Installation of Petroleum Equipment — Amendment

Notice is hereby given, under section 5 of the Act respecting collective agreement decrees (R.S.Q., c. D-2), that the Minister of Labour has received a petition from the contracting parties to amend the Decree respecting the installation of petroleum equipment (R.R.Q., 1981, c. D-2, r. 33) and that, under sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), the “Decree to amend the Decree respecting the installation of petroleum equipment,” the text of which appears below, may be made by the Government upon the expiry of 45 days following this publication.

The purpose of the draft Regulation is to correct a clerical error modifying the scope of the provisions related to overtime hours worked on Saturday.

To do so, the draft proposes to rectify the incorrect wording by providing that, from the beginning of the fifth hour, the hours worked over and above the regular workday or workweek are paid double time.

During the consultation period, the impact of the amendments sought will be clarified. According to the 2002 annual report of the Comité paritaire de l’installation d’équipement pétrolier, the Decree governs 48 employers, 5 artisans and 315 employees.
