ii. the proportion, expressed as a percentage, that, at that time, the fair market value of the shares of the capital stock of the corporation owned by the person or group of persons is of the fair market value of all the issued shares of that capital stock.

“21.3.5. For the purpose of determining, in accordance with section 21.3.4, whether a person or group of persons is a significant shareholder, or a significant group of shareholders, as the case may be, of a particular corporation,

(a) subject to the second paragraph, the rules set out in paragraphs *d* to *f* of section 21.20.2 apply in respect of the ownership of the shares of the capital stock of the particular corporation;

(b) another corporation, a partnership or a trust is deemed not to own, or not to be deemed to own because of the application of subparagraph *a*, a share of the capital stock of the particular corporation that is deemed to be owned, because of the application of that subparagraph, by

i. a shareholder of the other corporation,

ii. a member of the partnership, or

iii. a beneficiary under the trust or, if it is a trust referred to in section 467, the person referred to in that section;

An obligation to which subparagraph *f* of the first paragraph refers is an obligation whose performance puts the person who contracted it in the same

(b) a person who is a shareholder of more than one corporation, in this paragraph referred to as the “intermediary corporations”, may not be deemed to own a number of shares of the capital stock of the particular corporation that are owned, or deemed to be owned because of the application of this section, by another corporation of which the intermediary corporations are shareholders that is greater than the number of those shares that the person would be deemed to own if this section applied to each intermediary corporation without reference to the rule set out in subparagraph i of paragraph *a*; and

(c) if a significant group of shareholders of the particular corporation includes persons each of whom is deemed to own, because of the application of this section, shares of the capital stock of the particular corporation that are owned by another corporation, the total number of those shares that those persons are deemed to own may not be greater than the number of shares of that capital stock that the other corporation owns.

“21.3.7. When sections 21.3.2 and 21.3.3 apply in respect of the control of a corporation for the purposes of paragraph *e* of section 771.13 and subparagraph *b* of the first paragraph of section 1029.8.36.0.22.1,

“§3. — *Assets*

“965.64. The assets of a corporation are the assets shown in its financial statements submitted to the shareholders for its last taxation year ended before the date of the receipt for the final prospectus or of the exemption from filing a prospectus, or, if such financial statements have not been prepared, or have not been prepared in accordance with generally accepted accounting principles, that would be shown if such financial statements had been prepared in accordance with generally accepted accounting principles.

For the purposes of the first paragraph, the following rules apply in computing the assets of a corporation:

(a) the amount of the surplus reassessment of its property and the amount of its incorporeal assets shall be subtracted, to the extent that the amount shown in their respect exceeds the expenditure made in their respect; and

(b) if a consideration for the purchase of incorporeal assets consists of shares of the corporation's capital stock, it is deemed to be nil.

“965.65. The assets of a corporation that, within the 365 days preceding the date of the receipt for the final prospectus or of the exemption from filing a prospectus, results from an amalgamation within the meaning of section 544 are equal to the greater of

(a) the amount of the assets, determined in accordance with section 965.64, of the corporation resulting from the amalgamation; and

(b) the amount of the aggregate of the assets of each of the predecessor corporations, determined in accordance with section 965.64, as if the reference in that section to its financial statements submitted to the shareholders for its last taxation year ended before the date of the receipt for the final prospectus or of the exemption from filing a prospectus were replaced by a reference to its financial statements submitted to the shareholders for each of the taxation years ended within the 365 days preceding the time of amalgamation and as if only the greatest amount, if any, of the assets of each of the predecessor corporations were taken into account.

“965.66. The assets of a corporation that is associated with another corporation in the 12 months preceding the date of the receipt for the final prospectus or of the exemption from filing a prospectus, are equal to the amount by which the aggregate of the assets of the corporation and those of each corporation associated with it, determined in accordance with sections 965.64 and 965.65, exceeds the aggregate of the amount of investments the corporations own in each other and the balance of accounts between the corporations.

“965.67. For the purposes of sections 965.64 to 965.66, the assets are to be computed by making every possible combination in the computation in respect of each fiscal period of each corporation referred to, where that is the case, in those sections.

“965.68. For the purposes of section 965.64, the following rules apply:

(a) if a computation provided for in that section must be made in respect of a corporation that is in its first fiscal period, the reference to its financial statements submitted to the shareholders for its last taxation year ended before the date of the receipt for the final prospectus or of the exemption from filing a prospectus is to be replaced by a reference to its financial statements at the beginning of its first fiscal period; and

(b) if a computation provided for in that section must be made in respect of a corporation that, within the 365 days preceding the date of the receipt for the final prospectus or of the exemption from filing a prospectus, modified its usual and accepted fiscal period, the reference to its financial statements submitted to the shareholders for its last taxation year ended before the date of

the receipt for the final prospectus or of the exemption from filing a prospectus is to be replaced by a reference to its financial statements submitted to the shareholders for each of the taxation years ended in the 365 days preceding the date of the receipt for the final prospectus or of the exemption from filing a prospectus.

“965.69. For the purposes of sections 965.64 to 965.68, if a computation provided for in those sections must be made in respect of a corporation described in section 965.70 that makes a public share issue, the computation is made without reference to the assets, if any, of a government or of another corporation mentioned in section 965.70 that is no longer associated with it on the date on which the public share issue ends and, in the case of the other corporation, was not directly or indirectly controlled by the issuing corporation at any time in the 12 months preceding the date of the receipt for the final prospectus or of the exemption from filing a prospectus.

“965.70. A corporation referred to in section 965.69 is a corporation that, on the date of the receipt for the final prospectus or of the exemption from filing a prospectus, would be a qualified issuing corporation but for a government or another corporation associated with a government associated with it on that date, except a corporation directly or indirectly controlled by the issuing corporation on that date or that was so controlled at any time in the 12 months preceding that date, and that is, on the date on which the public share issue ends, no longer associated with that government or that other corporation.

The issuing corporation is also a corporation referred to in section 965.69 for the 12 months following the date on which it is no longer associated with that government or that other corporation.

“965.71. For the purposes of sections 965.64 to 965.67, if a computation provided for in those sections must be made in respect of a particular corporation that makes a public share issue and that would be, on the date of the receipt for the final prospectus or of the exemption from filing a prospectus, a qualified issuing corporation but for a venture capital corporation associated with it on that date, the computation is made without reference to the assets of that venture capital corporation if, on the date on which the public share issue ends, the particular corporation is no longer associated with that venture capital corporation.

“965.72. For the purposes of this Title, if a corporation is required to meet a requirement in respect of which section 965.64 or 965.66 applies, the requirement must be met for each of its fiscal periods referred to, where that is the case, in those sections.

“965.73. For the purposes of sections 965.64 to 965.67, if a corporation or a corporation associated with it reduces its assets by any transaction for the purpose of qualifying the corporation as a corporation whose assets are less

than \$100,000,000, the assets are deemed not to have been reduced unless the Minister decides otherwise.

(d) it is issued by a qualified issuing corporation that states in the final prospectus that the share may be included in an SME growth stock plan and entitles its holder to the benefit provided for in its respect by this Title;

(e) before the receipt for a final prospectus has been obtained, it was the subject of a favourable advance ruling from the Ministère du Revenu to the effect that it complies with the objectives of this Title;

(f) it is acquired for money consideration within the scope of a public share issue by an individual or a qualified mutual fund as first purchaser, other than a dealer acting as an intermediary or as a firm underwriter; and

(g) it is subscribed and paid.

“965.75. The certificate relating to a share described in section 965.74 must be given directly to the dealer referred to in section 965.56 by the issuer of the certificate or by another dealer who certifies that the certificate has been held, without interruption from its issue, by a dealer acting as an intermediary

or as a firm underwriter, or issued and registered in the dealer's name or in the name of a person designated by the dealer.

“965.76. Subject to section 965.77, a share also qualifies for an SME growth stock plan if

(a) it is acquired for money consideration by a qualified mutual fund as first purchaser, other than a dealer acting as an intermediary or as a firm underwriter, in the distribution of a share for which an exemption from filing a prospectus is provided for in subsection 2 of section 2.10 of Regulation 45-106 respecting prospectus and registration exemptions approved by ministerial order 2005-20 (2005, G.O. 2, 3664);

(e) it is issued by a qualified issuing corporation having common shares of its capital stock carrying voting rights listed on a Canadian stock exchange.

“965.77. The condition set out in paragraph *c* of section 965.76 does not apply in respect of a share if an issuing corporation has previously made a public share issue under this Title otherwise than in accordance with subsection 2 of section 2.10 of Regulation 45-106 respecting prospectus and registration exemptions approved by ministerial order 2005-20 (2005, G.O. 2, 3664).

“965.78. The certificate to which paragraph *d* of section 965.76 refers means a certificate from a manager of the issuing corporation certifying that it is a qualified issuing corporation and that the share issued to the mutual fund, as part of the distribution of a share for which an exemption from filing a prospectus is provided for in subsection 2 of section 2.10 of Regulation 45-106 respecting prospectus and registration exemptions approved by ministerial order 2005-20 (2005, G.O. 2, 3664), is a qualifying share.

“965.79. Despite section 965.74, if the major portion of the proceeds of a public share issue is, as stated in the final prospectus or as may be inferred from it, used, directly or indirectly, in payment of the acquisition of shares or of any other negotiable instrument of a corporation, a share acquired as part of the public share issue is not a qualifying share, unless,

“965.80. For the purposes of section 965.79, if all or part of the proceeds of a public share issue is, as stated in the final prospectus or as may be inferred from it, used for the repayment of borrowed money or of any other debt contracted within a reasonable period of time before or after the date of the receipt for the final prospectus, or the redemption of shares or of any other securities issued within such a period of time for the payment of shares or of any other negotiable instrument, the use of all or part of the proceeds is deemed to be a payment for such an acquisition.

“965.81. For the purposes of sections 965.79 and 965.80, if all or part of the proceeds of a public share issue is, as stated in the final prospectus or as may be inferred from it, used for the repayment of borrowed money or of any other debt contracted by a particular corporation within a reasonable period of time before or after the date of the receipt for the final prospectus, or the redemption of shares or of any other securities issued within such a period of time for the payment of shares or of any other negotiable instrument issued by another corporation, and the issuing corporation results from the amalgamation, within the meaning of section 544, of the particular corporation and of the other corporation, the issuing corporation is deemed to be, immediately after the acquisition mentioned in section 965.79, the particular corporation.

“965.82. For the purposes of sections 965.79 and 965.80, a share or a negotiable instrument does not include, if the issuing corporation carries on the activities of a dealer, such property described in an inventory.

(e) the Minister is of the opinion that the public share issue complies with the objectives of this Title.

“§2. — *Amalgamations*

“965.96. For the purposes of paragraph *d* of section 965.90, if a corporation results from an amalgamation within the meaning of section 544 and a period of at least 12 months has not elapsed between the time of the amalgamation and the date of the receipt for the final prospectus or of the exemption from filing a prospectus, the requirement relating to the number of employees set out in that paragraph shall be replaced by the requirement that that corporation have, throughout the period from the time of the amalgamation to the date of the receipt for the final prospectus or of the exemption from filing a prospectus, not fewer than five full-time employees who are neither insiders within the meaning of section 89 of the Securities Act (chapter V-1.1) nor persons related to such insiders and for one of the predecessor corporations to have had not fewer than five full-time employees who are neither insiders within the meaning of section 89 of that Act nor persons related to such insiders throughout the part of the 12-month period ending on the date of the receipt for the final prospectus or of the exemption from filing a prospectus that precedes the time of the amalgamation.

For the purposes of the first paragraph, a predecessor corporation is deemed to have had not fewer than five full-time employees who are neither insiders within the meaning of section 89 of the Securities Act nor persons related to such insiders, if

(a) a class of shares of its capital stock is listed on a Canadian stock exchange throughout the part of the period described in the first paragraph; and

For the purposes of the first paragraph, if the predecessor corporation referred to lastly in that paragraph, or a predecessor corporation that is referred to lastly in that paragraph as a result of the application of this paragraph, is itself a corporation resulting from an amalgamation within the meaning of section 544 and a period of at least 12 months has not elapsed between the time of that amalgamation and the date of the receipt for the final prospectus or of the exemption from filing a prospectus, the rule set out in the first paragraph applies in relation to the requirement in its respect concerning the number of employees set out lastly in that paragraph.

“§3. — *Windings-up*

“965.98. For the purposes of section 965.90, if a corporation making a public share issue does not meet the requirement relating to the number of employees set out in paragraph *d* of that section and a winding-up as described in section 556 of a subsidiary within the meaning of that section in respect of which the corporation is, immediately before the winding-up, the parent within the meaning of that section, terminates within the 12-month period immediately before the date of the receipt for the final prospectus or of the exemption from filing a prospectus, the requirement is replaced by the following requirements:

(a) the corporation shall, throughout the period from the time the winding-up terminates to the date of the receipt for the final prospectus or of the exemption from filing a prospectus, have not fewer than five full-time employees who are neither insiders within the meaning of section 89 of the Securities Act (chapter V-1.1) nor persons related to such insiders; and

(b) the subsidiary shall, throughout the part of the 12-month period ending on the date of the receipt for the final prospectus or of the exemption from filing a prospectus that precedes the time the winding-up terminates, have had not fewer than five full-time employees who are neither insiders within the meaning of section 89 of the Securities Act nor persons related to such insiders.

For the purposes of subparagraph *b* of the first paragraph, a subsidiary is deemed to have had not fewer than five full-time employees who are neither insiders within the meaning of section 89 of the Securities Act nor persons related to such insiders, if

(a) a class of shares of its capital stock is listed on a Canadian stock exchange throughout the part of the period described in that subparagraph *b*; and

(b) a person, other than such an insider or a person related to such an insider, or a partnership provides the subsidiary, in the part of the period referred to in subparagraph *a*, with services under a service contract and the subsidiary would normally have required the services of more than five full-time employees if those services had not been provided.

The rules of the first and second paragraphs apply, with the necessary modifications, to the requirement relating to the carrying on of a business set out in paragraph *d* of section 965.90.

“965.99. For the purposes of section 965.98, if the subsidiary, in this section referred to as the “particular subsidiary”, does not meet the requirement set out in subparagraph *b* of the first paragraph of that section and a winding-up as described in section 556 of a subsidiary within the meaning of that section, in this section referred to as the “other subsidiary”, in respect of

which the particular subsidiary is, immediately before the winding-up, the parent within the meaning of that section, terminates within the 12-month period immediately before the date of the receipt for the final prospectus or of the exemption from filing a prospectus, the requirement is replaced by the following requirements:

(a) the particular subsidiary shall, throughout the part of the period between the time the winding-up of the other subsidiary terminates and the time the winding-up referred to in the first paragraph of section 965.98 terminates, have had not fewer than five full-time employees who are neither insiders within the meaning of section 89 of the Securities Act (chapter V-1.1) nor persons related to such insiders; and

(b) the other subsidiary shall, throughout the part of the period immediately before the date of the receipt for the final prospectus or of the exemption from filing a prospectus that precedes the time its winding-up terminates, have had not fewer than five full-time employees who are neither insiders within the meaning of section 89 of the Securities Act nor persons related to such insiders.

For the purposes of subparagraph *b* of the first paragraph, the other subsidiary is deemed to have had not fewer than five full-time employees who are neither insiders within the meaning of section 89 of the Securities Act nor persons related to such insiders, if

(a) a class of shares of its capital stock is listed on a Canadian stock exchange throughout the part of the period described in that subparagraph *b*; and

(b) a person, other than such an insider or a person related to such an insider, or a partnership provides the other subsidiary, in the part of the period referred to in subparagraph *a*, with services under a service contract and that other subsidiary would normally have required the services of more than five full-time employees if those services had not been provided.

For the purposes of the first paragraph, if the other subsidiary does not meet the requirement set out in subparagraph *b* of that paragraph and a winding-up as described in section 556 of a subsidiary within the meaning of that section, in this paragraph referred to as the “underlying subsidiary”, in respect of which the other subsidiary is, immediately before the winding-up, the parent within the meaning of that section, terminates within the 12-month period described in the first paragraph, the rules set out in subparagraphs *a* and *b* of the first paragraph apply to the other subsidiary and to the underlying subsidiary, respectively.

The rules of the first, second and third paragraphs apply, with the necessary modifications, to the requirement relating to the carrying on of a business set out in paragraph *d* of section 965.90.

“§4. — *Continuation of a business*

“965.100. For the purposes of section 965.90, if a period of at least 12 months has not elapsed between the time of the beginning of the carrying on of a particular business by a corporation and the date of the receipt for the final prospectus or of the exemption from filing a prospectus, and the particular business carried on by the corporation may, if the Minister so decides, be considered in fact to consist mainly in the continuation of a business or part of a business carried on by another taxpayer before the time of the beginning of the carrying on of the particular business by the corporation, the requirement relating to the number of employees set out in paragraph *d* of section 965.90 shall be replaced by the requirement to have, throughout the period from the time of the beginning of the carrying on of the particular business by the corporation to the date of the receipt for the final prospectus or of the exemption from filing a prospectus, not fewer than five full-time employees who are neither insiders within the meaning of section 89 of the Securities Act (chapter V-1.1) nor persons related to such insiders and, immediately before the time of the beginning of the carrying on of the particular business by the corporation, for the other taxpayer to have had, in relation to that business or part of a business, not fewer than five full-time employees who are neither insiders within the meaning of section 89 of that Act nor persons related to such insiders throughout the part of the 12-month period ending on the date of the receipt for the final prospectus or of the exemption from filing a prospectus that precedes the beginning of the carrying on of the particular business by the corporation.

For the purposes of the first paragraph, the continuation of a business or part of a business carried on by another taxpayer before the beginning of the carrying on, by a corporation, of the particular business must result from

(a) the acquisition or rental, by the corporation, of property from the other taxpayer who, throughout the part of the period described in the first paragraph that precedes the acquisition or rental, carried on a business in which the other taxpayer used that property; or

(b) the carrying on, by the corporation, of a new business that may reasonably be considered in fact to consist in the extension of a business or part of a business carried on by the other taxpayer.

For the purposes of the first paragraph, the other taxpayer is deemed to have had not fewer than five full-time employees who are neither insiders within the meaning of section 89 of the Securities Act nor persons related to such insiders, if

(a) a class of shares of its capital stock is listed on a Canadian stock exchange throughout the part of the period described in the first paragraph; and

(b) a person, other than such an insider or a person related to such an insider, or a partnership provides the other taxpayer, in the period referred to in subparagraph *a*, with services under a service contract and that other taxpayer would normally have required the services of more than five full-time employees if those services had not been provided.

“§5. — *Various rules*

“965.101. For the purposes of paragraph *c* of section 965.90, if a corporation has, within the 365 days preceding the date of the receipt for the final prospectus or of the exemption from filing a prospectus, modified its usual and accepted fiscal period, the reference to its last taxation year ended before that date is to be replaced by a reference to each of the taxation years ended within the 365 days preceding the date of the receipt for the final prospectus or of the exemption from filing a prospectus.

“965.102. For the purposes of paragraph *e* of section 965.90, the following rules apply:

(a) in the case of a corporation in its first fiscal period, except in the case provided for in paragraph *c*, the reference to its financial statements submitted to the shareholders for its last taxation year ended before the date of the receipt for the final prospectus or of the exemption from filing a prospectus is to be replaced by a reference to its financial statements at the beginning of its first fiscal period;

(b) in the case of a corporation having modified its usual and accepted fiscal period within the 365 days preceding the date of the receipt for the final prospectus or of the exemption from filing a prospectus otherwise than as a result of an amalgamation within the meaning of section 544, the reference to its financial statements submitted to the shareholders for its last taxation year ended before the date of the receipt for the final prospectus or of the exemption from filing a prospectus is to be replaced by a reference to its financial statements submitted to the shareholders for each of the taxation years ended within the 365 days preceding the date of the receipt for the final prospectus or of the exemption from filing a prospectus; and

(c) in the case of a corporation resulting from an amalgamation within the meaning of section 544 within the 365 days preceding the date of the receipt for the final prospectus or of the exemption from filing a prospectus, the reference to its financial statements submitted to the shareholders for its last taxation year ended before the date of the receipt for the final prospectus or of the exemption from filing a prospectus is to be replaced by a reference to its financial statements submitted to the shareholders at the beginning of its first fiscal period if the corporation is in its first fiscal period, or for each of the taxation years ended since the time of the amalgamation in other cases, and to the financial statements submitted to the shareholders of the predecessor corporation referred to in section 965.96 or 965.97 for each of its taxation years ended within the 365 days preceding the time of the amalgamation.

“965.103. For the purposes of paragraph *e* of section 965.90, if the major portion of the proceeds of a public share issue is used for the financing of scientific research and experimental development carried on in Québec, the corporation may elect to have the following rules apply:

(a) the reference to its financial statements submitted to the shareholders for its last taxation year ended before the date of the receipt for the final prospectus or of the exemption from filing a prospectus is replaced, where applicable, by a reference to its last interim financial statements, before that date, as audited and submitted to the shareholders;

(b) that paragraph *e* is to be read without reference to “cash on hand or on deposit,” and “promissory notes, debentures, bonds, any other debt securities, guaranteed investment certificates,”; and

(c) the value of the property mentioned in that paragraph *e* is increased by the amount of expenditures for scientific research and experimental development carried on by the corporation in Québec in the taxation years ended in a 60-consecutive-month period ending on the date of the financial statements considered and, in the case of interim financial statements, is also increased by the amount of expenditures for scientific research and experimental development carried on in Québec in the period covered by those interim financial statements.

“965.104. For the purposes of paragraph *e* of section 965.90, if, between the end of the last taxation year ended before the date of the receipt for the final prospectus or of the exemption from filing a prospectus and the date of that receipt or exemption, a substantial change occurs in relation to the composition of a corporation’s property and the Minister is of the opinion that the objectives of this Title, except that paragraph *e*, are met, the Minister may, for the purpose of determining whether the value of the corporation’s property that is referred to in that paragraph *e* does not exceed 50%, consult any document the Minister considers appropriate in the circumstances, including the last audited interim financial statements of the corporation, prepared before the date of the receipt for the final prospectus or of the exemption from filing a prospectus and submitted to the shareholders.

For the purposes of the first paragraph, a substantial change in relation to the composition of a corporation’s property means a decrease of at least 25 points between the percentage representing the proportion that the value of the property referred to in paragraph *e* of section 965.90 is of the total value of its property, as shown in its financial statements submitted to the shareholders for its last taxation year ended before the date of the receipt for the final prospectus or of the exemption from filing a prospectus, or, if such financial statements have not been prepared, or have not been prepared in accordance with generally accepted accounting principles, that would be shown if such financial statements had been prepared in accordance with generally accepted accounting principles, and the percentage representing the proportion that the value of the property referred to in that paragraph *e* is of the total value of its

property, as shown in its last interim financial statements, or, if such financial statements have not been prepared, in any other document the Minister considers appropriate in the circumstances.

“§6. — *Purchase or redemption of shares and anti-avoidance rule*

The first paragraph applies during the period referred to in the first paragraph until the corporation has, in respect of each transaction, made an issue of shares of its capital stock that meet the requirement of paragraph *b* of section 965.74 and are not qualifying shares, for an amount equal to or greater than the amount of the transaction.

“965.106. The share to which section 965.105 refers is

(b) a share that can, under the conditions pertaining to its issue, be redeemed by the issuing corporation or purchased by anyone, directly or indirectly, in any manner whatever, and that was not received as part of a large distribution of surplus or as a result of a transaction referred to in any of sections 301, 536, 541 and 544 in respect of a share meeting, at the time of its issue, the requirement of paragraph *b* of section 965.74 or in respect of a share substituted for such a share; or

(c) a share purchased or redeemed to meet the requirements of an Act or the regulations governing a sector of activities.

“965.107. For the purposes of this Title, “qualified issuing corporation” does not include a corporation whose shares of a class of its capital stock are, in the period beginning on the first day of the fifth calendar year preceding the calendar year in which it is granted a receipt for a final prospectus or an exemption from filing a prospectus in respect of a share issue and ending at the time the receipt or exemption is granted, the subject of a particular transaction consisting of a transaction or operation or of a series of transactions or operations if, in the opinion of the Minister, it is reasonable to believe that the particular transaction is equivalent to the redemption of a share of a class of its capital stock other than a share described in section 965.108.

The first paragraph applies during the period referred to in the first paragraph until the corporation has, in respect of each particular transaction and for an

amount determined in section 965.109, made an issue of shares of its capital stock that meet the requirement of paragraph *b* of section 965.74 and are not qualifying shares or until shares of the capital stock of the corporation have been the subject, in respect of each particular transaction, of a transaction or operation or of a series of transactions or operations, for an amount determined in section 965.109, if, in the opinion of the Minister, it is reasonable to believe that the transaction or operation or the series of transactions or operations is equivalent to the issue of shares of the capital stock of the corporation that meet the requirement of that paragraph *b*.

The Minister may exercise the power provided for in the first paragraph, in particular, when shares of the capital stock of a corporation that are not described in section 965.108 are acquired by a person related to the corporation.

“965.108. The share to which section 965.107 refers is

(a) a share that is a fractional share;

(b) a share that can, under the conditions pertaining to its issue, be redeemed by the issuing corporation or purchased by anyone, directly or indirectly, in any manner whatever, and that was not received as part of a large distribution of surplus or as a result of a transaction referred to in any of sections 301, 536, 541 and 544, in relation to a share meeting, at the time of its issue, the requirement of paragraph *b* of section 965.74 or in relation to a share substituted for such a share; or

(c) a share that is the subject of a transaction or operation or of a series of transactions or operations if the transaction or operation or the series of transactions or operations is effected to meet the requirements of an Act or the regulations governing a sector of activities.

“965.109. The amount to which the second paragraph of section 965.107 refers is an amount that, in the opinion of the Minister, is equal to or greater than the amount that would have been disbursed for the acquisition of the shares that, but for a transaction or operation or a series of transactions or operations referred to in the first paragraph of that section, would have been purchased or redeemed.

“965.110. For the purposes of this Title, “qualified issuing corporation” does not include a corporation the net shareholders’ equity of which, in the period beginning on the first day of the fifth calendar year preceding the calendar year in which it is granted a receipt for a final prospectus or an exemption from filing a prospectus in respect of a public share issue and ending at the time the receipt or exemption is granted, is affected, directly or indirectly, in any manner whatever, as a result of a particular transaction consisting of a transaction or operation or of a series of transactions or operations other than a transaction or operation or a series of transactions or operations described in section 965.112 if, in the opinion of the Minister, it is reasonable to believe that the particular transaction is equivalent to the

redemption of a share of a class of its capital stock other than a share described in section 965.111.

The first paragraph applies during the period referred to in the first paragraph until the corporation has, in respect of each particular transaction, made an issue of shares of its capital stock that meet the requirement of paragraph *b* of section 965.74 and are not qualifying shares or until the net shareholders' equity of the corporation has been the subject, in respect of each particular transaction, of a transaction or operation or of a series of transactions or operations if, in the opinion of the Minister, it is reasonable to believe that the transaction or operation or the series of transactions or operations is equivalent to the issue of such shares of the capital stock of the corporation for an amount that is equal to or greater than the amount by which the net shareholders' equity was modified.

Without restricting the generality of the preceding paragraphs, the Minister may render such a decision, in particular, when a corporation makes a large distribution of its surplus, except such a distribution in shares of its capital stock.

“965.111. The share to which section 965.110 refers is

(a) a share that is a fractional share; or

(b) a share that can, under the conditions pertaining to its issue, be redeemed by the issuing corporation or purchased by anyone, directly or indirectly, in any manner whatever, and that was not received as part of a large distribution of surplus or as a result of a transaction referred to in any of sections 301, 536, 541 and 544, in relation to a share meeting, at the time of its issue, the requirement of paragraph *b* of section 965.74 or in relation to any share substituted for such a share.

“965.112. A transaction or operation or a series of transactions or operations referred to in the first paragraph of section 965.110 is a transaction or operation or a series of transactions or operations effected to meet the requirements of an Act or the regulations governing a sector of activities.

“965.113. For the purposes of this Title, a corporation that has made a particular transaction referred to in the first paragraph of any of sections 965.105, 965.107 and 965.110, is not required to meet the requirement set out in the second paragraph of those sections, where applicable, in respect of the particular transaction, if the aggregate of the amounts by which its capital stock has been reduced as a result of the particular transaction and of any other transaction consisting of a particular transaction referred to in the first paragraph of those sections that is made during the period that begins on the three hundred and sixty-fourth day preceding the day of the particular transaction and ends immediately before the particular transaction is made is less than 5% of the aggregate of the following amounts, determined immediately before the particular transaction is made:

(a) the paid-up capital relating to the shares of its capital stock, other than shares described in sections 965.106, 965.108 and 965.111; and

(b) the paid-up capital relating to the subscription rights in the shares referred to in paragraph *a*.

“965.114. For the purposes of this Title, a corporation that plans to make a share issue that can be included in an SME growth stock plan as qualifying shares, no share of the capital stock of which was issued with a stipulation that it could be included in such a plan nor was issued, as a result of a transaction referred to in section 541 or 544, other than a transaction referred to in section 555.1, in replacement of or substitution for a share issued with such a stipulation, and that makes before the date of the receipt for the final prospectus or of the exemption from filing a prospectus relating to its issue or has made a particular transaction referred to in the first paragraph of any of sections 965.105, 965.107 and 965.110, is not required to meet the requirement set out in the second paragraph of those sections, where applicable, in respect of the particular transaction, if the aggregate of the amounts by which its capital stock has been reduced as a result of the particular transaction and of any other transaction consisting of a particular transaction referred to in the first paragraph of those sections that is made during the period that begins on the three hundred and sixty-fourth day preceding the day of the particular transaction and ends immediately before the particular transaction is made is less than 10% of the amount of the share issue that the corporation plans to make.

“965.115. Despite sections 965.105 to 965.114, a corporation may make a transaction referred to in those sections without having to meet the requirement set out in the second paragraph of any of sections 965.105, 965.107 and 965.110 if, in the opinion of the Minister, an undesirable situation would otherwise result.

“965.116. For the purposes of this Title, “qualified issuing corporation” does not include a corporation that effects a transaction or operation or a series of transactions or operations if, in the opinion of the Minister, it is reasonable to believe that the transaction or operation or the series of transactions or operations was effected to meet the requirements set out in paragraph *d* or *e* of section 965.90.

“DIVISION II

“965.117. A qualified mutual fund is a mutual fund that is described in section 1.1 of Regulation 14-501Q respecting definitions approved by ministerial order 2005-22 (2005, G.O. 2, 3664) and that meets the requirements of this division.

(a) to acquire, on or before 31 December in the year, qualifying shares with the proceeds or expected proceeds, for the year, of the public security issue, whose adjusted cost is not less than the adjusted cost of the aggregate of all qualifying securities issued by the qualified mutual fund in the year and constituting valid qualifying securities;

(b) to be the owner, on 31 December in the year and in each of the following three years, of qualifying shares or valid shares, other than qualifying shares or valid shares having already been used, in respect of the same year, for the purposes of this paragraph, and whose adjusted cost is not less than the adjusted cost of the aggregate of all qualifying securities issued by the qualified mutual fund in the year and not redeemed by the qualified mutual fund on 31 December in the year and on 31 December in each of the three years following the year, respectively, as the case may be; and

(c) to ensure, in relation to a qualifying share acquired by the qualified mutual fund, that no coverage deficiency amount may be computed in respect of an individual who has acquired a qualifying security as part of a public security issue.

For the purposes of subparagraph *a* of the first paragraph and section 965.120, the expected proceeds of a public security issue made by a qualified mutual fund for a year are the proceeds of such a public security issue or a portion of such proceeds, as the case may be, to the extent that

(a) the public security issue ends on or before 31 December of that year; and

(b) the proceeds or the portion of the proceeds is used to compensate or repay the acquisition cost of qualifying shares acquired by the qualified mutual fund at a particular time during the 90-day period that precedes the date on which the public security issue ends.

“965.120. A qualified mutual fund that intends to make a public security issue and to acquire qualifying shares with the expected proceeds of the public security issue shall stipulate in the final prospectus relating to the issue that it undertakes to satisfy the conditions set out in subparagraphs *a* and *b* of the second paragraph of section 965.119.

“965.121. A qualified mutual fund that makes, in a particular year, a public security issue consisting of securities that may be included in an SME growth stock plan and is making its first such public security issue may, instead of stipulating in the final prospectus relating to their issue that it undertakes to meet the requirements set out in section 965.119, elect to stipulate in the final prospectus that it undertakes to meet the following requirements or may, once it has stipulated that it undertakes to meet the requirements set out in section 965.119, elect instead to undertake to meet the following requirements by sending to the Minister and to the Autorité des marchés financiers a written notice to that effect on or before 31 December in the year in which the receipt for the final prospectus relating to their issue was obtained:

(a) to use a determined percentage, which must be the same throughout any particular year during which securities are issued as part of the security issue, not lower than 50%, of the proceeds, for the particular year, of the issue of securities not redeemed by the qualified mutual fund on or before 31 December in the particular year, to acquire, on or before 31 December in the year following the particular year, qualifying shares that are issued by qualified issuing corporations;

(b) to cause the proportion, expressed as a percentage, that the adjusted cost is of the cost, determined without reference to the borrowing costs, brokerage or custody fees or other similar costs, to the qualified mutual fund, of the aggregate of all qualifying shares described in paragraph *a* that the qualified mutual fund has undertaken to acquire in accordance with that paragraph *a* on or before 31 December in the year following the particular year, to be equal to or greater than the determined percentage, not lower than 50%, stated in that respect by the qualified mutual fund, in respect of the public security issue, in the final prospectus relating to their issue or in the written notice to be sent by the qualified mutual fund to the Minister and to the Autorité des marchés financiers, as the case may be;

(c) to acquire, on or before 31 December in the particular year, qualifying shares with the proceeds, for the particular year, of the public security issue, that are not the subject of the undertaking under paragraph *a* and are not qualifying shares having already been used, in respect of the particular year, for the purposes of paragraph *d*, and whose adjusted cost is not less than the amount by which the adjusted cost of the aggregate of all qualifying securities issued by the qualified mutual fund in the particular year and constituting valid qualifying securities exceeds the particular amount equal to the lesser of the proceeds of the issue of securities constituting, for the particular year, valid qualifying securities and the amount obtained by applying to the portion, that is the subject of the undertaking under paragraph *a*, of the proceeds, for the particular year, of the public security issue, the percentage determined under paragraph *b* in respect of the public security issue;

(d) to acquire, on or before 31 December in the year following the particular year, qualifying shares described in paragraph *a* with the proceeds, for the

particular year, of the public security issue, other than any such qualifying shares having already been used, in respect of the particular year, for the purposes of paragraph *c*, and whose adjusted cost is equal to or greater than the particular amount referred to in paragraph *c* in respect of the particular year;

(*e*) to be the owner, on 31 December in the particular year and in each of the following three years, of shares that are qualifying shares or valid shares, other than qualifying shares or valid shares having already been used, in respect of the same year, for the purposes of paragraph *f* or of this paragraph, and whose adjusted cost is equal to or greater than the amount by which the adjusted cost of the aggregate of all qualifying securities issued by the qualified mutual fund in the particular year and not redeemed by the qualified mutual fund on 31 December in the particular year and on 31 December in each of the three years following the particular year, respectively, as the case may be, exceeds the particular amount referred to in paragraph *c* in respect of the particular year;

(*f*) to be the owner, on 31 December in each of the four years following the particular year, of shares that are qualifying shares or valid shares, other than qualifying shares or valid shares having already been used, in respect of the same year, for the purposes of this paragraph, and whose adjusted cost is equal to or greater than the particular amount referred to in paragraph *c* in respect of the particular year; and

(*g*) to ensure, in relation to a qualifying share acquired by the qualified mutual fund, that no coverage deficiency amount may be computed in respect of an individual who has acquired a qualifying security as part of a public security issue.

“965.122. If a qualified mutual fund stipulates, in a final prospectus relating to a public security issue, the percentage to be used for the purposes of paragraph *a* of section 965.124, it shall also stipulate the portion of the adjusted cost of the qualifying security to be considered as the portion that may reasonably be allocated to the purchase of qualifying shares referred to in section 965.123.

“CHAPTER V

i. in respect of a qualified mutual fund that has undertaken to meet the requirements set out in section 965.119 in respect of the public security issue as part of which the qualifying security was issued, by the proportion that the adjusted cost of the aggregate of all qualifying shares acquired in that year by the qualified mutual fund with the proceeds of the public issue of securities that are valid qualifying securities in respect of the year is of the proceeds of the issue, and

ii. in respect of a qualified mutual fund that has undertaken to meet the requirements set out in section 965.121 in respect of the public security issue as part of which the qualifying security was issued, by the proportion that the aggregate of the adjusted cost of the aggregate of all qualifying shares that are the subject of the undertaking given by the qualified mutual fund in respect of the public security issue in accordance with paragraph *a* of that section and that may be acquired by it for an amount equal to the particular amount referred to in paragraph *c* of that section in respect of the year, and the adjusted cost of the aggregate of all qualifying shares acquired by the qualified mutual fund in that year with that portion of the proceeds of the public issue of securities that are valid qualifying securities in respect of that year in excess of the particular amount is of the proceeds of the public issue of securities that are valid qualifying securities in respect of that year.

“965.125. “CHAPTER VIII

“SPECIAL CASES

“965.130. Subject to the second paragraph, the deemed disposition, under any of sections 299, 436 and 440, of a share included in an SME growth stock plan does not entail the withdrawal of the share from the plan.

If an amount was deducted for a year under section 726.4.0.1 in respect of a particular security that is a qualifying share or a qualifying security and if the deduction relates, directly or through a qualified mutual fund, to shares of a corporation that became a bankrupt in a particular year, the particular security is deemed withdrawn from the SME growth stock plan on 1 January of the fourth year following the year of the deduction or, if it is later, at the time in the particular year when the corporation became a bankrupt.

“965.131. The splitting or replacement of a qualifying share included in an SME growth stock plan, as a result of a transaction referred to in any of sections 536, 541 and 544, without any consideration other than a share, does not entail the withdrawal of the qualifying share from the plan if the requirement set out in section 965.75 is met in relation to each share issued in respect of the qualifying share that is split or replaced.

In such a case, each new share so issued is deemed to be a qualifying share that was included in an SME growth stock plan at the same time as the qualifying share that is split or replaced.

In any other case, the qualifying share that is split or replaced is deemed to be withdrawn from the SME growth stock plan at the time of the splitting or replacement, at the adjusted cost determined in its respect immediately before that time.

“965.132. In the case provided for in the second paragraph of section 965.131, the adjusted cost of each qualifying share that is split or replaced, or of each new share that is issued, is equal to the adjusted cost of the qualifying share that is split or replaced, determined immediately before the splitting or replacement, divided by the number of shares resulting from the splitting or replacement.

“965.133. In the case of the splitting or replacement of a qualifying share owned by a qualified mutual fund, as a result of a transaction referred to in any of sections 536, 541 and 544, without any consideration other than a share, the following rules apply:

(a) each new share so issued is deemed to be a qualifying share acquired by the qualified mutual fund at the same time and with the same funds as the qualifying share that is split or replaced; and

(b) the adjusted cost of the qualifying share that is split or replaced, or of each new share that is issued, is equal to the adjusted cost of the qualifying share that is split or replaced, determined immediately before the splitting or replacement, divided by the number of shares resulting from the splitting or replacement.”

“eligible employee” of a corporation for all or part of a taxation year, in relation to an eligible contract, means an employee of the corporation, other than an excluded employee at any time in that year, who reports for work at an establishment of the corporation situated in Québec and in respect of whom a qualification certificate is issued to the corporation for the year by Investissement Québec, for the purposes of this division, certifying that the employee is an eligible employee of the corporation for all or part of the year, in relation to the eligible contract;

“excluded employee” of a corporation at a particular time means an employee who, at that time, is a specified shareholder of the corporation or, if the corporation is a cooperative, a specified member of that corporation;

“qualified wages” incurred by a qualified corporation in a taxation year in respect of an eligible employee for all or part of the taxation year means the lesser of

(a) the amount obtained by multiplying \$60,000 by the proportion that the number of days in the corporation’s taxation year during which the employee qualifies as an eligible employee of the corporation is of 365; and

(b) the amount by which the amount of the wages incurred by the qualified corporation in respect of the employee in the year, while the employee qualified as an eligible employee of the qualified corporation, to the extent that that amount is paid, exceeds the aggregate of

i. the aggregate of all amounts each of which is an amount of government assistance or non-government assistance attributable to such wages, that the qualified corporation has received, is entitled to receive or may reasonably expect to receive, on or before the qualified corporation’s filing-due date for that taxation year, and

ii. the aggregate of all amounts each of which is the amount of a benefit or advantage in respect of such wages, other than a benefit or advantage that may reasonably be attributed to the work carried out by the eligible employee under an eligible contract of the qualified corporation for the taxation year, that a person or partnership has obtained, is entitled to obtain or may reasonably expect to obtain, on or before the qualified corporation’s filing-due date for that taxation year, whether in the form of a reimbursement, compensation or guarantee, in the form of proceeds of disposition of a property which exceed the fair market value of the property, or in any other form or manner;

“§2. — *Credit*

“1029.8.36.0.3.73. A qualified corporation that, for a taxation year, holds a valid qualification certificate issued by Investissement Québec, for the purposes of this division, certifying that it qualifies as a qualified corporation, and that encloses the documents referred to in the fifth paragraph with the fiscal return it is required to file for the year under section 1000, is deemed, subject to the fourth paragraph, to have paid to the Minister on the qualified corporation's balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to 25% of the aggregate of all amounts each of which is the qualified wages incurred by the qualified corporation after 31 December 2004 and in the year, but before 1 January 2017, in respect of an eligible employee, for all or part of that year, in relation to an eligible contract.

Despite the first paragraph and subject to the third paragraph, no corporation may be deemed to have paid an amount to the Minister for a taxation year, for the purposes of this division, in respect of more than 2,000 eligible employees.

If the corporation referred to in the first paragraph is associated in a taxation year with at least one other corporation holding a valid qualification certificate issued by Investissement Québec, for the purposes of this division, certifying that it qualifies as a qualified corporation, the reference to “2,000” in the second paragraph is to be replaced by the number of employees attributed to the corporation, in respect of the taxation year, in accordance with the agreement described in section 1029.8.36.0.3.74.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(a) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion

of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(b) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under this division, to have been paid to the Minister on that date, for the purpose of computing that payment.

The documents to which the first paragraph refers are

(a) the prescribed form containing the prescribed information;

(b) a copy of the following documents:

i. the valid qualification certificate issued to the corporation for the year by Investissement Québec, certifying that it is a qualified corporation for the purposes of this division,

ii. any valid qualification certificate issued to the corporation, for the purposes of this division, in respect of an eligible contract, and

iii. any valid qualification certificate issued to the corporation for the year in relation to an eligible employee in respect of whom the corporation is deemed to have paid an amount for the year to the Minister under the first paragraph; and

(c) if the third paragraph applies, the agreement described in section 1029.8.36.0.3.74 filed in prescribed form.

“1029.8.36.0.3.74. The agreement to which the third paragraph of section 1029.8.36.0.3.73 refers in respect of a taxation year means an agreement under which all of the corporations that hold a valid qualification certificate issued by Investissement Québec, for the purposes of this division, certifying that they qualify as qualified corporations, and that are associated with each other in the year, hereinafter called the “group of associated corporations”, attribute to each corporation, for the purposes of that third paragraph, a maximum number of eligible employees in respect of whom a qualified corporation is deemed to have paid an amount to the Minister for the purposes of this division; the total of the numbers so attributed to corporations that are members of the group of associated corporations for the taxation year is not to exceed 2,000.

If the total of the numbers attributed in the agreement described in the first paragraph, in respect of a taxation year, exceeds 2,000, the maximum number of eligible employees attributed to each corporation that is a member of the group of associated corporations for the year is deemed, for the purposes of the first paragraph, to be equal to the proportion of 2,000 that the number

attributed for the year in the agreement to that corporation is of the total of the numbers attributed for the year in the agreement.

“1029.8.36.0.3.75. Subject to sections 1010 to 1011 and for the purposes of this division, if Investissement Québec replaces or revokes a certificate issued to a corporation for a taxation year, the following rules apply:

(a) a replaced certificate is null from the time it was issued or deemed issued and the new certificate is deemed to have been issued at that time for that taxation year; and

(b) a revoked certificate is null from the time the revocation becomes effective.

The revoked certificate referred to in the first paragraph is deemed not to have been issued as of the effective date specified in the notice of revocation.

“§3. — *Government assistance, non-government assistance and other particulars*

“1029.8.36.0.3.76. If, before 1 January 2018, a corporation pays in a taxation year, in this section referred to as the “repayment year”, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of government assistance or non-government assistance, or a person or partnership pays in the repayment year, pursuant to a legal obligation, an amount that may reasonably be considered to be a repayment of a benefit or advantage, and the government assistance, non-government assistance, benefit or advantage, as the case may be, was taken into account in computing qualified wages incurred in a particular taxation year by the corporation in respect of an eligible employee in respect of whom the corporation is deemed to have paid an amount to the Minister under section 1029.8.36.0.3.73 for the particular taxation year, the corporation is deemed, if it encloses the prescribed form with the fiscal return it is required to file for the repayment year under section 1000, to have paid to the Minister on the corporation’s balance-due day for the repayment year, on account of its tax payable for that year under this Part, an amount equal to the amount by which the amount that it would be deemed to have paid to the Minister for the particular year under section 1029.8.36.0.3.73 in respect of the qualified wages, if any amount of such assistance, benefit or advantage so repaid at or before the end of the repayment year had reduced, for the particular year, the amount determined under subparagraph i or ii of paragraph b of the definition of “qualified wages” in the first paragraph of section 1029.8.36.0.3.72, exceeds the aggregate of

(a) the amount that the corporation is deemed to have paid to the Minister for the particular year under section 1029.8.36.0.3.73 in respect of the qualified wages; and

(b) any amount that the corporation is deemed to have paid to the Minister for a taxation year preceding the repayment year under this paragraph in respect of an amount of repayment of that assistance, benefit or advantage.

“1029.8.36.0.3.77. For the purposes of section 1029.8.36.0.3.76, an amount of assistance, a benefit or an advantage is deemed to be repaid by a corporation in a taxation year pursuant to a legal obligation if that amount

(a) reduced, because of subparagraph i or ii of paragraph *b* of the definition of “qualified wages” in the first paragraph of section 1029.8.36.0.3.72, the amount of the wages referred to in that paragraph *b*, for the purpose of computing qualified wages in respect of which the corporation is deemed to have paid an amount to the Minister under section 1029.8.36.0.3.73;

(b) was not received by the corporation; and

(c) ceased in the taxation year to be an amount that the corporation may reasonably expect to receive.

“1029.8.36.0.3.78. If it may reasonably be considered that one of the main reasons for the separate existence of two or more corporations in a taxation year is to cause the maximum number of eligible employees set out in the second paragraph of section 1029.8.36.0.3.73, in respect of whom a corporation is deemed to have paid an amount to the Minister for a taxation year, not to be replaced by a smaller number in accordance with the third paragraph of section 1029.8.36.0.3.73 and section 1029.8.36.0.3.74, those corporations are deemed, for the purposes of this division, to be associated with each other at the end of the year.”

(2) Subsection 1 has effect from 1 January 2005.

130. (1) Section 1029.8.36.0.17 of the Act, amended by section 167 of chapter 23 of the statutes of 2005 and by section 255 of chapter 38 of the statutes of 2005, is again amended, in subparagraph iv of paragraph *b* of the definition of “specified corporation” in the first paragraph,

(2) by replacing the second paragraph by the following paragraph:

“However, the condition set out in subparagraph *b* of the first paragraph is deemed not to be met if the acquisition of control

(a) occurs before 1 July 2005 and Investissement Québec certifies that it results from a transaction that was sufficiently advanced on 30 March 2004 and was binding on the parties on that date;

“The condition set out in subparagraph *b* of the first paragraph is deemed not to be met if the acquisition of control

(a) occurs before 1 July 2004 and Investissement Québec certifies that it results from a transaction that was sufficiently advanced on 11 June 2003 and was binding on the parties on that date;

(b) is by an exempt corporation, by a person or group of persons that controls an exempt corporation, or by a group of persons each member of which is an exempt corporation or a person who, alone or together with other members of the group, controls such a corporation;

(c) derives from the exercise after 11 June 2003 of one or more rights described in paragraph *b* of section 20 that were acquired before 12 June 2003; or

(d) derives from the performance after 11 June 2003 of one or more obligations described in the third paragraph of section 21.3.5 that were contracted before 12 June 2003.”

(2) Subsection 1 has effect from 12 June 2003.

134. (1) Section 1029.8.36.0.38 of the Act, amended by section 239 of chapter 1 of the statutes of 2005 and by section 177 of chapter 23 of the statutes of 2005, is again amended, in paragraph *d* of the definition of “excluded corporation” in the first paragraph,

(1) by replacing the portion before subparagraph iii by the following:

“(d) a corporation control of which is acquired at the beginning of the year or of a preceding taxation year, but after 11 June 2003, by a person or group of persons, unless the acquisition of control

i. occurs before 1 July 2004 and Investissement Québec certifies that it results from a transaction that was sufficiently advanced on 11 June 2003 and was binding on the parties on that date,

ii. is by a corporation that, at the time of the acquisition of control, is carrying on a recognized business, by a person or group of persons that controls such a corporation or by a group of persons each member of which is such a corporation or a person who, alone or together with other members of the group, controls such a corporation.”;

(2) by adding the following subparagraph after subparagraph iii:

“iv. derives from the performance after 11 June 2003 of one or more obligations described in the third paragraph of section 21.3.5 that were contracted before 12 June 2003;”.

(2) Subsection 1 has effect from 12 June 2003. However, when subparagraph i of paragraph d of the definition of “excluded corporation” in the first paragraph of section 1029.8.36.0.38 of the Act applies before 31 March 2004, it reads as if “and Investissement Québec” was replaced by “and the Minister of Finance”.

135. (1) Section 1029.8.36.4 of the Act, amended by section 241 of chapter 1 of the statutes of 2005, is again amended

(1) by inserting the following definition in alphabetical order in the first paragraph:

““qualified outside consultant” means a person or partnership that holds, in that capacity, a certificate of qualification issued by the Minister of Economic Development, Innovation and Export Trade for the purposes of this division;”;

(2) by striking out the definition of “outside consulting contract” in the first paragraph;

(3) by replacing the definition of “particular designer” in the first paragraph by the following definition:

““qualified designer” means an individual who holds, in that capacity, a certificate of qualification issued by the Minister of Economic Development, Innovation and Export Trade for the purposes of this division;”;

(4) by striking out the definition of “specified member” in the first paragraph;

(5) by replacing “design consultant” in the definition of “apparent payment” in the first paragraph by “qualified outside consultant”;

(6) by replacing the definition of “contract payment” in the first paragraph by the following definition:

““contract payment” means an amount payable under a contract by the Government of Canada or of a province, by a municipality or other Canadian public authority or by a person exempt from tax under this Part by reason of Book VIII, to the extent that it may reasonably be considered that the amount payable relates to a design or pattern drafting activity of a qualified corporation or qualified partnership, as the case may be, and up to the amount incurred by the qualified corporation or qualified partnership in respect of that activity;”;

(7) by inserting the following definition in alphabetical order in the first paragraph:

““qualified patternmaker” means an individual who holds, in that capacity, a certificate of qualification issued by the Minister of Economic Development, Innovation and Export Trade for the purposes of this division;”;

(8) by striking out the definition of “qualified wages” in the first paragraph;

(9) by striking out the second and third paragraphs.

(2) Paragraphs 1, 3 and 5 to 8 of subsection 1 and paragraph 9 of that subsection, when it strikes out the third paragraph of section 1029.8.36.4 of the Act, have effect from 22 April 2005.

(3) Paragraphs 2 and 4 of subsection 1 and paragraph 9 of that subsection, when it strikes out the second paragraph of section 1029.8.36.4 of the Act, apply in respect of an expenditure incurred after 21 April 2005 for work that relates to a design activity or pattern drafting activity and that is carried out after that date, under a contract entered into with a qualified outside consultant after that date.

136. (1) Section 1029.8.36.5 of the Act is amended

(1) by replacing the first paragraph by the following paragraph:

“1029.8.36.5. A qualified corporation in respect of which the Minister of Economic Development, Innovation and Export Trade issues a certificate for a particular taxation year, in respect of a design activity, in connection with a business it carries on in Québec, carried out under a contract entered into with a qualified outside consultant and that encloses the documents referred to in the sixth paragraph with the fiscal return it is required to file under section 1000 for the particular year, is deemed, subject to the third paragraph, to have paid to the Minister on the corporation’s balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to 15% of

(a) if the qualified corporation is not dealing at arm's length with the qualified outside consultant at the time the contract is entered into, the aggregate of all amounts each of which, determined in relation to a qualified designer or, as the case may be, to a qualified patternmaker, who reports for work at an establishment of the qualified outside consultant situated in Québec, is the expenditure that it incurs in the particular year, to the extent that the expenditure is paid and is reasonable in the circumstances, and that is the least of

i. the part of the cost of the contract that may reasonably be attributed to the wages paid by the qualified outside consultant to the qualified designer or qualified patternmaker in a taxation year of the qualified outside consultant or, if the qualified outside consultant is a partnership, in a fiscal period of the qualified outside consultant and before the end of the particular year, in relation to the part of the design activity, or to the part of the pattern drafting activity provided for in the contract, that is carried out in Québec in the particular year or in a preceding taxation year, or that could be so attributed if the qualified outside consultant had such employees,

ii. \$60,000, if the wages referred to in subparagraph i, in relation to a taxation year or fiscal period of the qualified outside consultant, are paid or, as the case may be, deemed to be paid to a qualified designer, and

iii. \$40,000, if the wages referred to in subparagraph i, in relation to a taxation year or fiscal period of the qualified outside consultant, are paid or, as the case may be, deemed to be paid to a qualified patternmaker; and

(b) if the qualified corporation is dealing at arm's length with the qualified outside consultant at the time the contract is entered into, the expenditure that it incurs in the year and that is 65% of all or part of the cost of the contract that may reasonably be attributed to the design activity or to a pattern drafting activity provided for in the contract that the qualified outside consultant carried out in Québec in the particular year or a preceding taxation year, to the extent that the expenditure is paid and is reasonable in the circumstances.”;

(2) by adding the following paragraphs after the third paragraph:

“However, the first paragraph does not apply to a qualified corporation whose gross revenue for the particular year from the carrying on of the business referred to in that paragraph is less than \$150,000 or, if the taxation year of a qualified corporation has fewer than 52 weeks, less than the amount obtained by multiplying \$150,000 by the proportion that the number of weeks in the taxation year is of 52.

For the purposes of subparagraphs ii and iii of subparagraph *a* of the first paragraph, the amount of \$60,000 or \$40,000 is to be replaced by the amount obtained by multiplying that amount by the proportion that the number of days in the taxation year or fiscal period of the qualified outside consultant during which the qualified designer or qualified patternmaker, as the case may be, reports for work at an establishment of the employer situated in Québec and

during which the qualified designer or qualified patternmaker carries out the design activity or the pattern drafting activity provided for in the contract, is of 365.

The documents to which the first paragraph refers are

(a) the prescribed form containing the prescribed information;

(b) a copy of the certificate issued for the particular year to the qualified corporation by the Minister of Economic Development, Innovation and Export Trade; and

(c) a copy of the certificate of qualification issued to the qualified outside consultant by the Minister of Economic Development, Innovation and Export Trade.”

(2) Paragraph 1 of subsection 1 and paragraph 2 of that subsection, when it enacts the fifth and sixth paragraphs of section 1029.8.36.5 of the Act, apply in respect of an expenditure incurred after 21 April 2005 for work that relates to a design or pattern drafting activity and that is carried out after that date, under a contract entered into with a qualified outside consultant after that date.

(3) Paragraph 2 of subsection 1, when it enacts the fourth paragraph of section 1029.8.36.5 of the Act, applies to a taxation year that begins after 21 April 2005.

(4) In addition, when the first paragraph of section 1029.8.36.5 of the Act applies after 17 February 2005, it reads as if “Minister of Economic and Regional Development and Research” was replaced by “Minister of Economic Development, Innovation and Export Trade”.

137. (1) Section 1029.8.36.6 of the Act is amended

(1) by replacing the first paragraph by the following paragraph:

“1029.8.36.6. If the Minister of Economic Development, Innovation and Export Trade issues a certificate to a qualified partnership for a particular fiscal period, in respect of a design activity, in connection with a business it carries on in Québec, carried out under a contract entered into with a qualified outside consultant, each qualified corporation that is a member of the qualified partnership at the end of that fiscal period and that encloses the documents referred to in the sixth paragraph with the fiscal return it is required to file under section 1000 for its taxation year in which the particular fiscal period ends, is deemed, subject to the third paragraph, to have paid to the Minister on the corporation’s balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to 15% of its share of

(a) if the qualified partnership is not dealing at arm’s length with the qualified outside consultant at the time the contract is entered into, the

aggregate of all amounts each of which, determined in relation to a qualified designer or, as the case may be, to a qualified patternmaker, who reports for work at an establishment of the qualified outside consultant situated in Québec, is the expenditure that it incurs in the particular fiscal period, to the extent that the expenditure is paid and is reasonable in the circumstances, and that is the least of

i. the part of the cost of the contract that may reasonably be attributed to the wages paid by the qualified outside consultant to the qualified designer or qualified patternmaker in a taxation year of the qualified outside consultant or, if the qualified outside consultant is a partnership, in a fiscal period of the qualified outside consultant and before the end of the particular fiscal period, in relation to the part of the design activity, or to the part of the pattern drafting activity provided for in the contract, that is carried out in Québec in the particular fiscal period or in a preceding fiscal period, or that could be so attributed if the qualified outside consultant had such employees,

ii. \$60,000, if the wages referred to in subparagraph i, in relation to a taxation year or fiscal period of the qualified outside consultant, are paid or, as the case may be, deemed to be paid to a qualified designer, and

iii. \$40,000, if the wages referred to in subparagraph i, in relation to a taxation year or fiscal period of the qualified outside consultant, are paid or, as the case may be, deemed to be paid to a qualified patternmaker; and

(b) if the qualified partnership is dealing at arm's length with the qualified outside consultant at the time the contract is entered into, the expenditure that the qualified partnership incurs in the particular fiscal period and that is 65% of all or part of the cost of the contract that may reasonably be attributed to the design activity or to a pattern drafting activity provided for in the contract that the qualified outside consultant carried out in Québec in the particular fiscal period or a preceding fiscal period, to the extent that the expenditure is paid and is reasonable in the circumstances.”;

(2) by adding the following paragraphs after the third paragraph:

“However, the first paragraph does not apply where the amount that would be the qualified partnership's gross revenue for the particular fiscal period from the carrying on of the business referred to in that paragraph, if, for the purposes of the definition of “gross revenue” in section 1, the qualified partnership were a corporation, is less than \$150,000 or, where the qualified partnership's fiscal period has fewer than 52 weeks, less than the amount obtained by multiplying \$150,000 by the proportion that the number of weeks in the fiscal period is of 52.

For the purposes of subparagraphs ii and iii of subparagraph *a* of the first paragraph, the amount of \$60,000 or \$40,000 is to be replaced by the amount obtained by multiplying that amount by the proportion that the number of days in the taxation year or fiscal period of the qualified outside consultant during which the qualified designer or qualified patternmaker, as the case may be,

reports for work at an establishment of the employer situated in Québec and during which the qualified designer or qualified patternmaker carries out the design activity or the pattern drafting activity provided for in the contract, is of 365.

The documents to which the first paragraph refers are

- (a) the prescribed form containing the prescribed information;
- (b) a copy of the certificate issued for the particular fiscal period to the qualified partnership by the Minister of Economic Development, Innovation and Export Trade; and
- (c) a copy of the certificate of qualification issued to the qualified outside consultant by the Minister of Economic Development, Innovation and Export Trade.”

(2) Paragraph 1 of subsection 1 and paragraph 2 of that subsection, when it enacts the fifth and sixth paragraphs of section 1029.8.36.6 of the Act, apply in respect of an expenditure incurred after 21 April 2005 for work that relates to a design or pattern drafting activity and that is carried out after that date, under a contract entered into with a qualified outside consultant after that date.

(3) Paragraph 2 of subsection 1, when it enacts the fourth paragraph of section 1029.8.36.6 of the Act, applies to a fiscal period that begins after 21 April 2005.

(4) In addition, when the first paragraph of section 1029.8.36.6 of the Act applies after 17 February 2005, it reads as if “Minister of Economic and Regional Development and Research” was replaced by “Minister of Economic Development, Innovation and Export Trade”.

138. (1) Section 1029.8.36.7 of the Act is amended

(1) by replacing the first paragraph by the following paragraph:

“1029.8.36.7. A qualified corporation in respect of which the Minister of Economic Development, Innovation and Export Trade issues a certificate for a period of a taxation year, in respect of a design activity in connection with a business it carries on in Québec and that encloses the documents referred to in the sixth paragraph with the fiscal return it is required to file under section 1000 for the year, is deemed, subject to the second paragraph, to have paid to the Minister on the corporation’s balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to 15% of the aggregate of

(a) the aggregate of all amounts each of which is the lesser of

i. the wages incurred by the qualified corporation, as part of the design activity and in the period described in the certificate, in respect of a qualified designer who reports for work at an establishment of the qualified corporation situated in Québec, to the extent that the wages are paid and

(1) are reasonably attributable to the carrying out of the design activity in Québec in the period, and

(2) are reasonable in the circumstances, and

ii. \$60,000; and

(b) the aggregate of all amounts each of which is the lesser of

i. the wages incurred by the qualified corporation, as part of a pattern drafting activity that derives from the design activity and in the period described in the certificate, in respect of a qualified patternmaker who reports for work at an establishment of the qualified corporation situated in Québec, to the extent that the wages are paid and

(1) are reasonably attributable to the carrying out of the pattern drafting activity in Québec in the period, and

(2) are reasonable in the circumstances, and

ii. \$40,000.”;

(2) by replacing subparagraphs *a* and *b* of the third paragraph by the following subparagraphs:

“(a) if wages incurred in a taxation year are reasonably attributable to the carrying out of a design activity or pattern drafting activity in a taxation year subsequent to the year, the wages are deemed to be incurred in that subsequent taxation year; and

“(b) if wages incurred in a period, in respect of a qualified designer or qualified patternmaker, are attributable, in a proportion of at least 90%, to the carrying out of a design activity or pattern drafting activity, as the case may be, the wages are deemed to be wholly attributable to that design activity or pattern drafting activity.”;

(3) by adding the following paragraphs after the fourth paragraph:

“For the purposes of subparagraph ii of subparagraphs *a* and *b* of the first paragraph, the amount of \$60,000 or \$40,000 is to be replaced by the amount obtained by multiplying that amount by the proportion that the number of days during which the qualified designer or qualified patternmaker is an employee of the qualified corporation in the period referred to in subparagraph i of that subparagraph *a* or *b*, is of 365.

The documents to which the first paragraph refers are

(a) the prescribed form containing the prescribed information;

(b) a copy of the certificate issued for a period of the year to the qualified corporation by the Minister of Economic Development, Innovation and Export Trade; and

(c) a copy of any certificate of qualification issued by the Minister of Economic Development, Innovation and Export Trade to a qualified designer or qualified patternmaker referred to in the first paragraph.”

(2) Paragraphs 1 and 3 of subsection 1 apply to a taxation year of a corporation in respect of which a certificate is issued by the Minister of Economic Development, Innovation and Export Trade after 21 April 2005 in relation to a design activity of the corporation. However,

(1) when section 1029.8.36.7 of the Act applies in respect of wages incurred in the taxation year covered by the certificate, other than wages incurred after 21 April 2005 for work that relates to a pattern drafting activity of the corporation and that is carried out after that date by a qualified patternmaker,

(a) the first paragraph of section 1029.8.36.7 reads as follows:

“1029.8.36.7. A qualified corporation in respect of which the Minister of Economic Development, Innovation and Export Trade issues a certificate for a period of a taxation year, in respect of a design activity in connection with a business it carries on in Québec and that encloses the documents referred to in the sixth paragraph with the fiscal return it is required to file under section 1000 for the year, is deemed, subject to the second paragraph, to have paid to the Minister on the corporation’s balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to 15% of the aggregate of all amounts each of which is the lesser of \$60,000 and the wages incurred by the qualified corporation, as part of the design activity and in the period described in the certificate, in respect of a qualified designer who reports for work at an establishment of the qualified corporation situated in Québec, to the extent that the wages are paid and

(a) are reasonably attributable to the carrying out of the design activity in Québec in the period; and

(b) are reasonable in the circumstances.”,

(b) the fifth paragraph of section 1029.8.36.7 reads as follows:

“For the purposes of the first paragraph, the amount of \$60,000 is to be replaced by the amount obtained by multiplying that amount by the proportion that the number of days during which the qualified designer is an employee of the qualified corporation in the period referred to in that paragraph, is of 365.”, and

(c) subparagraph *c* of the sixth paragraph of section 1029.8.36.7 reads as follows:

“(c) a copy of any certificate of qualification issued by the Minister of Economic Development, Innovation and Export Trade to a qualified designer referred to in the first paragraph.”; and

(2) when section 1029.8.36.7 of the Act applies in respect of wages incurred for a period of a taxation year that includes that date

(a) the sixth paragraph of that section reads as if subparagraphs *b* and *c* were replaced by the following subparagraphs:

“(b) a copy of the certificate issued for a period of the year to the qualified corporation by the Minister of Economic Development, Innovation and Export Trade, including, if the certificate referred to in the definition of “qualified designer” in the first paragraph of section 1029.8.36.4 was not issued in respect of a designer, the name of that designer; and

“(c) a copy of any certificate of qualification issued by the Minister of Economic Development, Innovation and Export Trade to a qualified designer referred to in the first paragraph, if the name of that designer does not appear on the certificate referred to in subparagraph *b*, or to a qualified patternmaker referred to in the first paragraph.”, and

(b) section 1029.8.36.7 reads as if the following paragraph was added after the sixth paragraph:

“For the purposes of the definition of “qualified designer” in the first paragraph of section 1029.8.36.4, except in respect of the application of that definition to subparagraph *b* of the sixth paragraph, a certificate issued to a qualified corporation by the Minister of Economic Development, Innovation and Export Trade that includes the name of an individual as a designer, is deemed to have been also issued to that individual.”

(3) Paragraph 2 of subsection 1, when it enacts subparagraph *a* of the third paragraph of section 1029.8.36.7 of the Act, applies in respect of wages incurred after 21 April 2005 for work that relates to a pattern drafting activity of the corporation and that is carried out after that date by a qualified patternmaker.

(4) Paragraph 2 of subsection 1, when it enacts subparagraph *b* of the third paragraph of section 1029.8.36.7 of the Act, has effect from 22 April 2005. However, when that subparagraph *b* applies in respect of wages other than wages incurred after 21 April 2005 for work that relates to a pattern drafting activity of the corporation and that is carried out after that date by a qualified patternmaker, it reads as follows:

“(b) if wages incurred in a period, in respect of a qualified designer, are attributable, in a proportion of at least 90%, to the carrying out of a design activity, the wages are deemed to be wholly attributable to that design activity.”

(5) In addition, when section 1029.8.36.7 of the Act applies after 17 February 2005, it reads as if “Minister of Economic and Regional Development and Research” was replaced wherever it appears by “Minister of Economic Development, Innovation and Export Trade”.

139. (1) The Act is amended by inserting the following sections after section 1029.8.36.7:

“1029.8.36.7.1. If the Minister of Economic Development, Innovation and Export Trade issues a certificate to a qualified partnership for a period of a fiscal period, in respect of a design activity in connection with a business it carries on in Québec, each qualified corporation that is a member of the qualified partnership at the end of that fiscal period and that encloses the documents referred to in the sixth paragraph with the fiscal return it is required to file under section 1000 for its taxation year in which the partnership’s fiscal period ends, is deemed, subject to the second paragraph, to have paid to the Minister on the corporation’s balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to 15% of its share of the aggregate of

(a) the aggregate of all amounts each of which is the lesser of

i. the wages incurred by the qualified partnership, as part of the design activity and in the period described in the certificate, in respect of a qualified designer who reports for work at an establishment of the qualified partnership situated in Québec, to the extent that the wages are paid and

(1) are reasonably attributable to the carrying out of the design activity in Québec in the period, and

(2) are reasonable in the circumstances, and

ii. \$60,000; and

(b) the aggregate of all amounts each of which is the lesser of

i. the wages incurred by the qualified partnership, as part of a pattern drafting activity that derives from the design activity and in the period described in the certificate, in respect of a qualified patternmaker who reports for work at an establishment of the qualified partnership situated in Québec, to the extent that the wages are paid and

(1) are reasonably attributable to the carrying out of the pattern drafting activity in Québec in the period, and

(2) are reasonable in the circumstances, and

ii. \$40,000.

For the purpose of computing the payments that a corporation referred to in the first paragraph is required to make under subparagraph *a* of the first paragraph of section 1027, or any of sections 1145, 1159.7, 1175 and 1175.19 where they refer to that subparagraph *a*, for its taxation year in which the fiscal period of the qualified partnership ends, the corporation is deemed to have paid to the Minister, on account of the aggregate of its tax payable for the year under this Part and of its tax payable for the year under Parts IV, IV.1, VI and VI.1, on the date on or before which each payment is required to be made, an amount equal to the lesser of

(*a*) the amount by which the amount determined under the first paragraph for the year exceeds the aggregate of all amounts each of which is the portion of that amount that may reasonably be considered to be deemed to have been paid to the Minister under this paragraph in the year but before that date; and

(*b*) the amount by which the amount of that payment, determined without reference to this chapter, exceeds the aggregate of all amounts each of which is an amount that is deemed, under this chapter but otherwise than under the first paragraph, to have been paid to the Minister on that date, for the purpose of computing that payment.

The first paragraph applies with reference to the following rules:

(*a*) if wages incurred in a fiscal period are reasonably attributable to the carrying out of a design activity or pattern drafting activity in a fiscal period subsequent to the fiscal period, the wages are deemed to be incurred in that subsequent fiscal period;

(*b*) if wages incurred in a period, in respect of a qualified designer or qualified patternmaker, are attributable, in a proportion of at least 90%, to the carrying out of a design activity or pattern drafting activity, as the case may be, the wages are deemed to be wholly attributable to that design activity or pattern drafting activity; and

(*c*) the share of a qualified corporation of wages incurred by a qualified partnership of which it is a member is equal to the proportion of that expenditure that the share of the qualified corporation of the income or loss of the partnership for the fiscal period of the partnership ending in its taxation year is of the income or loss of the partnership for that fiscal period, on the assumption that, if the income and loss of the partnership for that fiscal period are nil, the partnership's income for that fiscal period is equal to \$1,000,000.

However, the first paragraph does not apply where the amount that would be the qualified partnership's gross revenue for the fiscal period from the carrying on of the business referred to in that paragraph, if, for the purposes of

the definition of “gross revenue” in section 1, the qualified partnership were a corporation, is less than \$150,000 or, where the qualified partnership’s fiscal period has fewer than 52 weeks, less than the amount obtained by multiplying \$150,000 by the proportion that the number of weeks in the fiscal period is of 52.

For the purposes of subparagraph ii of subparagraphs *a* and *b* of the first paragraph, the amount of \$60,000 or \$40,000 is to be replaced by the amount obtained by multiplying that amount by the proportion that the number of days during which the qualified designer or qualified patternmaker is an employee of the qualified partnership in the period referred to in subparagraph i of that subparagraph *a* or *b*, is of 365.

The documents to which the first paragraph refers are

(a) the prescribed form containing the prescribed information;

(b) a copy of the certificate issued for a period of the fiscal period to the qualified partnership by the Minister of Economic Development, Innovation and Export Trade; and

(c) a copy of any certificate of qualification issued by the Minister of Economic Development, Innovation and Export Trade to a qualified designer or qualified patternmaker referred to in the first paragraph.

“1029.8.36.7.2. For the purposes of sections 1029.8.36.5 to 1029.8.36.7.1,

(a) if, during all or part of a taxation year or fiscal period, an employee reports for work at an establishment of the employer situated in Québec and at an establishment of the employer situated outside Québec, the employee is, for that period, deemed

i. unless subparagraph ii applies, to report for work only at the establishment situated in Québec, or

ii. to report for work only at the establishment situated outside Québec if, during that period, the employee reports for work mainly at an establishment of the employer situated outside Québec; and

(b) if, during all or part of a taxation year or fiscal period, an employee is not required to report for work at an establishment of the employer and the employee’s salary or wages in relation to that period are paid from such an establishment situated in Québec, the employee is deemed to report for work at that establishment if the duties performed by the employee during that period are performed mainly in Québec.”

(2) Subsection 1, when it enacts section 1029.8.36.7.1 of the Act, applies to a fiscal period of a partnership that ends after 21 April 2005. However, when section 1029.8.36.7.1 of the Act applies in respect of wages, other than

wages incurred after 21 April 2005 for work that relates to a pattern drafting activity of the qualified partnership and that is carried out after that date by a qualified patternmaker,

(1) the first paragraph of section 1029.8.36.7.1 reads as follows:

“1029.8.36.7.1. If the Minister of Economic Development, Innovation and Export Trade issues a certificate to a qualified partnership for a period of a fiscal period, in respect of a design activity in connection with a business it carries on in Québec, each qualified corporation that is a member of the qualified partnership at the end of that fiscal period and that encloses the documents referred to in the sixth paragraph with the fiscal return it is required to file under section 1000 for its taxation year in which the partnership’s fiscal period ends, is deemed, subject to the second paragraph, to have paid to the Minister on the corporation’s balance-due day for that year, on account of its tax payable for that year under this Part, an amount equal to 15% of its share of the aggregate of all amounts each of which is the lesser of \$60,000 and the wages incurred by the qualified partnership, as part of the design activity and in the period described in the certificate, in respect of a qualified designer who reports for work at an establishment of the partnership situated in Québec, to the extent that the wages are paid and

(a) are reasonably attributable to the carrying out of the design activity in Québec in the period; and

(b) are reasonable in the circumstances.”;

(2) subparagraphs *a* and *b* of the third paragraph of section 1029.8.36.7.1 of the Act read as follows:

“(a) if wages incurred in a fiscal period are reasonably attributable to the carrying out of a design activity in a fiscal period subsequent to the fiscal period, the wages are deemed to be incurred in that subsequent fiscal period;

“(b) if wages incurred in a period, in respect of a qualified designer, are attributable, in a proportion of at least 90%, to the carrying out of a design activity, the wages are deemed to be wholly attributable to that design activity; and”;

(3) the fifth paragraph of section 1029.8.36.7.1 of the Act reads as follows:

200. 202. (1) The Act is amended by inserting the following sections before section 1049.15:

“1049.14.2. If a corporation stipulates falsely, in its final prospectus relating to a share issue, that the issued shares may be included in an SME growth stock plan described in section 965.56, it incurs a penalty equal to 25% of the adjusted cost that would be determined under section 965.123 if the stipulation of the corporation were true, of each share of the issue distributed in Québec to an individual or to a qualified mutual fund.

If a corporation stipulates, in a final prospectus relating to a share issue, in respect of shares that may be included in an SME growth stock plan described in section 965.56, an adjusted cost other than that determined under section 965.123, it incurs a penalty equal to 25% of the amount by which the adjusted cost so stipulated in respect of each share of the public issue distributed in Québec to an individual or to a qualified mutual fund exceeds the adjusted cost determined under section 965.123 in respect of each such share.

“1049.14.3. If a corporation makes a public issue of shares with the stipulation that they can be included in an SME growth stock plan and if the shares are not listed on a Canadian stock exchange within 60 days of the date of the receipt for the final prospectus or of the exemption from filing a prospectus in respect of their issue, the corporation incurs a penalty equal to

25% of the adjusted cost, determined under section 965.123, of each share of the issue distributed in Québec to an individual or to a qualified mutual fund.

“1049.14.4. If a corporation issues, at a particular time, a share of its capital stock with the stipulation that it can be included in an SME growth stock plan or issues a share in replacement of a share issued at a particular time with such a stipulation or issued in replacement of a share issued in substitution for such a share and purchases or redeems in any manner whatever, directly or indirectly, in the year including the particular time but after that time or in the three years following that year, a share of a class of its capital stock other than a share described in section 965.106 or other than a share that has been the subject of a particular transaction referred to in section 965.113 in respect of which the corporation is not bound to meet the requirement set out in the second paragraph of section 965.105, it incurs a penalty equal to the amount determined under the second paragraph.

The amount of the penalty prescribed in the first paragraph in respect of a purchase or redemption is equal to the lesser of

(a) 25% of the amount obtained by multiplying the amount of the purchase or redemption by the proportion that the adjusted cost of the aggregate of the shares of the capital stock of the corporation that were issued, in the year of the purchase or redemption but before the time of the purchase or redemption or in the three years preceding that year, with the stipulation that they could be included in an SME growth stock plan, and distributed in Québec and of the shares of the capital stock of the corporation issued in replacement of shares issued with such a stipulation, that were issued in the year of the purchase or redemption but before the time of the purchase or redemption or in the three years preceding that year and distributed in Québec or in replacement of shares issued in substitution for such shares, is of the paid-up capital at the time of the issue in respect of the aggregate of such shares of the corporation; and

(b) 25% of the adjusted cost of the aggregate of

i. the shares of the capital stock of the corporation that were issued, in the year of the purchase or redemption but before the time of the purchase or redemption or in the three years preceding that year, with the stipulation that they could be included in an SME growth stock plan, and distributed in Québec to an individual or to a qualified mutual fund,

ii. the shares of the capital stock of the corporation issued in replacement of shares that are not described in subparagraph i, that were issued, in the year of the purchase or redemption but before the time of the purchase or redemption or in the three years preceding that year, with the stipulation that they could be included in an SME growth stock plan, and distributed in Québec to an individual or to a qualified mutual fund, and

iii. the shares of the capital stock of the corporation issued in replacement of shares, other than shares described in subparagraph ii, issued in substitution for shares, other than shares described in subparagraph i, that were issued, in the year of the purchase or redemption or in the three years preceding that year, with the stipulation that they could be included in an SME growth stock plan, and distributed in Québec to an individual or to a qualified mutual fund.

“1049.14.5. If shares of the capital stock of a corporation, other than shares that have been the subject of a particular transaction referred to in section 965.113 in respect of which the corporation is not bound to meet the requirement set out in the second paragraph of section 965.107, were, at a particular time, the subject of a transaction or operation or of a series of transactions or operations and if, in the opinion of the Minister, it is reasonable to believe that the transaction or operation or the series of transactions or operations is equivalent to the redemption of a share of its capital stock other than a share described in section 965.108, the corporation incurs a penalty equal to the amount determined under the second paragraph if it issued, in the year including the particular time but before that time or in the three years preceding that year, a share of its capital stock with the stipulation that it could be included in an SME growth stock plan or issued a share of its capital stock in replacement of a share issued with such a stipulation in the year including the particular time but before that time or in the three years preceding that year or in replacement of a share issued in substitution for such a share.

The amount of the penalty prescribed in the first paragraph in respect of a transaction or operation or of a series of transactions or operations is equal to the lesser of

(a) 25% of the amount obtained by multiplying the amount determined under section 965.109 in respect of the transaction or operation or of the series of transactions or operations by the proportion that the adjusted cost of the aggregate of the shares of the capital stock of the corporation that were issued, in the year of the transaction or operation or of the series of transactions or operations but before the time of the transaction or operation or of the series of transactions or operations or in the three years preceding that year, with the stipulation that they could be included in an SME growth stock plan, and distributed in Québec and of the shares of the capital stock of the corporation issued in replacement of shares issued with such a stipulation, that were issued in the year of the transaction or operation or of the series of transactions or operations but before the time of the transaction or operation or of the series of transactions or operations or in the three years preceding that year and distributed in Québec, is of the paid-up capital at the time of the issue in respect of the aggregate of such shares of the corporation; and

(b) 25% of the adjusted cost of the aggregate of

i. the shares of the capital stock of the corporation that were issued, in the year of the transaction or operation or of the series of transactions or operations but before the time of the transaction or operation or of the series of transactions

or operations or in the three years preceding that year, with the stipulation that they could be included in an SME growth stock plan, and distributed in Québec to an individual or to a qualified mutual fund,

ii. the shares of the capital stock of the corporation issued in replacement of shares that are not described in subparagraph i, that were issued, in the year of the transaction or operation or of the series of transactions or operations but before the time of the transaction or operation or of the series of transactions or operations or in the three years preceding that year, with the stipulation that they could be included in an SME growth stock plan, and distributed in Québec to an individual or to a qualified mutual fund, and

iii. the shares of the capital stock of the corporation issued in replacement of shares, other than shares described in subparagraph ii, issued in substitution for shares, other than shares described in subparagraph i, that were issued, in the year of the transaction or operation or of the series of transactions or operations but before the time of the transaction or operation or of the series of transactions or operations or in the three years preceding that year, with the stipulation that they could be included in an SME growth stock plan, and distributed in Québec to an individual or to a qualified mutual fund.

“1049.14.6. If a corporation issues a share of its capital stock with the stipulation that it can be included in an SME growth stock plan, or issues a share of its capital stock in replacement of a share issued with such a stipulation or in replacement of a share issued in substitution for such a share, and the corporation’s net shareholders’ equity is affected in any manner whatever, directly or indirectly, in the year the share issued with such a stipulation was issued but after the time of the issue or in the three years following that year, following a transaction or operation or a series of transactions or operations other than that referred to in section 965.112 or a particular transaction referred to in section 965.113 in respect of which the corporation is not bound to meet the requirement set out in the second paragraph of section 965.110, it incurs a penalty equal to the amount determined under the second paragraph if, in the opinion of the Minister, it is reasonable to believe that the transaction or operation or the series of transactions or operations is equivalent to the redemption of a share of a class of its capital stock other than a share described in section 965.111.

The amount of the penalty prescribed in the first paragraph in respect of a transaction or operation or of a series of transactions or operations is equal to the lesser of

(a) 25% of the amount obtained by multiplying the amount determined under the second paragraph of section 965.110 in respect of the transaction or operation or of the series of transactions or operations by the proportion that the adjusted cost of the aggregate of the shares of the capital stock of the corporation that were issued, in the year of the transaction or operation or of the series of transactions or operations but before the time of the transaction or operation or of the series of transactions or operations or in the three years

preceding that year, with the stipulation that they could be included in an SME growth stock plan, and distributed in Québec and of the shares of the capital stock of the corporation issued in replacement of shares issued with such a stipulation, that were issued in the year of the transaction or operation or of the series of transactions or operations but before the time of the transaction or operation or of the series of transactions or operations or in the three years preceding that year and distributed in Québec, is of the paid-up capital at the time of the issue in respect of the aggregate of such shares of the corporation; and

(b) 25% of the adjusted cost of the aggregate of

i. the shares of the capital stock of the corporation that were issued, in the year of the transaction or operation or of the series of transactions or operations but before the time of the transaction or operation or of the series of transactions or operations or in the three years preceding that year, with the stipulation that they could be included in an SME growth stock plan, and distributed in Québec to an individual or to a qualified mutual fund,

ii. the shares of the capital stock of the corporation issued in replacement of shares that are not described in subparagraph i, that were issued, in the year of the transaction or operation or of the series of transactions or operations but before the time of the transaction or operation or of the series of transactions or operations or in the three years preceding that year, with the stipulation that they could be included in an SME growth stock plan, and distributed in Québec to an individual or to a qualified mutual fund, and

iii. the shares of the capital stock of the corporation issued in replacement of shares, other than shares described in subparagraph ii, issued in substitution for shares, other than shares described in subparagraph i, that were issued, in the year of the transaction or operation or of the series of transactions or operations but before the time of the transaction or operation or of the series of transactions or operations or in the three years preceding that year, with the stipulation that they could be included in an SME growth stock plan, and distributed in Québec to an individual or to a qualified mutual fund.

“1049.14.7. The Minister may stay the imposition of a penalty under any of sections 1049.14.4 to 1049.14.6 in respect of a corporation that plans to carry out or has already carried out a transaction referred to in any of those sections, if the corporation has applied to the Minister to that effect and undertakes to comply with any of the conditions set out in section 1049.14.8.

The Minister may at any time revoke the stay provided for in the first paragraph if the Minister is of the opinion that the undertaking of the corporation is compromised.

“1049.14.8. The conditions to be complied with by a corporation referred to in section 1049.14.7 are that the corporation must issue shares of its capital stock that meet the requirement set out in paragraph *b* of

section 965.74 and are not qualifying shares, or that shares of its capital stock must be the subject of a transaction or operation or of a series of transactions or operations that, in the opinion of the Minister, can reasonably be believed to be equivalent to the issue of shares of the capital stock of the corporation that meet the requirement set out in that paragraph *b*, for an amount equal to or greater than the amount of the purchase or redemption referred to in the first paragraph of section 1049.14.4 or an amount determined under section 965.109 or the second paragraph of section 965.110 in respect of a transaction referred to in section 1049.14.5 or 1049.14.6, on or before the expiry of a period of two years that begins on the day after the day of the beginning of the transaction to which section 1049.14.7 refers.

“1049.14.9. Despite sections 1049.14.4 to 1049.14.6, if the Minister, under section 1049.14.7, stays the imposition of a penalty in respect of a corporation for a particular transaction and the corporation fulfills, to the satisfaction of the Minister, its undertaking under section 1049.14.7, the corporation incurs no penalty for the transaction.

“1049.14.10. Despite sections 1049.14.4 to 1049.14.6, if the amount of a particular penalty under any of those sections is greater than the excess amount determined under the second paragraph, the amount of the particular penalty is to be reduced to that excess amount.

The excess amount to which the first paragraph refers in respect of a particular penalty relating to a transaction referred to in any of the sections referred to in that paragraph is the amount by which the amount determined under the third paragraph exceeds the amount determined under the fourth paragraph.

The amount determined under this paragraph is equal to 25% of the aggregate of the adjusted cost of

(a) the shares of the capital stock of the corporation that were issued, in the year of the transaction but before the time of the transaction or in the three years preceding that year, with the stipulation that they could be included in an SME growth stock plan, and distributed in Québec to an individual or to a qualified mutual fund;

(b) the shares of the capital stock of the corporation issued in replacement of shares that are not described in subparagraph *a*, that were issued, in the year of the transaction but before the time of the transaction or in the three years preceding that year, with the stipulation that they could be included in an SME growth stock plan, and distributed in Québec to an individual or to a qualified mutual fund; and

(c) the shares of the capital stock of the corporation issued in replacement of shares, other than shares described in subparagraph *b*, issued in substitution for shares, other than shares described in subparagraph *a*, that were issued, in the year of the transaction but before the time of the transaction or in the three years preceding that year, with the stipulation that they could be included in an

SME growth stock plan, and distributed in Québec to an individual or to a qualified mutual fund.

The amount determined under this paragraph is equal to the aggregate of the penalties incurred by the corporation under sections 1049.14.4 to 1049.14.6 before the imposition of the particular penalty in respect of the shares of its capital stock that are described in the third paragraph.

“1049.14.11. The Minister may cancel or reduce the amount of a penalty that would, but for this section, be determined under any of sections 1049.14.4 to 1049.14.6 in respect of a corporation, if the Minister considers that, under the circumstances, the amount would otherwise be excessive.

“1049.14.12. For the purposes of this Part, except section 1049.14.11 and this section, if the Minister reduces to a particular amount the amount of a penalty determined under any of sections 1049.14.4 to 1049.14.6 in respect of a transaction, the particular amount is deemed to be the amount determined under that section in respect of the transaction.

“1049.14.13. If a mutual fund states falsely in its final prospectus that the issued securities can be included in an SME growth stock plan described in paragraph *b* of section 965.56, the mutual fund manager or trustee incurs a penalty equal to 25% of the adjusted cost that would be determined under section 965.124 if the statement of the mutual fund were true, of each security of the issue distributed in Québec to an individual.

“1049.14.14. If, in a year, as a result of the administration of a qualified mutual fund by a manager or trustee, the qualified mutual fund is unable to fulfill its undertaking under subparagraph *a* of the first paragraph of section 965.119 in respect of a public security issue made by the qualified mutual fund in the year and if, in the final prospectus relating to the issue, a percentage is stipulated to determine the adjusted cost of securities that are qualifying securities, the manager or trustee incurs a penalty equal to 25% of the amount by which the adjusted cost of the aggregate of the qualifying securities issued by the manager or trustee in the year as part of the public security issue that are valid qualifying securities exceeds the adjusted cost of the qualifying shares acquired by the qualified mutual fund during the year with the proceeds of the issue of such qualifying securities.

“1049.14.15. If, on 31 December in a year, as a result of the administration of a qualified mutual fund by a manager or trustee, the qualified mutual fund is unable to fulfill its undertaking under subparagraph *b* of the first paragraph of section 965.119 in respect of a public security issue made by the qualified mutual fund in the year, the manager or trustee incurs a penalty equal to 25% of the amount by which the adjusted cost of the aggregate of the qualifying securities issued by the manager or trustee in the year and in the preceding three years as part of the public security issue that have not been redeemed by the qualified mutual fund on or before 31 December in the year

exceeds the adjusted cost of the qualifying shares or valid shares owned by the qualified mutual fund on 31 December in the year.

“1049.14.16. If, on 31 December in a particular year, as a result of the administration of a qualified mutual fund by a manager or trustee, the qualified mutual fund is unable to fulfill its undertaking under paragraph *a* of section 965.121 in respect of a public security issue made by the qualified mutual fund in the year preceding the particular year, the manager or trustee incurs a penalty equal to 25% of the proportion of the amount by which the portion, which is the subject of the undertaking under that paragraph *a*, of the proceeds for the year preceding the particular year, of the public security issue exceeds the greater of the particular amount referred to in paragraph *c* of that section in respect of the year preceding the particular year and the cost, determined without reference to the borrowing costs, brokerage or custody fees or other similar costs, to the qualified mutual fund, of the aggregate of the qualifying shares described in that paragraph *a* acquired by the qualified mutual fund during the particular year or the year preceding that year with the proceeds of the public security issue, other than any such qualifying shares having already been used, in respect of the particular year or the year preceding that year, for the purposes of paragraph *c* of section 965.121, as is represented by the ratio that the portion of the proceeds, for the year preceding the particular year, of the public security issue derived from the issue of qualifying securities is of the proceeds of the issue.

“1049.14.17. If, on 31 December in a particular year, as a result of the administration of a qualified mutual fund by a manager or trustee, the qualified mutual fund is unable to fulfill its undertaking under paragraph *b* of section 965.121 in respect of a public security issue made by the qualified mutual fund in the year preceding the particular year, the manager or trustee incurs a penalty equal to 25% of the proportion of the amount by which the adjusted cost of the aggregate of the qualifying shares described in paragraph *a* of that section that should have been acquired by the qualified mutual fund in the particular year and in the year preceding that year with the proceeds, for the year preceding the particular year, of the public security issue for the undertaking to be fulfilled, exceeds the greater of the particular amount referred to in paragraph *c* of that section in respect of the year preceding the particular year and the adjusted cost of the aggregate of the qualifying shares described in that paragraph *a* acquired by the qualified mutual fund during the particular year or the year preceding that year with the proceeds of the public security issue, other than any such qualifying shares having already been used, in respect of the particular year or the year preceding that year, for the purposes of paragraph *c* of section 965.121, as is represented by the ratio that the portion of the proceeds, for the year preceding the particular year, of the public security issue derived from the issue of qualifying securities is of the proceeds of the issue.

“1049.14.18. If, in a year, as a result of the administration of a qualified mutual fund by a manager or trustee, the qualified mutual fund is unable to fulfill its undertaking under paragraph *c* of section 965.121 in

respect of a public security issue made by the qualified mutual fund in the year and, in the final prospectus relating to the issue, a percentage has been stipulated to determine the adjusted cost of securities that are qualifying securities, the manager or trustee incurs a penalty equal to 25% of the amount by which the amount determined under the second paragraph exceeds the amount determined under the third paragraph.

The amount determined under this paragraph is equal to the amount by which the adjusted cost of the aggregate of the qualifying securities issued in the year that are valid qualifying securities exceeds the particular amount referred to in paragraph *c* of section 965.121 in respect of the year.

The amount determined under this paragraph is equal to the adjusted cost of the qualifying shares acquired by the qualified mutual fund during the year with the portion of the proceeds of the issue of valid qualifying securities issued in the year that exceeds the particular amount referred to in paragraph *c* of section 965.121 in respect of the year, other than qualifying shares having already been used, in respect of the year, for the purposes of paragraph *d* of section 965.121.

“1049.14.19. If, in a particular year, as a result of the administration of a qualified mutual fund by a manager or trustee, the qualified mutual fund is unable to fulfill its undertaking under paragraph *d* of section 965.121 in respect of a public security issue made by the qualified mutual fund in the year preceding the particular year, the manager or trustee incurs a penalty equal to 25% of the amount by which the particular amount referred to in paragraph *c* of that section in respect of the year preceding the particular year, exceeds the adjusted cost of the qualifying shares described in paragraph *a* of that section, acquired by the qualified mutual fund during the particular year or the year preceding that year with the proceeds of the public security issue, other than any such qualifying shares having already been used, in respect of the particular year or the year preceding that year, for the purposes of paragraph *c* of section 965.121.

“1049.14.20. If, on 31 December in a year, as a result of the administration of a qualified mutual fund by a manager or trustee, the qualified mutual fund is unable to fulfill its undertaking under paragraph *e* of section 965.121, the manager or trustee incurs a penalty equal to 25% of the amount by which the adjusted cost of the qualifying shares or valid shares owned by the qualified mutual fund on 31 December in the year, other than qualifying shares or valid shares having already been used, in respect of the year, for the purposes of paragraph *f* of that section, is exceeded by the amount by which the adjusted cost of the aggregate of the qualifying securities issued in the year and the preceding three years that have not been redeemed by the qualified mutual fund on or before 31 December in the year exceeds the aggregate of all amounts each of which is a particular amount referred to in paragraph *c* of section 965.121 in respect of the year or any of the preceding three years.

The tax to which the first paragraph refers is equal to the amount by which the aggregate of all amounts each of which is an amount that the corporation would be deemed to have paid to the Minister for a taxation year in which a fiscal period of the partnership preceding the fiscal period of repayment ends, under any of sections 1029.8.36.6, 1029.8.36.21 and 1029.8.36.22, in relation to the design activity carried out under the contract, if the corporation’s share of the income or loss of the partnership for that preceding fiscal period were the same as the corporation’s share for the fiscal period of repayment, exceeds the total of

For the purposes of the second paragraph, an amount referred to in subparagraph i of subparagraph a of that paragraph that is refunded or otherwise paid to the corporation or allocated to a payment to be made by the corporation is deemed to be an amount

(a) that is refunded or otherwise paid to the partnership or allocated to a payment to be made by the partnership; and

(b) that is determined by multiplying the amount refunded, paid or allocated by the proportion that the income or loss of the partnership for the fiscal period of repayment is of the corporation's share of that income or loss, on the assumption that, if the partnership's income and loss for the fiscal period are nil, the partnership's income is equal to \$1,000,000."

"1129.44. Every corporation that is a member of a partnership and that is deemed to have paid an amount to the Minister, under section 1029.8.36.6, on account of its tax payable under Part I, for a particular taxation year in respect of its share of an expenditure incurred by the partnership in a fiscal period of the partnership shall, if, in a subsequent fiscal period of the partnership, an amount relating to the expenditure is, directly or indirectly, refunded or otherwise paid to the partnership or allocated to a payment to be made by the partnership, pay, for the taxation year in which that subsequent fiscal period ends, a tax equal to the amount obtained by applying to its share of the amount so refunded, otherwise paid or allocated, the percentage that was applied to its share of the expenditure for the particular taxation year under that section.

For the purposes of the first paragraph, the corporation's share of an amount refunded, otherwise paid or allocated is equal to the proportion of the amount that the corporation's share of the income or loss of the partnership for the fiscal period of the partnership ending in the particular taxation year is of the income or loss of the partnership for that fiscal period, on the assumption that, if the income and loss of the partnership for that fiscal period are nil, the partnership's income for the fiscal period is equal to \$1,000,000."

For the purposes of the second paragraph, an amount referred to in subparagraph i of subparagraph a of that paragraph that is refunded or otherwise paid to the corporation or allocated to a payment to be made by the corporation is deemed to be an amount

(a) that is refunded or otherwise paid to the partnership or allocated to a payment to be made by the partnership; and
