Decision

Election Act
(R.S.Q., c. E-3.3)

Chief Electoral Officer — Remote polling subdivisions

Decision of the Chief Electoral Officer pursuant to the powers conferred upon him by section 490 of the Election Act concerning remote polling subdivisions

WHEREAS order-in-council number 167-2007, issued on February 21, 2007, enjoined the Chief Electoral Officer to hold general elections in Québec on March 26, 2007;

WHEREAS section 489.1 allows the Chief Electoral Officer, where circumstances so require, in particular by reason of the area or distance involved, to adapt the provisions concerning the revision process, the filing of nomination papers, the advance poll or the establishment of an identity verification panel, with the consent of the authorized parties represented in the National Assembly;

WHEREAS as a result of the Chief Electoral Officer's decision of February 23, 2007, section 489.1 has been modified in order to include provisions regarding officers assigned to the list of electors;

WHEREAS the distance, isolation and small number of electors in certain remote polling subdivisions contemplated by section 489.1 require the introduction of special procedures regarding the holding of a poll and the counting of votes;

WHEREAS the current version of section 489.1 does not allow the adaptation of the provisions of the Act regarding the holding of a poll and the counting of votes;

WHEREAS section 490 of the Election Act allows the Chief Electoral Officer to adapt a provision of the Act where he observes that, subsequent to an exceptional circumstance, it does not meet the demands of the situation;

WHEREAS the Chief Electoral Officer has informed the authorized parties represented in the National Assembly of his intention to use the provisions of the said section, and has taken the steps required to inform the other authorized parties, the candidates and the electors in question;

The Chief Electoral Officer, pursuant to the powers conferred on him by section 490 of the Election Act, has decided to adapt section 489.1 of this Act in order to include provisions regarding the holding of a poll and the counting of votes.

For the purposes of this decision, section 489.1 of the Election Act shall read as follows:

“**489.1.** The chief electoral officer may, where circumstances so require, in particular by reason of the area or distance involved, adapt the provisions concerning the enumeration of electors or the revision process, the filing of nomination papers, the advance poll, the establishment of an identity verification panel, the holding of a poll and the counting of votes, with the consent of the authorized parties represented in the National Assembly.”

This decision replaces that of February 23, 2007 regarding officers assigned to the list of electors and shall take effect on the date of the order enjoining the Chief Electoral Officer to hold general elections in Québec.
