Draft Regulation

Forest Act
(R.S.Q., c. F-4.1; 2003, c. 8 and 16)

Unit rates applicable to the calculation of dues for forest management permits for the supply of wood processing plants

Notice is hereby given, in accordance with sections 10 and 12 of the Regulations Act (R.S.Q., c. R-18.1), that the Regulation respecting unit rates applicable to the calculation of dues for forest management permits for the supply of wood processing plants, the text of which appears below, may be made at the expiry of 30 days following this publication.

Under section 13 of the Regulations Act, the draft Regulation may be made within a shorter period than the period provided for in section 11 of that Act, because the urgency due to the following circumstances requires it:

— The first paragraph of section 2 of the Regulation respecting forest royalties specifies that in order to determine a unit rate fixed by the Minister under section 72 of the Forest Act (R.S.Q., c. F-4.1), the stumpage value of standing timber shall be calculated on 1 April of each year in each forest tariffing zone, by species or group of species and quality of timber, according to the parity technique applicable in property assessment, by comparing the timber to similar timber for which the selling price is known.

For the application of that regulation, the rates must be calculated on 1 April next and must be effective as of that date, a deadline that the Minister could not meet were he to comply fully with the 45-day publication period provided for in Regulations Act.

Any person having comments to make on this matter is asked to send them in writing, before the expiry of the 30-day period, to Mr. Marc Ledoux, Associate Deputy Minister for Forests, Ministère des Ressources naturelles, de la Faune et des Parcs, 880, chemin Sainte-Foy, 10^e étage, Québec (Québec) G1S 4X4.

PIERRE CORBEIL, <i>Minister for Forests,</i> <i>Wildlife and Parks</i>	SAM HAMAD, <i>Minister of Natural Resources,</i> <i>Wildlife and Parks</i>

* The Regulation respecting a registration system or the keeping of a register and report transmittal (R.R.Q., 1981, c. N-1.1, r.6) was last amended by the regulation approved by Order in Council 693-2002 dated 5 June 2002 (2002, *G.O.* 2, 2613). For previous amendments, refer to the *Tableau des modifications et Index sommaire*, Éditeur officiel du Québec, 2003, updated to 1 September 2003.

Regulation respecting unit rates applicable to the calculation of dues for forest management permits for the supply of wood processing plants

Forest Act

(R.S.Q., c. F-4.1, ss. 5 and 72)

1. The unit rates for stumpage in forests in the public domain by tariffing zone for the fiscal year 2004-2005 set out in Schedule I shall be indexed on 1 April, 1 July, 1 October 2004 and 1 January 2005 in accordance with the performance of the price indexes for the forest products specified in Schedule II. The index rates per species, group of species and quality shall be calculated in accordance with the following formulas :

Index rate at 1 April 2004	=	Average price index for the months of December 2003, January and February 2004

		Average price index for the months of April 2001 to March 2003
Index rate at 1 July 2004	=	Average price index for the months of March, April and May 2004

		Average price index for the months of April 2001 to March 2003
Index rate at 1 October 2004	=	Average price index for the months of June, July and August 2004

		Average price index for the months of April 2001 to March 2003
Index rate at 1 January 2005	=	Average price index for the months of September, October and November 2004

		Average price index for the months of April 2001 to March 2003

The amounts thus indexed shall apply, in each forest tariffing zone indicated in Schedule I, to the calculation of the dues payable by the holder of a forest management permit for the supply of a wood processing plant for the 3-month period following the date of indexing.

The amounts indexed in the manner prescribed in the first paragraph shall be reduced to the nearest fraction of \$0.10/m³ where they contain a fraction less than \$0.025/m³. They shall be rounded off to the nearest fraction of \$0.05/m³ where they contain a fraction equal to or greater than \$0.025/m³ but less than \$0.075/m³ and shall be increased to the nearest fraction of \$0.10/m³ where they contain a fraction equal to or greater than \$0.075/m³.

The Minister of Natural Resources, Wildlife and Parks and the Minister for Forests, Wildlife and Parks shall inform the public, through Part I of the *Gazette officielle du Québec* and, where he considers it appropriate, by any other means, of the indexing calculated under this section.

2. This Regulation replaces the Regulation respecting unit rates applicable to the calculation of dues for forest management permits for the supply of wood processing plants, made by Minister's Order number AM 2003-007 of the Minister of Natural Resources, dated 24 March 2003.

3. This Regulation comes into force on 1 April 2004.

¹ The letters A, B, C, D, F, G, H and I correspond to quality levels determined on the basis of the assessment of cuts according to species, diameter, length and imperfections observed on crosscuts and trunks.

² The source of the price indexes and the relative weight of each are indicated in parentheses. The price indexes from Statistics Canada are indicated according to the Cansim number appearing in catalogue 62-011.

³ The reference price index corresponds to the average of the price indexes calculated between 1 April 2001 and 31 March 2003.
