Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the “Regulation amending the Regulation respecting the activities contemplated in section 31 of the Medical Act which may be performed by classes of persons other

* The Classification of services offered by family-type resources and the rates of compensation applicable to each type of service, made by Minister’s Order 93-04 of the Minister of Health and Social Services dated 30 November 1993 (1993, *G.O.* 2, 6781), was last amended by the Amendments made by Minister’s Order 2006-006 of the Minister of Health and Social Services dated 22 February 2006 (2006, *G.O.* 2, 1070). For previous amendments, refer to the *Tableau des modifications et Index sommaire*, Québec Official Publisher, 2007, updated to 1 March 2007.

than physicians”, adopted by the Bureau of the Collège des médecins du Québec, may be submitted to the Government, which may approve it with or without amendment, upon the expiry of 45 days following this publication.

In accordance with the second paragraph of section 19 of the Medical Act (R.S.Q., c. M-9), the “Office des professions du Québec” and the “Ordre des infirmières et infirmiers du Québec” were consulted prior to the adoption of the Regulation by the Bureau of the Collège.

The purpose of this Regulation is to authorize a specialized nurse practitioner in primary care who practice in an isolated region facility to perform certain additional medical activities in compliance with the provisions of Section 36.1 of the Quebec Nurses Act (R.S.Q., c. I-8) and to prescribe the additional conditions for performing these activities. Authorization to perform the activities contemplated in this regulation is conditional to a nurse obtaining a specialists’ certificate in accordance with the provisions of the Ordre des infirmières et infirmiers du Québec’s regulation pursuant to subparagraph *f* of section 14 of the Nurses Act.

The Collège does not expect these amendments to have any impact on businesses, including small to medium-sized businesses.

Regulation amending the Regulation respecting the activities contemplated by section 31 of the Medical Act which may be engaged in by classes of persons other than physicians

Medical Act
(R.S.Q., c. M-9, s. 19, 1st par., subpar. *b*)

Professional Code
(R.S.Q., c. C-26, s. 94.1)

1. The Regulation respecting the activities contemplated by section 31 of the Medical Act which may be engaged in by classes of persons other than physicians is amended by inserting, after section 8.5, the following sections:

“**8.6** Besides the activities provided in section 8.4, the specialized nurse practitioner in primary care who practises in an isolated region facility may engage in the following activities:

(1) medical activities in advanced cardiac life support, advanced pediatric life support, advanced neonatal life support and advanced trauma life support including the prescription of drugs and substances;

(2) perform an emergency delivery and treat postpartum hemorrhages;

(3) use the following medical treatments:

(a) gastric lavage;

(b) posterior nasal packing;

(c) immobilization of a fracture;

(d) reduction of a dislocation or subluxation of a closed fracture or a compound fracture or, when there is neurovascular involvement, of an open fracture.

(4) prescribe the drugs and substances listed in Schedule III.

A drug prescribed under this section is prescribed in accordance with the provisions of Division II of the Règlement sur les normes relatives aux ordonnances faites par un médecin, adapted as required.

For the purpose of this Division, “an isolated region facility” means a primary care facility or a dispensary listed in Schedule IV.

8.7 Subparagraph (1) of section 8.1 and section 8.5 do not apply to the specialized nurse practitioner in primary care who engages in the activities provided in subparagraphs (1) to (4) of the first paragraph of section 8.6 in an isolated region facility.

However, to engage in an activity provided in subparagraph (1) of the first paragraph of section 8.6, the nurse must acquire and maintain his or her skills, as appropriate:

(1) in Advanced Cardiac Life Support (ACLS) and Pediatric Life Support (APLS) by obtaining a biennial attestation issued by a master instructor recognized by the Heart and Stroke Foundation of Quebec in accordance with standards of the Heart and Stroke Foundation of Canada detailed in the current edition of Handbook;

(2) in Neonatal Resuscitation Program (NRP) by obtaining a biennial attestation issued by an instructor or a master instructor recognized by the Canadian Paediatric Society in accordance with standards of the American Academy of Pediatrics and the American Heart Association detailed in the current edition of Handbook;

(3) in Advanced Trauma Life Support (ATLS) by obtaining a quadrennial attestation issued by a master instructor recognized by the American College of Surgeons.

Besides all of the training provided in the second paragraph, the nurse, in order to engage in the activities provided in subparagraphs (1) to (4) of the first paragraph of section 8.6, must hold an attestation issued by the Ordre des infirmières et infirmiers du Québec that he or she has successfully spent a nine-week clinical training structured as follows:

(1) five weeks of emergency care at a hospital with a high-volume emergency ward;

(2) two weeks of pediatric emergency care at a hospital with a high-volume emergency ward;

(3) two weeks in the delivery room at a hospital which offers obstetric services of level II or III.

During the training period provided in the third paragraph, the nurse may, in the presence of a physician, engage in the professional activities contemplated by section 8.6 to the extent they are required for the purposes of completing this training period.”.

2. This Regulation is amended by adding, at the end, the following Schedules:
