Draft Regulation

Parks Act
(R.S.Q., c. P-9)

Parks — Amendments

Notice is hereby given, in accordance with sections 10 and 11 of the Regulations Act (R.S.Q., c. R-18.1), that the Regulation to amend the Parks Regulation, appearing below, may be made by the Government on the expiry of 45 days following this publication.

The draft Regulation determines the zoning of future Parc national du Lac-Témiscouata. The proposed park covers an area of 176.5 km². It will be divided into different zones, that is, “preservation zones” covering a total area of 94.4 km², allocated to the preservation of representative or fragile elements of the park, “natural environment zones” covering a total area of 78.7 km², allocated to the discovery and exploration of the natural environment, and, lastly, five “services zones” covering a total area of 3.4 km², allocated to reception, information and management of the park.

For that purpose, the draft Regulation amends the Parks Regulation to add Schedule 25, which comprises the zoning plan of future Parc national du Lac-Témiscouata.

The draft Regulation also proposes an exemption from the obligation to hold an authorization to fish applicable to certain sectors of Parc national du Lac-Témiscouata, Parc national de Plaisance and Parc national de Frontenac; it also proposes that the possession of fishing tackle be authorized on certain bodies of water or watercourses in those parks.

Lastly, the draft Regulation proposes to exempt members of the Malecite Native community from the application of certain regulatory provisions in Parc national du Lac-Témiscouata.
