R-18.1), that the Regulation respecting tariffs for costs and fees payable, appearing below, may be submitted to the Government for approval with or without amendment on the expiry of 45 days following this publication.

The draft Regulation proposes to set the tariff of the costs incurred in connection with an inspection or investigation that established non-compliance with a provision of the Derivatives Act and the investigation costs that the Autorité des marchés financiers may recover from any person found guilty of an offence under the Act or under the derivatives legislation of another legislative authority. It also proposes to set a tariff for the actual costs incurred by the Authority for the administration of the provisions of the Act concerning the obligations of recognized regulated entities.

* The Regulation respecting the cost of work for public institutions and private institutions under agreement to be authorized by agencies, made by Order in Council 60-2003 dated 22 January 2003 (2003, *G.O.* 2, 629), has not been amended since it was made.

The draft Regulation also proposes to set the tariff of the fees payable for any formality required by the Act or for services rendered by the Authority, as well as the terms of payment for those fees.

Consequently, fees will be payable by a regulated entity at the time of an application for recognition or for the modification of a recognition decision. Fees will be payable by a dealer, adviser or representative at the time of an application for registration, once a year and upon filing certain documents. Fees will also be required from a market participant with respect to the preparation of an inspection, the inspection itself and the follow-up on the recommendations. Fees will be charged to a person who creates or markets a derivative at the time of an application for qualification to the Authority and at the time of an application for authorization with respect to a derivative or upon filing the annual information.
