An Act respecting industrial accidents and occupational diseases
(R.S.Q., c. A-3.001, s. 454, 1st par., subpar. 10)

- 1.** The insurance premiums necessary for the retrospective adjustment of the annual assessment for the assessment year 2008 shall be calculated in accordance with the table in Schedule I.
- 2.** The premiums shall be determined by applying the percentage calculated to the part of the assessment calculated in terms of the risk, taking into account the limit applicable to the employer with respect to the assumption of the cost of benefits.
- 3.** The percentages appearing in the table are applicable to the precise amounts of assessment distributed in terms of the risk corresponding to those percentages. Where the amount of assessment falls between two levels of assessment in the table, the percentage shall be calculated by linear interpolation, and the result shall be rounded to the nearest hundredth of a per cent.
- 4.** This Regulation comes into force as of 1 January 2008.
