EXPLANATORY NOTES

This bill introduces amendments concerning certain time limits in city planning matters and allows a regional county municipality that regulates by by-law the planting and felling of trees in private forests to designate an officer in each local municipality in whose territory the by-laws apply to be responsible for their enforcement.

The bill allows local municipalities to create a financial reserve, as of 2006, to finance expenditures made to improve techniques and procedures and develop infrastructures related to the supply of water. A municipality that created such a reserve has the power to impose a tax from which the revenues are to be allocated of right to the reserve.

Under the bill, the clerks and secretary-treasurers of all the municipalities are authorized to amend an act of the council in order to correct an error that is obvious just by reading the documents provided in support of the decision.

The bill also allows a mayor and certain councillors of a local municipality with a population of 100,000 or more to set up an office and hire staff. Staff members are not or, if applicable, cease to be officers or employees of the municipality.

The bill removes the requirement, when giving a notice of motion, to making an application prior to dispensing with the reading of a by-law before its adoption by a municipal council.

The bill increases the time limit within which an officer or employee to whom a power has been delegated must report to the council of the municipality, the executive committee or the borough council from 5 to 25 days.

The bill removes the requirement for municipalities and public transit authorities to obtain prior authorization from the Minister of Municipal Affairs and Regions when contracting certain temporary loans.

Under the bill, certain contracts for the performance of work on a railway right-of-way are exempted from the rules governing the awarding of contracts.

The bill contains various amendments relating to electoral matters in order to simplify the application of certain provisions and harmonize other provisions with the Election Act, in particular, as concerns the authorization of political parties.

The bill gives a regional county municipality whose territory is not included in whole or in part in that of the Communauté métropolitaine de Montréal until 1 August to put into force its by-law ordering that the warden be elected by a general vote during the election of November 2005. It also introduces changes in the process for electing a warden.

The bill removes any electoral provisions referring to the notion of “borough elector” or related to such a notion, in particular, any provision mentioning a “borough electoral list” from the constituting acts of various municipalities.

Under the bill, the members of the council of Municipalité de Baie-James who are members of the pension plan of elected municipal officers are entitled to obtain pension credit under that plan from 20 December 2001.

The bill increases the maximum non-taxable value of the trapping camp of an Indian from \$15,000 to \$26,000, beginning in 2006. It also introduces amendments to maintain the obligation of the Government to pay compensations in lieu of taxes with regard to certain immovables belonging to religious institutions and used by education, health and social services institutions. It also corrects a rule of the various general property tax rates scheme in the case of immovables consisting of non-residential space as well as six or more dwellings.

The bill establishes a mechanism by which the minimum and maximum remunerations and indemnities applicable to municipal officers are to be automatically adjusted every year, beginning in 2006, based on the increase in the Consumer Price Index of Canada.

The bill authorizes Ville de Québec to create a special financial reserve chargeable to the ratepayers in the territory of the former Ville de Québec in order to amortize the initial actuarial deficit of the pension plan of the employees of the former Ville de Québec.

The bill also authorizes Ville de Laval to establish an arts council and to adopt beautification programs.

Under the bill, the executive committee of Ville de Terrebonne will become permanent.

The bill defines the context in which a municipality or a municipal body may use actuarial gains to redeem a municipal bond paid to the pension fund of a pension plan when there is an agreement with the associations representing officers and employees.

The bill confirms the power of a current municipality or a future reconstituted municipality to impose a special tax for the purpose of financing the expenditures related either to holding a referendum on the reconstitution of a former municipality or to reimbursing certain costs assumed by the Chief Electoral Officer or the Government for the referendum or the transition leading to the reconstitution.

The bill provides that setting up and operating a snow dump do not constitute the exercise of an agglomeration power but that the management of dangerous residual materials and first response services do. It also broadens the possible content of an agglomeration order made by the Government in order to facilitate transition during the reorganization of current municipalities leading to the reconstitution of former municipalities.

The bill introduces amendments in order to apply the first assessment rolls drawn up specifically for the municipalities of the agglomeration of Longueuil to the fiscal years 2007 and 2008 as well as 2006.

The bill confirms that the Société d'habitation du Québec is authorized to make international agreements and establish subsidiaries.

The bill also contains other provisions, some of which deal with particular situations concerning municipal affairs.

Lastly, the bill changes the name of the Minister of Education and the Ministère de l'Éducation to the Minister of Education, Recreation and Sports and the Ministère de l'Éducation, du Loisir et du Sport, respectively. It also changes the name of the Minister of Municipal Affairs, Sports and Recreation and the Ministère des Affaires Municipales, du Sport et du Loisir to the Minister of Municipal Affairs and Regions and the Ministère des Affaires Municipales et des Régions, respectively. Furthermore, provision is made for transferring responsibility for the functions relating to sports and recreation.

(1) a by-law creating a financial reserve does not require the approval of the qualified voters in the sector referred to in the first paragraph;

49. Section 108.4.2 of the Act is amended by inserting “that were” after “documents” in the second line and by adding “and that the external auditor considers necessary to carry out his mandate” at the end.

50. The Act is amended by inserting the following after section 114.3:

“IX. — *Office staff*

“**114.4.** The mayor or a designated councillor, within the meaning of section 114.5, of a municipality with a population of 100,000 or more may appoint a chief of staff and any other staff members necessary for the orderly administration of the mayor’s or the councillor’s office.

However, a designated councillor may not exercise the power under the first paragraph until the mayor does so.

“**114.5.** For the purposes of sections 114.4, 114.11 and 114.12, “designated councillor” means the councillor designated as such by an authorized party, other than the party to which the mayor belongs, that obtained at least 20% of all the valid votes at the last general election in the municipality.

However, if, among the authorized parties other than the mayor’s, there is none that obtained that minimum percentage of votes at that election, “designated councillor” means the councillor designated as such by the party among those other parties that obtained the greatest number of valid votes at that election.

The designation is valid for the duration of the current term of the councillor. It ceases to have effect, however, before the end of that term if the councillor ceases to belong to the authorized party that made the designation or if the designation is revoked or transferred. The designation of a councillor who continues to belong to the authorized party that made the designation may be revoked or transferred before the end of the term only if the councillor did not exercise the power provided for in section 114.4.

A notice of the designation is signed by the party leader and submitted to the council by a councillor in the party. The same applies for revocation of the designation if it does not result from a transfer.

“**114.6.** The standards and scales according to which the chief of staff and other staff members are recruited, appointed and remunerated, as well as their other conditions of employment, are determined by the executive committee.

“114.7. Subject to section 114.10, a person who joins the office staff of the mayor or a designated councillor does not become or ceases to be an officer or employee of the municipality.

However, a person who ceases to be an officer or employee of the municipality under the first paragraph retains the classification held at the time of appointment to the office staff of the mayor or a designated councillor throughout the period of that appointment.

“114.8. A former officer or employee referred to in section 114.7 may, at any time, require from the municipality an assessment of the classification that former officer or employee would be assigned if the right to return to the public service were exercised under section 114.9.

The assessment must take into account the classification referred to in the second paragraph of section 114.7, as well as the experience and education acquired since the date of appointment to the office staff of the mayor or a designated councillor.

“114.9. A former officer or employee referred to in section 114.7 may, on ceasing to be a member of the office staff of the mayor or a designated councillor, require that the municipality reassess the qualifications of the former officer or employee and rehire that person by priority in a position corresponding to those qualifications.

The application for reassessment must be made in writing and received not later than the sixtieth day following the day the person ceases to be a member of that office staff.

“114.10. A person who is a member of the office staff of the mayor or a designated councillor is deemed to be an officer or employee of the municipality for the purposes of Division XIII.1.

“114.11. If the mayor or a designated councillor exercised the power provided for in section 114.4 before the budget of the municipality was adopted, the budget must contain an estimate to cover the expenditures relating to office staff and determined according to the standards, scales and other conditions set under section 114.6.

However, the estimate may not exceed the percentage of the total of the other estimates in the budget determined by the Minister.

“114.12. If no designated councillor exercises the power provided for in section 114.4, the mayor is entitled to the total amount of the estimate provided for in section 114.11.

Otherwise, unless the Minister determines another way of sharing that amount with respect to any municipality the Minister designates,

(1) if a single designated councillor exercises the power, the mayor is entitled to two-thirds of the amount, and the councillor, to one-third of it;

(2) if two or more designated councillors exercise the power, the mayor is entitled to half the amount and the balance is divided between those councillors in proportion to the valid votes cast at the last general election in the municipality for the authorized party that designated each of them.”

51. Section 356 of the Act is amended by replacing the first sentence of the second paragraph by the following sentence: “It is not necessary to read the by-law if a copy of the proposed by-law was given to the council members not later than two juridical days before the sitting at which it is to be approved and if, at that sitting, all the council members present declare that they have read it and waive the reading of it.”

52. Section 474.0.4 of the Act is amended

(1) by replacing “any municipality having a population of 500,000 or over” in the first and second lines of the first paragraph by “Ville de Montréal and of Ville de Québec”;

(2) by striking out “having among its members at least one councillor on 1 January of the fiscal year covered by the budget” in the fourth and fifth lines of the first paragraph;

(3) by striking out “referred to in the first paragraph” in the second line of the third paragraph.

53. Section 477.2 of the Act is amended

(1) by replacing “five” in the third line of the fifth paragraph by “25”;

(2) by replacing “five” in the second line of subparagraph 3 of the sixth paragraph by “25”.

55. The Act is amended by inserting the following after section 569.6:

“§31.2. — *Financial reserve for the supply of water*

“569.7. A municipality may, for the benefit of its whole territory, create a financial reserve to finance expenditures made to improve techniques and procedures and develop infrastructures related to the supply of water.

The supply of water includes all matters related to waterworks, sewers, and, in general, water supply and water purification.

The duration of the reserve is unlimited.

“569.8. The reserve is made up of

(1) any revenues from the tax under section 569.11 which are of right allocated to the reserve;

(2) the sums the municipality annually allocates to the reserve out of its general fund or its revenues from

(a) any tax, other than the tax under section 569.11, or any tariff, if the tax or tariff is imposed for the supply of water;

(b) any subsidy or other liberality not reserved for a purpose other than the purposes for which the reserve is created;

(3) the interest earned on the capital allocated to the reserve under subparagraph 1 or 2.

“569.9. The resolution creating the reserve must set out the amount and the mode of financing the municipality proposes for the reserve.

It must specify that the reserve is created for the benefit of the whole territory of the municipality, for the purpose of financing the expenditures referred to in section 569.7.

“569.10. The sums allocated to the reserve must be invested in accordance with section 99.

“569.11. In addition to any property or rental tax and any tariff it may impose for the supply of water, a municipality that has a reserve under section 569.7 may, by by-law, impose a special annual tax on all the taxable immovables in its territory on the basis of their taxable value.

The tax rate may vary according to the classes of immovables determined by the by-law.”

56. Section 573.3 of the Act is amended by adding the following subparagraph after subparagraph 9 of the first paragraph:

In such a case, the secretary-treasurer shall attach the minutes of the correction to the original of the amended document and file a copy of the amended document and of the minutes of the correction at the next sitting of the council.”

58. Article 445 of the Code is amended by replacing the first sentence of the second paragraph by the following sentence: “It is not necessary to read the by-law if a copy of the proposed by-law was given to the council members not later than two juridical days before the sitting at which it is to be approved and if, at that sitting, all the council members present declare that they have read it and waive the reading of it.”

59. Article 938 of the Code is amended by adding the following subparagraph after subparagraph 9 of the first paragraph:

“24.2. Subject to section 24.3, the amount applicable for a fiscal year, referred to as “the fiscal year concerned”, is the result obtained by indexing upward the amount applicable for the preceding fiscal year.

That rate is established by

The city council may, by by-law, confer any other power on the arts council or impose on it any other duty it believes could enable it to more fully attain its objects.

“32.3. The council shall determine, by the by-law referred to in section 32.1, the number of members composing the arts council, the qualifications they must have, the duration of their terms and the time and method of their appointment and replacement, as well as the rules of internal management and operation of the arts council, and the rules of procedure for its meetings.

“32.4. The members of the arts council must be Canadian citizens and be domiciled in the territory of the city.

The members are appointed by the city council, which shall designate a chair and two vice-chairs from among those members.

“32.5. The members of the arts council are not remunerated. However, they are entitled to reimbursement by the arts council for all expenses authorized by the arts council that they incur in the exercise of their functions.

“32.6. The members of the arts council may retain the services of the personnel they require, including a secretary, and determine their remuneration.

The employees of the arts council are not by that sole fact officers or employees of the city.

The treasurer of the city or an assistant designated by the treasurer is by virtue of office the treasurer of the arts council.

“32.7. The fiscal year of the arts council coincides with that of the city, and the city’s auditor shall audit the financial statements of the arts council and, within 120 days following the expiry of the fiscal year, make a report of that audit to the city.

The council of such a municipality is empowered to pass the resolution provided for in the first paragraph.

The resolution remains in force for a period of three years; it is thereafter tacitly renewed every three years for a new three-year period unless the municipality has given the clerk of the city a notice to the opposite effect at least six months before the date of expiry of the three-year period then in effect.

The arts council has jurisdiction with regard to the municipality as long as the resolution remains in force.

“32.12. The city shall determine the annual contribution that must be paid into the fund by a municipality with regard to which the arts council has jurisdiction under section 32.11; it shall also determine the conditions and the time of payment of the contribution.

A municipality may require the city to determine for the municipality, for a period of three years, the contribution, and the conditions and time of payment referred to in the first paragraph before it transmits its resolution to the clerk of the city in accordance with the first paragraph of section 32.11 or, where applicable, at least one month before the expiry of the time allowed it to give a notice in accordance with the third paragraph of that section.

“32.13. A municipality with regard to which the arts council has jurisdiction under section 32.11 is authorized and required to pay into the fund the annual contribution determined for the municipality in accordance with section 32.12.

Entering into such a contract is mandatory in the case of the position of clerk or secretary-treasurer and optional in the case of the position of director general or treasurer, as well as any other position for which the Minister authorizes the committee to hire someone.

If the committee considers it appropriate that the supply of goods or services under a contract it intends to enter into on behalf of the reconstituted municipality also apply, in respect of the territory of the reconstituted municipality, before the reorganization of the city, it may enter into the contract on behalf of the city and the reconstituted municipality for a period beginning before and ending after the reorganization. However, the city may, at the request of the committee, enter into the contract on its own behalf and on behalf of the reconstituted municipality. The city acts through its deliberative body or officer that would have jurisdiction if the contract were entered into only on behalf of the city. No decision of the city relating to the contract requires the approval provided for in section 88.

For the period before the reorganization, the city may not enter into a contract in respect of which the committee may exercise the powers provided for in the second paragraph, or begin the process for awarding such a contract, unless the committee decides not to enter into a contract for the same purpose on behalf of the city and the reconstituted municipality for a period beginning before and ending after the reorganization and not to request the city to do so.

The rules provided by the Cities and Towns Act or the Municipal Code of Québec for awarding contracts apply in respect of the contract provided for in the first or second paragraph. Any call for tenders for the contract, as well as any document referred to in the call for tenders, must be approved by the Minister before being published or delivered.

“76.3. A contract entered into under section 76.1 or 76.2 binds the reconstituted municipality as if it were a party to it. It also binds the city, for the period in which the city has jurisdiction over the territory concerned, if the transition committee enters into the contract on behalf of the city under the second paragraph of section 76.2.

In addition to the case referred to in the second paragraph of section 76.2, the contract may, if it so provides, apply in anticipation of the reorganization of the city.

“76.4. No contract may be entered into under section 76.1 or 76.2 as of the time when the majority of the candidates elected as members of the council of the reconstituted municipality, in an election held under section 48, have taken the oath provided for in section 313 of the Act respecting elections and referendums in municipalities (R.S.Q., chapter E-2.2).

For the purpose of financing the expenses referred to in section 82 or the reimbursement provided for in section 83, the city may, among other things, impose such a tax on all the taxable immovables situated in the sector concerned from which, under section 82, the revenues intended for the financing must be derived exclusively.

Such a tax imposed by the city is considered to be the tax provided for in section 487.2 of the Cities and Towns Act (R.S.Q., chapter C-19) or article 979.2 of the Municipal Code of Québec (R.S.Q., chapter C-27.1), as the case may be.”

161. Section 142 of the Act is replaced by the following section:

“**142.** An urban agglomeration order may identify the thoroughfares forming the arterial road system of the urban agglomeration.

To that end, it may either list the names and numbers of the thoroughfares or identify them on a map, plan or other illustration, or refer to a document containing such a list or identification.”

162. Section 145 of the Act is amended by replacing the second paragraph by the following paragraph:

“An urban agglomeration order may assign any power or obligation to a related municipality as regards an asset or liability that remains with the central municipality or is transferred to a reconstituted municipality.”

163. The Act is amended by inserting the following sections after section 147:

“**147.1.** For the sole purpose of facilitating decision making and the implementation of decisions in anticipation of the reorganization of the city, an urban agglomeration order may

(1) prescribe that paragraphs 1 and 2 of section 61 and section 62 do not apply as regards matters it specifies;

(2) reduce the period prescribed in the second paragraph of section 115 or prescribe any case in which the by-law referred to in the third paragraph of that section may be published before the prescribed period has expired or before the approval required under that paragraph is given;

(3) prescribe the rules for managing the resolutive effects of a refusal if publication of the by-law referred to in the third paragraph of section 115 was permitted before the approval required under that paragraph was granted or refused; and

(4) eliminate or amend any element of the process leading to the adoption or coming into force of a by-law of a related municipality, in particular, the requirement to give a notice of motion.

“**147.2.** To facilitate the transition, an urban agglomeration order may prescribe that, as regards any subject and for the period it specifies, the situation existing immediately before the reorganization of the city is to be maintained after that reorganization, despite the sharing of powers provided for in this Act.

“**147.3.** For the purposes of any of the provisions mentioned in the second paragraph, an urban agglomeration order may prescribe a rule under which a document is considered to be the budget of a reconstituted municipality or one of the parts of the budget of the central municipality referred to in

section 117 for the fiscal year preceding the fiscal year that begins when the city is reorganized.

Under the first paragraph, the order may prescribe a rule for the application of the following provisions: the fifth paragraph of subsection 3 of section 474 of the Cities and Towns Act (R.S.Q., chapter C-19), the fifth paragraph of subsection 3 of article 954 of the Municipal Code of Québec (R.S.Q., chapter C-27.1), section 148.1 of the Charter of Ville de Montréal (R.S.Q., chapter C-11.4) and section 128.1 of the Charter of Ville de Québec (R.S.Q., chapter C-11.5).”

164. Section 165 of the Act is amended by replacing “is considered to be an urban agglomeration power, to the extent that all or part of that jurisdiction” in the second and third lines by “or the regulation of discharges into a water purification works or watercourse is considered to be an urban agglomeration power to the extent that all or part of that jurisdiction”.

The power to enter into and implement the agreement is an urban agglomeration power.

The same is true for the jurisdiction to exercise a power or carry out an obligation deriving from participation in an agreement, in particular, the power provided for in section 29.2.1 of the Cities and Towns Act or article 10.10 of the Municipal Code of Québec. For the purposes of this section, the urban agglomeration is considered to be the territory of the central municipality that is a party to the agreement.”

166. Section 167 of the Act is amended

(1) by replacing “La Tuque, Sainte-Agathe-des-Monts” in the first and second lines of subparagraph 1 of the first paragraph by “Longueuil, La Tuque”;

(3) by replacing “subparagraph 1 of the first paragraph of section 167 or in the second paragraph of that section” in the first and second lines of subparagraph *a* of subparagraph 1 of the third paragraph by “paragraph 1 of section 167”;

(4) by replacing “subparagraph 2 or 3 of the first paragraph” in the first and second lines of subparagraph *b* of subparagraph 1 of the third paragraph by “paragraph 2 or 3”;

(5) by replacing “subparagraph 1 of the first paragraph of section 167 or in the second paragraph of that section” in the first and second lines of subparagraph *a* of subparagraph 1 of the fourth paragraph by “paragraph 1 of section 167”;

(2) by inserting “and those provided for in section 178.1; the council exists and the officers and employees act” after “acts” in the second line of the third paragraph.

173. The Act is amended by inserting the following sections after section 178:

“178.1. If, during the period mentioned in the third paragraph of section 178, the council of the reconstituted municipality, on behalf of the municipality, intends to enter into a supply or services contract, within the meaning of section 573 of the Cities and Towns Act (R.S.Q., chapter C-19) or article 935 of the Municipal Code of Québec (R.S.Q., chapter C-27.1), and if the council considers it appropriate that the supply of goods or services also apply, in respect of the territory of the reconstituted municipality, before the reorganization of the city, it may enter into the contract on behalf of the city and the reconstituted municipality for a period beginning before and ending after the reorganization.

However, the city may, at the request of the council of the reconstituted municipality, enter into the contract on its own behalf and on behalf of the reconstituted municipality. The city acts through its deliberative body or officer that would have jurisdiction if the contract were entered into only on behalf of the city. No decision of the city relating to the contract requires the approval provided for in section 88 of the Act respecting the consultation of citizens with respect to the territorial reorganization of certain municipalities (2003, chapter 14).

For the period before the reorganization, the city may not enter into a contract in respect of which the council of the reconstituted municipality may exercise the powers provided for in the first two paragraphs, or begin the process for awarding such a contract, unless the council decides not to enter into a contract for the same purpose on behalf of the city and the reconstituted municipality for a period beginning before and ending after the reorganization and not to request the city to do so.

Any call for tenders for the contract provided for in the first or second paragraph, as well as any document referred to in the call for tenders, must be approved by the Minister before being published or delivered.

A contract entered into by one municipality on behalf of another binds the latter for the period in which the latter has jurisdiction over the territory concerned, as if that other municipality were a party to the contract.

“178.2. In the case of the central municipality, the first three paragraphs of section 178.1 apply, with the necessary modifications, if the council composed of persons elected in the election referred to in section 121 intends to enter into a contract referred to in the first paragraph of section 178.1 during the period mentioned in the third paragraph of section 178, and if the council considers it appropriate that the planned supply of goods or services also

apply, in respect of the territory under its jurisdiction, before the reorganization of the city.

For the purposes of the first paragraph, the council concerned is the regular council or, if applicable, a borough council. However, a borough council does not have the power to make a request under the second paragraph of section 178.1 if the borough under its jurisdiction does not correspond to the borough before the reorganization.

If the contract concerned falls within the jurisdiction of the executive committee of the central municipality, the powers granted under the first paragraph to the regular council composed of persons elected in the election referred to in section 121 belong to the committee composed of such persons.”

174. Section 179 of the Act is amended by inserting “and section 179.1” after “178” in the second line of the second paragraph.

175. The Act is amended by inserting the following section after section 179:

“**179.1.** The first three paragraphs of section 178.1 apply, with the necessary modifications, if the urban agglomeration council constituted before the reorganization of the city intends to enter into a contract referred to in the first paragraph of section 178.1 during the period mentioned in the second paragraph of section 179, and if the council considers it appropriate that the planned supply of goods or services also apply, in respect of the urban agglomeration, before the reorganization of the city.

If the contract concerned falls within the jurisdiction of the executive committee of the central municipality, given the order made under section 135, the powers granted to the urban agglomeration council under the first paragraph belong to the committee composed of persons elected in the election referred to in section 121.”

176. Section 182 of the Act is amended by replacing “165” in the second paragraph by “165.1”.

In each of those boroughs, the two districts serve for the purposes of the election of the two borough councillors, in accordance with the Act respecting elections and referendums in municipalities (R.S.Q., chapter E-2.2), which applies as if they were city councillors; the districts are deemed to constitute only one district for the purposes of the election of the city councillor.”
