Méandre-de-la-Rivière-Vincelotte Nature Reserve (The end of recognition of a part)

Notice is hereby given, in keeping with article 65 of the Natural Heritage Conservation Act (chapter C-61.01), that the Minister of Sustainable Development, Environment and Fight Against Climate Change removed the lot 5 622 406 of the Quebec Land Register of the nature reserve of Méandre-de-la-Rivière-Vincelotte recognized since July 6th, 2011. In keeping with article 63, the decision was taken by considering that would be more detrimental to the community to maintain the recognition than to withdraw it, in particular to assure the security of the road users 132.

Within the framework of the project 154-99-0299, the ministry of the Transports of Quebec has to replace the bridge P05080 of the road 132 which steps over the river Vincelotte to Cap-Saint-Ignace. To respect the new safety standards, the influence of the road must be widened in particular, for the arrangement of metalling of protection and crash barriers. These works require the acquisition of plots of land in the quadrants of the bridge among which the one is recognized as nature reserve.

The recognition remains for the nature reserve of Méandre-de-la-Rivière-Vincelotte maintaining constituted by lots 3 250 480 and 5 622 407 of Quebec Land Register, Montmagny Registry division, of who add up a 17 225,10 square meter surface.

The withdrawal of the recognition in nature reserve of the lot 5 622 406 of Quebec Land Register, Montmagny Registry division, a 579,8 square meter surface, came into effect on June 5th, 2015.
