuant to the last paragraph of 13.6.

27.9 At any time during which the plan is not 100% solvent, the present value of any benefits to which a member or beneficiary is entitled under the plan will be paid out in a lump sum only in proportion to the degree to which the plan is solvent.

This Section will not affect the periodic payments of a retirement or survivor benefit which has become payable.

27.10 The present value of any benefit which cannot be paid out under the terms of 27.9 shall be funded and will be paid pursuant to the provisions of the Supplemental Pension Plans Act.

27.11 (a) Unless there are provisions to the contrary in any applicable act, the following shall be non-assignable and exempt from seizure:

i. any contributions paid or payable to the Hydro-Québec Pension Fund, plus interest;

ii. any benefits paid or amounts refunded or transferred under the plan;

iii. any amount allocated to the spouse of a member, a former member or a pensioner as a result of the partition or transfer of entitlements according to the provisions of Section 8, plus interest.

In addition, the benefits of a member, a former member, a pensioner or a beneficiary shall not be transferred, mortgaged, anticipated or offered in guarantee or waived.

(b) Notwithstanding the provisions of 27.11a ii hereinabove, when a retirement benefit becomes payable on or after January 1, 2001 to a former member, a pensioner, a spouse or a beneficiary, the Committee shall be entitled, where applicable, to withhold any retirement benefit or refund to which such former member, pensioner, spouse or beneficiary is entitled as payment for debts incurred by him with respect to the pension fund in the course of the normal administration of the plan. The amount of such withholding shall not exceed the higher of the following:

i. 25% of the benefit or refund payable;

ii. 1/12 of the debt to be collected without exceeding 50% of the benefit or refund payable.

However, the amount of such withholding may be 100% of the benefit or refund payable if the former member, pensioner, spouse or beneficiary so authorizes the Committee in writing.

Moreover, the Committee may withhold from the survivor benefit payable to the successors of a deceased member, former member or pensioner any sum required to repay a debt incurred by such deceased member, former member or pensioner.

27.12 Before the member, former member or beneficiary is entitled to any benefits under this plan, proof of age and any other information or documents as the committee deems necessary must be provided.

27.13 All payments under this plan shall be made in the legal currency of Canada.

27.14 Notwithstanding any provisions to the contrary, a member, a former member or a spouse who is entitled to a pension may elect to replace such pension in whole or in part, before commencement, by a lump sum payment, but only to such extent as allowed under applicable legislation. The residual rights resulting from the payment of such benefit are established pursuant to applicable legislation.

SECTION 28 **TRANSFER AGREEMENT**

Hydro-Québec may draw up an agreement with any Government, corporation, company or legal entity who has a pension plan, to facilitate the mutual transfer of their employees and to establish the conditions and terms of transfer for purposes of retirement.

A member who, following termination of his employment, exercises the provisions of this Section, shall not be entitled to any termination benefits. If any payment of benefits has been authorized, it shall be cancelled. If the member has received a refund of contributions made prior to January 1, 1966, he shall repay the reimbursed amount plus interest for the period which has elapsed since the date the refund was made and the date on which the option is exercised pursuant to this Section.

A pensioner or member who, on termination of his employment, had contributions or the present value of his deferred retirement benefit reimbursed pursuant to the provisions of 7.9, 7.11, 7.2 or 7.13 may not avail himself of the provisions of this Section.

SECTION 29 PLAN MEMBERSHIP AGREEMENT

29.1 The plan shall also apply to companies of which Hydro-Québec holds at least 90% of the shares and with which it has drawn up a plan membership agreement, effective as of the date on which the agreement was reached between Hydro-Québec and the said company.

29.2 The plan membership agreement may make provisions for the transfer of the funds accumulated under pension plans of subsidiaries to the Hydro-Québec Pension Fund and for any payments from the Hydro-Québec Pension Fund of benefits already granted under such plans.

SECTION 30 VESTED BENEFITS

This By-law does not in any way affect the rights and benefits of those receiving a retirement benefit or spousal or children's benefit as at January 1, 2004, nor of former members for whom entitlement to a deferred retirement benefit was vested as a result of their termination of employment prior to this date.

SECTION 31 SPECIAL PROVISIONS

31.1 The plan provisions in respect of members who were employed by a subsidiary before January 1, 1966 shall apply to any person who becomes a member as a result of the acquisition by Hydro-Québec of any facility used for the production or distribution of electricity, based on the provisions of the plan.

31.2 Any pension plan in which a member as referred to in 31.1 participated while employed for a company or organization whose facility for the production or distri-

bution for electricity were acquired in whole or in part by Hydro-Québec, shall be deemed a supplemental plan for the purposes of the plan.

31.3 If the member referred to in 31.1 is entitled to a deferred retirement benefit under an individual pension agreement issued after the wind-up or partial wind-up of the supplemental plan, in which the member participated, the said deferred retirement benefit shall be deemed a retirement benefit under a supplemental plan.

31.4 (a) If a member referred to in 31.1 receives a refund of contributions prior to his retirement from a supplemental plan in which he participated, the applicable years of credited service are not to be considered until such time as the member has accumulated 10 years of contributory service.

The retirement benefit guarantee formula shall not apply during the number of years calculated by dividing A by B below :

A total amount of the refund of contributions

B annual amount of supplement resulting from the retirement benefit guarantee

If the member dies before the number of years calculated by dividing A by B above has expired, the retirement benefit guarantee formula shall not apply to the spouse or children until that period has elapsed.

(b) Where the member referred to in 31.1 has received an amount representing the present value of a portion of the deferred retirement benefit, the retirement benefit guarantee formula shall not apply during the number of years calculated by dividing A by B below :

A the present value of said portion of the deferred retirement benefit

B the annual amount of supplement derived from the retirement benefit guarantee formula

If the member dies before the number of years calculated by dividing A by B above has expired, the guaranteed retirement benefit shall not apply to the spouse or children until such period has elapsed.

However, the member shall be credited with the total number of years of certified service.

Where the member receives the present value of the total deferred retirement benefit, Section 31.3 shall apply.

31.5 In applying the retirement benefit guarantee formula to a member referred to in 31.1, January 1, 1966 as it appears in Section 18 shall be replaced by the date on which the member was placed on the Hydro-Québec payroll.

SECTION 32 EFFECTIVE DATE

32.1 (a) This By-law shall come into force on the date of its approval by the Government of Québec and is effective on January 1, 2004.

32.2 This By-law shall replace Hydro-Québec By-law no. 699.
