**Order No. 2015-10 of the Minister of Transport dated 15 July 2015**

Highway Safety Code  
(chapter C-24.2)

Frequency of the verification of road signs marking a place where a photo radar device or red light camera system is used to monitor compliance with highway safety rules

THE MINISTER OF TRANSPORT,

CONSIDERING the first paragraph of section 294.1 of the Highway Safety Code (chapter C-24.2), which provides that the person responsible for the maintenance of a public highway must erect proper signs or signals to mark every place where a photo radar device or red light camera system is used to monitor compliance with highway safety rules;

CONSIDERING the second paragraph of that section, which provides that the person must also, as often as the Minister of Transport determines, verify the presence and adequacy of those signs or signals, and report the verification results to the Minister;

CONSIDERING that it is expedient to determine the frequency of verifications;

ORDERS THE FOLLOWING:

The presence and adequacy of road signs marking a place where a photo radar device or red light camera system is used to monitor compliance with highway safety rules must be verified every 3 months.

ROBERT POËTI,  
*Minister of Transport*
